WEST VIRGINIA BOARD OF OSTEOPATHY
Board Meeting Minutes
October 14, 2009

The West Virginia Board of Osteopathy met, by conference call, originating at the Board Office in Weirton, West Virginia. The meeting was called to order at 9:08 AM by Ernest Miller, D.O. Dr. Arthur Rubin was welcomed as a newly appointed Board member.

Members Participating:

Ernest Miller, D.O.	- President	Arthur Rubin, D.O.	- Physician Member
Thomas Gilligan, D.O.	- Secretary	Elizabeth Blatt, Ph.D.	- Lay Member
Robert Whitler	- Lay Member		

Staff Present:

Diana Shepard	- Executive Director
Cheryl Schreiber	- Executive Secretary
Doren Burrell, Esq.	- Legal Counsel

Approval of Minutes:

The minutes from the September 16, 2009, meeting in Flatwoods were presented for review and approved as presented. **(Gilligan/Blatt)**

WV Board of Osteopathy Rules:

The Legislative Rule-Making Review Committee reviewed the proposed revisions to 24 CSR 1 regarding the licensing procedures for Osteopathic Physicians on Tuesday, October 13, 2009. Diana Shepard and Doren Burrell represented the Board at the review. There was little discussion and the revisions were recommended for approval.

Several questions were asked regarding the recommended revisions to the Fees for Service as outlined in 24 CSR 5. There were concerns from some legislators over the large increases without a "phase-in" period. The Review Committee held the revisions over until October 14, 2009, and requested copies of the Board's budgets for 2007-2009, outlining revenues and expenses. The Board requested that both Ms. Shepard and Ms. Schreiber attend the review to address any further financial concerns.

WV Board Office Relocation:

Staff members have been looking at several potential office sites in the Charleston area. A 1001 square foot office suite at 405 Capitol Street (the old Daniel Boone Hotel) is being recommended as the site of choice. Pictures of the office suite as well as the lobby entrance were sent to each Board member for review. The office consists of one large reception area, two executive offices and a small storage room. Two executive offices are being considered in order to move the Board Attorney into the Board Office. The following considerations were discussed:

- 1) Rent: \$1,475 (Includes utilities and two parking spaces)
Consider 5 Year Contract which freezes rent for first two years with \$50 increase in years three and four and another \$50 increase in year five
- 2) Painting/Carpeting: Completed by Building Management without additional charge
- 3) Laptop Computer: Laptop computer needed to access physician database during Board meetings
- 4) Staffing Issues: Board provision for extended-stay accommodations for Ms. Christine Wroniak during office re-location and training of new staff.

As there will be three full-time staff members working in the office, a third parking space will be required. The Board recommended including a third parking space in the monthly rent for an additional \$55/month. **(Gilligan/Rubin)**

Furnishings for the three office areas as well as a new laptop computer and other office equipment will be needed to replace those items which were shared with the Accounting Office in Weirton. A budget of \$10,000 was granted to the Executive Director without further approval needed by the Board. **(Gilligan/Blatt)**

After considering the above recommendations for office relocation, the Board gave the Executive Director approval to proceed with a contract through the State Leasing Department to secure the 405 Capitol Street office with the stipulations as recorded above. **(Whitler/Gilligan)**

Retirement Date for Ms. Schreiber:

The tentative date scheduled for Cheryl Schreiber's retirement from the position of Executive Secretary of the Board had been scheduled for October 31, 2009. As Ms. Schreiber has three weeks of vacation time that she has not taken and as she is willing to remain with the Board through the end of November, the Board agreed to extend her retirement date until November 30, 2009. **(Gilligan/Blatt)**

The next meeting of the Board will be held on November 12, 2009, at the Greenbrier. There being no further business, the meeting adjourned at 9:45 AM.

Respectively submitted,

Thomas J. Gilligan

NEW BUSINESS

Charlene DeMarco, D.O. – Dr. DeMarco made inquiry as to the probability of obtaining a WV license upon her release from prison on a fraud conviction in New Jersey. As long as her license remains revoked in any state, our Board cannot consider her for licensure.

Kathy Kruger, D.O. – Board received notification of an action on her Pennsylvania license for an unpaid civil penalty. Dr. Kruger is not currently licensed in West Virginia.

American Board of Interventional Pain Physicians – A letter was received requesting Board recognition of the ABIPP as a board-certifying organization. The Executive Director was asked to respond to the ABIPP in writing that our Board does not recognize any board certification in our licensing process.

AIM – The annual meeting is scheduled to be held on April 21, 2010 in Chicago, in conjunction with the FSMB meeting. Ms. Shepard will be representing the Board at April meeting.

FSMB - The annual meeting will be held in Chicago on April 22 thru 24. Again, scholarships of \$1600 will be provided for the President and Executive Director of each Board. Dr. Miller's name was placed in nomination by the Board for the FSMB Nominating Committee. Elections will be held Saturday, April 24th at the FSMB Annual Meeting.

The Advisory Group of the FSMB has prepared a draft report on Maintenance of Licensure to insure competency of licensed practitioners. The draft has included three (3) areas of competency: 1) Reflective Self Assessment; 2) Assessment of Knowledge and Skills; and 3) Performance in Practice.

MedExpress – The following Osteopathic Physicians have been employed by MedExpress for medication dispensing programs:

Darrell K. Boggess, DO
Claudia J. Duncan, DO
David Hefner, DO
John Pellegrini, DO

Gregory K. Burnette, DO
Jennifer Frangos, DO
Suzan R. Myles, DO
Emily S. Clagg, DO

Letters will be forwarded to each physician notifying them of their acceptance into the MedExpress dispensing program.

Physician Assistants – The application of Holly Thompson, PA-C was presented as she had received a reprimand from the WV Board of Medicine while licensed with them. The reprimand addressed a seven (7) week period prior to Ms. Thompson passing her NCCPA certification. This Board did not feel the reprimand should have any affect on her current application.

Mr. Ronald Whitner, PA-C is currently licensed with the Board under the supervision of Dr. Marisa Holland. He is requesting prescriptive privileges with documentation of a 4 hour, Level 1 Pharmacology course from Creighton University. The Board Attorney was requested to review the current Rules for PA prescriptive privileges to clarify the pharmacology requirements.

Tabitha Cox, PA-C, under the supervision of Lori Tucker, D.O., has requested IUD and Implanon implantation procedures. She has been certified by the company, however, Dr. Tucker's name is not listed on their website as a certified provider. Contingent upon verification of Dr. Tucker's certification, the Board approved the additional procedures for Tabitha Cox, PA-C. **(Whitler/Gilligan)**

WV Board of Osteopathy – The Executive Director has developed a retention policy for the Board and conducted an inventory for 2009 and 2010. Based upon that policy and as outlined through State regulations and Medical Practice Act, documents scheduled for destruction have been shredded. As funds become available, the Board would like to move to digital storage for permanent records.

The Executive Director has disposed of, through Surplus Property, several old computers, printers and copiers moved from the Weirton Office.

The P-Card Audit has been finalized and a Representation Letter on our new letterhead has been signed by the President and forwarded to the Auditor's Office. One recommendation from the audit was for the Board to appoint a CFO to regularly review and sign off on expenditures. This alleviates possibility of fraud issues with the Executive Director being both the Purchasing Card holder and the Coordinator. Mr. Whitler, with his local availability, was appointed CFO for the Board. **(Gilligan/Rubin)**

Senator Dan Foster met with representatives of the Board in January to discuss a potential new bill to be introduced which would make the rules for Physician Assistants licensed with the Board of Osteopathy and the Board of Medicine be more congruent. The Board had no objections to such a bill and requested the Board Attorney prepare a draft for Senator Foster.

