This credit shall reduce the personal income tax imposed under §11-21-1 *et seq.* of this code and the corporation net income tax imposed under §11-24-1 *et seq.* of this code and for any eligible certificate holder, subject to the following conditions and limitations:

(1) The amount of credit allowable for any eligible certificate holder is applied as utilized pursuant to subdivisions (2), (3), and (4) of this subsection (b) and any unused credit may be carried forward to subsequent taxable years until the credit is exhausted;

(2) *Corporation net income tax.* —

The credit is applied to reduce the corporation net income tax imposed under §11-24-1 *et seq.* of this code (determined after application of §11-13Y-1 *et seq.* of this code and any other allowable credits against tax) or any similar tax, including, but not limited to, local or foreign income, alternative, minimum, accumulated earnings, personal holding company, franchise, capital stock, profits, windfall profits, or gross receipts tax to zero. The amount of annual credit allowed will not reduce corporation net income tax, imposed under §11-24-1 *et seq.* of this code or any

similar tax, including, but not limited to, local or foreign income, alternative, minimum, accumulated earnings, personal holding company, franchise, capital stock, profits, windfall profits, or gross receipts tax below zero. Notwithstanding §11-24-13a(g) and §11-24-13c(b)(2) of this code or any other provisions under this code, credit earned by one member of a combined group, but not fully used by that member, may be used, in whole or in part, by another member of the combined group to reduce the corporation net income tax imposed under §11-24-1 *et seq.* of this code or any similar tax, including, but not limited to, local or foreign income, alternative, minimum, accumulated earnings, personal holding company, franchise, capital stock, profits, windfall profits, or gross receipts tax to zero;

(3) *Flow-through entities.* —

(A) If the eligible taxpayer is a flow-through entity, then any unused credit (after application of subdivision (2) of this subsection) is allowed or allowable as a credit against the taxes imposed by §11-24-1 *et seq.* of this code on owners of the eligible taxpayer on the conduit income directly derived from the eligible taxpayer by its owners. Only those portions of the tax imposed by §11-24-1 *et seq.* of this code that are imposed on income directly derived by the owner from the eligible taxpayer are subject to offset by this credit;

(B) For eligible certificate holders the amount of annual credit allowed or allowable may reduce corporation net income tax, imposed under §11-24-1 *et seq.* of this code, to zero percent of the amount which would be imposed on the conduit income directly derived from the eligible taxpayer by each owner for such taxable year in the absence of this credit against the taxes as determined after application of §11-13Y-1 *et seq.* of this code any other allowable credits against tax;

(C) Flow-through entities shall allocate any unused credit after application of subdivisions (2) and, (3) of this subsection among their owners in the same manner as profits and losses are allocated for the taxable year; and

(4) *Personal income tax* – The tax credit authorized by this article may be applied against the tax imposed under §11-21-1 *et seq.* of this code, on a sole proprietor who is eligible certificate holder, or on flow-through income of an individual partner, owner, interest holder or S Corporation shareholder, which is net income from an eligible certificate holder directly and solely derived from the qualified labor intensive heavy industrial manufacturing project. Annual credit allowed will not reduce the tax imposed under §11-21-1 *et seq.* of this code on such flow-through income below zero.

(c) *Application for credit required.*

(1) *Application required.* — Prior to making written application to the Tax Commissioner, an eligible certificate holder may begin claiming credits pursuant to this article. §11-13LL-5. Qualified manufacturing investment.

(a) *General.* – The qualified manufacturing investment is the applicable percentage of the cost of property purchased for manufacturing investment, which is placed in service or use in this state, by the eligible taxpayer during the taxable year.

(b) *Applicable percentage.*

(1) For the purposes of subsection (a) of this section, the applicable percentage for any property is determined under the following table:

(B) Depreciation life or useful life, as determined pursuant to the depreciation methods used by the taxpayer for federal income tax purposes; or

(C) Depreciation life or useful life, as determined pursuant to the modified accelerated cost recovery system, as in effect under the United States Internal Revenue Code as of October 1, 2021.

(3) The election of method under this section shall be made on the application for credit filed with the Tax Commissioner for the project. The election of a method, once made, may not be changed during the life of the tax credit authorized under this article except by written approval of the Tax Commissioner.

(c) *Placed in service or use.* – For purposes of the credit allowed by this article, property is considered placed in service or use in the earlier of the following taxable years:

Notwithstanding the foregoing, eligible certificate holder may begin claiming credits pursuant to this article upon certification.

(d) *Cost.* — For purposes of this section, the cost of property purchased for manufacturing investment, is determined under the following rules:

(b) Ceases to be used in an industrial facility of the taxpayer in this state prior to the end of its useful life, as determined under §11-13LL-5 of this code, then the unused portion of the credit allowed for such property is forfeited for the taxable year and all ensuing years. Except when the property is damaged or destroyed by fire, flood, storm or other casualty, or is stolen, the taxpayer shall redetermine the amount of credit allowed in all earlier years by reducing the applicable percentage of cost of the property allowed under §11-13LL-5 of this code, to correspond with the percentage of cost allowable for the period of time that the property was actually used in manufacturing activity as part of an industrial facility of the taxpayer. The taxpayer must then file a reconciliation statement with its annual return filed under §11-24-1 *et seq.* or §11-21-1 *et seq.* of this code, for the year in which the forfeiture occurs and pay any additional taxes owed due to reduction of the amount of credit allowable for the earlier years, plus interest and any applicable penalties.

In this event, the successor business is allowed to claim the amount of credit still available with respect to the property or industrial facility transferred, and the taxpayer (transferor) may not be required to redetermine the amount of credit allowed in earlier years.

(b) *Transfer or sale to successor.* – Property will not be treated as disposed of under §11-13LL-6 of this code by reason of any transfer or sale to a successor business which continues to use the property in manufacturing in an industrial facility in West Virginia.

Upon transfer or sale, the successor shall acquire the amount of credit that remains available under this article for each subsequent taxable year, and the taxpayer (transferor) shall not be required to redetermine the amount of credit allowed in earlier years. Upon transfer or sale, the successor shall acquire the amount of credit that remains available under this article for each taxable year subsequent to the taxable year of the transferor during which the transfer occurred and, for the year of transfer, an amount of annual credit for the year in the same proportion as the number of days remaining in the transferor's taxable year bears to the total number of days in the taxable year.

