

JOINT COMMITTEE ON GOVERNMENT AND FINANCE

AUGUST 2021

OFFICE OF BROADBAND

1900 Kanawha Boulevard, East Building 3, Suite 600 Charleston, West Virginia 25305 (800) 982-3386 · (304) 558-2234 westvirginia.gov

July 23, 2021

West Virginia Department of Economic Development Office of Broadband Report to the Joint Committee on Government and Finance

Prepared by the West Virginia Office of Broadband

Request for Comment Regarding Unserved Areas

The West Virginia Department of Economic Development, in coordination with the West Virginia Broadband Enhancement Council and the State Broadband Office, has issued a Request for Comment Regarding Unserved Areas to gather broadband data as part of its proposed Broadband Investment Plan. The Request for Comment includes a Preliminary Target Area Map. The Preliminary Target Area Map is intended to support the efficient administration of any funds that may become available for broadband development in West Virginia, including funds provided through the American Rescue Plan Act (ARPA), and/or other federal or state sources, as outlined in the proposed plan.

The webinar included a review of the Preliminary Target Map, demonstrated the data submission process, and provided an opportunity for discussion. Responses from Internet Service Providers will help improve the accuracy of the maps that will be used to determine eligibility for funding under the ARPA. The webinar is briefly described below:

Webinar Date: July 21, 2021

Attendees: 69

Topics:

Web portal

- Preliminary target areas (address eligibility)
 - Methodology
 - Classifications
- Request for Comment Process
- Comment Forms: claiming addresses to be served or unserved
 - o Broadband availability response form for ISPs reporting on own network
 - Broadband availability response form for ISPs reporting on another network
 - Required data files
- Mapping portal live demo
- > Data upload portal

Additional meetings will be held throughout the comment period to gather broadband data as outlined in the Request for Comment. Eligible respondents may be either:

- an ISP currently providing service to mass-market consumers in West Virginia,
- a Regional Planning and Development Council, or
- a Local Economic Development Authority.

West Virginia counties, municipalities school districts, or other groups, such as local broadband committees, may provide relevant information to their local Regional Planning and Development Council or Local Economic Development Authority if requested. Input from the general public and business users is requested through the West Virginia Broadband Enhancement Council's Survey and Speed Test found at https://broadband.wv.gov/west-virginia-internet-speed-test/. The comment period will close on August 30, 2021.

Webinar: Request for Comment Regarding Unserved Areas

July 16, 20

The West Virginia Department of Economic Development (WVDED) and the West Virginia Broadband Enhancement Council will conduct a webinar regarding West Virginia's Request for Comment Regarding Unserved Areas. The webinar will be held on: Wednesday, July 21 at 9:30am

To support the implementation of the State's Broadband Investment Plan, the WVDED and the Broadband Council request comments from Internet Service Providers and communities to improve the accuracy of the maps that will be used to determine eligibility for funding under the American Rescue Plan Act. The webinar will include a review of the State's Preliminary Target Map, demonstrate the data submission process, and provide an opportunity for discussion.

Registration

Registration will take place through EventBrite and the webinar will be hosted on Microsoft Teams. After registering for the webinar, you will receive an email from EventBrite confirming your registration. To access the link, you will need to create an EventBrite login. You do not need a Microsoft Teams account to join the webinar.

FAQ

WV ARPA Broadband Investment Plan – Preliminary Target Areas and Comment Process

- The Programs for the Broadband Investment Plan define projects and eligibility for funding at the address level
 - Based on statewide address data developed by the West Virginia Statewide Addressing and Mapping System
- Three classifications of eligibility at the address level: "Unserved," "Potentially Unserved," and "Not Eligible."
- Determined by analyzing spatial relationships and patterns of FCC Form 477, road segments, and publicly funded areas.
- "Potentially Unserved" addresses will be determined as "Not Eligible" or "Unserved" after the Request for Comment period ends at the end of August.
- Any "Potentially Unserved" address not identified as "served" will be classified as "Unserved" and therefore eligible for funding.

Note: The WVDED conducted a webinar with ISPs and community leaders on July 21, 2021. Based upon initial feedback, the classifications of "Likely Served" and "Funded" were separated into distinct categories to clarify that information concerning these addresses is also requested during the comment period. As a result of this clarification, the comment period has been extended one week to close on September 7, 2021.

Target Areas (Address Eligibility) Methodology

METHODOLOGY

- Assess FCC Form 477, publicly funded areas, and census block data
- Identify individual addresses likely to be served due to existing cable or fiber networks
- Identify individual addresses likely to be unserved in Form 477 block shown as served
- Identify addresses in funded projects
- Identify individual addresses likely to be served due to future Frontier fiber builds
- Determine three classifications of eligibility
- Analyze and integrate responses received during the Comment Period

Target Areas (Address Eligibility) Methodology

CLASSIFICATIONS

- Unserved Addresses that do not have current access to internet service of 25/3 Mbps and not
 in an area with existing state, federal, locally funding. This classification was determined for any
 address within an unserved census block with speeds less than 25/3 Mbps reported by the
 latest release of the FCC Form 477 (not counting satellite).
- Potentially Unserved Potentially unserved addresses are located within census blocks that are
 considered served by FCC Form 477. Due to the limitations of FCC Form 477 reporting, these
 addresses have been classified as "Potentially Unserved." This classification is inferred from
 patterns of unserved adjacent census blocks and technology type reported.
- Not Eligible Addresses that are classified as "Not Eligible" are located in areas that will receive
 service from state, federal, or local funding. Addresses within a specified distance from Frontier
 RDOF census blocks were considered "Not Eligible" determined by the assessment that these
 addresses may be picked up by the PSC obligation.

Target Areas (Address Eligibility) Comment Period

REQUEST FOR COMMENT

- The Request for Comment Period is part of the address eligibility determination process
- The Request for Comment period is intended to receive information from ISPs and local organizations to identify broadband availability more accurately at the address level.
- To prevent overbuilds, the Request for Comment will help improve the accuracy of broadband availability maps and determine eligibility for funding.
- The Request for Comment Period runs through August 2021.

Target Areas (Address Eligibility) Comment Period

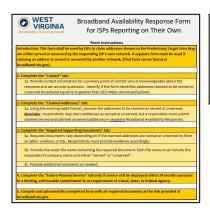

REQUEST FOR COMMENT

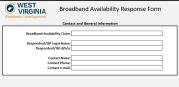

- Respondents will be provided with a template spreadsheet required to be completed that determines addresses as either served or unserved.
- Two separate templates are available:
 - ISPs to comment regarding their own networks
 - · Respondents to comment on other networks.

COMMENT FORM

- The Request for Comment templates and detailed documentation are available for download at broadband.wv.gov.
- Make sure to separate any addresses claimed as unserved from those claimed as served by completing separate worksheets for each.

Selecting Geographic Data to Upload

PREPARE DATA USING A GIS PROGRAM

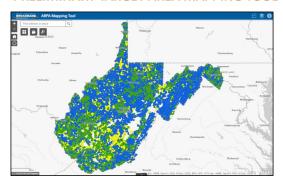

- Address and road segment data available for download at broadband.wv.gov
- Select addresses and roads for comments using a GIS program like ArcMap or QGIS
- Export selected addresses to CSV, copy and paste to template
- Export routes, wireless propagation, wire centers, and remote terminals as shapefiles or KMZ/KML

Target Area (Address Eligibility)

PRELIMINARY TARGET AREA MAPPING TOOL

Target Area (Address Eligibility)

 Select a basemap of your choice from a diverse selection

 Add data from thousands of options available on ArcGIS Online or data specifically tailored to West Virginia broadband

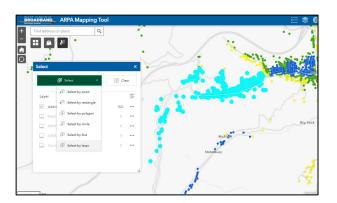

Target Area (Address Eligibility)

- To assist with preparation for completing a response template, addresses can be selected and exported as a csy file. Csy files can be projected into Google Earth or ESRI ArcGIS services.
- Addresses can be selected by individual points, polygons such as a census blocks and tracts, or by a custom shape to accurately capture the selection.
- The Department of Economic Development is seeking information regarding served and unserved locations to improve the mapping and prevent overbuilding on top of existing networks.

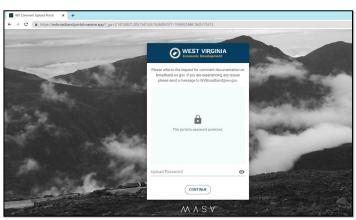

Target Area (Address Eligibility)

PRELIMINARY TARGET AREA MAPPING TOOL

 Required data files must be submitted to the Comment Upload Portal located on broadband.wv.gov

Broadband Program Application Portal

The West Virginia Department of Economic Development has established an online portal to support the efficient administration of any funds that may be available for broadband development programs in West Virginia. The online portal will serve as a performance dashboard, providing the ability to establish custom applications and content, reports and queries, financial tracking, project monitoring, and auditing and closeout functions.

E-Rate Utilization for Broadband Development

The West Virginia Department of Economic Development, Office of Broadband met with the West Virginia Department of Education to explore the E-Rate program and how it may be utilized in extending broadband to currently unserved residents. The Department of Education indicated the best opportunity is likely through line extension projects where an Internet Service Provider can utilize unused fiber strands currently extending to schools to offer service to other homes in the area. For further clarification on any E-Rate issue, Tim Conzett at the Department of Education, 304-957-9833, can be a valuable resource for any questions or concerns.

HB 2002 Procedure for Broadband Consumer Complaints

The West Virginia Department of Economic Development, Office of Broadband met with the West Virginia Attorney General's Office to discuss House Bill 2002 and the Consumer Protection requirements included within the legislation. The Attorney General's Office is in the process of developing a Broadband Complaint Form specifically to address consumer complaints for broadband issues. The form will allow consumers to lodge complaints and provide additional information to allow the Attorney General's office to mediate such matters between consumers and Internet Service Providers.

Action Items

- 1. West Virginia policy concerning bridge attachments.
 - a. Information will be compiled and provided in a future report.

