Annual Technical Report Executive Summary MY 2014

Background and Purpose

The Bureau for Medical Services (BMS) operates West Virginia's Medicaid Managed Care Program, Mountain Health Trust (MHT). For measurement year (MY) 2014, there were approximately 200,271 members enrolled in the four MHT Managed Care Organizations (MCOs). The four MCOs contracted with BMS to provide care to these enrollees are CoventryCares, Inc. (CoventryCares), The Health Plan of the Upper Ohio Valley (The Health Plan), UniCare Health Plan of West Virginia, Inc. (UniCare), and West Virginia Family Health. West Virginia Family Health began accepting enrollment in the last quarter of 2014, and therefore was not subject to the External Quality Review (EQR) audit for MY 2014.

BMS evaluates and monitors the care provided by the MCOs to the MHT enrollees. To ensure that the care provided meets acceptable standards for quality, access, and timeliness, BMS contracts with Delmarva Foundation for Medical Care, Inc. (Delmarva) to perform EQR services. On an annual basis, Delmarva assesses each MHT MCO's performance with data and information gained through the three mandatory activities that follow:

- Systems Performance Review (SPR)
- Performance Improvement Project (PIP) Validation
- Performance Measure Validation (PMV)

The SPR process is designed to assess MCO compliance with structural and operational standards in the areas Enrollee Rights, Grievance Systems, Quality Assessment and Performance Improvement, and Fraud and Abuse. Standards are derived from the Code of Federal Regulations (CFR) and the MHT MCO contractual requirements. To determine MCO compliance, Delmarva obtains information from document reviews, interviews with MCO staff, observation of processes, and chart reviews. Combined, these methods of data collection provide an accurate depiction of an organization's compliance with regulatory provisions.

PIPs are designed to provide a systematic approach to quality improvement and can assist MCOs in identifying issues and implementing targeted interventions to obtain and sustain improvement in clinical or administrative processes. The validation process consists of determining whether or not PIPs were conducted correctly by assessing key components of the process. Areas validated include selection of study topic, development of the study question, selection of indicators, sampling methodology, data collection procedures, improvement strategies, findings, and whether or not improvement was achieved.

Results of performance measures offer a snapshot of MCO quality, timeliness, and accessibility of care provided during a given time period. PMV assures that MCOs produce reliable and accurate measures in accordance with required specifications. The validation process includes an assessment of the MCO's information systems, procedures, and algorithms used to calculate the performance measures.

These assessments are conducted using the required EQR Protocols (Centers for Medicare and Medicaid Services, EQR Protocols). MCO specific SPR, PIP and PMV reports are prepared by Delmarva and submitted to BMS for each activity on an annual basis.

In accordance with 42 C.F.R. §438.364, the EQRO must provide a detailed technical report that describes the manner in which the data from all activities conducted were aggregated and analyzed and the way in which conclusions were drawn as to the timeliness, quality, and access to the care furnished by MCOs contracting with the State. This Executive Summary describes the SPR, PIP, and PMV activities that were conducted for measurement year (MY) 2014 according to the dimensions of quality, access, and timeliness to meet this federal reporting requirement.

For purposes of assessment, Delmarva has adopted the following definitions:

- **Quality**, as stated in the federal regulations as it pertains to external quality review, is “the degree to which a Managed Care Organization (MCO)... increases the likelihood of desired health outcomes of its recipients through its structural and operational characteristics and through the provision of health services that are consistent with current professional knowledge” (Centers for Medicare & Medicaid Services [CMS], Final Rule: External Quality Review, 2003).
- **Access** (or accessibility), as defined by the National Committee for Quality Assurance (NCQA), is “the extent to which a patient can obtain available services at the time they are needed. Such service refers to both telephone access and ease of scheduling an appointment, if applicable. The intent is that each organization provides and maintains appropriate access to primary care, behavioral health care, and member services” (*NCQA 2013 Health Plan Standards and Guidelines*).
- **Timeliness**, as it relates to utilization management decisions and as defined by NCQA, is whether “the organization makes utilization decisions in a timely manner to accommodate the clinical urgency of the situation. The intent is that organizations make utilization decisions in a timely manner to minimize any disruption in the provision of health care” (*2013 Standards and Guidelines for the Accreditation of Managed Care Organizations*). An additional definition of timeliness given in the Institute of Medicine National Health Care Quality Report refers to “obtaining needed care and minimizing unnecessary delays in getting that care” (*Envisioning the National Health Care Quality Report, 2001*).

Summary of Quality

The structural and operational characteristics are evaluated through the Systems Performance Review in the Quality Assessment and Performance Improvement (QA) standard. This standard is important because it assesses each MCO's internal Quality Improvement (QI) structure and its ability to improve the quality of care and services for its enrollees.

The MY 2014 SPR compliance rates for the QA standard for all three MHT MCOs are presented below.

Table 1. MCO SPR Compliance Rates for MY 2014- Quality Assessment and Performance Improvement.

SPR Standard	MY 2014 Compliance Rate		
	CoventryCares	The Health Plan	UniCare
Quality Assessment and Performance Improvement	100%	99%	98%

All MCOs performed well in the area of quality. CoventryCares achieved full compliance (100%) while The Health Plan and UniCare had compliance rates of 99% and 98% respectively.

The MCOs have well documented Quality Assessment and Performance Improvement (QAPI) program plans that describe the organizational structure and include goals, objectives, and a detailed work plan. All QAPI plans note that the ultimate authority of the QAPI Program rests with the MCO's governing body, the Board of Directors (BOD). All MCOs carry out their QAPI functions using committees (e.g. credentialing, quality improvement, utilization management). Committee descriptions in the QAPI documents include all of the required components including committee responsibilities, a designated chairperson and responsibilities for each committee. The QAPI documents include organizational charts, describe the relationship between the committees, and how information is communicated among the committees and up to the BOD.

The MY 2014 SPR demonstrated the following MCO accomplishments related to quality. All three MCOs have:

- Well documented QAPI plans that describe the organizational structure and include goals, objectives, and a schedule of planned activities (work plan).
- Detailed committee meeting minutes that describe actions taken, problem identification and resolution, as well as coordination and communication among committees.
- Demonstrated that appropriate staff and committees are involved in the decision making process for Utilization Management (UM) and QI activities.
- UM procedures in place for making authorization decisions.
- UM procedures in place to identify over- and underutilization.
- Clinical practice guidelines (CPGs) in place, and update them at least every two years.

- CPGs and other industry acceptable criteria (e.g. InterQual and Milliman and Robertson) are used to make UM decisions (e.g. pre-authorization of procedures).
- Procedures in place to monitor delegated credentialing entities. Delegates are held to same standards as MCOs as demonstrated by the delegated credentialing audits and monitoring conducted by the MCOs.
- On-site pre-delegation audits are conducted prior to contracting with any delegate.
- Disease management programs in place for enrollees with special health care needs.
- Health education programs in place that are based on enrollee characteristics and needs.
- The appropriate policies and procedures in place to cover and pay for emergency and post-stabilization care services.
- Processes in place to collect and report the required performance data (HEDIS measures, CAHPS measures, and Adult and Child Core Measures).
- Policies and procedures in place to report valid and reliable performance measures.
- Analyzed data collected in the QI and UM programs and use it for problem identification and resolution (e.g. interventions), and program planning (e.g. selection of areas for focused studies and PIPs).
- Conducted the most recent version of the CAHPS survey and used the results to identify areas to target for improvement. Corrective action plans are developed and implemented to address areas where improvement is required.
- Have access and availability standards in place that are consistent with the BMS/MCO contract. Compliance to these standards is assessed at least annually as required.

MCOs have the appropriate structures and processes in place to monitor, evaluate, and improve the quality of services to the MHT enrollees using Performance Improvement Projects (PIPs). All MCOs have the required PIPs in place, including two mandatory Collaborative PIPs: Diabetes Collaborative PIP and Emergency Department (ED) Collaborative PIP.

There were two MCO PIP topics related to quality in MY 2014. They are Childhood Immunization Status – Combination 3 PIP conducted by UniCare, and the Diabetes Collaborative (all three MCOs).

In UniCare's Childhood Immunization Status - Combination 3 PIP, the MCO aims to meet or exceed the previous year's NCQA Quality Compass National Medicaid Average for the percentage of children 2 years of age who had 4 diphtheria, tetanus, and acellular pertussis (DTaP); 3 polio (IPV); 1 measles, mumps, and rubella (MMR); 3 H influenza type B (HiB); 3 hepatitis B (Hep B); 1 chicken pox (VZV); and 4 pneumococcal conjugate (PCV) vaccines by their second birthday. For HEDIS 2012 (MY 2011), the National Medicaid Average was 70.64%. The MCO's performance improved from the MY 2012 baseline rate of 62.04% to 67.13% for Remeasurement 2 (MY 2014). Improvement has been achieved over the baseline rate for both remeasurements. Delmarva recommended that the MCO conduct this project for at least one more year to try and achieve sustained improvement.

The other PIP topic related to quality is the mandated Diabetes Collaborative in which all three MCOs are required to participate. The mandatory indicator for the collaborative project is *Comprehensive Diabetes Care (CDC)-Hemoglobin A1c (HbA1c) Control (<8%)* with the goal to meet or exceed the HEDIS 2014 National Medicaid Average (45.4%) by HEDIS 2016 (MY 2015). All MCOs have selected at least one additional HEDIS indicator for their projects to include *Retinal Eye Exam Performed* (UniCare), and *HbA1c Testing* (CoventryCares, The Health Plan and UniCare). The results for the mandatory indicator, *HbA1c Control <8%*, are found in the table below.

Diabetes PIP - Mandatory Indicator Results HbA1c <8%			
CoventryCares			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (2015)	41.32%
MY 2014	Remeasurement 1	45.52%	43.27%
The Health Plan			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (2015)	45.34%
MY 2014	Remeasurement 1	46%	41.24%
UniCare			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (2015)	28.73%
MY 2014	Remeasurement 1	45.52%	38.19%

CoventryCares and UniCare achieved improvement from Baseline to Remeasurement 1. Best practices for interventions for the Diabetes Collaborative that were implemented in 2014 are described below.

CoventryCares produces a Practitioner Report annually to high-volume practices including data about diabetes and other diseases. In addition, Practitioner Gaps in Care Lists were produced and distributed monthly to encourage providers to contact members and get them in for needed services and tests. The Gaps in Care Lists provide member-level detail of missing screenings, tests, and services. The MCO encourages providers to follow-up with enrollees who appear on these lists. Delmarva recommended that the MCO put a mechanism in place to ensure that the providers follow-up to get members with missing services in for an appointment.

The Health Plan's Wellness and Health Promotion (W&HP) Call Center provides one-on-one personalized contact with diabetic members who are missing important services and/or testing. Claims histories are used to identify gaps in care that trigger members being placed in an outbound call queue that is updated weekly. Following the phone call from the nurse, a letter is sent to the member with a checklist of all missing services that were discussed on the call. A similar letter is sent to the member's PCP urging the PCP to assist the member in obtaining any services the member chooses to pursue. This intervention is not just for diabetes, but is in place for multiple conditions.

UniCare also generates Provider Gaps in Care Reports that include member-level detail of gaps in care and distributes them to providers in hopes that they will follow-up with enrollees on the lists. As with the other MCOs that produce these types of reports, Delmarva recommended that the MCO put a mechanism in place to ensure that the providers follow-up to get members with missing services in for an appointment. In addition, the MCO has a Member Incentive Program which provides a \$25 incentive for completing recommended diabetic screenings and a dilated eye exam.

Two measures from the performance measure validation (PMV) set assessed quality for the MHT MCOs: *Immunization for Adolescents- Combination 1* and *Medication Management for People With Asthma- Total 75% Compliance*. The MHT-WA compared favorably the 75th NMP for both measures. *Immunization for Adolescents- Combination 1* improved between MY 2012 and MY 2014. *Medication Management for People With Asthma- Total 75% Compliance* improved between MY 2013 and MY 2014.

Summary of Access

Access (or accessibility), as defined by the National Committee for Quality Assurance (NCQA), is "the extent to which a patient can obtain available services at the time they are needed. Such service refers to both telephone access and ease of scheduling an appointment, if applicable. The intent is that each organization provides and maintains appropriate access to primary care, behavioral health care, and member services" (*NCQA 2013 Standards and Guidelines for the Accreditation of Health Plans*).

Access to care and services has historically been a challenge for Medicaid enrollees in rural areas. Access is an essential component of a quality-driven system of care. The findings with regard to access are discussed in this section.

The SPR standards evaluate enrollee access to informational materials and services. All MCOs provided comprehensive member materials at or below the 6th grade reading level as required by the BMS/MCO contract. Telephone numbers to access Member/Customer Services lines, hours of operation, and the MCO address are provided in Member Handbooks. Member Handbooks describe the covered services, how to access those services, and any other special requirements (e.g. referrals and preauthorizations). Member

materials also include a statement of enrollee rights, instructions on how to file complaints, grievances, and appeals and describe how to access a State Fair Hearing.

The MCOs are required to assess compliance with appointment access standards in the MCO contract.

Current BMS standards state that:

- Emergency cases must be seen immediately or referred to an emergency facility;
- Urgent cases must be seen within 48 hours;
- Routine cases other than clinical preventive services must be seen within 21 days (exceptions are permitted at specific times when PCP capacity is temporarily limited);
- An initial prenatal care visit must be scheduled within 14 days of the date on which the woman is found to be pregnant.
- Qualified medical personnel to be accessible 24 hours each day, seven days a week (24/7), to provide direction to patients in need of urgent or emergency care. Such medical personnel include, but are not limited to, physicians, physicians on call, licensed practical nurses, and registered nurses.

CoventryCares met all of the access standards. The Health Plan did not meet the access standards for Emergency Care and 24/7 access. UniCare did not meet the 90% threshold for Urgent Care, Routine Care, Initial Prenatal Care Visit, and 24/7 access.

Delmarva noted in the 2013 Annual Technical Report that the MCOs were not consistently meeting the threshold for the 24/7 access standard. A review of data for the four year period from MY 2011- MY 2014 shows that CoventryCares met the standard three times, The Health Plan met the standard one time, and UniCare did not meet this standard in any of these four years. Delmarva recommends that BMS work with the MCOs to focus on meeting this important standard.

In regards to access, the MCOs have undertaken a mandatory PIP focusing on reducing the number of ED visits for patients with asthma. The mandatory indicator is *Annual Percentage of Asthma Patients with One or More Asthma-Related Emergency Department (ED) Visits (ages 2-20)*.

Each MCO selected its own goal for the project based on the variation in baseline rates among the MCOs. The robust interventions that were in place throughout MY 2014 include Gaps in Care Reports (CoventryCares and UniCare), Pharmacy Profile Reports which are used to identify asthmatic members with no prescription for a controller medication (UniCare), and Emergency Department (ED) Usage Lists used to identify asthmatic members who frequently utilize the ED to manage their asthma (CoventryCares and UniCare). A Wellness and Health Promotion Call Center (W&HP) allows for one-on-one personalized contact with members who are Phone calls are placed to members by an outbound specialist who completes an initial assessment of the member's health and asthma control and engages them in the MCO's Asthma Wellness program.

Emergency Department Collaborative PIP - Mandatory Indicator Results			
Annual Percentage of Asthma Patients with One or More Asthma-Related Emergency Department Visits Ages 2 – 20			
CoventryCares			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined with PIP Collaborative Team	8.86%
MY 2014	Remeasurement 1	7.974%	8.67%
The Health Plan			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined with PIP Collaborative Team	6.58%
MY 2014	Remeasurement 1	1% total decrease	7.09%
UniCare			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined with PIP Collaborative Team	8.29%
MY 2014	Remeasurement 1	7.89%	8.38%

The indicator results show that the mandatory indicator rate improved for CoventryCares. The Health Plan and UniCare did not achieve improvement for the first remeasurement period.

The robust interventions that were in place in MY 2014 were:

- Gaps in Care Reports (CoventryCares and UniCare)
- Pharmacy Profile Reports which are used to identify asthmatic members with no prescription for a controller medication (UniCare)
- Emergency Department (ED) Usage Lists used to identify asthmatic members who frequently utilize the ED to manage their asthma (CoventryCares and UniCare).
- A Wellness and Health Promotion (W&HP) Call Center at The Health Plan allows for one-on-one personalized contact with members who are identified as having asthma. Phone calls are placed to members by an outbound specialist who completes an initial assessment of the member’s health and asthma control and engages them in the MCO’s Asthma Wellness program.

Four performance measures were validated and used to assess MCO performance for Access.

- Prenatal and Postpartum Care - Postpartum Care
- Percentage of Eligibles That Received Preventive Dental Services
- Percentage of Eligibles That Received Dental Treatment Services
- Annual Percentage of Asthma Patients 2 Through 20 Years of Age with One or More Asthma-Related Emergency Room Visits

In regards to PMV, the HEDIS indicator, *Prenatal Postpartum Care- Postpartum Care*, provides an opportunity for improvement. The MHT-WA for this indicator did not meet the 50th NMP and declined between MY 2013 and MY 2014. The other three access measures are first year measures and do not have enough data to determine opportunities for improvement.

Summary of Timeliness

Timeliness, as it relates to utilization management decisions and as defined by NCQA, is whether “the organization makes utilization decisions in a timely manner to accommodate the clinical urgency of the situation. The intent is that organizations make utilization decisions in a timely manner to minimize any disruption in the provision of health care” (*2013 Standards and Guidelines for the Accreditation of Health Plans*). An additional definition of timeliness given in the Institute of Medicine National Health Care Quality Report refers to “obtaining needed care and minimizing unnecessary delays in getting that care” (*Envisioning the National Health Care Quality Report, 2001*).

Timeliness is an important factor for evaluating MCO performance because organizations must have procedures in place to make decisions timely in order not to disrupt or delay the provision of care or services to their members. The SPR standards in place evaluate timeliness as it relates to both the provision of services and timely access to customer services. The findings for the MHT MCOs related to timeliness are described below.

During the SPR on-site review, cases, files, and logs are reviewed to assess the timeliness of MCO activities. For MY 2014, Delmarva reviewed cases, files, and logs to assess timeliness of:

- Credentialing and recredentialing of providers,
- Resolution of complaints, grievances and appeals, and
- Authorization, pre-authorization and continuing authorization activities.

Delmarva sampled 10 credentialing and 10 recredentialing files for each MCO. All initial credentialing applications in the sample were processed according to the MCOs policies and procedures. All provider recredentialing files in the sample were recredentialed within the three-year time requirement. All delegated credentialing providers are held to the same timeliness standards. All three MCOs complete annual audits of the delegates and no issues were identified with timely completion of credentialing and recredentialing activities. A pre-delegation audit is conducted prior to contracting with any delegate.

Delmarva reviewed each MCO’s grievance log and selected a sample of 10 formal appeals cases from each MCO for review. In cases where an MCO did not have 10 appeals for MY 2014, all cases were reviewed. The BMS/MCO contract requires MCOs to process and provide notice to affected parties regarding grievances and appeals in a reasonable length of time not to exceed 45 days from the day the MCO receives the grievance or appeal, unless the enrollee requests an extension or the MCO shows that a delay is necessary and

in the interest of the enrollee. All grievances reviewed were resolved timely. All appeals cases sampled were resolved and affected parties notified in less than 45 days. None of the cases included a request for an extension.

Each MCO has a UM program in place which includes policies and procedures to monitor the timeliness of utilization management decisions. According to the BMS/MCO contract, the MCOs must make authorization decisions and provide notice as expeditiously as required by the enrollee's health condition and within 14 measurement days of receiving the request for service for the purposes of standard authorization decisions. All MCOs monitor the time to completion for authorizations against this timeliness standard. Results are compiled at least monthly by all MCOs and reported through the QAPI channels at least quarterly.

In addition, the MCOs must provide an expedited authorization decision for services when the provider indicates that the standard time frame could seriously jeopardize the enrollee's life or health or ability to attain, maintain, or regain maximum function. The MCO must make the expedited authorization decision and provide notice to the enrollee as expeditiously as the enrollee's health condition requires, and no later than 3 working days after receipt of the request for service. This three working-day period may be extended up to 14 additional days upon request of the enrollee or provider, or if the MCO justifies to BMS the need for additional information and how the enrollee might benefit from the extension.

All authorization decisions are monitored for timeliness. Turn-around time is measured and documented. These results are usually summarized quarterly and reported through the QAPI channels by the UM department. There were no cases on file for expedited authorizations in MY 2014.

For MY 2014, there were two PIPs that addressed timeliness. They are CoventryCares's Adolescent Well-Care Visits PIP and The Health Plan's Member Establishment with Primary Care Provider of Record PIP.

CoventryCares's PIP measures the percentage of enrollees 12-21 years of age who had at least one comprehensive well-care visit with a PCP or Obstetrician/Gynecologist during the measurement year. CoventryCares achieved an increase in the indicator rate each year from Baseline (MY 2011) to Remeasurement 3 (MY 2014). The rate increased from 42.13% in the Baseline to 50.47% in Remeasurement 3. Interventions such as face-to-face education of providers about medical record documentation, outreach calls to non-compliant members, provider report cards, and EPSDT reminder systems, target identified barriers.

Interventions identified as best practices in the review of CoventryCares's Adolescent Well-Care Visits PIP are listed below:

- Disease and case managers conduct targeted calls to members identified as non-compliant to educate them about the need for routine well-visits and assist with appointment scheduling if needed.
- Provider report cards are mailed monthly which contain all members that are non-compliant with the required services. The MCO encourages providers to follow-up with the non-compliant members. Delmarva recommended that the MCO put a mechanism in place to ensure that providers follow-up with members and attempt to get them up to date with the required services.
- Provider/office staff education, including appropriate medical documentation, was offered when HEDIS medical record reviews were being conducted on-site by the MCO.

The Health Plan's Member Establishment with PCP of Record was implemented in the last quarter of 2015. The MCO aims to improve the *Adolescent Well-Care Visits* (as in CoventryCares's PIP) and the *Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life* rates. By encouraging members to establish with their PCP of record, the MCO believes that enrollees will be more likely to obtain routine well exams and preventive services, and may use the ED and walk-in clinics less frequently. Baseline data were provided for this PIP as it was implemented in the second half of 2015.

The following six measures validated for MY 2014 assess performance for Timeliness.

- Adolescent Well-Care Visits
- Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life
- PQI 01: Diabetes Short-Term Complications Admission Rate
- PQI 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate
- PQI 08: Heart Failure Admission Rate
- PQI 15: Asthma in Younger Adults Admission Rate

The MHT-WA for *Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life* exceeded the 50th NMP and improved each year between MY 2012 and MY 2014. The MHT-WA for *Adolescent Well-Care Visits* also improved between MY 2013 and MY 2014 but did not meet the 50th NMP. The four PQI admission measures are first year measures and do not have national benchmarks. There were no opportunities for improvement identified for timeliness measures.

MHT Program Strengths, Requirements, and Recommendations

MHT Program: 2014 Strengths, Requirements and Recommendations	
Systems Performance Review	<p>Strengths</p> <ul style="list-style-type: none"> ➤ The MCOs have performed well for all standards from achieving above the 90% threshold established by BMS for all four standards (ER, GS, QA, and FA). ➤ BMS mandated that the MCOs become NCQA accredited by January 14, 2014. All MCOs are on track to complete the survey process. ➤ Beginning MY 2012, all MCOs had CAHPS data available since BMS has mandated MCOs to use the most recent version of the CAHPS survey. This allows comparison of member satisfaction results among all three MCOs and program-wide against national benchmarks.
	<p>Recommendations</p> <ul style="list-style-type: none"> ➤ <i>The MCOs must focus efforts on consistently meeting the 24/7 access standard.</i> In the last three measurement years, CoventryCares met the threshold two years, The Health Plan met the standard in one year, and UniCare did not meet the standard in any of the three years. BMS should consider an MHT-wide approach to addressing this issue, such as a statewide provider educational initiative. ➤ <i>Continue to require the MCOs to achieve a 100% for each of the four standards (ER, GS, QA, FA).</i> This is the first full review where BMS required the MCOs to achieve 100% compliance for each standard. The MCOs were required to submit an internal improvement plan for each standard, element, and/or component that was not fully met. The value of improvement plans will only be able to be assessed at the time of the next annual audit. It is expected that SPR results will improve based on the MCOs targeting areas for improvement.
Performance Improvement Projects	<p>Strengths</p> <ul style="list-style-type: none"> ➤ All three MCOs successfully implemented two collaborative PIPs: Diabetes and Emergency Department. ➤ The MCOs worked together to develop collaborative interventions for the two collaborative PIPs. ➤ A collaboratively written letter was developed and will be sent to providers state-wide advising them that the MCO's have chosen to focus on reducing emergency department usage for members with asthma. ➤ A second collaboratively written letter will be sent to providers state-wide advising them that the MCO's have chosen to focus on proper care and testing for diabetic members. Both letters provide information for providers to get resources and help for these specific populations. ➤ The MCO have other interventions including face-to-face contact with providers, incentive programs, outreach calls, and preparing and distributing Gaps in Care Reports and Provider Profiles.
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The PIP Collaborative Team must meet to determine the collaborative indicator goal for the Emergency Department Collaborative.
Performance Measure Validation	<p>Strengths</p> <ul style="list-style-type: none"> ➤ All three MCOs have experienced staff, established data systems, and well-defined processes to calculate and report HEDIS performance measures. ➤ The MCOs successfully reported all HEDIS measures that required pharmacy data for HEDIS 2015 (MY 2014). ➤ All the MCOs were timely in submitting performance measures to BMS for HEDIS, CAHPS, PMV, and Adult and Child Core Sets.

MHT Program: 2014 Strengths, Requirements and Recommendations

Requirements

- The MCOs should adhere to the new HEDIS guidelines for reporting numerator events attributed to supplemental data. Supplemental data used to report Withhold Measures may be subject to additional review activities such as primary source validation during the next PMV.
- The MCOs should be fully prepared to report behavioral health measures in the next reporting period.

Recommendation

- **Data Quality** – MCOs are encouraged to continue to work with BMS for the implementation of the MOU with Vital Statistics and identify a process to access data. Once Vital Statistics data becomes available, each MCO should be prepared to report the Adult and Child Core measures that rely on that data.

Mountain Health Trust Annual Technical Report MY 2014

Background and Purpose

The Bureau for Medical Services (BMS) operates West Virginia's Medicaid Managed Care Program, Mountain Health Trust (MHT). Initiated in 1996, conceptually the program was based on each Medicaid beneficiary having a medical home—a primary care provider (PCP) knowing an enrollee's medical history and managing appropriate treatment and preventive services. BMS is responsible for assuring that all MHT beneficiaries receive comprehensive, high quality healthcare services. For measurement year (MY) 2014, there were approximately 200,271 members enrolled in the four MHT Managed Care Organizations (MCOs).

To ensure care and services provided to MHT MCO enrollees meet acceptable standards for quality, timeliness, and accessibility, BMS contracts with Delmarva Foundation for Medical Care, Inc. (Delmarva) to perform external quality review (EQR) services. Specifically, Delmarva evaluates the quality assurance program activities for each of the MHT MCOs: CoventryCares, Inc. (CoventryCares), The Health Plan of the Upper Ohio Valley (The Health Plan), UniCare Health Plan of West Virginia, Inc. (UniCare) and West Virginia Family Health. West Virginia Family Health began accepting enrollment in the last quarter of 2014, and therefore was not subject to the External Quality Review (EQR) audit for MY 2014.

In collaboration with the MCOs and the EQRO, BMS aims to improve beneficiary care by:

- ensuring access to primary care
- promoting preventive care
- encouraging appropriate postpartum care
- ensuring comprehensive chronic care

(West Virginia Mountain Health Trust Program State Strategy for Assessing and Improving Managed Care Quality)

On an annual basis, Delmarva assesses each MHT MCO's performance using data and information collected through the following activities:

- Systems Performance Review (SPR)
- Performance Improvement Project (PIP) Validation
- Performance Measure Validation (PMV)

MCO specific SPR, PIP, and PMV reports are prepared by Delmarva and submitted to BMS for each of these activities on an annual basis.

The MY 2014 Annual Technical Report (ATR) findings provide an assessment of the MHT program based on MCO performance, which may impact the quality, timeliness, or accessibility of healthcare services provided to MHT beneficiaries. Where applicable, the findings are compared to the goals and objectives found in the *WV Mountain Health Trust Program (Full-Risk MCO) State Quality Strategy (QS) for Assessing and Improving Managed Care Quality*. The annual technical report provides an accurate and objective portrait of the MCOs' capabilities which can be used to promote accountability, improve important aspects of organizational achievement, and positively impact the quality of services provided to MHT beneficiaries.

This report provides the results of the EQR annual assessment of the SPR, PIP, and PMV activities for MY 2014. Following the EQR methodology, the individual MCO findings for the Systems Performance Reviews, Performance Improvement Project Validation, and Performance Measurement Validation activities are presented. The findings from these activities are then summarized according to quality, access and timeliness as required by the EQR regulations. Conclusions, recommendations, and requirements are then provided for both the individual MCOs and the MHT program.

The appendices provide detailed information to support the Annual Technical Report findings. Appendix 1 provides the PIP indicator results for all projects. Appendix 2 provides results from PMV. Appendix 3 contains HEDIS 2013-2015 MCO Rates and the Mountain Health Trust Weighted Average (MHT-WA) for all measures reported to National Committee for Quality Assurance (NCQA). Appendix 4 provides the Consumer Assessment of Health Providers and Systems (CAHPS) Survey results for MY 2013 and MY 2014. Finally, Appendix 5 contains a summary of the Status of Recommendations from the MY 2013 Review.

EQR Methodology

Delmarva performs EQR activities in accordance with the requirements of the Balanced Budget Act (BBA) of 1997 and federal EQR regulations as outlined in Title 42 of the Code of Federal Regulations (CFR) part 438 et seq. The SPR, PIP, and PMV assessments are conducted using the required EQR Protocols (Centers for Medicare and Medicaid Services, EQR Protocols) which are referenced in this section for each activity.

Consistent with the regulations, Delmarva conducts a comprehensive review of the MHT MCOs and assesses their performance relative to quality of care, timeliness of obtaining needed care and services, and accessibility to those services. For purposes of assessment, Delmarva has adopted the following definitions:

- **Quality**, as stated in the federal regulations as it pertains to external quality review, is “the degree to which a Managed Care Organization (MCO)... increases the likelihood of desired health outcomes of its recipients through its structural and operational characteristics and through the provision of health services that are consistent with current professional knowledge” (Centers for Medicare & Medicaid Services [CMS], Final Rule: External Quality Review, 2003).

- **Access** (or accessibility), as defined by the National Committee for Quality Assurance (NCQA), is “the extent to which a patient can obtain available services at the time they are needed. Such service refers to both telephone access and ease of scheduling an appointment, if applicable. The intent is that each organization provides and maintains appropriate access to primary care, behavioral health care, and member services” (*NCQA 2013 Standards and Guidelines for the Accreditation of Health Plans*).
- **Timeliness**, as it relates to utilization management decisions and as defined by NCQA, is whether “the organization makes utilization decisions in a timely manner to accommodate the clinical urgency of the situation. The intent is that organizations make utilization decisions in a timely manner to minimize any disruption in the provision of health care” (*2013 Standards and Guidelines for the Accreditation of Health Plans*). An additional definition of timeliness given in the Institute of Medicine National Health Care Quality Report refers to “obtaining needed care and minimizing unnecessary delays in getting that care” (*Envisioning the National Health Care Quality Report, 2001*).

Systems Performance Review

SPRs are designed to assess MCO compliance with structural and operational standards, which may impact the quality, timeliness, or accessibility of healthcare services provided to MHT beneficiaries. Delmarva conducts these reviews in accordance with the CMS protocol, *Monitoring Medicaid Managed Care Organizations (MCOs)*. To determine MCO compliance, Delmarva obtains information from document reviews, interviews with MCO staff, observation of processes, and chart reviews (appeals, credentialing etc.).

Key Delmarva SPR Activities

- Review policies and procedures
- Interview key staff
- Observe processes
- Assess credentialing and recredentialing activities
- Examine committee meeting minutes
- Evaluate performance improvement projects and activities
- Review enrollee manuals
- Assess appeal files
- Review denial letters

Information is collected pre-site, during the two-day on-site review, and post-site in response to the preliminary findings. Combined, these methods of data collection provide an accurate depiction of an organization’s compliance with regulatory provisions.

SPR standards are derived from the BBA and the MHT MCO contractual requirements. Delmarva evaluates and assesses MCO performance and compliance with the following standards:

- Enrollee Rights (ER)
- Grievance Systems (GS)
- Quality Assessment and Performance Improvement (QA)
- Fraud and Abuse (FA)

Standards are comprised of components and elements, all of which are individually reviewed and scored. MCOs are expected to demonstrate full compliance with *all* standards and view the findings and recommendations as opportunities to improve quality and operational processes.

Delmarva uses a three-point scale for scoring: *Met—100%*, *Partially Met—50%*, and *Unmet—0%*. Components for each element are scored. The component scoring is rolled up to the element level, and finally the standard level. Aggregated results are reported by standard. BMS sets the minimum MCO compliance rating. The MCOs are required to achieve 100% compliance for each standard. MCOs not achieving 100% on any of the four standards were required to develop and implement internal corrective action plans to address all deficiencies identified.

BMS requires a comprehensive review of all four Systems Performance Review Standards on an annual basis. This comprehensive review is a three phase process that includes pre-site document review, a two day on-site review, and post-site document review.

Performance Improvement Project Validation

PIPs are designed to provide a systematic approach to quality improvement and can be effective tools to assist MCOs in identifying issues and implementing targeted interventions to obtain and sustain improvement in clinical or administrative processes. These improvements can enhance the quality of, access to, or timeliness of services provided to Medicaid beneficiaries, leading to improved health outcomes.

Delmarva uses the CMS protocol, *Validating Performance Improvement Projects—A Protocol for use in Conducting Medicaid External Quality Review Activities*, as a guideline in PIP review activities. Delmarva reviewed each MCO’s PIPs, assessed compliance with contractual requirements, and validated the activity for interventions as well as evidence of improvement. The following table summarizes the PIP validation activities.

PIP Validation Steps
Step 1. The study topic selected should be appropriate and relevant to the MCO’s population.
Step 2. The study question(s) should be clear, simple, and answerable.
Step 3. The study indicator(s) should be meaningful, clearly defined, and measurable.
Step 4. The study population should reflect all individuals to whom the study questions and indicators are relevant.
Step 5. The sampling method should be valid and protect against bias.
Step 6. The data collection procedures should use a systematic method of collecting valid and reliable data that represents the entire study population.
Step 7. The improvement strategies , or interventions, should be reasonable and address barriers on a system-level.
Step 8. The study findings , or results, should be accurately and clearly stated. A comprehensive quantitative and qualitative analysis should be provided.
Step 9. Project results should be assessed as real improvement .
Step 10. Sustained improvement should be demonstrated through repeated measurements.

Performance Measure Validation

Results of performance measures offer a snapshot of MCO quality, timeliness, and accessibility of care provided during a given time period. PMV assures that MCOs produce reliable and accurate measures in accordance with required specifications. The validation process includes an assessment of the MCO’s information systems, procedures, and algorithms used to calculate the performance measures. Delmarva conducts all PMV activities in accordance with the CMS protocol, *Validating Performance Measures*.

In an effort to uniformly measure MCO quality of care, BMS requires MCOs to report measures from nationally recognized measure sets such as CMS Adult and Child Quality Core Sets and Healthcare Effectiveness Data and Information Set (HEDIS®) measures.¹ The NCQA maintains and directs the HEDIS program.

Delmarva’s role is to validate MCO performance measures and this is accomplished by:

- Evaluating the accuracy of the performance measures reported by (or on behalf of) an MCO
- Determining the extent to which the performance measures followed the specifications for the measures

Performance Measure Validation activities occur in three phases which are summarized in the following table.

Performance Measure Validation Activity

	Validation Activity
Pre-site visit	<p>Pre-site visit activities revolve around preparing for the MCO site visit. To begin the process, the auditor confirms the performance measures for review with BMS. Next, a kick-off teleconference call occurs between the auditor and the MCO to confirm the measures, measure specifications, the date for the site visit, and the agenda items for the audit. Additionally, the auditor discusses the ISCA tool and supporting documentation.</p> <p>The MCO completes and submits the ISCA along with program source code and other supporting documents to Delmarva. The auditor evaluates the information in the ISCA for consistency to findings reported in previous assessments, when available. Source code may be reviewed during the pre-site visit phase. Source code is the review of programming used to integrate data and calculate the rates for the performance measures. A summary of ISCA and source code issues are compiled and provide direction and points of discussion for the on-site visit.</p>

¹ The term *HEDIS* is a registered trademark of the NCQA.

<p>On-site visit</p>	<p>The auditor conducts the on-site visit and investigates any potential issues identified during the pre-site visit activities and observes the systems used by the MCO to collect and produce performance measure data.</p> <p>The on-site visit begins with an entrance meeting between the auditor and relevant quality and technical MCO staff. The auditor explains the validation purpose, identifies staff for interviews, and requests additional documentation where needed. Interviews are conducted and additional documentation is requested that provides insight into the accuracy and reliability of the reporting processes. The MCO is allowed to clarify any concerns and demonstrate processes. Source code may also be reviewed during the site visit. Throughout the visit, the auditor reviews the information systems structure, protocols, procedures, and data collection methodology for each specific performance measure.</p> <p>The on-site visit concludes with a closing conference between the auditor and MCO staff. The purpose of the closing session is to review preliminary findings, identify follow-up items, and provide guidance on areas requiring action.</p>
<p>Post-site visit</p>	<p>After the on-site visit, all necessary action items are forwarded to the MCO with the expectation that they will be resolved before the issuance of the final report.</p> <p>Source code review may also be conducted post-site visit.</p> <p>Medical record over-read may also be conducted during the post-site visit. The auditor randomly selects a sample of 30 records each for two or more hybrid measures. The MCOs upload the selected records to the Delmarva portal where a nurse-reviewer conducts the over-read. A sample passes if the error rate is 10% or less. A sample that does not pass may lead to a corrective action plan that must be completed before the final rates are submitted.</p> <p>The final report reflects the final rates and whether or not the MCO has addressed all of the outstanding action items. If the MCO does not address all action items, the report will note the impact on the overall validation outcome.</p>

Three of the four MHT MCOs participated in the MY 2014 PMV activities. West Virginia Family Health was exempt from reporting performance measures its first year. The participating MCOs were required to report twelve performance measures from the Performance Withhold Program, Adult and Child Core Measures, and PIPs. BMS requires the submission of all Medicaid performance measures with the exception of measures that are based on carve out services such as behavioral health. Measures must be calculated according to specifications outlined in the *CMS Adult and Child Quality Core Set Specifications* and NCQA’s *HEDIS² 2015, Volume 2: Technical Specifications*.

The three MCOs proved to have appropriate systems and capabilities to accurately collect, calculate and report all the measures according to specifications. The MCO final rates were designated “Reportable” and approved for submission to BMS.

² The relationship of measurement year (MY) to the HEDIS year is that the HEDIS year is always the MY plus one. For example, HEDIS 2015 (MY 2014) measures performance.

The twelve performance measures validated for MY 2014 are used to assess quality, access, or timeliness of care in this report. MCO rates, the Mountain Health Trust Weighted Averages (MHT-WA), and national benchmarks for all 12 performance measures are available in Appendix 2. The individual MCO Annual Performance Measure Validation Reports contain detailed information on the PMV findings and are available through BMS.

MHT MCO Findings

Systems Performance Review (SPR)

MCOs are required to achieve full compliance for all four standards. MCOs not achieving 100% on any of the four standards were required to develop and implement internal corrective action plans (CAPs) to address all deficiencies identified. The MY 2014 SPR compliance rates for all three MHT MCOs are presented in Table 1.

Table 1. MCO SPR Compliance Rates for MY 2014.

SPR Standard	MY 2014 Compliance Rate		
	CoventryCares	The Health Plan	UniCare
Enrollee Rights (ER)	100%	100%	100%
Grievance Systems (GS)	100%	100%	100%
Quality Assessment and Performance Improvement (QA)	100%	99%	98%
Fraud and Abuse (FA)	100%	100%	100%

Program-wide the MHT program has performed well in meeting the EQR regulatory and contract requirements for the SPR operational assessment. Compliance rates for all MCOs were 98% or greater. All MCOs achieved a 100% compliance rating for the **Grievance Systems (GS)**, **Enrollee Rights (ER)**, and the **Fraud and Abuse Standards**. The MCOs performed well on the **Quality Assessment and Performance Improvement (QA) Standard** in MY 2014, achieving rates ranging from 98% to 100%. CoventryCares achieved full compliance for all four standards in MY 2014. These high performance rates demonstrate the MCOs' and BMS' commitment to meeting the structural and operational standards that are demonstrative of a high-quality program for the MHT enrollees. Individual MCO results and analysis follow in Tables 2-5.

CoventryCares, Inc.

CoventryCares's SPR results for MY 2012-MY 2014 are presented in Table 2.

Table 2. CoventryCares SPR Results (MY 2012 – MY 2014).

Standard	CoventryCares Compliance Rate		
	MY 2012	MY 2013	MY 2014
Enrollee Rights (ER)	100%	98%	100%
Grievance Systems (GS)	100%	100%	100%
Quality Assessment and Performance Improvement (QA)	100%	97%	100%
Fraud and Abuse (FA)	98%	100%	100%

In MY 2014, CoventryCares achieved compliance ratings of 100% for all four standards.

CoventryCares submitted an internal Corrective Action Plan (CAP) in 2014 to address all elements within the ER and QA standards that were not fully met as a result of the 2013 SPR. The MCO submitted quarterly progress reports to Delmarva on all internal CAPs. These CAPs were closed during the 2014 on-site SPR review as CoventryCares fully met all of the outstanding requirements for the ER and QA standards.

Trending of results shows that:

- The **Enrollee Rights** standard achieved full compliance in 2012 and 2014. The issues identified in 2013 were that the Member Handbook section on Emergency Services implies, but did not specifically state that emergency services do not require preauthorization and there was no mechanism in place to notify members how to request a copy of the MCO’s Annual Report.
- The **Grievance Systems** standard compliance rate has remained stable at 100% for all three trend years.
- The **Quality Assessment and Performance Improvement** standard achieved full compliance in 2012 and 2014. The issue in 2013 was that the MCO retired case management (CM) policies and procedures. The MCO remedied this by implementing new CM procedures in 2014.
- CoventryCares achieved full compliance for the **Fraud and Abuse** standard with consistently high compliance rates of 98% or greater across the three trend years. The FA standard achieved full compliance in 2013 and 2014 due to the MCO incorporating information in its Member Handbook on how enrollees can report fraud, waste, and abuse.

The Health Plan of the Upper Ohio Valley

The Health Plan of the Upper Ohio Valley’s SPR results for MY 2012-MY 2014 are presented in Table 3.

Table 3. The Health Plan of the Upper Ohio Valley SPR Results (MY 2012 – MY 2014).

Standard	The Health Plan Compliance Rate		
	MY 2012	MY 2013	MY 2014
Enrollee Rights (ER)	100%	100%	100%
Grievance Systems (GS)	98%	100%	100%

Standard	The Health Plan Compliance Rate		
	MY 2012	MY 2013	MY 2014
Quality Assessment and Performance Improvement (QA)	99%	99%	99%
Fraud and Abuse (FA)	90%	93%	100%

The Health Plan met the BMS performance requirement of 100% compliance for **Enrollee Rights**, **Grievance Systems**, and **Fraud and Abuse** standards. The Health Plan was required to complete an action plan to address deficiencies identified in the **Quality Assessment and Performance Improvement (QA)** standard which achieved a commendable 99%, falling just one percentage point short of the 100% required compliance rating.

The two deficiencies identified in the QA standard were in the area of access. There is an opportunity to improve access to emergency care and after-hours accessibility to primary care providers (PCPs).

Current BMS standards for timeliness and The Health Plan's MY 2014 compliance rates follow:

- Emergency Cases must be seen immediately or referred to an emergency facility: **86.59%**
- Urgent cases must be seen within 48 hours: **94.30%**
- Routine cases other than clinical preventive services must be seen within 21 days: **99.12%**
- An initial prenatal care visit must be scheduled within 14 days of the date on which the woman is found to be pregnant: **91.07%**

All standards were met except for Emergency Care with a compliance rate of 86.59%. Of the 456 providers surveyed, 61 did not meet the standard. The average time to emergency care was 0.3 days. Letters were sent to all non-compliant providers.

The Health Plan's Standards for Access to Care and Services Policy, as well as the provider contract requires PCPs to be available to members at all times (24/7 access), including after-hours, weekends and holidays. PCPs may use an office answering machine with an appropriate message stating how to contact the PCP or provide a number for an answering service or hospital operator to contact the provider.

The annual after-hours accessibility audit was performed for PCPs in the third quarter of 2014. Historically, The Health Plan has included high-volume PCPs in its sample as well as providers considered medium- and low-volume. This continues to allow for communication with providers regardless of individual membership numbers and is representative of all service areas and all lines-of-business. Providers who did not meet compliance for 2013 were included in the pool. A total of one hundred-twelve (112) providers were chosen representing at least 50% of the membership stratified across all service areas and across all practice sites. Providers are given two opportunities for compliance. Results follow:

- Call returned within one hour: 82 providers
- Call returned in one hour – second attempt: 8 providers
- Overall compliance rate: 80% (90/112)

Six (6) providers who were noncompliant last year and submitted corrective action plans were noncompliant again this year. Two (2) of these providers were sanctioned for acquiring/accepting THP members for a period of ninety (90) days. These sanctions expired in September 2014.

Interventions put into place following the 2014 survey are summarized below.

- Individualized letters were written to the non-compliant providers stating reasons why they were non-compliant with after-hours access; a corrective action plan will be required from these providers.
- Follow-up after-hours calls will be completed in the first quarter 2015.
- Individual occurrences will be entered into their respective provider files for review during recredentialing.
- Results of the survey will go to the Focus Group, a working committee of Continuous Quality Improvement Committee (CQIC).
- Results of the survey will be reported to the Quality Improvement Committee (QIC) with recommendations from the Focus Group for any additional interventions.
- Seek QIC direction for providers who remain noncompliant after 2015 follow-up.
- Seek QIC direction for the repeat providers who were noncompliant with this audit.

