Federal Programs

Consolidated Report

Federal Funds are received directly from the federal government and may only be used for the specific purpose for which they are intended. Federal Funds consist of any financial assistance made directly to any state department/bureau/commission/division by the United States government, whether a loan, grant, subsidy, augmentation, reimbursement or any other form of such assistance, including federal matching funds.

Federal Funds have become a substantial part of the operation of state government, either as part of ongoing programs or structured to institute state action. In all cases, Federal Funds are a significant feature of state services and the budget process.

With the following exceptions, Federal Funds must be included in the Budget Act and appropriated by the Legislature (as required by W.Va. Code §4-11-6):

- Federal Funds received by state institutions of higher education, by students, or by faculty members of such institutions for instructional or research purposes and federal funds received for student scholarships or grants-in-aid.
- Federal nondiscretionary pass-through funds earmarked in specified amounts or appropriations for transmittal to local political subdivisions or to designated classes of organizations and individuals which do not require state-matching funds and do not permit discretion in their distribution by the receiving state spending unit.
- Federal Funds made available to the State for costs and damages resulting from natural disasters, civil disobedience, or an occurrence declared by the Governor as a state or emergency.
- Federal Funds received by the West Virginia Division of Highways or the West Virginia Commissioner of Highways.

This report is divided into two sections:

- **Alphabetical Listing** – lists the federal program name and the state department, bureau, commission, board, or authority that received the funding.
- **Agency Listing** – provides detailed information about the federal program including a brief description, WVFIMS account the federal funding was received in, the federal grantor and matching formula, federal catalog number, and actual and estimated receipts.

It was also based on the assumption that the State would receive approximately \$9,000,000 during federal fiscal year 2004. The West Virginia Legislature appropriated \$800,000 in funds for the five percent match. This formula was described in our state plan required by HAVA.

ARRA - Temporary Assistance for Needy Families (TANF) Carryover Funds

Description: The 2009 American Recovery and Reinvestment Act (ARRA) expands flexibility in the use of TANF funds carried over from one fiscal year to the next, and adding a hold-harmless provision to the caseload reduction credit for States and Territories serving more TANF families. The ARRA allows the carryover ANF funds to be used for three purposes: 1) caseload increases; 2) increased expenditures related to non-recurrent short term benefits; 3) increased expenditures for subsidized employment. Before ARRA prior year funds could only be used to pay for expenditures categorized as “assistance”. The stimulus act removed this provision, thus allowing prior year funds to be used for assistance for “non-assistance” costs, therefore not providing a new increase in funds for this purpose, but rather creating flexibility in the ability to draw prior year versus current year funds.