Re: Review of West Virginia Lottery Financial Information

As of June 30, 2021

We performed an analysis of the Statement of Revenues, Expenses and Changes in Fund Net Position for June 30, 2021, from monthly unaudited financial reports furnished to our office by the West Virginia Lottery Commission. The results are as follows:

Lottery Revenues:

Gross lottery revenues are receipts from on-line games, instant games, table games and video lottery. These gross receipts totaled \$1.2 billion for July - June of fiscal year 2020-2021. Table games accounted for \$27 million of this Historic Resort Hotel video lottery accounted for total. \$7.9 million of total gross receipts. Gross lottery revenue has increased by 23.3% when compared with July - June of fiscal year 2019-2020. This number does not include commission and prize deductions. Gross profit revenues minus commissions and prize costs) for July - June was \$529 million; for July - June of last fiscal year it was \$424 million. Expressed as a percentage, gross profit is 24.8% higher for fiscal year 2021 than for fiscal year 2020.

Operating Transfers to the State of West Virginia:

A total of \$559,005,000.00 has been accrued to the state of West Virginia for fiscal year 2020-2021. This is on an accrual basis and may not correspond to the actual cash transfers made during the same time period. Amount owed to the different accounts according to the Lottery Act are calculated monthly and accrued to the state; actual cash transfers are often made based upon actual cash flow needs of the day-to-day operation of the lottery.

A schedule of cash transfers follows:

State Lottery Fund:

Bureau of Senior Services	\$57,955,000.00
Community and Technical College	\$4,993,000.00
Department of Education	\$18,883,000.00

RE: Monthly Report on Lottery Operations

Month Ending June 30, 2021

DATE: July 19, 2021

This report of the Lottery operations is provided pursuant to the State Lottery Act.

Financial statements of the Lottery for the month ending June 30, 2021 are attached. Lottery revenue, which includes on-line, instant, video lottery sales, table games, and historic resort, sports wagering, and interactive gaming was \$105,481,617 for the month of June.

Transfers of lottery revenue totaling \$58,186,649 made for the month of June to the designated state agencies per Senate Bill 160, Veterans Instant Ticket Fund, Racetrack Video Lottery Act (§29-22A-10), and the Racetrack Table Games Act(§29-22C-27). The amount transferred to each agency is shown in Note 12 on pages 20 and 21 of the attached financial statements.

The number of traditional and limited retailers active as of June 30, 2021 was 1,512 and 1,237 respectively.

A listing of the names and amounts of prize winners has been provided to the Clerk of the Senate, the Clerk of the House and Legislative Services.

If any member of the Committee has questions concerning the Lottery, please call me. Also if any members of the Legislature wish to visit the Lottery offices, I would be pleased to show them our facilities and discuss the Lottery with them.

NOTE 1 - LEGISLATIVE ENACTMENT

The West Virginia Lottery (Lottery) was established by the State Lottery Act (Act) passed April 13, 1985, which created a special fund in the State Treasury designated as the "State Lottery Fund." The purpose of the Act was to establish and implement a state-operated lottery under the supervision of a state lottery commission (Commission) and a director. The Commission consisting of seven members and the Director are appointed by the Governor. Under the Act, the Commission has certain powers and the duty to establish rules for conducting games, to select the type and number of gaming systems or games and to enter into contracts and agreements, and to do all acts necessary or incidental to the performance of its duties and exercise of its power and duty to operate the Lottery in a highly efficient manner. The Act provides that a minimum annual average of 45% of the gross amount received from each lottery shall be allocated for prizes and also provides for certain limitations on expenses necessary for operation and administration of the Lottery. To the extent available, remaining net profits are to be distributed to the State of West Virginia. As the State is able to impose its will over the Lottery, the Lottery is considered a component unit of the State and its financial statements are presented in the comprehensive annual financial report of the State as a blended proprietary fund component unit.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies of the Lottery is presented below.

BASIS OF PRESENTATION – The West Virginia Lottery is a component unit of the State of West Virginia, and is accounted for as a proprietary fund special purpose government engaged in business type activities. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments," and with accounting principles generally accepted in the United States of America, the financial statements are prepared on the accrual basis of accounting which requires recognition of revenue when earned and expenses when incurred. As permitted by Governmental Accounting Standards Board (GASB) Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting," the Lottery has elected not to adopt Financial Accounting Standards Board (FASB) statements and interpretations issued after November 30, 1989 unless the GASB specifically adopts such FASB statements or interpretations.

The Lottery is included in the State's basic financial statements as a proprietary fund and business type activity using the accrual basis of accounting. Because of the Lottery's presentation in these financial statements as a special purpose government engaged in business type activities, there may be differences in presentation of amounts reported in these financial statements and the basic financial statements of the State as a result of major fund determination.

USE OF ESTIMATES – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and develop assumptions that affect the amounts reported in the financial statements and related notes to financial statements. Actual results could differ from management's estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

LOTTERY GAME OPERATIONS — The West Virginia Lottery derives its revenues from four basic types of lottery games: instant, on-line, video type games, and table games. The Lottery develops multiple game themes and prize structures to comply with its enabling legislation, including aggregate annual minimum prize provisions. All bonded retailers and agents comprised principally of grocery and convenience stores serve as the primary distribution channel for instant and on-line lottery sales to the general public.

The Lottery has contracted with a private vendor to manufacture, distribute, and provide data processing support for instant and on-line games. Under the terms of the agreements, the Lottery pays a percentage of gross revenues or gross profits for the processing and manufacture of the games.

Revenue from instant games is recognized when game tickets are sold to the retailers, and the related prize expense is recorded based on the specific game prize structure. Instant ticket sales and related prizes do not include the value of free plays issued for the purpose of increasing the odds of winning a prize.

Sales of on-line lottery tickets are made by licensed agents to the public with the use of computerized terminals. On-line games include POWERBALL®, a multi-state "jackpot" game; Mega Millions®, a multi-state "jackpot" game; Cash25 "lotto" game; Daily 3 and 4 "numbers" games; and Travel, a daily "keno" game. Revenue is recognized when the agent sells the tickets to the public. Prize expense is recognized on the basis of actual drawing results.

Commissions are paid to instant game retailers and on-line agents at the rate of seven percent of gross sales. A portion of the commission not to exceed one and one quarter percent of gross sales may be paid from unclaimed prize moneys. The amount paid from unclaimed prize moneys is credited against prize costs. In addition, retailers and agents are paid limited bonus incentives that include prize shares on winning tickets they sold and a ticket cashing bonus on winning tickets they cash. On a weekly basis, retailers and agents must remit amounts due to the Lottery. Retailers may not be able to order additional instant tickets if payment has not been made for the previous billing period, while an agent's on-line terminal may be rendered inactive if payment is not received each week. No one retailer or agent accounts for a significant amount of the Lottery's sales or accounts receivable. Historically credit losses have been nominal and no allowance for doubtful accounts receivable is considered necessary.

Video lottery is a self-activated video version of lottery games which is operated by an authorized licensee. The board-operated games allow a player to place bets for the chance to be awarded credits which can either be redeemed for cash or be replayed as additional bets. The coin operated games allow a player to use coins, currency, or tokens to place bets for the chance to receive coin or token awards which may be redeemed for cash or used for replay in the coin operated games. The video lottery games' prize structures are designed to award prizes, or credits, at a stipulated rate of total bets played, and prize expense is netted against total video credits played. The Lottery recognizes as video lottery revenue "gross terminal income" equivalent to all wagers, net of related prizes. Amounts required by statute to be paid to the private and local government entities are reported as commissions. WV Lottery statutes have established specific requirements for video lottery and imposed certain restrictions limiting the licensing for operation of video lottery games to horse and dog racetracks in West Virginia (subject to local county elections permitting the same), limited licensed retailer areas restricted for adult amusement, and licensed historic resort hotels as defined by WV Code.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The legislation further stipulates the distribution of revenues from video lottery games, and requires any video lottery licensee to be responsible for acquiring the necessary equipment and bearing the risk associated with the costs of operating and marketing the games.

Table games are lotteries as each game involves consideration, the possibility of a prize, and their outcome is determined predominantly by chance, which the common law of West Virginia has long held are the three essential elements of a lottery. Table games are the exclusive intangible intellectual property of the state of West Virginia. Table games legislation has established specific requirements for table games and imposed certain restrictions limiting the licensing for operation of table games to horse and dog racetracks in West Virginia (subject to local county elections permitting the same), and licensed historic resort hotels as defined by WV Code. Each licensee as an agent of the Lottery Commission to operate West Virginia table games shall have written rules of play for each table game it operates which must be approved by the Commission. All wagers and pay-offs of winning wagers shall be made according to those rules of play. For the privilege of holding a table games license, there is levied a privilege tax of thirty-five percent of each licensee's adjusted gross receipts for the operation of West Virginia Lottery table games. Amounts required by statute to be paid to private and local government entities are reported as commissions. The legislation further stipulates the distribution of revenues from West Virginia table games, and requires any licensee to be responsible for acquiring the necessary equipment and bearing the risk associated with the costs of operating and marketing the games.

CASH AND CASH EQUIVALENTS — Cash and cash equivalents primarily consist of interest-earning deposits in an external investment pool maintained by the West Virginia Board of Treasury Investments (BTI). The BTI pool is a 2a-7 like pool carried at amortized cost which approximates fair value of the underlying securities.

INVENTORY — Inventory consists of instant game tickets available for sale to approved Lottery retailers and is carried at cost as determined by the specific identification method.

OTHER ASSETS – Other assets consist of deposits restricted for payment of certain Multi-State Lottery Association activities and prepaid expenses.

CAPITAL ASSETS – The Lottery has adopted a policy of capitalizing assets with individual amounts exceeding \$25,000. These assets include leasehold improvements and purchased equipment, comprised principally of technology property, office furnishings and equipment necessary to administer lottery games, are carried at cost. Depreciation is computed by the straight-line method using three to ten year lives.

ADVERTISING AND PROMOTIONS – The Lottery expenses the costs of advertising and promotions as they are incurred.

COMPENSATED ABSENCES – The Lottery has accrued \$835,830 and \$813,247 at June 30, 2021 and 2020, respectively, for estimated obligations that may arise in connection with compensated absences for vacation at the current rate of employee pay. Employees fully vest in all earned but unused vacation. To the extent that accumulated sick leave is expected to be converted to benefits on termination or retirement, the Lottery participates in another postemployment benefits plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NET POSITION – Net position is presented as restricted, unrestricted and net investment in capital assets which represent the net book value of all property and equipment of the Lottery. When an expense is incurred for purposes for which both restricted and unrestricted net position are available, restricted resources are applied first.