The MCO was required to continue the internal Corrective Action Plan (CAP) implemented in 2013 to address the continued deficiencies for 2014. Delmarva will continue to monitor the CAP quarterly for improvement.

Trending of the compliance rates for the four standards shows that:

- The **Enrollee Rights** standard has achieved a compliance rate of 100% for all trending years.
- The **Grievance System** standard has improved from 98% in 2012 and has maintained a 100% compliance rate in the last two trend years.
- The **Quality Assessment and Performance Improvement** standard remained constant at 99%.
- The Health Plan improved its **Fraud and Abuse** compliance rating of 93% in 2012 to 100% in the last two trend years. Efforts to improve the rate included increased staffing, training, improved departmental communication, and use of software to assist in detection of possible fraud, waste, and abuse.

UniCare Health Plan, Inc.

UniCare's results for MY 2012-MY 2014 are presented in Table 4.

Table 4. UniCare SPR Results (MY 2012 – MY 2014).

Standard	UniCare Compliance Rate		
	MY 2012	MY 2013	MY 2014
Enrollee Rights (ER)	100%	99%	100%
Grievance Systems (GS)	100%	100%	100%
Quality Assessment and Performance Improvement (QA)	99%	99%	98%
Fraud and Abuse (FA)	100%	98%	100%

UniCare achieved a compliance rating of 100% for **Enrollee Rights (ER)**, **Grievance Systems (GS)**, and **Fraud and Abuse (FA)**. The MCO achieved a respectable compliance rate of 98% for **Quality Assessment and Performance Improvement (QA)**.

Appointment access, member satisfaction and recredentialing issues were identified for the **QA** standard. BMS has the following standards in place regarding timely access:

- Emergency cases must be seen immediately or referred to an emergency facility.
- Urgent cases must be seen within 48 hours.
- Routine cases (other than clinical preventive services) must be seen within 21 days.
- Initial prenatal care visits must be scheduled within 14 days of the date on which the woman was found to be pregnant.

UniCare conducted an appointment wait-time survey in 2014 to assess compliance with the appointment access standards. The MCO reported the following compliance rates for MY 2014:

- Urgent Care Appointment within 48 Hours: 88% (decrease from 92% in 2013).
- Routine Primary Care Provider Appointment: 84% (decrease from 85% in 2013).
- Prenatal Care Appointment within 14 Days: 84% (increase from 70% in 2013).

UniCare is implementing a Quality and Access to Care Incentive (QACI) Program. One part of the program is aimed at incentivizing providers for being accessible and available to its members. Provider education including face-to-face meetings (via town hall meetings) and webinars are a few of the approaches to help improve compliance.

MCO's are required to make services included in the contract available 24 hours a day, 7 days a week, when medically necessary. According to UniCare's 2013 Provider Access, Availability and Satisfaction Comprehensive Analysis, compliance with the 24/7 access standard was 61% in 2013. The MCO developed and implemented an internal CAP to address the low compliance rate. After interventions, the compliance rate increased to 69% in 2014, but still falls short of the required 90% compliance rate. It is notable that 50% of the providers who were non-compliant in the 2013 review were compliant in the 2014 survey.

In regards to member satisfaction, the MCO is required to survey a sample of its adult and child members at least annually using the Consumer Assessment of Healthcare Providers and Systems Survey (CAHPS) and must share its findings with providers. UniCare conducted the required CAHPS surveys in 2013. The 2013 survey findings were presented to physicians during the Physician Quality Improvement Committee in 2014. There were only six providers at the meeting who received this information. The MCO did not share the survey findings with the general population of providers. The MCO must share the survey findings with its provider community. This can be done through provider newsletters, fax blasts, etc.

As part of the recertification process, the MCO must complete a visit to the practitioner's office. The SPR conducted in 2013 noted that the MCO was not conducting these audits for providers accredited by The Joint Commission (TJC); this does not meet the requirements. The MCO was required to schedule on-site audits of the providers that needed a recertification audit. UniCare provided an Excel spreadsheet as part of their internal CAP to demonstrate that the MCO was scheduling the outstanding on-site reviews. At the time of the 2014 review (conducted March 9-10, 2015) the information provided showed that seven providers were still out of compliance for the recertification on-site visit. The MCO was instructed to revise its internal CAP implemented in 2014 and to continue to report progress quarterly to Delmarva.

Trending of the SPR compliance rate shows that the:

- **Enrollee Rights** standard compliance rate increased one percentage point to meet the 100% compliance rating.
- **Grievance Systems** standard has maintained its 100% compliance rate for the last three review periods.
- **Quality Assessment and Performance Improvement** standard compliance rate has remained consistently high across all trend years with compliance rates of 98% to 99%. In 2014 the MCO had not completed all of the required on-site visits for recertification, did not report CAHPS survey findings to the general population of providers, and did not meet the threshold for compliance with access standards.
- The **Fraud and Abuse** standard maintained a high compliance rate across all three trend years ranging from 98% to 100%.
- Timeliness of scheduling appointments and PCP accessibility 24/7 have been issues for UniCare for all three trend years. UniCare's rates for Non-Urgent Sick appointments and After Hours 24/7 access are below the 90% requirement.

Performance Improvement Projects

The BMS/MCO contract requires the MCOs to "conduct performance improvement projects that are designed to achieve, through ongoing measurement and intervention, significant improvement sustained over time in significant aspects of clinical care and non-clinical services that can be expected to have a beneficial effect on health outcomes and enrollee satisfaction." For MY 2014 the MCOs are required to have three PIPs in place. All MCOs are required to participate in the mandatory Emergency Department (ED) Collaborative

PIP and the mandatory Diabetes Collaborative PIP. All MCOs have the required three PIPs in place as summarized in the table below.

MCO	PIP Topics and Goals
CoventryCares	<p>Adolescent Well Care Visits - This is the third year for CoventryCares's Adolescent Well-Care Visits (AWC) PIP which aims to improve the Adolescent Well-Care Visit rate. The MCO's goal is to increase the indicator rate by 5 percentage points over the prior year's rate.</p> <p>Emergency Department Collaborative - All MHT MCOs are required to participate in the Emergency Department Collaborative Project. The mandatory indicator is <i>Annual Percentage of Asthma Patients with one or More Asthma-Related Emergency Department Visits (ages 2-20)</i>. CoventryCares also selected an additional indicator for this project, <i>Use of Appropriate Medications for People With Asthma, ages 5-11 and 12-18</i>.</p> <p>Diabetes Collaborative - All MHT MCOs are required to participate in the Diabetes Collaborative Project. The mandatory indicator is <i>Comprehensive Diabetes Care-Hemoglobin A1c (HbA1c) Control (<8%)</i> with the goal to meet or exceed the HEDIS 2014 (MY2013) National Medicaid Average by HEDIS 2016 (MY2015). The <i>Comprehensive Diabetes Care LDL-C level Control</i> indicator was retired by NCQA for MY 2014. In response, the MCO replaced it with the <i>Comprehensive Diabetes Care – HbA1c Testing</i> indicator.</p>
The Health Plan	<p>Member Establishment with Primary Care Provider of Record - By encouraging members to establish with their PCP of record, the MCO hopes to improve the HEDIS rates for the <i>Adolescent Well-Care Visits</i> and the <i>Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life</i> measures. Members who establish with their PCP may be more likely to obtain well exams and preventive services and may be more likely to use the ED and walk-in clinics less frequently.</p> <p>Emergency Department Collaborative - All MHT MCOs are required to participate in the Emergency Department Collaborative Project. The mandatory indicator is <i>Annual Percentage of Asthma Patients with one or More Asthma-Related Emergency Department Visits (ages 2-20)</i>. The MCO also selected an additional indicator for this project, the <i>HEDIS Asthma Medication Ratio</i>.</p> <p>Diabetes Collaborative - All MHT MCOs are required to participate in the Diabetes Collaborative Project. The mandatory indicator is <i>Comprehensive Diabetes Care-Hemoglobin A1c (HbA1c) Control (<8%)</i> with the goal to meet or exceed the HEDIS 2014 (MY2013) National Medicaid Average by HEDIS 2016 (MY2015). The Health Plan also selected an additional measure, <i>Comprehensive Diabetes Care – HbA1c Testing</i>, for this project.</p>
UniCare	<p>Childhood Immunization Status (CIS) Combination 3 - UniCare aims to meet or exceed the previous year's NCQA Quality Compass National Medicaid Average for the <i>Childhood Immunization Status (CIS)-Combination 3</i> indicator. This indicator is the percentage of children 2 years of age who had 4 diphtheria, tetanus, and acellular pertussis (DTaP); 3 polio (IPV); 1 measles, mumps, and rubella (MMR); 3 H influenza type B (HiB); 1 chicken pox (VZV); and 4 pneumococcal conjugate (PCV) vaccines by their second birthday.</p> <p>Emergency Department Collaborative - All MHT MCOs are required to participate in the Emergency Department Collaborative Project. The mandatory indicator is <i>Annual Percentage of Asthma Patients with one or More Asthma-Related Emergency Department Visits (ages 2-20)</i>. The MCO also selected the HEDIS <i>Use of Appropriate Medications for People with Asthma</i> (MMA) indicators for use in this project.</p> <p>Diabetes Collaborative - All MHT MCOs are required to participate in the Diabetes Collaborative Project. The mandatory indicator is <i>Comprehensive Diabetes Care-Hemoglobin A1c (HbA1c) Control (<8%)</i> with the goal to meet or exceed the HEDIS 2014 (MY2013) National Medicaid Average by HEDIS 2016 (MY2015). UniCare also selected two additional indicators for this project: <i>HbA1c Testing</i> and <i>Eye (Retinal) Exam Performed</i> and <i>Comprehensive Diabetes Care – HbA1c Testing</i>.</p>

CoventryCares, Inc.

Adolescent Well-Care Visits (AWC)

This is the third year for CoventryCares’s Adolescent Well-Care Visits (AWC) PIP which aimed to improve the Adolescent Well-Care Visit rate. The MCO’s goal is to increase the indicator rate by 5 percentage points over the prior year’s rate. CoventryCares achieved an increase in the baseline indicator rate from 46.58% in MY 2012 to 50.47% in MY 2014.

PIP Summary: Adolescent Well-Care Visits	
Rationale	<ul style="list-style-type: none"> ➤ The <i>Adolescent Well-Care Visits (AWC)</i> measure is the percentage of enrolled members 12-21 years of age who had at least one comprehensive well-care visit with a PCP or OB/GYN practitioner during the measurement year. Approximately 25% of CoventryCares’s membership is made up of adolescents 12-21 years of age. The HEDIS 2012 (MY 2011) rate of 42.13% was below the NCQA Quality Compass 50th Percentile of 49.71% for this measure presenting an opportunity for improvement.
Indicator and Goal	<ul style="list-style-type: none"> ➤ The percentage of members 12-21 years of age who had at least one comprehensive well-care visit with a PCP or OB/GYN practitioner during the measurement year. The MCO’s immediate goal is to increase the indicator rate 5 percentage points over the prior year’s measurement.
Strengths	<ul style="list-style-type: none"> ➤ The MCO selected a short term and long term goal. The short term goal is to achieve a 5 percentage point increase in the prior year’s measurement rate. The long term goal is to achieve the NCQA Quality Compass 90th Percentile. ➤ The indicator rate has improved over all three remeasurement periods. The baseline rate (MY 2011) was 42.15%, the first remeasurement rate (MY 2012) was 46.58%, the second remeasurement rate (MY 2013) was 47.20%. The MCO sustained improvement in the indicator with a rate of 50.47% for MY 2014. ➤ The MCO achieved statistically significant improvement from the baseline measurement to the final measurement.
Barriers	<ul style="list-style-type: none"> ➤ Some adolescents may not feel comfortable being seen in an office where there are predominately younger or older clients. ➤ Privacy and confidentiality are concerns for this population. ➤ Many adolescents are seen for sick visits and not well-care visits. ➤ Adolescents are receiving sports and school physicals vs. comprehensive well-care visits. ➤ Some provider offices lack developmental screening and anticipatory guidance tracking tools.
Interventions	<ul style="list-style-type: none"> ➤ Disease Managers and Case Managers call members identified as non-compliant to educate and assist with appointments if needed. ➤ EPSDT reminder system identifies members in need of services, including the annual well-visit. ➤ Site visits are conducted to high volume offices to review medical records throughout the year to collect supplemental data, and to provide education to office staff about the AWC measure.

PIP Results – Adolescent Well-Care Visits			
Indicator 1: Adolescent Well-Care Visits			
Time Period	Measurement	Goal	Rate or Results
MY 2011	Baseline	Not Applicable	42.13%
MY 2012	Remeasurement 1	5 percentage point increase over prior year's rate.	46.58%
MY 2013	Remeasurement 2	5 percentage point increase over prior year's rate.	47.20%
MY 2014	Remeasurement 3	5 percentage point increase over prior year's rate.	50.47%

Findings. The indicator rate has improved over all three remeasurement periods. The baseline rate (MY 2011) was 42.13%, and the final remeasurement rate (MY 2014) was 50.47%. CoventryCares fell slightly below the goal of 52.20% (5 percentage point increase over prior year's rate). Comparison of year-over-year results revealed that the increase from baseline to Remeasurement 3 was considered statistically significant.

Recommendations. CoventryCares project achieved significant improvement from Baseline to Remeasurement 3. The project also achieved sustained improvement. The MCO should continue with interventions that have been determined to be effective, but formally close this PIP and submit a new PIP proposal.

Emergency Department Collaborative

The MHT MCOs collaboratively aim to reduce emergency department utilization through interventions targeting members with asthma. The mandatory indicator is the *Annual Percentage of Asthma Patients with one or More Asthma-Related ED Visits (ages 2-20)*. The MCO also selected an additional HEDIS measure, *Use of Appropriate Medications for People With Asthma*, for use in this PIP.

PIP Summary: Emergency Department Collaborative	
Rationale	➤ This is a mandatory PIP. Asthma is a chronic disease in the WV MHT population which provides opportunity for improvement. According to the Centers for Disease Control and Prevention, in 2008 asthma prevalence among children was 11.5% in West Virginia, compared to 9% nationwide. Asthma was the third most costly diagnosis for CoventryCares members in 2013 when considering all treatment settings, and the second most costly for treatment specific to the Emergency Department (ED) setting.
Indicators and Goals	➤ The mandatory indicator is the <i>Annual Percentage of Asthma Patients with one or More Asthma-Related ED Visits (ages 2-20)</i> . The MCO also selected the HEDIS <i>Use of Appropriate Medications for People With Asthma</i> indicator for use in this PIP. The goal for this indicator is 7.97%.
Strengths	<ul style="list-style-type: none"> ➤ Clearly defined study question. ➤ Clearly defined study population and indicators. ➤ Clearly defined study design and data analysis plan. ➤ Targeted member and provider interventions.

PIP Summary: Emergency Department Collaborative	
Barriers	<ul style="list-style-type: none"> ➤ Members choose to seek care in ED for asthma “flare up” instead of ongoing care with primary care physician. ➤ Lack of transportation. ➤ Lack of an established relationship with a PCP or “medical home”. ➤ Member may not want to wait for available appointment with PCP and feel that it is quicker and more convenient to seek care in the ED.
Interventions	<ul style="list-style-type: none"> ➤ Provider-Centric Asthma Condition Management Program - Provider volunteers are expected to reach out to members with asthma and encourage them to schedule office visits to complete a physical exam. Following the exam, the provider is expected to schedule a series of four educational visits designed to enhance the member’s understanding of the disease. ➤ Asthma Condition Management Member Incentive Program - Offers members a \$25 gift card for regular health care visits with their Primary Care Provider (PCP) to manage their asthma and for compliance with maintenance medications. ➤ Gaps in Care Lists - Lists of non-compliant members are sent to providers with hopes that the providers will follow-up to bring members in for missing services. ➤ MCO Collaborative Letter - A collaboratively written letter was distributed to providers state-wide by the MCOs in 2014, advising them that the MCO’s have chosen to focus on reducing emergency department usage for members with asthma.

PIP Results – Emergency Department Collaborative			
Indicator 1: Annual Percentage of Asthma Patients with One or More Asthma-Related Emergency Department Visits (ages 2-20)			
Time Period	Measurement	Goal	Rate or Results
1/1/2013-12/31/2013	Baseline	To be determined with the PIP Collaborative Team	8.86%
1/1/2014-12/31/2014	Remeasurement 1	7.97%	8.67%
Indicator 2: Use of Appropriate Medications for People with Asthma (ages 5-11 and 12-18)			
Time Period	Measurement	Goal	Rate or Results
1/1/2013-12/31/2013	Baseline	Goal Ages 5-11: 94.92%, Goal Ages 12-18: 92.16%	Rate Ages 5-11: 92.62%, Rate Ages 12-18: 86.92%
1/1/2014-12/31/2014	Remeasurement 1	Goal Ages 5-11: 95.16%, Goal Ages 12-18: 92.99%	Rate Ages 5-11: 94.85%, Rate Ages 12-18: 88.10%

Findings. This PIP meets requirements. All indicators improved from Baseline (MY 2013) to the First Remeasurement (MY 2014).

Recommendations. The MCO sends providers lists of non-compliant members (Gaps in Care Lists) in hopes that they provide follow-up to get members into care. The MCO should put a mechanism in place to monitor or require follow-up as part of the intervention.

Diabetes Collaborative

The MCO's baseline rate for the mandatory indicator, *Comprehensive Diabetes Care (CDC) - HbA1c Control (<8%)* was below the National Medicaid Average. CoventryCares implemented its own MCO-specific interventions in addition to the collaborative intervention, a letter signed by all three MCO Medical Directors and mailed to providers state-wide to notify them of the project and diabetes care guidelines.

PIP Summary: Diabetes Collaborative	
Rationale	<ul style="list-style-type: none"> ➤ This is a mandated PIP. The Prevalence of diabetes in WV has nearly tripled since 1996. Diabetes is contributing to long-term complications, including blindness, kidney failure, amputation and heart disease.
Indicators and Goals	<ul style="list-style-type: none"> ➤ The goal for both indicators is to meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015).
Strengths	<ul style="list-style-type: none"> ➤ Comprehensive project rationale. ➤ Both performance measures are HEDIS measures.
Barriers	<ul style="list-style-type: none"> ➤ Member lack of understanding of how to manage their diabetes and the importance of tests, exams, and screenings. ➤ Member non-compliance with their management plan. ➤ Providers may be unaware of resources available to them such as certified diabetes educators and patient education materials/resources.
Interventions	<ul style="list-style-type: none"> ➤ Outreach Calls - Disease Management and Case Management make targeted calls to members with diabetes to educate and encourage members to get the recommended services and to enroll them in the appropriate Disease or Case Management program. ➤ Customer Service Clinical Notifications - If a non-compliant member calls in to Customer Services, a notification comes up on the screen and the Customer Service Representative speaks with the member about missing services and helps to get them in for care. ➤ Diabetes Passports - The MCOs mail diabetes passports to members for them to keep track of services needed and received. ➤ Gaps in Care Lists - Lists of non-compliant members are sent to providers with hopes that the providers will follow-up to bring members in for missing services. ➤ A collaboratively written letter was developed and distributed to providers state-wide advising them that the MCO's have chosen to focus on proper care and testing for members with diabetes.

PIP Results - Diabetes Collaborative			
Indicator 1: Comprehensive Diabetes Care – HbA1C Control (<8%)			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	41.32%
MY 2014	Remeasurement 1	45.52%	43.27%
Indicator 2: Comprehensive Diabetes Care – HbA1c Testing			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	72.86%
MY 2014	Remeasurement 1	83.81%	76.40%

Findings. The MCO achieved improvement for both indicators. CoventryCares should continue with this collaborative PIP, with MY 2015 as the second year of remeasurement data.

Recommendations. The MCO sends providers lists of non-compliant members (Gaps in Care Lists) in hopes that they provide follow-up to get members into care. As recommended in MY 2013, the MCO should put a mechanism in place to monitor or require follow-up as part of the intervention.

The Health Plan

Member Establishment with Primary Care Provider (PCP) of Record

PIP Summary: Member Establishment with PCP of Record	
Rationale	<ul style="list-style-type: none"> ➤ The Health Plan implemented a new PIP, Members Establishment with PCP of Record, in MY 2014. By encouraging members to establish with their PCP of record, multiple benefits can be achieved. Members who establish with PCPs may be more likely to obtain routine well exams and preventive services. Also, by being established with a PCP, members may utilize the emergency department and walk-in clinics less frequently.
Indicators and goals	<ul style="list-style-type: none"> ➤ The Health Plan has chosen two HEDIS measures for this PIP: <i>Adolescent Well-Care Visits</i> and <i>Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life</i>. The goal is to improve these measures by 5% annually.
Strengths	<ul style="list-style-type: none"> ➤ Comprehensive project rationale. ➤ The MCO's data analysis plan is comprehensive, addressing both the qualitative and quantitative findings.
Barriers	<ul style="list-style-type: none"> ➤ Despite repeated attempts at educating providers, most practices are still not coding for their weight management activities. ➤ Member knowledge deficits regarding the purpose and importance of BMI value and how weight impacts health. ➤ Providers lack of knowledge of the importance of measuring a BMI and providing counseling. ➤ Provider knowledge deficit regarding obesity-related educational materials and assistance available through the MCO.
Interventions	<ul style="list-style-type: none"> ➤ Provider education seminars were conducted during which the importance of coding for weight and nutritional counseling activities was stressed to providers.

PIP Results - Members Establishment with PCP of Record			
Indicator 1: Adolescent Well-Care Visits			
Time Period	Measurement	Goal	Rate or Results
HEDIS 2015 (MY 2014)	Baseline	5% increase annually	46.47%
Indicator 2: Well-Child Visits in the 3 rd , 4 th , 5 th , and 6 th Years of Life			
Time Period	Measurement	Goal	Rate or Results
HEDIS 2015 (MY 2014)	Baseline	5% increase annually	70.56%

Findings. Interventions are targeted and robust and are expected to improve indicator performance. They address both members and providers.

Recommendations. This PIP meets requirements. The Health Plan should continue with this PIP, with MY 2015 as the first year of remeasurement data.

Emergency Department Collaborative

The MHT MCOs collaboratively aim to reduce emergency department utilization through interventions targeting members with asthma. The mandatory indicator is the *Annual Percentage of Asthma Patients with One or More Asthma-Related ED Visits (ages 2-20)*. The Health Plan also selected the indicator HEDIS *Asthma Medication Ratio* indicator for use in this PIP.

PIP Summary: Emergency Department Collaborative	
Rationale	<ul style="list-style-type: none"> ➤ This is a mandatory PIP. Asthma is a chronic disease in the WV MHT population which provides opportunity for improvement. According to the Centers for Disease Control and Prevention, in 2008 asthma prevalence among children was 11.5% in West Virginia, compared to 9% nationwide. Asthma was the third most costly diagnosis for CoventryCares members in 2013 and the second most costly for treatment specific to the Emergency Department (ED) setting.
Indicators and Goals	<ul style="list-style-type: none"> ➤ The MHT MCOs collaborative aims to reduce emergency department utilization through interventions targeting members with asthma. The mandatory indicator is the <i>Annual Percentage of Asthma Patients with one or More Asthma-Related ED Visits (ages 2-20)</i>. The MCO selected the HEDIS <i>Asthma Medication Ratio (AMR)</i> as a secondary indicator for this project.
Strengths	<ul style="list-style-type: none"> ➤ The MCO's proprietary HEART system allows for the identification of high utilizers of the ED, including those for respiratory conditions. Reports are generated for purposes of one-to-one outreach. ➤ Interventions include one-to-one telephone contact with caregivers and high utilizers of the ED. ➤ Notable improvement achieved for both indicators when comparing baseline to final remeasurement.
Barriers	<ul style="list-style-type: none"> ➤ Engaging members with asthma is difficult. Members are difficult to contact and often stop taking their medication when they feel better. ➤ Providers are often not maintaining their rosters and may not be aware of asthmatic patients.
Interventions	<ul style="list-style-type: none"> ➤ Call Queue - The development and implementation of a call queue with a dedicated outreach representative will help to overcome the barrier of member engagement. ➤ Gap Reports - Gap Reports are available to providers in "real time" via a secure web portal. This should help physicians to determine which members may not be following their action plans. These will also help member engagement by ensuring physicians know which members on their roster are asthmatic. ➤ Collaborative Letter - A collaboratively written letter was sent to providers state-wide in 2014 advising them that the MCO's have chosen to focus on proper care and testing for members with asthma.

PIP Results - Emergency Department Collaborative			
Indicator 1: Annual Percentage of Asthma Patients with One or More Asthma-Related Emergency Department Visits (ages 2-20)			
Time Period	Measurement	Goal	Rate or Results
1/1/2013-12/31/2013	Baseline	To be determined by the PIP Collaborative Team	6.58%
1/1/2014-12/31/2014	Remeasurement 1	1% total decrease	7.09%
Indicator 2: Asthma Medication Ratio			
Time Period	Measurement	Goal	Rate or Results
1/1/2013-12/31/2013	Baseline	5% increase	83.67%
1/1/2014-12/31/2014	Remeasurement 1	5% increase	71.84%

Findings. This PIP meets requirements. The MCO did not realize improvement in either indicator. The Health Plan should continue with this collaborative PIP, with MY 2015 as the second year of remeasurement data.

Recommendations. The MCO sends providers lists of non-compliant members (Gaps in Care lists) in hopes that they provide follow-up to get members into care. The MCO should put a mechanism in place to monitor or require follow-up as part of the intervention. In MY 2013, it was recommended that the MCO add one-to-one or face-to-face contact with providers in its interventions. The MCO did not address this recommendation and therefore this recommendation is made again for MY 2014.

Diabetes Collaborative

All MHT MCOs are required to participate in the Diabetes Collaborative Project. The mandatory indicator is *Comprehensive Diabetes Care-HbA1c Control (<8%)*. The Health Plan also selected an additional measure, *Comprehensive Diabetes Care- HbA1c Testing*, for this project.

PIP Summary: Diabetes Collaborative	
Rationale	➤ Prevalence of diabetes in WV has nearly tripled since 1996. Diabetes is contributing to long-term complications, including blindness, kidney failure, amputation and heart disease. The MHT weighted average and The Health Plan's rate for <i>HbA1c Control (<8%)</i> are below the National Medicaid Average.
Indicators and Goals	➤ All MHT MCOs are required to participate in the Diabetes Collaborative Project. The mandatory indicator is from the HEDIS measure set, <i>Comprehensive Diabetes Care-Hemoglobin A1c (HbA1c) Control (<8%)</i> with the goal to meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average (45.4%) by HEDIS 2016 (MY 2015). The Health Plan also selected an additional measure, <i>Comprehensive Diabetes Care - HbA1c Testing</i> , for this project. The goal for this measure is to have 100% of the MCO's members with diabetes have their HbA1c tested at least annually.
Strengths	➤ Comprehensive project rationale. ➤ The performance measures are HEDIS measures.

PIP Summary: Diabetes Collaborative	
Barriers	<ul style="list-style-type: none"> ➤ The total Medicaid diabetic population is quite small and widespread throughout the state which makes it difficult to stage focused interventions in areas that are convenient for members. ➤ At the MCO level, there are limitations to the amount of automated lab results and medical records The Health Plan is able to obtain. When the lab results cannot be obtained, the member will always be noncompliant for the <i>HbA1c Control <8%</i> indicator.
Interventions	<ul style="list-style-type: none"> ➤ Wellness and Health Promotion Call Center - This provides one-on-one personalized contact with diabetic members who are missing important services and/or testing. Claims histories are used to identify the gaps in care that trigger members being placed in an outbound call queue. The queues are updated weekly. Following the phone call from the nurse, a letter is sent to the member with a checklist of all missing services that were discussed on the call. A similar letter is sent to the member's PCP urging the PCP to assist the member in obtaining any services the member desires. ➤ Collaborative Letter - A collaboratively written letter was being developed with plans to be sent to providers state-wide advising them that the MCO's have chosen to focus on proper care and testing for members with diabetes. (The letter was sent in early 2014.)

PIP Results - Diabetes Collaborative			
Indicator 1: Comprehensive Diabetes Care – HbA1c Control (<8%)			
Time Period	Measurement	Goal	Rate or Results
1/1/2013 – 12/31/2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	45.34%
1/1/2014 – 12/31/2014	Remeasurement 1	46%	41.24%
Indicator 2: Comprehensive Diabetes Care – HbA1c Testing			
Time Period	Measurement	Goal	Rate or Results
1/1/2013 – 12/31/2013	Baseline	100%	73.91%
1/1/2014 – 12/31/2014	Remeasurement 1	100%	78.87%

Findings. The MCO's baseline rates (MY 2013) for the indicators were 45.34% for *Comprehensive Diabetes Care- HbA1c Control <8%* and 73.91% for *Comprehensive Diabetes Care- HbA1c Testing*. The *HbA1c <8%* indicator decreased from Baseline to Remeasurement 1, but the *HbA1c Testing* measure increased 4.96 percentage points over this same period.

Recommendations. The Health Plan sends letters to providers containing members with missing services, hoping that providers will follow-up with non-compliant members. The MCO should implement a mechanism to ensure providers do some sort of follow-up.

UniCare Health Plan, Inc.

Childhood Immunization Status Combination 3

With the Childhood Immunizations Combination 3 PIP, UniCare aims to meet or exceed the previous year’s NCQA Quality Compass National Medicaid Average for the percentage of children 2 years of age who had 4 diphtheria, tetanus, and acellular pertussis (DTaP); 3 polio (IPV); 1 measles, mumps, and rubella (MMR); 3 H influenza type B (HiB); 3 hepatitis B (Hep B); 1 chicken pox (VZV); and 4 pneumococcal conjugate (PCV) vaccines by their second birthday. For HEDIS 2013, the National Medicaid Average was 72.08%.

Childhood Immunization Status Combination 3	
Rationale	<ul style="list-style-type: none"> ➤ UniCare selected the <i>Childhood Immunization Status, Combination 3</i> HEDIS indicator for this project. This indicator rate for HEDIS 2013 (MY 2012) was below the NCQA Quality Compass 25th percentile, indicating an opportunity for improvement. This PIP also shows a commitment to the US Department of Health and Human Services Healthy People 2020 goals to increase immunization rates and reduce preventable infectious diseases by supporting recommended vaccinations.
Indicators and Goals	<ul style="list-style-type: none"> ➤ The goal of this project is to increase the <i>Childhood Immunization Status – Combination 3 (CIS-3)</i> rate. This is the rate of children who turned two during the measurement year who received their age-appropriate immunizations based on the Centers for Disease Control and Prevention (CDC) Childhood Immunization Guidelines. The goal is to meet or exceed the previous year’s NCQA Quality Compass Medicaid National Average. For HEDIS 2013, the National Medicaid Average was 72.08%.
Strengths	<ul style="list-style-type: none"> ➤ The performance measure is a HEDIS measure. ➤ Although not significant, the 1.9 percentage point increase from HEDIS 2013 to HEDIS 2014 appears to be the result of the combination of the interventions that are in place. ➤ Interventions address many of the barriers identified, target and provide one-to-one contact with providers and enrollees. ➤ Interventions are multifaceted using outreach phone calls, mailings, and provider gaps in care reports.
Barriers	<ul style="list-style-type: none"> ➤ Members are seen for urgent care/sick visits, but immunizations are not addressed. ➤ Providers receive vaccines for free through the Vaccines for Children program, so the providers are only eligible to receive payment for the administration fee. Many providers do not bother to bill for the administration fee, so UniCare is missing administrative data on vaccine administration. ➤ Many practices are no longer carrying vaccines and are referring members to the health department for immunizations.
Interventions	<ul style="list-style-type: none"> ➤ Data Transfer - Beginning 2014, the MCO conducted monthly data transfers of immunization data. ➤ Incentive Program - Well-Baby Care Visit Incentive Program which provides a \$50 incentive for parents/caregivers when a child completes 6 of 8 well visits by 15 months of age. ➤ Last Quarter Push Effort - UniCare initiated a “4th Quarter Push” in 2013 to get members in for their immunizations. It is anticipated that the results of this push will impact the 2014 results. ➤ Gaps in Care Reports.

PIP Results – Childhood Immunization Status Combination 3			
Indicator 1: The percentage of children 2 years of age who had 4 diphtheria, tetanus, and acellular pertussis (DTaP); 3 polio (IPV); 1 measles, mumps, and rubella (MMR); 3 H influenza type B (HiB); 3 hepatitis B (Hep B); 1 chicken pox (VZV); and 4 pneumococcal conjugate (PCV) vaccines by their second birthday.			
Time Period	Measurement	Goal	Rate or Results
1/1/2012 – 12/31/2012	Baseline	70.64%	62.04%
1/1/2013 – 12/31/2013	Remeasurement 1	72.08%	63.43%
1/1/2014 – 12/31/2014	Remeasurement 2	70.85%	67.13%

Findings. The project included two remeasurement years of data for it’s MY 2014 submission. UniCare’s Remeasurement 2 rate of 67.13% shows a 3.7 percentage point improvement over the first remeasurement year of data and a 5.09 percentage point improvement over the baseline rate. The year’s performance signifies an improving trend, but the increase was not statistically significant.

Recommendations. UniCare delivers Gaps in Care Reports to providers with hopes that the providers will follow-up and help bring the members into compliance. UniCare should implement a mechanism to ensure that providers follow-up with non-compliant members. UniCare should continue this PIP in hopes of achieving sustained improvement in Remeasurement 3.

Emergency Department Collaborative

The MHT MCOs collaboratively aim to reduce emergency department utilization through interventions targeting members with asthma. The mandatory indicator is the *Annual Percentage of Asthma Patients with one or More Asthma-Related ED Visits (ages 2-20)*. UniCare also selected the HEDIS *Use of Appropriate Medications for People with Asthma (ASM)* and *Medication Management for People with Asthma (MMA)* indicators for use in this PIP.

PIP Summary: Emergency Department Collaborative	
Rationale	➤ This is a mandatory PIP. Asthma is a chronic disease in the WV MHT population which provides opportunity for improvement. According to the Centers for Disease Control and Prevention, in 2008 asthma prevalence among children was 11.5% in West Virginia, compared to 9% nationwide.
Indicators and Goals	➤ In this mandatory project, the WV MHT MCOs collaboratively aim to reduce emergency department utilization through interventions targeting members with asthma. Indicator 1, the mandatory indicator, is the <i>Annual Percentage of Asthma Patients with One or More Asthma-Related ED Visits (ages 2-20)</i> . UniCare selected two additional indicators, <i>Use of Appropriate Medications for People with Asthma (ASM)</i> and <i>Medication Management for People with Asthma (MMA)</i> , both of which are HEDIS indicators.
Strengths	<ul style="list-style-type: none"> ➤ Interventions directly target the members identified as asthmatic as well as providers who treat asthmatic patients. ➤ Interventions target identified barriers and provide on-to-one contact to members and providers. ➤ Interventions are multi-faceted using outreach, case management, disease management, provider profiling and reporting.

PIP Summary: Emergency Department Collaborative	
	➤ UniCare chose two additional indicators in addition to the mandatory indicator.
Barriers	<ul style="list-style-type: none"> ➤ Engaging members with asthma is difficult. Members are difficult to contact and often stop taking their medication when they feel better. ➤ Members have difficulty navigating the health care system.
Interventions	<ul style="list-style-type: none"> ➤ Participation in the WV Asthma Coalition meetings to better understand existing programs in WV and solicit suggestions from patients and providers about potential interventions and methods to reach target groups. ➤ Disease management (Care Compass). Disease managers contact members or their guardians who meet program eligibility criteria to offer supportive clinical management and education on self-management of asthma. ➤ A collaboratively written letter was distributed to providers state-wide advising them that the MCO's have chosen to focus on reducing emergency department usage for members with asthma.

PIP Results – Emergency Department Collaborative			
Indicator 1: Percentage of children ages 2 to 20 diagnosed with Asthma during the measurement year with one or more asthma-related emergency room (ER) visits.			
Time Period	Measurement	Goal	Rate or Results
1/1/2013-12/31/2013	Baseline	To be determined with the PIP Collaborative Team	8.29%
1/1/2014-12/31/2014	Remeasurement 1	7.89%	8.38%
Indicator 2: Use of Appropriate Medications for People With Asthma (ASM) The percentage of members 5 to 64 years of age during the measurement year who were identified as having persistent asthma and who were appropriately prescribed medication during the measurement year.			
Time Period	Measurement	Goal	Rate or Results
1/1/2013-12/31/2013	Baseline	To be determined upon release of NCQA's Quality Compass	76.61%
1/1/2014-12/31/2014	Remeasurement 1	65.48%	90.85%
Indicator 3: Medication Management for People With Asthma (MMA) The percentage of members 5 to 64 years of age during the measurement year who were identified as having persistent asthma and were dispensed appropriate medications that they remained on during at least 75% of the treatment period.			
Time Period	Measurement	Goal	Rate or Results
1/1/2013-12/31/2013	Baseline	To be determined upon release of NCQA's Quality Compass	42.39%
1/1/2014-12/31/2014	Remeasurement 1	31.11%	38.53%

Findings. This PIP meets the requirements. *The Use of Appropriate Medications for People With Asthma* indicator achieved improvement from Baseline (76.61%) to 90.85% in Remeasurement 1. The other two indicators did not achieve improvement.

Recommendations. The MCO delivers Gaps in Care Reports to providers with hopes that the providers will follow-up and help bring the members into compliance. UniCare should implement a mechanism to ensure that providers follow-up with non-compliant members. UniCare should consider initiating a provider incentive program to increase provider follow-up with gaps in care reports as well as provider education through medical record reviews.

Diabetes Collaborative

All MHT MCOs are required to participate in the Diabetes Collaborative Project. The mandatory indicator is the HEDIS indicator *HbA1c Control (<8%)*. The MCO also selected two additional HEDIS indicators which are *HbA1c Testing* and *Eye (Retinal) Exam Performed*. The Diabetes Collaborative PIP goal is to meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015).

PIP Summary: Diabetes Collaborative	
Rationale	<ul style="list-style-type: none"> ➤ Prevalence of diabetes in WV has nearly tripled since 1996. Diabetes is contributing to long-term complications, including blindness, kidney failure, amputation and heart disease. The MHT weighted average and UniCare's rate for <i>HbA1c Control (<8%)</i> are below the National Medicaid Average.
Indicators and Goals	<ul style="list-style-type: none"> ➤ All MHT MCOs are required to participate in the Diabetes Collaborative Project. The mandatory indicator is from the HEDIS measure set, <i>Comprehensive Diabetes Care - Hemoglobin A1c (HbA1c) Control (<8%)</i> with the goal to meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average (45.4%) by HEDIS 2016 (MY 2015). UniCare also selected additional measures, <i>Comprehensive Diabetes Care - HbA1c Testing</i>, and <i>Retinal Eye Exams</i> for this project.
Strengths	<ul style="list-style-type: none"> ➤ The performance measures are HEDIS indicators. ➤ In addition to the mandatory indicator (<i>HbA1c Control <8%</i>), UniCare chose two additional indicators, <i>HbA1c Testing</i> and <i>Retinal Eye Exam</i>.
Barriers	<ul style="list-style-type: none"> ➤ There exists a lack of knowledge about member's own condition and the link between poor diabetic control and disease complications. ➤ Insufficient local health plan staff to provide individual consultation with practices and providers to drive quality improvement.
Interventions	<ul style="list-style-type: none"> ➤ Member Incentive Program - Provides a \$25 incentive each for completing diabetic screenings and an annual eye exam. ➤ Member Outreach (live calls) - Live outreach phone calls based on Gaps in Care to assist in identifying obstacles in the member's life preventing them from getting the needed service. ➤ Collaborative Letter - A collaboratively written letter was being developed to distribute to providers state-wide advising them that the MCO's have chosen to focus on proper care and testing for members with diabetes. (The letter was distributed in early 2014.)

PIP Results – Diabetes Collaborative			
Indicator 1: Comprehensive Diabetes Care – HbA1c Control (<8%)			
Time Period	Measurement	Goal	Rate or Results
HEDIS 2014 (MY 2013)	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	28.73%
HEDIS 2015 (MY 2014)	Remeasurement 1	45.52%	38.19%

Indicator 2: Comprehensive Diabetes Care – HbA1c Testing			
Time Period	Measurement	Goal	Rate or Results
1/1/13-12/31/13	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	80.18%
HEDIS 2015 (MY 2014)	Remeasurement 1	83.81%	81.71%
Indicator 3: Comprehensive Diabetes Care – Eye (Retinal) Exam Performed			
Time Period	Measurement	Goal	Rate or Results
1/1/13-12/31/13	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	25.84%
HEDIS 2015 (MY 2014)	Remeasurement 1	53.53%	25.93%

Findings. This PIP meets the requirements. The MCO achieved improvement for all three indicators. A new intervention in which a provider pharmacy report that identifies members who are not prescribed appropriate medications to control their asthma is shared with providers on a monthly basis was established.

Recommendations. UniCare should continue with this project, using MY 2015 as the second year of remeasurement data.

Performance Measure Validation

Three of the four MHT MCO were required to participate in the PMV activities for MY 2014. WVFH was exempt from PMV as MY 2014 was their first year of operation. The three participating MCOs successfully reported all performance measures required by BMS (HEDIS 2015 (MY 2014), Adult and Child Core Measure Sets, and CAHPS). The twelve required measures are:

- Medication Management for People With Asthma: Medication Compliance 75% (Total)
- Immunizations for Adolescents - Combination 1
- Prenatal and Postpartum Care - Postpartum Care
- Adolescent Well-Care Visits
- Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life
- Percentage of Eligibles That Received Preventive Dental Services
- Percentage of Eligibles That Received Dental Treatment Services
- Annual Percentage of Asthma Patients 2-20 Years Old with One or More Asthma-Related Emergency Room Visits
- PQI 01: Diabetes Short-Term Complications Admission Rate
- PQI 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate
- PQI 08: Heart Failure Admission Rate
- PQI 15: Asthma in Younger Adults Admission Rate

The following analysis compares the MCO results for the twelve measures that were validated for MY 2014 as they related to the Withhold Program and to quality, access, and timeliness.

MHT Quality Strategy (QS) and Performance Withhold Program

The *West Virginia Mountain Health Trust Program State Quality Strategy for Assessing and Improving Managed Care Quality* (Quality Strategy) was updated in 2013 and identified the following five priorities:

1. Make care safer by promoting the delivery of evidence-based care.
2. Engage individuals and families as partners in their care by strengthening the relationship between patients and their primary care provider.
3. Promote effective communication and coordination of care.
4. Promote effective prevention and treatment of diseases that burden MHT enrollees.
5. Enhance oversight of MCO administration.

Recognizing that performance measurement is essential to monitoring and improving quality, BMS selected performance measures that align its requirements with national, state, and local objectives. The performance measures are chosen from national sources and reflect the priorities outlined in the Quality Strategy. The 12 measures selected for PMV are implemented in different programs, such as the Performance Withhold Program, to monitor and improve quality of services provided by the MCOs. The Performance Withhold Program objective is for MCOs to improve performance for the selected measures in order to earn back the 5% of their capitation payments that are withheld. For MY 2014, BMS selected five HEDIS measures for the program (*Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life, Medication Management for People With Asthma Adolescent Well-Care, Immunization Status for Adolescents, and Prenatal and Postpartum Care, Postpartum Care*). Each MCO received a portion of its withhold for each MY 2014 measure that met or exceeded the corresponding 2014 HEDIS (MY 2013) National Medicaid Average (NMA). Table 5 provides the MCO rates for MY 2012-MY 2014 and their corresponding MY 2013 NMA.

Table 5. WV MHT Withhold Measures.

Measure	CoventryCares			The Health Plan			UniCare			NMA MY 2013* %
	MY 2012 %	MY 2013 %	MY 2014 %	MY 2012 %	MY 2013 %	MY 2014 %	MY 2012 %	MY 2013 %	MY 2014 %	
Medication Management for People With Asthma: Medication Compliance 75% (Total)	10.6	30.7	32.3	33.4	37.5	33.8	50.0	42.4	38.5	31.4
Immunizations for Adolescents - Combination 1	64.0	83.4	84.3	60.1	83.2	84.4	68.4	78.0	80.5	70.1
Prenatal and Postpartum Care - Postpartum Care	59.7	60.6	55.0	69.3	62.8	61.6	65.7	64.9	61.7	61.3
Adolescent Well-Care Visits	46.6	47.2	50.5	44.9	43.1	46.5	45.3	41.2	41.9	50.0
Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life	72.5	73.7	77.8	67.5	71.3	70.6	64.2	66.9	69.0	71.5

*National Medicaid Average is from HEDIS Quality Compass 2014 (MY 2013) is used for Performance Withhold Program.

All three MCOs compared favorably to the NMA for the following measures:

- Medication Management for People With Asthma - Total Compliance 75%
- Immunization Status for Adolescents - Combination 1

The Health Plan and UniCare compared favorably to the NMA for *Prenatal Postpartum Care-Postpartum Care*.

CoventryCares compared favorably to the NMA for two other measures:

- Adolescent Well-Care Visits
- Well-Child Visits in the Third, Fourth, Fifth, and Sixth Years of Life

Performance Measures

The twelve performance measures that were validated for MY 2014 can be used to assess performance on the dimensions of Quality, Access, and Timeliness. These measures are discussed in the sections that follow. Through the discussion, a star rating system is used to compare the MHT Weighted Averages (MHT-WA) to the National Medicaid Percentiles (NMPs). The percentiles and the star rating system are depicted in Table 6 below.

Table 6. Star Ratings for Performance Measure Tables.

