WVBOT MINUTES: September 25, 2020

MEMBERS PRESENT: Bambi Hill, Phil Simpson, Gene Brooks, Marty Douglas, Kathy Quesenberry

OLD BUSINESS

TOPIC: Future online services

FINDINGS/CONCLUSIONS: Discussed possible future online services to be offered through website, including fillable forms, ability to upload documents, and make payments via egov payment system. Pursue adding additional online services through Tekswift or WV Interactive. Reviewed quote from TekSwift for additional online services. Board requested additional detail on what was included in quote. Marty motioned to request quote from WV Interactive for complete website hosting. Bambi seconded. Vote 5-0. All services must now be approved by WV Office of Technology and State Purchasing. Per discussion with WV Interactive, they have plans to develop a web based database platform for use by licensing boards in 2020. This would incorporate further online services and would be priced on a licensee / transaction based model, which is probably the most cost-effective solution for small boards. Worked with STO to develop payment page to accept credit card payments for initial applications. Received information from inLumon about their web based licensing framework offered on a monthly subscription basis. Several other licensing boards have signed contracts with inLumon. Gene motioned to give Vonda authority to obtain quotes and go forward with purchase of licensing database system. Kathy seconded. Vote 5-0. Three vendors have provided quotes, along with product demos. Quotes reviewed at April 3, 2020 meeting. Kathy motioned to allow Vonda to complete research and make decision between two lowest bidders. Marty seconded. Vote 5-0. **Three year contract signed with Certemy 5/15/20. Online initial applications and Public Registry activated 9/15/20. Reviewed system with Board; discussed open issues with renewal applications / CE reporting.**

ACTION/FOLLOW-UP: Continue implementation process with Certemy.

TOPIC: Interstate Licensure Compact Webinar

FINDINGS/CONCLUSIONS: AOTA and NBCOT have announced collaboration to support development of an Interstate Licensure Compact for OT. The Council of State Governments' National Center for Interstate Compacts will lead the process of developing the licensure compact language. Viewed webinar hosted by the CSG on 9/24/19. Reviewed updates from AOTA / NBCOT. The Advisory Group met in October and came to consensus on a number of key points, one of which is that participating states must implement FBI fingerprint-based criminal background checks. ALSO PRESENT: Vonda Malnikoff

MEETING CALLED TO ORDER: 10:07 a.m.

Phil motioned to approve September 25, 2020 minutes as written. Bambi seconded. Vote 5-0.

OLD BUSINESS

TOPIC: Future online services

FINDINGS/CONCLUSIONS: Discussed possible future online services to be offered through website, including fillable forms, ability to upload documents, and make payments via egov payment system. Pursue adding additional online services through Tekswift or WV Interactive. Reviewed quote from TekSwift for additional online services. Board requested additional detail on what was included in quote. Marty motioned to request quote from WV Interactive for complete website hosting. Bambi seconded. Vote 5-0. All services must now be approved by WV Office of Technology and State Purchasing. Per discussion with WV Interactive, they have plans to develop a web based database platform for use by licensing boards in 2020. This would incorporate further online services and would be priced on a licensee / transaction based model, which is probably the most cost-effective solution for small boards. Worked with STO to develop payment page to accept credit card payments for initial applications. Received information from inLumon about their web based licensing framework offered on a monthly subscription basis. Several other licensing boards have signed contracts with inLumon. Gene motioned to give Vonda authority to obtain quotes and go forward with purchase of licensing database system. Kathy seconded. Vote 5-0. Three vendors have provided quotes, along with product demos. Quotes reviewed at April 3, 2020 meeting. Kathy motioned to allow Vonda to complete research and make decision between two lowest bidders. Marty seconded. Vote 5-0. Three year contract signed with Certemy 5/15/20. Online initial applications and Public Registry activated 9/15/20. Reviewed system with Board; discussed open issues with renewal applications / CE reporting.

ACTION/FOLLOW-UP: Continue implementation process with Certemy.

TOPIC: Interstate Licensure Compact Webinar

FINDINGS/CONCLUSIONS: AOTA and NBCOT have announced collaboration to support development of an Interstate Licensure Compact for OT. The Council of State Governments' National Center for Interstate Compacts will lead the process of developing the licensure compact language. Viewed webinar hosted by the CSG on 9/24/19. Reviewed updates from AOTA / NBCOT. The Advisory Group met in October and came to consensus on a number of key points, one of which is that participating states must implement FBI fingerprint-based criminal background checks. The Drafting Team is expected to complete a draft compact in early May to be distributed to stakeholders for comment in the summer of 2020. The plan is to have a draft ready for consideration by state legislatures in 2021. Attended webinars and provided feedback to committee. **Attended NBCOT session on 10/27/20. Emailed questions regarding FBI background check requirement to obtain a Compact Privilege. The Compact team has decided to make this a requirement for CP only, with no change to existing state license application process. However, this would need to be implemented by the home state licensing board.**

ACTION/FOLLOW-UP: Determine Legislative contact and follow progress.

TOPIC: CE conference 2021

FINDINGS/CONCLUSIONS: Agreed to schedule 2021 conference at Bridgeport Conference Center in late March or April 2021. Attempt to secure same speakers as planned for 2020 conference. Tentatively re-scheduled for April 30, 2021. **Discussed feasibility of holding an in-person conference in 2021 and alternative proposal from Summit. Marty motioned to accept Summit proposal for three private live interactive webinars and special offer for annual subscription to be offered to all licensees in lieu of holding in-person conference. Phil seconded. Vote 5-0.**

ACTION/FOLLOW-UP: Confirm cancellation of conference with Bridgeport Conference Center and all speakers. Work with Summit to choose courses and schedule live interactive webinars in March, June, and November of 2021, with two held on Saturday and one on a weekday. Communicate special annual subscription offer.

The Council of State Governments' National Center for Interstate Compacts will lead the process of developing the licensure compact language. Viewed webinar hosted by the CSG on 9/24/19. Reviewed updates from AOTA / NBCOT. The Advisory Group met in October and came to consensus on a number of key points, one of which is that participating states must implement FBI fingerprint-based criminal background checks. The Drafting Team is expected to complete a draft compact in early May to be distributed to stakeholders for comment in the summer of 2020. The plan is to have a draft ready for consideration by state legislatures in 2021. Attended webinars and provided feedback to committee. Attended NBCOT session on 10/27/20. Emailed questions regarding FBI background check requirement to obtain a Compact Privilege. The Compact team has decided to make this a requirement for CP only, with no change to existing state license application process. However, this would need to be implemented by the home state licensing board. **No action during 2021 Legislative session.**

ACTION/FOLLOW-UP: Close pending further activity.
