Dear WV State Auditor's Office, WV Joint Committee on Government & Finance, and WV Association of Convention & Visitor Bureaus,

As you are aware with the passing of Senate Bill 488 during the 2021 West Virginia Legislature's Regular Session several new requirements have been implemented on CVBs to qualify for distributions of Hotel Occupancy taxes by the county(s) and or the municipality(s) we serve.

In compliance with W.Va. Code §7-18-13a, CVBs are to now report to the WVSAO, the WV Joint Committee on Government & Finance, and the WVACVB 90 days following the end of the CVB's fiscal year the following:

- Balance sheet annually,
- Income statement annually, and
- Either an audit or a financial review triennially W.Va. Code § 7-18-14.

In addition, CVBs are to be accredited by an accrediting body such as the WV Association of Convention and Visitors Bureaus (WVACVB) W.Va. Code §7-18-13a(b) which confirms compliance with the following industry standards as follows:

- Annual budget,
- Budget allocation within the industry standard of 40% 40% 20% (Marketing, Personnel, Administrative),
- Marketing plan targeting markets outside of 50 miles of their destination,
- Full time executive director,
- Physical office/ Visitor Center,
- Website, and
- Annual reporting to all the CVBs funding entities.

On behalf of the Board of Directors of the Greater Parkersburg Convention and Visitors Bureau, Inc., we respectfully submit the required information and confirm that out organization is in full compliance with all WV Code 7-18-13 requirements.

If you have any questions, please contact either Mark Lewis (President and CEO), at mlewis@greaterbarkersburg.com, or (304) 428-1130; or David Blair Couch (Board Chair), at burningcouch 18@gmail.com., or (304) 834-0306.

Sincerely,

David Blair Couch, Board Chair

MESSAGE FROM THE CHAIRMAN

Last year, at the Greater Parkersburg CVB Annual Meeting, I noted that exciting times were on the horizon. 2022 was indeed a year in which the CVB experienced a significant increase in tourism, post-pandemic, as visitors returned to the area. This is thanks to the work of many, including our partners, like minded organizations, and the leadership and hard work of Mark Lewis and his dedicated team who are driven to advocate for our area, innovate new and compelling ways to market our assets, and leverage our strengths to make sure our target audiences know Greater Parkersburg is an amazing place to visit.

I love Parkersburg. I was born here, went to school here, built my career here, and raised my family here. We have so much to offer visitors from outside the area. From our world-class history & heritage attractions, to outdoor recreation activities for the entire family, to a wide variety of fairs and festivals, unique shopping and dining, to the opening of Discovery World on Market this spring, Parkersburg is truly a friendly small town with a big heart!

I am honored to serve as Chairman of the Greater Parkersburg CVB. There is much to be achieved by working together to maximize the potential promise of tourism for Greater Parkersburg. I believe our best days lie before us.

Sincerely, Blair Couch Chairman of the Board Greater Parkersburg CVB

A YEAR OF PROMISE

2022 was a whirlwind of a year. We stepped out of the shadow of Covid and welcomed back many familiar activities and events into our lives. Travel and tourism rebounded. And with additional funding support from our county commission, the Greater Parkersburg CVB was able to return advertising & marketing spending to pre-covid levels and purchase the Point Park Marketplace building to serve as our new Visitor Welcome Center. A tremendous amount of work went into getting the center ready to open and making sure we had the staff to support a greatly expanded number of hours. I particularly want to thank Autumn Henthorn and Donna Briggs for their

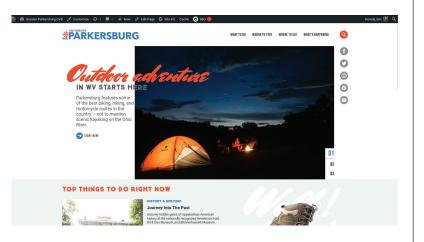

tireless efforts to keep everything on track and our weekend volunteers who helped us accommodate the increased number of visitors. I also want to thank the board of directors for their enthusiastic support of our efforts and their input and advice as we undertook the project.