National Medicaid Percentile Ranges	Star Rating
Exceeds the 90 th Percentile	★★★★★
Exceeds the 75 th Percentile to 90 th Percentile	★★★★
Exceeds the 50 th Percentile to the 75 th Percentile	★★★
Exceeds the 25 th Percentile to the 50 th Percentile	★★
25 th Percentile or less	★

Quality Performance Measures

Two HEDIS indicators from the PMV activities assess the quality of care provided by the MHT MCOs. The HEDIS 2013 (MY 2012) through HEDIS 2015 (MY 2014) MHT Weighted Averages (MHT-WAs) are provided in the table below with the National Medicaid Percentile (NMP) comparisons.

Table 7. Quality Performance Measures.

Measure Name and Goal	MHT-WA MY 2012 %	MHT-WA MY 2013 %	MHT-WA MY 2014 %	MHT-WA Compared to NMPs MY 2014*
Immunizations for Adolescents - Combination 1	65.5	80.7	82.5	★★★★
Medication Management for People With Asthma - Total, Compliance 75%+	36.9	33.9	35.8	★★★★

*Star ratings are based on the HEDIS 2015 (MY 2014) Quality Compass. One star represents a rate equal to or less than the 25th Percentile. Five stars represent the highest rating, a rate that is greater than the 90th Percentile. Refer to Table 6 for details.

The MHT performed well with the quality performance measures. The MHT-WA for both indicators exceeded the 75th NMP. *Immunizations for Adolescents-Combination 1* improved each year between MY 2012 and MY 2014. *Medication Management for People With Asthma-Total Compliance 75%* improved between MY 2013 and MY 2014. No opportunities for improvement were identified for quality measures.

Access Performance Measures

Four measures were used to assess MHT performance for accessibility of health care services:

- Prenatal and Postpartum Care - Postpartum Care
- Percentage of Eligibles That Received Preventive Dental Services
- Percentage of Eligibles That Received Dental Treatment Services
- Annual Percentage of Asthma Patients 2 Through 20 with One or More Asthma-Related Emergency Room Visits

Table 8 provides the MHT-WA for three years and a comparison to national benchmarks for each measure.

Table 8. Access Performance Measure Results.

Measure Name	MHT-WA MY 2012 %	MHT-WA MY 2013 %	MHT-WA MY 2014 %	MHT-WA Compared to NMPs MY 2014*
Prenatal and Postpartum Care - Postpartum Care	63.9	62.7	59.1	★★
Percentage of Eligibles That Received Preventive Dental Services	^	^	27.1**	46.0 ⁺
Percentage of Eligibles That Received Dental Treatment Services	^	^	13.1**	24.5 ⁺
Annual Percentage of Asthma Patients 2-20 Years Old with One or More Asthma-Related Emergency Room Visits (lower score is better)	^	^	8.1**	^

*Star ratings are based on the HEDIS 2015 (MY 2014) Quality Compass. One star represents a rate equal to or less than the 25th Percentile. Five stars represent the highest rating, a rate that is greater than the 90th Percentile. Refer to Table 6 for details.

**Indicates the MHT-WA is a simple average for the indicated measure.

+ National Medicaid Average from the HHS Report FFY 2014.

^ Measure not collected or no national benchmark available.

The MHT-WA for *Prenatal and Postpartum Care- Postpartum Care* fell below the 50th NMP and declined between MY 2012 and MY 2014. The MHT-WA also compared unfavorably to the National Medicaid Average for enrollees that received preventive dental services or dental treatments.

For access measures, one opportunity is identified for *Prenatal and Postpartum Care- Postpartum Care* where the MHT-WA was below the national benchmark and declined over the three year period between MY 2012 and MY 2014. The other three access measures are first year measures and do not have enough data to determine opportunities for improvement.

Timeliness Performance Measures

Six measures validated for MY 2014 were selected to assess performance for timeliness of care. The measures include:

- Adolescent Well-Care Visits
- Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life
- PQI 01: Diabetes Short-Term Complications Admission Rate
- PQI 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate
- PQI 08: Heart Failure Admission Rate
- PQI 15: Asthma in Younger Adults Admission Rate

Table 9 provides the MHT-WAs for three years and comparison to national benchmarks.

Table 9. HEDIS Performance Measures for Timeliness.

Measure Name	MHT-WA MY 2012 %	MHT-WA MY 2013 %	MHT-WA MY 2014 %	MHT-WA Compared to NMPs MY 2014*
Adolescent Well-Care Visits	45.6	43.6	45.7	★★
Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life	67.5	70.0	72.6	★★★
PQI 01: Diabetes Short-Term Complications Admission Rate (Observed rate per 100,000 member months) (lower rate is better)	^	^	14.6**	^
PQI 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate (Observed rate per 100,000 member months) (lower rate is better)	^	^	28.1**	^
PQI 08: Heart Failure Admission Rate (Observed rate per 100,000 member months) (lower rate is better)	^	^	0.8**	^

Measure Name	MHT-WA MY 2012 %	MHT-WA MY 2013 %	MHT-WA MY 2014 %	MHT-WA Compared to NMPs MY 2014*
PQI 15: Asthma in Younger Adults Admission Rate (Observed rate per 100,000 member months) (lower rate is better)	^	^	7.2**	^

*Star ratings are based on the HEDIS 2015 (MY 2014) Quality Compass. One star represents a rate equal to or less than the 25th Percentile. Five stars represent the highest rating, a rate that is greater than the 90th Percentile. Refer to Table 6 for details.

**MHT-WA is a simple average for this measure.

^Measure not reported or no national benchmark available.

The MHT-WA for *Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life* exceeded the 50th NMP and improved each year between MY 2012 and MY 2014. The MHT-WA for *Adolescent Well-Care Visits* improved also between MY 2012 and MY 2014 but did not meet the 50th NMP. All four PQI admission rates are first year measures and do not have national benchmarks. No opportunities for improvement were identified for timeliness measures.

Summary of Quality, Access, and Timeliness

The External Quality Review Results section of 42 CFR §438.364 requires the external quality review organization (EQRO) to provide a detailed technical report that describes the manner in which the data from all activities conducted were aggregated, analyzed, and conclusions were drawn as to the quality, access and timeliness of the care furnished by the MCO. This section summarizes the Systems Performance Review, Performance Improvement Project, and Performance Measure Validation activities according to the quality, access, and timeliness of care provided to the MHT enrollees.

Summary of Quality

Quality, as stated in the federal regulations as it pertains to external quality review, is “the degree to which a Managed Care Organization (MCO)... increases the likelihood of desired health outcomes of its recipients through its structural and operational characteristics and through the provision of health services that are consistent with current professional knowledge” (Centers for Medicare & Medicaid Services [CMS], Final Rule: External Quality Review, 2003).

The evaluation of quality includes an assessment of each MCO’s structural and operational characteristics as well as the provision of health services to Medicaid recipients. Improving quality in any of these areas increases the likelihood of the desired health outcomes of its recipients.

The structural and operational characteristics are evaluated through the Systems Performance Review in the Quality Assessment and Performance Improvement (QA) standard. This standard is important because it assesses each MCO’s internal Quality Improvement (QI) structure and its ability to improve the quality of care and services for its enrollees. Key components of the QI program such as goals and objectives, governing board oversight, quality improvement committee activity, provider participation in QI activities, clinical practice guidelines, and quality of care studies and measures are assessed as part of this standard.

The MY 2014 SPR compliance rates for the QA standard for all three MHT MCOs are presented below.

Table 10. MCO SPR Compliance Rates for MY 2014 - Quality Assessment and Performance Improvement.

SPR Standard	MY 2014 Compliance Rate		
	CoventryCares	The Health Plan	UniCare
Quality Assessment and Performance Improvement	100%	99%	98%

All MCOs performed well in the area of quality. CoventryCares achieved full compliance (100%) while The Health Plan and UniCare had compliance rates of 99% and 98% respectively.

The MCOs have well documented Quality Assessment and Performance Improvement (QAPI) program plans that describe the organizational structure and include goals, objectives, and a detailed work plan. All QAPI plans note that the ultimate authority of the QAPI Program rests with the MCO’s governing body, the Board of Directors (BOD). All MCOs carry out their QAPI functions using committees (e.g. credentialing, quality improvement, utilization management). Committee descriptions in the QAPI documents include all of the required components including committee responsibilities, a designated chairperson and responsibilities for each committee. The QAPI documents include organizational charts, describe the relationship between the committees, and how information is communicated among the committees and up to the BOD.

The MY 2014 SPR demonstrated the following MCO accomplishments related to quality. All three MCOs have:

- Well documented QAPI plans that describe the organizational structure and include goals, objectives, and a schedule of planned activities (work plan).
- Detailed committee meeting minutes that describe actions taken, problem identification and resolution, as well as coordination and communication among committees.
- Demonstrated that appropriate staff and committees are involved in the decision making process for Utilization Management (UM) and QI activities.
- UM procedures in place for making authorization decisions.
- UM procedures in place to identify over- and underutilization.
- Clinical practice guidelines (CPGs) in place, and update them at least every two years.

- CPGs and other industry acceptable criteria (e.g. InterQual and Milliman and Robertson) are used to make UM decisions (e.g. pre-authorization of procedures).
- Procedures in place to monitor delegated credentialing entities. Delegates are held to same standards as MCOs as demonstrated by the delegated credentialing audits and monitoring conducted by the MCOs.
- On-site pre-delegation audits are conducted prior to contracting with any delegate.
- Disease management programs in place for enrollees with special health care needs.
- Health education programs in place that are based on enrollee characteristics and needs.
- The appropriate policies and procedures in place to cover and pay for emergency and post-stabilization care services.
- Processes in place to collect and report the required performance data (HEDIS measures, CAHPS measures, and Adult and Child Core Measures).
- Policies and procedures in place to report valid and reliable performance measures.
- Analyzed data collected in the QI and UM programs and use it for problem identification and resolution (e.g. interventions), and program planning (e.g. selection of areas for focused studies and PIPs).
- Conducted the most recent version of the CAHPS survey and used the results to identify areas to target for improvement. Corrective action plans are developed and implemented to address areas where improvement is required.
- Have access and availability standards in place that are consistent with the BMS/MCO contract. Compliance to these standards is assessed at least annually as required.

MCOs have the appropriate structures and processes in place to monitor, evaluate, and improve the quality of services to the MHT enrollees using Performance Improvement Projects (PIPs). The MCOs are required to have three PIPs in place at all times. All MCOs have the required PIPs in place, including two mandatory Collaborative PIPs: Diabetes Collaborative PIP and Emergency Department (ED) Collaborative PIP.

There were two MCO PIP topics related to quality in MY 2014. They are Childhood Immunization Status – Combination 3 PIP conducted by UniCare, and the Diabetes Collaborative (all three MCOs).

In UniCare's Childhood Immunization Status - Combination 3 PIP, the MCO aims to meet or exceed the previous year's NCQA Quality Compass National Medicaid Average for the percentage of children 2 years of age who had 4 diphtheria, tetanus, and acellular pertussis (DTaP); 3 polio (IPV); 1 measles, mumps, and rubella (MMR); 3 H influenza type B (HiB); 3 hepatitis B (Hep B); 1 chicken pox (VZV); and 4 pneumococcal conjugate (PCV) vaccines by their second birthday. For HEDIS 2012 (MY 2011), the National Medicaid Average was 70.64%. The MCO's performance improved from the MY 2012 baseline rate of 62.04% to 67.13% for Remeasurement 2 (MY 2014). Improvement has been achieved over the baseline rate for both remeasurements. Delmarva recommended that the MCO conduct this project for at least one more year to try and achieve sustained improvement.

The other PIP topic related to quality is the mandated Diabetes Collaborative in which all three MCOs are required to participate. The mandatory indicator for the collaborative project is *Comprehensive Diabetes Care (CDC)-Hemoglobin A1c (HbA1c) Control (<8%)* with the goal to meet or exceed the HEDIS 2014 National Medicaid Average (45.4%) by HEDIS 2016 (MY 2015). All MCOs have selected at least one additional HEDIS indicator for their projects to include *Retinal Eye Exam Performed (UniCare)*, and *HbA1c Testing (CoventryCares, The Health Plan and UniCare)* as recommended by Delmarva.

For HEDIS 2012 (MY 2011), the Mountain Health Trust (MHT) Weighted Average (MHT-WA) for the *CDC - HbA1c Control (<8%)* measure was 41.3% compared to the National Medicaid Average (NMA) of 48.0%, resulting in a 6.7 percentage point difference and providing opportunity for improvement. The results for the mandatory indicator, *HbA1c Control <8%*, are found in the table below.

Diabetes PIP - Mandatory Indicator Results HbA1c <8%			
CoventryCares			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (2015)	41.32%
MY 2014	Remeasurement 1	45.52%	43.27%
The Health Plan			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (2015)	45.34%
MY 2014	Remeasurement 1	46%	41.24%
UniCare			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (2015)	28.73%
MY 2014	Remeasurement 1	45.52%	38.19%

The results show that CoventryCares and UniCare achieved improvement from Baseline to Remeasurement 1 for the *HbA1c <8%* indicator. The Health Plan did not realize an improvement in this indicator, but its MY 2014 rate is above UniCare’s rate. Best practices for interventions for the Diabetes Collaborative that were implemented in 2014 are described below.

CoventryCares produces a Practitioner Report annually to high-volume practices including data about diabetes and other diseases. In addition, Practitioner Gaps in Care Lists were produced and distributed monthly to encourage providers to contact members and get them in for needed services and tests. The Gaps in Care Lists provide member-level detail of missing screenings, tests, and services. The MCO encourages

providers to follow-up with enrollees who appear on these lists. Delmarva recommended that the MCO put a mechanism in place to ensure that the providers follow-up to get members with missing services in for an appointment.

The Health Plan's Wellness and Health Promotion (W&HP) Call Center provides one-on-one personalized contact with diabetic members who are missing important services and/or testing. Claims histories are used to identify gaps in care that trigger members being placed in an outbound call queue that is updated weekly. Following the phone call from the nurse, a letter is sent to the member with a checklist of all missing services that were discussed on the call. A similar letter is sent to the member's PCP urging the PCP to assist the member in obtaining any services the member chooses to pursue. This intervention is not just for diabetes, but is in place for multiple conditions.

UniCare also generates Provider Gaps in Care Reports that include member-level detail of gaps in care and distributes them to providers in hopes that they will follow-up with enrollees on the lists. As with the other MCOs that produce these types of reports, Delmarva recommended that the MCO put a mechanism in place to ensure that the providers follow-up to get members with missing services in for an appointment. In addition, the MCO has a Member Incentive Program which provides a \$25 incentive for completing recommended diabetic screenings and a dilated eye exam.

Two measures from the performance measure validation (PMV) set assessed quality for the MHT MCOs: *Immunization for Adolescents- Combination 1* and *Medication Management for People With Asthma- Total 75% Compliance*. The MHT-WA compared favorably the 75th NMP for both measures. *Immunization for Adolescents- Combination 1* improved between MY 2012 and MY 2014. *Medication Management for People With Asthma- Total 75% Compliance* improved between MY 2013 and MY 2014.

Summary of Access

Access (or accessibility), as defined by the National Committee for Quality Assurance (NCQA), is "the extent to which a patient can obtain available services at the time they are needed. Such service refers to both telephone access and ease of scheduling an appointment, if applicable. The intent is that each organization provides and maintains appropriate access to primary care, behavioral health care, and member services" (*NCQA 2013 Standards and Guidelines for the Accreditation of Health Plans*).

Access to care and services has historically been a challenge for Medicaid enrollees in rural areas. Access is an essential component of a quality-driven system of care. The findings with regard to access are discussed in this section.

The SPR standards evaluate enrollee access to informational materials and services. All MCOs provided comprehensive member materials at or below the 6th grade reading level as required by the BMS/MCO

contract. Telephone numbers to access Member/Customer Services lines, hours of operation, and the MCO address are provided in Member Handbooks. Member Handbooks describe the covered services, how to access those services, and any other special requirements (e.g. referrals and preauthorizations). Member materials also include a statement of enrollee rights, instructions on how to file complaints, grievances, and appeals and describe how to access a State Fair Hearing.

The MCOs are required to assess compliance with appointment access standards in the MCO contract. Current BMS standards state that:

- Emergency cases must be seen immediately or referred to an emergency facility;
- Urgent cases must be seen within 48 hours;
- Routine cases other than clinical preventive services must be seen within 21 days (exceptions are permitted at specific times when PCP capacity is temporarily limited);
- An initial prenatal care visit must be scheduled within 14 days of the date on which the woman is found to be pregnant.
- Qualified medical personnel to be accessible 24 hours each day, seven days a week (24/7), to provide direction to patients in need of urgent or emergency care. Such medical personnel include, but are not limited to, physicians, physicians on call, licensed practical nurses, and registered nurses.

CoventryCares met all of the access standards. The Health Plan did not meet the access standards for Emergency Care and 24/7 access. UniCare did not meet the 90% threshold for Urgent Care, Routine Care, Initial Prenatal Care Visit, and 24/7 access.

Delmarva noted in the 2013 Annual Technical Report that the MCOs were not consistently meeting the threshold for the 24/7 access standard. A review of data for the four year period from MY 2011- MY 2014 shows that CoventryCares met the standard three times, The Health Plan met the standard one time, and UniCare did not meet this standard in any of these four years. Delmarva recommends that BMS work with the MCOs to focus on meeting this important standard.

In regards to access, the MCOs have undertaken a mandatory PIP focusing on reducing the number of ED visits for patients with asthma. The mandatory indicator is *Annual Percentage of Asthma Patients with One or More Asthma-Related Emergency Department (ED) Visits (ages 2-20)*.

Each MCO selected its own goal for the project based on the variation in baseline rates among the MCOs. The robust interventions that were in place throughout MY 2014 include Gaps in Care Reports (CoventryCares and UniCare), Pharmacy Profile Reports which are used to identify asthmatic members with no prescription for a controller medication (UniCare), and Emergency Department (ED) Usage Lists used to identify asthmatic members who frequently utilize the ED to manage their asthma (CoventryCares and UniCare). A Wellness and Health Promotion Call Center (W&HP) allows for one-on-one personalized

contact with members who are Phone calls are placed to members by an outbound specialist who completes an initial assessment of the member’s health and asthma control and engages them in the MCO’s Asthma Wellness program.

Emergency Department Collaborative PIP - Mandatory Indicator Results			
Annual Percentage of Asthma Patients with One or More Asthma-Related Emergency Department Visits Ages 2 – 20			
CoventryCares			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined with PIP Collaborative Team	8.86%
MY 2014	Remeasurement 1	7.974%	8.67%
The Health Plan			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined with PIP Collaborative Team	6.58%
MY 2014	Remeasurement 1	1% total decrease	7.09%
UniCare			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined with PIP Collaborative Team	8.29%
MY 2014	Remeasurement 1	7.89%	8.38%

The indicator results show that the mandatory indicator rate improved for CoventryCares. The Health Plan and UniCare did not achieve improvement for the first remeasurement period. The robust interventions that were in place in MY 2014 were:

- Gaps in Care Reports (CoventryCares and UniCare)
- Pharmacy Profile Reports which are used to identify asthmatic members with no prescription for a controller medication (UniCare)
- Emergency Department (ED) Usage Lists used to identify asthmatic members who frequently utilize the ED to manage their asthma (CoventryCares and UniCare).
- A Wellness and Health Promotion (W&HP) Call Center at The Health Plan allows for one-on-one personalized contact with members who are identified as having asthma. Phone calls are placed to members by an outbound specialist who completes an initial assessment of the member’s health and asthma control and engages them in the MCO’s Asthma Wellness program.

Four performance measures were validated and used to assess MCO performance for Access.

- Prenatal and Postpartum Care - Postpartum Care
- Percentage of Eligibles That Received Preventive Dental Services
- Percentage of Eligibles That Received Dental Treatment Services

- Annual Percentage of Asthma Patients 2 Through 20 Years of Age with One or More Asthma-Related Emergency Room Visits

In regards to PMV, the HEDIS indicator, *Prenatal Postpartum Care- Postpartum Care*, provides an opportunity for improvement. The MHT-WA for this indicator did not meet the 50th NMP and declined between MY 2013 and MY 2014. The other three access measures are first year measures and do not have enough data to determine opportunities for improvement.

Summary of Timeliness

Timeliness, as it relates to utilization management decisions and as defined by NCQA, is whether “the organization makes utilization decisions in a timely manner to accommodate the clinical urgency of the situation. The intent is that organizations make utilization decisions in a timely manner to minimize any disruption in the provision of health care” (*2013 Standards and Guidelines for the Accreditation of Health Plans*). An additional definition of timeliness given in the Institute of Medicine National Health Care Quality Report refers to “obtaining needed care and minimizing unnecessary delays in getting that care” (*Envisioning the National Health Care Quality Report, 2001*).

Timeliness is an important factor for evaluating MCO performance because organizations must have procedures in place to make decisions timely in order not to disrupt or delay the provision of care or services to their members. The SPR standards in place evaluate timeliness as it relates to both the provision of services and timely access to customer services. The findings for the MHT MCOs related to timeliness are described below.

During the SPR on-site review, cases, files, and logs are reviewed to assess the timeliness of MCO activities. For MY 2014, Delmarva reviewed cases, files, and logs to assess timeliness of:

- Credentialing and recredentialing of providers,
- Resolution of complaints, grievances and appeals, and
- Authorization, pre-authorization and continuing authorization activities.

Delmarva sampled 10 credentialing and 10 recredentialing files for each MCO. All initial credentialing applications in the sample were processed according to the MCOs policies and procedures. All provider recredentialing files in the sample were recredentialed within the three-year time requirement. All delegated credentialing providers are held to the same timeliness standards. All three MCOs complete annual audits of the delegates and no issues were identified with timely completion of credentialing and recredentialing activities. A pre-delegation audit is conducted prior to contracting with any delegate.

Delmarva reviewed each MCO’s grievance log and selected a sample of 10 formal appeals cases from each MCO for review. In cases where an MCO did not have 10 appeals for MY 2014, all cases were reviewed. The

BMS/MCO contract requires MCOs to process and provide notice to affected parties regarding grievances and appeals in a reasonable length of time not to exceed 45 days from the day the MCO receives the grievance or appeal, unless the enrollee requests an extension or the MCO shows that a delay is necessary and in the interest of the enrollee. All grievances reviewed were resolved timely. All appeals cases sampled were resolved and affected parties notified in less than 45 days. None of the cases included a request for an extension.

Each MCO has a UM program in place which includes policies and procedures to monitor the timeliness of utilization management decisions. According to the BMS/MCO contract, the MCOs must make authorization decisions and provide notice as expeditiously as required by the enrollee's health condition and within 14 measurement days of receiving the request for service for the purposes of standard authorization decisions. All MCOs monitor the time to completion for authorizations against this timeliness standard. Results are compiled at least monthly by all MCOs and reported through the QAPI channels at least quarterly.

In addition, the MCOs must provide an expedited authorization decision for services when the provider indicates that the standard time frame could seriously jeopardize the enrollee's life or health or ability to attain, maintain, or regain maximum function. The MCO must make the expedited authorization decision and provide notice to the enrollee as expeditiously as the enrollee's health condition requires, and no later than 3 working days after receipt of the request for service. This three working-day period may be extended up to 14 additional days upon request of the enrollee or provider, or if the MCO justifies to BMS the need for additional information and how the enrollee might benefit from the extension.

All authorization decisions are monitored for timeliness. Turn-around time is measured and documented. These results are usually summarized quarterly and reported through the QAPI channels by the UM department. There were no cases on file for expedited authorizations in MY 2014.

For MY 2014, there were two PIPs that addressed timeliness. They are CoventryCares's Adolescent Well-Care Visits PIP and The Health Plan's Member Establishment with Primary Care Provider of Record PIP.

CoventryCares's PIP measures the percentage of enrollees 12-21 years of age who had at least one comprehensive well-care visit with a PCP or Obstetrician/Gynecologist during the measurement year. CoventryCares achieved an increase in the indicator rate each year from Baseline (MY 2011) to Remeasurement 3 (MY 2014). The rate increased from 42.13% in the Baseline to 50.47% in Remeasurement 3. Interventions such as face-to-face education of providers about medical record documentation, outreach calls to non-compliant members, provider report cards, and EPSDT reminder systems, target identified barriers.

Interventions identified as best practices in the review of CoventryCares's Adolescent Well-Care Visits PIP are listed below:

- Disease and case managers conduct targeted calls to members identified as non-compliant to educate them about the need for routine well-visits and assist with appointment scheduling if needed.
- Provider report cards are mailed monthly which contain all members that are non-compliant with the required services. The MCO encourages providers to follow-up with the non-compliant members. Delmarva recommended that the MCO put a mechanism in place to ensure that providers follow-up with members and attempt to get them up to date with the required services.
- Provider/office staff education, including appropriate medical documentation, was offered when HEDIS medical record reviews were being conducted on-site by the MCO.

The Health Plan's Member Establishment with PCP of Record was implemented in the last quarter of 2015. The MCO aims to improve the *Adolescent Well-Care Visits* (as in CoventryCares's PIP) and the *Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life* rates. By encouraging members to establish with their PCP of record, the MCO believes that enrollees will be more likely to obtain routine well exams and preventive services, and may use the ED and walk-in clinics less frequently. Baseline data were provided for this PIP as it was implemented in the second half of 2015.

The following six measures validated for MY 2014 assess performance for Timeliness.

- Adolescent Well-Care Visits
- Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life
- PQI 01: Diabetes Short-Term Complications Admission Rate
- PQI 05: Chronic Obstructive Pulmonary Disease or Asthma in Older Adults Admission Rate
- PQI 08: Heart Failure Admission Rate
- PQI 15: Asthma in Younger Adults Admission Rate

The MHT-WA for *Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life* exceeded the 50th NMP and improved each year between MY 2012 and MY 2014. The MHT-WA for *Adolescent Well-Care Visits* also improved between MY 2013 and MY 2014 but did not the 50th NMP. The four PQI admission measures are first year measures and do not have national benchmarks. There were no opportunities for improvement identified for timeliness measures.

MHT MCO Strengths, Requirements, and Recommendations

Strengths, requirements and recommendations for each standard are provided in the following tables for each MCO. **Strengths** are provided to encourage MCOs to continue efforts that are effective. **Recommendations** are made where Delmarva has suggestions to improve current MCO processes and practices that already meet requirements. MCOs are not required to implement recommendations although it is encouraged.

Finally, **Requirements** are provided to address elements and components that were not fully compliant (partially met or unmet) or that will need to be revised to maintain a current review determination of *Met*. All Requirements must be addressed by the MCO in order to be fully compliant at the time of the next annual review.

CoventryCares Strengths, Requirements, and Recommendations

Systems Performance Review

CoventryCares: 2014 SPR Strengths, Requirements and Recommendations	
Enrollee Rights	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Member materials, including the Member Handbook, provide enrollees with information on how to access benefits and services. ➤ Member materials are available in alternate formats such as large print, Braille and on audio tape for members. ➤ The MCO provides oral interpretation for any language to enrollees free-of-charge as required. ➤ Enrollee Rights and Responsibilities are comprehensive and provided in an easily understood format. ➤ The Member Handbook and other enrollee materials are available on the CoventryCares website for members to access 24/7. ➤ The Provider Manual is available on CoventryCares website for providers to access 24/7. ➤ Member materials are assessed to ensure a reading level of 6th grade or below using the Flesch-Kincaid metric. ➤ All required enrollee rights and responsibilities are provided in the Member Handbook. ➤ The Member Handbook provides all of the required information to ensure enrollees have access to information on how to access services to which they are entitled. ➤ The Member Handbook details how members can file grievances, appeals, and access the State Fair Hearing process. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ There are no requirements or recommendations as the MCO achieved 100% compliance on this standard.
Grievance Systems	<p>Strengths</p> <ul style="list-style-type: none"> ➤ CoventryCares has a well-documented grievance system which meets the requirements. ➤ The policies and procedures are in place and are followed; all complaint, grievance, and appeal resolutions were documented and easy to follow from registration through completion/resolution when reviewed on-site. ➤ All of the appeals-related policies (pre- and post-service, pre-service transplant and urgent transplant) were updated and combined into one policy, the Medicaid Appeal Policy. ➤ The Notice of Action (NOA) letter sent to enrollees includes all required elements. ➤ All NOAs sent to enrollees include an attachment which notifies enrollees of their right to and process for filing a grievance, appeal, and State Fair Hearing. ➤ All grievance and appeals files reviewed on-site contained the appropriate documentation, including an acknowledgment letter. All files reviewed were resolved within the appropriate time frame. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ There are no requirements or recommendations as the MCO achieved 100% compliance on this standard.

CoventryCares: 2014 SPR Strengths, Requirements and Recommendations	
Quality Assessment and Performance Improvement	<p>Strengths</p> <ul style="list-style-type: none"> ➤ For Utilization Management decisions, CoventryCares exceeded the goal of an inter-rater reliability score (degree of agreement) for application of clinical screening criteria by its Preauthorization Nurses, Concurrent Review Nurses, Case Managers and Physicians. ➤ Credentialing and recredentialing policies and procedures are comprehensive. All 20 files reviewed on-site were complete and timely. ➤ Delegated oversight policies and procedures are in place and followed. The MCO provided the annual audit results for all delegated entities. No Corrective Action Plans (CAPs) were recommended based on the audit results. ➤ Utilization Management monitors over and under-utilization of services to ensure enrollees have appropriate access to services. ➤ The MCO is participating in the mandatory Emergency Department and Diabetes Collaboratives. ➤ The MCO reviews and updates (as needed) clinical practice guidelines (CPGs) every year. CPGs reviewed and approved in 2014 include Adult Immunizations, Childhood Immunizations, Diabetes, Early and Periodic Screening, Diagnosis and Treatment (EPSDT), Coronary Artery Disease, Asthma, Child Preventive Care Guidelines, and Adult Preventive Care Guidelines. ➤ Based on opportunities for improvement identified in Consumer Assessment of Healthcare Providers and Systems (CAHPS) survey results, the MCO develops action items and implements interventions to address deficiencies. ➤ CoventryCares partners with West Virginia University (WVU) and their mobile mammography unit, Bonnie's Bus, to increase breast cancer screening rates. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ There are no requirements or recommendations as the MCO achieved 100% compliance on this standard.
Fraud and Abuse	<p>Strengths</p> <ul style="list-style-type: none"> ➤ CoventryCares's Program Integrity Plan specifically focuses on Medicaid. ➤ The Medicaid Program Manager attends both the quarterly internal CoventryCares and monthly Corporate Compliance Meetings. This provides a link between the local MCO and the Corporate entity. ➤ Committee meeting minutes for 2014 document appropriate activities at both the local and corporate levels. ➤ Appropriate compliance officers/personnel and systems are in place to detect, report, monitor, and eliminate fraud and abuse. ➤ Coventry Health Care, CoventryCares parent company, uses the STARS Sentinel software package to detect fraud, waste, and abuse both prospectively and retrospectively. ➤ Coventry Health Care (Corporate) provides a comprehensive employee training program on compliance and ethics. Employee attendance and completion of mandatory training is recorded and tracked to ensure employee compliance with training requirements. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ The MCO achieved a 100% compliance rate; there are no recommendations.

Performance Improvement Projects

CoventryCares: MY 2014 PIP Strengths and Recommendations	
Adolescent Well-Care Visits	<p>Strength</p> <ul style="list-style-type: none"> ➤ The indicator rate has improved over all three remeasurement periods. The baseline rate (MY 2011) was 42.13% and the third and final remeasurement rate was 50.47% for MY 2014.
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ Continue effective interventions. Close this PIP as it has achieved sustained improvement.
Emergency Department Collaborative	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Clearly defined study question. ➤ Clearly defined study population and indicators. ➤ Clearly defined study design and data analysis plan. ➤ Targeted member and provider interventions including an Asthma Condition Management Member Incentive Program, ED usage reviews by Case management, Provider Report Cards, and Pharmacy Profile Reviews.
	<p>Recommendations</p> <ul style="list-style-type: none"> ➤ The MCO should add one-to-one provider education or add face-to-face contact with providers in its interventions. This was recommended in 2013, but was not addressed by the MCO. ➤ The MCO sends providers lists of non-compliant members (Gaps in Care Lists) in hopes that they provide follow-up to get members into care. The MCO should put a mechanism in place to monitor or require follow-up as part of the intervention. This was recommended in 2013, but was not addressed by the MCO. ➤ MCO must participate with the PIP Collaborative Team to determine the collaborative indicator goal as there are no benchmarks for the Pediatric Asthma ED Visit measure. After the MCOs have their Pediatric Asthma ED indicator rate for 2013, the group will meet to review the results and determine if a Collaborative goal can be selected (if the indicator rate is similar for all 3 MCOs) or if the MCOs should select an MCO specific goal.
Diabetes Collaborative	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Comprehensive project rationale. ➤ Both performance measures are HEDIS indicators.
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCO should investigate an intervention that includes one-to-one provider education or add face-to-face contact with providers as part of an existing intervention. Additionally, the MCO sends providers lists of non-compliant members (Gaps in Care Lists) in hopes that the providers provide follow-up with identified members. It is recommended that the MCO put a mechanism in place to monitor or require follow-up as part of the intervention.

Performance Measure Validation

CoventryCares: MY 2014 PMV Strengths, Requirements and Recommendations

Strengths

- The MCO has a robust and detailed system to capture supplemental data from different programs.
- CoventryCares fully utilized their HEDIS certified software for reporting all PMV measures (HEDIS and non-HEDIS).
- The MCO provided comprehensive pre-site visit documentation.
- The MCO is compliant and ready for ICD-10 implementation.
- The MCO was able to report all pharmacy-related measures to NCQA for HEDIS 2015 (MY 2014).
- The MCO successfully met BMS reporting deadlines for all required performance measures including HEDIS, CAHPS, PMV, and Adult and Child Core Sets.

Requirements

- CoventryCares should be ready to follow new HEDIS guidelines for reporting numerator events attributed to supplemental data. Supplemental data used to report Withhold Measures may be subject to additional review activities such as primary source validation during the next PMV.
- The MCO should be fully prepared to report behavioral health measures in the next reporting period.

Recommendation

- Continue to work with BMS to implement the MOU with Vital Statistics, and identify a process to access data. Once Vital Statistics data becomes available, the MCO should be prepared to report the Adult and Child Core measures that rely on that data.

The Health Plan Strengths, Requirements, and Recommendations

Systems Performance Review

The Health Plan: 2014 SPR Strengths, Requirements, and Recommendations	
<p>Enrollee Rights</p>	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Member materials are at or below the required 6th reading level as assessed using the Flesch-Kincaid metric. ➤ The MCO has a strong outreach program. ➤ Member materials, including the Member Handbook, provide enrollees with information on how to access benefits and services. ➤ Enrollee Rights and Responsibilities are comprehensive and provided in an easily understood format. ➤ The Member Handbook, a Provider Directory search, and other important enrollee materials and tools are available on The Health Plan’s website for members to access 24/7. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ There are no requirements or recommendations. The MCO achieved full compliance for this standard.
<p>Grievance Systems</p>	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Complaint, grievance and appeals procedures are well established and interviews with staff confirm they are followed. ➤ The Practitioner Procedural Manual provides information for providers to file grievances and appeals. ➤ The Member Handbook provides an overview of procedures enrollees should use to file grievances, appeals, and to access a State Fair Hearing. ➤ Complaints, grievances, and appeals are monitored for timeliness of completion. ➤ All 2014 grievance and appeal case files reviewed on-site were completed in a timely manner. ➤ Thorough documentation is maintained in appeal files in the MCO’s electronic proprietary HEART system to support all decisions. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ Requirement: Any provider type is able to file an appeal on behalf of a member. In order to maintain a finding of Met in the next annual review, The Health Plan must change “doctor” to “practitioner” in its grievance and appeals description in all relevant policies, procedures, and the Member Handbook.
<p>Quality Assessment and Performance Improvement</p>	<p>Strengths</p> <ul style="list-style-type: none"> ➤ The Quality Management (QM) and Utilization Management (UM) program documents are comprehensive and describe the major activities, goals, and objectives. ➤ Disease and case management programs are in place. An electronic review of cases on-site demonstrated appropriate interventions and outreach efforts are in place. ➤ The Health Plan successfully manages, tracks, and monitors its EPSDT-eligible enrollees via HEART, a proprietary electronic program. ➤ The MCO Performance Improvement Project (PIP) topics and indicators are relevant and appropriate. ➤ A new PIP was implemented in 2014 and focuses on children establishing a relationship with the PCP to improve the well-child visit rate. ➤ The MCO completed its first year of measurement and analysis for the two collaborative PIPs, Pediatric Emergency Department Use and Diabetes.

The Health Plan: 2014 SPR Strengths, Requirements, and Recommendations	
	<ul style="list-style-type: none"> ➤ Lines of authority and communication among the QM and UM committees are well documented. Meeting minutes document the information flow among these committees and up to the Executive Management Team (EMT). ➤ There is documentation in QM and UM committee meeting minutes to demonstrate EMT involvement (feedback and recommendations etc.) in the various QM and UM activities. ➤ Medical Director involvement is evident in all quality-related activities and documented in meeting minutes. ➤ Provider participation is apparent throughout quality programs and initiatives as documented in committee meeting minutes. ➤ All credentialing and recredentialing records sampled for the review period were completed timely. ➤ The MCO appropriately reviews and updates clinical practice guidelines (CPGs) at least every two years, and more frequently if warranted. ➤ The Health Plan has a comprehensive health education plan and targets its members and community needs. <p>Recommendations and Requirements</p> <p>Recommendation: Credentialing - The Health Plan requires each delegate to submit quarterly reports. In addition, the MCO conducts an annual review of each delegate. All reviews were up to date and complete for 2014. One delegated entity, Preferred Care of the Virginia's (PCV) had staff turn-over and did not notify The Health Plan timely. This impacted the MCOs ability to schedule the annual audit for 2015 in a timely manner despite numerous attempts to contact PCV. Delmarva recommends that The Health Plan continue to document all efforts to contact PCV and schedule the annual audit and to receive all required reports for the 2015 review period.</p> <p>Requirement: Member Satisfaction - The MCO conducted the Child and Adult CAHPS surveys as required in the BMS/MCO contract. The Provider Focus newsletter provided a brief summary of the areas identified for improvement and a phone number that providers can call to receive more details. In order to maintain a review requirement of "Met" for the next review, the MCO must provide more detailed information in the Provider Focus newsletter about the CAHPS findings, such as composite and ratings scores.</p> <p>Requirement: Access and Availability - The Emergency Care Access and the After-Hours Access Standards did not meet the 90% minimum threshold. In order to achieve full compliance in the next review, the MCO must achieve a minimum of 90% compliance.</p>
<p>Fraud and Abuse</p>	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Use of the STARSSentinel software has improved the MCOs ability to identify potential areas of fraud and abuse. It is being utilized to systematically identify potential fraud and abuse for further investigation. ➤ Required staff education on compliance, fraud, waste, and abuse was conducted in 2014. ➤ Staff educational materials include all required information. ➤ The Compliance and Fraud and Abuse program documents were reviewed and updated in 2014 to include all required components. ➤ Specific steps have been identified and are used to investigate potential fraud and abuse offenses, as well as follow-up steps when an offense has been confirmed. ➤ The Compliance Committee is now meeting regularly. Meeting minutes document its activities. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ There are no requirements or recommendations. The MCO achieved full compliance for this standard.

Performance Improvement Projects

The Health Plan: MY 2014 PIP Strengths and Recommendations	
Member Establishment with PCP of Record	<p>Strengths</p> <ul style="list-style-type: none"> ➤ The PIP uses HEDIS indicators ➤ The Wellness and Health Promotion Call Center is a component of one of the interventions. This is a well-established mechanism to identify members in need of service and identify members' source of primary care.
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ Continue with full implementation of this PIP.
Emergency Department Collaborative	<p>Strengths</p> <ul style="list-style-type: none"> ➤ The MCO's proprietary HEART system allows for the identification of high utilizers of the ED, including those for respiratory conditions. Reports are generated for purposes of one-to-one outreach. ➤ Interventions include one-to-one telephone contact with caregivers and high utilizers of the ER. ➤ Notable improvement achieved for both indicators when comparing baseline to final remeasurement.
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ Continue with targeted member and provider specific interventions.
Diabetes Collaborative	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Comprehensive project rationale. ➤ The performance measures are HEDIS measures.
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCO sends letters to providers containing members with missing services, hoping that providers will follow-up with non-compliant members. The MCO should consider implementing a mechanism to ensure providers do some sort of follow-up. This recommendation was made in 2014 and should be addressed by the MCO.

Performance Measure Validation

The Health Plan: MY 2014 PMV Strengths, Requirements and Recommendations
<p>Strengths</p> <ul style="list-style-type: none"> ➤ The Health Plan has a very experienced team of programmers and quality analysts that work well with each other. ➤ The MCO provided comprehensive pre-site visit documentation. ➤ The MCO is ready for ICD-10 implementation. ➤ The MCO was able to report all pharmacy-related measures to NCQA for HEDIS 2015 (MY 2014). ➤ The MCO successfully met BMS reporting deadlines for all required performance measures including HEDIS, CAHPS, PMV, and Adult and Child Core Sets.
<p>Requirements</p> <ul style="list-style-type: none"> ➤ The Health Plan should plan to follow new HEDIS guidelines for reporting numerator events attributed to supplemental data. Supplemental data used to report Withhold Measures may be subject to additional review activities such as primary source validation during the next PMV. ➤ The MCO should be fully prepared to report behavioral health measures in the next reporting period.
<p>Recommendation</p> <ul style="list-style-type: none"> ➤ Continue to work with BMS to implement the MOU with Vital Statistics, and identify a process to access data. Once Vital Statistics data becomes available, the MCO should be prepared to report the Adult and Child Core measures that rely on that data.

UniCare Strengths, Requirements, and Recommendations

Systems Performance Review

UniCare: 2014 SPR Strengths, Requirements and Recommendations	
<p>Enrollee Rights</p>	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Member materials are comprehensive and provide enrollees with information on their benefits and how to access them. ➤ Enrollee Rights and Responsibilities are comprehensive and provided in an easily understood format. ➤ The Member Handbook is available on UniCare’s website for members to access 24/7. ➤ The Provider Directory is available on UniCare’s website for members to access 24/7. ➤ The MCO provides oral interpretation for any language to enrollees free-of-charge as required. ➤ Member materials are assessed to ensure a reading level of 6th grade or below using the Flesch-Kincaid metric. ➤ All required enrollee rights and responsibilities are provided in the Member Handbook. ➤ The Member Handbook provides all of the required information to ensure enrollees have access to information on how to access services to which they are entitled. ➤ The Member Handbook details how members can file grievances, appeals, and access the State Fair Hearing process.
	<p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ There are no recommendations or requirements for 2014 as the MCO achieved full compliance for this standard.
<p>Grievance Systems</p>	<p>Strengths</p> <ul style="list-style-type: none"> ➤ UniCare has well-developed grievance policies and procedures that meet all requirements. ➤ Appeals and grievance files contain all the required components. ➤ The Notices of Action (NOA) letters are comprehensive and include all of the required elements. ➤ NOAs inform enrollees how to file an appeal, outline the appeal process, and explain enrollee rights during the appeal process. ➤ Appeals are resolved in an expeditious manner. All case files reviewed were resolved within the 30 day timeframe requirement.
	<p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ In general, the notice of action letters (NOAs) include the required components. However, the notices state “doctor,” but should state “practitioner” since all providers are not doctors. In addition, the document “Your Rights Under Mountain Health Trust” should include these same changes. These documents, and any similar documents in use by UniCare must be revised to maintain a finding of “met” in the next annual review.
<p>Quality Assessment and Performance Improvement</p>	<p>Strengths</p> <ul style="list-style-type: none"> ➤ The MCO achieved a Commendable Accreditation Status from NCQA which is effective through August 2015. ➤ The MCO appropriately coordinates services for enrollees with special health care needs. ➤ UniCare consistently applies review criteria for authorization decisions. ➤ A credentialing and recredentialing file review demonstrates that UniCare meets timeliness requirements. No deficiencies were noted in the files that were audited on-site. ➤ The delegated credentialing policies and procedures are comprehensive. All delegated entities received an annual audit and no CAPs were required as a result of the 2014 audits. ➤ Clinical practice guidelines are in place and appropriately used to make authorization decisions.

UniCare: 2014 SPR Strengths, Requirements and Recommendations	
	<ul style="list-style-type: none"> ➤ UniCare maintains a quality and health information system that collects, analyzes, integrates, and reports data. All required HEDIS® measures were reported to NCQA and BMS. ➤ UniCare has a comprehensive Health Education Plan and appropriately reaches out to members in an effort to engage them in health education related programs. ➤ The MCO participates in the mandatory Diabetes and Pediatric Asthma Emergency Department Collaborative PIPs. ➤ Collaboration between quality-related committees and sub-committees is clear and documented in meeting minutes/reports. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ Requirement: Access and Availability - UniCare must achieve at least a 90% compliance rating for each type of appointment to ensure that members have timely access to care and services. The MCO's provider access survey found that providers were not meeting the 90% threshold for Urgent Care (88%), After Hours 24/7 Access to Primary Care Providers (69%), Prenatal Appointment Within 14 Days (84%), and Routine Appointment (84%). ➤ Requirement: Credentialing and Recredentialing - Not all providers were brought up to date in 2014 for the on-site recredentialing visits identified as missing in the 2013 review. The MCO must provide documentation that the seven outstanding providers are up to date with a recredentialing on-site visit. ➤ Requirement: Member Satisfaction - UniCare must share its CAHPS survey findings to its providers. This can be done through provider newsletters, fax blasts, etc. ➤ Requirement: Utilization Management - As in the Grievance System Requirements section, in general, the notice of action letters (NOAs) include the required components. However, some UM policies and procedures use the term "doctor," but should state "provider" since all providers are not doctors. These documents, and any similar documents in use by UniCare <i>must</i> be revised to maintain a finding of "met" in the next annual review.
Fraud and Abuse	<p>Strengths</p> <ul style="list-style-type: none"> ➤ UniCare has a comprehensive set of policies and procedures that address fraud, waste and abuse. ➤ The Standards for Ethical Business Conduct provides employees with the company's expectations for ethical behavior as well as their responsibilities for reporting suspected fraud, waste and abuse. ➤ Appropriate compliance officers/personnel and systems are in place to detect, report, monitor, and eliminate fraud and abuse. ➤ UniCare provides a comprehensive employee training program on compliance/ethics. In this training, employees are educated on how to identify and report any suspicious activity. ➤ Documentation of successful completion of mandatory training is maintained for each employee. ➤ UniCare uses its experience both locally (WV) and nationally to detect fraud, waste and abuse. Any "schemes" identified in one region of the country are investigated in all their markets. <p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ There are no recommendations or requirements for 2014 as the MCO achieved full compliance for this standard.

