By Senators Clements and Rucker

[Introduced January 13, 2023; referred
to the Committee on Transportation and Infrastructure]

1 A BILL to amend and reenact §17C-13-6 of the Code of West Virginia, 1931, as amended, relating
2 to a permanent windshield placard to be valid for the duration of the applicant's life.

Be it enacted by the Legislature of West Virginia:

ARTICLE 13. STOPPING, STANDING AND PARKING.

§17C-13-6. Stopping, standing, or parking privileges for persons with a mobility impairment; disabled veterans; definitions; qualification; special registration plates and removable windshield placards; expiration, application; violation; penalties.

1 (a)(1) The commissioner may issue up to two special registration plates or removable
2 windshield placards to a person with a mobility impairment or a West Virginia organization which
3 transports persons with disabilities and facilitates the mobility of its customers, patients, students,
4 or persons otherwise placed under its responsibility.

5 (2) Special registration plates or placards may only be issued for placement on a Class A
6 or Class G motor vehicle registered under the provisions of §17A-3-1 *et seq.* of this code.

7 (3) The applicant shall specify whether he or she is applying for a special registration plate,
8 a removable windshield placard, or both on the application form prescribed and furnished by the
9 commissioner.

10 (4) The applicant shall submit, with the application, a certificate issued by any physician,
11 chiropractor, advanced nurse practitioner, or physician's assistant who is licensed in this state,
12 stating that the applicant has a mobility impairment, or that the applicant is an organization which
13 regularly transports a person with a mobility impairment as defined in this section. The physician,
14 chiropractor, advanced nurse practitioner, or physician's assistant shall specify in the certificate
15 whether the disability is temporary or permanent. A disability which is temporary is one expected
16 to last for a limited duration and improve during the applicant's life. A disability which is permanent
17 is one which is expected to last during the duration of the applicant's life.

18 (5) Upon receipt of the completed application, the physician's certificate and the regular
19 registration fee for the applicant's vehicle class, if the commissioner finds that the applicant

20 qualifies for the special registration plate or a removable windshield placard as provided in this
21 section, he or she shall issue to the applicant a special registration plate (upon remittance of the
22 regular registration fee) or a removable windshield placard (red for temporary and blue for
23 permanent), or both. Upon request, the commissioner shall also issue to any otherwise qualified
24 applicant one additional placard having the same expiration date as the applicant's original
25 placard. The placard shall be displayed by hanging it from the interior rearview mirror of the motor
26 vehicle so that it is conspicuously visible from outside the vehicle when parked in a designated
27 accessible parking space. The placard may be removed from the rearview mirror whenever the
28 vehicle is being operated to ensure clear vision and safe driving. Only in the event that there is no
29 suitable rearview mirror in the vehicle may the placard be displayed on the dashboard of the
30 vehicle.

31 (6) Organizations which transport people with disabilities will be provided with a placard
32 which will permit them to park in a designated area for the length of time necessary to load and
33 unload passengers. These vehicles must be moved to a nondesignated space once the loading or
34 unloading process is complete.

122 not less than five years.

123 (c) The commissioner shall set the expiration date for special registration plates and

124 permanent removable windshield placards on the last day of a given month and year, to be valid
125 for a minimum of one year but not more than five years, after which time a new application must be
126 submitted to the commissioner. After the commissioner receives the new application, signed by a

128 under this subsection, the commissioner shall issue: (i) A new special registration plate or new
129 permanent or temporary removable windshield placard; or (ii) official labels imprinted with the new
130 expiration date and designed so as to be placed over the old dates on the original registration plate
131 or windshield placard: *Provided*, That a new application under this subsection must not be
132 accompanied by a certificate pursuant to §17C-13-6(a)(4) of this code if a prior application is on file
133 with the commissioner, such application includes a certificate issued pursuant to §17C-13-6(a)(4)

135 certificate was made within 10 years of the new application.

136 (d) The commissioner shall set the expiration date of temporary removable windshield
137 placards to be valid for a period of approximately six months after the application was received and

140 (e) The commissioner shall issue to each applicant who is granted a special registration
141 plate or windshield placard an identification card bearing the applicant's name, assigned

147 particular, the parking space should be a minimum of eight feet wide with an adjacent eight-foot
148 access aisle for vans having side mounted hydraulic lifts or ramps, or a five-foot access aisle for
149 standard vehicles. Access aisles should be marked using diagonal two- to four-inch-wide stripes

150 spaced every 12 or 24 inches apart along with the words "no parking" in painted letters which are
151 at least 12 inches in height. All accessible parking spaces must have a signpost in front or adjacent
152 to the accessible parking space displaying the international symbol of access sign mounted at a
153 minimum of eight feet above the pavement or sidewalk and the top of the sign. Lines or markings
154 on the pavement or curbs for parking spaces and access aisles may be in any color, although blue
155 is the generally accepted color for accessible parking.

156 (g) A vehicle displaying a disabled veterans special registration plate issued pursuant to
157 §17A-3-14(c)(6) of this code shall be recognized and accepted as meeting the requirements of this
158 section.

159 (h) A vehicle from any other state, United States territory, or foreign country displaying an
160 officially issued special registration plate, placard, or decal bearing the international symbol of
161 access shall be recognized and accepted as meeting the requirements of this section, regardless
162 of where the plate, placard, or decal is mounted or displayed on the vehicle.

