[Introduced January 11, 2024; referred to the Committee on Health and Human Resources; and then to the Committee on Finance]

A BILL to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §11-13NN-1, §11-13NN-2, §11-13NN-3, §11-13NN-4, §11-13NN-5, §11-13NN-6, §11-13NN-7, §11-13NN-8, and §11-13NN-9, all relating to establishing a tax credit for certain physicians who locate in this state to practice; providing for criteria for the tax credit; establishing education requirements; setting forth a time limit to claim the tax credit; setting forth length of residency requirements; setting forth findings; defining terms; authorizing the credit; specifying the amount of the tax credit; providing how the credit may be asserted; specifying no tax credit carryover; allowing forms and schedules to be established by the Tax Commissioner in rule; setting maximum amount of tax credit allowed per taxpayer per year; authorizing the Tax Commissioner to promulgate rules; and setting effective date.

Be it enacted by the Legislature of West Virginia:

# ARTICLE 13NN. TAX CREDIT FOR ESTABLISHING A NEW PHYSICIAN PRACTICE. §11-13NN-1. Legislative findings.

The Legislature finds that West Virginia suffers from a tremendous lack of physicians practicing within our state. This creates a crisis in the delivery of health care services to one of the unhealthiest populations in the nation. As a state we need to seek ways to attract qualified physicians to locate here to provide our citizens necessary health care services and to promote the general good health of this state.

§11-13NN-2.
