1 A BILL to amend and reenact §17B-2-1 of the Code of West Virginia, 1931, as amended, relating
 2 to describing the information that the Division of Motor Vehicles shall maintain for law
 3 enforcement reference when making a traffic stop or assisting a driver.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. ISSUANCE OF LICENSE.

§17B-2-1. Drivers must be licensed; types of licenses; licensees need not obtain local government license; motorcycle driver license; identification cards.

1 (a) (1) No person, except those hereinafter expressly exempted, may drive a motor vehicle
 2 upon a street or highway in this state or upon a subdivision street used by the public generally
 3 unless the person has a valid driver’s license issued pursuant to this code for the type or class of
 4 vehicle being driven.

5 (2) Any person licensed to operate a motor vehicle pursuant to this code may exercise the
 6 privilege thereby granted in the manner provided in this code and, except as otherwise provided by
 7 law, is not required to obtain any other license to exercise the privilege by a county, municipality, or
 8 local board or body having authority to adopt local police regulations.

9 (b) The division, upon issuing a driver's license, shall indicate on the license the type or
 10 general class or classes of vehicles the licensee may operate in accordance with this code, federal
 11 law, or rule. Licenses shall be issued in different colors for those drivers under age 18, those
 12 drivers age 18 to 21, and adult drivers. The commissioner is authorized to select and assign
 13 colors to the licenses of the various age groups.

14 (c) The following drivers' licenses classifications are hereby established:

15 (1) A Class A, B, or C license shall be issued to those persons 18 years of age or older with
 16 two years of driving experience who have qualified for the commercial driver's license established
 17 by Chapter 17E of this code and the federal Motor Carrier Safety and Improvement Act of 1999
 18 subsequent rules, and have paid the required fee.

19 (2) A Class D license shall be issued to those persons 18 years and older with one year of

20 driving experience who operate motor vehicles other than those types of vehicles which require
21 the operator to be licensed under the provisions of Chapter 17E of this code and federal law and
22 rule and whose primary function or employment is the transportation of persons or property for
23 compensation or wages and have paid the required fee. For the purpose of regulating the
24 operation of motor vehicles, wherever the term "chauffeur's license" is used in this code, it means
25 the Class A, B, C, or D license described in this section or Chapter 17E of this code or federal law
26 or rule: *Provided*, That anyone not required to be licensed under the provisions of Chapter 17E of
27 this code and federal law or rule and who operates a motor vehicle registered or required to be
28 registered as a Class A motor vehicle, as that term is defined in §17A-10-1 of this code, with a
29 gross vehicle weight rating of less than 8,001 pounds, is not required to obtain a Class D license.

30 (3) A Class E license shall be issued to persons who have qualified for a driver's license
31 under the provisions of this chapter and who are not required to obtain a Class A, B, C, or D license
32 and who have paid the required fee. The Class E license may be endorsed under §17B-2-7b of
33 this code for motorcycle operation. The Class E or G license for a person under the age of 18 may
34 also be endorsed with the appropriate graduated driver license level in accordance with §17B-2-
35 3a of this code.

36 (4) A Class F license shall be issued to those persons who successfully complete the
37 motorcycle examination procedure provided by this chapter and have paid the required fee but
38 who do not possess a Class A, B, C, D, or E driver's license.

39 (5) A Class G driver's license or instruction permit shall be issued to a person using bioptic
40 telescopic lenses who has successfully completed an approved driver training program and
41 complied with all other requirements of §17B-2B-1 *et seq.* of this code.

42 (d) All licenses issued under this section may contain information designating the licensee
43 as a diabetic, an organ donor, deaf or hard-of-hearing, as having any other handicap or disability,
44 or that the licensee is an honorably discharged veteran of any branch of the Armed Forces of the
45 United States, according to criteria established by the division, if the licensee requests this

46 information on the license. An honorably discharged veteran may be issued a replacement license
47 without charge if the request is made before the expiration date of the current license and the only
48 purpose for receiving the replacement license is to get the veterans designation placed on the
49 license. In addition to any voluntary information available from a physical driver's license, the
50 Division shall maintain a database in which each individual's known disabilities shall be recorded
51 and said record shall be included in any information displayed to law enforcement when a traffic
52 stop is conducted or roadside assistance is provided.