OPERATING REVENUES AND EXPENSES — Operating revenues and expenses for proprietary funds such as the Lottery are revenues and expenses that result from providing services and producing and delivering goods and/or services. Operating revenues for the Lottery are derived from providing various types of lottery games. Operating expenses include commissions, prize costs, other direct costs of providing lottery games, and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NOTE 3 - CASH AND CASH EQUIVALENTS

At June 30, 2021 the carrying amounts of deposits (overdraft) with financial institutions were \$461 thousand with a bank balance (overdraft) of \$563 thousand. Of this balance \$250 thousand was covered by federal depository insurance with the remaining balance collateralized with securities held by the State of West Virginia's agent in the State's name.

A summary of the amount on deposit with the West Virginia Board of Treasury Investments (BTI) is as follows (in thousands):

	 une 30, 2021	June 30, 2020			
Deposits with financial institutions	\$ 461	\$ 498			
Cash on hand at the Treasurer's Office	24,999	20,485			
Investments with BTI reported as cash equivalents	 173,123	 111,090			
	\$ 198,583	\$ 132,073			

The deposits with the BTI are part of the State of West Virginia's consolidated investment cash liquidity pool. Investment income is pro-rated to the Lottery at rates specified by the BTI based on the balance of the deposits maintained in relation to the total deposits of all state agencies participating in the pool. Such funds are available to the Lottery with overnight notice.

NOTE 4 – CAPITAL ASSETS

A summary of capital asset activity for the month ended June 30, 2021 is as follows (in thousands):

			Additions		Deletions		storical Cost fune 30, 2021
\$	629	\$	-	\$	(629)	\$	-
	48,243		-		-		48,243

NOTE 5 - PARTICIPATION IN THE MULTI-STATE LOTTERY

The Lottery is a member of the Multi-State Lottery (MUSL), which operates the semi-weekly POWERBALL® jackpot lotto game, the LOTTO AMERICA® game, and the MEGA MILLIONS® jackpot game on behalf of participating state lotteries. MUSL is currently comprised of 33 member state lotteries, including the District of Columbia and the United States Virgin Islands. MUSL is managed by a Board of Directors, which is comprised of the lottery directors or their designee from each of the party states. The Board of Directors' responsibilities to administer the Multi-State Lottery Powerball, Lotto America, and Mega Millions games are performed by advisory committees or panels staffed by officers and independent contractors appointed by the board. These officers and consultants serve at the pleasure of the board and the board prescribes their powers, duties and qualifications. The Executive Committee carries out the budgeting and financing of MUSL, while the board contracts the annual independent audit. A copy of the audit may be obtained by writing to the Multi-State Lottery Association, 1701-48th Street, Suite 210, West Des Moines, Iowa 50266-6723.

Each MUSL member sells game tickets through its agents and makes weekly wire transfers to the MUSL in an amount equivalent to the total prize pool less the amount of prizes won in each state. Lesser prizes are paid directly to the winners by each member lottery. The prize pool for POWERBALL®, LOTTO AMERICA®, and MEGA MILLIONS® is 50% of each drawing period's sales, with minimum jackpot levels. The Lottery's revenues and expenses from MUSL games participation for the month ended June 30, 2021 and fiscal year-to-date is as follows:

NOTE 5 - PARTICIPATION IN THE MULTI-STATE LOTTERY (continued)

Revenues		Month		Y-T-D
Powerball	\$	1,809,619	\$	27,355,170
Lotta America		499,201		4,733,870
Mega Millions	-	941,447	_	19,434,999
Total	\$	3,250,267	\$	51,524,039
Expenses (Prizes)		Month		Y-T-D
Powerball	\$	908,414	\$	13,687,235
Lotta America		249,600		2,367,224
Mega Millions	_	470,727	_	9,715,483
Total	\$	1,628,741	\$	25,769,942

MUSL places a percentage of game sales from each game in separate prize reserve funds that serve as a contingency reserve to protect the respective MUSL Product Groups from unforeseen prize liabilities. These funds can only be used at the discretion of the respective MUSL Product Group. Once the prize reserve funds exceed the designated limit, the excess becomes part of that particular prize pool. Prize reserve fund monies are refundable to MUSL Product Group members if the MUSL disbands or, after one year, if a member leaves the MUSL. The applicable sales percentage contribution as well as the reserve fund limit for the MUSL games is as follows:

	PowerBall	Lotto America	Mega Millions
Required Contribution (% of sales)	2%	3%	1%
Reserve Fund Cap	\$125,000,000	\$9,000,000	\$45,000,000

At June 30, 2021, the Lotteries share of the prize reserve fund balances were as follows:

Game	Total Prize Reserve	Lottery Share
Powerball	\$ 109,316,215	\$ 1,385,632
Lotto America	4,610,151	346,794
Mega Millions	93,276,388	934,469
Total	\$ 207,202,754	\$ 2,666,895

Lottery prize reserves held by the MUSL are invested according to a Trust agreement the Lottery has with MUSL outlining investment policies. The policies restrict investments to direct obligations of the United States Government, perfected repurchase agreements, and obligations issued or guaranteed as to payment of

NOTE 5 - PARTICIPATION IN THE MULTI-STATE LOTTERY (continued)

principal and interest by agencies or instrumentalities of the United States Government, and mutual funds of approved investments. The average portfolio maturity is never more than one year, except that up to one third of the portfolio may have an average maturity of up to two years. The maximum maturity for any one security does not exceed five years.

The interest earned on prize reserve fund monies is used to pay MUSL operating expenses and any amounts over and above that are credited to an unreserved fund. The Lottery records this as interest when earned. This fund had a balance of \$19,878,441 at June 30, 2021, of which the Lottery's share was \$1,441,191.

NOTE 6 - RACETRACK VIDEO LOTTERY

The Racetrack Video Lottery legislation stipulates the distribution of racetrack video lottery revenues. This legislation has been amended since inception to restate revenue distribution based on revenue benchmarks and has been amended again by HB 101 as passed during the first extraordinary session of 2014. For a complete summary of the impacts of HB 101, see Note 11 titled "Summary Impact of Recent Legislation." Initially, four percent (4%) of gross terminal revenue is allocated for lottery administrative costs. Sixty-six percent (57%) of net terminal revenue (gross less 4%) is allocated in lieu of commissions to: the racetracks (46.5%); other private entities associated with the racing industry (8.7%); and the local county and municipal governments (2%). The remaining revenues (42.8%) of net terminal revenue is allocated for distribution to State as specified in the Racetrack Video Lottery Act or subsequent State budget, as described in the Note 11 titled "Nonoperating Distributions to the State of West Virginia."

The first benchmark occurs when the current year net terminal revenue meets the fiscal year 1999 net terminal revenue. The counties and incorporated municipalities split 50/50 the two percent (2%) net terminal revenue.

The second benchmark occurs when the current year gross terminal revenue meets the fiscal year 2001 gross terminal revenue. The four percent (4%) is no longer allocated for lottery administrative costs; instead the State receives this for distribution as specified by legislation or the State budget.

The final benchmark occurs when the current year net terminal revenue meets the fiscal year 2001 net terminal revenue. At this point a 10% surcharge is applied to net terminal revenue, with 58% of the surcharge allocated for distribution to the State as specified by legislation or the State budget, and 42% of the surcharge allocated to separate capital reinvestment funds for each licensed racetrack.

After deduction of the surcharge, 49% of net terminal revenue is allocated in lieu of commissions to: the racetracks (42%); other private entities associated with the racing industry (5%); and the local county and incorporated municipality governments (2%).

NOTE 6 - RACETRACK VIDEO LOTTERY (continued)

The remaining net terminal revenue (51%) is allocated for distribution to the State as specified in the Racetrack Video Lottery Act or subsequent State budget, as described in Note 11.

Amounts from the capital reinvestment fund may be distributed to each racetrack if qualifying expenditures are made within the statutory timeframe; otherwise, amounts accumulated in the fund revert to the state excess lottery revenue fund.

A summary of racetrack video lottery revenues for the month ended June 30, 2021 and fiscal year-to-date follows (in thousands):

	Current Month				Year-to-Date				
	2021		-	2020		2021		2020	
Total credits played	\$	414,180	\$	401,074	\$	4,546,773	\$	4,244,096	
Credits (prizes) won		(371,779)		(358,482)		(4,082,345)		(3,801,989)	
Promotional credits played		(2,389)		(3,594)		(60,193)		(57,135)

A summary of video lottery revenues paid or accrued for certain state funds to conform to the legislation as follows (in thousands):

	Ju:	Year-to-Date		
State Lottery Fund	\$	5,103	\$	95,054
State Excess Lottery Revenue Fund		14,145		80,680
Capital Reinvestment Fund		809	-	2,692
Total nonoperating distributions	\$	20,057	\$	178,426

NOTE 7 - LIMITED VIDEO LOTTERY

Limited video lottery legislation passed in 2001 has established specific requirements imposing certain restrictions limiting the licensing for the operation of limited video lottery games to 9,000 terminals placed in licensed retailers. These licensed retailers must hold a qualifying permit for the sale and consumption on premises of alcohol or non-intoxicating beer. The Lottery has been charged with the administration, monitoring and regulation of these machines. The legislation further stipulates the distribution of revenues from the limited video lottery games, and requires any licensees to comply with all related rules and regulations of the Lottery in order to continue its retailer status. The Limited Video Lottery legislation

NOTE 7 - LIMITED VIDEO LOTTERY (continued)

stipulates that 2% of gross terminal income be deposited into the state lottery fund for administrative costs. Then, the state share percentage of gross profit is to be transferred to the State Excess Lottery Revenue Fund. Such percentage is between 30 and 50 percent and is subject to change on a quarterly basis. Two percent is distributed to counties and incorporated municipalities in the manner prescribed by the statute. The remaining amount of gross profit is paid to retailers and/or operators as prescribed in the Act, and is recorded as limited video lottery commissions in the financial statements. Municipal and county distributions are accounted for as nonoperating expenses.

