R. 112 — “Requesting the Joint Committee on Government and Finance study interscholastic student athlete safety issues relating to the development of emergency action plans and policies that would enhance the protection of student-athletes’ health and safety in boys’ and girls’ interscholastic athletic practices and games in the State of West Virginia.”

Whereas, The West Virginia Department of Education and the West Virginia Secondary Schools Activities Commission strive to protect the health and safety of their student-athletes during all practices and games; and

Whereas, Coaches of all sports should endeavor to conduct programs in a manner designed to address the physical well-being of student-athletes; and

Whereas, Students are more likely to face unnecessary injuries and tragic deaths when emergency policies and procedures are not in place; and

Whereas, Injuries such as concussion, heat illness, and cardiac arrest present a significant threat to the lifetime health and wellness of student athletes; and

Whereas, In order to provide protection to student athletes, schools are encouraged to have health care professionals such as athletic trainers at competitive athletic practices and games; and

Whereas, The states of Arkansas, North Carolina and Texas have passed legislation requiring that school districts develop and implement emergency plans to ensure that the best care is provided to student athletes throughout the state; therefore, be it

Resolved by the Legislature of West Virginia:

That the Joint Committee on Government and Finance is hereby requested to study interscholastic student athlete safety issues relating to the development of emergency action plans and policies that would enhance the protection of student athletes’ health and safety in girls’ and boys’ interscholastic athletic practices and games in the State of West Virginia; and, be it

Further Resolved, That the expenses necessary to conduct this study, prepare a report and draft necessary legislation be paid from legislative appropriations to the Joint Committee on Government and Finance.

Delegates Espinosa, Householder, Upson, McGeehan, Storch, Zatezalo and Guthrie offered the following resolution, which was read by its title and referred to the Committee on Rules:

H. C. R. 113 — “Requesting the Joint Committee on Government and Finance to establish a select committee to study all aspects of the lottery, gaming and live racing industry in West Virginia.”

Whereas, West Virginia’s lottery, gaming and live racing industries have become significant revenue sources for the State of West Virginia, as well as providing thousands of jobs to West Virginians; and

Whereas, The live racing industry has a long and storied history, beginning in 1787 when George Washington’s youngest brother Charles raced horses through the streets of what would become Charles Town, West Virginia; and

Whereas, Formal horse racing tracks were established in West Virginia some years later, with the racetrack at Charles Town opening in 1933 and the precursor to Mountaineer Racetrack being founded in 1937. West Virginia greyhound racing followed with the opening of Wheeling Downs, a facility which found its racing origin in 1937 and in 1985, Tri-State Greyhound Park, now, Mardi Gras Casino and Racetrack, opened; and

Whereas, In an effort to protect and preserve West Virginia's celebrated racing industry and the thousands of jobs associated therewith, the West Virginia Legislature voted to allow slot-machine style video lottery in 1994, and casino-style table games in 2007, at our state's four racetracks, with approval by the local electorate, in accord with the provisions of article twenty-two-c, chapter twenty-nine of the West Virginia Code; and

Whereas, Each of the four counties in West Virginia where a racetrack is located ultimately exercised their referendum rights under section seven, article twenty-two-c, chapter twenty-nine of the code, and voted to approve racetrack video lottery and table games at their respective racetrack facilities based on the promise that a portion of the revenues generated would be used to preserve and protect live racing, as well as promote the industry of breeding thoroughbred horses and greyhounds while creating greenspace; and

Whereas, Invariably, after five years, section seven, article twenty-two-c, chapter twenty-nine of the code also provides for a subsequent local county recall referendum to revisit the decision by local voters to approve casino style gaming at the racetrack venues; and

Whereas, The "racinos" in West Virginia not only employ thousands of West Virginians and generate hundreds of millions of dollars of revenue for state government, the statutory structure by which they are licensed and operated, has fostered the development of live racing and breeding of thoroughbreds and greyhounds as an industry as provided in the statute; and

Whereas, Many individuals, companies, partnerships and entities have made and continue to make substantial investments in West Virginia based on the statutory framework designed to preserve and protect live racing and promote the industry of breeding of thoroughbred horses and greyhound racing stock; and