Clarification was requested regarding the 40 hour requirement for OMT training for those applicants who choose an ACGME approved clinical training program. At least 10-12 hours of the 40 should be hands-on training. The remaining should be AOA approved, Category IA. WVSOM is willing to work with leadership from the WV Osteopathic Society to develop a program to meet these requirements.

The 2009 CME Audit has been completed. A 10% random review was conducted with 100% compliance. The report is on file in the Board Office.

WVMPHP – The following information was provided by the WV Medical Professional Health Program:

- 1) The Board has received three (3) notifications of confidential participants in the program

Report of the Complaint Committee West Virginia Board of Osteopathy

On Tuesday, April 6, 2010, the Complaint Committee met via conference call initiated from the WV Board of Osteopathy Office in Charleston at 10:20 AM. The purpose of the meeting was to discuss four pending complaints and review new information recently obtained by the Board regarding the physician named in the pending complaints.

Complaints #2006-35 and #2000-02, involving the same physician, are currently pending. Two old, pending complaints from 1994 and 1998 had remained open due to simultaneous criminal investigations being conducted on the physician. Those have been completed and the Complaint Committee recommends dismissal of Complaint #1994-17 and Complaint #1998-05 as being too old to pursue at this date.

Additional information has been obtained regarding the deaths of eight (8) patients and three (3) non-patients within days of receipt of prescriptions for controlled substances by this same physician.

RECOMMENDATIONS FOR ACTION:

Dismissal – The Committee reviewed the older complaints, #1994-17 and #1998-05 and determined that because of the time lapsed during the federal investigation ongoing at the same time, that Complaint #1994-17 and Complaint #1998-05 are too old to pursue and should be dismissed.

No additional recommendations were made concerning Complaints #2000-02 and #2006-35. They shall remain open pending further investigation.

Board Complaint – After reviewing the additional information that has been obtained regarding additional deaths of eleven persons, the Committee recommends that Complaint #2010-05 be entered against the involved physician for violating the standard of care, prescribing controlled substances while abuse was occurring and prescribing controlled substances without reasonable safeguards to prevent the abuse.

Immediate Suspension - In light, of the seriousness of the allegations, the Committee also recommends immediate suspension of the practitioner's license due to imminent risk of harm to the public.

Attendees:

Robert Summers, D.O. – Addressed the Board regarding Ohio revocation.

Brad Hall, M.D. and Edward Eskew, D.O. - Presenting quarterly report on WVMPHP.

FSMB Presentation: Representatives from the Federation of State Medical Boards attended the May Board meeting and gave a presentation of the FSMB's ongoing efforts to support state medical licensing boards. Presenting were James Andriole, D.O., Sandra Waters and David Johnson.

OLD BUSINESS

Robert Summers, D.O. - The Board received clarification from the Ohio Board of Medicine with their definition of "revocation" which still allows for a physician to apply for a licensure in Ohio. Only a "permanent revocation" would make an applicant non-eligible for licensure. Dr. Summers provided an open discussion of his issues and asked to be re-considered for licensure. If Dr. Summers could obtain a license in Ohio he would be considered for licensure in West Virginia. The Board strongly urged him to get involved in a PHP.

Jeffrey Kent Bates, D.O.: Receiving monthly reports from WV-Page. Recently received notification regarding relapse and breach of consent agreement. An order for Summary Suspension of License was issued on April 27, 2010. Dr. Bates has requested additional time for hearing while he acquires legal representation.

Robert Crake, D.O.: Need approval of consent agreement. Dr. Crake's attorney has not been able to contact him for his signature.

John King, D.O. (AKA Christopher Wallace Martin, D.O.): Signed Order from New York that he shall not practice medicine there effective February 4, 2010; License Revoked with Order dated March 25, 2010. License has also been Revoked in Pennsylvania as of Order signed November 30, 2009.

Robert McCleary, D.O.: Receiving monthly reports on time – in compliance.

John F. Rice, PA-C: Received WV-PAGE report for January 2010 – in compliance. Mr. Rice's participation with WV-PAGE has been cancelled and he is now being monitored by WVMPHP. Has Consent Order with WV Board of Medicine.

Steven Smith, D.O.: Received quarterly report – in compliance. Received request from doctor's attorney to change treatment program to help doctor financially and personally. The requested treatment program changes received from Dr. Smith's attorney were not developed through an ongoing monitored PHP program and were not accepted by the Board. *(Rubin/Whitler)*

Rules: The proposed Legislative Rule changes for the three series have been approved and became effective April 27, 2010. The final reviews have been completed and filed with the Secretary of State's office.

Rules revisions for 2011 are due July 30, 2010. The Board will be revising Series 2, Physician Assistant rules due to Code changes during the 2010 legislative session. The issue of pharmacology requirements should be clarified in the Rule. The Board moved to conduct benchmarking with the National Physician Assistant Association while considering an 8 hour pharmacology requirement, notify the WV Board of Medicine of our endeavors and review our current formulary. The Board also discussed legislative consideration for a PA on the WV Board of Osteopathy. **(Rubin/Blatt)**

NEW BUSINESS

David Cercone, D.O.: Dr. Cercone is applying for reinstatement of license that had expired June 30, 1991. He has been practicing in Pennsylvania and Ohio and is coming back to West Virginia. The Board approved Dr. Cercone's license reinstatement and did not feel an interview would be necessary. **(Gilligan/Whitler)**

Cathy Comerci, D.O.: Reinstatement of license – has Virginia action which required a complete post licensure assessment exam which Dr. Comerci completed. Dr. Comerci's reinstatement of her WV license was approved. **(Blatt/Rubin)**

Erin Mullins-Frasher, D.O.: The Board was notified by Wirt County Health Services Association that Dr. Frasher will be providing onsite medication dispensing at Ripley Family Medicine located in Ripley, West Virginia. The dispensing and charging protocol was provided.

Donald Sizemore, D.O.: Has Consent Agreement with Alaska Medical Board which included a \$1,000 fine for not reporting an academic probation on his license application. Upon review of his WV application dated, 5/4/04, Dr. Sizemore did not report his probation to the WV Board and no negative report was received from the WV School of Osteopathic Medicine. His WV license expires June 30, 2010. The Board moved for a Consent Order to mirror the Alaska Board order for a \$1,000 fine for not reporting the academic probation. **(Whitler/Blatt)**

Ava Stanczak, D.O.: Submitted license application with additional 40 CME hours, but only took FLEX exam. Has applied for a position at WVSOM, but if not eligible for licensure would like to withdraw her application and request a refund of her application fee. The Board moved to allow Dr. Stanczak to withdraw her application but the application fee is non-refundable.

FSMB/AIM National Meetings: Dr. Miller and Ms. Shepard attended the annual meeting of the FSMB in Chicago in April. They reported on the educational sessions and Dr. Miller was elected to the Nominations Committee for a two year term.

A summary of the 2009 Board actions as reported to FSMB was presented for review.

