Thereafter the complaint committees met with the Board's Counsel to review complaints and disciplinary matters with no decisions or votes being made and adjourned thereafter.

**July 18, 2013**

The Board's President, Dr. Edwards, determined this meeting was properly noticed with the Secretary of State's office and a sufficient number of Board members were in attendance to constitute a quorum. The quorum was determined by the presence of Dr. Edwards, Dr. Gerber, Dr. Conard, Dr. Eckley, Mr. Ford, Dr. Paletta, and Mrs. Stevens. Therefore, the meeting of the West Virginia Board of Dentistry was called to order.

The first order of business was the meeting notice to the Secretary of State which was distributed for information purposes only.

The next order of business was the acceptance of all applicants interviewed for licensure yesterday and this morning. Upon motion by Mrs. Beverly L. Stevens, and properly seconded by Dr. L. Edward Eckley, and unanimously passing, the Board approved the applicants for licensure.

The next order of business was a presentation by Dr. Jason Roush, State Dental Director concerning Oral Health Program projects.

The next order of business were the review of the Board's proposed rules and comments received as follows:

Series 1, there were no comments received concerning this rule, therefore the agency approved rule filing will be filed as initially filed.

Series 2, there were no comments received concerning this rule, therefore the agency approved rule filing will be filed as initially filed.

Series 3, there were six comments received in regards to the fees proposed for Mobile Dental Facilities

and Portable Dental Units. After consideration of these comments and upon motion by Mr. William E. Ford, and properly seconded by Mrs. Beverly L. Stevens, and unanimously passed, the Board will adopt the rule in its present language for agency approved filing. However, the Board will amend the language in Series 14 to consider relief due to financial hardship.

Series 6, there were no comments received concerning this rule, therefore the agency approved rule filing will be filed as initially filed.

Series 8, there were two comments regarding this rule. Both comments were concerning the restriction of advertising nitrous oxide and/or sedation services. The rules do not restrict the ability to advertise nitrous oxide services or sedation services and the agency approved rules will be filed as initially filed.

Series 10, there were no comments received concerning this rule, therefore the agency approved rule filing will be filed as initially filed.

Series 11, there was one comment received concerning this rule. The comment concerns the addition of language requiring a dentist who is a graduate student in an approved dental specialty program, dental internship or residency program, or related dental or medical degree program to complete three hours of continuing education regarding drug diversion training and best practice prescribing of controlled substances training. Upon motion by Dr. Diane M. Paletta, and properly seconded by Dr. C. Richard Gerber, and unanimously passed, the rule will be amended to include the suggested language.

Series 12, there were five comments received concerning this rule. The Anesthesia Committee sent comments concerning some clean-up items and requesting that a requirement that qualified monitor certificates be posted in the facility and supporting documentation be available for inspection. The West Virginia Dental Association and Dr. Lee Allen commented concerning the requirement of a defibrillator device for dentists using nitrous only, when the new law does not require that. Dr. Richard Smith commented the ADA Guidelines for the Use of Sedation and General Anesthesia by Dentists, should be included in the language concerning the monitoring of breathing, respiration and airway management. Dr. Bryan Weaver sent in comments which appeared to have been forwarded to him from the American Association of Oral & Maxillofacial Surgeons. These comments, for the most part, concerning changing defined words such as Qualified Monitor to Qualified Dental Anesthesia Assistant, or Relative analgesia/minimal sedation to analgesia/minimal sedation. These definitions are defined in the practice act and must remain consistent in the rule. After consideration of these comments, the Board agreed with the comments from the Anesthesia Committee, The West Virginia Dental Association and Dr. Lee Allen, and Dr. Richard Smith, therefore upon motion by Dr. Diane M. Paletta and properly seconded by Dr. L. Edward Eckley, and unanimously passed, these recommended amendments will be made and filed as the agency approved rule. Also, upon motion by Dr. Diane M. Paletta, and properly seconded by Dr. L. Edward Eckley, and unanimously passing, the Board directed the office staff to file Series 12 with the Secretary of State as an emergency rule as well.

Series 13, there were no comments received concerning this rule, therefore the agency approved rule filing will be filed as initially filed.

Series 14, there were eleven comments received concerning this rule. Dr. David Edwards recommended a language change in §5-14-4(f) to read: A statement that the mobile dental facility conforms to all applicable federal, state, and local laws, regulations, and ordinances dealing with radiographic equipment, storage and use of flammable materials, acceptable sanitation and zoning standards along with the facility construction standards, including required or suitable access for disabled individuals. The Board agreed with this recommendation. The West Virginia Dental Association's comments were supportive of the rule because it will implement much-needed oversight of mobile dental facilities and portable dental units to protect the public. Nine of the comments were in regards to financial constraints on non-profits with regards to the application fees and required equipment that would possibly interfere with access to care. Mr. William E. Ford made a motion to amend the rule giving the Board the ability to alter or eliminate fees upon demonstration of hardship to be considered on a case by case basis. Mrs. Beverly L. Stevens, seconded the motion and the motion passed with a unanimous vote. The President of the Board, Dr. David G. Edwards, appointed a committee of the Board, Dr. George D. Conard, Jr., Dr. Diane M. Paletta, and Mrs. Beverly L. Stevens, to meet with the Dental Association, Dental Hygiene Association, the Oral Health Program representatives, etc. to review this rule together prior to legislative hearings to attempt to come up with agreeable language.

The Committee Chairman, Mr. Ford, determined this meeting was properly noticed with the Secretary of State's office and a sufficient number of committee members were in attendance to constitute a quorum. The quorum was determined by the presence of Mr. Ford, Dr. Black, and Mrs. Stevens. Therefore, the meeting of the West Virginia Board of Dentistry's Investigator Committee was called to order.

The purpose of this meeting was to discuss the Board's need for investigators in various parts of the state on a temporary part-time basis. It was determined the Board should, in the least, have an available panel of three investigators, which the committee will recommend to the Board during the July 2015 meeting. The committee directed the Executive Secretary to write a letter to the State's component dental societies informing them of the need for investigators in various parts of the state and to inform their members of this need. Anyone interested in being considered should send a letter of interest with a curriculum vitae to the Board office. Interested parties will be presented to the Board during the July 2015 meeting.