(b) If a taxpayer cannot establish when property purchased for manufacturing investment reported for purposes of claiming this credit returned during the taxable year was placed in service, the taxpayer is treated as having placed it in service in the most recent prior year in which similar property was placed in service, unless the taxpayer can establish that the property placed in service in the most recent year is still on hand and used in manufacturing activity at the end of that year. In that event, the taxpayer will be treated as having placed the returned property in service in the next most recent year.

§11-13LL-10. Rule-making.

A nonalcoholic antiseptic shall be used for cleansing the skin prior to venipuncture. The person tested may, at his or her own expense, have a doctor of medicine or a doctor of osteopathy, registered nurse, or trained medical technician of his or her own choosing, at the place of his or her employment, administer a chemical test in addition to the test administered at the direction of the law-enforcement officer. Upon the request of the person who is tested, full information concerning the test taken at the direction of the law-enforcement officer shall be made available to him or her. The analysis disclosed by the chemical test shall be made available to the arrested person immediately upon demand.

§17C-25-8. Fee for withdrawing blood sample and making urine test; payment of fees.

A reasonable fee shall be allowed to the person withdrawing a blood sample or administering a urine test at the request and direction of a law-enforcement officer in accordance with the provisions of this article. If the person whose blood sample was withdrawn or whose urine was tested was arrested and charged with a violation of §17C-25-2 of this code, the county having venue of the charge shall pay the fee. If the person is subsequently convicted of the charge, the fee shall be taxed as a part of the costs of the criminal proceeding and shall be paid, notwithstanding any

other provision of this code to the contrary, into the general fund of the county.

(a) A person shall not operate or cause or authorize to be operated any aircraft within this state unless such aircraft has an appropriate effective certificate, permit, or license issued by the United States, if such certificate, permit, or license is required by the United States.

(b) A person may not engage in aeronautics in this state unless he or she has an appropriate effective certificate, permit, rating, or license issued by the United States authorizing him or her to engage in the particular class of aeronautics in which he or she is engaged, if such certificate, permit, rating, or license is required by the United States.

(c) Where a certificate, permit, rating, or license is required by the United States, it shall be kept in the personal possession of a pilot when he or she is operating within this state and shall be presented for inspection upon the demand of any law enforcement officer, or any official, manager, or person in charge of any airport upon which they shall land, or upon the reasonable request of any other person.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. STATE BOARD OF EDUCATION.

§18-2-7f. Alternative educational opportunities for elective course credit.

(1) Programs outside of the traditional classroom have educational value;

(2) Many entities, including, but not limited to, nonprofit organizations, afterschool programs, businesses, and trade associations may have an interest in offering programs outside of the traditional classroom that are attractive to students and contain educational value;

(3) Learning opportunities that are designed to address the interests and aptitudes of the individual student will enable students to discover, develop, and apply their individual talents to realize their full potential;

(4) Policies that allow for educational opportunities outside of the traditional classroom exist in other states;

(b) *Program established.* — The State Board of Education shall establish, develop, and maintain a program whereby students can

earn elective course credit for extended learning opportunities that take place outside of the traditional classroom setting. evaluated in accordance with a county board of education's adopted policy on alternative educational opportunities for purposes of awarding credit.

(j) *Auditing of approved programs.* — The State Board of Education may audit approved extended learning opportunity programs at any time. If the audit results in findings that an approved program is not meeting the provisions of this section, then the board may disqualify the program immediately.

(k) The Department of Education shall prepare a report with respect to the implementation of extended learning opportunity programs in accordance with the provisions of this section to the Legislative Oversight Commission on Education Accountability no later than December 31, 2022.

The Legislature finds that the use of electronic technology and other procedures to manage and preserve public records by counties should be uniform throughout the state where possible.

(a) The governing body and the chief elected official of a county, hereinafter referred to as a county government entity, whether organized and existing under a charter or under general law, shall promote the principles of efficient records management and preservation of local records. A county governing entity may, as far as practical, follow the program established for the uniform management and preservation of county records as set out in rules proposed for legislative approval in accordance with the provisions of §29A-3-1 *et seq.* of this code as proposed by the Records Management and Preservation Board.

(b) In the event a county government entity decides to destroy or otherwise dispose of a county record, the county government

entity may, prior to destruction or disposal thereof, offer the record to the director of Archives and History within the Department of Arts, Culture, and History for preservation of the record as a document of historical value. Unless authorized by the Supreme Court of Appeals, the records of courts of record and magistrate courts are not affected by the provisions of this section.

(c)(1) A preservation duplicate of a county government entity record may be stored in any format approved by the board in which the image of the original record is preserved in a form, including electronic file, in which the image is incapable of erasure or alteration and from which a reproduction of the stored record may be retrieved that truly and accurately depicts the image of the original county government record.

(2) Except for those formats, processes, and systems used for the storage of records on the effective date of this section, no alternate format for the storage of county government entity records described in this section is authorized for the storage of county government entity records unless the particular format has been approved pursuant to a legislative rule promulgated by the board in accordance with the provisions of chapter 29A of this code. The board may prohibit the use of any format, process, or system used for the storage of records upon its determination that the same is not reasonably adequate to preserve the records from destruction, alteration, or decay.

(3) Upon creation of a preservation duplicate that stores an original county government entity record in an approved format that is incapable of erasure or alteration and that may be retrieved in a format that truly and accurately depicts the image of the original record, the county government entity may destroy or otherwise dispose of the original in accordance with the provisions of §57-1-7c of this code.

COMPACTS.**

ARTICLE 3. SOLID WASTE MANAGEMENT BOARD.

§22C-3-4. Solid Waste Management Board; organization of board; appointment and qualification of board members; their term of office, compensation, and expenses; director of board.

The Solid Waste Management Board is a governmental instrumentality of the state and a body corporate. The exercise by the board of the powers conferred on it by this article and the carrying out of its purposes and duties are essential governmental functions and are for a public purpose.