Continuing Education Events: Mr. Burrell has requested to attend the 6th National Harold Rogers PDMP(Prescription Drug Monitoring) Meeting in Washington, D.C., June 28-30th. There is no registration fee, only travel and expenses. Mr. Kidd, Board Investigator, has requested to attend the WV Regional meeting of the National Association of Drug Diversion Investigators on June 17, 2010. Registration fee is \$50 and the meeting will be held in Charleston. The Board approved both requests. **(Rubin/Blatt)**

WV-Page: The Board has requested the protocol for random drug testing from WV-Page in light of recent negative reporting. The Board has also become aware of some misrepresentation by leadership within WV-Page concerning their relationship. With the current Medical Director facing sentencing for pleading guilty to a felony, the Board

moved to send a letter to WV-Page and to any known Osteopathic licensees within their program acknowledging that the WV Board of Osteopathy does not and has never recognized WV-Page as a designated PHP. (Gilligan/Rubin)

Miscellaneous Requests: The following requests for "temporary" licensure were received:

- 1) DO licensed in Georgia to work at a summer camp in WV for one week.
- 2) Several DO's licensed in Virginia to work at the Greenbrier Golf Classic.
- 3) Several DO's doing a fellowship in Virginia to help with classroom teaching at Concord University and act as "team helpers" with athletes at the school.

Temporary licensure was not deemed necessary in any of the requests. However, request #1 was advised only to provide emergency first aid at the summer camp. Request #2 was denied as there are physicians already licensed within the state to provide coverage at the Golf Classic and Request #3 was approved for teaching only. No care falling within or amounting to the practice of medicine should be provided for the athletic department.

The Board received an inquiry from an osteopathic physician in Peterstown regarding PA coverage for patients in the boundary state of Virginia. The Board advised the doctor to inquire with Virginia Board.

Prescribing Guidelines and Telemedicine: The Board received a request from a Telemedicine/Telehealth company asking for the Board's position on the requirements for prescribing via telemedicine technology. The Board's response was for each prescribing physician to be licensed through the WV Board of Osteopathy.

Updates from Board Office:

- 1) All renewal applications have been mailed along with a copy of the May 2010 newsletter.
- 2) The 2011 budget was submitted prior to the May 3, 2010 deadline.
- 3) The position for temporary assistance in the Board Office during the license renewal period has been filled by Linda Cottrill.
- 4) A Board policy will be established regarding fees for licensee lists from external requests.
- 5) A draft for an "Interview Summary Sign Off Sheet" was presented for review. This form will be completed and signed by the Board member following the completion of each interview, providing a paper trail of the interview process.

PLLC Termination: The Board has attempted several communications with Dr. Thomas Lauderman concerning his PLLC, "Doctors Quick Care." We received notification that Doctors Quick Care was leased to Associated Specialist, Inc., however, the Risk Manager for Associated Specialist informed the Board that they would not insure Doctors Quick Care as a part of Associated Specialist, Inc. The Board moved to terminate the PLLC known as "Doctors Quick Care." (Whitler/Blatt)

WVMPHP: The Board's 2011 budget included \$25,000 for the WVMPHP. This will more than accommodate the 400+ licensees who will be renewing their licenses during this renewal period. The payment will be made during the second quarter 2011 and will be based on the actual number of license renewals in 2010.

Report of the Complaint Committee:

#2005-07; #2008-16; #2008-25; #2009-17; #2009-23; #2009-25 & 26;

#2008-22 recommended for reconsideration. Also possible additional complaints initiated by Board.

A motion was made and passed at 2:45 P.M. to move into Executive Session, with all Board members, the Board's Executive Director and Attorney, to continue discussion of ongoing complaints. *(Whitler/Rubin)*

Meeting continued at 3:30 P.M. following Executive Session. Motion passed to dismiss **Complaints 2008-25 and 2009-17. (Rubin/Blatt)**

A plaque was to be presented to Dr. Gilligan who was unable to attend today's meeting.

An election was held to fill the Secretary position vacated by Dr. Gilligan. Dr. Arthur Rubin was nominated and nominations were closed. **(Whitler/Blatt)** Dr. Rubin was elected by acclamation to serve as Board Secretary.

B) PLLC Renewals: Ten PLLC's are still awaiting completed renewal applications.

1) Anita Dawson, D.O., Inc. - The Board received correspondence from Dr. Dawson's office under the letterhead of Dr. Anita T. Dawson, Inc., but Dr. Dawson has not had a corporation registered with the Board since 1987. According to the Secretary of State, this corporation charter was revoked in 2008 for failure to file annual reports. Counsel explained that the normal recourse would be to file an injunction against the operation of the corporation. Since the Board has suspended Dr. Dawson's license and she may not lawfully practice osteopathic medicine, no action needs to be taken at this time.

2) Brian McDevitt, D.O. - Dr. McDevitt holds four corporation licenses with the Board and he has not filed applications for their renewal. He has stated, through his attorney, that he would like to retain an interest in the corporation related to the clinic in Varney. He may, though, maintain these corporations for other purposes.

AGENDA ITEMS

Complaints 2010-21 with Possible New Complaint:

The Board received an anonymous complaint on August 24, 2010, which was assigned complaint #2010-21 and was currently under investigation. The DEA recently searched the office and home of the physician involved in that anonymous complaint. No charges have been filed against the physician, however, the investigation is ongoing. Recommendation was made to add the new information to Complaint 2010-21. **(Blatt/Whitler)**

A motion was made and unanimously passed to go into Executive Session at 9:20 AM.
(Whitler/Rubin)

Following Executive Session, the Board re-convened in open session at 9:35 AM.
(Schreiber/Whitler)

After further discussion and to insure that a delay in the criminal case would not impede the Board's ability to take any disciplinary action that may be warranted, the above motion was withdrawn. Motion was made and unanimously passed to open a new complaint against the physician named in the criminal investigation. **(Rubin/Whitler)**. The new complaint will be filed as 2010-36.

AGS, Inc. (C-094):

On December 16, 2010, a hearing was held regarding the license of AGS, Inc. to continue business as a corporation licensed by the WV Board of Osteopathy. No representative of the corporation, AGS, appeared at the hearing or responded to any of the Board's communications. Motion was made and passed unanimously to revoke the Corporation License, C-094, for AGS, Inc. to practice osteopathic medicine as an osteopathic medical corporation in the State of West Virginia. **(Whitler/Blatt)**

Complaint 2010-01:

A settlement agreement was offered by the Board at the November 2010 meeting. The physician has agreed to the settlement. Complaint 2010-01 is closed. **(Rubin/Whitler)**

Complaint 2008-27 with Possible New Complaint:

Pending complaint 2008-27 has been under investigation for improper prescribing practices as reported to the Board by a Pharmacist. The physician involved in Complaint 2008-27 has been remanded to the custody of the US Marshall pending further proceedings. Based on this new information the Board decided the following:

- 1) Open a new complaint (2010-37) with additional charges;
- 2) Find probable cause on both complaints;
- 3) Order a summary suspension of the physician's license. **(Rubin/Whitler)**

Being no further business, the meeting adjourned at 9:40 A.M. **(Schreiber/Rubin)**

Joseph Schreiber, D.O. – Physician Member
Elizabeth Blatt – Public Member

Staff Members Present:

Doren Burrell, Esq. – Board Attorney
Diana Shepard – Executive Director

Today's meeting agenda consisted of seven (7) issues requiring immediate attention from the Board. The agenda listed five (5) complaint cases and two (2) licensing issues requiring review and discussion.

- Complaint #2010-04:** The Board recognized charges for unprofessional conduct by the Maryland Board. Upon confirmation that the requirements of the Maryland Order have been completed, the WV Board of Osteopathy moved no further sanctions. **(Rubin/Blatt)**
- Complaint #2009-11:** Board voted to dismiss on September 16, 2009. Complainant raised the same issue again with the Board on April 8, 2011. Motion to open a new complaint and subpoena the patient's medical records. **(Whitler/Rubin)**
- Complaint #2009-23:** The Board initially sought to file charges but decided to refer patient records to a Pain Management Specialist. Based on the specialist's findings the Board moved to file a Statement of Charges with an Order for Summary Restriction of License. **(Rubin/Whitler)**
- Complaint #2010-06:** The Board has received additional information relating to this previously dismissed complaint. After discussion, the Board chose not to take any additional action.