A summary of limited video lottery revenues for the month ended June 30, 2021 and fiscal year-to-date follows (in thousands):

Current Month				Year-to-Date				
	2021		2020		2021		2020	
\$	531,087 (490,560)	\$	530,292 (489,406)	\$	6,204,072 (5,723,460)	\$	4,223,766 (3,893,922)

NOTE 8 – TABLE GAMES

Table Games legislation passed in 2007 per House Bill 2718. Table games include blackjack, roulette, craps, and various types of poker. Each racetrack licensee is subject to a privilege tax of thirty five percent (35%) of adjusted gross receipts which will be deposited weekly into the Racetrack Table Games Fund.

From the gross amounts deposited into the Racetrack Table Games Fund, the Commission, on a monthly basis shall:

Retain 3% of the adjusted gross receipts for administrative expenses of which at least \$100,000 and not more than \$500,000 annually will be transferred to the Compulsive Gambling Treatment Fund. Transfer two percent of the adjusted gross receipts from each licensed racetrack to the county commissions of the counties where racetracks with West Virginia Lottery table games are located. Transfer three percent of the adjusted gross receipts from each licensed racetrack to the governing bodies of municipalities within counties where racetracks with West Virginia Lottery table games are located as prescribed by statute. And transfer one-half of one percent of the adjusted gross receipts to the governing bodies of municipalities in which a racetrack table games licensee is located to be divided equally among the municipalities. The commission will distribute the remaining amounts, hereinafter referred to as the net amounts in the Racetrack Table Games Funds as follows:

NOTE 8 – TABLE GAMES (continued)

- 1) Transfer four percent into a special fund to be established by the Racing Commission to be used for payment into the pension plan for all employees of each licensed racing association;
- 2) Transfer ten percent, to be divided and paid in equal shares, to each county commission in the state where table games are not located;
- 3) Transfer ten percent, to be divided and paid in equal shares, to the governing bodies of each municipality in the state where table games are not located; and
- 4) Transfer seventy-six percent to the State Excess Lottery Revenue Fund.

The cash transferred to the State Excess Lottery Revenue Fund in the current month is included in Note 11-Nonoperating Distributions to the State of West Virginia. The table games adjusted gross receipts for the month and year ended June 30, 2021 were \$7,655,481 and \$76,587,377, respectively. The following table shows the month and year totals of the privilege tax and the accrued distributions (in thousands) to be transferred in the subsequent month:

	Current Month			Year-to-Date				
	2021		2020		2021			2020

NOTE 9 – HISTORIC RESORT HOTEL

In 2009, the Legislature passed Senate Bill 575 which permits video lottery and table games at a licensed historic resort hotel which is defined as "a resort hotel registered with the United States Department of the Interior as a national historic landmark in its National Registry of Historic Places having not fewer than five hundred guest rooms under common ownership and having substantial recreational guest amenities in addition to the gaming facility."

Historic Resort Video Lottery

According to Senate Bill 575, thirty six percent (36%) of gross terminal income is allocated to Historic Resort Hotel Fund and seventeen percent (17%) of gross terminal income is allocated to the Human Resource Benefit Fund. The remaining forty-seven percent (47%) of gross terminal income is then subject to a ten percent (10%) surcharge which is allocated to separate capital reinvestment funds for each licensed historic resort hotel. The remaining forty-two and three-tenths percent (42.3%) of gross terminal income is retained by the historic resort hotel.

A summary of historic resort hotel video lottery revenues for the month ended June 30, 2021 and fiscal year-to-date follows (in thousands):

	2021		_	2020		2021		2020	
Total credits played	\$	7,565	\$	7,947	\$	88,205	\$	67,204	
Credits (prizes) won		(6,942)		(7,449)		(81,424)		(62,110)

Human Resource Benefit Fund		91		70		944		634	

NOTE 9 - HISTORIC RESORT HOTEL (continued)

Historic Resort Table Games

Each historic resort hotel licensee is subject to a privilege tax of thirty five percent (35%) of adjusted gross receipts, of which thirty percent (30%) is deposited directly into the Historic Resort Hotel Fund and five percent (5%) is deposited directly into the Human Resource Benefit Fund. The historic resort hotel table games adjusted gross receipts for the month and year ended June 30, 2021 were \$173,635 and \$6,681,689 respectively.

The following table shows the month and fiscal year -to- date totals of the privilege tax and the accrued distributions (in thousands) to be transferred in the subsequent month:

	2021		2020		2021		2020	
Table games privilege tax	\$	61	\$ 76	\$	2,339	\$	1,499	
Administrative Costs		(8)	(10)		(301)		(193)	
Total Available for Distribution		53	66		2,038		1,306	
Historic Resort Hotel Fund		44	55		1,704		1,092	
Human Resource Benefit Fund		9	11		334		214	

Historic Resort Hotel Fund

Of the monies deposited into the Historic Resort Hotel Fund, fifteen percent (15%) is allocated for lottery administrative costs. The remaining Historic Resort Hotel Fund net income (gross deposits less 15%) is distributed as follows:

- 1) Eighty-six percent (86%) is paid to the State Excess Lottery Revenue Fund;
- 2) Four percent (4%) is paid to the county where the gaming facility is located:
- 3) Two and one-half percent (2.5%) is paid to the municipality where the gaming facility is located as prescribed by statute;
- 4) Two and one-half percent (2.5%) is divided and paid in equal shares to the remaining municipalities in the county where the gaming facility is located;
- 5) Two and one-half percent (2.5%) is divided and paid in equal shares, to each county commission in the state where the gaming facility is not located;
- 6) Two and one-half percent (2.5%) is divided and paid in equal shares, to each municipality in the state not already receiving a distribution as described in item five (5) or item six (6) above.

A summary of Historic Resort Hotel Fund revenues and related distributions is as follows (in thousands):

	Cur	Year-to-Date		
Historic Resort Hotel Video Lottery	\$	159	\$	1,650
Historic Resort Table Games		44		1,704
Interest on Historic Resort Hotel Fund		-		1
Historic Resort Hotel Fund Net Income	-	203		3,355
Municipalities/ Counties		28		470
Excess Lottery Fund		175		2,885
Total Distributions	\$	203	\$	3,355

NOTE 10– SPORTS WAGERING

Sports Wagering legislation passed in 2018 per Senate Bill 415. Each racetrack and historic resort hotel licensee is subject to a privilege tax of ten percent (10%) of adjusted gross wagering receipts which will be deposited weekly into the Sports Wagering Fund.

From the privilege tax deposited into the Sports Wagering Fund, the Commission, on a monthly basis shall:

Retain 15% for administrative expenses of which any surplus in excess of \$250,000 shall be reported to the Joint Committee on Government and Finance and remitted to the State Treasurer.

After the reduction for administrative expenses, the net profit shall be deposited into the State Lottery Fund until a total of \$15 million is deposited. The remainder of net profit shall be deposited into the Public Employees Insurance Agency Financial Stability Fund.

The Sports Wagering adjusted gross wagering receipts for the month and year-to-date periods ended June 30, 2021 were \$3,435,500 and \$40,998,479, respectively. The following table shows the month and year-to-date totals of the privilege tax and the accrued distributions (in thousands) to be transferred in the subsequent month:

	Current Month					Year-to-Date			
	2021			2020		2021		2020	
Sports Wagering Privilege Tax	\$	344	\$	55	\$	4,100	\$	1,915	
Interest on Sports Waging Fund		-		-		-		-	
Administrative Costs		(52)		(8)		(615)		(287)	
Total Available for Distribution		292		47	, ,,	3,485		1,628	

NOTE 11- INTERACTIVE WAGERING

Interactive Wagering legislation passed in 2019 per House Bill 2934. Each racetrack and historic resort hotel licensee is subject to a privilege tax of fifteen percent (15%) of adjusted gross interactive gaming receipts which will be deposited weekly into the Interactive Wagering Fund.

From the privilege tax deposited into the Interactive Wagering Fund, the Commission, on a monthly basis shall:

Retain 15% for administrative expenses of which any surplus in excess of \$250,000 shall be reported to the Joint Committee on Government and Finance and remitted to the State Treasurer.

In each fiscal year, the Lottery Commission shall deposit one-quarter of a percent of the net profit into each of the four special funds established by the Racing Commission, pursuant to §29-22A-10 and §29-22C-27 to be used for payment into the pension plan for the employees of the licensed racing associations in this state.

After the reduction for administrative expenses and the pension plans for the racing associations, the net profit shall be deposited into the State Lottery Fund.

The Interactive Wagering adjusted gross interactive gaming receipts for the month and year-to-date periods ended June 30, 2021 were \$4,483,681 and \$33,845,751 respectively. The following table shows the month and year-to-date totals of the privilege tax and the accrued distributions (in thousands) to be transferred in the subsequent month:

	Current Month				Year-to-Date				
	2021		2020		2021			2020

	Current Month	Year-to-Date
Pensions	6	43
Lottery Fund	566	4,273
Total Distributions	\$ 572	\$ 4,316

NOTE 12- NONOPERATING DISTRIBUTIONS TO THE STATE OF WEST VIRGINIA

The Lottery periodically distributes surplus funds, exclusive of amounts incurred and derived from limited video lottery and a portion of racetrack video lottery funds, to the State of West Virginia in accordance with the legislation. For the year ending June 30, 2021 the State Legislature budgeted \$127,795,650 of estimated profits of the Lottery for distributions to designated special revenue accounts of the State of West Virginia. With regard to the State Lottery Fund, legislation stipulates that debt service payments be given a priority over all other transfers in instances where estimated profits are not sufficient to provide for payment of all appropriated distributions. Debt service payments of \$1,800,000, \$1,000,000, and \$500,000 per month for the first ten months of each fiscal year currently have such priority. Transfers made pursuant to the State Excess Lottery Revenue Fund have similar requirements; currently payments are \$6,539,842 per month for the first ten months of each fiscal year. In addition, Legislation provides that, if in any month, there is a shortage of funds in the State Excess Lottery Revenue Fund to make debt service payments, the necessary amount shall be transferred from the State Lottery Fund to cover such shortfall, after the State Lottery Fund debt service payments have been made. Repayments to the State Lottery Fund are required to be made in subsequent months as funds become available. For the month ended June 30, 2021 the Lottery has accrued additional distributions of \$166,947,699. The Lottery is a non-appropriated state agency and therefore does not have a legally adopted annual budget.