Performance Improvement Projects

UniCare: MY 2014 PIP Strengths, Requirements, and Recommendations	
Childhood Immunization Status Combination 3	<p>Strengths</p> <ul style="list-style-type: none"> ➤ The performance measure is a HEDIS measure. ➤ Although not significant, the 1.9 percentage point increase from HEDIS 2013 to HEDIS 2014 appears to be the result of the combination of the interventions that are in place. ➤ Interventions address many of the barriers identified, target and provide one-to-one contact with providers and enrollees. ➤ Interventions are multifaceted using outreach phone calls, mailings, and provider gaps in care reports. Although the indicator did not improve significantly, it could be that interventions implemented in the 4th quarter (4th Quarter Push, data transfer from the WVSIS) need additional time to impact the indicator. ➤ It was recommended in 2013 that UniCare should implement a mechanism to ensure that providers follow-up with non-compliant members. In 2014, the MCO delivered 437 Gaps in Care Reports to providers and opportunities for improvement were discussed. UniCare hired a Practice Consultant to assist with more frequent distribution of these reports and to provide individual support to practices for quality improvement. <p>Recommendation</p> <ul style="list-style-type: none"> ➤ Continue PIP.
Emergency Department Collaborative	<p>Strengths</p> <ul style="list-style-type: none"> ➤ Interventions directly target the members identified as asthmatic as well as providers who treat asthmatic patients. ➤ Interventions target identified barriers and provide on-to-one contact to members and providers. ➤ Interventions are multi-faceted using outreach, case management, disease management, provider profiling and reporting. ➤ UniCare chose two additional indicators in addition to the mandatory indicator. ➤ MCO must participate with the PIP Collaborative Team to determine the collaborative indicator goal as there are no benchmarks for the Pediatric Asthma ED Visit measure. After the MCOs have their Pediatric Asthma ED indicator rate for 2013, the group will meet to review the results and determine if a Collaborative goal can be selected (if the indicator rate is similar for all 3 MCOs) or if the MCOs should select an MCO specific goal.
Diabetes Collaborative	<p>Strengths</p> <ul style="list-style-type: none"> ➤ The performance measures are HEDIS indicators. ➤ In addition to the mandatory indicator (<i>HbA1c Control <8%</i>), UniCare chose two additional indicators, <i>HbA1c Testing</i> and <i>Retinal Eye Exam</i>. <p>Recommendations</p> <ul style="list-style-type: none"> ➤ UniCare should include study questions for the additional two indicators it has selected for this project (<i>HbA1c Testing</i> and <i>Eye (Retinal) Exam Performed</i>). ➤ Continue the member incentive and disease management services to try and increase member participation in intervention programs.

Performance Measure Validation

UniCare: MY 2014 PMV Strengths, Requirements and Recommendations
<p>Strengths</p> <ul style="list-style-type: none"> ➤ UniCare utilized their NCQA-certified software for reporting HEDIS and Core measures. ➤ The MCO provided comprehensive pre-site visit documentation. ➤ UniCare's reporting staff is very experienced with calculating and reporting HEDIS and other performance measures. ➤ The MCO is ready for ICD-10 implementation.

UniCare: MY 2014 PMV Strengths, Requirements and Recommendations	
	<ul style="list-style-type: none"> ➤ The MCO was able to report all pharmacy-related measures to NCQA for HEDIS 2015 (MY 2014). ➤ The MCO successfully met BMS reporting deadlines for all required performance measures including HEDIS, CAHPS, PMV, and Adult and Child Core Sets.
	<p>Requirements</p> <ul style="list-style-type: none"> ➤ UniCare should plan to follow new HEDIS guidelines for reporting numerator events attributed to supplemental data. Supplemental data used to report Withhold Measures may be subject to additional review activities such as primary source validation during the next PMV. ➤ The MCO should be fully prepared to report behavioral health measures in the next reporting period.
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ Continue to work with BMS to implement the MOU with Vital Statistics, and identify a process to access data. Once Vital Statistics data becomes available, the MCO should be prepared to report the Adult and Child Core measures that rely on that data.

MHT Program Strengths, Requirements, and Recommendations

MHT Program: 2014 Strengths, Requirements and Recommendations	
	<p>Strengths</p> <ul style="list-style-type: none"> ➤ The MCOs have performed well for all standards from achieving above the 90% threshold established by BMS for all four standards (ER, GS, QA, and FA). ➤ BMS mandated that the MCOs become NCQA accredited by January 14, 2014. All MCOs are on track to complete the survey process. ➤ Beginning MY 2012, all MCOs had CAHPS data available since BMS has mandated MCOs to use the most recent version of the CAHPS survey. This allows comparison of member satisfaction results among all three MCOs and program-wide against national benchmarks.
Systems Performance Review	<p>Recommendations</p> <ul style="list-style-type: none"> ➤ <i>The MCOs must focus efforts on consistently meeting the 24/7 access standard.</i> In the last three measurement years, CoventryCares met the threshold two years, The Health Plan met the standard in one year, and UniCare did not meet the standard in any of the three years. BMS should consider an MHT-wide approach to addressing this issue, such as a statewide provider educational initiative. ➤ <i>Continue to require the MCOs to achieve a 100% for each of the four standards (ER, GS, QA, FA).</i> This is the first full review where BMS required the MCOs to achieve 100% compliance for each standard. The MCOs were required to submit an internal improvement plan for each standard, element, and/or component that was not fully met. The value of improvement plans will only be able to be assessed at the time of the next annual audit. It is expected that SPR results will improve based on the MCOs targeting areas for improvement.

MHT Program: 2014 Strengths, Requirements and Recommendations	
Performance Improvement Projects	<p>Strengths</p> <ul style="list-style-type: none"> ➤ All three MCOs successfully implemented two collaborative PIPs: Diabetes and Emergency Department. ➤ The MCOs worked together to develop collaborative interventions for the two collaborative PIPs. ➤ A collaboratively written letter was developed and will be sent to providers state-wide advising them that the MCO's have chosen to focus on reducing emergency department usage for members with asthma. ➤ A second collaboratively written letter will be sent to providers state-wide advising them that the MCO's have chosen to focus on proper care and testing for diabetic members. Both letters provide information for providers to get resources and help for these specific populations. ➤ The MCO have other interventions including face-to-face contact with providers, incentive programs, outreach calls, and preparing and distributing Gaps in Care Reports and Provider Profiles. <p>Recommendation</p> <ul style="list-style-type: none"> ➤ The PIP Collaborative Team must meet to determine the collaborative indicator goal for the Emergency Department Collaborative.
Performance Measure Validation	<p>Strengths</p> <ul style="list-style-type: none"> ➤ All three MCOs have experienced staff, established data systems, and well-defined processes to calculate and report HEDIS performance measures. ➤ The MCOs successfully reported all HEDIS measures that required pharmacy data for HEDIS 2015 (MY 2014). ➤ All the MCOs were timely in submitting performance measures to BMS for HEDIS, CAHPS, PMV, and Adult and Child Core Sets. <p>Requirements</p> <ul style="list-style-type: none"> ➤ The MCOs should adhere to the new HEDIS guidelines for reporting numerator events attributed to supplemental data. Supplemental data used to report Withhold Measures may be subject to additional review activities such as primary source validation during the next PMV. ➤ The MCOs should be fully prepared to report behavioral health measures in the next reporting period. <p>Recommendation</p> <ul style="list-style-type: none"> ➤ Data Quality - MCOs are encouraged to continue to work with BMS for the implementation of the MOU with Vital Statistics and identify a process to access data. Once Vital Statistics data becomes available, each MCO should be prepared to report the Adult and Child Core measures that rely on that data.

Table A1-3. UniCare Performance Improvement Project (PIP) Results.

PIP Results - Childhood Immunization Status Combination 3			
Indicator 1: The percentage of children 2 years of age who had 4 diphtheria, tetanus, and acellular pertussis (DTaP); 3 polio (IPV); 1 measles, mumps, and rubella (MMR); 3 H influenza type B (HiB); 3 hepatitis B (Hep B); 1 chicken pox (VZV); and 4 pneumococcal conjugate (PCV) vaccines by their second birthday.			
Time Period	Measurement	Goal	Rate or Result
MY 2012	Baseline	70.64%	62.04%
MY 2013	Remeasurement 1	72.08%	63.43%
MY 2014	Remeasurement 2	70.85%	67.13%
PIP Results - Emergency Department Collaborative			
Indicator 1: Percentage of children ages 2 to 20 diagnosed with asthma during the measurement year with one or more asthma-related emergency room (ER) visits.			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined with the PIP Collaborative Team	8.29%
MY 2014	Remeasurement 1	7.89%	8.38%
Indicator 2: (ASM) The percentage of members 5 to 64 years of age during the measurement year who were identified as having persistent asthma and who were appropriately prescribed medication during the measurement year.			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined upon release of NCQA's Quality Compass	76.61%
MY 2014	Remeasurement 1	65.48%	90.85%
Indicator 3: (MMA) The percentage of members 5 to 64 years of age during the measurement year who were identified as having persistent asthma and were dispensed appropriate medications that they remained on during at least 75% of the treatment period.			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To be determined upon release of NCQA's Quality Compass	42.39%
MY 2014	Remeasurement 1	31.11%	38.53%

PIP Results - Diabetes Collaborative			
Indicator 1: Comprehensive Diabetes Care - HbA1c Control (<8%)			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	28.73%
MY 2014	Remeasurement 1	45.52%	38.19%
Indicator 2: Comprehensive Diabetes Care - HbA1c Testing			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	80.18%
MY 2014	Remeasurement 1	83.81%	81.71%
Indicator 3: Comprehensive Diabetes Care - Eye (Retinal) Exam Performed			
Time Period	Measurement	Goal	Rate or Results
MY 2013	Baseline	To meet or exceed the HEDIS 2014 (MY 2013) National Medicaid Average by HEDIS 2016 (MY 2015)	25.84%
MY 2014	Remeasurement 1	53.53%	25.93%

Appendix 2 – PMV Results

For 2015 PMV (MY 2014), the MCOs were required to report twelve HEDIS and non-HEDIS measures. All MCO rates received an audit designation of **Reportable**. Table A2-1 provides the MCO rate, the MHT weighted average or simple average, and a comparison to national benchmarks. The star ratings pertain to the first five HEDIS measures.

Star Ratings for HEDIS Measures.

National Medicaid Percentile Ranges	Star Rating
Exceeds the 90 th Percentile	★★★★★
Exceeds the 75 th Percentile to 90 th Percentile	★★★★
Exceeds the 50 th Percentile to the 75 th Percentile	★★★
Exceeds the 25 th Percentile to the 50 th Percentile	★★
25 th Percentile or less	★

PQI 08: Heart Failure Admission Rate (Observed rate per 100,000 member months, lower score is better)	0.0	2.03	0.4	0.8**	^
PQI 15: Asthma in Younger Adults Admission Rate (Observed rate per 100,000 member months, lower score is better)	7.3	5.9	8.5	7.2**	^

*Star ratings are based on the HEDIS 2015 (MY 2014) Quality Compass. One star represents a rate equal to or less than the 25th Percentile. Five stars represent the highest rating, a rate that is greater than the 90th Percentile.

**Indicates the MHT-WA is a simple average for the measure.

+ Medicaid average is from the HHS Report FFY 2014.

^ No national benchmark available.

Appendix 3 – HEDIS Measures Collected and Reported to NCQA

These tables provide information for all measures collected and reported for HEDIS 2013 (MY 2012) through HEDIS 2015 (MY 2014) by HEDIS domains. Individual MCO rates for three years, the MHT Weighted Average (MHT-WA) for three years, and a comparison of MHT-WA (MY 2014) to the most current National Medicaid Percentiles (NMP) are provide for each measure.

Star Ratings for HEDIS Measures.

National Medicaid Percentile Ranges	Star Rating
Exceeds the 90 th Percentile	★★★★★
Exceeds the 75 th Percentile to 90 th Percentile	★★★★
Exceeds the 50 th Percentile to the 75 th Percentile	★★★
Exceeds the 25 th Percentile to the 50 th Percentile	★★
25 th Percentile or less	★

Appendix 4 – CAHPS Survey Measure Results

The MHT MCOs conducted the 2015 Consumer Assessment of the Health Providers and Systems (CAHPS) survey to meet NCQA accreditation standards and their contractual requirements with BMS. Different summary measures are used to report survey results including averages, composites and ratings. Individual MCO rates for three years (MY 2012-2014), the MHT Average (MA) for three years, and a comparison of MA (MY 2014) to the most current National Medicaid Percentiles (NMP) for CAHPS 2015 (MY 2014) are provide for each measure in Table A4-1.

Star Ratings for Adult and Child CAHPS Measures.

National Medicaid Percentile Ranges	Star Rating
Exceeds the 90 th Percentile	★★★★★
Exceeds the 75 th Percentile to 90 th Percentile	★★★★
Exceeds the 50 th Percentile to the 75 th Percentile	★★★
Exceeds the 25 th Percentile to the 50 th Percentile	★★
25 th Percentile or less	★

* CAHPS percentiles are from NCQA Quality Compass 2015 (MY 2014)

^ Indicates that denominator was too small to report a rate or that a comparative benchmark is not available

+ Measure specifications changed significantly between MY 2012 and MY 2014 for Share Decision Making Composite in both the Adult and Child Surveys.

Appendix 5 - Status of Recommendations from Measurement Year 2013 Review

Delmarva provided recommendations to all three MCOs based on the results of the 2013 SPR, PIP, and PMV activities with the expectation that they would be addressed. The tables below provide the recommendations made and the actions, if any, that have been undertaken by each of the MCOs in 2014 to address these recommendations. Summaries are presented below by MCO and activity.

CoventryCares

CoventryCares: 2013 SPR Recommendations and 2014 Current Status	
Enrollee Rights	<p>Requirements</p> <ul style="list-style-type: none"> ➤ The Emergency Services section of the Member Handbook must clearly state that emergency services do not require preauthorization. This is stated in the “Your Rights and Responsibilities” section of the Member Handbook but should be included in the Emergency Services section for easy access by members. ➤ CoventryCares must provide evidence of informing members that they may request a copy of the MCO’s Annual Report which is available at the local DHHR offices. This can be included in the Bear Facts Newsletter or posted on the MCO’s Website.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO revised its Member Handbook which now addresses the fact that members do not need preauthorization for emergency services. ➤ The MCO notified members that the CoventryCares Annual Report can be obtained by contacting the MCO. This information was included in the member newsletter.
Grievance Systems	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ Delmarva provided suggestions for the MCO to simplify its Medicaid Appeal policy in 2013. Delmarva recommended that the MCO state the similar pieces of each process once in the policy, rather than repeating it for each appeal type. Some examples are that no punitive actions can be taken against a provider who requests an expedited appeal or supports an enrollee’s appeal, the MCO or enrollee can request an extension up to 14 days for all appeals types, and the MCO must pay for services continued during an appeal or State Fair Hearing if the ruling is in favor of the enrollee.
	<p>Status</p> <ul style="list-style-type: none"> ➤ CoventryCares took Delmarva’s recommendations and simplified its Medicaid Appeal policy. The MCO combined all of its appeal-related policies into one policy, the Medicaid Appeal Policy. This policy addresses all of the requirements.
Quality Assessment and Performance Improvement	<p>Requirements</p> <ul style="list-style-type: none"> ➤ Coordination of Care – CoventryCares retired its Case Management (CM) policies. The MCO has a Complex Case Management Program Description and uses an electronic system, NavCare, for recording its CM activities. However, the MCO retired its CM policies. CoventryCares must reinstate its CM policies and procedures or develop new ones to address the CM requirements. ➤ Coordination of Care – The CM policies the MCO adopts must describe the procedures for the program to ensure the coordination and management of care.

CoventryCares: 2013 SPR Recommendations and 2014 Current Status	
	<ul style="list-style-type: none"> ➤ Coordination of Care – The policies must describe the process to identify and refer individuals for CM services, must require treatment plans to specify an adequate number of direct access visits to specialists, and must include procedures to ensure the CM record is complete and includes the required components. ➤ Coordination of Care – CoventryCares must develop and implement a policy and procedure which ensures the completeness of the case management record to include the results of referrals, consultations, inpatient records, and outpatient records. ➤ Utilization Management – The Utilization Management Decision-Making & Time Frame Standards Policy (UM-014) was in place for part of 2014, but was replaced by the Timeliness of Utilization Management Decisions Policy later in the year. Delmarva reviewed the new policy and provided written feedback to CoventryCares to improve the policy and to ensure that it meets all of the requirements for the next annual review. The MCO must ensure that the policy in place: (1) allows enrollees and providers to request up to a 14 day extension for authorization decisions,(2) requires the MCO to demonstrate to BMS that an extension is in the enrollees best interest for MCO initiated extensions, (3) allows the enrollee to file a grievance if he/she does not agree with the MCO initiated extension, (4) allows an extension for all types of authorization decisions and not just non-urgent pre-service and post-service decisions.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO developed and implemented a new set of policies and procedures in 2014 that address all of the outstanding case management issues. ➤ The MCO accepted all of Delmarva’s recommendations on policy UM-14. The new policy now meets all requirements.
Fraud and Abuse	<p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ There were no requirements or recommendations as the MCO achieved 100% compliance on this standard in 2013.
	<p>Status</p> <ul style="list-style-type: none"> ➤ N/A

CoventryCares: 2013 PIP Recommendations and 2014 Status	
Adolescent Well-Care Visits	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ Continue PIP at least one more year to see if significant improvement can be achieved.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO achieved sustained improvement. This project is closed.
Emergency Department Collaborative	<p>Recommendations</p> <ul style="list-style-type: none"> ➤ The MCO should add one-to-one provider education or add face-to-face contact with providers in its interventions. The MCO sends providers lists of non-compliant members (Gaps in Care Lists) in hopes that they provide follow-up to get members into care. The MCO should put a mechanism in place to monitor or require follow-up as part of the intervention. ➤ MCO must participate with the PIP Collaborative Team to determine the collaborative indicator goal as there are no benchmarks for the Pediatric Asthma ED Visit measure. After the MCOs have their Pediatric Asthma ED indicator rate for 2013, the group will meet to review the results and determine if a Collaborative goal can be selected (if the indicator rate is similar for all 3 MCOs) or if the MCOs should select an MCO specific goal.

CoventryCares: 2013 PIP Recommendations and 2014 Status	
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO did not revise or add any new interventions in 2014. This recommendation was not addressed. ➤ The Collaborative met and discussed the baseline measurement of all MCOs. Because of the variation of the baseline rate, each MCO selected its own specific goal.
Diabetes Collaborative	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCO should investigate an intervention that includes one-to-one provider education or add face-to-face contact with providers as part of an existing intervention. Additionally, the MCO sends providers lists of non-compliant members (Gaps in Care Lists) in hopes that the providers provide follow-up with identified members. It is recommended that the MCO put a mechanism in place to monitor or require follow-up as part of the intervention.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO did not revise or add any new interventions in 2014. This recommendation was not addressed.

CoventryCares: 2013 PMV Recommendations and 2014 Status	
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCOs must be prepared to fully report HEDIS measures that require pharmacy data to NCQA for HEDIS 2015 (MY 2014). <p>Status</p> <ul style="list-style-type: none"> ➤ The MCO successfully reported all HEDIS measures to NCQA using its own pharmacy data.
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCOs must be prepared to report non-HEDIS performance measures to BMS from the CMS Child and Adult Quality Core Measure Sets for MY 2014. <p>Status</p> <ul style="list-style-type: none"> ➤ The MCO successfully reported all Child and Adult Quality Core Set Measures to BMS for MY 2014.

The Health Plan

The Health Plan: 2013 SPR Recommendations and 2014 Status	
Enrollee Rights	<p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ Requirement: The Member Handbook states that benefits <i>will</i> continue if the enrollee files an appeal or requests an appeal or State Fair Hearing. However, it is not clear that the enrollee <i>must request</i> that benefits be continued. In order to receive a finding of <i>Met</i> in the next annual review, The Member Handbook must clearly state that the enrollee <i>has the right to have benefits continue, but must request that they be continued</i> when an appeal is filed or a State Fair Hearing is requested. ➤ Requirement: The Appeals and Grievances section of the Member Handbook notes that an appeal may be "started by the Member or their Doctor with Member's signed consent." It also states that "you, your representative or the legal representative of a deceased enrollee's estate, or your doctor (with your written consent) may file an appeal with The Health Plan's Customer Service Department by phone or in writing". Any provider type is able to file an appeal on behalf of a member. In order to receive a finding of <i>Met</i> in the next annual review, The Health Plan must change "doctor" to "provider" in its grievance and appeals description in the Member Handbook and in any other documents that refer to appeals and grievances.

The Health Plan: 2013 SPR Recommendations and 2014 Status	
	<ul style="list-style-type: none"> ➤ Recommendation: The Health Plan provides its annual report to the local health departments. The MCO should inform members that they may request this report so members have access to this information. (The Health Plan stated that they will inform members how to access this report in one of its 2014 Enrollee Newsletters.)
	<p>Status</p> <ul style="list-style-type: none"> ➤ The member Handbook states that benefits can continue during an appeal. Further, the enrollee should contact the MCO to get an explanation of how to continue benefits. This meets the requirement. ➤ The MCO still needs to update the Member Handbook and change “doctor” to “provider.” By the time the MCO received its Exit Letter in 2013, the MCO already had its 2014 Member Handbook in production. It is expected that this will be remedied in the 2015 Member Handbook. ➤ The MCO sent out information on how to access the Annual Report in the member Newsletter.
Grievance Systems	<p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ Requirement: Any provider type is able to file an appeal on behalf of a member. In order to maintain a finding of Met in the next annual review, The Health Plan must change “doctor” to “provider” in its grievance and appeals description in all relevant policies, procedures, and the Member Handbook. ➤ Recommendation: Delmarva worked with the Grievance and Appeals staff during the on-site review. Various recommendations were made to improve the flow of the written Appeals Process policy and procedure (Policy CS/MHT-3) that is targeted to be revised and reformatted in 2014. The MCO is reminded that all grievance systems policies and procedures must meet federal requirements, West Virginia Statutes 33-25A-12, and must be approved in writing by the Department (BMS/MCO Contract, Article III, Section 3.8 Grievances and Appeals).
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO updated its appeals policies and procedures in 2014. The MHT Appeals Workflow was updated and uses the term provider instead of doctor. However, the MCO did not check the remaining appeals policies, procedures and documents to make the change from “doctor” to “provider.” Some examples of documents that must be revised include the Notice of Action Policy and the Denial Template. ➤ The MCO submitted its updated appeals and grievances policy for review and approval.
Quality Assessment and Performance Improvement	<p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ Requirement: Access and Availability - The compliance rate for the 24/7 access standard was 85%. Internal corrective action plans are in place to improve this rate. The MCO must improve this rate to 90% to receive a review determination of Met in the next annual review. ➤ Requirement: Credentialing and Recredentialing - The MCO must provide the number of practitioners that were due for a recredentialing on-site review in 2012, the number that have been completed, and the number that remained outstanding at the time of the 2013 on-site review. For those that are not up-to-date, the MCO must provide the anticipated date of completion. In order to receive a finding of Met in the next annual review, The Health Plan must provide evidence that all recredentialing site reviews are up to date. ➤ Requirement: Coordination of Care - In order to receive a finding of Met in the next annual review, the MCO must revise the Case Monitoring Policy to include more explicit language that describes specific monitoring processes including the specific quality measures. ➤ Requirement: Utilization Management - The Health Plan must include in its Timeliness of Utilization Management and Behavioral Health Decisions policy the fact that the MCO

The Health Plan: 2013 SPR Recommendations and 2014 Status	
	<p>must justify to the state that the extension is in the enrollee’s best interest when the MCO extends the decision time frame.</p> <ul style="list-style-type: none"> ➤ Recommendation: Quality Assessment - The Quality Management Program Description contains all the required components. However, it is not in the most logical format. Each committee description should be reviewed and revised to contain the same information in the same order that the reader can easily follow. Specifically, each committee description should state the chairperson of the committee (by title, not by name), describe the membership (Medical Director, President/CEO, Vice President of Operations etc.), role, function, and the reporting structure.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The compliance rate for the 24/7 access improved one percentage point, but did not meet the 90% threshold. This component remains partially met. ➤ All outstanding recredentialing on-site reviews that were outstanding in 2013 were completed in 2014. ➤ The Case Monitoring Policy was revised and now addresses the requirements. ➤ The Timeliness of UM and Behavioral Health Decisions Policy was revised in 2014 and now includes the required language that the MCO must justify to the state that the extension is in the enrollee’s best interest when the MCO extends the decision time frame. ➤ The QM Program Description was updated and expanded. The composition and responsibilities of all committees is now addressed appropriately.
Fraud and Abuse	<p>Requirements and Recommendations</p> <ul style="list-style-type: none"> ➤ Recommendation: It is recommended that the MCO include the fact that if it refers cases of suspected fraud, waste, and abuse to an entity other than BMS regarding its Medicaid product, the MCO will notify BMS of the suspected fraud and abuse case. The Fraud, Waste, and Abuse Policy Statement implies this is done, but it should be explicitly stated.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The Fraud, Waste, and Abuse documents were revised to include this requirement in 2014.

The Health Plan: 2013 PIP Recommendations and 2014 Status	
Childhood Obesity	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ This PIP is closed. The MCO should continue the interventions it has determined to be effective. The MCO must develop and submit a project proposal to Delmarva and BMS for approval to replace this PIP.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO submitted a project proposal for a new PIP. The MCO was required to revise the PIP Proposal and resubmit. Delmarva approved the Member Establishment with PCP of Record PIP Proposal which aims to increase the Adolescent Well-Care Rate and the Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life rate. This project was implemented in 2015.
Emergency Department Collaborative	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ MCO must participate with the PIP Collaborative Team to determine the collaborative indicator goal as there are no benchmarks for the Pediatric Asthma ED Visit measure. After the MCOs have their Pediatric Asthma ED indicator rate for 2013, the group will meet to review the results and determine if a Collaborative goal can be selected (if the indicator rate is similar for all 3 MCOs) or if the MCOs should select an MCO specific goal.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The Collaborative met and discussed the baseline measurement of all MCOs. Because of the variation of the baseline rate, each MCO selected its own specific goal.
Diabetes Collaborative	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCO sends letters to providers containing members with missing services, hoping that providers will follow-up with non-compliant members. The MCO should consider implementing a mechanism to ensure providers do some sort of follow-up.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO did not revise or implement and additional interventions. The MCO did not address this recommendation.

The Health Plan: 2013 PMV Recommendations and 2014 Progress	
<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCOs must be prepared to fully report HEDIS measures that require pharmacy data to NCQA for HEDIS 2015 (MY 2014). 	
<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO successfully reported all HEDIS measures using its own pharmacy data to NCQA. 	
<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCOs must be prepared to report non-HEDIS performance measures to BMS from the CMS Child and Adult Quality Core Measure Sets for MY 2014. 	
<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO successfully reported all Child and Adult Quality Core Set Measures to BMS for MY 2014. 	

UniCare

UniCare: 2013 SPR Recommendations and 2014 Status	
Enrollee Rights	<p>Requirement</p> <ul style="list-style-type: none"> ➤ The MCO must provide evidence that it notifies enrollees of their right to receive the MCO's annual report and the process for requesting a copy of the report.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO included an insert in the Member handbook to meet this requirement in 2014. The plans are to have this information added into the Member Handbook for 2014. This element was fully met for 2014.
Grievance Systems	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The NOA letters use the term "doctor." The MCO was required to change "doctor" to "provider" in its NOAs.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The attachment to the NOA was not revised to make this change. This requirement remains outstanding.
Quality Assessment and Performance Improvement	<p>Recommendations</p> <ul style="list-style-type: none"> ➤ Access and Availability - UniCare must achieve at least a 90% compliance rating for each type of appointment to ensure that members have timely access to care and services. The MCO's provider access survey found that providers were not meeting the 90% threshold for Non-Urgent Sick Appointments, After Hours 24/7 Access to Primary Care Providers (PCPs), Prenatal Care, and Routine Appointments. The MCO must revise its CAP and continue to report its progress to Delmarva quarterly. ➤ Credentialing and Recredentialing - UniCare must revise its policies to not allow TJC accreditation to substitute for an on-site review during the credentialing and recredentialing process. The MCO must provide documentation of the actual on-site visits to be compliant with the BMS/MCO contract. (In response to the findings, UniCare identified 56 TJC accredited sites and has begun the process of completing the required site reviews.) ➤ UniCare's Site Visit Policy did not require an on-site visit for recredentialing. Additionally, all providers had not been brought up to date in 2014 for the on-site visits identified in 2012.
	<p>Status</p> <ul style="list-style-type: none"> ➤ Access and Availability - UniCare implemented a CAP to address the access standards, but did not meet the 90% threshold for Urgent Care, Routine Primary Care, Prenatal Care, and After-Hours 24/7 Access to PCP. The MCO must continue its CAP and report progress quarterly to Delmarva. ➤ Credentialing - UniCare's Site Visit policy was updated to require site visits for recredentialing. The MCO did not provide evidence on-site that the outstanding visits were up to date. The MCO must continue this CAP and continue to report progress quarterly to Delmarva.
Fraud and Abuse	<p>Requirement</p> <ul style="list-style-type: none"> ➤ UniCare did not implement a process to verify that services reimbursed were actually furnished. The MCO had a policy and procedure in place to address this, including mailing out a member survey to ensure that services reimbursed were actually provided. However, they did not implement the survey process.

UniCare: 2013 SPR Recommendations and 2014 Status	
	<p>Status</p> <ul style="list-style-type: none"> ➤ The CAP provided by UniCare stated that the survey process was implemented in July 2014. The MCO had the survey in place and had begun mailing out the surveys by the end of 2014. The MCO achieved a full compliance rating for the 2014 review.

UniCare: MY 2013 PIP Recommendations and 2014 Progress	
Childhood Immunization Status Combination 3	<p>Recommendations</p> <ul style="list-style-type: none"> ➤ The MCO delivers Gaps in Care Reports to providers with hopes that the providers will follow-up and help bring the members into compliance. UniCare should implement a mechanism to ensure that providers follow-up with non-compliant members. ➤ Continue interventions that were implemented in late 2013. This will likely result in improvement as the interventions may not have had enough time to impact the indicator for this reporting cycle.
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO did not revise or implement an additional interventions. The MCO did not address this recommendation. ➤ The MCO achieved an increase of 63.43% to 67.13% from MY 2013 to MY 2014.
Emergency Department Collaborative	<p>Recommendations</p> <ul style="list-style-type: none"> ➤ Continue interventions that were implemented in late MY 2013. This will likely result in improvement as the interventions may not have had enough time to impact the indicator for this reporting cycle. ➤ It was recommended in 2013 that UniCare should implement a mechanism to ensure that providers follow-up with non-compliant members.
	<p>Status</p> <ul style="list-style-type: none"> ➤ Interventions were continued into 2014. ➤ In 2014, the MCO delivered 437 Gaps in Care Reports to providers and opportunities for improvement were discussed. UniCare hired a Practice Consultant to assist with more frequent distribution of these reports and to provide individual support to practices for quality improvement.
Diabetes Collaborative	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ UniCare should include study questions for the additional two indicators it has selected for this project (HbA1c Testing and Eye (Retinal) Exam Performed).
	<p>Status</p> <ul style="list-style-type: none"> ➤ The MCO did not include additional study questions in its Annual PIP Report for the Diabetes Collaborative PIP.

UniCare: 2013 PMV Recommendations and 2014 Status	
	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The MCOs must be prepared to fully report HEDIS measures that require pharmacy data to NCQA for HEDIS 2015 (MY 2014). <p>Status</p> <ul style="list-style-type: none"> ➤ The MCO successfully reported all HEDIS measures to NCQA using its own pharmacy data to NCQA.

UniCare: 2013 PMV Recommendations and 2014 Status	
Recommendation	<ul style="list-style-type: none"> ➤ The MCOs must be prepared to report non-HEDIS performance measures to BMS from the CMS Child and Adult Quality Core Measure Sets for MY 2014.
Status	<ul style="list-style-type: none"> ➤ The MCO successfully reported all Child and Adult Quality Core Set Measures to BMS for MY 2014.

Mountain Health Trust

MHT Program: 2013 Recommendations and 2014 Status	
Systems Performance Review	<p>Recommendations</p> <ul style="list-style-type: none"> ➤ The MCOs must focus efforts on consistently meeting the 24/7 access standard. In the last three measurement years, CoventryCares met the threshold two years, The Health Plan met the standard in one year, and UniCare did not meet the standard in any of the three years. BMS should consider an MHT-wide approach to addressing this issue, such as a statewide provider educational initiative. ➤ Continue to require the MCOs to achieve a 100% for each of the four standards (ER, GS, QA, FA). This is the first full review where BMS required the MCOs to achieve 100% compliance for each standard. The MCOs were required to submit an internal improvement plan for each standard, element, and/or component that was not fully met. The value of improvement plans will only be able to be assessed at the time of the next annual audit. It is expected that SPR results will improve based on the MCOs targeting areas for improvement. <p>Status</p> <ul style="list-style-type: none"> ➤ One of the MCOs met the 24/7 access standard for MY 2014. It was recommended again that BMS consider an MHT-wide approach to addressing this issue, such as a statewide provider educational initiative. In addition, Delmarva also recommended that BMS develop a method for all MCOs to use to assess the 24/7 standard. All MCOs are using a different methodology, so the results are not comparable among the MCOs. ➤ BMS plans to continue the 100% compliance requirement for the SPR. All three MCOs achieved 100% on the QA, GS, and FA standards for 2014.
Performance Improvement Projects	<p>Recommendation</p> <ul style="list-style-type: none"> ➤ The PIP Collaborative Team must meet to determine the collaborative indicator goal for the Emergency Department Collaborative. <p>Status</p> <ul style="list-style-type: none"> ➤ The PIP Collaborative Team met to discuss the first year baseline results and select a goal for the mandatory indicator. Each MCO selected its own goal because the individual rates varied and one goal would not fit for all MCOs.

MHT Program: 2013 Recommendations and 2014 Status	
Performance Measure Validation	<p>Requirements</p> <ul style="list-style-type: none"> ➤ The MCOs must be prepared to fully report HEDIS measures that require pharmacy data to NCQA for HEDIS 2015 (MY 2014). ➤ The MCOs must be prepared to report non-HEDIS performance measures to BMS from the CMS Child and Adult Quality Core Measure Sets for MY 2014. <p>Recommendations</p> <ul style="list-style-type: none"> ➤ Data Quality - BMS and the MCOs are encouraged to share new ideas and innovations to gather data or improve the quality of data used to calculate required performance measures. With the new requirement to report Adult and Child Core Measures, the sharing of information will assist the MCOs to produce valid and reliable results that are comparable among the MCOs. The Task Force meeting can act as forum the MCOs to share “best practices” for successful data capture and reporting. ➤ Data Quality - The MCOs and BMS are encouraged to collaborate with State work groups and State agencies to provide the MCOs access to data from state information systems required for reporting performance measures. For example, the MCOs provided technical assistance to the Adult Quality Measures Grant team to identify Vital Statistics data required to calculate for some of the measures. (As a result, a signed Memo of Understanding (MOU) with the Bureau of Public Health will provide the MCOs access to Vital Statistics required to report the Adult measures in 2014).
	<p>Status</p> <ul style="list-style-type: none"> ➤ All the MCOs successfully reported all 2015 HEDIS measures that required pharmacy data. ➤ All the MCOs successfully reported all required MY 2014 non-HEDIS performance measures to BMS from the CMS Adult and Child Core Measure sets. ➤ BMS and MCOs continue to collaborate on new ideas for improving quality of data used for reporting performance measures. ➤ The MOU between BMS and Vital Statistics has expired. BMS is seeking to have it renew.

CoventryCares of West Virginia Behavioral Health Satisfaction Medicaid Members 2015 Results

Consumer Insights and Analysis

January 2016

Proprietary & Confidential – For Internal Aetna Use Only

Table of contents

Background and objectives	2
Executive summary	3
Detailed findings	5
Demographic profile	11
Methodology	12

Background and objectives

Background. This survey is designed to document member experiences and satisfaction with the behavioral health care that CoventryCares of West Virginia Medicaid members receive. Results will be used to evaluate staff performance, identify gaps in service and key items that are causing dissatisfaction so that action can be taken to improve member experiences.

Objectives. This research assesses the following areas:

- Access to and timeliness of behavioral health care.
- Perceived outcome of behavioral health care.
- Communication with clinicians.
- Patient rights.
- Member services and assistance.
- Overall rating of behavioral health provider.

Executive summary

The vast majority of members have convenient access to care. 78% agree that the doctor is in a good location and 69% agree that they are able to get an appointment as soon as needed.

Doctors and their staff receive high scores.

- Nearly eight in 10 are pleased with the services they receive and would send friends or family to their doctor.
- Nine in 10 agree that the doctor treats the patient with respect and is sensitive to who the patient is.
- Additionally, more than eight in 10 agree that the office staff is polite and helpful.
- Roughly eight in 10 agree that the doctor listens to and understands what the patient says and explains things in a way the patient understands.
- Roughly seven in 10 agree that the doctor works as a team with the patient's primary care provider (PCP).

Doctors and patients work together well.

- Eight in 10 agree that they work with their doctor on their treatment options and goals.
- Nearly three-quarters understand prescriptions and the risks they may have and can ask the doctor about their care plan and prescriptions.

Executive summary

Nearly eight in 10 agree that seeing their doctor makes them feel better. Furthermore, roughly seven in 10 get along better with family and friends and do better in school or work because of help from the doctor.

The health plan also receives high ratings.

- More than eight in 10 agree that the health plan staff is friendly and helpful and the plan helps them with the information they need to get care.
- Eight in 10 would tell others to use the plan.

Significant differences exist between the adult and child results.

- Higher percentages of adults agree that they:
 - Work with their doctor on treatment options and goals.
 - Understand prescriptions and the risks they may have.
 - Can ask the doctor about their care plan and prescriptions.
- Higher percentages of child members:
 - Do better in school or work because of help from their doctor.
 - Agree that the health plan staff is friendly and helpful.
 - Agree that their doctor listens to and understands them, treats them with respect, is sensitive to who the patient is and works as a team with the PCP.

Detailed findings

All statistical testing is performed at the 90% confidence level.

Indicates that the result is significantly higher than the corresponding result when comparing results by member type (Adult vs. Child).

Methodology

Decision Support Systems (DSS) was selected by CoventryCares of West Virginia to conduct its Behavioral Health Medicaid Member Satisfaction Survey. Both adults and children were included in survey outreach. Adults were defined as members age 14 and older. Children were defined as age 13 and younger.

Data collection was conducted by mail and telephone. First, a mailed survey was sent with a postage-paid reply envelope and cover letter explaining the purpose of the survey. Survey materials were sent to all members in both English and Spanish. Surveys for children were sent to the parent/guardian. Additionally, if a member expressed a desire to complete the survey in another language, that member was sent mailed survey materials in that language. However, no requests for languages outside of English and Spanish were received in 2015.

DSS interviewers then conducted live telephone outreach to those who did not respond to the mailed survey. All data were collected via computer-aided telephone interviews (CATI) by DSS Research in Fort Worth, Texas. CATI is a telephone surveying technique in which the interviewer follows a script provided by a software application. The survey duration was approximately 7 minutes. Members between the ages of 14 and 17, were considered “adults” for the purposes of this survey and were not contacted by telephone. Members age 18+ did receive telephone survey outreach. Telephone survey outreach for child members was conducted with the parent/guardian. Participants had the option to complete the phone survey in English or Spanish.

The data collection schedule was as follows:

- Survey mailed: November 2, 2015.
- Telephone follow-up conducted: November 30 – December 14, 2015.
- Data collection cut-off: December 18, 2015.

DSS securely received a file of members for outreach from the Aetna Project Manager. Eligible plan members were defined as:

- Currently enrolled (Medicaid members)
- Had at least one visit from a BH specialist between July 2 and August 31, 2015
- Adult: 14 years old or older as of the date of survey outreach
- Child: 13 years old or younger as of the date of survey outreach

Methodology (cont'd)

A total of 2,650 records were received for CoventryCares of West Virginia. A stratified random sample of 2,000 members was selected for survey outreach. Details are shown below.

- Adults age 14+: 972
- Children age 13 and under: 1,028

Member addresses were run through the National Change of Address database to ensure that DSS had the most current addresses available.

DSS also attempted to obtain a valid phone number for records that were missing a phone number or had an invalid phone number. DSS used a 3rd party service called Relevate to do this. Numbers are not always able to be located/updated. Only unique telephone numbers were called.

We received 63 (36 adult, 27 child) returned undeliverable mail pieces. (NOTE: As long as the member had a useable telephone number, he or she was contacted by telephone.)

Methodology (cont'd)

Telephone Dispositions.

Follow-up telephone outreach was conducted among members who did not respond to the mail survey. Telephone dispositions are shown below (last attempt):

Disposition	Final	Total
No Answer	No	276
Busy	No	26
Answering Machine	No	384
Bad/Wrong Number	Yes	360
Callback	No	35
Deaf/Language Barrier	Yes	1
Refusal	Yes	167
Not Available	No	32
Deceased	Yes	3
Remove From List (Hard refusal)	Yes	12
Complete	Yes	196
Total		1492

Methodology (cont'd)

Response Rate

Response rate is defined as the total number of completed surveys divided by all eligible members of the sample. To be considered “complete” and included in the analysis, the member had to respond to the mail survey (answering at least one question) or answer at least one question in the telephone survey.

Eligible members include members available for outreach minus ineligible members. Ineligible members met at least one of the following criteria: were mentally or physically incapacitated, had a language barrier, deceased.

Response Rate: 17.1%; *Response Rate = Number of Completed Surveys / (Initial Sample – Ineligibles)*

- Members available for outreach: 2,000
- Number of members considered ineligible: 4
- Eligible member sample size: 1,996
- Completed surveys: 342 total (117 adult / 225 child)
 - 220 phone (66 adult / 154 child)
 - 122 mail (51 adult / 71 child)

The number of completed surveys represents a statistically valid sample (+/- 90% confidence, +/- 3.3% MOE, p-value = 0.8).

All calculations in this report use the “base” (shown as n=XX) as the denominator. Responses such as “Do not know” and “Prefer not to answer” are excluded from the base.

Totals reported on graphs may not be equal to the sum of the individual components due to the rounding of all figures to whole numbers.

Percentages lower than five percent are not labeled in charts or graphs where space does not permit.

Second Quarter 2015 – Member Satisfaction Survey Analysis

Introduction:

On a quarterly basis, CoventryCares of West Virginia will conduct a member satisfaction survey as required by the West Virginia Medicaid Program contract between CoventryCares of West Virginia and the West Virginia Bureau of Medical Services (BMS). The quarterly member satisfaction surveys are in addition to the annual CAHPS® adult and child member satisfaction survey. Survey results are analyzed in order to prioritize opportunities for improvement.

Data Source and Methodology:

The survey tool used to conduct the survey was developed by the CoventryCares of West Virginia leadership team. The leadership team selected questions that focused on those areas identified during the 2014 CAHPS survey as being key drivers of member satisfaction with health plan operations and/or health care provided. In addition, general information questions may be added to the survey tool from time to time.

An access database was built to capture all survey responses for reporting purposes.

In order to select members for survey, a report was obtained of the high volume primary care practices across the State. Practices selected for the 2nd Q 2015 survey were as follows:

- Braxton Health Associates, Inc.
- Family Medicine Center
- Madison Medical, PLLC
- Melchor F. Vidal, MD
- N. B. Tuanquin, M.D., Inc.
- Mahmood Partovi, MD
- Point Pleasant Physician Billing Services
- SJMH Lively Health Care Center
- UHA Harpers Ferry Family Medicine
- Westmoreland Family Care Center

For each of these practice sites, a random sample of members was selected for survey. Members were contacted by telephone for the survey.

Second Quarter 2015 – Member Satisfaction Survey Analysis

A total of 61 members were successfully contacted for the 2nd Q 2015 Member Satisfaction survey.

Results:

Survey results were as follows:

Survey Question		Second Quarter 2015 Results					
		Yes	No	Doesn't have a card	Total		
1	A personal doctor, or "primary care doctor", is the one you would see if you need a check-up, want advice about a health problem, or get sick or hurt. Is your personal doctor the same as the doctor listed on your ID card?	18	36	7	61		
		29.51%	59.02%	11.48%			
		Yes	No	Total			
2a	Have you seen your personal doctor, or primary care doctor, in the last 6 months?	29	32	61			
		47.54%	52.46%				
		1 time	2 times	3 times	More than 3 times	NONE	Total
2a1	If yes, how many times did you visit your personal doctor to get care for yourself in the last 6 months?	11	10	1	7	3	32
		34.38%	31.25%	3.13%	21.88%	9.38%

Analysis:

A review of the information for the 2nd quarter was compared to the 3 previous quarters:

1. There was a decrease in the 2nd quarter of members responding yes to their personal doctor being the same as the doctor listed on their ID card. The names of the members who reported they did not have an ID card were given to Customer Service for an outreach call. If the member indicated the PCP being seen was not the same as the name on the ID card, it was recommended they call Customer Service to have their ID card updated.
2. There was a decrease in the number members seeing their personal doctor in the last 6 months.
3. The members answering yes to feeling the “doctor spent enough time with them and explained things in a way they could understand” was consistently high for all 4 quarters.
4. The number of members who reported they were able to get an appointment for a check-up or routine care with their personal doctor as soon as needed showed a decrease over the 4 quarters.

Second Quarter 2015 – Member Satisfaction Survey Analysis

5. The number of members who reported they were able to get an appointment for a sick visit with their personal doctor as soon as they needed dropped in the 2nd quarter.