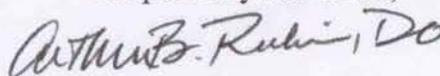

Philip Fisher, D. O.: Five complaints currently pending. License renewal application received. There has been difficulty scheduling a hearing with dates agreeable to all parties. The latest tentative date is not until September. Board requests the hearing be scheduled as soon as possible even if a different hearing examiner is required. The Board will proceed with license renewal.

John Gregory Dalle, D.O.: Dr. Dalle has applied for a WV license for the practice of teleradiology. He did not take Step III of the Comlex, but did successfully pass the Comvex in 2003. Motion to accept the Comvex, an NBOME-administered exam, in lieu of the Step III exam. **(Rubin/Blatt)** This does not set a precedent as any future cases will be reviewed based on the documentation and circumstances provided.

Stephen Fryer, D.O.: The Board received Dr. Fryer 2011 license renewal application and noticed that the same CME online classes had been submitted on each of Dr. Fryer's last three (3) renewal applications. While there is no rule against such action, the Board will forward a letter to Dr. Fryer suggesting that he consider other CME programs in the future to broaden his educational efforts.

The next meeting will be scheduled in August or September according to agenda items needing attention. Motion for adjournment made at 10:00 AM. **(Schreiber/Blatt)**

WEST VIRGINIA BOARD OF OSTEOPATHY
Board Meeting Minutes
June 30, 2011

The West Virginia Board of Osteopathy met via teleconference on Thursday, June 30, 2011, at 9:00AM. The meeting was called to order by President, Ernest Miller.

Members Present:

Ernie Miller, D.O. – President
Robert Whitler – Vice President
Joseph Schreiber, D.O. – Physician Member
Elizabeth Blatt – Public Member
Arthur Rubin, D.O. – Secretary (Excused from this morning's meeting)

Staff Members Present:

Doren Burrell, Esq. – Board Attorney
Diana Shepard – Executive Director

Today's meeting agenda consisted of four (4) issues requiring immediate attention from the Board. Included were three (3) license renewals and one (1) complaint issue.

Charles Smith, DO: Motion was made to renew Dr. Smith's license with a restriction on prescribing controlled substances. **(Whitler/Blatt)** Motion did not carry.

Motion was made to deny license renewal and set for hearing. **(Blatt/Whitler)** Motion to deny was approved with hearing date to be set.

Okechukwu Nwodim, DO: At their June 8, 2011 meeting, the Board decided not to impose any sanctions against Dr. Nwodim. Motion made to renew 2011 license. **(Whitler/Blatt)**

Roland P. Sharp, DO: An application for license renewal has been submitted by Dr. Roland P. Sharp for the 2011 renewal period. However, the number of CME hours for the 2009-2011 licensing period are deficient. Application will be held as incomplete until the required 32 hours are submitted. **(Schreiber/Whitler)** Dr. Blatt abstained from voting.

The Board moved into Executive Session at 9:15 with all Board members, the Board's Executive Director and Attorney present. **(Whitler/Schreiber)**

The Board moved back into Public Session at 9:25 AM. **(Whitler/Schreiber)**

Complaint 2009-23:

The Board received information from the physician, through his attorney, that he had voluntarily completed additional pain management training. Following a chart review conducted by a Pain Management Specialist the physician also implemented changes within his practice in the treatment of pain management. As the threat of eminent risk has been averted, motion was made to rescind the restrictions on the physician's license and proceed with the complaint.

Another conference call will be needed to review the comments made on the changes, proposed by the Board for the 2012 Legislative Session. Call will be scheduled prior to July 29, 2011, when the rules are to be submitted to the Legislative Rules Committee.

Respectfully submitted,

Diana Shepard, Executive Director for
Arthur Rubin, D. O., Secretary

NOVEMBER 2010

Proposed New Legislative Rules **For Osteopathy-Supervised Physician Assistants** **2011 Legislative Session**

Two rule changes are being proposed during the 2011 Legislative session. CSR 24-02 is the Osteopathic Physician Assistants Rule and CSR 24-05 is the Fees for Service Rule. The Fees Rule is proposing an increase in Physician Assistant Applications comparable to those of the WV Board of Medicine. The increases are being proposed to help offset the Board's support of the WV Medical Professionals Health Program (See article in this issue of the Newsletter) and to outline specific charges for external data requests.

CSR 24-02 was mailed to all currently licensed PA's and their supervising physicians and was made available on the Board's website for public comment. The Board also consulted with the WV Physician Assistant Association regarding all changes. The three major areas of change are as follows:

- 1) **Pharmacology Requirements for Prescriptive Privileges:** The WV Board of Osteopathy will require Physician Assistant Students to complete regular, weekly pharmacology instruction for one year equivalent to 4 semester hours at a minimum.
- 2) **Listing of Minimum Clinical Skills:** The list of clinical skills currently in the Rule will be retained and listed as minimum but not limited to.
- 3) **Prescription Pads and Drug Prescribing Requirements:** The language requiring submission of a pre-printed prescription form with a list of approved drugs was eliminated along with the requirement to forward the drug list to local pharmacies.

Satisfaction Survey - A First for the **WV Board of Osteopathy**

Enclosed in this issue of the Board Newsletter is a survey that the Board is asking each DO and PA licensee to complete. It should only take a few minutes and will provide valuable information to the Board and its Staff as to how we are doing and how we can implement change to better serve our constituents. This is an anonymous survey and we hope to get a 100% response.

EXECUTIVE DIRECTOR MEETS WITH **OSTEOPATHY RESIDENCY PROGRAMS**

Following the June license renewal period, Diana Shepard, Executive Director of the WV Board of Osteopathy traveled the State and visited with Osteopathic Medical Education Directors and Program Coordinators in each of the nine (9) residency programs. Ms. Shepard reviewed the licensing process for residents for both a regular osteopathic license and an educational permit and discussed the recent changes for interns completing an allopathic internship and moving back into an osteopathic residency. Each Program Director was encouraged to utilize the expertise of the Board Executive and Board Attorney in providing similar review sessions for each of the residents during their didactic sessions. Ms. Shepard wishes to thank each Director and Coordinator who availed themselves during these educational sessions.

New Legislative Rules Passed
During 2011 Legislative Session

H.B. 2639:

Authorized the WV Board of Osteopathy to promulgate the following legislative rules:
24 CSR 2

The rule repeals and replaces the existing rule of the WV Board of Osteopathy regarding the licensing and practice of osteopathic physician assistants. The revisions were reviewed and accepted in concert with the WV Association of Physician Assistants. Some of the major changes include:

- 1) Elimination of the limitation on the number of physicians who may supervise a PA;
- 2) Updated the CME requirements to be consistent with NCCPA – 100 hours/2 years;
- 3) Modified the requirement for clinical pharmacology credit hours for prescriptive writing privileges;
- 4) Eliminated the requirement for prescription pads to include the list of drugs the PA is authorized to prescribe. A copy of each approved PA formulary will be forwarded to the Board of Pharmacy.

24 CSR 5

Previously, fees to apply for a license to practice as an osteopathic physician assistant had been set by the West Virginia Code. In 2010, the Legislature authorized the WV Board of Osteopathy to set fees for osteopathic PA's by Rule. The new section 3 [§24-5-3] of the Rule, establishes the fees on the same schedule as the WV Board of Medicine. This represents an increase to \$200 for an initial license, \$100 for a license renewal and \$50 to file a change of employment/duties with the Board.