A summary of the cash distributions made to certain state agencies to conform to the legislation follows (in thousands):

BUDGETARY DISTRIBUTIONS	June 30, 2021		<u> </u>	ear-to-Date

NOTE 13 – LEASES

The Lottery leases, under a cancelable operating lease, its office and warehouse facilities. The Lottery also leases various office equipment under agreements considered to be cancelable operating leases. Rental expense for the fiscal year-to-date ended June 30, 2021 and June 30, 2020 approximated \$203,728 and \$211,270 respectively.

The Lottery leases office space under the terms of a non-cancellable operating lease to various tenants. Rental revenues for the fiscal year-to-date ended June 30, 2021 and June 30, 2020 approximated \$1,085,053 and \$1,069,385 respectively.

NOTE 14 – COMMITMENTS

For the years ended June 30, 2021 and 2020 the Lottery Commission has not designated any unexpended administrative funds for the acquisition of capital assets. As of June 30, 2021 and 2020, \$7,612,621 and \$8,073,287, respectively, are included in unrestricted net position and net investment in capital assets for this purpose.

NOTE 15 - RETIREMENT BENEFITS

All full-time Lottery employees are eligible to participate in the State of West Virginia Public Employees' Retirement System (PERS), a cost-sharing multiple-employer defined benefit public employee retirement system. The PERS is one of several plans administered by the West Virginia Consolidated Public Retirement (CPRB) under the direction of its Board of Trustees, which consists of the Governor, State Auditor, State Treasurer, Secretary of the Department of Administration, and nine members appointed by the Governor. CPRB prepares separately issued financial statements covering all retirement systems it administers, which can be obtained from Consolidated Public Retirement Board, 4101 MacCorkle Ave. S.E., Charleston, West Virginia 25304-1636.

Employees who retire at or after age sixty with five or more years of contributory service or who retire at or after age fifty-five and have completed twenty-five years of credited service with age and credited service equal to eighty or greater are eligible for retirement benefits as established by State statute. Retirement benefits are payable monthly for life, in the form of a straight-line annuity equal to two percent of the employee's average annual salary from the highest 36 consecutive months within the last 10 years of employment, multiplied by the number of years of the employee's credited service at the time of retirement.

Covered employees hired prior to July 1, 2015 are required to contribute 4.5% of their salary to the PERS. Covered employees hired on or after July 1, 2015 will contribute 6.0% of their salary to the PERS Tier II. The Lottery is required to contribute 13.5% of covered employees' salaries to the PERS. The required employee and employer contribution percentages have been established and changed from time to time by action of the State Legislature. The required contributions are not actuarially determined; however, actuarial valuations are performed to assist the Legislature in determining appropriate contributions. The Lottery and employee contributions, for the month ending June 30, 2021 and fiscal year-to-date are as follows (in thousands):

	Jut	ne 30, 2021	Y	Year-to-Date			
Employee contributions	\$	30	\$	389			
Lottery contributions		63		893			
Total contributions	\$	93	\$	1,282			

NOTE 16 - RISK MANAGEMENT

The Lottery is exposed to various risks of loss related to torts; theft of, or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Lottery participates in several risk management programs administered by the State of West Virginia. Each of these risk pools has issued separate audited financial reports on their operations. Those reports include the required supplementary information concerning the reconciliation of claims liabilities by type of contract and ten-year claim development information. Complete financial statements of the individual insurance enterprise funds can be obtained directly from their respective administrative offices.

WORKERS' COMPENSATION INSURANCE

The Lottery carries workers compensation insurance coverage through a commercial insurance carrier. The commercial insurance carrier is paid a monthly rated premium to provide compensation for injuries sustained in the course of employment.

PUBLIC EMPLOYEES' INSURANCE AGENCY (PEIA)

The Lottery participates in the Public Employees' Insurance Agency which provides an employee benefit insurance program to employees. PEIA was established by the State of West Virginia for State agencies, institutions of higher education, Boards of Education and component units of the State. In addition, local governmental entities and certain charitable and public service organizations may request to be covered by PEIA. PEIA provides a base employee benefit insurance program which includes hospital, surgical, major medical, prescription drug and basic life and accidental death. Underwriting and rate setting policies are established by PEIA. The cost of all coverage as determined by PEIA shall be paid by the participants. Premiums are established by PEIA and are paid monthly, and are dependent upon, among other things, coverage required, number of dependents, state vs. non state employees and active employees vs. retired employees and level of compensation. Coverage under these programs is limited to \$1 million lifetime for health and \$10,000 of life insurance coverage.

The PEIA risk pool retains all risks for the health and prescription features of its indemnity plan. PEIA has fully transferred the risks of coverage to the Managed Care Organization (MCO) Plan to the plan provider, and has transferred the risks of the life insurance coverage to a third party insurer. PEIA presently charges equivalent premiums for participants in either the indemnity plan or the MCO Plan. Altogether, PEIA insures approximately 205,000 individuals, including participants and dependents.

BOARD OF RISK AND INSURANCE MANAGEMENT (BRIM)

The Lottery participates in the West Virginia Board of Risk and Insurance Management (BRIM), a common risk pool currently operating as a common risk management and insurance program for all State agencies, component units, and other local governmental agencies who wish to participate. The Lottery pays an annual premium to BRIM for its general insurance coverage. Fund underwriting and rate setting policies are established by BRIM. The cost of all coverage as determined by BRIM shall be paid by the participants. The BRIM risk pool retains the risk of the first \$1 million per property event and purchases excess insurance on losses above that level. Excess coverage, through an outside insurer under this program is limited to \$200 million per event, subject to limits on certain property. BRIM has \$1 million per occurrence coverage maximum on all third-party liability claims.

Memorandum

To: Honorable Chairmen and Members of the Joint Committee on

Government and Finance

From: William Spencer, C.P.A., Director, Budget Division

Legislative Auditor's Office

Date: July 21, 2021

Re: Status of General Revenue Fund and State Road Fund as of

June 30, 2021 (FY 21)

We have read the cash flow of the West Virginia general revenue fund as of June 30, 2021 which is the final month of the fiscal year. The status of the fund collections for the month is as follows:

The net collections were 100% of the estimate for the fiscal year. Total collections were \$5.6 million above the estimate for the fiscal year.

Personal Income Tax collections were \$1.9 million below the estimate for the fiscal year.

Consumer sales and use tax collections were \$16 million above the estimate for the year.

Severance Tax was \$1.3 million above the estimate for the fiscal year.

Corporate Income and Business Franchise Tax collections were \$11 million above the estimate for the fiscal year.

State Road Fund

The state road fund collections were 122% of the estimate for the fiscal year. Total collections were \$200 million above the estimate for the fiscal year.

Rainy Day and Personal Income Tax Reserve

Revenue Shortfall Reserve **Fund A** (Rainy Day Fund) had a cash balance of \$441,663,052.88 as of June 30, 2021.

Balance July 1, 2020	\$373,041,673.22
*Loan-General Revenue Fund 7-1-20	68,600,000.00
Loan Repaid 09/18/20	(68,600,000.00)
Fiscal year 20 Surplus	14,039,843.39
Earnings/(Loss)	54,581,536.27
Balance June 30, 2021	\$441,663,052.88

^{*\$68.6} million loan to state General Revenue Fund 7/1/2020 for beginning of the year cash flow, to be repaid within 90 days. Paid 09/18/20.

Revenue Shortfall Reserve **Fund B** (Tobacco Settlement Monies) had a cash balance of \$553,481,351.13 as of June 30, 2021.

Balance July 1, 2020	\$482,975,560.82
Earnings	70,505,790.31
Balance June 30, 2021	\$553,481,351.13

The **Personal Income Tax Reserve** Fund had a \$11,000,000.00 cash balance as of June 30, 2021.

Balance July 1, 2020	\$11,000,000.00
Balance June 30, 2021	\$11,000,000.00

Revision Notes to \$257.5 million net increase in revenue estimates to \$4,982,014,000:

Business and Occupation Tax estimate increased by \$5 million to account for reduced investment tax credit claims in FY 2021

Consumer Sales & Service Tax and Use Tax estimate increased by \$99.5 million to reflect strong growth in consumer spending partially associated with significant federal fiscal stimulus payments Tobacco Products Tax estimate increased by \$13 million to reflect higher than normal sales during the Pandemic.

Property Transfer Tax estimate increased by \$3 million to reflect higher than expected real estate transfers this fiscal year

Corporate Net Income Tax estimate increased by \$115 million to reflect higher than anticipated business profits and some carryover of revenue collections from prior year due to a one-time delay in 1 Severance Tax estimate increased by \$22 million to reflect a strong recovery in mineral commodity prices and a rebound in coal production during the second half of the current fiscal year.

Re: West Virginia Unemployment Compensation Trust Fund

We have reviewed the June 30, 2021 monthly report of the Unemployment Compensation Trust Fund we received from WorkForce West Virginia.

As of June 30, 2021 of fiscal year 2020-2021, the trust fund cash flow was as follows:

Trust Fund Beginning Cash Balance 7-1-2020	\$ 8,289,482.99
Receipts July 1,2020 thru June 30, 2021	\$ 1,773,508,397.91
Disbursements July 1, 2020 thru June 30, 2021	\$ 1,702,952,957.74
Balance June 30, 2021	\$ 78,844,923.16

ITEMS OF NOTE:

Regular benefits paid for July - June 2021 were \$ 10.6 billion less than July - June 2020.

Federal emergency benefits totaled \$11,056.02 for July - June 2021. For July - June 2020, federal emergency benefits totaled (20,084.60).

Total disbursements were \$242 million more in July - June 2021 than the preceding July - June 2020.

Receipts as of July - June 2021, were \$505.4 million more than in July - June 2020. Overall ending trust fund balance was \$70.6 million higher on June 30, 2021 than on June 30, 2020.

Seasonally adjusted unemployment rates for June 2021 were 5.3 percent for West Virginia and 5.9 percent nationally.

Since June 2020, employment has increased by 21,500. Employment increases included 10,200 in leisure and hospitality, 2,200 in trade, transportation, and utilities, 3,700 in education and health services, 2,600 in professional and business services, 1,700 in construction, 700 in other services, 2,200 in mining and logging, 2,200 in manufacturing, 300 in financial activities, and 300 in information. Employment in government declined 4,600 over the year.

