NEIGHBORHOOD INVESTMENT PROGRAM

2024 ANNUAL REPORT

Introduction

In 1996, the West Virginia State Legislature enacted the Neighborhood Investment Program (NIP). It was the intent of the Legislature that this act “*encourage private sector business and individuals to contribute capital to community-based organizations which establish projects to assist neighborhoods and local communities,*” thus increasing the capacity of such organizations to serve low-income persons and highly distressed neighborhoods. In the twenty-eight years it has been operating, the NIP has successfully attained the goals of the enabling legislation.

In 2011, the West Virginia Legislature reauthorized the NIP through 2016. This legislation also increased the amount of credit available to applicants from \$2.5 million to \$3 million annually. The legislation was reauthorized in 2016 for an additional 5 years, with the tax credit amount remaining at the \$3 million mark. The directive of the Legislature changed the scope of NIP to give preference to those organizations offering “Emergency Assistance” or “Direct Need” Direct Need means to assist in helping people get off government assistance programs. In 2021 the Legislature once again reauthorized NIP through Fiscal Year 2026 with the tax credit amount remaining at \$3 million dollars.

In FY-2024, the NIP once again achieved record success and remains a significant incentive for donors to contribute to local non-profit organizations. The growth of the program has been such that the demand for the credits outpaced the supply of credits by 201% in FY-2024. During FY-2024, 207 applicant organizations requested an average of \$29,194 in tax credit per project for a total requested amount of \$6,043,250.00.

The NIP Advisory Board voted to approve 200 projects at an average award of \$15,000.00.

A total of \$3,000,000 in NIP tax credit was allocated for FY-2024 and participant organizations once again utilized a record-setting 100% of the available credit for the eighth year in a row. These credits leveraged \$7,049,602.76 in donations and helped to serve over 320,887 low-income West Virginia citizens.

The request by organizations for additional credit is overwhelming. The program has not had an increase in tax credit since 2011. The program has used 100% of credits for the last eight years, with the request for more credits by the donors expressed to the organizations.

NIP Advisory Board Summary

First Congressional District	Second Congressional District
Vacant Non-Profit	Vacant Non-profit
Sally Blessing Independent Non-Profit (June 30, 2025)	John Nicholson Republican Private Sector (June 30, 2024)
Donna Hawkins Democrat Non-Profit (June 30, 2027)	Susie Nelson Independent Non-profit (June 30, 2025)
Vacant Private-Sector	Vacant Low-income Citizen
Vacant Low-income Citizen	Vacant Private Sector
Vacant Low-income Citizen	Vacant Low-income Citizen

NIP Procedural Rule §145-7-4 specifies membership and term requirements for the NIP Advisory Board as follows:

- The Board shall consist of 13 members: The Director of the Development office plus 12 members appointed by the Director.
- The Director shall serve as chair but shall not vote unless it is necessary to break a tie.
- Four members will be officers or members of boards of directors of unrelated corporations that are currently licensed to do business in West Virginia.
- Four members will be executive directors, officers, or members of boards of directors of unrelated not-for-profit organizations which currently hold charitable organization status under section 501(c)3 of the Internal Revenue Code, and which are currently licensed to do business in West Virginia.
- Four board members will be economically disadvantaged citizens of the State, with an annual gross income of not more than 125 percent of the Federal Poverty Level (FPL).

NIP Advisory Board Summary - continued

- No more than six of the 12 appointed members may be from the same Congressional District.
- No more than seven of the appointed members may be from the same political party.
- Members are eligible for re-appointment, but no member may serve more than three consecutive terms.
- Board members shall be appointed for three years. Board appointments shall begin the 1st day of July in the year of appointment and end the 30th day of June of the third calendar year in which the appointment took effect. Appointments to fill unexpired terms shall be for the duration of the term.