Section 4 [§24-5-4] contains a new provision for the cost of providing CD and DVD copies of records under the Freedom of Information Act.

**OPIOID PRESCRIBING REQUIRES CLOSE
PATIENT MONITORING**

A recent article by Kevin B. O'Reilly, from the AMEDNEWS Staff quoted a study that found primary care physicians avoided urine screening and other methods to prevent abuse of the pain medications even with highest risk patients. Dr. Lynn Webster, a board member of the American Academy of Pain Medicine, was quoted, "It is quite remarkable that in the face of an epidemic of drug abuse, diversion and an alarming rate of overdose deaths that prescribers are lackadaisical in their prescribing of opioids."

To reduce the risk of overdose, pain specialists advise that doctors monitor closely those patients receiving opioids to ensure that they do not misuse the drugs. But a study shows that some primary care doctors are not aggressive in using monitoring strategies that could help

prevent misuse and diversion. These include checking

"I thought I'd save the doctor some time so I've prepared my own list of prescriptions."

state pharmacy registries, seeing patients regularly and documenting other types of therapies considered, urine drug screens, patient contracts and restricting early re-fills on medications.

WEST VIRGINIA BOARD OF OSTEOPATHY
Board Meeting Minutes
October 14, 2009

The West Virginia Board of Osteopathy met, by conference call, originating at the Board Office in Weirton, West Virginia. The meeting was called to order at 9:08 AM by Ernest Miller, D.O. Dr. Arthur Rubin was welcomed as a newly appointed Board member.

Members Participating:

Ernest Miller, D.O.	- President	Arthur Rubin, D.O.	- Physician Member
Thomas Gilligan, D.O.	- Secretary	Elizabeth Blatt, Ph.D.	- Lay Member
Robert Whitler	- Lay Member		

Staff Present:

Diana Shepard	- Executive Director
Cheryl Schreiber	- Executive Secretary
Doren Burrell, Esq.	- Legal Counsel

Approval of Minutes:

The minutes from the September 16, 2009, meeting in Flatwoods were presented for review and approved as presented. **(Gilligan/Blatt)**

WV Board of Osteopathy Rules:

The Legislative Rule-Making Review Committee reviewed the proposed revisions to 24 CSR 1 regarding the licensing procedures for Osteopathic Physicians on Tuesday, October 13, 2009. Diana Shepard and Doren Burrell represented the Board at the review. There was little discussion and the revisions were recommended for approval.

Several questions were asked regarding the recommended revisions to the Fees for Service as outlined in 24 CSR 5. There were concerns from some legislators over the large increases without a "phase-in" period. The Review Committee held the revisions over until October 14, 2009, and requested copies of the Board's budgets for 2007-2009, outlining revenues and expenses. The Board requested that both Ms. Shepard and Ms. Schreiber attend the review to address any further financial concerns.

WV Board Office Relocation:

Staff members have been looking at several potential office sites in the Charleston area. A 1001 square foot office suite at 405 Capitol Street (the old Daniel Boone Hotel) is being recommended as the site of choice. Pictures of the office suite as well as the lobby entrance were sent to each Board member for review. The office consists of one large reception area, two executive offices and a small storage room. Two executive offices are being considered in order to move the Board Attorney into the Board Office. The following considerations were discussed:

- 1) Rent: \$1,475 (Includes utilities and two parking spaces)
Consider 5 Year Contract which freezes rent for first two years with \$50 increase in years three and four and another \$50 increase in year five
- 2) Painting/Carpeting: Completed by Building Management without additional charge
- 3) Laptop Computer: Laptop computer needed to access physician database during Board meetings
- 4) Staffing Issues: Board provision for extended-stay accommodations for Ms. Christine Wroniak during office re-location and training of new staff.

As there will be three full-time staff members working in the office, a third parking space will be required. The Board recommended including a third parking space in the monthly rent for an additional \$55/month. **(Gilligan/Rubin)**

Furnishings for the three office areas as well as a new laptop computer and other office equipment will be needed to replace those items which were shared with the Accounting Office in Weirton. A budget of \$10,000 was granted to the Executive Director without further approval needed by the Board. **(Gilligan/Blatt)**

After considering the above recommendations for office relocation, the Board gave the Executive Director approval to proceed with a contract through the State Leasing Department to secure the 405 Capitol Street office with the stipulations as recorded above. **(Whitler/Gilligan)**

Retirement Date for Ms. Schreiber:

The tentative date scheduled for Cheryl Schreiber's retirement from the position of Executive Secretary of the Board had been scheduled for October 31, 2009. As Ms. Schreiber has three weeks of vacation time that she has not taken and as she is willing to remain with the Board through the end of November, the Board agreed to extend her retirement date until November 30, 2009. **(Gilligan/Blatt)**

The next meeting of the Board will be held on November 12, 2009, at the Greenbrier. There being no further business, the meeting adjourned at 9:45 AM.

Respectively submitted,

Thomas J. Gilligan

- 1) Annual Report – A copy of the 2009 Annual Report for the WV Board of Osteopathy is ready for distribution to State Offices. It was presented to the Board for their review. A question was posed as to how/when we report disciplinary actions to the Legislature. If an action has been taken by the Board it should then be deleted from the Disciplinary Report section of the Annual Report.
- 2) Acceptance of FSMB's FCVS Reports – Currently, twenty-six (26) national boards accept the FSMB's FCVS reports. Board members recommended we check our contract with the FSMB for "hold harmless" clauses. - 2) Amanda Flesher, PA-C has requested prescriptive privileges for anti-psychotic medications under an Osteopathic Psychiatrist. Both will come before the Board later in the meeting to discuss their request.

The two corporations have continued to file Annual Reports with the Secretary of State and those licenses may become part of a complaint issue which will be dealt with in Executive Session. The PLLC's will be followed up by the Executive Director with appropriate disposition.

Rules – The three (3) Modified Rules for Series 1, 4 & 5 have been moving through the Legislative Session without any revisions to date. The Board Office will continue to follow and report.

NEW BUSINESS

Charlene DeMarco, D.O. – Dr. DeMarco made inquiry as to the probability of obtaining a WV license upon her release from prison on a fraud conviction in New Jersey. As long as her license remains revoked in any state, our Board cannot consider her for licensure.

Kathy Kruger, D.O. – Board received notification of an action on her Pennsylvania license for an unpaid civil penalty. Dr. Kruger is not currently licensed in West Virginia.

American Board of Interventional Pain Physicians – A letter was received requesting Board recognition of the ABIPP as a board-certifying organization. The Executive Director was asked to respond to the ABIPP in writing that our Board does not recognize any board certification in our licensing process.

AIM – The annual meeting is scheduled to be held on April 21, 2010 in Chicago, in conjunction with the FSMB meeting. Ms. Shepard will be representing the Board at April meeting.

FSMB - The annual meeting will be held in Chicago on April 22 thru 24. Again, scholarships of \$1600 will be provided for the President and Executive Director of each Board. Dr. Miller and Ms. Shepard will be attending representing their respective positions. Mr. Whitler expressed interest in going as the public representative and the Board Office will complete the paperwork for his scholarship.

Dr. Miller's name was placed in nomination by the Board for the FSMB Nominating Committee. Elections will be held Saturday, April 24th at the FSMB Annual Meeting.

The Advisory Group of the FSMB has prepared a draft report on Maintenance of Licensure to insure competency of licensed practitioners. The draft has included three (3) areas of competency: 1) Reflective Self Assessment; 2) Assessment of Knowledge and Skills; and 3) Performance in Practice.