53 (e) No person, except those hereinafter expressly exempted, may drive a motorcycle on a
54 street or highway in this state or on a subdivision street used by the public generally unless the
55 person has a valid motorcycle license, a valid license which has been endorsed under §17A-2-17b
56 of this code for motorcycle operation, or a valid motorcycle instruction permit.

57 (f) (1) An identification card may be issued to a person who:

58 (A) Is a resident of this state in accordance with §17A-3-1a of this code;

59 (B) Has reached the age of two years or, for good cause shown, under the age of two;

60 (C) Has paid the required fee of \$5 per year. The Division of Motor Vehicles may adjust this
61 fee every five years on September 1, based on the U.S. Department of Labor, Bureau of Labor
62 Statistics most current Consumer Price Index: *Provided*, That an increase in such fee may not
63 exceed 10 percent of the total fee amount in a single year: *Provided, however*, That no fees or
64 charges, including renewal fees, are required if the applicant:

65 (i) Is 65 years or older;

66 (ii) Is legally blind; or

67 (iii) Will be at least 18 years of age at the next general, municipal, or special election and
68 intends to use this identification card as a form of identification for voting; and

69 (D) Presents a birth certificate or other proof of age and identity acceptable to the division
70 with a completed application on a form supplied by the division.

71 (2) The identification card shall contain the same information as a driver's license except

72 that the identification card shall be clearly marked as an identification card. The division may issue
73 an identification card with less information to persons under the age of 16. The division may issue
74 an identification card without a photograph pursuant to subdivision (4) of this subsection. An
75 identification card may be renewed annually on application and payment of the fee required by this
76 section.

77 (A) Every identification card issued to a person who has attained his or her 21st birthday
78 expires on the licensee's birthday in those years in which the licensee's age is evenly divisible by
79 five. Except as provided in paragraph (B) of this subdivision, no identification card may be issued
80 for less than three years or for more than seven years and expires on the licensee's birthday in

83 birthday expires 30 days after the licensee's 21st birthday.

84 (C) Every identification card issued to persons under the age of 16 shall be issued for a
85 period of two years and expire on the last day of the month in which the applicant's birthday
86 occurs.

87 (3) The division may issue an identification card to an applicant whose privilege to operate
88 a motor vehicle has been refused, canceled, suspended, or revoked under the provisions of this
89 code.

90 (4) Notwithstanding the provisions of this article to the contrary, the division may issue an
91 identification card without a photograph to an applicant who under oath or affirmation affirms,
92 subject to the laws of perjury and on a form supplied by the division, that the applicant is a member
93 of a recognized religious sect that has established tenets and teachings due to which the applicant
94 is conscientiously opposed to posing for a photograph. The form supplied by the division pursuant
95 to this subdivision shall advise the applicant that an identification card without a photograph may
96 not be acceptable for all identification purposes.

97 (g) For any person over the age of 50 years who wishes to obtain a driver's license or

98 identification card under the provisions of this section:

99 (1) A raised seal or stamp on the birth certificate or certified copy of the birth certificate is
100 not required if the issuing jurisdiction does not require one; and

101 (2) If documents are lacking to prove all changes of name in the history of any such
102 applicant, applicants renewing a driver's license or identification card under the provisions of this
103 section may complete a Name Variance Approval Document as instituted by the division, so long

124 reflect that the person was born in the United States; or

125 (E) An expired driver's license, employment identification card, or other reliable
126 identification card with a recognizable photograph of the person.

127 (i) Any person violating the provisions of this section is guilty of a misdemeanor and, upon