6. The results for the 3 questions on smoking varied from quarter to quarter.

Second Quarter 2015 – Member Satisfaction Survey Analysis

7. When members were asked how they would prefer to be contacted by the health plan, they preferred printed materials be sent to their home for 3rd quarter 2014, 4th quarter 2014, and 1st quarter 2015. For the 2nd quarter 2015, 40% choose printed material and 45% choose a phone call.

Second Quarter 2015 – Member Satisfaction Survey Analysis

8. For the question about satisfaction with the health plan coverage, there was an increase in satisfaction for 4th quarter 2014 but a decrease in the 1st quarter and 2nd quarters of 2015.

Barriers:

CoventryCares identified the following potential barriers in conducting this survey:

- Challenges in contacting members due to either lack of telephone number on file or telephone number being disconnected.
- Survey results confirm that 59% of the time the member is seeing a different primary care practitioner than we have on record. This poses significant challenges when attempting provider outreach for reminders for care/services.

Next Steps:

- Ensure that the QM team is notified in any instances where a member might report a potential quality of care concern during the survey. The QM team will follow up on these issues according to policy.

Second Quarter 2015 – Member Satisfaction Survey Analysis

- Consider sharing practice-specific survey results for future surveys if the volume of completed surveys per practice increases.
- Results of this survey will be presented to the CoventryCares of WV Service Improvement Committee for analysis on September 1, 2015 for review and further recommendations.
- Any feedback from the Bureau of Medical Services regarding this initial survey report will be shared with the Service Improvement Committee.

Follow-Up With Members Who Requested to Be Contacted By Customer Service

Fourteen members surveyed requested that a Customer Service Representative call back to assist in answering a question or resolving an issue. Members who wanted to be contacted were referred to the CSO.

Continue Survey Process

Member satisfaction surveys will continue on a quarterly basis. The health plan may elect to adjust the question set for the member survey, depending on prioritized areas of focus.

2015 MHT QUARTERLY MEMBER EXPERIENCE SURVEY 4th Quarter

Quarterly member satisfaction surveys became a requirement effective July 1, 2014.

To meet these new requirements, the questions were chosen during June of 2014 for the member experience survey that will be administered by The Health Plan. The administration of the survey began in July of 2014. All MHT members who are called as part of Wellness and Health Promotion outreach calls are asked to participate.

In the 4th quarter of 2015, 1582 surveys were completed.

	Q1 2015	Q2 2015	Q3 2015	Q4 2015	Trending
Number of surveys	325	1681	1514	1582	
Rating of Care Received from Primary Care Physician	84.04%	93.00%	90.62%	91.00%	
Rating of distance to PCP's office from home	79.72%	81.70%	79.28%	80.57%	
Rating of contacts with THP staff	94.87%	96.20%	96.55%	96.30%	
Rating of THP staff's ability to explain benefits	95.97%	97.84%	96.71%	96.72%	
Rating of resolution of problems with THP	83.54%	87.83%	74.25%	74.90%	
PCP seemed informed about visits with other providers	86.00%	90.83%	89.83%	89.62%	
Had visits with a provider other than PCP	55.17%	38.76%	41.66%	42.70%	

Strengths

Over the last quarter the majority of the rates have remained steady. The rates in all but two categories have remained above 85% and can be considered strengths.

Opportunities for Improvement

Rating of distance to PCP's office from home did slightly increase however many members continue to comment that they have a drive time above 30 minutes. Though this did increase this quarter there is still room for improvement. The GeoAccess analysis that was completed this year shows that The Health Plan does meet the accessibility guideline of 90% of members having a primary care physician within a 30 minute drive, however many members may choose to see a physician who is further from their location for various reasons.

Barriers

2015 MHT QUARTERLY MEMBER EXPERIENCE SURVEY

4th Quarter

Members seem to understand the questions better now that the survey has been simplified. However, due to simplifying the survey the results may not be as accurately compared to last quarter.

Interventions and Prioritization

The detailed survey results are reviewed with THP staff and possible interventions are discussed and prioritized. Prioritization is given to areas which would have the greatest impact on member safety or overall satisfaction with The Health Plan.

UniCare\ESI Health Plan of West Virginia, Inc.
Q4 Member Satisfaction Survey Results

Q4 2015 total member satisfaction surveys: 166
92.77% were 100% favorable
7.23% were less than 100% favorable

Member Satisfaction Q4 was 92.77, which is above the 90% goal.

Contributing factors: UniCare Customer Care Representatives (CCRs) did not explain next steps and in some instances did not provide accurate information, which caused the members to not be satisfied.

- We will continue to work with individual agents to improve their technical accuracy.
- We will also continue to provide coaching to agents to ensure they explain next steps and the actions that will be taken on the member's behalf to resolve their issue during the call.

Verbatim comments from Satisfaction Survey

#1	Information on the WVFH website	<p>I never saw the website No internet available No computer available to me No internet access I was satisfied with the navigation of the site and access to stuff Good I didn't visit the website. No access to internet No access to website I did not use website More access I like the search feature I did not use internet I don't know yet Never used it</p>								
#2	Written materials you received from WVFH	<p>Send more stuff to me I used the receipes and they were good Like newsletters Only got newsletters. Send more mateials I love the receipes and the member handbook I would have liked to have gotten a card for me sooner as I called 3 times. Thank you I think everything is great</p>								

<p>#3 WVFH Medical benefits</p>	<p>I want dental coverage options Need more dental Need dental for adults Limited dental Want to have a wider range of pregnancy and termination services is needed Need an explanation of the copays and deductibles more thorough Haven't used the drug program yet Thank you Please have some places in my local area I am a new member so until and for now, I don't think of anything to change. Same as Coventry Give dental to people over 21 cause we need it Used the vision and used glasses coverage Everything is good. Need to have access to dental He has a primary insurance Refused to pay for therapy</p>	
<p>#4 Prescription drug benefits available</p>	<p>Take no medications I don't think medication should have a pre-authorization Some important meds need to be pre-authorized. It is important for me to have medications. I have lupus Delay in getting my prescriptions We don't use it too often I don't think that drug benefit needs to improve as it is good I could not get the medicine I need Haven't been yet to the doctor Glad to have insurance Thank you</p>	
<p>#5 Services from WVFH PCP physician</p>	<p>Need to make sure all drs are certified and good drs He is an excellent doctor I have not seen a primary care doctor as so far I am in good health No doctors Not applicable He accused my wife of drug seeking! Thank you Everything is good for this doctor and this service Don't have a doctor Don't have a doctor - you assigned me one</p>	
<p>#6 Contact with Member Services</p>		
<p>#7 Services received from member services rep</p>	<p>Called 3 times to get insurance straightened out Couldn't help me They did not know about my glasses Helpful staff Donna was very helpful n getting my medications Not applicable Skipped We've had to keep telling them the dr is wrong on my wife's card. But they are nice enough to change it. Always curtious. Slow to answer Took 2 calls to get insurance card Not helpful and I had to call 2 or 3 times to get ID card Slow response. Stayed on phone a long time</p>	
<p>#8 Choice of doctors and hospitals</p>	<p>No hospital visit I lived way out and it is hard to get to the doctor and his office I think we should be able to choose our doctor and hospital Don't go to the doctors or hospitals Not applicable Thank you I like my doctor Lots to choose from</p>	

#9	Overall satisfaction with WVFH	I am a new member and need time to see Not applicable Thank you
#10	Participation in the value add rewards	
#11	Overall satisfaction with value adds	Need to know more about rewards Skipped I want reward so send information My daughter's award for going to the doctor

Comment Section		
What made you choose WVFH as your Medicaid MCO?	<p>I did not choose the state did I like the benefits and the eye and dental were good. I like the name also Need dental for adult My PCP was available through WVFH Assigned to me Best selection and I chose for my son All has been good so far - keep up the good work I am a new person and I don't understand what to do to see the doctor The benefits listed and vision coverage The benefits that was on the information, i.e. vision Assigned to me It was the best option for my family and I couldn't be happier with my choice Because I heard it was a good MCO Just seemed to have all I would need for my family. It had the best services and benefits out of the offered providers. The enrollment broker helped me choose Referred by human services! I have a family I choose your company I think this would be fine for me</p> <p>It was our only choice the government gave us - well this or pay 500 plus dollars or moore. That wouldn't work on student loans Best package for my needs and enrollment broker helped me select I compared coverage for my family and it was good Thank you I choose it because of your eye care I did not choose it.</p>	
What can WVFH do to improve its services to you?	<p>Need to be more flexible with doctors available because I need to see specialists also Nothing More written materials and information on the rewards Please help me know what benefits I have that I can use for services Stronger dental plan would be a plus Don't know I am happy with my choice for my family More dental Its almost too good to be tru. I especially like the follow up calls to make sure everything is okay. Donna was great! Everything is fine. Needs no improvement So far everything has been great I will have to use to determine Thank you. Your service is good for me I don't think that you need to improve anything The service is great. Our case worker is a little grumpy at times though. Guess I don't blame her. She probably deals with grumpy people all the time. I would like more places close to my local area - i.e. more eye care places I am glad to have insurance for me and my kids</p>

NOTES TO FINANCIAL STATEMENTS

1. Summary of significant accounting policies

A. Accounting practices

The accompanying statutory financial statements of Coventry Health Care of West Virginia, Inc. (the "Company"), indirectly a wholly-owned subsidiary of Aetna Inc. ("Aetna"), have been prepared in conformity with accounting practices prescribed or permitted by the West Virginia Insurance Department ("West Virginia Department") ("West Virginia Accounting Practices"). The West Virginia Department recognizes only statutory accounting practices prescribed or permitted by the state of West Virginia for determining and reporting the financial condition and results of operations of an insurance company, which include accounting practices and procedures adopted by the National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP").

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of West Virginia for the years ending December 31, 2015 and 2014 is as follows:

	<u>State of</u> <u>Domicile</u>	<u>2015</u>	<u>2014</u>
<u>NET INCOME</u>			
(1) Company state basis (Page 4, Line 32, Columns 2 & 3)	WV	\$ 18,554,404	\$ 30,963,892
(2) State Prescribed Practices that increase/(decrease) NAIC SAP:			
(3) State Permitted Practices that increase/(decrease) NAIC SAP:			
(4) NAIC SAP (1-2-3=4)	WV	\$ 18,554,404	\$ 30,963,892
<u>SURPLUS</u>			
(5) Company state basis (Page 3, Line 33, Columns 3 & 4)	WV	\$ 64,512,295	\$ 57,417,631
(6) State Prescribed Practices that increase/(decrease) NAIC SAP:			
(7) State Permitted Practices that increase/(decrease) NAIC SAP:			
(8) NAIC SAP (5-6-7=8)	WV	\$ 64,512,295	\$ 57,417,631

B. Use of estimates in the preparation of the financial statements

The preparation of these financial statements in conformity with West Virginia Accounting Practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses. Actual results could differ from those estimates.

C. Accounting policies

The Company applies the following significant accounting policies:

(1) Cash, cash equivalents and short-term investments

Cash, cash equivalents and short-term investments, consisting primarily of money market instruments and other debt issues with an original maturity of up to one year, are carried at amortized cost. Short-term investments consist primarily of investments purchased with an original maturity date of greater than three months but less than one year. Cash equivalents consist of highly liquid instruments, which mature within three months from the date of purchase. The carrying amount of cash, cash equivalents and short-term investments approximates fair value. Drafts that have not been presented for payment and remain outstanding at the balance sheet date are reported as a liability in the Statutory Statements of Liabilities, Capital and Surplus.

(2) Bonds

Bonds, which include special deposits, are carried at amortized cost except for those bonds with an NAIC designation of 3 through 6, which are carried at the lower of amortized cost or fair value. The amount carried at fair value is not material to the financial statements. Bond premiums and discounts are amortized using the scientific interest method. When quoted prices in active markets for identical assets are available, the Company uses these quoted market prices to determine the fair value of bonds. This is used primarily for U.S. government securities. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, the Company estimates fair values using valuation methodologies based on available and observable market information or by using a matrix pricing model. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. The Company had no investments where fair value was determined using broker quotes or an internal

analysis of financial performance and cash flow projections at December 31, 2015 and 2014. Bonds include all investments whose maturity is greater than one year when purchased.

The Company periodically reviews its bonds to determine whether a decline in fair value below the carrying value is other-than-temporary. For bonds, other than loan-backed and structured securities, an other-than-temporary impairment ("OTTI") shall be recorded if it is probable that the Company will be unable to collect all amounts due according to the contractual terms in effect at the date of acquisition. Declines deemed to be OTTI in the cost basis are recognized as realized capital losses. Yield-related impairments are deemed other-than-temporary when the Company intends to sell an investment at the reporting date before recovery of the cost of the investment.

For loan-backed and structured securities, the Company records OTTI when the fair value of the loan-backed or structured security is less than the amortized cost basis at the balance sheet date and (1) the Company intends to sell the investment, or (2) the Company does not have the intent and ability to retain the investment for the time sufficient to recover the amortized cost basis, or (3) the Company does not expect to recover the entire amortized cost basis of the security, even if it does not intend to sell the security and has the intent and ability to hold. If it is determined an OTTI has occurred because of (1) or (2), the amount of the OTTI is equal to the difference between the amortized cost and the fair value of the security at the balance sheet date and this difference is recorded as a realized capital loss. If it is determined an OTTI has occurred because of (3), the amount of the OTTI is equal to the difference between the amortized cost and the present value of cash flows expected to be collected, discounted at the loan-backed or structured security's effective interest rate and this difference is also accounted for as a realized capital loss.

The Company analyzes all relevant facts and circumstances for each investment when performing its analysis to determine whether an OTTI exists. Among the factors considered in evaluating whether a decline is other-than-temporary, management considers whether the decline in fair value results from a change in the quality of the investment security itself, whether the decline results from a downward movement in the market as a whole, the prospects for realizing the carrying value of the bond based on the investee's current and short-term prospects for recovery and other factors. The risks inherent in assessing the impairment of an investment include the risk that market factors may differ from our expectations and the risk that facts and circumstances factored into our assessment may change with the passage of time. Unexpected changes to market factors and circumstances that were not present in past reporting periods may result in a current period decision to sell securities that were not other-than-temporarily-impaired in prior reporting periods.

- (3) The Company did not own any common stock at December 31, 2015 or 2014.
- (4) The Company did not own any preferred stock at December 31, 2015 or 2014.
- (5) The Company did not have any mortgage loans at December 31, 2015 or 2014.
- (6) Securities lending

The Company engages in securities lending by lending certain securities from its investment portfolio to other institutions for short periods of time. Borrowers must post cash collateral in the amount of 102% to 105% of the fair value of a loaned security. The fair value of the loaned securities is monitored on a daily basis, with additional collateral obtained or refunded as the fair value of the loaned securities fluctuates. The collateral is retained and invested by a lending agent according to the Company's guidelines to generate additional investment income for the Company. Pursuant to Statements of Statutory Accounting Principles ("SSAP") No. 103 - *Transfers and Servicing of Financial Assets and Extinguishments of Liabilities* ("SSAP No. 103"), collateral required under the Company's securities lending program is carried on the Company's balance sheet as both a receivable and payable. Also pursuant to SSAP No. 103, if the collateral received from a counterparty is less than 100 percent at the reporting date, the difference between the actual collateral and 100 percent is nonadmitted. Collateral value is measured and compared to the loaned securities in aggregate by counterparty. The Company did not have any loaned securities at December 31, 2015. At December 31, 2014, the fair value of collateral was \$1,072,150.

- (7) The Company did not have any investments in subsidiaries, controlled and affiliated companies at December 31, 2015 or 2014.
- (8) The Company did not have any investments in any joint ventures, partnerships and limited liability companies at December 31, 2015 or 2014.
- (9) The Company did not have any derivatives at December 31, 2015 or 2014.
- (10) Aggregate health policy reserves and related expenses

Premium deficiency reserves ("PDR") are recognized when it is probable that the expected future hospital and medical costs, including maintenance costs, will exceed anticipated future premiums and reinsurance recoveries on existing contracts. Where allowed, anticipated investment income is considered in the calculation of any PDR. For purposes of calculating a PDR, contracts are grouped in manner consistent with the method of acquiring, servicing and measuring the profitability of such contracts. There was no PDR recorded in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus at December 31, 2015 and 2014.

The Company is required to make premium rebate payments to customers that are enrolled under certain health insurance policies if specific minimum annual medical loss ratios ("MLR") were not met in the prior year. The Company's results for full-year 2015 and 2014 included an estimate of \$0 and \$0, respectively, of minimum MLR rebates, which were included in aggregate health policy reserves in the Statutory Statements of Liabilities and Capital and Surplus.

As discussed in Note 2, the Company began reporting liabilities associated with contracts subject to redetermination as aggregate health policy reserves in accordance with SSAP No. 54 – *Individual and Group and Accident Health Contracts* ("SSAP No. 54") and SSAP No. 107 – *Risk-Sharing Provisions of the Affordable Care Act* ("SSAP No. 107"). The Company reported Federal Contingency Reserves of \$0 and Affordable Care Act ("ACA") Risk Adjustment Payables of \$0 in aggregate health policy reserves at December 31, 2015.

(11) Hospital and medical costs and claims adjustment expenses and related reserves

Hospital and medical costs consist principally of fee-for-service medical claims and capitation costs. Claims unpaid include the Company's estimate of payments to be made on claims reported but not yet paid and for health care services rendered to enrollees but not yet reported to the Company as of the Statutory Statements of Assets and Liabilities, Capital and Surplus date. Such estimates are developed using actuarial principles and assumptions, which consider, among other things, historical and projected claim submission and processing patterns, medical cost trends, historical utilization of health care services, claim inventory levels, changes in membership and product mix, seasonality and other relevant factors. The Company reflects changes in estimates in hospital and medical costs in the Statutory Statements of Revenue and Expenses in the period they are determined. Capitation costs, which are recorded in hospital and medical expenses in the Statutory Statements of Revenue and Expenses, represent contractual monthly fees paid to participating physicians and other medical providers for providing medical care, regardless of the medical services provided to the enrollee.

The Company uses the triangulation method to estimate reserves for claims incurred but not reported. The method of triangulation makes estimates of completion factors that are then applied to the total paid claims (net of coordination of benefits) to date for each incurral month. This provides an estimate of the total projected incurred claims and total amount outstanding or claims incurred but not reported (claims unpaid). For the most current dates of service where there is insufficient paid claim data to rely solely on the triangulation method, the Company examines cost and utilization trends as well as environmental factors, plan changes, provider contracts, changes in membership and/or benefits, and historical seasonal patterns to estimate the reserve required for these months.

Claims adjustment expenses, which include cost containment expenses, represent the costs incurred related to the claim settlement process such as costs to record, process and adjust claims. These expenses are included in the Company's management agreement with an affiliate described in Note 10.

(12) The Company did not modify its capitalization policy from the prior period.

(13) Pharmaceutical rebate receivables

The Company estimates pharmaceutical rebate receivables based upon historical payment trends, actual utilization and other variables. Pharmaceutical rebates for a quarter are billed to the vendor within one month of the completion of the quarter with any adjustment to previously recorded amounts reflected at the time of billing. The Company reports pharmaceutical rebate receivables as health care receivables. Pharmacy rebate receivables over 90 days past due are non-admitted. All rebates are processed and settled with an affiliated entity.

(14) Premiums and amounts due and unpaid

Premium revenue for prepaid health care products is recognized as income in the month in which enrollees are entitled to health care services. Premiums collected before the effective period are reported as premiums received in advance. Premiums related to unexpired contractual coverage periods are reported as unearned premiums in the Statutory Statements of Liabilities, Capital and Surplus (refer to discussion of aggregate health policy reserves and related expenses above).

Non-admitted amounts consist of all premiums due and unpaid greater than 90 days past due, with the exception of amounts due under government insured plans, which may be admitted assets under certain circumstances. In addition, for any customer for which the premiums due and unpaid greater than 90 days past due is more than a de minimus portion of the entire balance of premiums due and unpaid for that customer, the entire balance of premiums due and unpaid for that customer is non-admitted. Management also performs a specific review of accounts and based on the results of the review, additional amounts may be non-admitted. Uncollectible amounts are generally written-off and charged to revenue in the period in which the customer reconciliations are completed and agreed to by the customer (retroactivity) or when the account is determined to be uncollectible by the Company.

(15) Aggregate health claim reserves

The reserve for future contingent benefits includes the estimated cost of services that will continue to be incurred after the Statutory Statements of Liabilities, Capital and Surplus date if the Company is obligated to pay for such services in accordance with contract provisions or regulatory requirements. These

balances are recorded in aggregate health claim reserves in the Statutory Statements of Liabilities, Capital and Surplus and are estimated using a percentage of current hospital and medical costs, which is based on the Company's historical cost experience.

(16) Investment income due and accrued

Accrued investment income consists primarily of interest. Interest is recognized on an accrual basis and dividends are recorded as earned on the ex-dividend date. Due and accrued income is not recorded on: (a) bonds in default; and (b) bonds delinquent more than 90 days or where collection of interest is improbable. At December 31, 2015 and 2014, the Company did not have any non-admitted investment income due and accrued.

(17) Covered and uncovered expenses and related liabilities

Covered expenses and related liabilities represent costs for health care expenses for which a member is not responsible in the event of the insolvency of the Company. Uncovered expenses and related liabilities represent costs to the Company for health care services that are the obligation of the Company and for which a member may also be liable in the event of the Company's insolvency.

(18) Fees Paid to the Federal Government by Health Insurers

Beginning January 1, 2014, SSAP No. 106 – *Affordable Care Act Assessments* ("SSAP No. 106") required (1) that the health insurer fee be recognized in full on January 1 of the fee year (the calendar year in which the assessment must be paid to the federal government), in the operating expense category of insurance taxes, licenses and fees, excluding federal income taxes and (2) that in each data year preceding a fee year a reporting entity pro-ratably accrue by reclassifying from unassigned funds (surplus) to aggregate write-ins for special surplus funds an amount equal to its estimated subsequent fee year assessment. This reclassification has no impact on total capital and surplus and is reversed in full on January 1 of the fee year beginning with fee years starting on January 1, 2015 and after. See Note 22 for disclosure of all amounts related to the health insurer fee for the Company.

(19) Accounting for the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010's (collectively, "Health Care Reform") Reinsurance, Risk Adjustment and Risk Corridor (the "3Rs") pursuant to SSAP No. 107 – Accounting for the Risk-Sharing Provisions of the Affordable Care Act ("SSAP No. 107")

Reinsurance

Health Care Reform established a temporary reinsurance program that expires at the end of 2016. Under this program, all issuers of major medical commercial insurance products and self-insured plan sponsors are required to contribute funding in amounts set by the U.S. Department of Health and Human Services ("HHS"). A portion of the funds collected will be utilized to reimburse issuers' high claims costs incurred for qualified individual members. The expense related to this required funding is reflected in insurance, taxes, licenses and fees for all of the Company's insurance products with the exception of products associated with qualified individual members; this expense for qualified individual members is reflected as a reduction of premium revenue. When annual claim costs incurred by the Company's qualified individual members exceed a specified attachment point, the Company is entitled to certain reimbursements from this program. The Company records amounts recoverable for claims paid and unpaid and ceded claim benefit recoveries to reflect its estimate of these recoveries.

Risk Adjustment

Health Care Reform established a permanent risk adjustment program to transfer funds from qualified individual and small group insurance plans with below average risk scores to plans with above average risk scores. Based on the risk of the Company's qualified plan members relative to the average risk of members of other qualified plans in comparable markets, the Company estimates its ultimate risk adjustment receivable or payable for the current calendar year and reflects the impact as an adjustment to its premium revenue.

Risk Corridor

Health Care Reform established a temporary risk sharing program, which expires at the end of 2016, for qualified individual and small group insurance plans. Under this program the Company makes (or receives) a payment to (or from) HHS based on the ratio of allowable costs to target costs (as defined by Health Care Reform). The Company records a risk corridor receivable or payable as an adjustment to premium revenue based on the Company's estimate of the ultimate risk sharing amount for the current calendar year. In October 2015, HHS announced that 2014 Health Care Reform risk corridor receivables would be funded at 12.6% to the extent HHS fully collects risk corridor payables. In November 2015, INT 15-01 was issued as guidance to address the accounting for risk corridor receivables. In conjunction with this guidance, the Company recorded a risk corridor receivable that coincides with the portion of the 2014 Health Care Reform risk corridor receivables that are considered collectible. The Company currently has not recorded any risk corridor receivables for the 2015 program year.

The Company expects to perform an annual final reconciliation and settlement with HHS of the 3Rs in each subsequent year. See Note 24.E. for disclosure of amounts related to the 3Rs for the Company for the periods ending December 31, 2015 and 2014.

(20) Federal and state income and premium taxes

The Company is included in the consolidated federal income tax return of its parent company, Aetna and Aetna's other wholly-owned subsidiaries pursuant to the terms of a tax sharing agreement. In accordance with a written tax sharing agreement with an affiliate, the Company's current federal and state income tax provisions are generally computed as if the Company were filing a separate federal and state income tax return; current income tax benefits, including those resulting from net operating losses, are recognized to the extent realized in the consolidated return. Pursuant to this agreement, the Company has the enforceable right to recoup federal and state income taxes paid in prior years in the event of future net losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to federal and state income taxes.

Income taxes are accounted for under the asset and liability method. Deferred income tax assets ("DTAs") and liabilities ("DTLs") represent the expected future tax consequences of temporary differences generated by statutory accounting as defined in SSAP No. 101 - *Income Taxes* ("SSAP No. 101"). DTAs and DTLs are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. DTAs and DTLs are computed by means of identifying temporary differences which are measured using a balance sheet approach whereby statutory and tax basis balance sheets are compared. Current income taxes recoverable include all current income taxes, including interest, reasonably expected to be recovered in a subsequent accounting period.

Pursuant to SSAP No. 101, gross DTAs are first reduced by a statutory valuation allowance adjustment to an amount that is more likely than not to be realized ("adjusted gross DTAs"). Adjusted gross DTAs are then admitted in an amount equal to the sum of paragraphs a. b. and c. below:

- a. Federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with Internal Revenue Service ("IRS") tax loss carryback provisions.
- b. The amount of adjusted gross DTAs, after the application of paragraph a. above, expected to be realized within the applicable period and that is no greater than the applicable percentage as determined using the applicable Realization Threshold Limitation Table. The applicable period refers to the number of years in which the DTA will reverse in the Company's tax return and the applicable percentage refers to the percentage of the Company's statutory capital and surplus as required to be shown on the statutory balance sheet adjusted to exclude any net DTAs, electronic data processing equipment and operating system software and any net positive goodwill ("Stat Cap ExDTA").

The Realization Threshold Limitation Tables allow DTAs to be admitted based upon either realization within 3 years and 15% of Stat Cap ExDTA, 1 year and 10% of Stat Cap ExDTA, or no DTA admitted pursuant to this paragraph b. In general, the Realization Threshold Limitation Tables allow the Company to admit more DTAs if total DTAs as reported by the Company are a smaller percentage of statutory capital and surplus.

- c. The amount of gross DTAs, after the application of paragraphs a. and b. above that can be offset against existing gross DTLs. In applying this offset, the Company considers the character (i.e. ordinary versus capital) of the DTAs and DTLs such that offsetting would be permitted in the tax return under existing enacted federal income tax laws and regulations and the reversal patterns of temporary differences.

Changes in DTAs and DTLs are recognized as a separate component of gains and losses in surplus ("Change in net deferred income tax") except to the extent allocated to changes in unrealized gains and losses. Changes in DTAs and DTLs allocated to unrealized gains and losses are netted against the related changes in unrealized gains and losses and are reported as "Change in net unrealized capital gains (losses)", also a separate component of gains and losses in surplus.

The Company is subject to state income taxes in various states. State income tax expense is recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. For the years ended December 31, 2015 and 2014, the Company incurred state income tax expenses of \$(159,418) and \$(2,453,806), respectively. The Company had no state income tax payable at December 31, 2015 or 2014. The Company had state income tax receivable of \$4,087,598 and \$3,296,435 at December 31, 2015 or 2014.

The Company is subject to premium taxes in various states. These tax expenses are recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. The Company had no premium tax expense for the year ended December 31, 2015 and 2014. The Company's had no premium tax payable at December 31, 2015 and 2014. The Company had prepaid premium taxes of \$0 and \$500 at December 31, 2015 and 2014 included as a write-in in the Statutory Statements of Assets.

(21) Reinsurance

In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results and to help balance its risks and capital by reinsuring certain levels of risk with other insurance enterprises. The reinsurance coverage

does not relieve the Company of its primary obligations. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded for medical losses and the related unpaid reserves have been reported as reductions of these items. The reinsurance agreements are more fully discussed in Notes 10 and 23.

D. Going concern

Effective December 31, 2016, the Company will adopt amended accounting guidance related to management's evaluation of whether there is a substantial doubt about the entity's ability to continue as a going concern and the related disclosures and will make disclosures at that time and thereafter pursuant to the guidance.

2. Accounting changes and corrections of errors

In 2015, SSAP No. 54 and SSAP No. 107 were amended to change the lines of the annual statement that premium adjustments for contracts subject to redetermination are reported on. This resulted in the Company reporting amounts on the Statutory Statements of Assets page, Line 15.3, Accrued retrospective premiums and contracts subject to redetermination at December 31, 2015 that are reported as part of Statutory Statements of Assets page, Line 25, Aggregate write-ins for other than invested assets at December 31, 2014. It also resulted in the Company reporting amounts on Statutory Statements of Liabilities, Capital and Surplus page, Line 2, Aggregate reserves for accident and health contracts at December 31, 2015 that are reported as part of Statutory Statements of Liabilities, Capital and Surplus page, Line 25, Aggregate write-ins for liabilities at December 31, 2014. There were no changes to either the Company's total assets or total liabilities as a result of these changes.

Effective December 31, 2015, SSAP No. 69 – *Statement of Cash Flow* was revised to clarify that only transactions involving cash shall be included in the cash flow statement. As a result, the Company has excluded certain non-cash transactions from its operating and investing activities at December 31, 2015 that were included at December 31, 2014. There were no changes to the Company's ending cash, cash equivalents and short-term investments as a result of this change.

During 2015, the Company recorded a correction to AHM Management Fee Expense, related to prior year, in the amount of \$3,347,840. This adjustment and its tax effect were included as write-ins on the Statutory Statements of Revenue and Expenses (Continued) page.

In 2015, the Company determined that its prior period current federal income tax payable (Statutory Statements of Liabilities, Capital and Surplus page, Line 10.1, Column 3) and unassigned funds (Statutory Statement of Liabilities, Capital and Surplus page, Line 29, Column 3) were understated by \$621,123. Accordingly, the Company recorded an adjustment of \$621,123 on Line 4701 of the 2015 Statutory Statements of Changes in Capital and Surplus to correct the error.

3. Business combinations and goodwill

- A. Statutory Purchased Method
NONE
- B. Statutory Merger Method
NONE
- C. Assumption Reinsurance
NONE
- D. Impairment Losses
NONE

4. Discontinued operations

The Company did not have any discontinued operations in the years ending December 31, 2015 and 2014.

5. Investments

- A. The Company did not have any mortgage loans, including Mezzanine Real Estate Loans, at December 31, 2015 or 2014.
- B. The Company did not have any debt restructuring in the years ending December 31, 2015 and 2014.
- C. The Company did not have any reverse mortgages at December 31, 2015 or 2014.

D. Loan-Backed Securities

- (1) Prepayment assumptions for single class and multi-class mortgage backed/asset backed securities were obtained from industry market sources.
- (2) The Company had no OTTI losses during 2015 on loan-backed and structured securities in which the Company had the (1) intent to sell, (2) did not have the intent and ability to retain for a period of time sufficient to recover the amortized cost basis or (3) present value of cash flows expected to be collected

is less than the amortized cost basis of the securities in accordance with SSAP No. 43R, *Loan-Backed and Structured Securities* ("SSAP No. 43R").

- (3) The Company had no recognized OTTI on loan-backed and structured securities currently held, in which the present value of cash flows expected to be collected is less than the amortized cost basis, at the reporting date December 31, 2015.
- (4) The Company did not hold any loan-backed or structured securities in an unrealized loss position at December 31, 2015.
- (5) The Company has reviewed the loan-backed and structured securities in accordance with SSAP No. 43R in the table above and has concluded that these are performing assets generating investment income to support the needs of the business. Furthermore, the Company has no intention to sell the securities at December 31, 2015 before their cost can be recovered and does have the intent and ability to retain the securities for the time sufficient to recover the amortized cost basis; therefore, no OTTI write-down to fair value was determined to have occurred on these securities.

E. Repurchase Agreements and/or Securities Lending Transactions

- (1) The Company did not have any repurchase agreements at December 31, 2015.
- (2) The Company did not pledge any of its assets as collateral, which are classified as securities pledged to creditors as of December 31, 2015.
- (3) Neither the Company nor its agent has accepted collateral that is permitted by contract or custom to sell or repledge as of December 31, 2015.
- (4) The Company did not have securities lending transactions administered by an affiliated agent which is "one line" reported at December 31, 2015.
- (5) The Company did not have any repurchase agreements, loaned securities or dollar repurchase agreements at December 31, 2015.
- (6) The Company has not accepted collateral that is not permitted by contract or custom to sell or re-pledge as of December 31, 2015.
- (7) The Company did not have any collateral for transactions that extend beyond one year from the reporting date.

F. The Company did not have any real estate at December 31, 2015 or 2014.

G. The Company did not have any low-income housing tax credits at December 31, 2015 or 2014.

H. Restricted Assets

- (1) Restricted assets (including pledged):

Restricted Asset Category	1 Total Gross Restricted from Current Year	2 Total Gross Restricted From Prior Year	3 Increase/ (Decrease) (1 minus 2)	4 Total Current Year Admitted Restricted	5 Percentage Gross Restricted to Total Assets	6 Percentage Admitted Restricted to Total Admitted Assets
a. Subject to contractual obligation for which liability is not shown	\$	\$ 0	\$ 0	\$	0.0 %	0.0 %
b. Collateral held under security lending agreements		1,072,150	(1,072,150)		0.0	0.0
c. Subject to repurchase agreements		0	0		0.0	0.0
d. Subject to reverse repurchase agreements		0	0		0.0	0.0
e. Subject to dollar repurchase agreements		0	0		0.0	0.0
f. Subject to dollar reverse repurchase agreements		0	0		0.0	0.0
g. Placed under option contracts		0	0		0.0	0.0
h. Letter stock or securities restricted as to sale - excluding FHLB capital stock		0	0		0.0	0.0

j. On deposit with states	600,099	600,225	(126)	600,099	0.5	0.5
k. On deposit with other regulatory bodies		0	0		0.0	0.0
l. Pledged as collateral to FHLB (including assets backing funding agreements)		0	0		0.0	0.0
m. Pledged as collateral not captured in other categories		0	0		0.0	0.0
n. Other restricted assets		0	0		0.0	0.0
o. Total Restricted Assets	\$ 600,099	\$ 1,672,375	\$ (1,072,276)	\$ 600,099	%	%

- (2) The Company did not have any assets pledged as collateral not captured in other categories at December 31, 2015.
- (3) The Company did not have any other restricted assets at December 31, 2015.

I. The Company did not have any working capital finance investments at December 31, 2015.

J. Offsetting and netting of assets and liabilities

The Company did not have any offsetting and netting of financial assets as of December 31, 2015.

K. The Company did not have any structured notes at December 31, 2015.

6. Joint ventures, partnerships, and limited liability companies

A. The Company did not have any joint ventures, partnerships, or limited liability companies that exceeded 10% of its admitted assets at December 31, 2015 or 2014.

B. The Company does not have any impaired investments in joint ventures, partnerships, or limited liability companies at December 31, 2015 or 2014.

7. Investment income

A. There was no investment income due and accrued excluded from surplus at December 31, 2015 or 2014, except in bonds where collection of interest was uncertain.

B. There was no amount excluded at December 31, 2015 or 2014.

8. Derivative instruments

The Company did not have any derivative instruments at December 31, 2015 or 2014.

9. Income taxes

A. The components of the net deferred tax asset/(liability) at December 31 are as follows:

1.

(2) Real estate	\$.....	\$.....0	\$.....0
(3) Other (including items <5% of total capital tax liabilities)	\$.....	\$.....0	\$.....0
(99) Subtotal	\$.....20,539	\$.....8,030	\$.....12,509
(c) Deferred tax liabilities (3a99 + 3b99)	\$.....20,539	\$.....8,030	\$.....12,509
4. Net deferred tax assets/liabilities (2i - 3c)	\$.....1,593,799	\$.....758,634	\$.....835,165

The change in net deferred income taxes is comprised of the following:

	December 31,		
	2015	2014	Change
Total DTAs	\$1,645,283	\$799,996	\$845,287
Total DTLs	(20,539)	(8,030)	(12,509)
Net DTAs/(DTLs)	\$1,624,744	\$791,966	832,778
Tax effect of unrealized gains (losses)			(9,934)
Change in net deferred income tax			\$822,844

The valuation allowance adjustment to gross DTAs as of December 31, 2015 and 2014 was \$158,571 and \$158,571 respectively.

- D. The provision for federal income taxes is different from that which would be obtained by applying the statutory federal income tax rate to income before income taxes. The items causing this difference were as follows:

	Effective Tax		Effective Tax	
	12/31/2015	Rate	12/31/2014	Rate
Provision computed at statutory rate	10,995,214	35%	16,169,057	35%
Management Fee Adjustment	(821,309)	-3%	(883,549)	-2%

Health insurer Fee	1,993,180	6%	1,223,530	3%
Other Permanent Items	854,197	3%	(339,081)	-1%
Change in nonadmitted assets	16,753	0%	(23,748)	0%
Change in Statutory Valuation Allowance	-	0%	-	0%
Prior Year Return to Provision Adjustment & Other	(999,889)	-3%	105,736	0%
Total	12,037,646	38%	16,251,946	35%
Federal and foreign income taxes incurred	12,860,450	41%	15,233,416	33%
Change in net deferred income taxes	(822,844)	-3%	1,018,530	2%
Total statutory income taxes	12,037,646	38%	16,251,946	35%

E.

1. At December 31, 2015, the Company had no net capital loss carryforwards for tax purposes. As of December 31, 2015, the Company has \$1,359,176 net operating loss carryforwards for tax purposes.
2. The amount of federal income taxes incurred that is available for recoupment in the event of future net losses is \$12,876,983 and \$16,792,789 for the years ended December 31, 2015 and 2014, respectively.
3. The Company did not report any deposits as admitted assets under Internal Revenue Code Section 6603 at December 31, 2015 and 2014.

F.

2. As explained in Note 1, the Company participates in a tax sharing agreement with its parent and affiliates.
- G. The Company does not have any federal or foreign income tax loss contingencies.

10. Information concerning Parent, subsidiaries, affiliates, and other related parties

A., B. and C.

The Company paid \$15,000,000 as an extraordinary dividend on September 30, 2015 to its parent. The Company paid \$17,000,000 as an extraordinary dividend on June 30, 2014 to its parent. The Company did not receive any capital contributions in 2015 and 2014.

- D. Amounts due to and due from affiliates shown in the accompanying Statutory Statements of Assets, Liabilities, Capital and Surplus include the Company's net receipts and disbursements processed by affiliates and transactions related to its administrative services agreement with Aetna Health Management, LLC ("AHM"), indirectly a wholly-owned subsidiary of Aetna.

At December 31, 2015 and 2014, the Company had the following amounts due to and due from affiliates, which exclude amounts related to pharmacy rebate transactions as discussed more fully in Note 28 and the Company's reinsurance agreement:

	<u>December 31,</u>	
	<u>2015</u>	<u>2014</u>
Amounts due to affiliates		
Aetna Health Management	\$6,733,352	\$0
Coventry Health and Life Insurance Co.	\$165,312	\$1,990,143
Coventry Prescription Management Service	\$84,912	\$0
Group Dental Services Inc.	\$3,762	\$4,449
	<u>\$6,987,338</u>	<u>\$1,994,592</u>
Amounts due from affiliates		
HealthAmerica Pennsylvania, Inc.	\$1,365	\$0
Aetna Health Management, LLC	\$0	\$49,812
Coventry Health Care, Inc.	\$0	\$71,165
	<u>\$1,365</u>	<u>\$120,977</u>

The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

- E. At December 31, 2015, the Company has a guarantor agreement with Aetna. The agreement provides that in the event of the Company's insolvency, Aetna will pay all expenses and claims incurred by the Company during insolvency pursuant to the obligation with employer groups and subscribers until the end of the subscription contract period for which premiums have been received.
- F. As of and for the years ended December 31, 2015 and 2014, the Company had the following significant transactions with affiliates:

The Company and AHM are parties to an administrative services agreement, under which AHM provides certain administrative services, including accounting and processing of premiums and claims. Under this agreement, the Company remits a percentage of its earned commercial, Medicaid and Medicare premium revenue, as applicable, to AHM as a fee, subject to an annual true-up mechanism as defined in the agreement. Under the agreement, this true-up is due to be settled with the affiliate by April 15th of the following contract year (which is January 1 to December 31 annually). The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter. Effective January 1, 2014, this agreement was amended to include terms and conditions to comply with Medicare laws, regulations and Centers for Medicare & Medicaid Services ("CMS") instructions. For these services, the Company was charged the following:

	2015	2014
Administrative service fee	\$21,116,290	\$23,465,496
Current year estimated accrued true-up	-	-
Total administrative service fee	\$21,116,290	\$23,465,492

These agreements also provide for interest on all intercompany balances. Interest incurred on amounts due to affiliates was \$25,095 in 2015 and \$13,155 in 2014.

The amounts reported on the Underwriting and Investment Exhibit, Part 3 represent the expenses incurred under the terms of the administrative agreement, allocated to the Company in accordance SSAP No. 70, *Allocation of Expenses* ("SSAP No. 70"). SSAP No. 70 states "shared expenses, including expenses under the terms of a management contract, shall be apportioned to the entities incurring the expense as if the expense had been paid solely by the incurring entity. The apportionment shall be completed based upon specific identification to the entity incurring the expense. Where specific identification is not feasible, apportionment shall be based upon pertinent factors or ratios." The Company allocates these expenses based upon a percentage calculated using actual general and administrative expenses incurred by AHM.

The Company is a party to an agreement with Coventry Prescription Management Services, Inc. ("CPMS"). For the Company's commercial business, CPMS pays pharmacy claims on the Company's behalf. The Company pays a monthly fee to CPMS for services provided during that month which is calculated using a per member per month ("PMPM") administrative rate. The PMPM rate changes yearly and the agreements are approved each year by the Department of Insurance. All payments by the Company to CPMS are reduced by a PMPM rebate credit. The Company paid CPMS \$1,981,382 and \$4,668,957 in capitation fees for the years ended December 31, 2015 and 2014, respectively. CPMS paid the Company \$209,906 and \$509,929 in Rx rebates for the years ended December 31, 2015 and 2014, respectively.

Prior to January 1, 2015, for the Company's Medicare and ASO business, the Company pays a monthly administrative fee to CPMS for services provided during that month which is calculated using a per member per month ("PMPM") administrative rate. The PMPM rate changes yearly and the agreements are approved each year by the Department of Insurance. All payments by the Company to CPMS are reduced by a PMPM rebate credit. The Company paid CPMS \$0 and \$139,325 in fees for the years ended December 31, 2015 and 2014, respectively. CPMS paid the Company \$0 and \$375,882 in Rx rebates for the years ended December 31, 2015 and 2014, respectively.

Starting January 1, 2015, the Company's Medicare and ASO business is a party to an agreement which enables the Company to receive manufacturers' pharmacy rebates from AHM under which the Company remits a percentage of its earned pharmaceutical rebates to AHM as a fee. The Company earned pharmaceutical rebates of \$1,504,844 which were recorded as a reduction of medical and administrative costs, in 2015. The Company was charged \$172,233, which were recorded as administrative expenses, for these services in 2015. At December 31, 2015, the Company had \$208,327 amounts due from AHM related to the pharmaceutical rebates reflected in payables due to parent, subsidiaries and affiliates. The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

MHNet Specialty Services, L.L.C. (MHNet), a related party, provides mental health services to the Company's members. The Company pays MHNet a monthly fee based on a per member per month capitation rate. The Company paid MHNet \$711,681 and \$653,588 in capitation fees for the years ended December 31, 2015 and 2014, respectively.

The Company has coverage for certain litigation exposures (\$10,000,000 per claim and in the aggregate including defense costs) through an affiliated captive insurance company.

As explained in Note 1, the Company participates in a tax sharing agreement with Aetna and Aetna's other subsidiaries. All federal income tax receivables/payables are due from/due to Aetna.

- G. All outstanding shares of the Company are owned by Aetna Health Holdings, LLC, whose ultimate parent is Aetna.
- H. At December 31, 2015, the Company did not hold any investments in any affiliate and did not own shares of any upstream intermediate of Aetna.

- I. At December 31, 2015, the Company did not hold any investments in any subsidiary, controlled or affiliated ("SCA") entity.
- J. At December 31, 2015, the Company did not hold any investments in any impaired SCA entity.
- K. At December 31, 2015, the Company did not hold any investments in any foreign insurance subsidiaries.
- L. 1. and 2.

At December 31, 2015, the Company did not hold any investments in any downstream noninsurance holding company.

11. Debt

- A. The Company did not have any items related to debt, including capital notes at December 31, 2015.
- B. The Company did not have any Federal Home Loan Bank agreements at December 31, 2015.

12. Retirement plans, deferred compensation, postemployment benefits and compensated absences and other postretirement benefit plans

The Company did not have a retirement plan, deferred compensation plan, or other postretirement benefit plan at December 31, 2015.