The board is composed of seven members. The Secretary of the Department of Health and Human Resources and the Director of the Division of Environmental Protection, or their designees, are members ex officio of the board. The other five members of the board are appointed by the Governor, by and with the advice and consent of the Senate, for terms of one, two, three, four, and five years, respectively. Two appointees shall be persons having at least three years of professional experience in solid waste management, civil engineering, or regional planning and three appointees shall be representatives of the general public. The successor of each such

appointed member shall be appointed for a term of five years in the same manner the original appointments were made and so that the representation on the board as set forth in this section is preserved, except that any person appointed to fill a vacancy occurring prior to the expiration of the term for which his or her predecessor was appointed shall be appointed only for the remainder of such term. Each board member serves until the appointment and qualification of his or her successor.

The person appointed as secretary-treasurer shall give bond in the sum of \$50,000. If a board member is appointed as secretary-treasurer, he or she shall give bond in the sum of \$25,000 in addition to the bond required in the preceding paragraph.

All such compensation and expenses incurred by board members are payable solely from funds of the board or from funds appropriated for such purpose by the Legislature and no liability or obligation shall be incurred by the board beyond the extent to which moneys are available from funds of the board or from such appropriation.

The board shall meet at least four times annually and at any time upon the call of its chair or upon the request in writing to the chair of four board members.

(2) For purposes of this section, employees of the Joint Committee on Government and Finance are entitled to the same benefits as employees of the House of Delegates or the Senate: *Provided*, That for joint committee employees whose terms of employment are otherwise classified as temporary, employment in preparation for regular sessions, certified by the legislative manager as required by the Legislature for its regular sessions, shall be considered the same as employment during regular sessions to meet service credit requirements for sessions served.

(f) Any employee may purchase retroactive service credit for periods of employment in which contributions were not deducted from the employee's pay. In the purchase of service credit for employment prior to 1989 in any department, including the Legislature, which operated from the General Revenue Fund and which was not expressly excluded from budget appropriations in which blanket appropriations were made for the state's share of public employees' retirement coverage in the years prior to 1989, the employee shall pay the employee's share. Other employees

shall pay the state's share and the employee's share to purchase retroactive service credit. Where an employee purchases service credit for employment which occurred after 1988, that employee shall pay for the employee's share and the employer shall pay its share for the purchase of retroactive service credit: *Provided*, That no legislative employee and no current or former member of the Legislature may be required to pay any interest or penalty upon the purchase of retroactive service credit in accordance with the provisions of this section where the employee was not eligible to become a member during the years for which he or she is purchasing retroactive credit or had the employee attempted to contribute to the system during the years for which he or she is purchasing retroactive service credit and the contributions would have been refused by the board: *Provided, however*, That a current legislative employee purchasing retroactive credit under this section shall do so within 24 months of beginning contributions to the retirement system as a legislative employee or no later than December 31, 2016, whichever occurs later: *Provided further*, That once a legislative employee becomes a member of the retirement system, he or she may purchase retroactive service credit for any time he or she was employed by the Legislature and did not receive service credit. Any service credit purchased shall be credited as six months for each 60-day session worked, three months for each 30-day session worked or 12 months for each 60-day session for legislative employees who have been employed during regular sessions in 13 consecutive calendar years, as certified by the clerk of the house in which the employee served, and credit for interim employment as provided in this subsection: *And provided further*, That this legislative service credit shall also be used for months of service in order to meet the 60-month requirement for the payments of a temporary legislative employee member's retirement annuity: *And provided further*, That no legislative employee may be required to pay for any service credit beyond the actual time he or she worked regardless of the service credit which is credited to him or her pursuant to this section: *And provided further*, That any legislative employee may request a recalculation of his or her credited service to comply with the provisions of this section at any time.

(g) (1) Notwithstanding any provision to the contrary, the seven consecutive calendar years requirement and the 13 consecutive calendar years requirement and the service credit requirements set forth in this section shall be applied retroactively to all periods of legislative employment prior to the passage of this section, including any periods of legislative employment occurring before the seven consecutive and 13 consecutive calendar years referenced in this section: *Provided*, That the employee has not retired prior to the effective date of the amendments made to this section in the 2002 regular session of the Legislature.

(2) The requirement of seven consecutive years and the requirement of 13 consecutive years apply retroactively to all legislative employment prior to the effective date of the 2006 amendments to this section.

(h) The board of trustees shall grant service credit to any former or present member of the State Police Death, Disability and Retirement Fund who has been a contributing member of this system for more than three years for service previously credited by the State Police Death, Disability and Retirement Fund if the member transfers all of his or her contributions to the State Police Death, Disability and Retirement Fund to the system created in this article, including repayment of any amounts withdrawn any time from the State Police Death, Disability and Retirement Fund by the member seeking the transfer allowed in this subsection: *Provided*, That there shall be added by the member to the amounts transferred or repaid under this subsection an amount which shall be sufficient to equal the contributions he or she would have made had the member been under the Public Employees Retirement System during the period of his or her membership in the State Police Death, Disability and Retirement Fund, excluding contributions on lump sum payment for annual leave, plus interest at a rate determined by the board.

(i) The provisions of §5-10-22h of this code are not applicable to the amendments made to this section during the 2006 regular session.

§5-10-30. Refund of accumulated contributions.

(a) In the event a member leaves the employ of a participating public employer prior to the date the member becomes entitled to retire with an annuity payable by the retirement system, the member shall be paid, upon the member's written application filed with the board of trustees, the member's accumulated contributions, if the member's separation from the employ of a participating public employer occurs subsequent to a period of two years of contributing service. If the member's said separation from the employ of a participating public employer occurs prior to two years of contributing service, the member shall be paid the member's accumulated contributions less the total regular interest credited to the member's individual account.

(b) In the event a member dies and does not leave a beneficiary entitled to an annuity payable by the retirement system, the member's accumulated contributions at the time of the member's death shall be paid to such person or persons as he or she shall have nominated by written designation duly executed and filed with the board of trustees. If there be no such designated person or persons surviving the said member, the member's said accumulated contributions shall be paid to the member's estate.