Whereas, In addition to supplementing racing and local governments, moneys generated by gaming at our state's racetracks have been used to bolster our state's general revenue fund as well as the state's Development Office Promotion Fund, debt reduction funds, State Capitol improvements, the Division of Tourism, and to finance public school construction through the West Virginia School Building Authority, fund the Promise Scholarship Program, contribute to racetrack employee pensions and capital improvements for racetrack facilities; and

Whereas, West Virginia's "racino" model proved most successful, becoming a reliable source of income for the state, but now the model is confronted with declining levels of performance for West Virginia; and

Whereas, Until recent years, West Virginia's four "racinos" benefitted from modest market competition in neighboring states, thereby claiming a large portion of the gaming market east of the Mississippi River; and

Whereas, Our surrounding states have learned from our successful gaming regulations and have implemented similar models, allowing for new casino properties to open near the West Virginia's borders of Ohio, Pennsylvania and Maryland; and

Whereas, Though West Virginia's four "racinos" once enjoyed little competition for regional gaming dollars, there are now approximately twenty new casinos in neighboring states with which West Virginia's "racinos" must compete for revenues and others under yet to become active which increases the competition for regional gaming dollars; and

Whereas, Due to this competition, racing and gaming revenues upon which our state has become so dependent are decreasing at a rapid pace, which creates a diminishing amount of money for all of the distributees of money generated by "racinos" and allocated in accordance with current law; and

Whereas, In addition to the loss of revenues for the state, the jobs of thousands of West Virginia families who rely on the live racing and gaming industries for their livelihood are also at risk; and

Whereas, There may be opportunities to capture additional revenues from the live racing, gaming and lottery enterprises in West Virginia, including models from other jurisdictions involving off-track betting, Automated Deposit Wagering or ADW to allow for convenient pari-mutuel wagering, equi-lottery, marketing West Virginia's casino and live racing enterprises to regional and national markets, evaluating and improving marketing strategies of the West Virginia Lottery, evaluating the operational efficiencies and effectiveness of the West Virginia Lottery, including a comparative analysis with similar sized lottery operations of the various states as to cost and number of employees; to evaluate privatization opportunities within the gambit of West Virginia Lottery operations from the perspective of overall effectiveness, cost savings and productivity; review and analyze the findings of the 2015 Report of the Select Committee of the West Virginia Racing Commission containing recommendations for enhancement of live racing in West Virginia; and in general review in the entirety role of, efficiency, cost and effectiveness of state government in overseeing gaming, lottery and live racing activities in West Virginia to provide greater understanding by legislative policymakers of such activities in order to better serve all of West Virginia citizens; and

Whereas, In recognition of the vitally important component they represent of the West Virginia economic and revenue base, the time has come to revisit the state's gaming, lottery and live racing industry structures to determine a course of action that is in the best interest of West Virginia and its people; therefore, be it

Resolved by the Legislature of West Virginia:

That the Joint Committee on Government and Finance establish a select committee consisting of ten members, being five from the House of Delegates and five from the Senate with no more than three members from each house from a single political party, to be responsible for a comprehensive study of West Virginia's racing and gaming industries as provided herein below, including recommending to and coordinating professional services procured in furtherance of the objectives herein described, conducting live hearings at sites determined by the committee to be optimum for gaining knowledge essential to making informed decisions regarding the areas of inquiry referenced herein, and receiving the testimony of persons directly involved in all aspects of the lottery, gaming and live racing industry in West Virginia; and, be it

Further Resolved, That the select committee is hereby requested to perform a comprehensive study of West Virginia's gaming, lottery and live racing industries, which said study shall include, but not be limited to, the following objectives: (1) A review of all related laws, rules, regulations and operations associated with all facets of the West Virginia Lottery, including the advisability of privatization of operational aspects of lottery operations; (2) a review of the 2015 Report of the Select Committee of the West Virginia Racing Commission and the recommendations therein contained, along with all laws, rules and regulations of live racing of greyhounds and thoroughbred horses, with recommendations for the modernization and streamlining of the same and maximization of revenues