13. Capital and surplus, shareholders' dividend restrictions and quasi-reorganizations

- (1) The Company has 1,000,000 shares of common stock with a par value of \$1.00 per share authorized, issued and outstanding at December 31, 2015 and 2014.
- (2) The Company had no shares of preferred stock issued and outstanding at December 31, 2015 and 2014.
- (3) Dividend restrictions

Dividends on the Company's common capital stock are paid as declared by its Board of Directors, from earned surplus of the Company, not including surplus arising from the sale of stock. Generally, dividends may be paid on the Company's common capital stock without obtaining regulatory approval at an amount up to the greater of: a) the prior year net gain from operations, or b) ten percent of the prior year end capital and surplus. In addition, the minimum Risk Based Capital requirements of the NAIC and, if applicable, the West Virginia Department of Insurance must be maintained.

- (4) The Company paid \$15,000,000 as an extraordinary dividend on September 30, 2015 to its parent. The Company paid \$17,000,000 as an extraordinary dividend on June 30, 2014 to its parent Company.
- (5) Within the limitations of 3) above, there are no other restrictions placed on the portion of Company profits that may be paid as ordinary dividends to the stockholder.
- (6) There were no restrictions placed on the Company's surplus, including for whom the surplus was being held at December 31, 2015 or 2014, except as noted in Note 21.
- (7) Not applicable to the Company.
- (8) The Company did not hold any stock for any special purposes at December 31, 2015 or 2014.
- (9) Changes in the balances of special surplus funds from the prior year are due to the accrual of estimated 2016 ACA health insurer fees reclassified from unassigned funds (surplus) to aggregate write-ins for special surplus funds as discussed more fully in Note 1.C and Note 22.
- (10) At December 31, 2015 and 2014, there was \$(18,449) and \$(26,345), respectively, of unassigned funds (surplus) that was represented or reduced by unrealized gains and losses.
- (11) The Company did not have any special surplus funds or surplus notes at December 31, 2015 or 2014.
- (12) The Company did not participate in any quasi-reorganizations during the statement year.
- (13) The Company did not participate in any quasi-reorganizations in the past 10 years.

14. Liabilities, contingencies and assessments

- A. The Company did not have any contingent commitments at December 31, 2015 or 2014.
- B. Assessments
Guaranty fund assessments

Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The health insurance guaranty associations in which Aetna and certain of its affiliates, including the Company (collectively, "we", "our" or "us") participate that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. Our assessments generally are based on a formula relating to our premiums in the state compared to the premiums of other insurers. Certain states allow recoverability of assessments as offsets to premium taxes. Some states have similar laws relating to HMOs. While we have historically recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

- C. The Company did not have any gain contingencies at December 31, 2015 or 2014.
- D. The Company did not have any claims related extra contractual obligation and bad faith losses stemming from lawsuits at December 31, 2015 or 2014.
- E. The Company did not have any joint and several liability arrangements at December 31, 2015 or 2014.
- F. Various liabilities arise in the normal course of the Company's business and have been recorded. In the opinion of management, any ultimate contingent losses will not have a material adverse effect on the Company's future results of operations and financial position. The Company, to the best of its knowledge, has no assets that it considers impaired that are not already recorded in the Company's books.

15. Leases

The Company did not have any material lease obligations at December 31, 2015 or 2014.

16. Information about financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk

The Company did not have any financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk at December 31, 2015 or 2014.

17. Sale, transfer and servicing of financial assets and extinguishments of liabilities

A. Transfers of receivables reported as sales

- (1) The Company did not have any transfers of receivables as sales for the years ending December 31, 2015 and 2014.

B. Transfer and servicing of financial assets

- (1) The Company's policy for requiring collateral or other security for security lending transactions as required in SAP No. 103 is discussed in Note 1. The Company did not have any loaned securities at December 31, 2015. At December 31, 2014, the fair value of the collateral was \$1,072,150.

(2) and (3)

The Company did not have any servicing assets or liabilities at December 31, 2015 or 2014.

- (4) The Company did not have any securitized financial assets at December 31, 2015 or 2014.
- (5) The Company did not have any transfers of financial assets at December 31, 2015 or 2014.
- (6) The Company did not have any transfers of receivables with recourse at December 31, 2015 or 2014.
- (7) The Company did not have any repurchase or reverse repurchase agreements at December 31, 2015 or 2014.

C. Wash sales

- (1) In the course of the Company's asset management, securities are sold and reacquired within 30 days of the sale date to enhance the Company's yield on its investment portfolio.
- (2) The details by NAIC designation 3 or below, or unrated of securities sold during the year ended December 31, 2015 and reacquired within 30 days of the sale date are:

The Company did not have any wash sales at December 31, 2015 or 2014.

18. Gain or loss to the HMO from uninsured plans and the uninsured portion of partially insured plans

- A. ASO Plans
- B.

The gain from operations from Administrative Services Only (ASO) uninsured plans and the uninsured portion of partially insured plans was as follows during 2015:

	ASO <u>Uninsured Plans</u>	Uninsured Portion of Partially Insured Plans	Total ASO
a. Net reimbursement for administrative expenses (including administrative fees) in excess of actual expenses	\$ 116,328	\$	\$ 116,328
b. Total net other income or expenses (including interest paid to or received from plans)	\$	\$	\$ 0
c. Net gain or (loss) from operations	\$ 116,328	\$ 0	\$ 116,328
d. Total claim payment volume	\$	\$	\$ 0

B. The Company did not serve as an Administrative Services Contract plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2015.

C. As of December 31, 2015 and 2014, the Company had reinsurance, low-income subsidy (cost sharing portion), and CMS coverage gap discount receivables of \$524,931 and \$168,085, respectively, from CMS, which are accounted for as amounts receivable relating to uninsured plans on the Statutory Statements of Assets, as per SSAP No. 47 - *Uninsured Plans*. The Company had no liability for amounts held under uninsured plans at December 31, 2015 or 2014. These items relate to the Company's Medicare product offerings

19. Direct premium written/produced by managing general agents/third party administrators

The Company did not have any material direct premiums written through/produced by managing general agents or third party administrators for the years ended December 31, 2015 and 2014.

20. Fair value measurements

A. and B.

The Company had no material assets or liabilities measured and reported at fair value at December 31, 2015 or 2014.

C. Certain of the Company's financial instruments are measured at fair value in our balance sheets. The fair values of these instruments are based on valuations that include inputs that can be classified within one of three levels of a hierarchy established by U.S. generally accepted accounting principles. The following are the levels of the hierarchy and a brief description of the type of valuation information ("inputs") that qualifies a financial asset or liability for each level:

- **Level 1** – Unadjusted quoted prices for identical assets or liabilities in active markets.
- **Level 2** – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** – Developed from unobservable data, reflecting our own assumptions.

Financial assets and liabilities are classified based upon the lowest level of input that is significant to the valuation. When quoted prices in active markets for identical assets and liabilities are available, we use these quoted market prices to determine the fair value of financial assets and liabilities and classify these assets and liabilities as Level 1. In other cases where a quoted market price for identical assets and liabilities in an active market is either not available or not observable, we estimate fair value using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets and liabilities would then be classified as Level 2. If quoted market prices are not available, we determine fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. Thus, financial assets and liabilities may be classified in Level 3 even though there may be some significant inputs that may be observable.

The carrying values and estimated fair values of the Company's financial instruments at December 31, 2015 and 2014 were as follows:

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Not Practicable (Carrying Value)
Bonds, Short Term, and Cash Equivalent	\$ 99,137,058	\$ 97,852,228	\$ 10,290,732	\$ 88,846,326	\$	\$

The valuation methods and assumptions used by the Company in estimating the fair value of debt securities are discussed in Note 1.

There were no material realized and unrealized capital gains, purchases, sales, settlements, or transfers into or out of the Company's Level 3 financial assets during 2015 or 2014.

In evaluating the Company's management of interest rate and liquidity risk and currency exposures, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

- D. The Company did not have any financial instruments where it was not practicable to estimate the fair value.

21. Other items

A. Extraordinary items

The Company did not have any extraordinary items for the years ended December 31, 2015 and 2014.

B. Troubled debt restructuring: debtors

The Company did not have any troubled debt restructuring in the years ended December 31, 2015 and 2014.

C. Other disclosures and unusual items

(1) Minimum capital and surplus

Pursuant to the laws of the states in which the Company is licensed to do business, the Company is required to maintain a minimum surplus and capital stock as defined by the statutes and regulations of those states. At both December 31, 2015 and 2014, the Company was in compliance with the minimum surplus and capital stock requirements of the states in which it is licensed to do business.

The NAIC and the state of West Virginia adopted risk-based capital ("RBC") standards for health organizations, including HMOs, that are designed to identify weakly capitalized companies by comparing each company's adjusted capital and surplus to its required capital and surplus (the "RBC Ratio"). The RBC Ratio is designed to reflect the risk profile of the company. Within certain ratio ranges, regulators have increasing authority to take action as the RBC Ratio decreases. There are four levels of regulatory action, ranging from requiring insurers to submit a comprehensive plan to the state insurance commissioner to requiring the state insurance commissioner to place the insurer under regulatory control. At December 31, 2015 and 2014, the Company had capital and surplus that exceeded the highest threshold specified by the RBC rules.

(2) Health Care Reform

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, "Health Care Reform" or "ACA"), enacted in March 2010, has changed and will continue to make broad-based changes to the U.S. health care system. The Company expects Health Care Reform and changes to Health Care Reform to continue to significantly impact the Company's business operations and financial results, including the Company's pricing, medical benefit ratios and the geographies in which the Company's products are available. Health Care Reform presents the Company with business opportunities, but also with financial and regulatory challenges. Most of the key components of Health Care Reform were phased in during or prior to 2014, including health insurance exchanges ("Public Exchanges"), required MLRs in commercial and Medicare products, the individual coverage mandate, guaranteed issue, rating limits in individual and small group products, significant new industry-wide fees, assessments and taxes, enhanced premium rate review and disclosure processes, reduced Medicare Advantage payment rates to insurers, and linking Medicare Advantage payments to a plan's CMS quality performance ratings or "star ratings." The effects of these changes are reflected in the Company's financial results. Certain components of Health Care Reform will continue to be phased in until 2020.

The Company is dedicating and will continue to be required to dedicate significant resources and incur significant expenses during 2016 to implement and comply with Health Care Reform and changes in Health Care Reform as well as state level health care reform. While most of the significant aspects of Health Care Reform became effective during or prior to 2014, significant parts of Health Care Reform, including aspects of Public Exchanges, nondiscrimination requirements, reinsurance, risk corridor and risk adjustment, continue to evolve through the promulgation of regulations and guidance at the federal level. It is likely that further changes will be made to Health Care Reform at the federal and/or state level as issues arise and its practical effects become clearer. Growing state and federal budgetary pressures make it more likely that any changes will be adverse to us. As a result, many of the specific aspects and impacts of Health Care Reform will not be known for several years, and given the inherent difficulty of foreseeing how individuals and businesses will respond to the choices afforded them by Health Care Reform, the Company cannot predict the full effect Health Care Reform will have on the Company or the impact of future changes to Health Care Reform. It is reasonably possible that Health Care Reform or changes to Health Care Reform, in the aggregate, could have a significant adverse effect on the Company's business operations and financial results.

Ongoing legislative and regulatory changes to Health Care Reform other pending efforts in the U.S. Congress to amend or restrict funding for various aspects of Health Care Reform (including risk corridors), the 2016 presidential election, pending litigation challenging aspects of the law and federal budget negotiations continue to create uncertainty about the ultimate impact of Health Care Reform. Examples of these legislative and regulatory changes include: the December 2015 suspension of the health insurer fee for 2017 and two year delay of the "Cadillac" tax on high-cost employer-sponsored health coverage; the October 2015 Protecting Affordable Coverage for Employees Act, which leaves

groups with 51 to 100 employees within the large group category for each state unless the state exercises its option to include these groups within the small group category; and the October 2015 HHS announcement that Health Care Reform risk corridor receivables for the 2014 program year would only be funded at 12.6%. The pending litigation includes the House of Representatives' challenge to HHS's ability to make payments under ACA's Cost Sharing Subsidiary program without an explicit appropriation.

As described above, the availability of funding for the ACA's temporary risk corridor program is an example of this uncertainty. In May 2014, CMS published a final rule on Public Exchanges. The final rule provides that payments to health plans under the ACA's risk corridor program will no longer be limited to the aggregate amount of the risk corridor collections received by HHS over the duration of the risk corridor program. However, it is possible that payments to health plans under the risk corridor program will require additional appropriation legislation to be passed by the U.S. Congress. In each of December 2014 and December 2015, legislation was enacted that prohibits HHS's use of certain funds to pay HHS's potential obligation under the ACA's risk corridor program. In October 2015, HHS announced that 2014 Health Care Reform risk corridor receivables would be funded at 12.6% to the extent HHS fully collects risk corridor payables. As a result, the Company continues to believe that receipt of any risk corridor payment from HHS for the 2015 program year and receipt of such payments in excess of the 12.6% prorated amount for the 2014 program year are uncertain. At December 31, 2015, the Company had no receivable for the remaining 2014 program year prorated amount that had not been collected from HHS and had no receivable for the 2015 program year. In addition, these limited risk corridor payments may create instability in the marketplace for individual commercial products in 2016 and going forward by, among other things, causing health plans to change or stop offering their Public Exchange products. 2016 is the last program year for the ACA's risk corridor program.

The federal and state governments also continue to enact and seriously consider many other broad-based legislative and regulatory proposals that have had a material impact on or could materially impact various aspects of the health care and related benefits system. The Company cannot predict whether pending or future federal or state legislation or court proceedings, including future U.S. Congressional appropriations, will change various aspects of the health care and related benefits system or Health Care Reform or the impact those changes will have on the Company's business operations or financial results, but the effects could be materially adverse.

In addition, Health Care Reform ties a portion of Medicare Advantage plans' reimbursement to the achievement of favorable CMS quality performance measures ("star ratings"). Since 2015, only Medicare Advantage plans with an overall star rating of four or more stars (out of five stars) are eligible for a quality bonus in their basic premium rates. As a result, the Company's Medicare Advantage plans' operating results in 2016 and going forward will be significantly affected by their star ratings.

(3) Medicare

The Company's Medicare Advantage and Standalone Prescription Drug Plan ("PDP") products are regulated by CMS. The regulations and contractual requirements applicable to the Company and other participants in Medicare programs are complex, expensive to comply with and subject to change. For example, in the second quarter of 2014, CMS issued a final rule implementing the Health Care Reform requirements that Medicare Advantage and PDP plans report and refund to CMS overpayments that those plans receive from CMS. The precise interpretation, impact and legality of this rule are not clear and are subject to pending litigation. In that same rule, CMS also changed in some respects how the Company can pay pharmacies in 2016 that impacts the Company's Medicare Advantage and PDP products. The Company has invested significant resources to comply with Medicare standards, and the Company's Medicare compliance efforts will continue to require significant resources. CMS may seek premium and other refunds, prohibit the Company from continuing to market and/or enroll members in or refuse to passively enroll members in one or more of the Company's Medicare or Medicare-Medicaid demonstration (historically known as "dual eligible") plans, exclude the Company from participating in one or more Medicare or dual eligible programs and/or institute other sanctions against the Company if the Company fails to comply with CMS regulations or the Company's Medicare contractual requirements.

(4) Federal Employees Health Benefits Program

The Company does not have any contracts with the OPM to provide managed health care services under the FEHB program in its service areas.

- D. The Company did not have any business interruption insurance recoveries for the years ending December 31, 2015 or 2014.
- E. The Company did not have any transferable and non-transferable state tax credits for the years ending December 31, 2015 or 2014.
- F. The Company did not have any subprime mortgage related risk exposures at December 31, 2015 or 2014.
- G. The Company did not have any retained assets at December 31, 2015 or 2014.
- H. The Company did not have any joint and several liability arrangements at December 31, 2015 or 2014.

22. Events subsequent

Type I - Recognized subsequent events

Subsequent events have been considered through February 25, 2016 for the statutory statement issued on March 1, 2016.

The Company had no known reportable recognized subsequent events.

Type II – Non-recognized subsequent events

Subsequent events have been considered through February 25, 2016 for the statutory statement issued on March 1, 2016.

On January 1, 2016, the Company will be subject to an annual fee under section 9010 of the Federal ACA. This annual fee will be allocated to individual health insurers based on the ratio of the amount of the entity's net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding calendar year. A health insurance entity's portion of the annual fee becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. As of December 31, 2015, the Company has written health insurance subject to the ACA assessment, expects to conduct health insurance business in 2016, and estimates their portion of the annual health insurance industry fee to be payable on September 30, 2016 to be \$6,330,000. This amount is reflected in special surplus. This assessment is expected to impact RBC by 10%. Reporting the ACA assessment as of December 31, 2015, would not have triggered an RBC action level.

	Current Year	Prior Year
A. Did the reporting entity write accident and health insurance premium that is subject to Section 9010 of the Federal Affordable Care Act (YES/NO)? Yes	
B. ACA fee assessment payable for the upcoming year	\$ 6,330,000	\$ 5,600,000
C. ACA fee assessment paid	\$ 5,894,800	\$ 3,465,000
D. Premium written subject to ACA 9010 assessment	\$ 547,811,950	\$ 287,701,477
E. Total Adjusted Capital before surplus adjustment (Five-Year Historical Line 14)	\$ 84,512,265	
F. Total Adjusted Capital after surplus adjustment (Five-Year Historical Line 14 minus 22B above)	\$ 58,182,265	
G. Authorized Control Level (Five-Year Historical Line 15)	\$ 11,491,559	
H. Would reporting the ACA assessment as of Dec. 31, 2015 have triggered an RBC action level (YES/NO)? No	

23. Reinsurance

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

- (1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company?
Yes () No (X)
If yes, give full details.
- (2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?
Yes () No (X)
If yes, give full details.

Section 2 – Ceded Reinsurance Report – Part A

- (1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than nonpayment of premium or other similar credit?
Yes () No (X)
 - a. If yes, what is the estimated amount of the aggregate reduction in surplus of a unilateral cancellation by the reinsurer as of the date of this statement, for those agreements in which cancellation results in a net obligation of the reporting entity to the reinsurer, and for which such obligation is not presently accrued? Where necessary, the reporting entity may consider the current or anticipated experience of the business reinsured in making this estimate.
\$ N/A .
 - b. What is the total amount of reinsurance credits taken, whether as an asset or as a reduction of liability for these agreements in this statement?
\$ N/A .
- (2) Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?
Yes () No (X)
If yes, give full details.

Section 3 – Ceded Reinsurance Report – Part B

(1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the insurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate.
None

(2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the company as of the effective date of the agreement?
 Yes () No (X)
 If yes, what is the amount of reinsurance credit, whether an asset or a reduction of liability, taken for such new agreements or amendments? \$ N/A

- B. The Company did not have uncollectible reinsurance at December 31, 2015.
- C. The Company did not have any commutation of ceded reinsurance at December 31, 2015.
- D. The Company's certified reinsurer's rating has not been downgraded or its status subject to revocation at December 31, 2015.

24. Retrospectively rated contracts and contracts subject to redetermination

A. Through annual contracts with CMS, the Company offers HMO plans for Medicare-eligible individuals through the Medicare Advantage program. Members typically receive enhanced benefits over standard Medicare fee-for-service coverage, including reduced cost-sharing for preventative care, vision and other non-Medicare services. Members also typically receive coverage for certain prescription drugs, usually subject to a deductible, co-insurance and/or co-payment. The revenues ultimately received by the Company for each member are based on that member's health status and demographic characteristics, as determined via the CMS risk adjustment process, under which the Company regularly submits risk adjustment data to CMS. As such, at December 31, 2015 the Company records a receivable for future revenues that it expects to receive from CMS in the 3rd quarter of 2016, after the final reconciliation of risk adjustment data for contract year 2015 is complete. The Company estimates this receivable by taking into account risk adjustment data for contract year 2015 submitted to CMS prior to December 31, 2015, as well as its estimate of the impact of risk adjustment data for contract year 2015 that will be submitted prior to the appropriate regulatory deadline in early 2016. These amounts are recognized in 2015 as premiums under contracts subject to redetermination. In addition, the Company's Medicare Advantage contracts are subject to retrospective rating provisions under which the Company and CMS share in amounts above and below agreed-upon target medical benefit ratios.

B. These accrued retrospective premiums, if any, are recorded through premiums and are estimated based on calculations that compare the Company's expected financial results for the contract against the appropriate medical benefit ratio target. The Company had net premiums written of \$30,338,191 and \$15,460,340 related to its agreements with CMS for the years ending December 31, 2015 and 2014, respectively, representing 8.9% for 2015 and 5.2% for 2014 of total premium revenue. The Company had net premiums receivable of \$867,373 related to its agreements with CMS as of December 31, 2015, representing 5.1% of total premiums receivable.

C. Contracts subject to redetermination

The Company has no contracts with OPM to provide or arrange health services under the FEHBP for federal employees, annuitants and their dependents

D. Medical loss ratio rebates required pursuant to the Public Health Service Act

The Company is required to make premium rebate payments to customers that are enrolled under certain health insurance policies if specific minimum annual MLR were not met in the prior year. The Company's results for full-year 2015 and 2014 included an estimate of \$0 and \$0, respectively, of minimum MLR rebates, which were included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus. The Company paid \$0 of minimum MLR rebates in 2015 for the year 2014. The Company paid \$0 of minimum MLR rebates in 2014 for the year 2013.

- Explanations of Adjustments
- A Due to updates to the data available to the Company to calculate the risk adjustment.....
 - B Due to additional claims run-out after the December 31, 2014 period.....
 - C Due to updated data available to the Company to calculate the risk corridor payables. Also includes the impact of the adjustments to the reinsurance recoveries and risk adjustments.....
 - D The Company did not record any receivables under Health Care Reform's risk corridor program at December 31, 2014 due to the uncertainty of funding available. In October 2015, HHS announced that 2014 Health Care Reform risk corridors would be funded at 12.6% to the extent HHS fully collects risk corridor payables. As a result, the Company recorded a risk corridor receivable that coincides with the portion of the 2014 Health Care Reform risk corridor receivables that were considered collectible.....

25. Change in incurred claims and claims adjustment expense

The following table shows the components of the change in claims unpaid, unpaid claims adjustment expense and aggregate health claim reserves for the years ended December 31, 2015 and 2014.

	2015	2014
Balance, January 1	\$30,717,742	\$28,524,089
Health care receivable	(76,955)	
Balance, January 1, net of health care receivable	30,640,787	28,524,089
Incurred related to:		
Current year	298,829,522	238,477,242
Prior years	(12,848,001)	(10,225,101)
Total incurred	285,981,521	228,252,141
Paid related to:		
Current year	256,414,484	209,843,475
Prior years	15,485,823	16,291,968
Total paid	271,910,307	226,135,443
Balance, December 31, net of health care receivable	44,712,001	30,640,787
Health care receivable	40,429	76,955
Balance, December 31	\$44,752,430	\$30,717,742

In 2015, reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$7,039 from \$1,794,019 in 2014 to \$1,786,980 in 2015. In 2014, reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years increased \$516,019 from \$1,278,000 in 2013 to \$1,794,019 in 2014. The lower than anticipated health care cost trend rates observed in 2015 and 2014 for claims incurred in 2014 and 2013, respectively, were due to moderating outpatient and physician trends and faster than expected claim payment speed. The Company considers historical trend rates together with knowledge of recent events that may impact current trends when developing estimates of current trend rates. Original estimates are increased or decreased as additional information becomes known regarding individual claims. Historical health care cost trend rates are not necessarily representative of current trends. The Company experienced \$8,645,132 of favorable prior year claim development on retrospectively rated policies, which is included in the net 2015 decrease. However, the business to which it relates is subject to premium adjustments. The Company excluded the impact of the change in health care receivables related to pharmacy rebates from the above roll-forward to conform to NAIC Annual Statement presentation.

Net coordination of benefits is implicit in the claims incurred but not reported calculation and could not be specifically identified.

26. Intercompany pooling arrangements

The Company did not have any intercompany pooling arrangements at December 31, 2015 or 2014.

27. Structured settlements

Not applicable to health entities.

28. Health care receivables

A. Pharmaceutical rebate receivables

NONE

B. Risk sharing receivables

The Company did not have any admitted risk sharing receivables at December 31, 2015 or 2014.

29. Participating policies

The Company did not have any participating policies at December 31, 2015 or 2014.

30. Premium deficiency reserves

December 31, 2015

1. Liability carried for premium deficiency reserves	\$0
2. Date of the most recent evaluation of this liability	12/31/2015
3. Was anticipated investment income utilized in the calculation?	Yes

31. Anticipated salvage and subrogation

See discussion of hospital and medical costs and claims adjustment expenses and related reserves in Note 1.

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

GENERAL

- 1.1 Is the reporting entity a member of an insurance Holding Company System consisting of two or more affiliated persons, one or more of which is an insurer? Yes [] No []
 If yes, complete Schedule Y, Parts 1, 1A and 2.
- 1.2 If yes, did the reporting entity register and file with its domiciliary State Insurance Commissioner, Director or Superintendent or with such regulatory official of the state of domicile of the principal insurer in the Holding Company System, a registration statement providing disclosure substantially similar to the standards adopted by the National Association of Insurance Commissioners (NAIC) in its Model Insurance Holding Company System Regulatory Act and model regulations pertaining thereto, or is the reporting entity subject to standards and disclosure requirements substantially similar to those required by such Act and regulations? Yes [] No [] N/A []
- 1.3 State Regulating? West Virginia _____
- 2.1 Has any change been made during the year of this statement in the charter, by-laws, articles of incorporation, or deed of settlement of the reporting entity? Yes [] No []
- 2.2 If yes, date of change: _____
- 3.1 State as of what date the latest financial examination of the reporting entity was made or is being made. _____ 12/31/2012
- 3.2 State the as of date that the latest financial examination report became available from either the state of domicile or the reporting entity. This date should be the date of the examined balance sheet and not the date the report was completed or released. _____ 12/31/2012
- 3.3 State as of what date the latest financial examination report became available to other states or the public from either the state of domicile or the reporting entity. This is the release date or completion date of the examination report and not the date of the examination (balance sheet date). _____ 06/30/2014
- 3.4 By what department or departments? *West Virginia Department of Insurance* _____
- 3.5 Have all financial statement adjustments within the latest financial examination report been accounted for in a subsequent financial statement filed with Departments? Yes [] No [] N/A []
- 3.6 Have all of the recommendations within the latest financial examination report been complied with? Yes [] No [] N/A []
- 4.1 During the period covered by this statement, did any agent, broker, sales representative, non-affiliated sales/service organization or any combination thereof under common control (other than salaried employees of the reporting entity) receive credit or commissions for or control a substantial part (more than 20 percent of any major line of business measured on direct premiums) of:
- 4.11 sales of new business? Yes [] No []
- 4.12 renewals? Yes [] No []
- 4.2 During the period covered by this statement, did any sales/service organization owned in whole or in part by the reporting entity or an affiliate, receive credit or commissions for or control a substantial part (more than 20 percent of any major line of business measured on direct premiums) of:
- 4.21 sales of new business? Yes [] No []
- 4.22 renewals? Yes [] No []
- 5.1 Has the reporting entity been a party to a merger or consolidation during the period covered by this statement? Yes [] No []
- 5.2 If yes, provide the name of the entity, NAIC company code, and state of domicile (use two letter state abbreviation) for any entity that has ceased to exist as a result of the merger or consolidation.

1 Name of Entity	2 NAIC Company Code	3 State of Domicile

- 6.1 Has the reporting entity had any Certificates of Authority, licenses or registrations (including corporate registration, if applicable) suspended or revoked by any governmental entity during the reporting period? Yes [] No []
- 6.2 If yes, give full information _____
- 7.1 Does any foreign (non-United States) person or entity directly or indirectly control 10% or more of the reporting entity? Yes [] No []
- 7.2 If yes,
- 7.21 State the percentage of foreign control _____
- 7.22 State the nationality(s) of the foreign person(s) or entity(s); or if the entity is a mutual or reciprocal, the nationality of its manager or attorney-in-fact and identify the type of entity(s) (e.g., individual, corporation, government, manager or attorney-in-fact).

1 Nationality	2 Type of Entity

GENERAL INTERROGATORIES

8.1 Is the company a subsidiary of a bank holding company regulated by the Federal Reserve Board? Yes [] No [X]
 8.2 If response to 8.1 is yes, please identify the name of the bank holding company.

8.3 Is the company affiliated with one or more banks, thrifts or securities firms? Yes [] No [X]
 8.4 If response to 8.3 is yes, please provide the names and locations (city and state of the main office) of any affiliates regulated by a federal financial regulatory services agency [i.e. the Federal Reserve Board (FRB), the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC) and the Securities Exchange Commission (SEC)] and identify the affiliate's primary federal regulator.

1	2	3	4	5	6
Affiliate Name	Location (City, State)	FRB	OCC	FDIC	SEC

9. What is the name and address of the independent certified public accountant or accounting firm retained to conduct the annual audit?
 KPMG LLP, ONE FINANCIAL PLAZA, 755 Main Street, HARTFORD, CT 06130-4117
 10.1 Has the insurer been granted any exemptions to the prohibited non-audit services provided by the certified independent public accountant requirements as allowed in Section 7H of the Annual Financial Reporting Model Regulation (Model Audit Rule), or substantially similar state law or regulation? Yes [] No [X]
 10.2 If the response to 10.1 is yes, provide information related to this exemption:
 10.3 Has the insurer been granted any exemptions related to the other requirements of the Annual Financial Reporting Model Regulation as allowed for in Section 18A of the Model Regulation, or substantially similar state law or regulation? Yes [] No [X]
 10.4 If the response to 10.3 is yes, provide information related to this exemption:
 10.5 Has the reporting entity established an Audit Committee in compliance with the domiciliary state insurance laws? Yes [] No [] N/A [X]
 10.6 If the response to 10.5 is no or n/a, please explain:
 See Attachment.

11. What is the name, address and affiliation (officer/employee of the reporting entity or actuary/consultant associated with an actuarial consulting firm) of the individual providing the statement of actuarial opinion/certification?
 William R. Jones, FSA, MAAA, 151 Farmington Avenue, RE2R, Hartford, CT 06156
 12.1 Does the reporting entity own any securities of a real estate holding company or otherwise hold real estate indirectly? Yes [] No [X]
 12.11 Name of real estate holding company _____
 12.12 Number of parcels involved _____
 12.13 Total book/adjusted carrying value \$ _____
 12.2 If yes, provide explanation

13. FOR UNITED STATES BRANCHES OF ALIEN REPORTING ENTITIES ONLY:
 13.1 What changes have been made during the year in the United States manager or the United States trustees of the reporting entity?
 13.2 Does this statement contain all business transacted for the reporting entity through its United States Branch on risks wherever located? Yes [] No []
 13.3 Have there been any changes made to any of the trust indentures during the year? Yes [] No []
 13.4 If answer to (13.3) is yes, has the domiciliary or entry state approved the changes? Yes [] No [] N/A []
 14.1 Are the senior officers (principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) of the reporting entity subject to a code of ethics, which includes the following standards?
 a. Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
 b. Full, fair, accurate, timely and understandable disclosure in the periodic reports required to be filed by the reporting entity;
 c. Compliance with applicable governmental laws, rules and regulations;
 d. The prompt internal reporting of violations to an appropriate person or persons identified in the code; and
 e. Accountability for adherence to the code.
 14.11 If the response to 14.1 is no, please explain:
 14.2 Has the code of ethics for senior managers been amended? Yes [X] No []
 14.21 If the response to 14.2 is yes, provide information related to amendment(s)
 See Attachment.
 14.3 Have any provisions of the code of ethics been waived for any of the specified officers? Yes [] No [X]
 14.31 If the response to 14.3 is yes, provide the nature of any waiver(s).

GENERAL INTERROGATORIES

- 15.1 Is the reporting entity the beneficiary of a Letter of Credit that is unrelated to reinsurance where the issuing or confirming bank is not on the SVO Bank List? Yes [] No [X]
- 15.2 If the response to 15.1 is yes, indicate the American Bankers Association (ABA) Routing Number and the name of the issuing or confirming bank of the Letter of Credit and describe the circumstances in which the Letter of Credit is triggered.

1 American Bankers Association (ABA) Routing Number	2 Issuing or Confirming Bank Name	3 Circumstances That Can Trigger the Letter of Credit	4 Amount

BOARD OF DIRECTORS

16. Is the purchase or sale of all investments of the reporting entity passed upon either by the board of directors or a subordinate committee thereof? Yes [] No [X]
17. Does the reporting entity keep a complete permanent record of the proceedings of its board of directors and all subordinate committees thereof? Yes [X] No []
18. Has the reporting entity an established procedure for disclosure to its board of directors or trustees of any material interest or affiliation on the part of any of its officers, directors, trustees or responsible employees that is in conflict or is likely to conflict with the official duties of such person? Yes [X] No []

FINANCIAL

19. Has this statement been prepared using a basis of accounting other than Statutory Accounting Principles (e.g., Generally Accepted Accounting Principles)? Yes [] No [X]
- 20.1 Total amount loaned during the year (inclusive of Separate Accounts, exclusive of policy loans):
- 20.11 To directors or other officers \$ _____
 - 20.12 To stockholders not officers \$ _____
 - 20.13 Trustees, supreme or grand (Fraternal only) \$ _____
- 20.2 Total amount of loans outstanding at the end of year (inclusive of Separate Accounts, exclusive of policy loans):
- 20.21 To directors or other officers \$ _____
 - 20.22 To stockholders not officers \$ _____
 - 20.23 Trustees, supreme or grand (Fraternal only) \$ _____
- 21.1 Were any assets reported in this statement subject to a contractual obligation to transfer to another party without the liability for such obligation being reported in the statement? Yes [] No [X]
- 21.2 If yes, state the amount thereof at December 31 of the current year:
- 21.21 Rented from others \$ _____

 - 21.23 Leased from others \$ _____
 - 21.24 Other \$ _____
- 22.1 Does this statement include payments for assessments as described in the Annual Statement Instructions other than guaranty fund or guaranty association assessments? Yes [] No [X]
- 22.2 If answer is yes:
- 22.21 Amount paid as losses or risk adjustment \$ _____
 - 22.22 Amount paid as expenses \$ _____
 - 22.23 Other amounts paid \$ _____
- 23.1 Does the reporting entity report any amounts due from parent, subsidiaries or affiliates on Page 2 of this statement? Yes [X] No []
- 23.2 If yes, indicate any amounts receivable from parent included in the Page 2 amount: \$ _____ 0

INVESTMENT

- 24.01 Were all the stocks, bonds and other securities owned December 31 of current year, over which the reporting entity has exclusive control, in the actual possession of the reporting entity on said date? (other than securities lending programs addressed in 24.03) Yes [X] No []
- 24.02 If no, give full and complete information, relating thereto
- 24.03 For security lending programs, provide a description of the program including value for collateral and amount of loaned securities, and whether collateral is carried on or off-balance sheet. (an alternative is to reference Note 17 where this information is also provided)
- 24.04 Does the company's security lending program meet the requirements for a conforming program as outlined in the Risk-Based Capital Instructions? Yes [] No [] NA [X]
- 24.05 If answer to 24.04 is yes, report amount of collateral for conforming programs. \$ _____
- 24.06 If answer to 24.04 is no, report amount of collateral for other programs. \$ _____
- 24.07 Does your securities lending program require 102% (domestic securities) and 105% (foreign securities) from the counterparty at the outset of the contract? Yes [] No [] NA [X]
- 24.08 Does the reporting entity non-admit when the collateral received from the counterparty falls below 100%? Yes [] No [] NA [X]
- 24.09 Does the reporting entity or the reporting entity's securities lending agent utilize the Master Securities Lending Agreement (MSLA) to conduct securities lending? Yes [] No [] NA [X]
- 24.10 For the reporting entity's security lending program, state the amount of the following as of December 31 of the current year:
- 24.101 Total fair value of reinvested collateral assets reported on Schedule DL, Parts 1 and 2 \$ _____
 - 24.102 Total book adjusted/carrying value of reinvested collateral assets reported on Schedule DL, Parts 1 and 2 \$ _____
 - 24.103 Total payable for securities lending reported on the liability page \$ _____

GENERAL INTERROGATORIES

25.1 Were any of the stocks, bonds or other assets of the reporting entity owned at December 31 of the current year not exclusively under the control of the reporting entity or has the reporting entity sold or transferred any assets subject to a put option contract that is currently in force? (Exclude securities subject to Interrogatory 21.1 and 24.03). Yes [] No []

25.2 If yes, state the amount thereof at December 31 of the current year:

25.21 Subject to repurchase agreements	\$ _____
25.22 Subject to reverse repurchase agreements	\$ _____
25.23 Subject to dollar repurchase agreements	\$ _____
25.24 Subject to reverse dollar repurchase agreements	\$ _____
25.25 Placed under option agreements	\$ _____
25.26 Letter stock or securities restricted as to sale – excluding FHLB Capital Stock	\$ _____
25.27 FHLB Capital Stock	\$ _____
25.28 On deposit with states	\$ _____ 600,099
25.29 On deposit with other regulatory bodies	\$ _____
25.30 Pledged as collateral – excluding collateral pledged to an FHLB	\$ _____
25.31 Pledged as collateral to FHLB – including assets backing funding agreements	\$ _____
25.32 Other	\$ _____

25.3 For category (25.25) provide the following:

1 Nature of Restriction	2 Description	3 Amount

26.1 Does the reporting entity have any hedging transactions reported on Schedule DB? Yes [] No []

26.2 If yes, has a comprehensive description of the hedging program been made available to the domiciliary state? If no, attach a description with this statement. Yes [] No [] N/A []

27.1 Were any preferred stocks or bonds owned as of December 31 of the current year mandatorily convertible into equity, or, at the option of the issuer, convertible into equity? Yes [] No []

27.2 If yes, state the amount thereof at December 31 of the current year. \$ _____

28. Excluding items in Schedule E – Part 3 – Special Deposits, real estate, mortgage loans and investments held physically in the reporting entity's offices, vaults or safety deposit boxes, were all stocks, bonds and other securities, owned throughout the current year held pursuant to a custodial agreement with a qualified bank or trust company in accordance with Section 1, III – General Examination Considerations, F. Outsourcing of Critical Functions, Custodial or Safekeeping agreements of the NAIC *Financial Condition Examiners Handbook*? Yes [] No []

28.01 For agreements that comply with the requirements of the NAIC *Financial Condition Examiners Handbook*, complete the following:

1 Name of Custodian(s)	2 Custodian's Address
State Street Bank and Trust Company	State Street Financial Center, One Lincoln Street, Boston, MA 02111-2914

28.02 For all agreements that do not comply with the requirements of the NAIC *Financial Condition Examiners Handbook*, provide the name, location and a complete explanation:

1 Name(s)	2 Location(s)	3 Complete Explanation(s)

28.03 Have there been any changes, including name changes, in the custodian(s) identified in 28.01 during the current year? Yes [] No []

28.04 If yes, give full and complete information relating thereto:

1 Old Custodian	2 New Custodian	3 Date of Change	4 Reason

GENERAL INTERROGATORIES

28.05 Identify all investment advisors, brokers/dealers or individuals acting on behalf of broker/dealers that have access to the investment accounts, handle securities and have authority to make investments on behalf of the reporting entity:

1 Central Registration Depository Number(s)	2 Name	3 Address

29.1 Does the reporting entity have any diversified mutual funds reported in Schedule D - Part 2 (diversified according to the Securities and Exchange Commission (SEC) in the Investment Company Act of 1940 [Section 5 (b) (1)])?

Yes [] No [X]

29.2 If yes, complete the following schedule:

1 CUSIP #	2 Name of Mutual Fund	3 Book/Adjusted Carrying Value
29.2999 TOTAL		0

29.3 For each mutual fund listed in the table above, complete the following schedule:

1 Name of Mutual Fund (from above table)	2 Name of Significant Holding of the Mutual Fund	3 Amount of Mutual Fund's Book/Adjusted Carrying Value Attributable to the Holding	4 Date of Valuation

30. Provide the following information for all short-term and long-term bonds and all preferred stocks. Do not substitute amortized value or statement value for fair value.

	1 Statement (Admitted) Value	2 Fair Value	3 Excess of Statement over Fair Value (-), or Fair Value over Statement (+)
30.1 Bonds.....	97,852,230	99,137,058	1,284,828
30.2 Preferred Stocks.....	0		0
30.3 Totals	97,852,230	99,137,058	1,284,828

30.4 Describe the sources or methods utilized in determining the fair values:

See Attachment.....

31.1 Was the rate used to calculate fair value determined by a broker or custodian for any of the securities in Schedule D?

Yes [X] No []

31.2 If the answer to 31.1 is yes, does the reporting entity have a copy of the broker's or custodian's pricing policy (hard copy or electronic copy) for all brokers or custodians used as a pricing source?

Yes [X] No []

31.3 If the answer to 31.2 is no, describe the reporting entity's process for determining a reliable pricing source for purposes of disclosure of fair value for Schedule D:

32.1 Have all the filing requirements of the *Purposes and Procedures Manual of the NAIC Investment Analysis Office* been followed?

Yes [X] No []

32.2 If no, list exceptions:

GENERAL INTERROGATORIES

OTHER

33.1 Amount of payments to trade associations, service organizations and statistical or rating bureaus, if any? \$698

33.2 List the name of the organization and the amount paid if any such payment represented 25% or more of the total payments to trade associations, service organizations and statistical or rating bureaus during the period covered by this statement.

1 Name	2 Amount Paid
Public Co Accounting Oversight Board	\$256

1 Name	2 Amount Paid
	\$
	\$
	\$

GENINTPT1 - Attachment

10.6 Coventry Health Care of West Virginia, Inc. was the subsidiary of Coventry Health Care, Inc. Coventry Health Care, Inc. was merged into Aetna Health Holdings, LLC January 1, 2014; as a result, the Company designated the Audit Committee of its immediate parent company Aetna Health Holdings, LLC to be the Company's Audit Committee.

- 14.21 The Code of Conduct was amended effective September 2015. The key substantive changes include:
- Increased focus and clarity regarding expectations of Aetna's vendors, including vendors to our Medicare business
 - Increased clarity on the resources available to Aetna's vendors, including vendors to our Medicare business, to report possible compliance violations or business conduct or integrity concerns
 - Updated guidance on protecting Aetna's and our customers' information
 - Updated information on Aetna's Medicare Compliance Program

There were also numerous non-substantive clarifying and conforming changes and updates to the factual information contained in the Code of Conduct, such as the level of giving by the Aetna Foundation since 1980.

30.4 Fair value of long term bonds and preferred stocks are determined based on quoted market prices when available, fair values using valuation methodologies based on available and observable market information or by using matrix pricing. If quoted market prices are not available, we determine fair value using broker quoted or an internal analysis of each investment's financial performance and cash flow projections. Short Term investments are carried at amortized cost which approximated fair value. The carrying value of cash equivalents approximated fair value.

GENERAL INTERROGATORIES
PART 2 - HEALTH INTERROGATORIES

- 1.1 Does the reporting entity have any direct Medicare Supplement Insurance in force? Yes [] No [X]
- 1.2 If yes, indicate premium earned on U. S. business only. \$ _____ 0

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of UNICARE Health Plan of West Virginia, Inc. (the "Company") have been prepared in conformity with the National Association of Insurance Commissioners' ("NAIC") *Annual Statement Instructions* and in accordance with accounting practices prescribed by the NAIC *Accounting Practices and Procedures Manual* ("NAIC SAP"), subject to any deviations prescribed or permitted by the West Virginia Offices of the Insurance Commissioner (the "Department").

A reconciliation of the Company's net income (loss) and capital and surplus between NAIC SAP and practices prescribed and permitted by the Department is shown below:

	<u>State of Domicile</u>	<u>2015</u>	<u>2014</u>
<u>Net Income</u>			
(1) UNICARE Health Plan of West Virginia, Inc. state basis (Page 4, Line 32, Columns 2 & 3)	West Virginia	\$ 2,005,553	\$ 24,522,036

(7) State Permitted Practices that increase/(decrease) NAIC SAP:		—	—
(8) NAIC SAP (5-6-7-8)	West Virginia	\$ 58,756,154	\$ 59,949,433

B. Use of Estimates in the Preparation of the Financial Statements

Preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
NOTES TO FINANCIAL STATEMENTS

C. Accounting Policies

Health premium revenues, based on membership records and premium rates for each membership category within each county, are recognized as revenue during the period in which the Company is obligated to provide service to members. Premiums are reported net of excess loss reinsurance ceded and experience rated refunds. Premiums paid before the effective service month are recorded on the balance sheet as premiums received in advance and are subsequently credited to income as earned during the coverage period. Premium rates are subjected to approval by Centers for Medicare and Medicaid Services. Costs, such as premium taxes and other underwriting expenses are charged to operations as incurred.

In addition, the Company uses the following accounting policies:

1. Short-term investments include investments with maturities of less than one year at the date of acquisition and are reported at amortized cost, which approximates fair value. *Non-investment grade short-term investments are stated at the lower of amortized cost or fair value as determined by various third-party pricing sources.*
2. Investment grade bonds not backed by other loans are stated at amortized cost, with amortization calculated based on the modified scientific method, using lower of yield to call or yield to maturity. *Non-investment grade bonds are stated at the lower of amortized cost or fair value as determined by various third-party pricing sources.*
3. The Company has no investments in common stocks.
4. The Company has no investments in preferred stocks.
5. The Company has no mortgage loans - real estate.
6. The Company has no loan-backed securities.
7. The Company has no investments in subsidiaries, controlled and affiliated companies.
8. The Company has no investments in joint ventures, partnerships or limited liability companies.
9. The Company has no derivative instruments.
10. The Company does not anticipate investment income as a factor in premium deficiency calculations.
11. Unpaid claims and claims adjustment expenses include management's best estimate of amounts based on historical claim development patterns and certain individual case estimates. The established liability considers health benefit provisions, business practices, economic conditions and other factors that may materially affect the cost, frequency and severity of claims. Reserves for unpaid claims and claim adjustment expenses are based on assumptions and estimates, and while management believes such estimates are reasonable, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and changes in estimates are incorporated into current period estimates.
12. The Company has not modified its capitalization policy from the prior period.
13. Pharmacy rebate receivables are recorded when earned based upon actual rebate receivables billed and an estimate of receivables based upon current utilization of specific pharmaceuticals and provider contract terms.

D. Going Concern

Not applicable.