MedExpress – The following Osteopathic Physicians have been employed by MedExpress for medication dispensing programs:

Darrell K. Boggess, DO
Claudia J. Duncan, DO
David Hefner, DO
John Pellegrini, DO

Gregory K. Burnette, DO
Jennifer Frangos, DO
Suzan R. Myles, DO
Emily S. Clagg, DO

Letters will be forwarded to each physician notifying them of their acceptance into the MedExpress dispensing program.

Physician Assistants – The application of Holly Thompson, PA-C was presented as she had received a reprimand from the WV Board of Medicine while licensed with them. The reprimand addressed a seven (7) week period prior to Ms. Thompson passing her NCCPA certification. This Board did not feel the reprimand should have any affect on her current application.

Mr. Ronald Whitner, PA-C is currently licensed with the Board under the supervision of Dr. Marisa Holland. He is requesting prescriptive privileges with documentation of a 4 hour, Level 1 Pharmacology course from Creighton University. The Board Attorney was requested to review the current Rules for PA prescriptive privileges to clarify the pharmacology requirements.

Tabitha Cox, PA-C, under the supervision of Lori Tucker, D.O., has requested IUD and Implanon implantation procedures. She has been certified by the company, however, Dr. Tucker's name is not listed on their website as a certified provider. Contingent upon verification of Dr. Tucker's certification, the Board approved the additional procedures for Tabitha Cox, PA-C. **(Whitler/Gilligan)**

WV Board of Osteopathy – The Executive Director has developed a retention policy for the Board and conducted an inventory for 2009 and 2010. Based upon that policy and as outlined through State regulations and Medical Practice Act, documents scheduled for destruction have been shredded. As funds become available, the Board would like to move to digital storage for permanent records.

The Executive Director has disposed of, through Surplus Property, several old computers, printers and copiers moved from the Weirton Office.

The P-Card Audit has been finalized and a Representation Letter on our new letterhead has been signed by the President and forwarded to the Auditor's Office. One recommendation from the audit was for the Board to appoint a CFO to regularly review and sign off on expenditures. This alleviates possibility of fraud issues with the Executive Director being both the Purchasing Card holder and the Coordinator. Mr. Whitler, with his local availability, was appointed CFO for the Board. **(Gilligan/Rubin)**

Senator Dan Foster met with representatives of the Board in January to discuss a potential new bill to be introduced which would make the rules for Physician Assistants licensed with the Board of Osteopathy and the Board of Medicine be more congruent. The Board had no objections to such a bill and requested the Board Attorney prepare a draft for Senator Foster.

Clarification was requested regarding the 40 hour requirement for OMT training for those applicants who choose an ACGME approved clinical training program. At least 10-12 hours of the 40 should be hands-on training. The remaining should be AOA approved, Category IA. WVSOM is willing to work with leadership from the WV Osteopathic Society to develop a program to meet these requirements.

The 2009 CME Audit has been completed. A 10% random review was conducted with 100% compliance. The report is on file in the Board Office.

WVMPHP – The following information was provided by the WV Medical Professional Health Program:

- 1) The Board has received three (3) notifications of confidential participants in the program
- 2) The PHP has opened a “northern” office in Bridgeport, WV. This is in addition to the Charleston office
- 3) The 2009 Bi-Annual statistical summary was presented

A motion was made and passed at 3:30 P.M. to move into Executive Session, with all Board members, the Board’s Executive Director and Attorney, to continue discussion of ongoing complaints. **(Whitler/Rubin)**

The Board Attorney has been issued parameters with which to negotiate consent orders on the following complaints: 2009-19; 2009-25; 2009-26; 2009-35 and 2009-39. **(Gilligan/Rubin)**

Complaint 2009-27 was recommended for dismissal due to lack of jurisdiction and the complainant will be referred to the Board of Medicine in Ohio. **(Gilligan/Whitler)**

Report of the Complaint Committee West Virginia Board of Osteopathy

On Tuesday, April 6, 2010, the Complaint Committee met via conference call initiated from the WV Board of Osteopathy Office in Charleston at 10:20 AM. The purpose of the meeting was to discuss four pending complaints and review new information recently obtained by the Board regarding the physician named in the pending complaints.

Complaints #2006-35 and #2000-02, involving the same physician, are currently pending. Two old, pending complaints from 1994 and 1998 had remained open due to simultaneous criminal investigations being conducted on the physician. Those have been completed and the Complaint Committee recommends dismissal of Complaint #1994-17 and Complaint #1998-05 as being too old to pursue at this date.

Additional information has been obtained regarding the deaths of eight (8) patients and three (3) non-patients within days of receipt of prescriptions for controlled substances by this same physician.

RECOMMENDATIONS FOR ACTION:

Dismissal – The Committee reviewed the older complaints, #1994-17 and #1998-05 and determined that because of the time lapsed during the federal investigation ongoing at the same time, that Complaint #1994-17 and Complaint #1998-05 are too old to pursue and should be dismissed.

No additional recommendations were made concerning Complaints #2000-02 and #2006-35. They shall remain open pending further investigation.

Board Complaint – After reviewing the additional information that has been obtained regarding additional deaths of eleven persons, the Committee recommends that Complaint #2010-05 be entered against the involved physician for violating the standard of care, prescribing controlled substances while abuse was occurring and prescribing controlled substances without reasonable safeguards to prevent the abuse.

Immediate Suspension - In light, of the seriousness of the allegations, the Committee also recommends immediate suspension of the practitioner's license due to imminent risk of harm to the public.

The Board has received notification that Dr. Bates has been removed from the work schedule in the Emergency Department of Thomas Memorial Hospital. FSMB Presentation: Representatives from the Federation of State Medical Boards attended the May Board meeting and gave a presentation of the FSMB's ongoing efforts to support state medical licensing boards. Presenting were James Andriole, D.O., Sandra Waters and David Johnson.

OLD BUSINESS

Robert Summers, D.O. - The Board received clarification from the Ohio Board of Medicine with their definition of "revocation" which still allows for a physician to apply for a licensure in Ohio. Only a "permanent revocation" would make an applicant non-eligible for licensure. Dr. Summers provided an open discussion of his issues and asked to be re-considered for licensure. If Dr. Summers could obtain a license in Ohio he would be considered for licensure in West Virginia. The Board strongly urged him to get involved in a PHP.

Jeffrey Kent Bates, D.O.: Receiving monthly reports from WV-Page. Recently received notification regarding relapse and breach of consent agreement. An order for Summary Suspension of License was issued on April 27, 2010. Dr. Bates has requested additional time for hearing while he acquires legal representation.

Robert Crake, D.O.: Need approval of consent agreement. Dr. Crake's attorney has not been able to contact him for his signature.

John King, D.O. (AKA Christopher Wallace Martin, D.O.): Signed Order from New York that he shall not practice medicine there effective February 4, 2010; License Revoked with Order dated March 25, 2010. License has also been Revoked in Pennsylvania as of Order signed November 30, 2009.

Robert McCleary, D.O.: Receiving monthly reports on time – in compliance.

John F. Rice, PA-C: Received WV-PAGE report for January 2010 – in compliance. Mr. Rice's participation with WV-PAGE has been cancelled and he is now being monitored by WVMPHP. Has Consent Order with WV Board of Medicine.

Steven Smith, D.O.: Received quarterly report – in compliance. Received request from doctor's attorney to change treatment program to help doctor financially and personally. The requested treatment program changes received from Dr. Smith's attorney were not developed through an ongoing monitored PHP program and were not accepted by the Board. *(Rubin/Whitler)*

Rules: The proposed Legislative Rule changes for the three series have been approved and became effective April 27, 2010. The final reviews have been completed and filed with the Secretary of State's office.