FOR RELEASE: July 13, 2021 Contact: Andy Malinoski Andy.E.Malinoski@wv.gov 304-957-9318

State Unemployment Rate drops to 5.3 Percent in June

West Virginia's seasonally adjusted unemployment rate dropped two-tenths of a percentage point to 5.3 percent in June 2021. The number of unemployed state residents decreased by 1,700 to 42,000. Total employment grew 700 over the month. The national unemployment rate increased one-tenth of a percentage point to 5.9 percent in June.

Total nonfarm payroll employment increased 4,400 in June, with gains of 4,200 in the service-providing sector and 200 in the goods-producing sector.

Within the goods-producing sector, employment increased 600 in manufacturing. Employment declined by 300 in mining and logging and 100 in construction. Within the service-providing sector, employment gains included 5,500 in government almost entirely at the local level, 400 in education and health services, 200 in other services, 100 in information, and 100 in financial activities. Employment decreases included 1,300 in leisure and hospitality, 700 in professional and business services, and 100 in trade, transportation, and utilities.

Since June 2020, total nonfarm payroll employment has increased 21,500. Employment gains included 10,200 in leisure and hospitality, 3,700 in education and health services, 2,600 in professional and business services, 2,200 in trade, transportation, and utilities, 2,200 in mining and logging, 2,200 in manufacturing, 1,700 in construction. 700 in other services, 300 in information, and 300 in financial activities. Employment in government declined 4,600 over the year.

West Virginia's not seasonally adjusted unemployment rate increased one-tenth of a percentage point to 5.1 percent in June 2021.

BRIM

PEIA

REAL ESTATE REPORT

BRIM July 2021 Interim Packet

West Virginia Board of Risk and Insurance Management UNAUDITED BALANCE SHEET AND INCOME STATEMENT For the Eleven Months Ending May 31, 2021

Talking Points for the Joint Committee on Government and Finance July 2021

- 1. **Premium Revenue** thru May reflects the premiums earned for the first eleven months of the fiscal year. BRIM premiums in FY'21 reflect a decrease in premium revenue due to an adjustment provided to insureds for Covid-19 and its impact on the reduced utilization and exposure of owned and leased vehicles by insureds.
- 2. Claims and claims adjustment expenses reflects net claims payments made thru May and a decrease in the incurred and the actuarially estimated IBNR for the current year. Higher net claims payments increased overall claims expenses resulting in the (\$0.9) million operating loss for the current fiscal year when compared to last year's net operating income of \$7.1 million.
- 3. In April, the transfer of \$13.5 million from the Mine Subsidence Fund to the State Fund, General Revenue, as mandated by the enactment of **HB2804** passed in March 2021, resulted in a decrease in non-operating revenues of the same amount through May 31.
- **4. Investment Income** for fiscal year 2021 reflects a net investment gain of \$27.8 million for the first eleven months due to improved equity markets vs. a \$18.6 million gain the prior fiscal year. This resulted in an overall increase in BRIM's net position of \$13.4 million through May 31.
- 5. BRIM has no un-funded liability and continues to pursue pro-active loss control initiatives.

YTD Column Reflects average number of days minus MFP Applicants

- (5) "Other" includes those who are no longer a WV resident, voluntarily decline the program, etc.
- (6) Reported in actual number of days on the MEL.
- (7) Excludes MFP members on MEL not ready for discharge from facility and MFP Applicants, added beginning Dec 2019

NOTE: All data reported by Utilization Management Contractor is effective as of the transpire date in the web-based system. Data is point-in-time.

⁽¹⁾ Of the 7,672 slots approved by CMS, 76 are reserved for the Money Follows the Person and Rebalancing Demonstration Grant. When it is identified that slots cannot be used for MFP transitions, these slots are made available for traditional (non-MFP) enrollees. *Note: October 2020 Amendment Approved = 646 Additional Slots for FY2021, which increases the FY2021 Slots to a total of 7,672.*

⁽²⁾ Unduplicated slots used refers to the total number of members who accessed services during the fiscal year.

⁽³⁾ Monthly number added to MEL is being reported in the month an applicant is determined medically eligible; however, the individual's placement date on the managed enrollment list will be based on their initial application date.

⁽⁴⁾ Other reason for closing a case may include, but is not limited to: No services for 180 days, unsafe environment, member non-compliance with program, member no longer desires services, member no longer a WV resident, member no longer medically or financially eligible.

⁽¹⁾ Unduplicated slots used refers to the total number of members who accessed services during the fiscal year.

⁽² and 3) Numbers determined medically eligible and ineligible reflect the activity for the month reported. Financial eligibility is not determined until after slot release.

⁽⁴⁾ Monthly managed enrollment is being reported in the month an applicant is determined medically eligible; however, the individual's placement date on the managed enrollment list will be based on the date the Medical Eligibility Contract Agent (MECA) determines medical eligibility.

⁽⁵⁾ Currently there is no way to track other reasons why someone may leave the MEL for reasons such as moved out of state, decided not to participate in program, etc.

⁽⁶⁾ Other reason for program discharge may include, but is not limited to, member is no longer financial or medically eligible, moved out of state, no longer wants the service, etc.

⁽⁷⁾ Longest number of days an applicant has been on the MEL.

Footnotes:

- 1) Statement is on cash basis.
- 2) Estimate of Incurred but Not Reported (IBNR) claims on March 31, 2021 is \$2,000,000. The May 31, 2020 estimate was \$2,921,323. (May 2021 estimate is not available.)

 3) Administrative Accounts Payable balance on May 31, 2021 was \$632,408. The May 31, 2020 balance was \$792,027.

 4) 2021 and 2020 adjustments to fund balance represent timing issues between the payment of expense and the draw-down of federal revenues.

- 5) Revenues are primarily federal funds. WVCHIP's Federal Matching Assistance Percentage (FMAP) during SFY21 was 98.3% starting 01/01/20 and 85.00% starting 10/01/20.

 6) Other Collections are primarily provider refunds and subrogation (amounts received from other insurers responsible for bills WVCHIP paid primarily auto).

 7) Physician & Surgical services include physicians, clinics, lab, Federally Qualified Health Centers (FQHC), and vaccine payments.

- Other Concentration & Surgical services include physicians, clinics, lab, Federally Qualified Health Centers (FQHC), and vaccine payments.
 Other Services include home health, chiropractors, psychologists, podiatrists, and nurse practitioners.
 During SFY20, the federal share for Salaries and Benefits were paid outside the operating fund. In SFY21, all Salaries and Benefits were paid from the Operating fund.
 Eligibility costs outside the fund represent the costs allocated to the WVCHIP for eligibility and enrollment processing (RAPIDS/WVPATH). Operating fund costs represent those directly billed to WVCHIP. Unaudited For Management Purposes Only PRELIMINARY STATEMENT

The above map shows the most recent 2018 county level data provided by the U.S. Census Bureau Small Area Health Insurance Estimates (SAHIE) for children under 19 years. While the statewide average for children under 19 is now about 3.4%, the SAHIE data reflects more accurately the variation from county to county depending on the availability of employer sponsored insurance and should be a more accurate way to target outreach than in previous years.

This report contains confidential and proprietary information and is subject to the terms and conditions of the Consulting Agreement. It is being provided for use solely by the customer. The report may not be sold or otherwise provided, in whole or in part, to any other person or entity without written permission from Verus Advisory, Inc., (hereinafter Verus) or as required by law or any regulatory authority. The information presented does not constitute a recommendation by Verus and cannot be used for advertising or sales promotion purposes. This does not constitute an offer or a solicitation of an offer to buy or sell securities, commodities or any other financial instruments or products.

The information presented has been prepared using data from third party sources that Verus believes to be reliable. While Verus exercised reasonable professional care in preparing the report, it cannot guarantee the accuracy of the information provided by third party sources. Therefore, Verus makes no representations or warranties as to the accuracy of the information presented. Verus takes no responsibility or liability (including damages) for any error, omission, or inaccuracy in the data supplied by any third party. Nothing contained herein is, or should be relied on as a promise, representation, or guarantee as to future performance or a particular outcome. Even with portfolio diversification, asset allocation, and a long-term approach, investing involves risk of loss that the investor should be prepared to bear.

The information presented may be deemed to contain forward-looking information. Examples of forward looking information include, but are not limited to, (a) projections of or statements regarding return on investment, future earnings, interest income, other income, growth prospects, capital structure and other financial terms, (b) statements of plans or objectives of management, (c) statements of future economic performance, and (d) statements of assumptions, such as economic conditions underlying other statements. Such forward-looking information can be identified by the use of forward looking terminology such as believes, expects, may, will, should, anticipates, or the negative of any of the foregoing or other variations thereon comparable terminology, or by discussion of strategy. No assurance can be given that the future results described by the forward-looking information will be achieved. Such statements are subject to risks, uncertainties, and other factors which could cause the actual results to differ materially from future results expressed or implied by such forward looking information. The findings, rankings, and opinions expressed herein are the intellectual property of Verus and are subject to change without notice. The information presented does not claim to be all-inclusive, nor does it contain all information that clients may desire for their purposes. The information presented should be read in conjunction with any other material provided by Verus, investment managers, and custodians.

Verus will make every reasonable effort to obtain and include accurate market values. However, if managers or custodians are unable to provide the reporting period's market values prior to the report issuance, Verus may use the last reported market value or make estimates based on the manager's stated or estimated returns and other information available at the time. These estimates may differ materially from the actual value. Hedge fund market values presented in this report are provided by the fund manager or custodian. Market values presented for private equity investments reflect the last reported NAV by the custodian or manager net of capital calls and distributions as of the end of the reporting period. These values are estimates and may differ materially from the investments actual value. Private equity managers report performance using an internal rate of return (IRR), which differs from the time-weighted rate of return (TWRR) calculation done by Verus. It is inappropriate to compare IRR and TWRR to each other. IRR figures reported in the illiquid alternative pages are provided by the respective managers, and Verus has not made any attempts to verify these returns. Until a partnership is liquidated (typically over 10-12 years), the IRR is only an interim estimated return. The actual IRR performance of any LP is not known until the final liquidation.

Verus receives universe data from InvMetrics, eVestment Alliance, and Morningstar. We believe this data to be robust and appropriate for peer comparison. Nevertheless, these universes may not be comprehensive of all peer investors/managers but rather of the investors/managers that comprise that database. The resulting universe composition is not static and will change over time. Returns are annualized when they cover more than one year. Investment managers may revise their data after report distribution. Verus will make the appropriate correction to the client account but may or may not disclose the change to the client based on the materiality of the change.