2. Accounting Changes and Corrections of Errors

There were no accounting changes or corrections of errors during the years ended December 31, 2015 and 2014.

NOTES TO FINANCIAL STATEMENTS

D. The Company's income tax expense and change in deferred income taxes differs from the amount obtained by applying the federal statutory income tax rate of 35% for the year ended December 31 as follows:

	2015	2014
Tax expense computed using federal statutory rate	\$ 3,291,791	\$ 13,619,261
Change in nonadmitted assets	65,608	(438,371)
Tax exempt income and dividend received deduction net of proration	(899,173)	(327,801)
ACA health insurer fee	2,021,787	1,371,996
Other, net	5,208	—
Total	<u>\$ 4,885,221</u>	<u>\$ 14,225,085</u>
Federal income taxes incurred	\$ 7,399,564	\$ 14,390,139
Change in net deferred income taxes	(2,514,343)	(165,054)
Total statutory income taxes	<u>\$ 4,885,221</u>	<u>\$ 14,225,085</u>

E. Operating loss carryforwards:

- The Company has no operating loss carryforwards and no tax credit carryforwards as of December 31, 2015.
- The following are income taxes incurred in the current and prior year(s) that will be available for recoupment in the event of future net losses:

	Ordinary	Capital	Total
2015	\$ 7,282,518	\$ 12,973	\$ 7,295,491
2014	14,559,725	73,000	14,632,725
2013	N/A	21,621	21,621

- The Company has no protective tax deposits reported as admitted assets under Section 6603 of the Internal Revenue Service Code as of December 31, 2015 and 2014.

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
 NOTES TO FINANCIAL STATEMENTS

F. The following companies will be included in the consolidated federal income tax return with their parent Anthem, Inc. as of December 31, 2015 and either are current members of the consolidated tax sharing agreement or are in the process of being added to the consolidated tax sharing agreement. Allocation of federal income taxes with affiliates subject to the tax sharing agreement is based upon separate income tax return calculations with credit for net losses that can be used on a consolidated basis. Pursuant to this agreement, the Company has the enforceable right to recoup federal income taxes paid in prior years in the event of future losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to federal income taxes. Intercompany income tax balances are settled based on the Internal Revenue Service due dates.

10. Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

A. Nature of the Relationship

The Company is a West Virginia domiciled stock insurance company and is a wholly-owned subsidiary of UNICARE National Services, Inc., a Delaware corporation, which is an indirect wholly-owned subsidiary of Anthem, Inc. ("Anthem"), a publicly traded company. The shareholders of Anthem approved to amend its articles of incorporation to change the name to Anthem, Inc. from WellPoint, Inc. The name change was effective December 2, 2014.

On July 24, 2015, the Company's ultimate parent company, Anthem, and Cigna Corporation ("Cigna") entered into an Agreement and Plan of Merger dated as of July 23, 2015, by and among Anthem, Cigna and Anthem Merger Sub Corp., a Delaware corporation and a direct wholly-owned subsidiary of Anthem, pursuant to which Anthem will acquire all outstanding shares of Cigna. The acquisition is expected to close in the second half of 2016 and is subject to certain state regulatory approvals, standard closing conditions, customary approvals required under the Hart-Scott-Rodino Antitrust Improvements Act and the approval of both the Anthem, Inc. shareholders and Cigna's stockholders.

B. Significant Transactions for Each Period

The following significant transactions took place between the Company and its affiliates:

The Board of Directors of the Company declared an ordinary dividend in the amount of \$5,900,000 on December 9, 2015. The Company paid the dividend to its parent company, UNICARE National Services, Inc., on December 21, 2015.

The Board of Directors of the Company declared an ordinary dividend in the amount of \$4,000,000 on December 4, 2014. The Company paid the dividend to its parent company, UNICARE National Services, Inc., on December 19, 2014.

C. Intercompany Management and Service Arrangements

There were no changes to the intercompany management and service arrangements, and there were no additional arrangements entered into during 2015 or 2014. The amounts of transactions under such agreements are presented in Schedule Y, Part 2.

D. Amounts Due to or from Related Parties

At December 31, 2015 and 2014, the Company reported \$11,811 and \$163,291 due from affiliates and \$2,458,893 and \$1,399,701 due to affiliates, respectively. The receivable and payable balances represent intercompany transactions that will be settled in accordance with the settlement terms of the intercompany agreement.

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
NOTES TO FINANCIAL STATEMENTS

E. Guarantees or Contingencies for Related Parties

The Company did not enter into guarantees or undertakings for the benefit of an affiliate which would result in a material contingent exposure of the Company's or any affiliated insurer's assets or liabilities.

F. Management and Service Contracts and Cost Sharing Arrangements

The Company has entered into administrative services agreements with its affiliated companies. Pursuant to these agreements, various administrative, management and support services are provided to or provided by the Company. The costs and expenses related to these administrative management and support services are allocated to or allocated by the Company in an amount equal to the direct and indirect costs and expenses incurred in providing these services. Costs include expenses such as salaries, employee benefits, communications, advertising, consulting services, rent, utilities, billing, accounting, underwriting, and product development, which support the Company's operations. These costs are allocated based on various utilization statistics.

G. Nature of Control Relationships that Could Affect Operations or Financial Position

UNICARE National Services, Inc. owns all outstanding shares of the Company. The Company's ultimate parent is Anthem.

H. Amount Deducted for Investment in Upstream Company

The Company does not own shares of upstream intermediate entities or Anthem.

I. Detail of Investments in Affiliates Greater than 10% of Admitted Assets

The Company does not have investments in affiliates greater than 10% of admitted assets.

J. Write-down for Impairments of Investments in Subsidiaries, Controlled or Affiliated Companies

Not applicable.

K. Investment in a Foreign Insurance Subsidiary

The Company does not have investments in foreign insurance subsidiaries.

L. Investment in Downstream Non-insurance Holding Companies

Not applicable.

11. Debt

A. Capital Notes

The Company had no capital notes outstanding at December 31, 2015 and 2014.

B. All Other Debt

The Company had no other debt outstanding at December 31, 2015 and 2014.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

A. Defined Benefit Plan

Not applicable - See Note 12G.

NOTES TO FINANCIAL STATEMENTS

B. Not applicable - See Note 12G.

C. Not applicable - See Note 12G.

D. Not applicable - See Note 12G.

E. Defined Contribution Plans

Not applicable - See Note 12G.

F. Multiemployer Plans

The Company does not participate in a multiemployer plan.

G. Consolidated/Holding Company Plans

The Company participates in the Anthem Cash Balance Pension Plan (the "Plan"), a frozen non-contributory defined benefit pension plan sponsored by ATH Holding Company, LLC ("ATH Holding") covering most employees of Anthem and its subsidiaries. ATH Holding allocates a share of the total accumulated (credits) costs of the Plan to the Company based on the number of allocated employees. During 2015 and 2014, these credits totaled (\$111,375) and (\$84,760), respectively. The Company has no legal obligation for benefits under this plan.

The Company participates in a postretirement medical benefit plan, sponsored by ATH Holding, providing certain health, life, vision and dental benefits to eligible retirees. ATH Holding allocates a share of the total accumulated costs of this plan to the Company based on the number of allocated employees. During 2015 and 2014, these costs totaled \$4,732 and \$3,356, respectively. The Company has no legal obligation for benefits under this plan.

The Company participates in a deferred compensation plan sponsored by Anthem which covers certain employees. The deferred amounts are payable according to the terms and subject to the conditions of said deferred compensation agreements. Anthem allocates a share of the total accumulated costs of this plan to the Company based on the number of allocated employees subject to the deferred compensation agreements. During 2015 and 2014, these costs totaled \$10,191 and \$7,741, respectively. The Company has no legal obligation for benefits under this plan.

The Company participates in the Anthem 401(k) Retirement Savings Plan, sponsored by ATH Holding and covering substantially all employees. Voluntary employee contributions are matched by ATH Holding subject to certain limitations. ATH Holding allocates a share of the total accumulated costs of this plan to the Company based on the number of allocated employees. During 2015 and 2014, these costs totaled \$342,132 and \$270,341 respectively. The Company has no legal obligation for benefits under this plan.

H. Post Employment Benefits and Compensated Absences

Liabilities for earned not yet taken vacation and severance benefits have been accrued as of December 31, 2015 and 2014.

I. Impact of Medicare Modernization Act on Postretirement Benefits (INT 04-17)

Not applicable.

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
NOTES TO FINANCIAL STATEMENTS

13. Capital and Surplus, Shareholders' Dividend Restrictions and Quasi-Reorganizations

(1) Outstanding Shares

As of December 31, 2015, the Company has 10,000 shares of \$100 par value common stock authorized, issued and outstanding.

(2) Preferred Stock

The Company has no preferred stock outstanding.

(3) Dividend Restrictions

Under West Virginia law, the amount of ordinary dividends a domestic insurer is permitted to pay is limited to an amount not exceeding the lesser of net income, excluding the impact of capital gains, or 10% of statutory surplus at the end of the preceding year as long as the Company's unassigned surplus is positive. These dividends may be paid upon notification to the Department. Larger dividends, classified as extraordinary, require a special request of the Department, and may be paid at the earlier of Department approval or 30 days after the request is made.

(4) Dividends Paid

See Footnote 10B.

(5) Maximum Ordinary Dividend During 2016

Within the limitations of (3) above, the Company may pay \$1,981,426 in dividends during 2016 without prior approval.

(6) Unassigned Surplus Restrictions

Unassigned surplus funds are not restricted at December 31, 2015.

(7) Mutual Surplus Advances

Not applicable.

(8) Company Stock Held for Special Purpose

There are no shares of stock held for special purposes at December 31, 2015.

(9) Changes in Special Surplus Funds

The change in balances of special surplus funds from the prior year are due to amounts segregated for the estimated 2016 Affordable Care Act ("ACA") health insurer fee.

(10) Changes in Unassigned Funds

There was no portion of unassigned funds represented by cumulative unrealized gains at December 31, 2015.

(11) Surplus Notes

The Company has not issued any surplus notes or debentures or similar obligations.

(12) Restatement due to Prior Quasi-reorganizations

The Company had no restatements due to prior quasi-reorganizations.

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
NOTES TO FINANCIAL STATEMENTS

(13) Quasi-reorganizations over Prior 10 Years

The Company has not been involved in a quasi-reorganization during the past 10 years.

14. Liabilities, Contingencies and Assessments

A. Contingent Commitments

The Company had no contingent commitments at December 31, 2015.

B. Assessments

Not applicable.

C. Gain Contingencies

The Company has no gain contingencies at December 31, 2015.

D. Claims-Related Extra Contractual Obligation and the Bad Faith Losses Stemming From Lawsuits

Not applicable.

E. Joint and Several Liabilities

Not applicable.

F. All Other Contingencies

In February 2015, Anthem reported that it was the target of a sophisticated external cyber-attack. The attackers gained unauthorized access to certain of Anthem's information technology systems and obtained personal information related to many individuals and employees, such as names, birthdays, health care identification/social security numbers, street addresses, email addresses, phone numbers and employment information, including income data. To date, there is no evidence that credit card or medical information, such as claims, test results or diagnostic codes, were targeted, accessed or obtained, although no assurance can be given that Anthem will not identify additional information that was accessed or obtained.

Anthem has continued to implement security enhancements since this incident and is supporting federal law enforcement efforts to identify the responsible parties. Upon discovery of the cyber-attack, Anthem took immediate action to remediate the security vulnerability and retained a cybersecurity firm to evaluate its systems and identify solutions based on the evolving landscape. Anthem is providing credit monitoring and identity protection services to those who have been affected by this cyber-attack. Anthem has incurred expenses subsequent to the cyber-attack to investigate and remediate this matter and expects to continue to incur expenses of this nature in the foreseeable future. Anthem will recognize these expenses in the periods in which they are incurred.

Actions have been filed in various federal and state courts, and other claims have been or may be asserted against Anthem on behalf of current or former members, current or former employees, other individuals, shareholders or others seeking damages or other related relief, allegedly arising out of the cyber-attack. State and federal agencies, including state insurance regulators, state attorneys general, the Health and Human Services Office of Civil Rights and the Federal Bureau of Investigation, are investigating events related to the cyber-attack, including how it occurred, its consequences and Anthem's responses. Although Anthem is cooperating in these investigations, Anthem may be subject to fines or other obligations, which may have an adverse effect on how Anthem operates its business and results of operations. With respect to the civil actions, a motion to transfer was filed with the Judicial Panel on Multidistrict Litigation in February 2015 and was subsequently heard by the Panel

NOTES TO FINANCIAL STATEMENTS

in May 2015. In June 2015, the Panel entered its order transferring the consolidated matter to the U.S. District Court for the Northern District of California. The U.S. District Court entered its Case Management Order in September 2015. Anthem has filed a Motion to Dismiss several of the counts that are before the U.S. District Court. There remain a few state court cases that are presently proceeding outside of the Multidistrict Litigation.

Anthem has contingency plans and insurance coverage for certain expenses and potential liabilities of this nature. The coverage has been sufficient to cover the majority of claims and liabilities incurred to date. While a loss from these matters is reasonably possible, Anthem cannot reasonably estimate a range of possible losses because the investigation into the matter is ongoing, the proceedings remain in the early stages, alleged damages have not been specified, there is uncertainty as to the likelihood of a class or classes being certified or the ultimate size of any class if certified, and there are significant factual and legal issues to be resolved.

The Company is involved in other pending and threatened litigation of the character incidental to the business transacted, arising out of its operations and is from time to time involved as a party in various governmental and administrative proceedings. These investigations, audits and reviews include routine and special investigations by state insurance departments, state attorneys general, the U.S. Attorney General and Federal Agencies. Such investigations could result in the imposition of civil or criminal fines, penalties and other sanctions. The Company believes that any liability that may result from any one of these actions is unlikely to have a material adverse effect on the Company's financial position or results of operations.

At December 31, 2015 and 2014, the Company reported admitted assets of \$14,708,877 and \$3,872,224, respectively, in premium receivables. These receivables are not deemed to be uncollectible, therefore, no additional provision for uncollectible amounts has been recorded. The potential for any additional loss is not believed to be material to the Company's financial condition. The Company has no other known contingencies.

15. Leases

A. Lessee Operating Lease

The Company has no lessee leasing arrangements.

B. Lessor Leases

1. The Company has not entered into any operating leases.
2. The Company has not entered into any leveraged leases.

16. Information About Financial Instruments With Off-Balance Sheet Risk and Financial Instruments With Concentrations of Credit Risk

The Company has no significant financial instruments with off-balance sheet risk.

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of investment securities. All investment securities are managed by professional investment managers within policies authorized by the board of directors. Such policies limit the amounts that may be invested in any one issuer and prescribe certain investee company criteria. As of December 31, 2015, there were no significant concentrations.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

A. Transfers of Receivables Reported as Sales

Not applicable at December 31, 2015 and 2014.

NOTES TO FINANCIAL STATEMENTS

B. Transfer and Servicing of Financial Assets

Not applicable at December 31, 2015 and 2014.

C. Wash Sales

1. In the course of the Company's asset management, securities may be sold and reacquired within 30 days of the sale date to enhance the yield on the investments.
2. At December 31, 2015 and 2014, there were no wash sales involving securities with an NAIC designation of 3 or below or unrated.

18. Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

A. Administrative Services Only ("ASO") Plans

Not applicable at December 31, 2015 and 2014.

B. Administrative Services Contract ("ASC") Plans

Not applicable at December 31, 2015 and 2014.

C. Medicare or Other Similarly Structured Cost-Based Reimbursement Contract

Not applicable at December 31, 2015 and 2014.

19. Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

No premiums were written by managing general agents or third party administrators during the years ended December 31, 2015 and 2014.

20. Fair Value Measurements

A.

(1) There are no assets or liabilities measures at fair value as of December 31, 2015 and 2014.

(2) Fair Value Measurements in (Level 3) of the Fair Value Hierarchy

There are no investments in Level 3 as of December 31, 2015 and 2014.

(3) The Company's policy is to recognize transfers between Levels, if any, as of the beginning of the reporting period.

(4) Fair values of fixed maturity securities are based on quoted market prices, where available. These fair values are obtained primarily from third party pricing services, which generally use Level 1 or Level 2 inputs, for the determination of fair value to facilitate fair value measurements and disclosures. United States government securities represent Level 1 securities, while Level 2 securities primarily include corporate securities, securities from states, municipalities and political subdivisions and residential mortgage-backed securities. For Securities not actively traded, the third party pricing services may use quoted market prices of comparable instruments or discounted cash flow analyses, incorporating inputs that are currently observable in the markets for similar securities. Inputs that are often used in the valuation methodologies include, but are not limited to, broker quotes, benchmark yields, credit spreads, default rates and prepayment speeds.

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
NOTES TO FINANCIAL STATEMENTS

Fair values of equity securities are generally designated as Level 1 and are based on quoted market prices. For certain equity securities, quoted market prices for the identical security are not always available and the fair value is estimated by reference to similar securities for which quoted prices are available. These securities are designated Level 2.

There have been no significant changes in the valuation techniques during the current period.

B. Fair Value Measurements Under Other Accounting Pronouncements

Not applicable at December 31, 2015 and 2014.

C. Financial Instruments

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Not Practicable (Carrying Value)
Bonds	\$ 65,186,271	\$ 62,609,844	\$ 99,523	\$ 65,080,748	\$ ---	---
Short-term investments	4,383,776	4,385,294	4,383,776	---	---	---

D. Not Practicable to Estimate Fair Value

There are no financial instruments that were not practicable to estimate fair value.

21. Other Items

A. Unusual or Infrequent Items

Not applicable at December 31, 2015 and 2014.

B. Troubled Debt Restructuring: Debtors

Not applicable at December 31, 2015 and 2014.

C. Other Disclosures

Assets in the amount of \$100,892 and \$101,166 at December 31, 2015 and 2014, respectively, were on deposit with government authorities or trustees as required by law.

D. Business Interruption Insurance Recoveries

The Company has reported no recoveries for business interruption for the years ended December 31, 2015 and 2014.

E. State Transferable and Non-Transferable Tax Credits

The Company did not have state transferable tax credits at December 31, 2015 and 2014.

F. Subprime Mortgage-Related Risk Exposure

1. The Company's investment strategy of providing safety and preservation of capital, sufficient liquidity to meet cash flow requirements and the attainment of a competitive after-tax investment return is supported by a well diversified portfolio consisting of many different types of investments. The portion of the Company's investment portfolio with subprime mortgage-related risk exposure is relatively small in comparison to the overall investment portfolio, and consists of investment grade securities with no exposure to collateralized debt obligations. All mortgage related investments are

NOTES TO FINANCIAL STATEMENTS

monitored closely as part of the quarterly investment review performed by the Anthem Investment Impairment Review Committee.

2. The Company did not carry investments in subprime mortgage loans in its portfolio at December 31, 2015 or 2014.
3. The Company did not have subprime mortgage-related risk exposure at December 31, 2015 or 2014.
4. The Company did not underwrite Mortgage Guaranty or Financial Guaranty insurance coverage at December 31, 2015.

G. Retained Assets

The Company does not have retained assets at December 31, 2015 and 2014.

22. Events Subsequent

The Company is subject to an annual fee under section 9010 of the ACA. A health insurance company's portion of the annual fee becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. The Company has written health insurance subject to the ACA assessment and expects to conduct health insurance business in 2016. The Company reflected its estimated portion of the fee payable on September 30, 2016 in special surplus. The annual fee under section 9010 of the ACA has been suspended for 2017 and will resume for 2018 and beyond.

	<u>Current Year</u>	<u>Prior Year</u>
A. Did the reporting entity write accident and health insurance premium that is subject to Section 9010 of the Federal Affordable Care Act (YES/NO)?	Yes	
B. ACA fee assessment payable for the upcoming year	\$ 7,369,504	\$ 5,767,159
C. ACA fee assessment paid	\$ 5,776,534	\$ 3,919,988
D. Premium written subject to ACA 9010 assessment	\$ 314,651,005	\$ 275,467,103
E. Total Adjusted Capital before surplus adjustment (Five-Year Historical Line 14)	\$ 58,756,154	
F. Total Adjusted Capital after surplus adjustment (Five-Year Historical Line 14 minus Line 22B above).	\$ 51,386,650	
G. Authorized Control Level (Five-Year Historical Line 15)	\$ 10,707,898	
H. Would reporting the ACA assessment as of December 31, 2015 have triggered an RBC action level (YES/NO)?	No	

Subsequent events have been considered through February 29, 2016 for the statutory statement issued on February 29, 2016. There were no other events occurring subsequent to December 31, 2015.

23. Reinsurance**A. Ceded Reinsurance Report****Section 1 - General Interrogatories**

1. Are any of the reinsurers that are listed in Schedule S as non-affiliated owned in excess of 10% or controlled, either directly or indirectly, by the Company or by any representative, officer, trustee, or director of the Company?

Yes () No (X)

If yes, give full details.

NOTES TO FINANCIAL STATEMENTS

2. Have any policies issued by the Company been reinsured with a company chartered in a country other than the United States (excluding U.S. Branches of such companies) that is owned in excess of 10% or controlled, directly or indirectly, by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?

Yes () No (X)

If yes, give full details.

Section 2 - Ceded Reinsurance Report - Part A

1. Does the Company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits?

Yes () No (X)

If yes, give full details.

2. Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?

Yes () No (X)

If yes, give full details.

Section 3 - Ceded Reinsurance Report - Part B

1. What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the reinsurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the Company may consider the current or anticipated experience of the business reinsured in making this estimate.

N/A

2. Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the Company as of the effective date of the agreement?

Yes () No (X)

If yes, give full details.

B. Uncollectible Reinsurance

The Company has no uncollectible reinsurance at December 31, 2015 and 2014.

C. Commutation of Ceded Reinsurance

The Company has not commuted ceded reinsurance during 2015 and 2014.

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
NOTES TO FINANCIAL STATEMENTS

D. Certified Reinsurer Rating Downgraded or Status Subject Revocation

The Company has no downgraded-certified reinsurer ratings or status subject to revocations during 2015 and 2014.

24. Retrospectively Rated Contracts & Contracts Subject to Redetermination

- A. The Company estimates accrued retrospective premium adjustments in accordance with the terms prescribed in its contract with the State of West Virginia. The contract calculates retrospective premium adjustments based on the Company's restated medical loss ratio.
- B. The Company records accrued retrospective premium as an adjustment to earned premium.
- C. All of the Company's net premiums written are subject to a retrospective rating feature.
- D. Not applicable
- E. Risk-Sharing Provisions of the Affordable Care Act ("ACA")

(1) Did the reporting entity write accident and health insurance premium that is subject to the Affordable Care Act risk-sharing provisions (YES/NO)?

No

(2) Not applicable.

(3) Not applicable.

25. Change in Incurred Claims and Claim Adjustment Expenses

The estimated cost of claims and claim adjustment expense attributable to insured events of prior years increased by \$1,353,392 during 2015. This is approximately 6.7% of unpaid claims and claim adjustment expenses of \$20,265,607 as of December 31, 2014. The deficiency reflects the increases in estimated claims and claims adjustment expenses as a result of claims payment during the year, and as additional information is received regarding claims incurred prior to 2015. Recent claim development trends are also taken into account in evaluating the overall adequacy of unpaid claims and unpaid claim adjustment expense.

26. Intercompany Pooling Arrangements

Not applicable at December 31, 2015 and 2014.

27. Structured Settlements

Not applicable at December 31, 2015 and 2014.

ANNUAL STATEMENT FOR THE YEAR 2015 OF THE UNICARE Health Plan of West Virginia, Inc.
 NOTES TO FINANCIAL STATEMENTS

28. Health Care Receivables

A. Pharmaceutical Rebate Receivables

Quarter	Estimated Pharmacy Rebates as Reported on Financial Statements	Pharmacy Rebates as Billed or Otherwise Confirmed	Actual Rebates Received Within 90 Days of Billing	Actual Rebates Received Within 91 to 180 Days of Billing	Actual Rebates Received More Than 180 Days After Billing

B. Risk Sharing Receivables

Not applicable at December 31, 2015 and 2014.

29. Participating Policies

Not applicable at December 31, 2015 and 2014.

30. Premium Deficiency Reserves

The Company recorded a premium deficiency reserve of \$6,894,420 as of December 31, 2015. The Company had no liabilities related to premium deficiency reserves as of December 31, 2014.

31. Anticipated Salvage and Subrogation

The Company took into account estimated anticipated subrogation and other recoveries in its determination of the liability for unpaid claims and reduced the liability by \$325,000 and \$321,000 at December 31, 2015 and 2014, respectively.

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

GENERAL

- 1.1 Is the reporting entity a member of an Insurance Holding Company System consisting of two or more affiliated persons, one or more of which is an insurer? Yes [X] No []
 If yes, complete Schedule Y, Parts 1, 1A and 2
- 1.2 If yes, did the reporting entity register and file with its domiciliary State Insurance Commissioner, Director or Superintendent, or with such regulatory official of the state of domicile of the principal insurer in the Holding Company System, a registration statement providing disclosure substantially similar to the standards adopted by the National Association of Insurance Commissioners (NAIC) in its Model Insurance Holding Company System Regulatory Act and model regulations pertaining thereto, or is the reporting entity subject to standards and disclosure requirements substantially similar to those required by such Act and regulations? Yes [X] No [] N/A []
- 1.3 State Regulating? West Virginia
- 2.1 Has any change been made during the year of this statement in the charter, by-laws, articles of incorporation, or deed of settlement of the reporting entity? Yes [] No [X]
- 2.2 If yes, date of change:
- 3.1 State as of what date the latest financial examination of the reporting entity was made or is being made 12/31/2013
- 3.2 State the as of date that the latest financial examination report became available from either the state of domicile or the reporting entity. This date should be the date of the examined balance sheet and not the date the report was completed or released. 12/31/2013
- 3.3 State as of what date the latest financial examination report became available to other states or the public from either the state of domicile or the reporting entity. This is the release date or completion date of the examination report and not the date of the examination (balance sheet date). 06/30/2015
- 3.4 By what department or departments? West Virginia Department of Insurance
- 3.5 Have all financial statement adjustments within the latest financial examination report been accounted for in a subsequent financial statement filed with Departments? Yes [] No [] N/A [X]
- 3.6 Have all of the recommendations within the latest financial examination report been complied with? Yes [] No [] N/A [X]
- 4.1 During the period covered by this statement, did any agent, broker, sales representative, non-affiliated sales/service organization or any combination thereof under common control (other than salaried employees of the reporting entity), receive credit or commissions for or control a substantial part (more than 20 percent of any major line of business measured on direct premiums) of:
 4.11 sales of new business? Yes [] No [X]
 4.12 renewals? Yes [] No [X]
- 4.2 During the period covered by this statement, did any sales/service organization owned in whole or in part by the reporting entity or an affiliate, receive credit or commissions for or control a substantial part (more than 20 percent of any major line of business measured on direct premiums) of:
 4.21 sales of new business? Yes [] No [X]
 4.22 renewals? Yes [] No [X]
- 5.1 Has the reporting entity been a party to a merger or consolidation during the period covered by this statement? Yes [] No [X]
- 5.2 If yes, provide the name of the entity, NAIC Company Code, and state of domicile (use two letter state abbreviation) for any entity that has ceased to exist as a result of the merger or consolidation.
- | 1 | 2 | 3 |
|----------------|-------------------|-------------------|
| Name of Entity | NAIC Company Code | State of Domicile |
| | | |
- 6.1 Has the reporting entity had any Certificates of Authority, licenses or registrations (including corporate registration, if applicable) suspended or revoked by any governmental entity during the reporting period? Yes [] No [X]
- 6.2 If yes, give full information:
- 7.1 Does any foreign (non-United States) person or entity directly or indirectly control 10% or more of the reporting entity? Yes [] No [X]
- 7.2 If yes,
 7.21 State the percentage of foreign control: %
 7.22 State the nationality(s) of the foreign person(s) or entity(s) or if the entity is a mutual or reciprocal, the nationality of its manager or attorney-in-fact; and identify the type of entity(s) (e.g., individual, corporation or government, manager or attorney in fact).

Nationality	Type of Entity

GENERAL INTERROGATORIES

- 8.1 Is the company a subsidiary of a bank holding company regulated by the Federal Reserve Board? Yes [] No [X]
- 8.2 If response to 8.1 is yes, please identify the name of the bank holding company.
- 8.3 Is the company affiliated with one or more banks, thrifts or securities firms? Yes [] No [X]
- 8.4 If response to 8.3 is yes, please provide below the names and location (city and state of the main office) of any affiliates regulated by a federal regulatory services agency [i.e. the Federal Reserve Board (FRB), the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC) and the Securities Exchange Commission (SEC)] and identify the affiliate's primary federal regulator.

1 Affiliate Name	2 Location (City, State)	3 FRB	4 OCC	5 FDIC	6 SEC

9. What is the name and address of the independent certified public accountant or accounting firm retained to conduct the annual audit?
Ernst & Young LLP, 111 Monument Circle, Suite 400, Indianapolis, IN 46204-5120
- 10.1 Has the insurer been granted any exemptions to the prohibited non-audit services provided by the certified independent public accountant requirements as allowed in Section 7H of the Annual Financial Reporting Model Regulation (Model Audit Rule), or substantially similar state law or regulation? Yes [] No [X]
- 10.2 If the response to 10.1 is yes, provide information related to this exemption:
- 10.3 Has the insurer been granted any exemptions related to the other requirements of the Annual Financial Reporting Model Regulation as allowed for in Section 18A of the Model Regulation, or substantially similar state law or regulation? Yes [] No [X]
- 10.4 If the response to 10.3 is yes, provide information related to this exemption:
- 10.5 Has the reporting entity established an Audit Committee in compliance with the domiciliary state insurance laws? Yes [X] No [] N/A []
- 10.6 If the response to 10.5 is no or n/a, please explain:
11. What is the name, address and affiliation (office/employee of the reporting entity or actuary/consultant associated with an actuarial consulting firm) of the individual providing the statement of actuarial opinion/certification?
Mark Justus, FSA, MAAA, Director & Actuary III, 3350 Peachtree Road, Atlanta, GA 30326 - employee
- 12.1 Does the reporting entity own any securities of a real estate holding company or otherwise hold real estate indirectly? Yes [] No [X]
- 12.11 Name of real estate holding company:
- 12.12 Number of parcels involved:
- 12.13 Total book/adjusted carrying value: \$
- 12.2 If, yes provide explanation:

FOR UNITED STATES BRANCHES OF ALIEN REPORTING ENTITIES ONLY:

- 13.1 What changes have been made during the year in the United States manager or the United States trustees of the reporting entity?
- 13.2 Does this statement contain all business transacted for the reporting entity through its United States Branch on risks wherever located? Yes [] No []
- 13.3 Have there been any changes made to any of the trust indentures during the year? Yes [] No []
- 13.4 If answer to (13.3) is yes, has the domiciliary or entry state approved the changes? Yes [] No [] N/A []
- 14.1 Are the senior officers (principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) of the reporting entity subject to a code of ethics, which includes the following standards? Yes [X] No []
- (a) Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- (b) Full, fair, accurate, timely and understandable disclosure in the periodic reports required to be filed by the reporting entity;
- (c) Compliance with applicable governmental laws, rules and regulations;
- (d) The prompt internal reporting of violations to an appropriate person or persons identified in the code; and
- (e) Accountability for adherence to the code.
- 14.11 If the response to 14.1 is No, please explain:
- 14.2 Has the code of ethics for senior managers been amended? Yes [X] No []
- 14.21 If the response to 14.2 is yes, provide information related to amendment(s).
Minor revisions were made in February 2015. Specifically, the language was modified for the following policy changes contained within the code: Community Service, Business Entertainment, Vendor Relationships, Prohibition on Discrimination in Marketing and Enrollment, and Business Relationships with Pharmaceutical Manufacturers. Additionally the Chief Executive Officers letter was updated, a letter from the Chief Compliance Officer was added and certain informational sections were removed.
- 14.3 Have any provisions of the code of ethics been waived for any of the specified officers? Yes [] No [X]
- 14.31 If the response to 14.3 is yes, provide the nature of any waiver(s).

GENERAL INTERROGATORIES

- 15.1 Is the reporting entity the beneficiary of a Letter of Credit that is unrelated to reinsurance where the issuing or confirming bank is not on the SVO Bank List? Yes [] No [X]
- 15.2 If the response to 15.1 is yes, indicate the American Bankers Association (ABA) Routing Number and the name of the issuing or confirming bank of the Letter of Credit and describe the circumstances in which the Letter of Credit is triggered.

1 American Bankers Association (ABA) Routing Number	2 Issuing or Confirming Bank Name	3 Circumstances That Can Trigger the Letter of Credit	4 Amount

BOARD OF DIRECTORS

16. Is the purchase or sale of all investments of the reporting entity passed upon either by the board of directors or a subordinate committee thereof? Yes [X] No []
17. Does the reporting entity keep a complete permanent record of the proceedings of its board of directors and all subordinate committees thereof? Yes [X] No []
18. Has the reporting entity an established procedure for disclosure to its board of directors or trustees of any material interest or affiliation on the part of any of its officers, directors, trustees or responsible employees that is in conflict with the official duties of such person? Yes [X] No []

FINANCIAL

19. Has this statement been prepared using a basis of accounting other than Statutory Accounting Principles (e.g., Generally Accepted Accounting Principles)? Yes [] No [X]
- 20.1 Total amount loaned during the year (inclusive of Separate Accounts, exclusive of policy loans):
- 20.11 To directors or other officers \$
 - 20.12 To stockholders not officers \$
 - 20.13 Trustees, supreme or grand (Fraternal Only) \$
- 20.2 Total amount of loans outstanding at the end of year (inclusive of Separate Accounts, exclusive of policy loans):
- 20.21 To directors or other officers \$
 - 20.22 To stockholders not officers \$
 - 20.23 Trustees, supreme or grand (Fraternal Only) \$
- 21.1 Were any assets reported in this statement subject to a contractual obligation to transfer to another party without the liability for such obligation being reported in the statement? Yes [] No [X]
- 21.2 If yes, state the amount thereof at December 31 of the current year:
- 21.21 Rented from others \$
 - 21.22 Borrowed from others \$
 - 21.23 Leased from others \$
 - 21.24 Other \$
- 22.1 Does this statement include payments for assessments as described in the Annual Statement Instructions other than guaranty fund or guaranty association assessments? Yes [] No [X]
- 22.2 If answer is yes:
- 22.21 Amount paid as losses or risk adjustment \$
 - 22.22 Amount paid as expenses \$
 - 22.23 Other amounts paid \$
- 23.1 Does the reporting entity report any amounts due from parent, subsidiaries or affiliates on Page 2 of this statement? Yes [X] No []
- 23.2 If yes, indicate any amounts receivable from parent included in the Page 2 amount: \$ 0

INVESTMENT

- 24.01 Were all the stocks, bonds and other securities owned December 31 of current year, over which the reporting entity has exclusive control, in the actual possession of the reporting entity on said date? (other than securities lending programs addressed in 24.03) Yes [X] No []
- 24.02 If no, give full and complete information relating thereto
- 24.03 For security lending programs, provide a description of the program including value for collateral and amount of loaned securities, and whether collateral is carried on or off-balance sheet. (an alternative is to reference Note 17 where this information is also provided)
- 24.04 Does the Company's security lending program meet the requirements for a conforming program as outlined in the Risk-Based Capital Instructions? Yes [] No [] N/A [X]
- 24.05 If answer to 24.04 is yes, report amount of collateral for conforming programs \$
- 24.06 If answer to 24.04 is no, report amount of collateral for other programs \$
- 24.07 Does your securities lending program require 102% (domestic securities) and 105% (foreign securities) from the counterparty at the outset of the contract? Yes [] No [] N/A [X]
- 24.08 Does the reporting entity non-admit when the collateral received from the counterparty falls below 100%? Yes [] No [] N/A [X]

25.29 On deposit with other regulatory bodies.....	\$	
25.30 Pledged as collateral - excluding collateral pledged to an FHLB.....	\$	
25.31 Pledged as collateral to FHLB - including assets backing funding agreements.....	\$	
25.32 Other.....	\$	

25.3 For category (25.26) provide the following:

1 Nature of Restriction	2 Description	3 Amount

26.1 Does the reporting entity have any hedging transactions reported on Schedule DB? Yes No

26.2 If yes, has a comprehensive description of the hedging program been made available to the domiciliary state? Yes No N/A
If no, attach a description with this statement.

27.1 Were any preferred stocks or bonds owned as of December 31 of the current year mandatorily convertible into equity, or, at the option of the issuer, convertible into equity? Yes No

27.2 If yes, state the amount thereof at December 31 of the current year. \$

28. Excluding items in Schedule E - Part 3 - Special Deposits, real estate, mortgage loans and investments held physically in the reporting entity's offices, vaults or safety deposit boxes, were all stocks, bonds and other securities, owned throughout the current year held pursuant to a custodial agreement with a qualified bank or trust company in accordance with Section 1, III - General Examination Considerations, F, Outsourcing of Critical Functions, Custodial or Safekeeping Agreements of the NAIC Financial Condition Examiners Handbook? Yes No

28.01 For agreements that comply with the requirements of the NAIC Financial Condition Examiners Handbook, complete the following:

1 Name of Custodian(s)	2 Custodian's Address
Bank of New York Mellon Corporation	New York, NY

28.02 For all agreements that do not comply with the requirements of the NAIC Financial Condition Examiners Handbook, provide the name, location and a complete explanation:

1 Name(s)	2 Location(s)	3 Complete Explanation(s)

28.03 Have there been any changes, including name changes, in the custodian(s) identified in 28.01 during the current year? Yes No

28.04 If yes, give full and complete information relating thereto:

1 Old Custodian	2 New Custodian	3 Date of Change	4 Reason

28.05 Identify all investment advisors, brokers/dealers or individuals acting on behalf of brokers/dealers that have access to the investment accounts, handle securities and have authority to make investments on behalf of the reporting entity:

1 Central Registration Depository Number(s)	2 Name	3 Address
113878	McDonnell Investment Management, LLC	Oak Brook, IL

GENERAL INTERROGATORIES

- 29.1 Does the reporting entity have any diversified mutual funds reported in Schedule D, Part 2 (diversified according to the Securities and Exchange Commission (SEC) in the Investment Company Act of 1940 [Section 5(b)(1)]? Yes [] No [X]
- 29.2 If yes, complete the following schedule:

1	2	3
CUSIP #	Name of Mutual Fund	Book/Adjusted Carrying Value
29.2999 - Total		0

- 29.3 For each mutual fund listed in the table above, complete the following schedule:

1	2	3	4
Name of Mutual Fund (from above table)	Name of Significant Holding of the Mutual Fund	Amount of Mutual Fund's Book/Adjusted Carrying Value Attributable to the Holding	Date of Valuation

30. Provide the following information for all short-term and long-term bonds and all preferred stocks. Do not substitute amortized value or statement value for fair value.

	1	2	3
	Statement (Admitted) Value	Fair Value	Excess of Statement over Fair Value (-), or Fair Value over Statement (+)
30.1 Bonds	66,994,338	69,564,047	2,569,709
30.2 Preferred stocks	0		0
30.3 Totals	66,994,338	69,564,047	2,569,709

- 30.4 Describe the sources or methods utilized in determining the fair values:

Fair values were obtained from third-party pricing sources. If a security was not priced by a third-party pricing source, internal analytical systems or broker quotes were utilized.

- 31.1 Was the rate used to calculate fair value determined by a broker or custodian for any of the securities in Schedule D? Yes [] No [X]
- 31.2 If the answer to 31.1 is yes, does the reporting entity have a copy of the broker's or custodian's pricing policy (hard copy or electronic copy) for all brokers or custodians used as a pricing source? Yes [] No []
- 31.3 If the answer to 31.2 is no, describe the reporting entity's process for determining a reliable pricing source for purposes of disclosure of fair value for Schedule D:
- 32.1 Have all the filing requirements of the Purposes and Procedures Manual of the NAIC Investment Analysis Office been followed? Yes [X] No []
- 32.2 If no, list exceptions:

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of West Virginia Family Health Plan, Inc. (the "Corporation") are presented on the basis of accounting practices prescribed by the West Virginia Offices of the Insurance Commissioner (the "WVOIC"). The WVOIC recognizes only statutory accounting practices prescribed or permitted by the State of West Virginia for determining and reporting the financial condition and results of operations of an insurance company in order to assess its solvency under West Virginia insurance law and regulations. The National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP") has been adopted as a component of prescribed or permitted practices by the State of West Virginia. The WVOIC has the right to permit other specific practices that deviate from prescribed practices.

For the period ended December 31, 2015, there were no differences between NAIC SAP and practices prescribed or permitted by the State of West Virginia. A reconciliation of the Corporation's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of West Virginia is shown below:

	<u>State of</u> <u>Domicile</u>	<u>2015</u>	<u>2014</u>
Net Income (loss)			
West Virginia Family Health Plan, Inc. State basis	WV	\$ 802,448	\$ (2,773,054)
State prescribed practices that increase/(decrease) NAIC SAP		-	-
State permitted practices that increase/(decrease) NAIC SAP		-	-
NAIC SAP	WV	<u>\$ 802,448</u>	<u>\$ (2,773,054)</u>
Surplus			
West Virginia Family Health Plan, Inc. State basis	WV	\$ 17,360,602	\$ 3,577,605
State prescribed practices that increase/(decrease) NAIC SAP		-	-
State permitted practices that increase/(decrease) NAIC SAP		-	-
NAIC SAP	WV	<u>\$ 17,360,602</u>	<u>\$ 3,577,605</u>

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policies

The Corporation uses the following accounting policies:

- 1) Short-term investments include Class 1 and exempt money market accounts and securities with a maturity of less than one year but greater than 90 days at the date of purchase. Short-term investments are stated at amortized cost.
- 2) Bonds are not applicable.
- 3) Common stocks are not applicable.
- 4) Preferred stocks are not applicable.
- 5) Mortgage loans are not applicable.
- 6) Loan-backed securities are not applicable.
- 7) Investments in subsidiaries, controlled and affiliated entities ("SCAs") are not applicable.
- 8) Investments in joint ventures, partnerships and limited liability companies are not applicable.
- 9) Derivatives are not applicable.
- 10) Premium deficiency calculation is not applicable.
- 11) Claims unpaid include claims reported and adjudicated but unpaid as well as an estimate of incurred but not reported claims. The liability for claims incurred but not reported is an actuarial estimate based on historical claims paid data, modified for current conditions and coverage changes. The methods to determine the estimate of incurred but not reported claims use past experience adjusted for current trends. The methods and assumptions are continually reviewed and any resulting adjustments are included in claims incurred in the period determined.
- 12) Capitalization policy is not applicable.
- 13) Pharmaceutical rebates are not applicable.

NOTES TO FINANCIAL STATEMENTS

14) The Corporation is subject to federal income taxes. Deferred tax assets ("DTAs") and deferred tax liabilities ("DTLs") are determined based on differences between the financial reporting and tax basis of assets and liabilities and are measured using tax rates and laws that are expected to be in effect when the difference is reversed. Net DTAs are admitted to the extent that they are expected to reverse and become realized within three years. Uncertain tax positions are assessed in accordance with applicable statutory guidance.

15) The Corporation's revenue includes capitation payments from the State of West Virginia Bureau for Medical Services (the "Department"). Payments are generally received in the same month as the coverage period. Premiums that have been received prior to the service period are reported as premiums received in advance.

The Corporation's contract with the Department requires the Corporation to maintain a Medical Loss Ratio ("MLR") of at least eighty five (85) percent during the calendar year reporting period for the Mountain Health Trust ("MHT") and West Virginia Health Bridge ("WVHB") programs. At December 31, 2015, the Corporation calculated a MLR of less than eighty five (85) percent for the MHT program and recorded a payable to the Department of \$3,084,777. The Corporation's MLR for WVHB program was greater than eighty five (85) percent at December 31, 2015.

2. Accounting Changes and Corrections of Errors

None.

3. Business Combinations and Goodwill

None.

4. Discontinued Operations

None.

5. Investments

None.

6. Joint Ventures, Partnerships and Limited Liability Companies

None.

7. Investment Income

A. Basis for Excluding Due and Accrued Investment Income from Statutory Surplus

Investment income due and accrued is excluded from the financial statements for all investment income due on any invested asset that is 90 days or more past due.

B. Amounts Excluded from Statutory Surplus

None.

8. Derivative Instruments

None.