(c) In the event a member dies and a refund of the member's contributions is due to be made to an infant child or children by reason of being the person or persons nominated by written designation duly executed and filed with the retirement system, and the amount of said refund is less than \$1,000, then, and in said event, the board of trustees may make said refund, upon written application, to the closest relative or natural guardian for the use of said infant child or children. The board of trustees may, at its discretion, require that said relative or natural guardian post bond with the retirement system to insure that said money will be used for the benefit of said infant child or children. In any event, before said refund is made to said relative or natural guardian of the said infant or infants, said relative or natural guardian shall give the retirement system an indemnifying release of said sums so paid over.

(d) In the event a member leaves the employ of a participating public employer and is entitled to retire with an annuity payable by the retirement system, but will be subject to an annuity reduction at any time due to the 105 percent provision contained in §5-10-17(b) of this code, the member may be paid, upon the member's written application filed with the board of trustees, their accumulated contributions.

CHAPTER 23. WORKERS' COMPENSATION.

ARTICLE 5. REVIEW.

§23-5-12a. Appeal of board decisions to the Intermediate Court of Appeals; procedure; remand and supplemental hearing; effective July 1, 2022.

(a) Any employer, employee, claimant, or dependent who shall feel aggrieved by a decision of the Workers' Compensation Board of Review shall have the right to appeal to the West Virginia Intermediate Court of Appeals, created by §51-11-1 *et seq.* of this code, for a review of such action. The Insurance Commissioner, other private insurance carriers, and self-insured employers, whichever is applicable, shall likewise have the right to appeal to the Intermediate Court of Appeals any final action taken by the Workers' Compensation Board of Review. The aggrieved party shall file a written notice of appeal with the Intermediate Court of Appeals, with a copy to the Workers' Compensation Board of Review, within 30 days after receipt of notice of the action complained of or, in any event, regardless of notice, within 60 days after the date of the action complained of: *Provided*, That unless the notice of appeal is filed within the time specified, no appeal shall be allowed: *Provided, however*, That the time limitation is a condition of the right to appeal and hence jurisdictional. The board shall notify the other parties immediately upon the filing of a notice of appeal. The notice of appeal shall state the grounds for review and whether oral argument is requested. The Workers' Compensation Board of Review, after receiving a copy of the

notice of appeal, shall forthwith make up a transcript of any proceedings before the board of review and certify and transmit it to the Intermediate Court of Appeals. The certificate shall incorporate a brief recital of the proceedings in the matter and recite each order entered or decision issued and the date thereof.

(b) The Intermediate Court of Appeals shall set a time and place for the hearing of arguments on each claim and shall notify the interested parties thereof. The review by the court shall be based upon the record submitted to it and such oral argument as may be requested and received. The Intermediate Court of Appeals may affirm, reverse, modify, or supplement the decision of the Workers' Compensation Board of Review and make such disposition of the case as it determines to be appropriate. Briefs may be filed by the interested parties in accordance with the rules of procedure prescribed by the court. The Intermediate Court of Appeals may affirm the order or decision of the Workers' Compensation Board of Review or remand the case for further proceedings. It shall reverse, vacate, or modify the order or decision of the Workers' Compensation Board of Review, if the substantial rights of the petitioner or petitioners have been prejudiced because the Board of Review's findings are:

- (1) In violation of statutory provisions;
- (2) In excess of the statutory authority or jurisdiction of the Board of Review;
- (3) Made upon unlawful procedures;
- (4) Affected by other error of law;
- (5) Clearly wrong in view of the reliable, probative, and substantial evidence on the whole record; or
- (6) Arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(c) After a review of the case, the Intermediate Court of Appeals shall issue a written decision and send a copy by mail to the parties.

(1) All decisions, findings of fact, and conclusions of law of the Intermediate Court of Appeals shall be in writing and state with specificity the laws and facts relied upon to sustain, reverse, or modify the Board of Review's decision.

(2) A decision of the Intermediate Court of Appeals is binding upon the Insurance Commissioner, other private insurance carriers, and self-insured employers, whichever is applicable, with respect to the parties involved in the particular appeal. The Insurance Commissioner, other private insurance carriers, and self-insured employers, whichever is applicable, shall have the right to seek judicial review of a final decision of the Intermediate Court of Appeals, pursuant to §51-11-10 of this code, irrespective of whether the party appeared or participated in the appeal to the Intermediate Court of Appeals.

(d) Instead of affirming, reversing, or modifying the decision of the Workers' Compensation Board of Review, the Intermediate Court of Appeals may, upon motion of any party or upon its own motion, for good cause shown, to be set forth in the order of the court, remand the case to the Board of Review for the taking of such new, additional, or further evidence as in the opinion of the court considers necessary for a full and complete development of the facts of the case. In the event the Intermediate Court of Appeals shall remand the case to the Board of Review for the taking of further evidence, the Board of Review shall proceed to take new, additional, or further evidence in accordance with any instruction given by the court within 30 days after receipt of the order remanding the case. The Workers' Compensation Board of Review shall give to the interested parties at least 10 days' written notice of the supplemental hearing, unless the taking of evidence is postponed by agreement of parties, or by the Board of Review for good cause. After the completion of a supplemental hearing, the Workers' Compensation Board of Review shall, within 60 days, render its decision affirming, reversing, or modifying the former action of the Workers' Compensation Board of Review. The decision shall be appealable to, and proceeded with, by the Intermediate Court of Appeals in the same manner as other appeals. In addition, upon a finding of good cause, the court may remand

the case to the Insurance Commissioner, other private insurance carriers, or self-insured employers, whichever is applicable, for further development. Any decision made by the Insurance Commissioner, other private insurance carriers, or self-insured employers, whichever is applicable, following a remand, shall be subject to objection to the Workers' Compensation Board of Review and not to the Intermediate Court of Appeals. The Intermediate Court of Appeals may remand any case as often as, in its opinion, is necessary for a full development and just decision of the case.

(e) In all proceedings before the Intermediate Court of Appeals, any party may be represented by counsel.

(f) This section becomes effective on July 1, 2022.

