## **RHODELL VOLUNTEER FIRE DEPARTMENT**

### **INTRODUCTION**

To provide additional revenue for the municipal firemen's pension and relief funds and for volunteer and part volunteer companies and departments, the West Virginia Legislature levied under Chapter 33, Article 3, Section 14d of the West Virginia Code, as amended in 2001, an additional premium tax equal to one percent of the taxable premiums collected for fire insurance and casualty insurance policies. Under this section of the Code, volunteer and part volunteer fire departments that are certified by the State Fire Marshal prior to each quarterly allocation, are to receive 25 percent of the revenues generated by this premium tax.

In 1999, to provide additional revenue for the municipal fireman's pension and relief funds and for volunteer and part volunteer companies and departments, the West Virginia Legislature levied under the provisions of Chapter 33, Article 12c, Section 9 of the West Virginia Code, as amended, a tax equal to four percent of the gross premiums and fees on excess line policies. These moneys are to be distributed in accordance with the provision of Chapter 33, Article 3, Section 14d, as amended.

The West Virginia Legislature again provided additional revenue for the volunteer and part volunteer fire departments by authorizing, under Chapter 33, Article 3, Section 33 of the West Virginia Code, as amended in 2001, a policy surcharge equal to one percent of the taxable premiums paid by policyholders of any fire insurance policy or casualty insurance policy. Under this section of the Code, 50 percent of the moneys collected are to be distributed to those

volunteer and part volunteer fire departments and companies certified by the State Fire Marshal before each quarterly allocation.

Chapter 33, Article 3, Sections 14d and 33 provide that the volunteer fire departments receive distributions on an equal share basis and part volunteer fire departments receive a reduced amount based on the ratio of full-time paid firefighters who are members of the municipal firemen's pension system to the total number of the members of the fire department. The moneys are to be distributed quarterly on the first day of the months of January, April, July and October of each year.

To receive these funds, the volunteer and part volunteer fire companies and departments must comply with the following provisions of Chapter 8, Article 15, Section 8a of the West Virginia Code, as amended:

- “(a) Submit and maintain current submission of fire loss data to the state fire marshal, including verification, by notarized statement, if no fire loss has occurred;
- (b) Complete or be in the process of receiving firefighters training, including section one of the West Virginia University fire service extension or its equivalent. Such fire company or department must have at least ten members certified as having completed such training or if a volunteer fire company or department has twenty or fewer members, fifty percent of the active volunteer members must have completed such training; and Comply with all applicable federal and state laws.”

The Legislature placed restrictions on the use of these additional revenues by the volunteer fire departments under Chapter 8, Article 15, Section 8b of the West Virginia Code, as amended March 8, 2000, and again April 9, 2005 which states:

“Revenues allocated to volunteer and part volunteer fire companies and departments may be expended only for the items listed in subdivisions (1) through (12) of this section. Funds received from the state for volunteer and part volunteer fire companies and departments, pursuant to sections fourteen-d and thirty-three, article three, and section sixteen-a, article twelve, all of chapter

thirty-three of this code, may not be commingled with funds received from any other source. Expenditures may be made for the following:

- (1) Personal protective equipment, including protective head gear, bunker coats, pants, boots, combination of bunker pants and boots, coats and gloves;
- (2) Equipment for compliance with the national fire protection standard for automotive fire apparatus, NFPA-1901;
- (3) Compliance with insurance service office recommendations relating to fire departments;
- (4) Rescue equipment, communications equipment and ambulance equipment: *Provided*, That no moneys received from the municipal pensions and protection fund or the fire protection fund may be used for equipment for personal vehicles owned or operated by volunteer fire company or department members;
- (5) Capital improvements reasonably required for effective and efficient fire protection service and maintenance of the capital improvements;
- (6) Retirement of debts;
- (7) Payment of utility bills;
- (8) Payment of the cost of immunizations, including any laboratory work incident to the immunizations, for firefighters against hepatitis-b and other blood borne pathogens: *Provided*, That the vaccine shall be purchased through the state immunization program or from the lowest cost vendor available: *Provided, however*, That volunteer and part volunteer fire companies and departments shall seek to obtain no cost administration of the vaccinations through local boards of health: *Provided further*, That in the event any volunteer or part volunteer fire company or department is unable to obtain no cost administration of the vaccinations through a local board of health, the company or department shall seek to obtain the lowest cost available for the administration of the vaccinations from a licensed health care provider;
- (9) Any filing fee required to be paid to the legislative auditor's office under section fourteen, [§12-4-14], article four, chapter twelve of this code relating to sworn statements of annual expenditures submitted by volunteer or part volunteer fire companies or departments that receive state funds or grants;
- (10) Property/casualty insurance premiums for protection and indemnification against loss or damage or liability
- (11) Operating expenses reasonably required in the normal course of providing effective and efficient fire protection service, which include, but are not limited to, gasoline, bank fees, postage and accounting costs; and