We opened at 113 Ann Street, with temporary renovations completed, on April 29th. Over the course of the next six months, we saw over 5,000 walk-in visitors, an increase of more than 1000% from the 2021 total at our previous location. That increase proved that making the move was the right decision. The new location will significantly improve our ability to drive increased tourism visits and spending. We plan to reopen the new Welcome Center in early April, with the building ready to receive visitors and the community gardens restored and open to area residents. Most of the permanent renovations will have been completed, but we will continue to work on additional improvements to the building and the grounds. We are looking forward to a great year!

Sincerely, Mark Lewis

OUR NEW WEBSITE ROCKS!

2022 saw the launch of our new website, the hardest working member of our team. 24 hours a day, seven days a week, our website is there to engage, inform, and inspire potential visitors to make plans to visit our area. And the new website does it very, very, well.

GETTING SOCIAL

Engaging social media content is king and Avery West, our Social Media Manager, did a great job of creating that content across all of our social media platforms. In addition, the CVB partnered with two travel and tourism influencers in 2022 to help boost the brand. We hosted Social Media Influencers Linda-Carol Spencer and SirYacht, who shared real-time moments in Greater Parkersburg, giving their followers a taste of the activities, Attractions, events, restaurants, and shops that make Parkersburg a great destination.

FAIRS, FESTIVALS AND EVENTS MAKE A COMEBACK

The community and our visitors came together and celebrated the return of perennial favorites such as A Taste of Parkersburg, Parkersburg Homecoming, the Multi-Cultural Festival, and the big weekend in September that featured Paddlefest, Downtown Throwdown, and Riverfest. Relatively new events like the Freedom Festival in Vienna and Tastes and Tunes in downtown Parkersburg were welcome additions.

2022 MARKETING EFFORTS WIN NATIONAL AWARDS

In 2022, we collaborated with the Stonewall Group to completely refresh our logo and brand concept, and integrated those changes into our marketing efforts in a way that reenergized our fundamental mission. The resulting campaign received national recognition for creative excellence. Aspects of the campaign were recognized by the Communicator Awards, The Pixie Awards, The Viddy Awards, the AVA Digital Awards, and the Telly Awards.

LOCATION! LOCATION!

PARKERSBURG

We opened our new Welcome Center at 113 Ann Street on April 29th and the increase in walk-in traffic over the next six months exceeded our wildest expectations. We hosted over 5,200 walk-in visitors...a 1,140% increase over 2021!

IMAGES THAT INSPIRE

Photography that engages and inspires the viewer is an essential part of marketing any destination. Getting the best pictures has long been a focus of our efforts, and again this year, we worked with talented professionals to add images to our photo library that show a dynamic interaction between people and their surroundings, creating pictures that evoke a feeling as well as communicate a vision.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Parkersburg/Wood County Convention and Visitors Bureau, Inc.
350 Seventh Street
Parkersburg, West Virginia 26101

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Parkersburg/Wood County Convention and Visitors Bureau**, **Inc.** (the Bureau), (a not-for-profit corporation), which comprise the statements of financial position as of December 31, 2021 and 2020, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Bureau as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended, in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Bureau, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bureau's ability to continue as a going concern for twelve months beyond the date the financial statements are issued.

Marietta, OH St. Clairsville, OH Cambridge, OH Wheeling, WV Vienna, WV

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures in
 the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bureau's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bureau's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

Organization background - The Parkersburg/Wood County Convention and Visitors Bureau, Inc. (the Bureau), doing business as The Greater Parkersburg Convention and Visitors Bureau, is a West Virginia Corporation which was incorporated on May 2, 1985 and commenced doing business on July 1, 1985. The Bureau's principal activity is to advance, stimulate, and promote exhibits, conferences, conventions, and visitors to the Wood County area, and to act in a public relations capacity for Wood County while carrying out the duties of the Corporation. The Bureau is located at 350 Seventh Street, Parkersburg, West Virginia.