CHAPTER 51. COURTS AND THEIR OFFICERS.

ARTICLE 2A. FAMILY COURTS.

(d) Regardless of the changes in delegate district boundaries made by the provisions of subsection (c) of this section, the delegates elected at the general election held in the year 2020 continue to hold their offices as members of the House of Delegates for the term, and as representatives of the county or delegate district, for which each was elected. Any appointment made to fill a vacancy in the office of a member of the House of Delegates shall be made for the remainder of the term, and as representative of the county or delegate district, for which the vacating delegate was elected or appointed.

§1-2-2b. Precinct boundary changes.

(a) If an election precinct of this state includes territory contained in more than one senatorial or delegate district, as such senatorial districts are established by §1-2-1 of this code and as such delegate districts are established by §1-2-2 of this code or, if following the legislative redistricting, an election precinct change, division, or consolidation is necessary pursuant to §3-1-7 of this code, the county commission of the county in which the precinct is located shall, prior to January 21, 2022, alter the boundary lines of its election precincts so that no precinct contains territory included in more than one senatorial or delegate district. Notice of the proposed precinct changes shall be published as a Class II-0 legal advertisement in compliance with the provisions of §59-3-1 *et seq.* of this code. The publication area is the county in which the

precinct or precincts are located. Notwithstanding any other provisions of this code, the county commission shall only be required to provide this notice 15 days in advance of the proposed changes.

(b) If a magisterial district boundary change is required, pursuant to §7-2-2 of this code, following the legislative redistricting, notice of the proposed magisterial district boundary changes shall be published in the manner prescribed by §7-2-2 of this code for a period of no less than 14 consecutive days prior to the county commission's meeting in which such action is proposed to be taken.

CHAPTER 37

(S. B. 3034 - By Senators Swope, Sypolt, and Tarr)

[Passed October 20, 2021; in effect from passage.]

[Approved by the Governor on October 22, 2021.]

AN ACT to amend and reenact §1-2-1 and §1-2-2b of the Code of West Virginia, 1931, as amended, all relating to dividing and altering the state into senatorial districts; defining terms; setting forth legislative findings; providing for senatorial districts; clarifying constitutional residency dispersal provision; providing requirements for nomination, election, and appointment of senators; providing requirements for filing certificate of candidacy for election from a multi-county senatorial district; providing for effect of redistricting on senators elected in 2018 and 2020 general elections and on senators appointed to fill vacancies; authorizing rulemaking; providing for precinct and magisterial district boundary changes and notice therefor; and making technical changes.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. APPORTIONMENT OF REPRESENTATION.

§1-2-1. Senatorial districts.

(a) This section shall be known and may be cited as the Senate Redistricting Act of 2021.

(b) As used in this section:

(1) “County” means the territory comprising a county of this state as such county existed on January 1, 2020, notwithstanding any boundary changes thereof made subsequent thereto;

(2) “Tract”, “block group”, and “block” mean those geographic areas as those terms are respectively defined by the Bureau of the Census of the United States Department of Commerce for the taking of the 2020 census of population and described on census maps and data prepared by the Bureau of the Census. Such maps and data are, at the time of this enactment, maintained by the Bureau of the Census and have been provided to the West Virginia Legislature;

(3) “Incumbent senator” means:

(A) For purposes of the general election to be held in the year 2022,

(i) A senator elected at the general election held in the year 2020; or

(ii) A senator appointed to complete the term of office of a senator who was elected at the general election held in 2020.

(B) For purposes of the general election to be held in the year 2024 or any general election thereafter,

(i) A senator elected at the immediately preceding general election; or

(ii) A senator appointed to complete the term of office of a senator who was elected at the immediately preceding general election.

(c) The Legislature recognizes that in dividing the state into senatorial districts, the Legislature is bound not only by the United States Constitution but also by the West Virginia Constitution; that in any instance where the West Virginia Constitution conflicts with the United States Constitution, the United States Constitution must govern and control, as provided by article VI of the United States Constitution and as recognized in section one, article I of the West Virginia Constitution; that the United States Constitution, as interpreted by the United States Supreme Court and other federal courts, requires state legislatures to be apportioned so as to achieve equality of population as nearly as is practicable, population

disparities being permissible where justified by rational state policies, and population disparities being presumptively constitutional where the maximum population deviation between the largest and the smallest district is less than 10%, as recognized by the United States Supreme Court in *Brown v. Thompson*, 462 U.S. 835 (1983) and *Evenwel v. Abbott*, 136 S.Ct. 1120 (2016); and that the West Virginia Constitution requires two senators to be elected from each senatorial district for terms of four years each, one such senator being elected every two years, with one half of the senators being elected biennially, and requires senatorial districts to be compact, formed of contiguous territory and bounded by county lines. The Legislature finds and declares that it is not possible to divide the state into senatorial districts so as to achieve equality of population as near as is practicable as required by the United States Supreme Court and other federal courts and at the same time adhere to all of these provisions of the West Virginia Constitution; but that, in an effort to adhere as closely as possible to all of these provisions of the West Virginia Constitution, the Legislature, in dividing the state into senatorial districts, as described and constituted in subsection (d) of this section, has:

(1) Adhered to the equality of population requirement as delineated in the cases referenced in subsection (c) of this section, while at the same time recognizing that from the formation of this state in the year 1863, each Constitution of West Virginia and the statutes enacted by the Legislature have recognized county lines and many functions, policies, and programs of government have been implemented along county lines;

(2) Made the senatorial districts compact, consistent with the equality of population requirement, and with the requirement of section four, article VI of the West Virginia Constitution that senatorial districts be bounded by county lines;

(3) Formed the senatorial districts, without exception, of “contiguous territory” as that term has been construed and applied by the West Virginia Supreme Court of Appeals;

(4) Deviated from the requirement of section four, article VI of the West Virginia Constitution that senatorial districts be bounded

by county lines by crossing county lines only when necessary to ensure that all senatorial districts were formed of contiguous territory or when adherence to county lines produced unacceptable population inequalities and only to the extent necessary in order to maintain contiguity of territory and to achieve acceptable equality of population;

(5) Also taken into account in crossing county lines, to the extent feasible, the preservation of the cores of districts described and constituted by chapter six, Acts of the Legislature, First Extraordinary Session 2011; and

(6) Also taken into account in crossing county lines, to the extent feasible, the community of interests of the people involved.