(12) Dues paid to national, state and county associations.”(Chapter 33, Article 12 was amended on March 9, 2002; Chapter 33, Article 12, Section 16a became Chapter 33, Article 12c, Section 9.)

Prior to the March 8, 2000 amendment, Chapter 8, Article 15, Section 8b did not allow Operating expenses as described in subsection (11) nor did the law prohibit the commingling of the funds with funds from other sources. Prior to the April 9, 2005 amendment, Chapter 8, Article 15, Section 8b did not allow Dues as described in subsection (12).

Chapter 12, Article 4, Section 14 of the West Virginia Code, as amended, requires an audit at the cost of the grantee, by an independent certified public accountant, of any person who receive State funds or grants in the amount of \$25,000 or more. The audit must be filed within two years of the end of the year in which the disbursement of the funds or grants occurred. The Legislature amended this section of the Code effective June 9, 1995, and again effective July 1, 2005 providing an alternative to an audit for volunteer fire departments. In lieu of an audit, volunteer fire departments may file a sworn statement of annual expenditures to the Legislative Auditor’s Office on or before July 1, of each year. If the sworn statement of annual expenditures is not filed by the first day of July, the Legislative Auditor shall notify the state treasurer who shall withhold any payment that would otherwise be distributed to the fire department.

Chapter 12, Article 4, Section 14 as amended March 8, 2000, and again April 9, 2005 provides that the Legislative Auditor may perform random audits of the volunteer fire departments. This section also requires that the volunteer fire department shall cooperate with the Legislative Auditor’s Office in performing their duties under this section. If the Legislative Auditor determines a volunteer fire department is not cooperating, the legislative auditor shall notify the state treasurer who shall withhold payment of any amount that would otherwise be distributed to the department until such time that the Legislative Auditor informs the treasurer that

the fire department has cooperated as required by this section.

## **RHODELL VOLUNTEER FIRE DEPARTMENT**

### **GENERAL REMARKS**

#### **Introduction**

We have completed a disbursement audit of the Rhodell Volunteer Fire Department (Department). The audit covered the period ended August 31, 2007, and the years ended December 31, 2006 and December 31, 2005. This audit was requested by the State Fire Marshal and therefore, no Letter of Representation has been signed by anyone associated with the Department.

#### **Disbursement Statement and Bank Account**

During our audit of the Rhodell Volunteer Fire Department we noted the Department did not file the required Statement of Annual Expenditures, with the Legislative Auditor's Office, for the year ending December 31, 2006. Due to the above noncompliance with Chapter 12, Article 14, Section 4 of the West Virginia Code the Department's quarterly allocations began being withheld in July 2007. In addition to the above finding we noted the Department deposited State funds in a checking account with funds from other sources and that the Department paid state sales tax totaling \$167.78. According to 501 (c) (3) of the Internal Revenue Code, the Department is a tax exempt agency and should not be paying West Virginia State sales tax.

Further, we noted the following disbursements we believe to be questionable due to the lack of supporting documentation or not allowable under Chapter 8, Article 15, Section 8b of

the West Virginia Code, as amended.

Total	<u>\$6,330.66</u>	<u>\$9,521.42</u>	<u>\$9,967.55</u>

We recommend the Rhodell Volunteer Fire Department file the required Statement of Annual Expenditures with the Office of the Legislative Auditor every year by the February 14<sup>th</sup> deadline. We further recommend the Department setup a separate bank account for the deposit and disbursement of State funds only. In addition to these recommendations we recommend the Rhodell Volunteer Fire Department reimburse their State account \$25,819.63 for those

disbursements which lack supporting documentation or are not allowable under Chapter 8, Article 15, Section 8b of the West Virginia Code, as amended.

The Office of the State Fire Marshal shut down the Department for 30 days due to non - compliance with various requirements set forth by the Fire Marshal. The Fire Chief resigned and the Department has reorganized. There is an ongoing investigation regarding misuse of State funds.