163 (i) Stopping, standing or parking places marked with the international symbol of access
164 shall be designated in close proximity to all public entities, including state, county, and municipal
165 buildings and facilities, places of public accommodation, and commercial facilities. These parking
166 places shall be reserved solely for persons with a mobility impairment and disabled veterans at all

169 or removable windshield placard may park the vehicle for unlimited periods of time in parking
170 zones unrestricted as to length of parking time permitted: *Provided*, That this privilege does not
171 mean that the vehicle may park in any zone where stopping, standing, or parking is prohibited or
172 which creates parking zones for special types of vehicles or which prohibits parking during heavy
173 traffic periods during specified rush hours or where parking would clearly present a traffic hazard.
174 To the extent any provision of any ordinance of any political subdivision of this state is contrary to
175 the provisions of this section, the provisions of this section take precedence and apply.

176 The parking privileges provided for in this subsection apply only during those times when
177 the vehicle is being used for the loading or unloading of a person with a mobility impairment. Any
178 person who knowingly exercises, or attempts to exercise, these privileges at a time when the
179 vehicle is not being used for the loading or unloading of a person with a mobility impairment is
180 guilty of a misdemeanor and, upon first conviction thereof, in addition to any other penalty he or
181 she may otherwise incur, shall be fined \$200; upon second conviction thereof, in addition to any
182 other penalty he or she may otherwise incur, shall be fined \$300; and upon third and subsequent
183 convictions thereof, in addition to any other penalty he or she may otherwise incur, shall be fined
184 \$500.

185 (k) Any person whose vehicle does not display a valid, special registration plate or
186 removable windshield placard may not stop, stand, or park a motor vehicle in an area designated,
187 zoned, or marked for accessible parking with signs or instructions displaying the international
188 symbol of access, either by itself or with explanatory text. The signs may be mounted on a post or
189 a wall in front of the accessible parking space and instructions may appear on the ground or
190 pavement, but use of both methods is preferred. Accessible parking spaces for vans having an
191 eight-foot adjacent access aisle should be designated as "van accessible" but may be used by any
192 vehicle displaying a valid special registration plate or removable windshield placard.

193 Any person who violates the provisions of this subsection is guilty of a misdemeanor and,
194 upon conviction thereof, shall be fined \$200; upon second conviction thereof, in addition to any
195 other penalty he or she may otherwise incur, shall be fined \$300; and upon third and subsequent
196 convictions thereof, in addition to any other penalty he or she may otherwise incur, shall be fined
197 \$500.

198 (l) All signs that designate areas as "accessible parking" or that display the international
199 symbol of access shall also include the words "Up to \$500 fine".

200 (m) No person may stop, stand, or park a motor vehicle in an area designated or marked off
201 as an access aisle adjacent to a van-accessible parking space or regular accessible parking

202 space. Any person, including a driver of a vehicle displaying a valid removable windshield placard
203 or special registration plate, who violates the provisions of this subsection is guilty of a
204 misdemeanor and, upon conviction thereof, shall be fined \$200; upon second conviction thereof,
205 in addition to any other penalty he or she may otherwise incur, shall be fined \$300; and upon third
206 and subsequent convictions thereof, in addition to any other penalty he or she may otherwise
207 incur, shall be fined \$500.

208 (n) Parking enforcement personnel who otherwise enforce parking violations may issue
209 citations for violations of this section and shall reference the number on the vehicle's license plate,
210 since the driver normally will not be present.

211 (o) Law-enforcement agencies may establish a program to use trained volunteers to
212 collect information necessary to issue citations to persons who illegally park in designated
213 accessible parking spaces. Any law-enforcement agency choosing to establish a program shall
214 provide for workers' compensation and liability coverage. The volunteers shall photograph the
215 illegally parked vehicle and complete a form, to be developed by supervising law-enforcement
216 agencies, that includes the vehicle's license plate number, date, time, and location of the illegally
217 parked vehicle. The photographs must show the vehicle in the accessible space and a readable
218 view of the license plate. Within the discretion of the supervising law-enforcement agency, the
219 volunteers may issue citations or the volunteers may submit the photographs of the illegally
220 parked vehicle and the form to the supervising law-enforcement agency, who may issue a citation,
221 which includes the photographs and the form, to the owner of the illegally parked vehicle.
222 Volunteers shall be trained on the requirements for citations for vehicles parked in marked, zoned,
223 or designated accessible parking areas by the supervising law-enforcement agency.

224 (p) Local authorities who adopt the basic enforcement provisions of this section and issue
225 their own local ordinances shall retain all fines and associated late fees. These revenues shall be
226 used first to fund the provisions of subsection (o) of this section, if adopted by local authorities, or
227 otherwise shall go into the local authorities' General Revenue Fund. Otherwise, any moneys

228 collected as fines shall be collected for and remitted to the state.

229 (q) The commissioner shall prepare and issue a document to applicants describing the
230 privileges accorded a vehicle having a special registration plate and removable windshield placard
231 as well as the penalties when the vehicle is being inappropriately used as described in this section
232 and shall include the document along with the issued special registration plate or windshield
233 placard. In addition, the commissioner shall issue a separate document informing the general
234 public regarding the new provisions and increased fines being imposed either by way of
235 newspaper announcements or other appropriate means across the state.

236 (r) The commissioner shall propose rules for legislative approval in accordance with the
237 provisions of §29A-3-1 *et seq.* of this code.

NOTE: The purpose of this bill is to allow for a permanent windshield placard to be valid for the duration of the applicant's life. This bill is by request of the Department of Transportation.