9. Income Taxes

A. Components in Deferred Taxes

The tax effects of temporary differences that gave rise to significant portions of DTAs and DTLs as of December 31, were as follows:

1.	2015			2014		
	Ordinary	Capital	Total	Ordinary	Capital	Total
(a) Gross DTAs	\$ 3,738,431	\$ -	\$ 3,738,431	\$ 3,582,293	\$ -	\$ 3,582,293
(b) Statutory valuation allowance adjustments	3,738,431	-	3,738,431	3,133,081	-	3,133,081
(c) Adjusted gross DTAs	-	-	-	459,212	-	459,212
(d) DTAs nonadmitted	-	-	-	-	-	-
(e) Subtotal net admitted DTAs	-	-	-	459,212	-	459,212
(f) DTLs	-	-	-	459,212	-	459,212
(g) Net admitted DTA/(net DTL)	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

NOTES TO FINANCIAL STATEMENTS

The change in the tax effect of temporary differences that gave rise to significant portions of DTAs and DTLs from December 31, 2015 to 2014 were as follows:

	Change		
	Ordinary	Capital	Total
(a) Gross DTAs	\$ -	\$ -	\$ -
(b) Statutory valuation allowance adjustments	-	-	-
(c) Adjusted gross DTAs	-	-	-
(d) DTAs nonadmitted	-	-	-
(e) Subtotal net admitted DTAs	-	-	-
(f) DTLs	-	-	-
(g) Net admitted DTA/(net DTL)	\$ -	\$ -	\$ -

The amount of each result or component of the DTA admission calculated at December 31 were as follows:

2	2015			2014		
	Ordinary	Capital	Total	Ordinary	Capital	Total
Admission calculation components SSAP No. 101						
(a) Federal income taxes paid in prior years recoverable through loss carrybacks	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
(b) Adjusted gross DTAs expected to be realized (excluding the amount of DTAs from above) after application of the threshold limitation.						
1. Adjusted gross DTAs expected to be realized following the balance sheet date.	-	-	-	-	-	-
2. Adjusted gross DTAs allowed per limitation threshold.	-	-	2,604,090	-	-	-
(c) Adjusted gross DTAs (excluding the amount of DTAs from above) offset by gross DTLs.	-	-	-	-	-	-
(d) DTAs admitted as the result of application of SSAP No. 101.	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

The change of each result or component of DTAs admission between December 31, 2015 and 2014 were as follows:

Admission calculation components SSAP No. 101	Change		
	Ordinary	Capital	Total
(a) Federal income taxes paid in prior years recoverable through loss carrybacks	\$ -	\$ -	\$ -
(b) Adjusted gross DTAs expected to be realized (excluding the amount of DTAs from above) after application of the threshold limitation.			
1. Adjusted gross DTAs expected to be realized following the balance sheet date.	-	-	-
2. Adjusted gross DTAs allowed per limitation threshold.	-	-	-
(c) Adjusted gross DTAs (excluding the amount of DTAs from above) offset by gross DTLs.	-	-	-
(d) SSAP No. 101.	\$ -	\$ -	\$ -

The ratios used to determine applicable period used for determining the amount of adjusted gross DTA, expected to be realized and the amount of adjusted capital and surplus used to determine the percentage threshold limitation at December 31 were:

3.	2015	2014
(a) Ratio percentage used to determine recovery period and threshold limitation amount.	464.9%	415.4%
(b) Amount of adjusted capital and surplus used to determine recovery period and threshold limitation above.	\$ 17,360,602	\$ 3,577,606
4. Impact of tax planning strategies		

For the years ending December 31, 2015 and 2014, the Corporation has not employed any tax planning strategies to admit DTAs.

B. Unrecognized Deferred Tax Liabilities

For the years ended December 31, 2015 and 2014, the Corporation does not have situations where DTLs were not recognized for amounts described in SSAP 101.

NOTES TO FINANCIAL STATEMENTS

C. Current Income Taxes Incurred

Current income taxes incurred consisted of these major components at December 31:

	2015	2014	Change
1. Current income tax			
(a) Federal	\$ -	\$ -	\$ -
(b) Foreign	-	-	-
(c) Subtotal	-	-	-
(d) Federal income tax on net capital gains	-	-	-
(e) Utilization of capital loss carry-forwards	-	-	-
(f) Other	-	-	-
(g) Federal and foreign income taxes incurred	\$ -	\$ -	\$ -
2. DTAs:			
(a) Ordinary			
(1) Discounting of unpaid losses	\$ 65,366	\$ -	\$ 65,366
(2) Unearned premium reserve	-	-	-

(5) Deferred acquisition costs	-	-	-
(6) Policy holder dividends accrual	-	-	-
(7) Fixed assets	-	-	-
(8) Compensation and benefits accrual	-	-	-
(9) Pension accrual	-	-	-
(10) Receivables - nonadmitted	-	-	-
(11) Net operating loss carry-forward	1,643,125	1,485,102	158,023
(12) Tax credit carry-forward	-	-	-
(13) Other (including items <5% of total ordinary tax assets)	2,029,940	2,107,191	(77,251)
(14) Intangible Assets	-	-	-
Subtotal	3,738,431	3,592,293	146,138
(b) Statutory valuation allowance adjustment	3,738,431	3,133,081	605,350
(c) Nonadmitted	-	-	-
(d) Admitted ordinary DTAs	\$ -	\$ 459,212	\$ (459,212)
(e) Capital:			
(1) Investments	\$ -	\$ -	\$ -
(2) Net capital loss carry-forward	-	-	-
(3) Real estate	-	-	-
(4) tax assets)	-	-	-
(5) Reserve for asset impairment	-	-	-
(6) Unrealized capital losses (net)	-	-	-
Subtotal	-	-	-
(f) Statutory valuation allowance adjustment	-	-	-
(g) Nonadmitted	-	-	-
(h) Admitted capital DTAs	\$ -	\$ -	\$ -
(i) Admitted DTAs	\$ -	\$ 459,212	\$ (459,212)
3. DTLs:			
(a) Ordinary			
(1) Investments	\$ -	\$ -	\$ -
(2) Fixed assets	-	-	-
(3) Deferred and uncollected premium	-	-	-
(4) Policyholder reserves	-	-	-
(5) tax liabilities)	-	-	-
Subtotal	\$ -	\$ -	\$ -
(b) Capital:			
(1) Investments	\$ -	\$ -	\$ -
(2) Real estate	-	-	-
(3) tax liabilities)	-	-	-
Subtotal	\$ -	\$ -	\$ -
(c) DTLs	\$ -	\$ 459,212	\$ -
4. Net DTAs/DTLs	\$ -	\$ -	\$ (459,212)

NOTES TO FINANCIAL STATEMENTS

D. Rate Reconciliation

The provision for federal and foreign income taxes incurred is different from that which would be obtained by applying the statutory federal income tax rate to income before income taxes. The significant items causing this difference are as follows:

	2015	2014
Provision computed at statutory rate	\$ 280,857	\$ (970,569)
Changes in temporary differences recorded to surplus	(893,647)	(2,183,914)
Changes in valuation allowance	605,352	3,133,081
Other	7,438	21,402
Tax exempt losses	-	-
	-	-
Federal and foreign income taxes incurred	-	-
Change in net deferred income taxes	-	-

E. Carryforwards, Recoverable Taxes, and IRC §6603 deposits:

At December 31, 2015, the Corporation has no loss carryforwards.

At December 31, 2015, the Corporation has contribution carryforwards of \$2,935.

The following is income tax expense for 2015 and 2014 that is available for recoupment in the event of future net losses:

Year	Ordinary	Capital	Total
2014	-	-	-
2015	-	-	-
	\$ -	\$ -	\$ -

The Corporation has not made any deposits admitted under Section 6603 of the Internal Revenue Service Code.

F. Consolidation of Federal Return

The Corporation is not included in a consolidated federal income tax return with Highmark West Virginia Inc., d/b/a Highmark Blue Cross Blue Shield West Virginia ("HWV").

G. Significant Increase or Decrease to Income Tax Loss Contingencies

The Corporation does not anticipate that any significant increase or decrease to unrecognized tax benefits will be recorded in 2016.

10. Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

A., F. Nature of Relationships Involved

The Corporation is owned by 22 federally qualified health centers, two primary care clinics, two hospitals, and a trade association, which collectively own 57% of the stock. HWV owns the remaining 43% of stock.

B., C. Description of Transactions Relating to Parent and Subsidiaries, Controlled and Affiliated entities ("SCAs")

During 2015, the HWV board of directors and the WVOIC approved an amendment to the existing surplus note with the Corporation, increasing the amount from \$14,000,000 to \$25,500,000. Refer to Note 13 - Capital and Surplus, Dividend Restrictions, and Quasi-Reorganizations for further information.

The Corporation is party to a management service agreement with HWV, which provides management and administrative services to the Corporation. The Corporation incurred expenses for these services of approximately \$5,397,527 and \$1,312,327 for the years ended 2015 and 2014, respectively, which were recorded in general administrative expenses.

The Corporation has entered into an administrative services and network access agreement with United Concordia Companies, Inc. ("UCCI"), an affiliate, whereby UCCI provides administrative services on behalf of the Corporation for the offering of the Corporation's dental policies.

In June 2014, the Corporation repaid an outstanding line of credit to HWV in the full principal amount of \$250,000 plus accrued interest of \$28,289. The line of credit was subsequently cancelled.

D. Related Party Receivables and Payables

The amounts due to HWV for administrative services performed by HWV on behalf of the Corporation were \$951,139 and \$586,828 at December 31, 2015 and 2014, respectively. These amounts were classified as general expenses due or accrued based on the nature of the services performed.

NOTES TO FINANCIAL STATEMENTS

E. Commitments and Contingencies to SCAs

None.

None.

13. Capital and Surplus, Dividend Restrictions, and Quasi-Reorganizations

A. Capital Stock

The Corporation has 11,000 common stock shares authorized, issued and outstanding at a par value of \$10 per share. All shares are Class A shares.

B. Preferred Stock

The Corporation has 90,000 preferred stock shares authorized, issued and outstanding at a par value of \$11 per share. All shares are Class B shares.

In December 2012, as part of the Stock and Note Purchase Agreement between the Corporation, a warrant was issued to WVA. The warrant allows WVA to purchase shares of the Corporation's Class B Preferred Stock at \$0.001 per share of Stock. The number of shares available for purchase is dependent on the Medicaid Temporary Assistance to Needy Families ("TANF") enrollee amount as of September 1, 2016, which could increase WVA's ownership up to 60% of all shares of voting capital stock of the Corporation. The warrant is exercisable as of September 1, 2016 and shall end one hundred sixty-five days from such date. At December 31, 2014 and 2015, no amounts were recognized in the statutory financial statements as a result of this warrant.

None.

NOTES TO FINANCIAL STATEMENTS

I. Special Surplus Funds

Beginning in 2015, the Corporation became subject to an annual fee under section 9010 of the Affordable Care Act ("ACA"). This annual fee is allocated to individual health insurers based on the ratio of the amount of the entity's net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding calendar year. The year-to-date accrual of the estimated fee for 2016 was reclassified from unassigned surplus to special surplus in accordance with applicable statutory guidance.

J. Changes in Surplus

None.

K. Surplus Notes

The Corporation issued the following surplus note to HWV:

<u>Date Issued</u>	<u>Interest Rate</u>	<u>Par Value (Face Amount of Note)</u>	<u>Carrying Value of Note</u>	<u>Principal and/or Interest Paid Current Year</u>	<u>Total Principal and/or Interest Paid</u>	<u>Unapproved Principal and/or Interest</u>	<u>Date of Maturity</u>
12/17/2012	7.54% *	\$ 25,500,000	\$ 25,500,000	\$ -	\$ -	\$ 2,430,237	12/31/2022

*The note accrues interest on the outstanding principal balance determined on the first business day of the calendar quarter immediately preceding the date of the advance and adjusted on the first business day of each calendar quarter thereafter.

L., M. Quasi-Reorganizations

Not applicable.

14. Contingencies

A. Contingent Commitments

None.

B. Assessments

None.

C. Gain Contingencies

None.

D. Claims Related Extra Contractual Obligation and Bad Faith Losses Stemming From Lawsuits

None.

E. Joint and Several Liabilities

None.

F. All Other Contingencies

The Corporation is subject to various contingencies, including legal and compliance actions and proceedings that arise in the ordinary course of its business. In the opinion of management, based on consultation with legal counsel, adequate provision has been made in the financial statements for any potential liability related to these matters, and the amount of ultimate liability is not expected to materially affect the financial position or results from operations of the Corporation.

15. Leases

None.

None.

19. Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

None.

20. Fair Value Measurements

A. Assets and Liabilities Measured at Fair Value

In accordance with SSAP No. 100, financial assets and liabilities recorded at fair value in the statements of assets, liabilities capital and surplus are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Input levels as defined by NAIC SAP are as follows:

Level 1 – Pricing inputs are based on unadjusted quoted market prices for identical financial assets in active markets. Active markets are those in which transactions occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Pricing inputs are based on other than quoted prices in active markets included in Level 1 that are observable unadjusted quoted market prices for similar financial assets or liabilities in active markets or quoted market prices for identical assets in inactive markets.

Level 3 – Pricing inputs include unobservable inputs that are supported by little or no market activity that reflect management's best estimate of what market participants would use in pricing the asset at the measurement date.

The following methods and assumptions were used to determine the fair value of each class of the following assets and liabilities:

Cash: Cash is designated as Level 1.

Short-term securities: Short-term securities include Class 1 and exempt money market accounts, and securities with a maturity of less than one year but greater than 90 days at the date of purchase. Fair values of short-term securities are based on quoted market prices, where available. These fair values are obtained primarily from a third party pricing service, which generally use Level 1 or Level 2 inputs, for the determination of fair value to facilitate fair value measurements and disclosures. U.S. Government securities represent Level 1 securities, while Level 2 securities include corporate securities. Inputs that are often used in the valuation methodologies include, but are not limited to, broker quotes, benchmark yields, credit spreads, default rates, and prepayment speeds.

B. Fair Value Disclosed Under Other Accounting Pronouncements

Not applicable.

C. Fair Value and Admitted Value of All Financial Assets

The following table summarizes the aggregate fair value for all financial assets by level and the related admitted values at December 31, 2015:

	Aggregate Fair Value	Admitted Assets (BACV)	Fair Value (Level 1)	Fair Value (Level 2)	Fair Value (Level 3)	Not Practicable (Carrying Value)
Short-term securities	\$ 7,000,000	\$ 7,000,000	\$ 7,000,000	\$ -	\$ -	\$ -
Cash and cash equivalents	28,367,894	28,367,894	28,367,894	-	-	-
Total	<u>\$ 35,367,894</u>	<u>\$ 35,367,894</u>	<u>\$ 35,367,894</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

NOTES TO FINANCIAL STATEMENTS

The following table summarizes the aggregate fair value for all financial assets by level and the related admitted values at December 31, 2014:

	Aggregate Fair Value	Admitted Assets (BACV)	Fair Value (Level 1)	Fair Value (Level 2)	Fair Value (Level 3)	Not Practicable (Carrying Value)
Cash and cash equivalents	\$ 5,388,589	\$ 5,388,589	\$ 5,388,589	\$ -	\$ -	\$ -
Total	\$ 5,388,589	\$ 5,388,589	\$ 5,388,589	\$ -	\$ -	\$ -

D. Estimated Fair Values Not Practicable

None.

21. Other Items

None.

22. Events Subsequent

On January 1, 2016, the Corporation is subject to an annual fee under section 9010 of the ACA. This annual fee will be allocated to individual health insurers based on the ratio of the amount of the entity's net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding calendar year. A health insurance entity's portion of the annual fee becomes payable once the entity provides health insurance for a U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. As of December 31, 2015, the Corporation has written health insurance subject to the ACA assessment, expects to conduct health insurance business subject to the ACA assessment in 2016, and estimates their portion of the annual health insurance industry fee payable on September 30, 2016 to be \$1,059,718. This amount is reflected in special surplus. This assessment is expected to impact risk based capital ("RBC") by 28 percentage points. Reporting the ACA assessment as of December 31, 2015 would not have triggered an RBC action level.

	2015	Yes/No
A. Did the reporting entity write accident and health insurance premium that is		Yes
B. ACA fee assessment payable for the upcoming year	\$ 1,059,718	
C. ACA fee assessment paid	-	
D. Premium written subject to ACA 9010 assessment	92,859,360	
E. Total Adjusted Capital before surplus adjustment (Five-Year Historical Line 14)	17,482,960	
F. Total Adjusted Capital after surplus adjustment (Five-Year Historical Line 14 minus 22B above)	16,423,242	
G. Authorized Control Level (Five-Year Historical Line 15)	3,760,601	
H. Would reporting the ACA assessment as of Dec. 31, 2015 have triggered an RBC action level (Yes/No)		No

23. Reinsurance

None.

24. Retrospectively Rated Contracts & Contracts Subject to Redetermination

A., B., C. Retrospective Premium Adjustments

The Corporation estimates retrospective premium adjustments to earned premium for its WVHB Program subject to risk corridor provisions by examining activity and applying the appropriate contractual limitations. For the year ended December 31, 2015, the Corporation's net premiums written that were subject to retrospective rating features were \$57,115,040, which represented 66.4% of total net premiums written. The Corporation recorded retrospective premium receivable of \$4,888,843 at December 31, 2015.

D. Medical Loss Ratio Rebates

None.

NOTES TO FINANCIAL STATEMENTS

E. Risk Sharing Provisions of the Affordable Care Act

For the years ended December 31, 2015 and 2014 the Corporation did not write accident and health insurance premiums subject to the ACA risk sharing provisions.

The assets, liabilities and revenue elements by program which were impacted by the risk sharing provisions of the ACA for the year ended December 31, 2015 were as follows:

	<u>Amount</u>
<u>Permanent ACA Risk Adjustment Program</u>	
Assets	
Premium adjustments receivable due to ACA Risk Adjustment	\$ -
Liabilities	
Risk adjustment user fees payable for ACA Risk Adjustment	\$ -
Premium adjustments payable due to ACA Risk Adjustment	\$ -
Operations (Revenue & Expense)	
Reported as revenue in premium for accident and health contracts (written/collected) due to ACA Risk Adjustment	\$ -
Reported in expenses as ACA risk adjustment user fees (incurred/paid)	\$ -
<u>Transitional ACA Reinsurance Program</u>	
Assets	
Amounts recoverable for claims paid due to ACA Reinsurance	\$ -
Amounts recoverable for claims unpaid due to ACA Reinsurance (Contra Liability)	\$ -
Amounts recoverable relating to uninsured plans for contributions for ACA Reinsurance	\$ -
Liabilities	
Liabilities for contributions payable due to ACA Reinsurance - not reported as ceded premium	\$ -
Ceded reinsurance premiums payable due to ACA Reinsurance	\$ -
Liabilities for amounts held under uninsured plans contributions for ACA Reinsurance	\$ -
Operations (Revenue & Expense)	
Ceded reinsurance premiums due to ACA Reinsurance	\$ -
Reinsurance recoveries (income statement) due to ACA Reinsurance payments or expected payments	\$ -
ACA Reinsurance contributions - not reported as ceded premium	\$ -
<u>Temporary ACA Risk Corridors Program</u>	
Assets	
Accrued retrospective premium due to ACA Risk Corridors	\$ -
Liabilities	
Reserve for rate credits or policy experience rating refunds due to ACA Risk Corridors	\$ -
Operations (Revenue & Expense)	
Effect of ACA Risk Corridors on net premium income (paid/received)	\$ -
Effect of ACA Risk Corridors on change in reserves for rate credits	\$ -

NOTES TO FINANCIAL STATEMENTS

A roll-forward of prior year ACA risk sharing provisions for the following asset and liability balances along with reasons for adjustments to prior year balance at December 31, 2015 was as follows:

	Accrued During the Prior Year on Business Written Before December 31 of the Prior Year		Received or Paid as of the Current Year on Business Written Before December 31 of the Prior Year		Difference		Adjustments		Unsettled Balances as of the Reporting Date	
	1	2	3	4	Prior Year Accrued Less Payment (Col. 1 - 3)	Prior Year Accrued Less Payments (Col. 2 - 4)	To Prior Year Balances	To Prior Year Balances	Cumulative Balance From Prior Year (Col. 1 - 3 + 7)	Cumulative Balance From Prior Year (Col. 2 - 4 + 8)

Total for ACA Risk Sharing Provisions	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

25. Change in Incurred Claims

Reserves for incurred claims attributable to insured events of prior years' decreased by \$450,053 during the period ended December 31, 2015, as a result of re-estimation of unpaid claims. The re-estimation decrease was generally the result of ongoing analysis of recent loss development trends. Original estimates are adjusted as additional information becomes known regarding individual claims.

26. Intercompany Pooling Arrangements

None.

27. Structured Settlements

Not applicable.

28. Health Care Receivables

None.

29. Participating Policies

None.

30. Premium Deficiency Reserves

None.

31. Anticipated Salvage and Subrogation

None.

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

GENERAL

- 1.1 Is the reporting entity a member of an Insurance Holding Company System consisting of two or more affiliated persons, one or more of which is an insurer? Yes No
 If yes, complete Schedule Y, Parts 1, 1A and 2.
- 1.2 If yes, did the reporting entity register and file with its domiciliary State Insurance Commissioner, Director or Superintendent or with such regulatory official of the state of domicile of the principal insurer in the Holding Company System, a registration statement providing disclosure substantially similar to the standards adopted by the National Association of Insurance Commissioners (NAIC) in its Model Insurance Disclosure Holding Company System Regulatory Act and model regulations pertaining thereto, or is the reporting entity subject to standards and disclosure requirements substantially similar to those required by such Act and regulations? Yes No N/A
- 1.3 State regulating? West Virginia
- 2.1 Has any change been made during the year of this statement in the charter, by-laws, articles of incorporation, or deed of settlement of the reporting entity? Yes No
- 2.2 If yes, date of change: _____
- 3.1 State as of what date the latest financial examination of the reporting entity was made or is being made. _____
- 3.2 State the as of date that the latest financial examination report became available from either the state of domicile or the reporting entity. This date should be the date of the examined balance sheet and not the date the report was completed or released. _____
- 3.3 State as of what date the latest financial examination report became available to other states or the public from either the state of domicile or the reporting entity. This is the release date or completion date of the examination report and not the date of the examination (balance sheet date). _____
- 3.4 By what department or departments? _____
- 3.5 Have all financial statement adjustments within the latest financial examination report been accounted for in a subsequent financial statement filed with departments? Yes No N/A
- 3.6 Have all of the recommendations within the latest financial examination report been complied with? Yes No N/A
- 4.1 During the period covered by this statement, did any agent, broker, sales representative, non-affiliated sales/service organization or any combination thereof under common control (other than salaried employees of the reporting entity) receive credit or commissions for or control a substantial part (more than 20 percent of any major line of business measured on direct premiums) of:
- 4.11 sales of new business? Yes No
- 4.12 renewals? Yes No
- 4.2 During the period covered by this statement, did any sales/service organization owned in whole or in part by the reporting entity or an affiliate, receive credit or commissions for or control a substantial part (more than 20 percent of any major line of business measured on direct premiums) of:
- 4.21 sales of new business? Yes No
- 4.22 renewals? Yes No
- 5.1 Has the reporting entity been a party to a merger or consolidation during the period covered by this statement? Yes No
- 5.2 If yes, provide name of entity, NAIC Company Code, and state of domicile (use two letter state abbreviation) for any entity that has ceased to exist as a result of the merger or consolidation.
- | 1
Name of Entity | 2
NAIC Company Code | 3
State of Domicile |
|---------------------|------------------------|------------------------|
| | 0 | |
- 6.1 Has the reporting entity had any Certificates of Authority, licenses or registrations (including corporate registration, if applicable) suspended or revoked by any governmental entity during the reporting period? Yes No
- 6.2 If yes, give full information: _____
- 7.1 Does any foreign (non-United States) person or entity directly or indirectly control 10% or more of the reporting entity? Yes No
- 7.2 If yes,
- 7.21 State the percentage of foreign control 0.000%
- 7.22 State the nationality(ies) of the foreign person(s) or entity(ies); or if the entity is a mutual or reciprocal, the nationality of its manager or attorney-in-fact and identify the type of entity(ies) (e.g., individual, corporation, government, manager or attorney-in-fact).
- | 1
Nationality | 2
Type of Entity |
|------------------|---------------------|
| | |
- 8.1 Is the company a subsidiary of a bank holding company regulated with the Federal Reserve Board? Yes No
- 8.2 If response to 8.1 is yes, please identify the name of the bank holding company. _____
- 8.3 Is the company affiliated with one or more banks, thrifts or securities firms? Yes No
- 8.4 If the response to 8.3 is yes, please provide below the names and locations (city and state of the main office) of any affiliates regulated by a federal financial regulatory services agency [i.e. the Federal Reserve Board (FRB), the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC) and the Securities Exchange Commission (SEC)] and identify the affiliate's primary federal regulator.

9. What is the name and address of the independent certified public accountant or accounting firm retained to conduct the annual audit?
PricewaterhouseCoopers LLP, 41 South High Street, Suite 2500, Columbus, OH 43215
- 10.1 Has the insurer been granted an exemptions to the prohibited non-audit services provided by the certified independent public account requirements as allowed in Section 7H of the Annual Financial Reporting Model Regulation (Model Audit Rule), or substantially similar state law or regulation? Yes No
- 10.2 If the response to 10.1 is yes, provide information related to this exemption: _____
- 10.3 Has the insurer been granted any exemptions related to other requirements of the Annual Financial Reporting Model Regulation as allowed for in Section 18A of the Model Regulation, or substantially similar state law or regulation? Yes No
- 10.4 If the response to 10.3 is yes, provide information related to this exemption: _____
- 10.5 Has the reporting entity established an Audit Committee in complied with the domiciliary state insurance laws? Yes No N/A
- 10.6 If the response to 10.5 is no or n/a, please explain: _____

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

11. What is the name, address and affiliation (officer/employee of the reporting entity or actuary/consultant associated with an actuarial consulting firm) of the individual providing the statement of actuarial opinion/certification?
Robert A. Macagnano, PricewaterhouseCoopers LLP, 400 Campus Drive Florham Park, NJ 07932
- 12.1 Does the reporting entity own any securities of a real estate holding company or otherwise hold real estate indirectly? Yes [] No [X]
- 12.11 Name of real estate holding company _____
- 12.12 Number of parcels involved 0
- 12.13 Total book/adjusted carrying value \$ 0

12.2 If yes, provide explanation

FOR UNITED STATES BRANCHES OF ALIEN REPORTING ENTITIES ONLY:

- 13.1 What changes have been made during the year in the United States manager or the United States trustees of the reporting entity?
- 13.2 Does this statement contain all business transacted for the reporting entity through its United States Branch on risks wherever located? Yes [] No []
- 13.3 Have there been any changes made to any of the trust indentures during the year? Yes [] No []
- 13.4 If answer to (13.3) is yes, has the domiciliary or entry state approved the changes? Yes [] No [] N/A []
- 14.1 Are the senior officers (principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) of the reporting entity subject to a code of ethics, which includes the following standards? Yes [X] No []
- (a) Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- (b) Full, fair, accurate, timely and understandable disclosure in the periodic reports required to be filed by the reporting entity;
- (c) Compliance with applicable governmental laws, rules and regulations;
- (d) The prompt internal reporting of violations to an appropriate person or persons identified in the code; and
- (e) Accountability for adherence to the code.
- 14.11 If the response to 14.1 is no, please explain:
- 14.2 Has the code of ethics for senior managers been amended? Yes [X] No []
- 14.21 If the response to 14.2 is yes, provide information related to amendment(s).
"Seeking Advice and Reporting Concern without Fear of Retaliation" section was updated to promote compliance with federal and state whistleblower protection laws and "Acceptable use of Electronic Communication and Information" section was added to address information security safeguards and policies. Important updates were also made to address: protecting Confidential Information, fraud, waste and abuse definitions, and Compliance Program expectations.
- 14.3 Have any provisions of the code of ethics been waived for any of the specified officers? Yes [] No [X]
- 14.31 If the response to 14.3 is yes, provide the nature of any waiver(s).

- 15.1 Is the reporting entity the beneficiary of a Letter of Credit that is unrelated to reinsurance where the issuing or confirming bank is not on the SVO Bank List? Yes [] No [X]
- 15.2 If the response to 15.1 is yes, indicate the American Bankers Association (ABA) Routing Number and the name of the issuing or confirming bank of the Letter of Credit and describe the circumstances in which the Letter of Credit is triggered.

1 American Bankers Association (ABA) Routing Number	2 Issuing or Confirming Bank Name	3 Circumstances That Can Trigger the Letter of Credit	4 Amount
0			0

BOARD OF DIRECTORS

16. Is the purchase or sale of all investments of the reporting entity passed upon either by the Board of Directors or a subordinator committee thereof? Yes [X] No []
17. Does the reporting entity keep a complete permanent record of the proceedings of its Board of Directors and all subordinator committees thereof? Yes [X] No []
18. Has the reporting entity an established procedure for disclosure to its Board of Directors or trustees of any material interest or affiliation on the part of any of its officers, directors, trustees or responsible employees that is in conflict or is likely to conflict with the official duties of such person? Yes [X] No []

FINANCIAL

19. Has this statement been prepared using a basis of accounting other than Statutory Accounting Principles (e.g., Generally Accepted Accounting Principles)? Yes [] No [X]
- 20.1 Total amount loaned during the year (inclusive of Separate Accounts, exclusive of policy loans):
- 20.11 To directors or other officers \$ 0
- 20.12 To stockholders not officers \$ 0
- 20.13 Trustees, supreme or grand (Fraternal only) \$ 0
- 20.2 Total amount of loans outstanding at the end of year (inclusive of Separate Accounts, exclusive of policy loans):
- 20.21 To directors or other officers \$ 0
- 20.22 To stockholders not officers \$ 0
- 20.23 Trustees, supreme or grand (Fraternal only) \$ 0
- 21.1 Were any assets reported in this statement subject to a contractual obligation to transfer to another party without the liability for such obligation being reporting in the statement? Yes [] No [X]
- 21.2 If yes, state the amount thereof at December 31 of the current year:
- 21.21 Rented from others \$ 0
- 21.22 Borrowed from others \$ 0
- 21.23 Leased from others \$ 0
- 21.24 Other \$ 0
- 22.1 Does this statement include payments for assessments as described in the Annual Statement Instructions other than guaranty fund or guaranty association assessments? Yes [] No [X]
- 22.2 If answer is yes:
- 22.21 Amount paid as losses or risk adjustment \$ 0
- 22.22 Amount paid as expenses \$ 0
- 22.23 Other amounts paid \$ 0
- 23.1 Does the reporting entity report any amounts due from parent, subsidiaries or affiliates on Page 2 of this statement? Yes [X] No []
- 23.2 If yes, indicate any amounts receivable from parent included in the Page 2 amount: \$ 0

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

INVESTMENT

- 24.01 Were all of the stocks, bonds and other securities owned December 31 of current year, over which the reporting entity has exclusive control, in the actual possession of the reporting entity on said date (other than securities lending programs addressed in 24.03)? Yes No
- 24.02 If no, give full and complete information, relating thereto:
- 24.03 For security lending programs, provide a description of the program including value for collateral and amount of loaned securities, and whether collateral is carried on or off balance sheet (an alternative is to reference Note 17 where this information is also provided).
- 24.04 Does the company's security lending program meet the requirements for a conforming program as outlined in the *Risk-Based Capital Instructions*? Yes No NA
- 24.05 If answer to 24.04 is yes, report amount of collateral for conforming programs. \$ 0
- 24.06 If answer to 24.04 is no, report amount of collateral for other programs \$ 0
- 24.07 Does your securities lending program require 102% (domestic securities) and 105% (foreign securities) from the counterparty at the outset of the contract? Yes No N/A
- 24.08 Does the reporting entity non-admit when the collateral received from the counterparty falls below 100%? Yes No N/A
- 24.09 Does the reporting entity or the reporting entity's securities lending agent utilize the Master Securities Lending Agreement (MSLA) to conduct securities lending? Yes No N/A
- 24.10 For the reporting entity's security lending program, state the amount of the following as of December 31 of the current year:
- 24.101 Total fair value of reinvested collateral assets reported on Schedule DL, Parts 1 and 2: \$ 0
- 24.102 Total book adjusted/carrying value of reinvested collateral assets reported on Schedule DL, Parts 1 and 2: \$ 0
- 24.103 Total payable for securities lending reported on the liability page: \$ 0
- 25.1 Were any of the stocks, bonds or other assets of the reporting entity owned at December 31 of the current year not exclusively under the control of the reporting entity or has the reporting entity sold or transferred any assets subject to a put option contract that is current in force? (Exclude securities subject to Interrogatory 21.1 and 24.03.) Yes No
- 25.2 If yes, state the amount thereof at December of the current year:
- 25.21 Subject to repurchase agreements \$ 0
- 25.22 Subject to reverse repurchase agreements \$ 0
- 25.23 Subject to dollar repurchase agreements \$ 0
- 25.24 Subject to reverse dollar repurchase agreements \$ 0
- 25.25 Placed under option agreements \$ 0
- 25.26 Letter stock or securities restricted as sale – excluding FHLB Capital Stock \$ 0
- 25.27 FHLB Capital Stock \$ 0
- 25.28 On deposit with states \$ 100,059
- 25.29 On deposit with other regulatory bodies \$ 0
- 25.30 Pledged as collateral – excluding collateral pledged to an FHLB \$ 0
- 25.31 Pledged as collateral to FHLB – including assets backing funding agreements \$ 0
- 25.32 Other \$ 0
- 25.3 For category (25.26) provide the following:
- | 1
Nature of Restriction | 2
Description | 3
Amount |
|----------------------------|------------------|-------------|
| | | \$ <u>0</u> |
- 26.1 Does the reporting entity have any hedging transactions reported on Schedule DB? Yes No
- 26.2 If yes, has a comprehensive description of the hedging program been made available to the domiciliary state? Yes No N/A
If no, attach a description with this statement.
- 27.1 Were any preferred stocks or bonds owned as of December 31 of the current year mandatorily convertible into equity, or, at the option of the issuer, convertible into equity? Yes No
- 27.2 If yes, state the amount thereof at December of the current year: \$ 0
28. Excluding items in Schedule E-Part 3-Special Deposits, real estate, mortgage loans and investments held physically in the reporting entity's offices, vaults or safety deposit boxes, were all stocks, bonds and other securities, owned throughout the current year held pursuant to a custodial agreement with a qualified bank or trust company in accordance with Section 1, III - General Examination Considerations, F. Outsourcing of Critical Functions, Custodial or Safekeeping Agreements of the NAIC *Financial Condition Examiners Handbook*? Yes No
- 28.01 For all agreements that comply with the requirements of the NAIC *Financial Condition Examiners Handbook*, complete the following:
- | 1
Name of Custodian(s) | 2
Custodian Address |
|--|---|
| Wesbanco Trust and Investment Services | One Bank Plaza; Wheeling, West Virginia 26003 |
- 28.02 For all agreements that do not comply with the requirements of the NAIC *Financial Condition Examiners Handbook*, provide the name, location and a complete explanation:
- | 1
Name(s) | 2
Location(s) | 3
Complete Explanation(s) |
|--------------|------------------|------------------------------|
| | | |
- 28.03 Have there been any changes, including name changes, in the custodian(s) identified in 28.01 during the current quarter? Yes No
- 28.04 If yes, give full and complete information relating thereto:
- | 1
Old Custodian | 2
New Custodian | 3
Date of Change | 4
Reason |
|--------------------|--|---------------------|-------------|
| | Wesbanco Trust and Investment Services | 07/01/2015 | |
- 28.05 Identify all investment advisors, broker/dealers or individuals acting on behalf of broker/dealers that have access to the investment accounts, handle securities and have authority to make investments on behalf of the reporting entity:
- | 1
Central Registration Depository | 2
Name(s) | 3
Address |
|--------------------------------------|-----------------|--|
| | Highmark Health | 120 Fifth Avenue, Pittsburgh, PA 15222 |
- 29.1 Does the reporting entity have any diversified mutual funds reported in Schedule D-Part 2 (diversified according to the Securities and Exchange Commission (SEC) in the Investment Company Act of 1940 [Section 5 (b) (1)])? Yes No

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

29.2 If yes, complete the following schedule:

1 CUSIP	2 Name of Mutual Fund	3 Book/Adjusted Carrying Value
		0
29.2999 TOTAL		0

29.3 For each mutual fund listed in the table above, complete the following schedule:

1 Name of Mutual Fund (from above table)	2 Name of Significant Holding of the Mutual Fund	3 Amount of Mutual Fund's Book/Adjusted Carrying Value Attributable to the Holdings	4 Date of Valuation
		0	

30. Provide the following information for all short-term and long-term bonds and all preferred stocks. Do not substitute amortized value or statement value for fair value.

		1 Statement (Admitted) Value	2 Fair Value	3 Excess of Statement over Fair Value (-), or Fair Value over Statement (+)
30.1	Bonds	7,000,000	7,000,000	0
30.2	Preferred Stocks	0	0	0
30.3	Totals	7,000,000	7,000,000	0

30.4 Describe the sources or methods utilized in determining fair values:

Fair values are determined by the custodian bank and its pricing and its pricing service or the NAIC securities valuation office.

- 31.1 Was the rate used to calculate fair value determined by a broker or custodian for any of the securities in Schedule D? Yes [X] No []
- 31.2 If the answer to 31.1 is yes, does the reporting entity have a copy of the broker's or custodian's pricing policy (hard copy or electronic copy) for all brokers or custodians used as a pricing source? Yes [X] No []
- 31.3 If the answer to 31.2 is no, describe the reporting entity's process for determining a reliance pricing source for purposes of disclosure of fair value for Schedule D:
- 32.1 Have all the filing requirements of the *Purposes and Procedures Manual of the NAIC Investment Analysis Office* been followed? Yes [X] No []
- 32.2 If no, list exceptions:

OTHER

33.1 Amount of payments to trade associations, service organizations and statistical or rating bureaus, if any? \$ 24,901

33.2 List the name of the organization and the amount paid if any such payment represented 25% or more of the total payments to trade associations, service organizations and statistical or rating bureaus during the period covered by this statement.

1 Name	2 Amount Paid
National Committee for Quality Assurance	\$ 24,901

34.1 Amount of payments for legal expenses, if any? \$ 41,202

34.2 List the name of the firm and the amount paid if any such payment represented 25% or more of the total payments for legal expenses during the period covered by this statement.

1 Name	2 Amount Paid
Bowles, Rice, McDavid, Graff & Love	\$ 40,064

35.1 Amount of payments for expenditures in connection with matters before legislative bodies, officers or departments of government, if any? \$ 0

35.2 List the name of the firm and the amount paid if any such payment represented 25% or more of the total payment expenditures in connection with matters before legislative bodies, officers or departments of government during the period covered by this statement.

1 Name	2 Amount Paid
	\$ 0

GENERAL INTERROGATORIES

PART 2 – HEALTH INTERROGATORIES

1.1	Does the reporting entity have any direct Medicare Supplement Insurance in force?	Yes []	No [X]
1.2	If yes, indicate premium earned on U.S. business only.	\$	0
1.3	What portion of item (1.2) is not reported on the Medicare Supplement Insurance Experience Exhibit?	\$	0
1.31	Reason for excluding:		
1.4	Indicate amount of earned premium attributable to Canadian and/or Other Alien not included in item (1.2) above.	\$	0
1.5	Indicate total incurred claims on all Medicare Supplement Insurance.	\$	0
1.6	Individual policies:		
	Most current three years:		
1.61	Total premium earned	\$	0
1.62	Total incurred claims	\$	0
1.63	Number of covered lives	\$	0
	All years prior to most current three years:		
1.64	Total premium earned	\$	0
1.65	Total incurred claims	\$	0
1.66	Number of covered lives	\$	0
1.7	Group policies:		
	Most current three years:		
1.71	Total premium earned	\$	0
1.72	Total incurred claims	\$	0
1.73	Number of covered lives	\$	0
	All years prior to most current three years:		
1.74	Total premium earned	\$	0
1.75	Total incurred claims	\$	0
1.76	Number of covered lives	\$	0
2.	Health Test:		
		1 Current Year	2 Prior Year
2.1	Premium Numerator	\$ 92,859,360	\$ 1,698,059
2.2	Premium Denominator	\$ 92,859,360	\$ 1,698,059
2.3	Premium Ratio (2.1/2.2)	\$ 100.000	\$ 100.000
2.4	Reserve Numerator	\$ 25,746,834	\$ 1,202,731
2.5	Reserve Denominator	\$ 25,746,834	\$ 1,202,731
2.6	Reserve Ratio (2.4/2.5)	\$ 100.000	\$ 100.000
3.1	Has the reporting entity received any endowment or gift from contracting hospitals, physicians, dentists, or others that is agreed will be returned when, as and if the earnings of the reporting entity permits?	Yes []	No [X]
3.2	If yes, give particulars:		
4.1	Have copies of all agreements stating the period and nature of hospitals', physicians', and dentists' care offered to subscribers and dependents been filed with the appropriate regulatory agency?	Yes [X]	No []
4.2	If not previously filed, furnish herewith a copy(ies) of such agreement(s). Do these agreements include additional benefits offered?	Yes []	No []
5.1	Does the reporting entity have stop-loss reinsurance?	Yes []	No [X]
5.2	If no, explain:		
	<u>The Corporation is appropriately capitalized to maintain the full risk.</u>		
5.3	Maximum retained risk (see instructions)		
5.31	Comprehensive Medical	\$	0
5.32	Medical Only	\$	0
5.33	Medicare Supplement	\$	0
5.34	Dental and Vision	\$	0
5.35	Other Limited Benefit Plan	\$	0
5.36	Other	\$	0
6.	Describe arrangement which the reporting entity may have to protect subscribers and their dependents against the risk of insolvency including hold harmless provisions, conversion privileges with other carriers, agreements with providers to continue rendering services, and any other agreements: <u>Provider contracts generally contain hold harmless provisions protecting the subscriber and dependents from the risk of insolvency.</u>		
7.1	Does the reporting entity set up its claim liability for provider services on a service date basis?	Yes [X]	No []
7.2	If no, give details		

GENERAL INTERROGATORIES

PART 2 – HEALTH INTERROGATORIES

8. Provide the following information regarding participating providers:
- 8.1 Number of providers at start of reporting year 5,798
- 8.2 Number of providers at end of reporting year 7,071
-
- 9.1 Does the reporting entity have business subject to premium rate guarantees? Yes [] No [X]
- 9.2 If yes, direct premium earned:
- 9.21 Business with rate guarantees with rate guarantees between 15-36 months \$ 0
- 9.22 Business with rate guarantees over 36 months \$ 0
-
- 10.1 Does the reporting entity have Incentive Pool, Withhold or Bonus Arrangements in its provider contracts? Yes [X] No []
- 10.2 If yes:
- 10.21 Maximum amount payable bonuses \$ 0
- 10.22 Amount actually paid for year bonuses \$ 0
- 10.23 Maximum amount payable withholds \$ 0
- 10.24 Amount actually paid for year withholds \$ 0
-
- 11.1 Is the reporting entity organized as:
- 11.12 A Medical Group/Staff Model, Yes [] No [X]
- 11.13 An Individual Practice Association (IPA), or, Yes [] No [X]
- 11.14 A Mixed Model (combination of above)? Yes [] No [X]
- 11.2 Is the reporting entity subject to Statutory Minimum Capital and Surplus Requirements? Yes [X] No []
- 11.3 If yes, show the name of the state requiring such minimum capital and surplus.
West Virginia
- 11.4 If yes, show the amount required. \$ 2,000,000
- 11.5 Is this amount included as part of a contingency reserve in stockholder's equity? Yes [] No [X]
- 11.6 If the amount is calculated, show the calculation

12. List service areas in which reporting entity is licensed to operate:

1 Name of Service Area
West Virginia

- 13.1 Do you act as a custodian for health savings accounts? Yes [] No [X]
- 13.2 If yes, please provide the amount of custodial funds held as of the reporting date. \$ 0
- 13.3 Do you act as an administrator for health savings accounts? Yes [] No [X]
- 13.4 If yes, please provide the balance of the funds administered as of the reporting date. \$ 0
- 14.1 Are any of the captive affiliates reported on Schedule S, Part 3, authorized reinsurers? Yes [] No [] N/A [X]
- 14.2 If the answer to 14.1 is yes, please provide the following:

1 Company Name	2 NAIC Company Code	3 Domiciliary Jurisdiction	4 Reserve Credit	Assets Supporting Reserve Credit		
				5 Letters of Credit	6 Trust Agreements	7 Other
	0		\$ 0	\$ 0	\$ 0	\$ 0

15. Provide the following for individual ordinary life insurance* policies (U.S. business only) for the current year (prior to reinsurance assumed or ceded).

- 15.1 Direct Premium Written \$ 0
- 15.2 Total Incurred Claims \$ 0
- 15.3 Number of Covered Lives 0

*Ordinary Life Insurance Includes
Term (whether full underwriting, limited underwriting, jet issue, "short form app")
Whole Life (whether full underwriting, limited underwriting, jet issue, "short form app")
Variable Life (with or without secondary guarantee)
Universal Life (with or without secondary guarantee)
Variable Universal Life (with or without secondary guarantee)

DHHR Budget

Karen L. Bowling, Cabinet Secretary
February 2016

Mission Statement

The mission of the West Virginia Department of Health and Human Resources is to collaborate with stakeholders to promote, protect, manage, and provide appropriate health and human services for our residents to improve their health, well-being and quality of life.

Medicaid provides health insurance to West Virginia children, pregnant women, adults with limited income, seniors and individuals with disabilities. The program is predominantly funded by federal dollars, which are matched with state funds.

DHHR Budget by Bureau SFY2017

Managed Care Cost Avoidance Total

Enrollment/Expenditures %

Enrollment

Expenditures

Medical Costs (\$Millions – Fiscal Year)

How Much Do We Spend?

	Annual Per Member Costs	
	Fee For Service	Managed Care
Traditional	\$ 12,840	\$ 2,671
Expansion (ACA)	\$ 4,207	\$ 3,548
Total	\$ 5,371	\$ 3,342

Traditional FFS = SSI, Long Term Care, Waivers, Foster Children, etc.

Traditional MC = TANF members (Mothers & Babies)

Expansion = Low Income Adults 19 to 64 years of age

Total = Composite Rate over all members

Managed Care Initiatives

- Aggressive rate strategy placing rates as low as possible**
- Added Dental and Rx Benefits**
- Added Behavioral Health Benefits**
- Added Expansion Population**
- Implemented Quality Withhold and Liquidated Damages**
- Implemented Medical Loss Ratio Rebate**

- Non-Emergency Medical Transportation**
- Health Homes**
- Copay Implementation**
- Enrollment Cards**
- Nursing Home Rate Reductions**
- E-Prescribing Changes**

IDD Waiver Expenditure Growth

What Will Expansion Cost in State Funds?

	State \$ Millions	Federal \$ Millions	FEDERAL SHARE %
2016	\$ 0	\$ 727*	100 %
2017	\$ 14	\$ 540	95 %
2018	\$ 32	\$ 552	94 %
2019	\$ 38	\$ 546	93 %
2020	\$ 50	\$ 534	90 %

*Includes anticipated retroactive UPL payment of \$120M

- Continued Privatization- FFS to Managed Care
- Uncompensated Care Funding Reductions
- CHIP State Funding Transfer
- Non Emergency Medical Transportation

What Are Future Strategic Priorities?

- Transition SSI Members to Managed Care
- Expansion of Health Homes
- Benefit Coverage Analysis for Savings
- Explore Work Requirement for Expansion Members
- Explore higher copays for tobacco users
- Explore elimination of NEMT for expansion