Rules revisions for 2011 are due July 30, 2010. The Board will be revising Series 2, Physician Assistant rules due to Code changes during the 2010 legislative session. The issue of pharmacology requirements should be clarified in the Rule. The Board moved to conduct benchmarking with the National Physician Assistant Association while considering an 8 hour pharmacology requirement, notify the WV Board of Medicine of our endeavors and review our current formulary. The Board also discussed legislative consideration for a PA on the WV Board of Osteopathy. **(Rubin/Blatt)**

NEW BUSINESS

David Cercone, D.O.: Dr. Cercone is applying for reinstatement of license that had expired June 30, 1991. He has been practicing in Pennsylvania and Ohio and is coming back to West Virginia. The Board approved Dr. Cercone's license reinstatement and did not feel an interview would be necessary. **(Gilligan/Whitler)**

Cathy Comerci, D.O.: Reinstatement of license – has Virginia action which required a complete post licensure assessment exam which Dr. Comerci completed. Dr. Comerci's reinstatement of her WV license was approved. **(Blatt/Rubin)**

Erin Mullins-Frasher, D.O.: The Board was notified by Wirt County Health Services Association that Dr. Frasher will be providing onsite medication dispensing at Ripley Family Medicine located in Ripley, West Virginia. The dispensing and charging protocol was provided.

Donald Sizemore, D.O.: Has Consent Agreement with Alaska Medical Board which included a \$1,000 fine for not reporting an academic probation on his license application. Upon review of his WV application dated, 5/4/04, Dr. Sizemore did not report his probation to the WV Board and no negative report was received from the WV School of Osteopathic Medicine. His WV license expires June 30, 2010. The Board moved for a Consent Order to mirror the Alaska Board order for a \$1,000 fine for not reporting the academic probation. **(Whitler/Blatt)**

Ava Stanczak, D.O.: Submitted license application with additional 40 CME hours, but only took FLEX exam. Has applied for a position at WVSOM, but if not eligible for licensure would like to withdraw her application and request a refund of her application fee. The Board moved to allow Dr. Stanczak to withdraw her application but the application fee is non-refundable.

FSMB/AIM National Meetings: Dr. Miller and Ms. Shepard attended the annual meeting of the FSMB in Chicago in April. They reported on the educational sessions and Dr. Miller was elected to the Nominations Committee for a two year term.

A summary of the 2009 Board actions as reported to FSMB was presented for review.

Continuing Education Events: Mr. Burrell has requested to attend the 6th National Harold Rogers PDMP(Prescription Drug Monitoring) Meeting in Washington, D.C., June 28-30th. There is no registration fee, only travel and expenses. Mr. Kidd, Board Investigator, has requested to attend the WV Regional meeting of the National Association of Drug Diversion Investigators on June 17, 2010. Registration fee is \$50 and the meeting will be held in Charleston. The Board approved both requests. **(Rubin/Blatt)**

WV-Page: The Board has requested the protocol for random drug testing from WV-Page in light of recent negative reporting. The Board has also become aware of some misrepresentation by leadership within WV-Page concerning their relationship. With the current Medical Director facing sentencing for pleading guilty to a felony, the Board

moved to send a letter to WV-Page and to any known Osteopathic licensees within their program acknowledging that the WV Board of Osteopathy does not and has never recognized WV-Page as a designated PHP. (Gilligan/Rubin)

Miscellaneous Requests: The following requests for "temporary" licensure were received:

- 1) DO licensed in Georgia to work at a summer camp in WV for one week.
- 2) Several DO's licensed in Virginia to work at the Greenbrier Golf Classic.
- 3) Several DO's doing a fellowship in Virginia to help with classroom teaching at Concord University and act as "team helpers" with athletes at the school.

Temporary licensure was not deemed necessary in any of the requests. However, request #1 was advised only to provide emergency first aid at the summer camp. Request #2 was denied as there are physicians already licensed within the state to provide coverage at the Golf Classic and Request #3 was approved for teaching only. No care falling within or amounting to the practice of medicine should be provided for the athletic department.

The Board received an inquiry from an osteopathic physician in Peterstown regarding PA coverage for patients in the boundary state of Virginia. The Board advised the doctor to inquire with Virginia Board.

Prescribing Guidelines and Telemedicine: The Board received a request from a Telemedicine/Telehealth company asking for the Board's position on the requirements for prescribing via telemedicine technology. The Board's response was for each prescribing physician to be licensed through the WV Board of Osteopathy.

Updates from Board Office:

- 1) All renewal applications have been mailed along with a copy of the May 2010 newsletter.
- 2) The 2011 budget was submitted prior to the May 3, 2010 deadline.
- 3) The position for temporary assistance in the Board Office during the license renewal period has been filled by Linda Cottrill.
- 4) A Board policy will be established regarding fees for licensee lists from external requests.
- 5) A draft for an "Interview Summary Sign Off Sheet" was presented for review. This form will be completed and signed by the Board member following the completion of each interview, providing a paper trail of the interview process.

PLLC Termination: The Board has attempted several communications with Dr. Thomas Lauderman concerning his PLLC, "Doctors Quick Care." We received notification that Doctors Quick Care was leased to Associated Specialist, Inc., however, the Risk Manager for Associated Specialist informed the Board that they would not insure Doctors Quick Care as a part of Associated Specialist, Inc. The Board moved to terminate the PLLC known as "Doctors Quick Care." (Whitler/Blatt)

WVMPHP: The Board's 2011 budget included \$25,000 for the WVMPHP. This will more than accommodate the 400+ licensees who will be renewing their licenses during this renewal period. The payment will be made during the second quarter 2011 and will be based on the actual number of license renewals in 2010.

Report of the Complaint Committee:

Meeting continued at 3:30 P.M. following Executive Session. Motion passed to dismiss **Complaints 2008-25 and 2009-17. (Rubin/Blatt)**

At the May 2010 Board meeting a motion was made for probable cause with summary suspension of the physician's license. A plaque was to be presented to Dr. Gilligan who was unable to attend today's meeting.

An election was held to fill the Secretary position vacated by Dr. Gilligan. Dr. Arthur Rubin was nominated and nominations were closed. **(Whitler/Blatt)** Dr. Rubin was elected by acclamation to serve as Board Secretary.

House Staff Day Interviews:

Beginning 2012, interviews will only be conducted on House Staff Day for those applicants applying for full licensure.

PHP Payment for PA Renewals:

Since 24CSR5, providing for fee increases for Physician Assistant License Renewals, was not made effective until after the 2011 renewal period, a payment cannot be made to WVMPHP until 2012.

Public Citizens Ranking Report:

The Board reviewed the 2010 Public Citizen Action Annual Report of State Boards. The WV Board of Osteopathy scored a composite index of 12.79 which was higher than that of surrounding states. The composite index is determined by the number of actions taken compared to the number of licensees within the state.

Delineation of PA Privileges by Specialty:

Board received a request from Orthopedic Trauma Group in Charleston for Board approval of their orthopedic-specific delineation of privilege form for Physician Assistants. A letter will be forwarded to Orthopedic Trauma Group notifying them that the WV Board of Osteopathy only licenses the undifferentiated practice of medicine.