The Advisory Board met on August 30, 2023, to review project applications for FY-2024. A total of 207 applications were received requesting a total of \$6,043,250.00 in tax credit. A total of 200 applications were approved by the Board totaling \$3,000,000.00 with \$7,250 held in reserve. Of the total \$3,000,000 credit allocation, \$3,000,000 was issued during the year by organizations to eligible donors representing 100% of the credit issued for the eighth time in a row in the organization's 28-year history.

The Advisory Board met again on March 28, 2024, addressing the issue of reallocation. The process of recapturing credit from projects and reallocating it to other organizations is outlined in NIP Procedural Rule §145-7-4.8.b as follows: "If the amount awarded by the Board is less than the full amount sought by the project transferee, the Board may also approve a supplemental amount of credits to become available on or after March 30 of the state fiscal year if sufficient credits remain unallocated as of that date or if credits have been returned from previously approved projects: Provided, that the project transferee receiving supplemental credit approval shall, on or before March 15 of the state fiscal year, have issued *one hundred percent* of the credits they were initially awarded."

The NIP Procedural Rule (regarding reallocation) continues in §145-7-4.8.d, stating, "Project transferees may return credits to the Development Office that they do not anticipate using in the fiscal year in which they were awarded. Project transferees that have issued *less than seventy percent* of their authorized credits prior to March 15 of that state fiscal year in which they were

awarded may be directed by the Director of the Development Office to return any unused credits previously authorized by the Board.”

At the March meeting, the Board approved the recapture of \$40,239.50 from various projects that had issued less than 70 percent of their awarded credit by March 15, 2024. After reviewing the eligible NIP participant organizations, using pre-set formulas, the Board was able to approve supplemental credit awards to ten organizations for the entire amount that was available for redistribution (\$47,489.50). In FY 2024, we had held \$7,250 in reserve, which was added into the reallocation amount. Charts on the following two pages provide statistical data for the reallocation process for the past 18 years.

FY-2024 NIP Statistics

Returned/Recaptured Credit Statistics¹

Fiscal Year	Unallocated Credit	Returned Credit	Recaptured Credit	Available for Redistribution
2003	\$0	\$17,520	\$210,475	\$227,995
2004	\$0	\$8,091	\$178,824	\$186,915
2005	\$0	\$43,569	\$144,508	\$188,077
2006	\$0	\$635	\$132,400	\$133,035
2007	\$0	\$112,114	\$81,652	\$193,766
2008	\$0	\$36,245	\$181,673	\$217,918
2009	\$0	\$69,285	\$277,021	\$346,306
2010	\$0	\$47,078	\$253,835	\$300,913
2011	\$0	\$27,298	\$216,460	\$243,758
2012	\$0	\$102,464	\$251,155	\$353,619
2013	\$0	29,150	\$241,605	\$270,755
2014	\$0	\$42,700	\$63,695	\$106,395
2015	\$5,100	\$0	\$61,525	\$66,625

2020	*	\$51,615.62	21	\$51,615.62	100%
2021	*	\$38,241	21	\$38,241	100%
2022	*	\$13,750	7	\$13,750	100%
2023	*	\$60,150	16	\$60,150	100%
2024	*	\$47,489.50	10	\$47,489.50	100%

² Due to space limitations, we no longer show the years 1997-2002.

³ As of 2016, participants must use 100% of their credits to be eligible for reallocation. By direction of the Advisory Board, it is now calculated by the NIP staff for those eligible and not requested by the participant.

More projects are becoming eligible for supplemental credit awards each year while the amount available for reallocation continues to decline significantly. This is due to an increased awareness of the tax credits by the public and more efficient use of the credits by the participating organizations.

Technical Assistance

Increasing the awareness and understanding of the NIP continued to be a priority in 2024, along with a focus on increasing usage rates by participant organizations. NIP staff was unable to host the two workshops in 2020-2024, due to COVID-19 restrictions which educates applicants and participants about the program. The workshop presentation was posted and available for all participants to review on the webpage and then they were to complete a questionnaire and attach it to their application. The workshops were designed to provide guidance to organizations regarding the rules of the program and to better prepare organizations for writing their NIP application. In addition to the presentation, NIP staff was available prior to the due date of the application to provide assistance. The program was marketed on our website, and on the West Virginia Non-Profit Association website.