(d) The Senate shall be composed of thirty-four senators, one senator to be elected at the general election to be held in the year 2022, and biennially thereafter for a four-year term from each of the senatorial districts hereinafter in this subsection described and constituted as follows:

(1) The first senatorial district consists of the following counties, tracts, block groups, and blocks, together with their respective populations from the 2020 federal decennial census:

(e) The West Virginia Constitution further provides, in section four, article VI thereof, that where a senatorial district is composed of more than one county, both senators for such district shall not be chosen from the same county, a residency dispersal provision which is clear with respect to senatorial districts which follow county lines, as required by such Constitution, but which is not clear in application with respect to senatorial districts which cross county lines. However, in an effort to adhere as closely as possible to the West Virginia Constitution in this regard, the following additional provisions, in furtherance of the rationale of such residency dispersal provision and to give meaning and effect thereto, are hereby established:

(1) With respect to a senatorial district which is composed of one or more whole counties and one or more parts of another county or counties, no more than one senator shall be chosen from the same county or from the same part or parts of a county to represent such senatorial district; and

(2) With respect to a senatorial district which does not contain any whole county but only parts of two or more counties, no more than one senator shall be chosen from the same part or parts of a county to represent such senatorial district.

(f) Candidates for the Senate shall be nominated as provided in §3-5-4 of this code, except that such candidates shall be nominated in accordance with the residency dispersal provisions specified in section four, article VI of the West Virginia Constitution and the additional residency dispersal provisions specified in subsection (e) of this section. Candidates for the Senate shall also be elected in accordance with the residency dispersal provisions specified in said section and the additional residency dispersal provisions

specified in subsection (e) of this section. In furtherance of the foregoing provisions of this subsection, no person may file a certificate of candidacy for election from a multi-county senatorial district described and constituted in subsection (d) of this section if he or she resides in the same county as an incumbent senator whose residence is located within that district, whether or not the numerical designation of that district is the same as the numerical designation of the district described and constituted by chapter six, Acts of the Legislature, First Extraordinary Session 2011 wherein the incumbent senator resides. Any vacancy in a nomination shall be filled, any appointment to fill a vacancy in the Senate shall be made, and any candidates in an election to fill a vacancy in the Senate shall be chosen so as to be consistent with the residency dispersal provisions specified in section four, article VI of the West Virginia Constitution and the additional residency dispersal provisions specified in subsection (e) of this section.

(g) Regardless of the changes in senatorial district boundaries made by the provisions of subsection (d) of this section, each senator elected at the general election held in the year 2018 and at the general election held in the year 2020 shall continue to hold his or her seat as a member of the Senate for the term, and as a representative of the senatorial district, for which he or she was elected. Any appointment made or election held to fill a vacancy in the Senate shall be for the remainder of the term and as a representative of the senatorial district, for which the vacating senator was elected or appointed, and any such election shall be held in the district as the same was described and constituted at the time the vacating senator was elected or appointed.

(h) The Secretary of State may promulgate rules and regulations to implement the provisions of this section, including emergency rules and regulations promulgated pursuant to the provisions of §29A-3-5 of this code.

§1-2-2b. Precinct and magisterial district boundary changes; notice.

(a) If an election precinct of this state includes territory contained in more than one senatorial or delegate district, as such

senatorial districts are established by §1-2-1 of this Code and as such delegate districts are established by §1-2-2 of this Code, or if following the legislative redistricting accomplished in §1-2-1 or §1-2-2 of this Code an election precinct change, division, or consolidation is necessary pursuant to §3-1-7 of this Code, the county commission of the county in which the precinct is located shall, prior to January 22, 2022, alter the boundary lines of its election precincts so that no precinct contains territory included in more than one senatorial or delegate district. Notice of the proposed precinct changes shall be published via Class II-0 legal advertisement.

(b) If a magisterial district boundary change is required pursuant to §7-2-2 of this Code following the legislative redistricting accomplished §1-2-1 or §1-2-2 of this Code, notice of the proposed magisterial district boundary changes shall be published in the manner prescribed in §7-2-2 of this Code for a period of no less than 14 consecutive days prior to the term of court at which such action is proposed to be taken: *Provided*, That this subsection shall only apply to magisterial district boundary changes prior to January 22, 2022.

Be it enacted by the Legislature of West Virginia:

ARTICLE 7. DANGEROUS WEAPONS.

§61-7-4. License to carry deadly weapons; how obtained.

(a) (1) Except as provided in §61-7-4(q) of this code, a legal resident or citizen of West Virginia desiring to obtain a state resident license to carry a concealed deadly weapon shall apply to the sheriff of his or her county for the license, and pay to the sheriff, at the time of application, a fee of \$50. A concealed weapons license may only be issued for pistols and revolvers.

(2) A legal resident or citizen of another state of the United States desiring to obtain a nonresident state license to carry a concealed deadly weapon shall apply to a sheriff of any county in

this state for the license, and pay to the sheriff, at the time of application, a fee of \$100. A concealed weapons license may only be issued for pistols and revolvers.