WORKERS' COMPENSATION

WEST VIRGINIA OFFICES OF THE INSURANCE COMMISSIONER

James A. Dodrill Insurance Commissioner

Status Report:

Workers' Compensation

Joint Committee on Government & Finance

July 2021

Table of Contents:

Self-Insured Guaranty Fund Cash Statement	14
Self-Insured Security Fund Cash Statement	15
Uninsured Employers' Fund Cash Statement	16

Introduction

The passage of S.B. 1004 in January 2005 brought significant changes to workers' compensation insurance in West Virginia. The State-administered monopolistic system effectively ended when a new, legislatively-created domestic mutual insurance company, "BrickStreet", was formed to thereafter issue workers' compensation insurance. BrickStreet began writing new workers' compensation insurance policies in January 2006 (Brickstreet also retained the workers' compensation insurance premium and incurred liability starting in July 2005). The West Virginia workers' compensation insurance market was further privatized and opened to full competition beginning in July 2008.

When Brickstreet was formed to begin to privatize the workers' compensation insurance market in West Virginia, a large legacy liability existed stemming from the historical operation of the State-administered monopolistic fund. This legacy liability was retained by the State of West Virginia in what is known as the "Old Fund." The Old Fund consists of all historical claims with dates of injuries or last exposure through June 30, 2005. In addition to the following sections that specifically reference other "funds," the "private market," or the "self-insured" community (which began in July 2004), this report to the Joint Committee on Government & Finance concerns the workers' compensation legacy liability of the State of West Virginia, i.e., the Old Fund.

As of January 2008, there were 47,961 active Old Fund workers' compensation insurance claims. In December 2020, the number of active claims fell to less than 10,000 for the first time and, as of June 2021, there were 9,115 active claims. The first Workers' Compensation Status Report to the Joint Committee on Government and Finance was issued in June 2008. The following pages update the status of the various workers' compensation funds and the activities associated with the administration of the workers' compensation responsibilities transitioned to the Insurance Commissioner by the Legislature.

¹ As a result of their merger, Motorists Insurance Group and BrickStreet Mutual Insurance Co. are now the **Encova Mutual Insurance Group**.

Definitions:

<u>Appeal (BOR):</u> A formal procedure conducted by the Board of Review at which a decision of an administrative law judge (OOJ) having presided over a matter of workers' compensation (Old Fund or Privately Insured) is to be afforded additional consideration. An appeal may be filed by any aggrieved party, such as a claimant, employer, dependent of a claimant, private insurance carrier, etc.

Board of Review: (BOR) A three judge panel that serves as an intermediate appellate tribunal in workers' compensation litigation. Specifically, the Board of Review reviews all appeals taken from any final decision of the Office of Judges. The BOR may reverse, vacate, modify, or remand a decision of the Office of Judges. Any appeal taken from a Board of Review final order must be filed with the West Virginia Supreme Court of Appeals.

<u>Claim Reserve:</u> individual claim level cost estimate that is projected on the ultimate probable exposure; must be the best projection based on the facts and findings of the claim. This function is to capture the key components that impact the range of any impending cost in workers' compensation claims. No discounting is applied. The Indemnity Reserve is adjusted to cover the cost of loss or exposure both on a temporary and permanent basis. The reserve should also be adjusted to include the projected cost of any death and/or dependent benefits when appropriate. The Medical Reserve covers medical cost, hospital stays, specialized treatment, rehabilitation, durable medical equipment, and medications, etc. The Expense Reserve is placed for the cost of legal defense and investigations, etc. The reserves may be reduced based on the findings of early mortality factors.

Coal Workers' Pneumoconiosis Fund (CWP): State managed fund into which FBL premiums previously received are held, and out of which FBL benefits are paid. This fund was closed to future liabilities as of 12/31/2005. Because of the latency period between the date of last exposure and the onset of disease, new FBL claims will occur.

Fatal: claim under which the worker died as a result of injury or illness.

FBL: claim for Occupational Pneumoconiosis (Black Lung) benefits under Title IV of the federal Coal Mine Health and Safety Act of 1969, i.e. "Federal Black Lung", or FBL.

FBL Awarded Claim: an FBL claim that has been awarded but has not yet been accepted by the responsible operator/insurer

FBL Claim Notice: an FBL claim for which not initial decision has yet been made, but evidence in the claims indicates the potential for an award

<u>FBL Non-active Claim:</u> an FBL claim for which an award had been sought but was not afforded. Federal statues permit an appeal process which lasts for 1 year, so the claim would be reopened for consideration upon appeal. Denied FBL claims are closed administratively after 6 months, as the TPA's bill for claims management services monthly on an open claims basis.

FBL Paying Claim: an FBL claim for which an award has been made and the responsible operator/insurer has accepted liability. Payments are being made to the claimant or dependents.

<u>Indemnity</u>: statutory wage replacement benefits awarded as a result of a worker's occupational illness or injury.

<u>Med Only:</u> claim under which <u>only</u> the payment of medical benefits was sought or awarded, i.e. no payment of wage replacement benefits (indemnity) is being made.

Office of Judges: (OOJ) An office comprised of administrative law judges who are charged with resolving protests or appeals to workers' compensation claims management decisions. The Office of Judges conducts hearings, receives, and weighs evidence and arguments, and issues written decisions on protests or appeals from initial claim management decisions. Any final decision of the Office of Judges may be appealed to the workers' compensation Board of Review. The OOJ hears protests involving Old Fund claims as well as those arising from the private market (private carrier or privately insured.)

<u>Old Fund</u>: The residual assets and liabilities of the former Worker's Compensation Fund are now reported in a fund known as the Workers' Compensation Old Fund. Disbursements from the Old Fund are related to the liabilities and appropriate administrative expenses necessary for the administration of all claims, actual and incurred but not reported, for any claims with a date of injury on or before June 30, 2005.

<u>OP/OD</u>: claim of Occupational Pneumoconiosis or Occupational Disease. An OP claim could be considered the State level equivalent of an FBL claim; however, State OP claims provide for varying percentages of impairment where the FBL applicant must prove total impairment to be eligible. (State OP claims are awarded more frequently than FBL but afford lesser benefits.) An example of an OD claim would be occupational hearing loss.

Protest (OOJ): An objection to a ruling of a workers' compensation claim administrator (Old Fund or Private Market) which prompts the initiation of the adjudication process at the Office of Judges.

<u>PPD</u>: (Permanent Partial Disability) paid to compensate an injured worker for permanent impairment that results from an occupational injury or disease. The American Medical Association defines permanent impairment as impairment that has become static or well stabilized with or without medical treatment and is not likely to remit despite medical treatment. It should be noted, some injuries that are total loss by severance have statutory impairment ratings that are defined per WV Code §23-4-6(f). Payment for PPD is based upon 4 weeks of compensation for each one percent of disability.

<u>PTD:</u> (Permanent Total Disability) A disability which renders a claimant unable to engage in gainful employment requiring skills or abilities which can be acquired, or which are comparable to those of any gainful employment in which the claimant previously engaged with some regularity. While the comparison of pre-injury income and post-disability income is not a factor to be considered in determining whether or not a claimant is permanently and totally disabled, the geographic availability of gainful employment should be considered. Specifically, the geographic availability of gainful employment within a 75-mile driving distance of the claimant's home, or within the distance from the claimant's home to his or her pre-injury employment, whichever is greater, is a factor to be considered in determining whether or not a claimant is PTD.

<u>Self-Insured:</u> an employer who has met certain specific guidelines, and who is then permitted to guarantee their own payment and handling of workers' compensation claims to their employees in accordance with WV statutes.

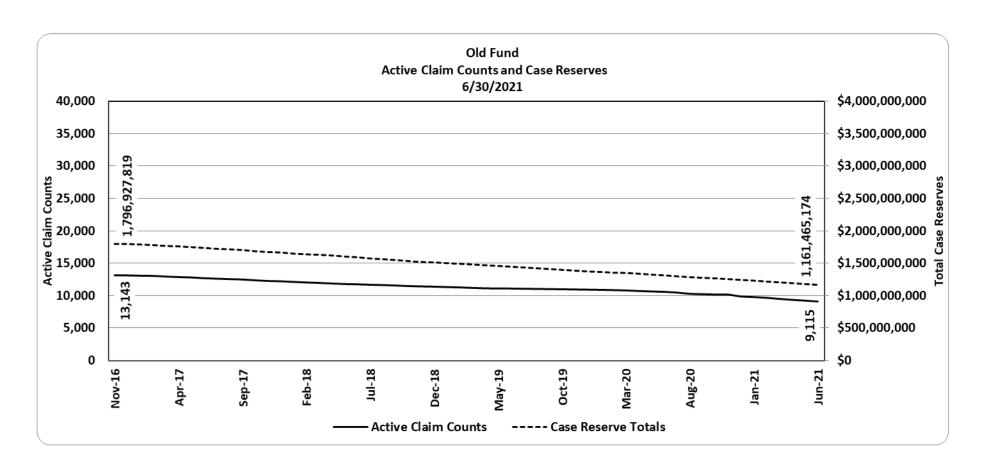

<u>Self-Insured Guaranty Fund:</u> State managed fund consisting of those funds transferred to it from the guaranty pool created pursuant to 85 CSR §19 (2004) and any future funds collected through continued administration of that exempt legislative rule as administered by the WVOIC and out of which workers' compensation benefits may be paid. Covers claims liabilities of bankrupt or defaulted self-insured employers with dates of injury or last exposure <u>after</u> 07/01/2004.

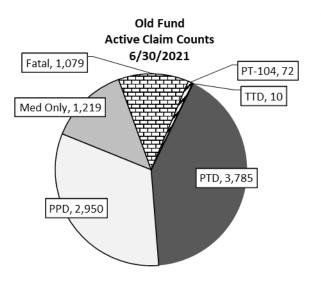

<u>Self-Insured Security Fund:</u> State managed fund consisting of those funds paid into it thru the WVOIC's administration of 85 CSR §19 (2004), and out of which workers' compensation benefits may be paid. Covers claims liabilities of bankrupt or defaulted self-insured employers with dates of injury or last exposure <u>before</u> 07/01/2004. This fund is limited to claimants of those self-insured employers who have defaulted on their claims obligations after 12/31/2005.

