65 program established by the American Heart Association or the American Red Cross, or another  
66 program which is nationally recognized and uses the most current national evidence-based  
67 emergency cardiovascular care guidelines and incorporates psychomotor skills development into  
68 the instruction. A licensed teacher is not required to be a certified trainer of cardiopulmonary

91 (3) Includes the study of historical documents to firmly establish the historical background  
92 leading to the establishment of the provisions of the constitution and Bill of Rights by the founding  
93 fathers for the purposes of safeguarding our constitutional republic.

94 The requirements of this subsection are applicable to all public, private, parochial, and  
95 denominational schools located within this state. Nothing in this subsection creates a standard or  
96 requirement subject to state accountability measures.

97 (f) Beginning the 2018-2019 school year, students in public schools shall be administered  
98 a test the same as or substantially similar to the civics portion of the naturalization test used by the