(b) Each applicant for a state resident license or nonresident license to carry a concealed deadly weapon shall file with the sheriff a complete application, as prepared by the Superintendent of the West Virginia State Police, in writing, duly verified, which sets forth only the following licensing requirements:

(1) The applicant's full name, date of birth, social security number, a description of the applicant's physical features, the applicant's place of birth, the applicant's country of citizenship, and, if the applicant is not a United States citizen, any alien or admission number issued by the United States Bureau of Immigration and Customs Enforcement, and any basis, if applicable, for an exception to the prohibitions of 18 U.S.C. §922(g)(5)(B);

(2) That, on the date the application is made, the applicant is a bona fide United States citizen or legal resident thereof and either a resident of this state and of the county in which the application is made or a resident of another state in the United States and has a valid driver's license or other state-issued or federally issued photo identification showing the residence;

(3) That the applicant is 21 years of age or older;

(4) That the applicant is not addicted to alcohol, a controlled substance, or a drug and is not an unlawful user thereof as evidenced by either of the following within the three years immediately prior to the application:

(A) Residential or court-ordered treatment for alcoholism or alcohol detoxification or drug treatment; or

(B) Two or more convictions for driving while under the influence or driving while impaired;

(5) That the applicant has not been convicted of a felony unless the conviction has been expunged or set aside, or the applicant's

civil rights have been restored or the applicant has been unconditionally pardoned for the offense;

(6) That the applicant has not been convicted of a misdemeanor crime of violence other than an offense set forth in subdivision (7) of this subsection in the five years immediately preceding the application;

(7) That the applicant has not been convicted of a misdemeanor crime of domestic violence as defined in 18 U.S.C. §921(a)(33), or a misdemeanor offense of assault or battery either under §61-2-28 of this code or §61-2-9(b) or §61-2-9(c) of this code, in which the victim was a current or former spouse, current or former sexual or intimate partner, person with whom the defendant cohabits or has cohabited, a parent or guardian, the defendant's child or ward or a member of the defendant's household at the time of the offense, or a misdemeanor offense with similar essential elements in a jurisdiction other than this state;

(8) That the applicant is not under indictment for a felony offense or is not currently serving a sentence of confinement, parole, probation, or other court-ordered supervision imposed by a court of any jurisdiction, is the subject of an emergency or temporary domestic violence protective order, or is the subject of a final domestic violence protective order entered by a court of any jurisdiction;

(9) That the applicant has not been adjudicated to be mentally incompetent or involuntarily committed to a mental institution. If the applicant has been adjudicated mentally incompetent or involuntarily committed, the applicant shall provide a court order reflecting that the applicant is no longer under such disability and the applicant's right to possess or receive a firearm has been restored;

(10) That the applicant is not prohibited under the provisions of §61-7-7 of this code or federal law, including 18 U.S.C. §922(g) or (n), from receiving, possessing, or transporting a firearm;

(11) That the applicant has qualified under the minimum requirements set forth in subsection (e) of this section for handling and firing the weapon: *Provided*, That this requirement shall be waived in the case of a renewal applicant who has previously qualified; and

(12) That the applicant authorizes the sheriff of the county, or his or her designee, to conduct an investigation relative to the information contained in the application.

(c) For both initial and renewal applications, the sheriff shall conduct an investigation including a nationwide criminal background check consisting of inquiries of the National Instant Criminal Background Check System, the West Virginia criminal history record responses, and the National Interstate Identification Index, and shall review the information received in order to verify that the information required in subsection (b) of this section is true and correct. A license may not be issued unless the issuing sheriff has verified through the National Instant Criminal Background Check System that the information available to him or her does not indicate that receipt or possession of a firearm by the applicant would be in violation of the provisions of §61-7-7 of this code or federal law, including 18 U.S.C. §922(g) or (n).

(d)(1) Twenty-five dollars of the resident license application fee shall be deposited into the State Treasury and credited to the account of the State Police, and \$25 of the application fee and any fees for replacement of lost or stolen licenses received by the sheriff shall be deposited by the sheriff into a concealed weapons license administration fund. The fund shall be administered by the sheriff and shall take the form of an interest-bearing account with any interest earned to be compounded to the fund. Any funds deposited in this concealed weapon license administration fund are to be expended by the sheriff to pay the costs associated with issuing concealed weapons licenses. Any surplus in the fund on hand at the end of each fiscal year may be expended for other law-enforcement purposes or operating needs of the sheriff's office, as the sheriff considers appropriate.

(2) Fifteen dollars of the nonresident license application fee shall be deposited in the Courthouse Facilities Improvement Fund created by §29-26-6 of this code; \$25 of the application fee shall be deposited into the State Treasury and credited to the account of the State Police for the purchase of vehicles, equipment for vehicles, and maintenance of vehicles; and \$60 of the application fee shall be deposited in the concealed weapons license administration fund to be administered as provided in subsection (d) of this section.

(e) All persons applying for a license shall complete a training course in handling and firing a handgun, which includes the actual live firing of ammunition by the applicant. The successful completion of any of the following courses fulfills this training requirement: *Provided*, That the completed course includes the actual live firing of ammunition by the applicant:

(1) Any official National Rifle Association handgun safety or training course;

(2) Any handgun safety or training course or class available to the general public offered by an official law-enforcement organization, community college, junior college, college, or private or public institution or organization, or handgun training school using instructors certified by the institution;

(3) Any handgun training or safety course or class conducted by a handgun instructor certified as such by the state or by the National Rifle Association;

(4) Any handgun training or safety course or class conducted by any branch of the United States military, reserve, or National Guard, or proof of other handgun qualification received while serving in any branch of the United States military, reserve, or National Guard.

A photocopy of a certificate of completion of any of the courses or classes or an affidavit from the instructor, school, club, organization, or group that conducted or taught the course or class attesting to the successful completion of the course or class by the

applicant or a copy of any document which shows successful completion of the course or class is evidence of qualification under this section and shall include the instructor's name, signature, and NRA or state instructor identification number, if applicable.

(f) All concealed weapons license applications must be notarized by a notary public duly licensed under §39-4-1 *et seq.* of this code. Falsification of any portion of the application constitutes false swearing and is punishable under §61-5-2 of this code.

(g) The sheriff shall issue a license unless he or she determines that the application is incomplete, that it contains statements that are materially false or incorrect, or that applicant otherwise does not meet the requirements set forth in this section. The sheriff shall issue, reissue, or deny the license within 45 days after the application is filed if all required background checks authorized by this section are completed.

(h) A license in effect as of the effective date of the amendments to this section enacted during the 2019 regular session of the Legislature shall, subject to revocation for cause, be valid until the licensee's birthday during the fifth year from the date of issuance or five years from the date of issuance, whichever is later in time. Renewals of such licenses and licenses newly issued after the effective date of the amendments to this section enacted during the 2019 regular session of the Legislature, subject to revocation for cause, are valid for a period of five years from the licensee's most recent birthday.