<u>Nature of activities</u> - The Bureau is directed by a Board comprised of up to ten voting members elected by the general members of the Bureau and an additional five appointed voting members representing the Wood County Commission, the City of Parkersburg, the City of Williamstown, and the City of Vienna, which have enacted the Hotel Occupancy Tax as permitted under the provisions of Chapter 7, Article 18 of the Code of West Virginia (as amended).

<u>Basis of accounting</u> - The financial statements of the Bureau have been prepared on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

<u>Basis of financial statements presentation</u> - The Bureau has presented its financial statements in accordance with accounting principles generally accepted in the United States of America for not-for-profit organizations. In addition, the Bureau is required to present a statement of cash flows.

<u>Use of estimates</u> - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

<u>Cash and cash equivalents</u> - For purposes of the statement of cash flows, the Bureau considers all checking and savings accounts and other highly-liquid financial instruments with an original maturity of three months or less to be cash and cash equivalents.

<u>Accounts receivable</u> - Accounts receivable are stated at the amount management expects to collect from outstanding balances and are presented in the statements of financial position net of the allowance for doubtful accounts. Accounts receivable are written off when they are determined to be uncollectible. The allowance for doubtful accounts is estimated based on the Bureau's historical losses, the existing economic conditions in Wood County, and the financial stability of its customers. Management believes no allowance for doubtful accounts is necessary at December 31, 2021 and 2020, respectively.

<u>Fixed assets and depreciation</u> - Land is carried at cost. Buildings and furniture, fixtures, and equipment are carried at cost less accumulated depreciation. Buildings and furniture, fixtures, and equipment are depreciated over their estimated useful lives using the straight-line method. Assets are assessed annually for impairment. Maintenance and repairs are charged to expense and major additions and improvements are capitalized. Gains or losses on dispositions of fixed assets are included in current operations as realized.

Depreciation expense for the years ended December 31, 2021 and 2020 was \$7,681 and \$7,504, respectively.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES (CONTINUED)

Revenue from contracts with customers – The Bureau records revenue from contracts with customers in accordance with Accounting Standards Codification Topic 606, Revenue from Contracts with Customers. Under Topic 606, the Bureau must identify the contract with a customer, identify the performance obligations in the contract, determine the transaction price, allocate the transaction price to the performance obligations in the contract, and recognize revenue when (or as) the Bureau satisfies a performance obligation. With the adoption of the new accounting standard, the Bureau has not recognized significant revenue in the current period that results from performance obligations satisfied in previous periods.

The Bureau has evaluated the nature of its contracts with customers and determined that further disaggregation of revenue from contracts with customers into more granular categories beyond what is presented in the statements of activities was not necessary. The Bureau generally fully satisfies its performance obligations on its contracts with customers as services are rendered and the transaction prices are typically fixed; and charged on a periodic basis based on activity. Because performance obligations are satisfied as services are rendered and the transaction prices are fixed, there is little judgement involved in applying Topic 606 that could significant affect the determination of the amount and timing of revenue from contracts with customers.

Membership dues are recognized as revenue in the applicable membership period and recorded when due. Any unearned amounts are included in deferred revenue at the end of the accounting period. Revenue is recognized over time based on the output method and is fixed in nature.

Fundraising projects are presented net of expenditures and costs of the project.

<u>Net Assets without Donor Restrictions</u> – This category of net assets consists of funds whose use is limited only to the extent that the Bureau's bylaws limit the activities of the Bureau. Contributions with donor-imposed restrictions met in the same year in which the contribution is recognized are reported as changes in net assets without donor restrictions.

<u>Net Assets with Donor Restrictions</u> – Net assets with donor restrictions are the portion of net assets subject to donor-imposed restrictions. These net assets are restricted as to time or purpose and not available for general use. When donor restrictions expire, that is, when a stipulated time restriction ends or a purpose restriction is fulfilled, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. The Bureau currently has no net assets with donor restrictions.

<u>Contributions</u> - The Bureau reports gifts of cash and other assets as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or proposed restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES (CONTINUED)

<u>Tax status</u> - By a letter issued June 12, 1986, the Internal Revenue Service has determined that the Bureau qualifies as a tax-exempt organization under Section 501(c)(6) of the Internal Revenue Code and, therefore, is not subject to federal and state income taxes. However, income from certain activities not directly related to the Bureau's tax-exempt purpose is subject to taxation as unrelated business income.