John P. Short, D. O.:

Dr. Short notified the Board on February 11, 2011, of his failure to report pending malpractice claims on his 2010 license renewal application. The Board FINES Dr. Short \$500.00 for failure to disclose. **(Rubin/Whitler)**

Steven Richman, D. O.:

Dr. Richman's license lapsed in 2001 and was not renewed. In 2007 he obtained a volunteer license. He is now wishing to apply for reinstatement. The Board is asking Dr. Richman for the following information:

Joseph Schreiber, D.O. – Physician Member
Elizabeth Blatt – Public Member

Staff Members Present:

Doren Burrell, Esq. – Board Attorney
Diana Shepard – Executive Director

Today's meeting agenda consisted of seven (7) issues requiring immediate attention from the Board. The agenda listed five (5) complaint cases and two (2) licensing issues requiring review and discussion.

- Complaint #2010-04:** The Board recognized charges for unprofessional conduct by the Maryland Board. Upon confirmation that the requirements of the Maryland Order have been completed, the WV Board of Osteopathy moved no further sanctions. **(Rubin/Blatt)**
- Complaint #2009-11:** Board voted to dismiss on September 16, 2009. Complainant raised the same issue again with the Board on April 8, 2011. Motion to open a new complaint and subpoena the patient's medical records. **(Whitler/Rubin)**
- Complaint #2009-23:** The Board initially sought to file charges but decided to refer patient records to a Pain Management Specialist. Based on the specialist's findings the Board moved to file a Statement of Charges with an Order for Summary Restriction of License. **(Rubin/Whitler)**
- Complaint #2010-06:** The Board has received additional information relating to this previously dismissed complaint. After discussion, the Board chose not to take any additional action.

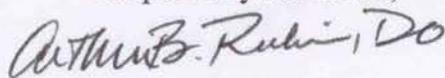

Philip Fisher, D. O.: Five complaints currently pending. License renewal application received. There has been difficulty scheduling a hearing with dates agreeable to all parties. The latest tentative date is not until September. Board requests the hearing be scheduled as soon as possible even if a different hearing examiner is required. The Board will proceed with license renewal.

John Gregory Dalle, D.O.: Dr. Dalle has applied for a WV license for the practice of teleradiology. He did not take Step III of the Comlex, but did successfully pass the Comvex in 2003. Motion to accept the Comvex, an NBOME-administered exam, in lieu of the Step III exam. **(Rubin/Blatt)** This does not set a precedent as any future cases will be reviewed based on the documentation and circumstances provided.

Stephen Fryer, D.O.: The Board received Dr. Fryer 2011 license renewal application and noticed that the same CME online classes had been submitted on each of Dr. Fryer's last three (3) renewal applications. While there is no rule against such action, the Board will forward a letter to Dr. Fryer suggesting that he consider other CME programs in the future to broaden his educational efforts.

The next meeting will be scheduled in August or September according to agenda items needing attention. Motion for adjournment made at 10:00 AM. **(Schreiber/Blatt)**

Proposed New Legislative Rules **For Osteopathy-Supervised Physician Assistants** **2011 Legislative Session**

Two rule changes are being proposed during the 2011 Legislative session. CSR 24-02 is the Osteopathic Physician Assistants Rule and CSR 24-05 is the Fees for Service Rule. The Fees Rule is proposing an increase in Physician Assistant Applications comparable to those of the WV Board of Medicine. The increases are being proposed to help offset the Board's support of the WV Medical Professionals Health Program (See article in this issue of the Newsletter) and to outline specific charges for external data requests.

CSR 24-02 was mailed to all currently licensed PA's and their supervising physicians and was made available on the Board's website for public comment. The Board also consulted with the WV Physician Assistant Association regarding all changes. The three major areas of change are as follows:

- 1) **Pharmacology Requirements for Prescriptive Privileges:** The WV Board of Osteopathy will require Physician Assistant Students to complete regular, weekly pharmacology instruction for one year equivalent to 4 semester hours at a minimum.
- 2) **Listing of Minimum Clinical Skills:** The list of clinical skills currently in the Rule will be retained and listed as minimum but not limited to.
- 3) **Prescription Pads and Drug Prescribing Requirements:** The language requiring submission of a pre-printed prescription form with a list of approved drugs was eliminated along with the requirement to forward the drug list to local pharmacies.

Satisfaction Survey - A First for the **WV Board of Osteopathy**

Enclosed in this issue of the Board Newsletter is a survey that the Board is asking each DO and PA licensee to complete. It should only take a few minutes and will provide valuable information to the Board and its Staff as to how we are doing and how we can implement change to better serve our constituents. This is an anonymous survey and we hope to get a 100% response.

EXECUTIVE DIRECTOR MEETS WITH **OSTEOPATHY RESIDENCY PROGRAMS**

Following the June license renewal period, Diana Shepard, Executive Director of the WV Board of Osteopathy traveled the State and visited with Osteopathic Medical Education Directors and Program Coordinators in each of the nine (9) residency programs. Ms. Shepard reviewed the licensing process for residents for both a regular osteopathic license and an educational permit and discussed the recent changes for interns completing an allopathic internship and moving back into an osteopathic residency. Each Program Director was encouraged to utilize the expertise of the Board Executive and Board Attorney in providing similar review sessions for each of the residents during their didactic sessions. Ms. Shepard wishes to thank each Director and Coordinator who availed themselves during these educational sessions.

New Legislative Rules Passed
During 2011 Legislative Session

H.B. 2639:

Authorized the WV Board of Osteopathy to promulgate the following legislative rules:
24 CSR 2

The rule repeals and replaces the existing rule of the WV Board of Osteopathy regarding the licensing and practice of osteopathic physician assistants. The revisions were reviewed and accepted in concert with the WV Association of Physician Assistants. Some of the major changes include:

- 1) Elimination of the limitation on the number of physicians who may supervise a PA;
- 2) Updated the CME requirements to be consistent with NCCPA – 100 hours/2 years;
- 3) Modified the requirement for clinical pharmacology credit hours for prescriptive writing privileges;
- 4) Eliminated the requirement for prescription pads to include the list of drugs the PA is authorized to prescribe. A copy of each approved PA formulary will be forwarded to the Board of Pharmacy.

24 CSR 5

Previously, fees to apply for a license to practice as an osteopathic physician assistant had been set by the West Virginia Code. In 2010, the Legislature authorized the WV Board of Osteopathy to set fees for osteopathic PA's by Rule. The new section 3 [§24-5-3] of the Rule, establishes the fees on the same schedule as the WV Board of Medicine. This represents an increase to \$200 for an initial license, \$100 for a license renewal and \$50 to file a change of employment/duties with the Board.

Section 4 [§24-5-4] contains a new provision for the cost of providing CD and DVD copies of records under the Freedom of Information Act.

**OPIOID PRESCRIBING REQUIRES CLOSE
PATIENT MONITORING**

A recent article by Kevin B. O'Reilly, from the AMEDNEWS Staff quoted a study that found primary care physicians avoided urine screening and other methods to prevent abuse of the pain medications even with highest risk patients. Dr. Lynn Webster, a board member of the American Academy of Pain Medicine, was quoted, "It is quite remarkable that in the face of an epidemic of drug abuse, diversion and an alarming rate of overdose deaths that prescribers are lackadaisical in their prescribing of opioids."

To reduce the risk of overdose, pain specialists advise that doctors monitor closely those patients receiving opioids to ensure that they do not misuse the drugs. But a study shows that some primary care doctors are not aggressive in using monitoring strategies that could help

prevent misuse and diversion. These include checking

"I thought I'd save the doctor some time so I've prepared my own list of prescriptions."

state pharmacy registries, seeing patients regularly and documenting other types of therapies considered, urine drug screens, patient contracts and restricting early re-fills on medications.