(i) Each license shall contain the full name and address of the licensee and a space upon which the signature of the licensee shall be signed with pen and ink. The issuing sheriff shall sign and attach his or her seal to all license cards. The sheriff shall provide to each new licensee a duplicate license card, in size similar to other state identification cards and licenses, suitable for carrying in a wallet, and the license card is considered a license for the purposes of this section. All duplicate license cards issued on or after July 1, 2017, shall be uniform across all 55 counties in size, appearance, and information and shall feature a photograph of the licensee.

(j) The Superintendent of the West Virginia State Police, in cooperation with the West Virginia Sheriffs' Bureau of Professional Standards, shall prepare uniform applications for both resident and nonresident licenses and license cards showing that the license has been granted and shall do any other act required to be done to protect the state and see to the enforcement of this section.

(k) If an application is denied, the specific reasons for the denial shall be stated by the sheriff denying the application. Any person denied a license may file, in the circuit court of the county in which the application was made, a petition seeking review of the denial. The petition shall be filed within 30 days of the denial. The court shall then determine whether the applicant is entitled to the issuance of a license under the criteria set forth in this section. The applicant may be represented by counsel, but in no case is the court required to appoint counsel for an applicant. The final order of the court shall include the court's findings of fact and conclusions of law. If the final order upholds the denial, the applicant may file an appeal in accordance with the Rules of Appellate Procedure of the Supreme Court of Appeals. If the findings of fact and conclusions of law of the court fail to uphold the denial, the applicant may be entitled to reasonable costs and attorney's fees, payable by the sheriff's office which issued the denial.

(l) If a license is lost or destroyed, the person to whom the license was issued may obtain a duplicate or substitute license for a fee of \$5 by filing a notarized statement with the sheriff indicating that the license has been lost or destroyed.

(m) Whenever an applicant or licensee relocates from the address provided in his or her application to another address, he or she shall comply with the following notification requirements:

(1) Within 20 days of a resident licensee relocating from the address provided in his or her application to another county in the state, he or she shall provide written notification of the relocation to the sheriff of the county to which he or she moved and provide his or her new address. The sheriff shall then issue a new resident license bearing the licensee's new address and the original

expiration date, for a fee not to exceed \$5. The license remains valid for the remainder of the original five-year term, unless the sheriff has determined that the person is no longer eligible for a concealed weapon license under the provisions of this article.

(2) Within 20 days of a resident licensee relocating from the address provided in his or her application to an address outside the state, he or she shall provide written notification to the sheriff of the issuing county of the relocation and provide his or her new address. The sheriff shall then issue a new nonresident license bearing the licensee's new address and the original expiration date, for a fee not to exceed \$5. The license remains valid for the remainder of the original five-year term unless the sheriff has determined that the person is no longer eligible for a concealed weapon license under the provisions of this article: *Provided*, That any renewal of the license in the new jurisdiction after expiration requires the payment of a nonresident license fee.

(3) Within 20 days of a nonresident licensee relocating from the address provided in his or her application to another address outside of the state, he or she shall provide written notification of the relocation to the sheriff of the issuing county and provide his or her new address. The sheriff shall then issue a new nonresident license bearing the licensee's new address and original expiration date, for a fee not to exceed \$5. This license remains valid for the remainder of the original five-year term, unless the sheriff has determined that the person is no longer eligible for a concealed weapon license under the provisions of this article.

(4) Within 20 days of a nonresident licensee relocating to West Virginia from the address provided in his or her application, he or she shall provide written notification of the relocation to the sheriff of the county to which he or she has moved and provide his or her new address. The sheriff shall then issue a new resident license bearing the licensee's new address and the original expiration date, for a fee not to exceed \$5. This license remains valid for the remainder of the original five-year term, unless the sheriff has determined that the person is no longer eligible for a concealed weapon license under the provisions of this article.

(n) The sheriff shall, immediately after the license is granted under this section furnish the Superintendent of the West Virginia State Police a certified copy of the approved application. The sheriff shall furnish to the Superintendent of the West Virginia State Police at any time so requested a certified list of all licenses issued in the county. The Superintendent of the West Virginia State Police shall maintain a registry of all persons who have been issued concealed weapons licenses.

(o) The sheriff shall deny any application or revoke any existing license upon determination that any of the licensing application requirements established in this section have been violated by the licensee.

(p) A person who is engaged in the receipt, review, or in the issuance or revocation of a concealed weapon license does not incur any civil liability as the result of the lawful performance of his or her duties under this article.

(q) Notwithstanding subsection (a) of this section, with respect to application for a resident license by an honorably discharged veteran of the armed forces of the United States, reserve, or National Guard, or a former law-enforcement officer honorably retired from agencies governed by §7-14-1 *et seq.* of this code, §8-14-1 *et seq.* of this code, §15-2-1 *et seq.* of this code, and §20-7-1 *et seq.* of this code, an honorably retired officer or an honorably discharged veteran of the armed forces of the United States, reserve, or National Guard, is exempt from payment of fees and costs as otherwise required by this section. All other application and background check requirements set forth in this section are applicable to these applicants.

(r) Information collected under this section, including applications, supporting documents, permits, renewals, or any other information that would identify an applicant for, or holder of, a concealed weapon license, is confidential: *Provided*, That this information may be disclosed to a law-enforcement agency or officer: (i) To determine the validity of a license; (ii) to assist in a criminal investigation or prosecution; or (iii) for other lawful law-enforcement purposes. A person who violates this subsection is

guilty of a misdemeanor and, upon conviction, shall be fined not less than \$50 or more than \$200 for each offense.

(s) A person who pays fees for training or application pursuant to this article after the effective date of this section is entitled to a tax credit equal to the amount actually paid for training not to exceed \$50: *Provided*, That if such training was provided for free or for less than \$50, then such tax credit may be applied to the fees associated with the initial application.

(t) Except as restricted or prohibited by the provisions of this article or as otherwise prohibited by law, the issuance of a concealed weapon license issued in accordance with the provisions of this section authorizes the holder of the license to carry a concealed pistol or revolver on the lands or waters of this state.