for West Virginia and for live racing interests, including recommendations which enhance the convenience of the consuming public to engage in pari-mutuel wagering on races conducted at West Virginia's racetracks consistent with the convenience they enjoy to place bets on races in foreign jurisdictions; (3) a review of all laws, rules and regulations associated with the business of both greyhound breeding and thoroughbred breeding, with recommendations for modernization and streamlining of the same consistent with providing continuing viable opportunities for these activities as a component of West Virginia's live racing industry and the jobs it represents; (4) a comprehensive review of the flow of revenues generated from racetrack video lottery, table games and any other sources contributing to money administered by the West Virginia Lottery in the form of excess lottery proceeds as a means of information for state policymakers; (5) a comprehensive investigation of appropriate governing structures for live racing and gaming activities from neighboring jurisdictions and beyond, with a recommendation of revisions and/or statutory overhaul of the governance of all forms of gaming in West Virginia, including general lottery, adult video lottery, racetrack video lottery and table games; (6) a comparative analysis of the job functions of the West Virginia Racing Commission with comparable agencies in jurisdictions with a similar racing presence to determine the appropriateness of staff and funding levels with recommendations as to appropriate levels of each; (7) an analysis of the staff and funding levels associated with administration of all facets of the West Virginia Lottery, recognizing its unique configuration of administering conventional lottery operations, adult video lottery, racetrack video lottery and table games, and recommendations for economizing the operations of the West Virginia Lottery consistent with the best industry practices; (8) an analysis of innovative and creative additions to West Virginia's gaming mix, including innovative and creative ways of more efficiently and profitably administering West Virginia's gaming activities, of providing for convenient consumer access to products offered within the array of gaming products offered by West Virginia, to provide policymakers on the status of Internet gaming as a potential offering in West Virginia, and to identify any and all prospects which may enhance revenue generation by the entirety of West Virginia's gaming activities of all descriptions through new and additional games or manner of delivery of products to the lottery and gaming consuming public; (9) the continuing legal effects, if any, of referendums on gaming heretofore undertaken to approve such in Jefferson, Hancock, Ohio and Kanawha counties, as well as the legal effects, if any, to reexercise those rights as provided in the statute; and to provide all and any suggestions for the improvement, modernization, efficiency and economization of West Virginia's entire complement of gaming activities, including live racing; and, be it

Further Resolved, That stakeholder representatives in all facets of West Virginia's gaming industry of lottery, "racinos", live racing, greyhound breeding and thoroughbred breeding, along with the solicitation of input from citizens living in communities which host live racing activities, be actively engaged as part of any study process through formal information gathering such as open meetings, public hearings, and surveys constructed to gather such citizen input; and, be it

Further Resolved, That the Joint Committee on Government and Finance report to the regular session of the Legislature 2017, on its findings, conclusions and recommendations, together with drafts of any legislation necessary to effectuate its recommendations; and, be it

Further Resolved, That the expenses necessary to conduct this study, to prepare a report and to draft necessary legislation be paid from legislative appropriations to the Joint Committee on Government and Finance.

Delegates Espinosa and Howell offered the following resolution, which was read by its title and referred to the Committee on Rules:

H. C. R. 114 — "Requesting the Joint Committee on Government and Finance to conduct an interim study on the best practices in technology procurement."

Whereas, The State of West Virginia follows procurement statutes to efficiently and economically purchase goods and services; and

Whereas, The state's procurement statutes were written to purchase goods and services for the state, yet are also a strategic function that can be used to control bottom-line costs, improve services to consumers, and effectively streamline tasks; and

Whereas, State procurement rules are constantly challenged by the evolving types of goods and services available to the State, some of which have become increasingly complex, particularly in the area of technology purchases and services; and

Whereas, Acquiring new technology products and services and leveraging technology the state already owns requires complex considerations for offerings which are quickly deemed obsolete and are continually evolving; and

Whereas, "Best practices" for technology purchasing are being utilized by other states and should be reviewed for possible incorporation into West Virginia's procurement statutes; and

Whereas, Security of customer data is crucial and privacy solutions are often a basic part of licensing purchases and should be updated to protect all users from data and security breaches; and

Whereas, The State of West Virginia has had purchasing challenges in the past with significant technology upgrades such as MMIS and OASIS; therefore, be it

Resolved by the Legislature of West Virginia:

That the Joint Committee on Government and Finance is hereby requested to conduct an interim study on the best practices in technology procurement; and, be it

Further Resolved, That a report of the findings, conclusions and recommendations of the study, together with drafts of any legislation necessary to effectuate the recommendations be reported to the Legislature at its 2017 Regular Session; and, be it

Further Resolved, That the expenses necessary to conduct this study, to prepare a report and draft necessary legislation are requested to be paid from legislative appropriations to the Joint Committee on Government and Finance.