For the year ended December 31, 2021, the Bureau has no material uncertain tax positions to be accounted for in the financial statements under professional standards. The Bureau's returns for years ending on or after December 31, 2018, remain subject to examination by the Internal Revenue Services.

<u>Advertising</u> - It is the policy of the Bureau to expense all advertising costs in the period the advertisement is made. Advertising expense for the years ended December 31, 2021 and 2020 was \$277,525 and \$144,523, respectively.

<u>Functional expenses</u> - The costs of providing the Bureau's various programs and supporting services have been summarized on a functional basis. Accordingly, expenses are charged directly to programs and supporting services based on specific identification.

<u>Date of management's review of subsequent events</u> – Management has evaluated subsequent events through February 17, 2023, the date which the financial statements were available to be issued.

NOTE 2 - ACCOUNTS RECEIVABLE

Accounts receivable consists of membership dues not yet collected for the present period, hotel taxes not yet received for governmental entities, and miscellaneous receivables due to the Bureau. The hotel taxes have been collected by the governmental bodies but not remitted to the Bureau.

Accounts receivable consisted of the following:

		Decem	ember 31,		
	2021		2020		
Unremitted hotel tax collections Dues receivable and miscellaneous items	\$	64,709 3,644	\$	36,454 775	
Total accounts receivable	_\$	68,353	\$	37,229	

NOTE 3 - LINE-OF-CREDIT

The Bureau has an unsecured line-of-credit with a maximum amount of \$50,000 available through WesBanco Bank, Inc. Under the terms of the agreement, dated April 20, 2001, the loan is due on demand with a variable interest rate of the prime lending rate plus 1%. However, the loan agreement states that the interest rate will not exceed 12.00% or be less than 7.00%. As of December 31, 2021 and 2020, no amounts were outstanding under the line of credit, leaving funds available of \$50,000 and \$50,000 respectively.

NOTE 4 - LONG-TERM DEBT

Long-term debt consists of the following:	December 31,		
		2021	 2020
Mid-Ohio Valley Regional Council (Refinanced in 2010) Under the terms of the loan agreement, dated July 20, 2010, the loan is payable in 137 monthly installments of \$650, including a fixed interest rate of 2.44%. The loan is collateralized by a deed of trust for land and building in Parkersburg, West Virginia. The loan matured December 15, 2021. Economic Injury Disaster Loan (EIDL)	\$	-	\$ 8,216
See terms below Less: Current portion of long-term debt		148,551 (3,546)	 150,000 (8,216)
Total long-term debt, net of current portion	\$	145,005	\$ 150,000

Economic Injury Disaster Loan (EIDL)

On August 10, 2020, the Company received authorization for economic assistance under the Small Business Administration's Economic Injury Disaster Loan (EIDL) program which was designed to provide economic relief to businesses with less than 500 employees. The loan was for \$150,000. Monthly payments of \$641 will begin twenty-four months after the date of the loan and will continue through August 2050. Interest will accrue at 2.75% per annum. The outstanding balance on the note was \$150,000 at December 31, 2020. The note is collateralized by tangible and intangible personal property, including but not limited to: inventory, equipment, instruments including promissory notes, chattel paper, documents, letter of credit rights, accounts receivable, deposit accounts, commercial tort claims, general intangibles, and as-extracted collateral as such terms may from time to time be defined in the Uniform Commercial Code.

The following is a schedule of principal payments to be made concerning loans payable at December 31, 2021:

Year ending December 31:

2022 2023	\$ 3,546 3,645
2024	3,746
2025	3,851
2026	3,958
Thereafter	129,805
Total	\$ 148,551

NOTE 5 - CAPITAL LEASE PAYABLE

The Bureau leases office equipment under a capital lease. The cost of equipment under this lease was \$9,795 before accumulated amortization of \$9,230 and \$8,102 for the years ended December 31, 2021 and 2020, respectively. The accumulated amortization is recorded as a component of depreciation expense on the statement of activities. The lease was entered into in 2017 and a prime interest rate of 4.5% was imputed. Interest expense for the years ended December 31, 2021 and 2020 was \$79 and \$177, respectively, and is included in the "Interest expense" account on the statements of functional expenses.

