**ARTICLE 2P. MOUNTAIN HOMES ACT.**

Part I. General

**§5B-2P-1. Short title.**

1 This article shall be known as the Mountain Homes Act.

**§5B-2P-2. Legislative findings.**

1 (a) The Legislature finds that continued economic growth in West Virginia creates a  
 2 responsibility in the state for the furtherance of the general welfare of our citizens. The state's  
 3 focus on and promotion of economic development has created a business-friendly atmosphere for

4 businesses to continue to remain and locate here. The continued development of a business-  
5 friendly environment must include factors to promote positive social and personal development.

6 (b) As our economy continues to experience change and is restructured from being  
7 primarily energy based, our population will also shift. This shift will create a need for additional  
8 services, most importantly in the housing and housing development sector. As the state  
9 encourages business activity and creates a more balanced economic base the state must be  
10 mindful of the need of the workers who are gainfully employed in this state and who are necessary  
11 to accomplish the purposes of both entities that are presently doing business here and potential  
12 businesses considering this state for future business activity and commerce.

13 (c) The constraints on obtaining funding for housing construction potentially creates a  
14 hinderance to continued economic development as businesses consider West Virginia as an  
15 option. Workers who may locate here as businesses move here have an expectation of their  
16 quality of life. Fulfilling this expectation is a necessary component of the state's economic  
17 development.

18 (d) Therefore, the Legislature recognizes the need to support and encourage business  
19 entities and realizes that they can only achieve success with a quality, hardworking, gainfully  
20 employed workforce. To achieve and advance a better workforce in this state, the Legislature  
21 hereby establishes the Mountain Homes Act, with the intent to remove barriers to funding for home  
22 construction with the goal of promoting a sustainable quality of life for the state's workforce.