ARTICLE 3. RULEMAKING.

§29A-3-5. Notice of proposed rulemaking.

When an agency proposes to promulgate a rule other than an emergency rule, it shall file with the Secretary of State, for publication in the State Register, a notice of its action, including therein any request for the submission of evidence to be presented on any factual determinations or inquiries required by law to promulgate such rule. At the time of filing the notice of its action, the agency shall also file with the Secretary of State a copy of the full text of the rule proposed and a fiscal note as defined in subsection (b), section four of this article. If the agency is considering alternative draft proposals, it may also file with the Secretary of State the full text of such draft proposals.

The notice shall fix a date, time and place for the receipt of public comment in the form of oral statements, written statements and documents bearing upon any findings and determinations which are a condition precedent to the final approval by the agency of the proposed rule, and shall contain a general description of the issues to be decided. If no specific findings and determinations are required as a condition precedent to the final approval by the agency of the approved rule, the notice shall fix a date, time and place for the receipt of general public comment on the proposed rule. To comply with the public comment provisions of this section, the agency may hold a public hearing or schedule a public comment period for the receipt of written statements and documents, or both.

If findings and determinations are a condition precedent to the promulgation of such rule, then an opportunity for general public comment on the merits of the rule shall be afforded after such findings and determinations are made. In any hearing for public comment on the merits of the rule, the agency may limit presentations to written material. The time, date and place fixed in the notice shall constitute the last opportunity to submit any written material relevant to any hearing, all of which may be earlier submitted by filing with the agency. After the public hearing or the close of the public comment period, whichever is later, the agency shall not permit the filing or receipt of, nor shall it consider, any attempted ex parte communications directed to it in the form of additional comment prior to the submission of its final agency-approved rule to the Legislative Rule-Making Review Committee pursuant to the provisions of section eleven of this article.

The agency may also, at its expense, cause to be published as a Class I legal publication in every county of the state any notice required by this section.

Any citizen or other interested party may appear and be heard at such hearings as are required by this section.

Prior to the submission of any agency approved proposed rule to the Secretary of State, the agency shall respond to public comments received during the rule-making process and explain the reasoning for comments being incorporated or not incorporated into the rule. Messages from the Executive

The Speaker then laid before the House of Delegates a communication from His Excellency, the Governor, setting forth his disapproval of a bill heretofore passed by both houses, as follows:

STATE OF WEST VIRGINIA
OFFICE OF THE GOVERNOR
CHARLESTON

March 9, 2016

Veto Message

The Honorable Tim Armstead
Speaker, West Virginia House of Delegates
Room 228M, Building 1
State Capitol
Charleston, West Virginia 25305

RE: Enrolled Committee Substitute for Senate Bill 10

Dear Speaker Armstead:

Pursuant to the provisions of section fourteen, article VII of the Constitution of West Virginia, I hereby disapprove and return the Enrolled Committee Substitute for Senate Bill 10.

I am advised this bill is overbroad and unduly burdens a woman's fundamental constitutional right to privacy. See *Planned Parenthood of Southeastern Pennsylvania v. Casey*, 505 U.S. 833, 879 (1992) (holding a state "may not prohibit any woman from making the ultimate decision to terminate her pregnancy before viability"). Among the bill's prohibitions is a leading pre-viability medical procedure (the "dilation & evacuation" method) that, for reasons of patient safety, is preferred by physicians. The Supreme Court of the United States and the United States District Court for the Southern District of West Virginia previously struck down similarly overbroad laws that unduly burdened a woman's right to choose this procedure. See *Stenberg v. Carhart*, 530 U.S. 914 (2000); *Daniel v. Underwood*, 102 F.Supp.2d 680 (S. D. W. Va. 2000) (declaring sections of WV's Women's Access to Health Care Act to be unconstitutional; ban at issue encompassed the common "dilation & evacuation" method and thus unduly burdened a woman's constitutional right of privacy). In these circumstances, a veto is appropriate.

Sincerely,

Earl Ray Tomblin,
Governor.