Providing NIP information and technical assistance to participants, donors, media outlets, and other interested parties was an integral part of the program in FY-2024. Staff continued to provide specific technical assistance through both one-on-one communication and via the WVDED website. Staff also collected a Mid-Term Report and a Final Report from NIP participants and kept the NIP Advisory Board updated regarding progress of approved projects throughout the year. NIP staff also verified and processed required paperwork and fees for 2,966 NIP eligible donations.

For more information on the program, please visit the website at <https://www.wvcad.org/nip..>

FY-2024 NIP Direct Program Expenses

Category	Expense
Personnel	\$78,338.19
Fringe Benefits	\$22,151.28
Current Expenses	\$19,964.82
TOTAL	\$120,454.29

The West Virginia Department of Economic Development (WVDED) provides indirect support for the program. In particular, the following divisions of the WVDED and the Commerce Communications office provide services in support of the NIP:

- **Executive Director's Office:** The Executive Director, or his or her designee, chairs the NIP Advisory Board. This office also provides legal advice and assistance, as well as managing legislative issues.
- **Administration:** This division provides general accounting services and manages the NIP certification fee account, travel related expenses (for both NIP staff and Advisory Board members), and workshop expenses.
- **Community Advancement and Development:** The NIP program falls under this division including staff support necessary to administer the program efficiently.
- **Commerce Communications:** This agency provides design services for NIP brochures and mailing materials, as well as issuing all press releases and announcements regarding the program, along with maintaining the NIP website.

According to West Virginia Code, NIP certifications fees are collected to offset the administrative costs of the program. Program revenues for FY-2024 were \$180,130.26 while direct program expenses were \$120,454.29.

NIP Credit Statistics

Statistics that are currently tracked for the Neighborhood Investment Program (NIP) include the number of applications submitted for review, amount of credit requested, counties represented, number of applications approved, amount of credit awarded, amount of donations leveraged, amount of credit issued to donors, and the amount of certification fees collected (which make the program self-sustaining).

The following three pages contain the aforementioned statistics for each year since the program's inception. The information is broken out as follows:

- Table 1 – Application Statistics

2015	\$6,488,731	\$2,967,575	99%	\$183,074
2016	\$6,350,612	\$2,973,386	99%	\$177,101
2017	\$6,438,892	\$3,000,000	100%	\$180,123
2018	\$6,993,971	\$3,000,000	100%	\$179,406
2019	\$6,752,130	\$3,000,000	100%	\$180,383
2020	\$6,914,281	\$3,000,000	100%	\$180,468
2021	\$6,566,985	\$3,000,000	100%	\$180,254
2022	\$6,869,963	\$3,000,000	100%	\$180,370
2023	\$7,071,746	\$3,000,000	100%	\$180,333
2024	\$7,049,603	\$3,000,000	100%	\$180,130

Legislative Updates

The NIP was reauthorized during the 2021 Legislative session for an additional five years through the passage of S.B.293. Funding levels for the program remained unchanged at \$3 million annually. The program remains at \$3,000,000 and will run through June 30, 2026.

Beckley Area Foundation
Summer reading program at Raleigh Co. Library

Brian's Safehouse
Learning a trade skill and how to interact with people

Wellspring of Greenbrier
Fresh produce for the food pantry

Habitat for Humanity of the MOV
Keys to a new home, which the new owner worked on too

Project Impacts

A wide variety of projects participated in the Neighborhood Investment Program during FY-24. These project types included, but were not limited to:

- Emergency assistance
- Direct needs met that provide self-reliance and independence from government assisted programs
- Affordable housing initiatives
- Counseling and housing assistance for victims of rape, domestic violence, and elder abuse
- Children that are victims of crime, sexual abuse, domestic violence, delinquency, etc.
- Programs that teach women how to dress, provide clothing, and complete applications for jobs
- Food programs that assist our veterans
- Leadership and education programs for at-risk youth
- Transportation assistance providing vehicles to low-income individuals
- Free medical clinics for low-income persons
- College scholarship programs for low-income students
- Drug / alcohol prevention and recovery programs
- Homeless shelters and related services
- Non-medical caregiving services for the elderly and disabled
- Hospice service for low-income patients
- Arts education programs for low-income children
- Community Foundations serving non-profits in rural West Virginia

Funds raised through the NIP incentive help participant organizations provide these much-needed services. The list above is just a small sampling of the types of programs that participate in the NIP. There is no simple way to describe the extent of the work these organizations do to help the less fortunate from distressed areas in West Virginia. The services they provide are essential in maintaining a strong social and economic infrastructure in West Virginia – creating stronger, healthier, more informed citizens that are capable of self-sufficiency and contributing to their communities. The following is a small glimpse of the impact the NIP had on projects during FY-2024.

Project Impacts – continued

Direct Needs - Lives are rebuilt:

Graduates of Brian's Safehouse work hard to fight their way through to recovery, and it pays off, not only for themselves, but for their loved ones and the community, as well. Our programs teach life skills, help residents recognize and face personal problems, and guide them firmly on the path of what is often a lifelong process of recovery. Safehouse programs also teach work ethics, something most people deep in substance use disorders either never obtained or lost along the way. Our area has reaped rich blessings from the solid work ethics of our graduates. Thanks to "Hope and Healing: Scholarships for Substance Use Disorders" provided through the Neighborhood Investment program, local businesses can find employees who can pass drug screenings and are hardworking and reliable. We have graduates who are business owners, work for Fortune 500 companies, are store managers, leaders of addiction programs, and more. Thank you, NIP and WV, for making a difference in our communities.

--Brian's Safehouse, Leslie Pease

Serving Homeless:

The YWCA Shanklin Center for Senior Enrichment has provided permanent housing with supportive services for disabled seniors who have been victims of elder abuse, and who are experiencing homelessness because of that abuse. Three of the apartments are dedicated to women who are chronically homeless.

4 out of the 11 women served in the timeframe given have been here over 11 years, one participating for 18 years. 6 out of the 11 women served have also been volunteering their time to support their community in the Foster Grandparents program through the United Way.

The YWCA Shanklin Center strives to provide compassionate and effective solutions that address both housing and support service needs in the communities we serve. By having a significant positive outcome, victims heal from abuse, regain their independence, and enjoy a higher quality of life.

--YWCA of Charleston, Krista Casto

Direct and Emergency Needs:

A family which was once homeless has just celebrated their one-year anniversary as homeowners in our Kingwood project. Recently, the homeowner shared their autistic daughter struggled when they didn't know where they would live; the new home provides the stability this child needs. As homeowners, they have new and better jobs, and the affordable mortgage payment with zero interest is less than their previous rent, including principal, taxes, and insurance.

Families meeting the definition of homeless and/or disabled will receive highest priority for the Fairmont homes; applications currently under review include individuals living in other family members' homes and survivors of domestic abuse.

Studies show that families in these circumstances are more successful in their jobs, school and as community members when they have stable housing. Our partner families past successes are future predictors of the impact these new homes in Fairmont will have on the community.

—Mon Valley Habitat for Humanity

Conclusion

The Neighborhood Investment Program has proven in its 28 years of existence to be a significant force when it comes to encouraging businesses and individuals to contribute to their local non-profit organizations. The NIP encourages community development by providing the incentive many businesses and individuals need to get involved in their local organizations which are primarily providing services for emergency assistance, direct needs, and many other services to low-income individuals in distressed neighborhoods. By working to build these relationships, the NIP helps to increase the capacity of our communities to support projects which serve our most economically distressed citizens and neighborhoods.