The following is a schedule, by years, of future minimum lease payments for the Xerox Color Copier under the capitalized lease together with the present value of the net minimum lease payments at December 31, 2021

Year ending December 31: 2022	\$ 913
Total minimum lease payments	913
Less: amount representing interest	(10)
Present value of minimum lease payments	903
Less: current portion of capital lease payable	(903)
Capital lease payable, net of current portion	\$ -

NOTE 6 - CONCENTRATIONS AND ECONOMIC DEPENDENCE ON REVENUE

The Bureau maintains its cash accounts in financial institutions in West Virginia. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per institution. The cash balances at various times throughout the year may be in excess of the amounts insured. The amount in excess of FDIC coverage at December 31, 2021 and 2020 was \$121,561 and \$41,274, respectively.

For the years ended December 31, 2021 and 2020, approximately 70% and 79%, respectively of the Bureau's income consists of revenue received from collections of the Hotel Room Tax. The Hotel Room Tax is a 6% tax enacted by Chapter 7, Article 18 of the Code of West Virginia and collected by the governmental bodies consisting of the Wood County Commission, the City of Parkersburg, the City of Williamstown, and the City of Vienna. For the year ended December 31, 2021, 40% of the Bureau's hotel tax revenue came from the City of Parkersburg, 50% came from the Wood County Commission, and 9% came from the Cities of Williamstown and Vienna. For the year ended December 31, 2020, 36% of the Bureau's hotel tax revenue came from the City of Parkersburg, 53% came from the Wood County Commission, and 11% came from the Cities of Williamstown and Vienna. The Hotel Room Tax is subject to repeal and is also dependent upon the economic conditions in the area in which the Bureau operates. However, state law mandates that the minimum amount that the County and Cities remit to the Bureau of 50% of the tax collected.

NOTE 7 - EMPLOYEE BENEFIT PLAN

The Bureau adopted a Savings Incentive Match Plan for Employees (SIMPLE) retirement plan. This plan allows employees who have earned at least \$5,000 in compensation from the Bureau in the current or previous calendar year to make a voluntary salary deferral into a SIMPLE IRA. The Bureau makes a matching contribution equal to the employee's contribution up to 3% of the employee's gross compensation for the year. The Bureau's retirement expense was \$4,743 and \$3,544 for the years ended December 31, 2021 and 2020, respectively.

NOTE 8 - LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

Financial assets available within one year to meet cash needs for general expenditure are as follows:

	 December 31,			
	2021		2020	
Cash and cash equivalents	\$ 371,774	\$	277,045	
Accounts receivable, net	68,353		37,229	
Employee retention credit receivable	 24,780		10,401	
	 464,907	\$	324,675	

As part of the Bureau's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. None of the financial assets are subject to contractual or other restrictions that make them unavailable for general expenditure within one year of the statement of financial position date.

NOTE 9 - PAYROLL PROTECTION PROGRAM

Due to continued uncertainties related to the COVID 19 pandemic, the Economic Aid to Hard Hit Small Businesses, Nonprofits, and Venues Act (PPP2) was signed into law December 27, 2020. Among other things, the Act allocates additional funds to the Paycheck Protection Program. The Company was approved to receive \$33,695 through the PPP2 program, which it used for the allowable purposes. PPP loan forgiveness is reflected in support and revenue in the accompanying statements of activities.

The Paycheck Protection Program loan and forgiveness of that loan are subject to audit by the SBA for six years after the date the loan is forgiven. The possible disallowance by the SBA of any item charged to the program cannot be determined until such time when an audit occurs. Therefore, no provision for any potential disallowances that may result from such audit has been made in the accompanying financial statements. Management is of the opinion that disallowances, if any, will not be material to the accompanying financial statements.