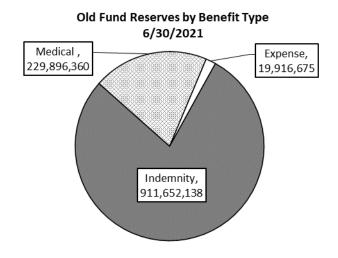

<u>TPD:</u> (Temporary Partial Disability) also referred to as TPR, is paid when an injured worker is released to return to work with restrictions or modifications that restrict, he/she from obtaining their pre-injury wages. The TPD benefit is paid at seventy percent of the difference between the average weekly wage earnings earned at the time of injury and the average weekly wage earnings earned at the new employment.

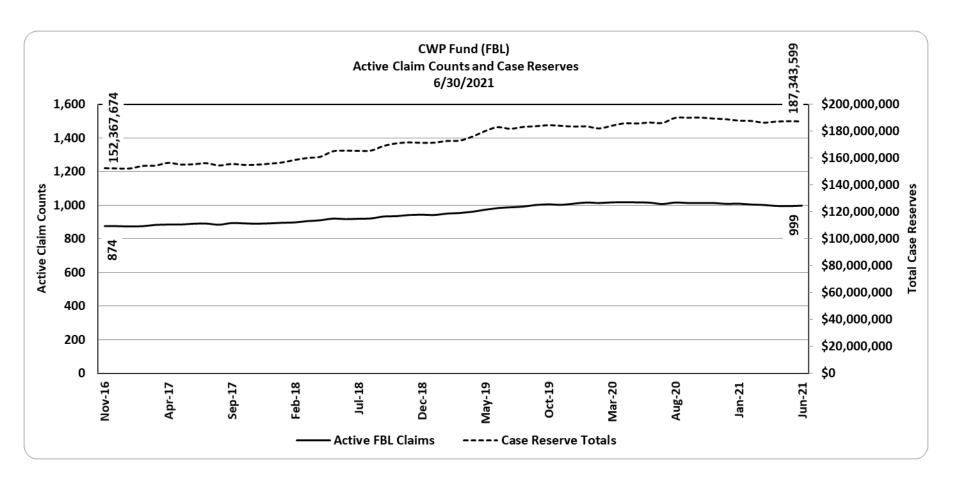

<u>TTD:</u> (Temporary Total Disability) an inability to return to substantial gainful employment requiring skills or activities comparable to those of one's previous gainful employment during the healing or recovery period after the injury. In order to receive TTD benefits, the injured worker must be certified disabled due to the compensable injury by his/her treating physician.

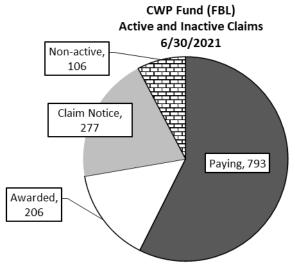

<u>Uninsured Fund:</u> State managed fund into which assessments to carriers or employers received are held, and out of which workers' compensation benefits may be paid to claimant employees of employers who were uninsured if the date of injury or date of last exposure is January 1, 2006 or later.

Note: The purpose of this report is to enhance the user's ability to monitor the cash activities of the Old Fund. The Old Fund assets consist of cash and investments with the WV Investment Board. Investment earnings are presented in the month in which the State Treasurer records the earnings in the statewide accounting system, wvOASIS. The liabilities of the Old Fund consist of the worker's compensation claims and related expenses for all claims, actual and incurred but not reported for claims with dates of injury on or before June 30, 2005. This report is intended to provide a summary of the cash based transactions related to the Fund's assets and liabilities and is not an accrual based presentation. The Old Fund Cash Statement is unaudited information.

Note: The Coal Worker's Pneumoconiosis Fund (CWP Fund) ceased operations December 31, 2005 and is in run-off status under the administrative oversight of the Insurance Commissioner. Established in 1973, the CWP Fund existed to provide insurance coverage to companies for liabilities incurred as a result of the Federal Coal Mine Health and Safety Act of 1969. Participation in the CWP Fund was voluntary for employers. The current revenues of the CWP Fund are limited to the earnings from invested assets. Assets of the CWP Fund are invested with the WV Investment Management Board. The investment earnings are presented in the month in which the State Treasurer records the earnings. The liabilities of the CWP Fund consist of the claims for coal miners who are totally disabled or beneficiaries of coal miners who have died as a result of coal worker's pneumoconiosis. To be eligible for benefits from the CWP Fund, the date of last exposure of the coal miner must be on or before December 31, 2005. The Coal Workers Cash Statement is unaudited information.

The Self-Insured Guaranty Risk Pool covers the claims liabilities of bankrupt or defaulted self-insured employers with dates of injury subsequent to July 1, 2004. The revenues of the Self-Insured Guaranty Fund are comprised of the guaranty risk pool assessments levied on all self-insured employers and the earnings on invested assets. The assets of the Self-insured Guaranty Risk Pool are invested with the WV Investment Management Board. Investment earnings are presented in the month in which the State Treasurer records the earnings in the statewide accounting system, wvOASIS. The Self Insured Guaranty Cash Statement is unaudited information.

The Self-Insured Security Risk Pool is liable for the worker's compensation claims of bankrupt or defaulted self-insured employers with dates of injury prior to July 1, 2004. However, the obligations of this Fund are limited to the exposures of self-insured employers who default subsequent to December 31, 2005. The assets of the Self-insured Security Risk Pool are invested with the WV Investment Management Board. Investment earnings are presented in the month in which the State Treasurer records the earnings in the statewide accounting system, wvOASIS. The Self Insured Security Cash Statement is unaudited information.

The Uninsured Employer's Fund (UEF) was established January 1, 2006 to provide worker's compensation benefits to injured workers of uninsured WV employers. The revenues of the UEF consist of fines levied on uninsured employers and the earnings on invested assets. The assets of the UEF are invested with the WV Investment Management Board. Investment earnings are presented in the month in which the State Treasurer records the earnings in the statewide accounting system, wvOASIS. The Insurance Commissioner has the right to levy assessments on employers in order to maintain the solvency of the Fund. The Commissioner may recover all payments made from this fund, including interest, from an uninsured employer who is found liable for benefits paid from the UEF. The Uninsured Cash Statement is unaudited information.

BOARD OF TREASURY INVESTMENTS

CALENDAR NOTE

Board Meeting August 12, 2021

OPERATING REPORT

JUNE 2021

Board of Treasury Investments

315 70th Street, SE Charleston WV 25304 (304) 340-1564 www.wvbti.com

Board of Directors

Riley M. Moore, State Treasurer, Chairman

James C. Justice II, Governor

John B. McCuskey, State Auditor

Glenda Probst, Appointed by the Governor

Mark A. Mangano, Esq. Attorney Appointed by the Governor

Executive Staff

Executive
Director
Kara K. Hughes,
CPA, MBA, CFE,
CGIP

Chief Financial Officer Karl Shanholtzer, CFA, CPA, CIA

Total Net Assets Under Management

\$8,119,584,000

Last Month \$7,386,023,000

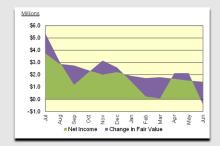

Beginning of Fiscal Year \$6,467,527,000

Net Assets for the Past 12 Months

Total Net Income & Changes in Fair Value

Fiscal Year \$23,054,000

Monthly Net Income & Changes in Fair Value for the Past 12 Months

Money Market Pools

As of June 30, 2021

<u>Pool</u>	30-Day Avg. Yield *	<u>W.A.M.</u> **	Net Assets
WV Money Market	0.0600%	52 Days	\$6.8 Billion
WV Gov't Money Market	0.0040%	45 Days	\$223.4 Million

- * Yields represent the simple money market yield net of fees.
- ** W.A.M. is the weighted average maturity.

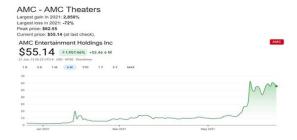

WEST VIRGINIA BOARD OF TREASURY INVESTMENTS THE ECONOMIC STATE JUNE 2021

Market Watchers Fixated on Inflation

Market Outlook

Independence Day is upon us, which means that in addition to enjoying BBQs and fireworks with family and friends, the year is half-gone. If that isn't hard enough to believe, a 15%+ year-to-date return for the S&P 500 through June just might be (the index price is now 92% higher than its March 2020 nadir). While market watchers remain fixated on the threat of inflation and the Fed's rhetoric around - and reaction to – the incoming data, there are more signs of "normalization" across various markets. The overall surge in commodity prices this year has been hard to ignore, for example, crude oil is up over 50% year-to-date. However, of late many of the surging commodities have fallen back, as an example, lumber is now down over 50% from its May high or copper – a bellwether for enthusiasm about global growth and red hot alongside the recovery – is down roughly 10% since early May.

Another high flying sector, Crypto currencies have taken a pounding recently. Bitcoin is now below \$35,000 after trading above \$63,000 back in April. Furthermore, as mentioned in last month's commentary, the SPAC craze has also eased. To be sure, and to keep the rationalists honest, GameStop and AMC stock continue to trade at astronomical valuations as the "meme" stock vogue continues. The chart below shows year to date movement of AMC stock (part of the Russell 2000 Value index, which impacts relative performance). AMC has a 1,957% return year to date. Maybe a lot of people are returning to the movie theatres, but really?

Equity Markets

Although most equity indices were positive in the month, growth stocks led the way. As the Federal Reserve persuaded many that inflation risks will be "transitory" and interest rates will remain low at least through next year, the "re-opening" stocks were impacted and value stocks were negative across market capitalizations. For the first half of the year, value stocks still hold a meaningful gain. Meanwhile, stocks outside of the U.S. lagged, with COVID variants proving an impediment to re-opening in various developed economies and the Virus still wreaking havoc in under-vaccinated emerging economies. Small capitalization stocks were also weaker in the month, after leading for most periods until June.

Fixed Income Markets

Bonds were mostly positive in June. Credit spreads tightened further while the 10-year U.S. Treasury yield fell from 1.58% to 1.45%. Intermediate and long maturity bonds benefitted the most from the lower movement in interest rates. In addition, with near term inflation concerns somewhat abated, TIPS posted a positive return for the month. For the first six months, the broad bond market remains in negative territory.
