The Honorable Joe Manchin, III
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Manchin:

The West Virginia State Board of Examiners for Licensed Practical Nurses is pleased to provide you with our report of the biennium covering activities during the period between July 1, 2005 and June 30, 2007

The goal of this agency is to provide competent, professionally prepared licensed practical nurses to provide safe, quality nursing care to the citizens of West Virginia. This goal is shared by other health care licensing boards and state agencies, and is demonstrated by the prevailing spirit of cooperation that exists between this Board and those other agencies. That same cooperative spirit is evident in hospitals, nursing homes and other health care agencies who offer their facilities for educational purposes, and then employ licensed practical nurses as a part of their health care work force. We have always recognized that without those high quality clinical experiences integrated into the one (1) year programs of practical nursing the value of licensed practical nurses as skilled care givers would be significantly diminished.

Please feel free to contact our office with questions or comments concerning information contained in this report

Sincerely,

A handwritten signature in black ink, appearing to read "Duane F. Napier".

Duane F. Napier, MSN, RN, BC
Chairperson

**WEST VIRGINIA STATE BOARD OF EXAMINERS
FOR LICENSED PRACTICAL NURSES**

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2006 AND 2007

Members and staff of the West Virginia State Board of Examiners for Licensed Practical Nurses are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing health care delivery systems. Members and staff continue, as has historically been the case, to serve on committees at the national level with agencies involved in licensing nurses from other states as well as agencies relating to health care and other professions within our own state. This involvement assures that members are aware of the many issues surrounding not only practical nursing, but the entire health care system, as the industry continues its attempts to organize and reorganize delivery of health care to achieve acceptable quality care with fewer health care practitioners and fewer health care dollars. Changes in the patterns of delivery and mix of competent providers have resulted in fluctuations in demand for licensed practical nurses. Over time the demand in one area increases while the demand in another area may decrease. Summaries of annual reports from the state's licensed practical nursing schools demonstrate over the past few years that new graduates are employed in acute care settings at a higher rate than in previous years. With the current/impending shortage of registered professional nurses, this will likely continue to be the case. Licensed practical nurses also continue to be steadily employed in long term care, and are an important part of the health care team in that setting.

The number of LPN educational programs in West Virginia remained at twenty-three (23) in 2006 and 2007. Twenty-one (21) programs are within the vocational education system, one (1) program, the B M Spurr School of Practical Nursing, is privately sponsored by Reynolds Memorial Hospital, and one (1) program is located at New River Community and Technical College.

The Board utilizes the National Council Licensure Examination for Practical Nurses, through contract with the National Council of State Boards of Nursing, Inc. This examination provides for interstate endorsement of licensees without further testing. With computer adaptive testing technology candidates are permitted to contact the testing center and test six days a week, year round.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2006 AND 2007 PAGE 2

rather than twice per year. They are also permitted to test in any of over 100 testing locations across the country, rather than in West Virginia alone to get a West Virginia license. Results are transmitted to the Board via internet technology from the national testing service. Candidates are forwarded their results and licensure information for new licensees is posted on the Board's website as early as the same day as the candidate completes the exam. Retesting of failing candidates is available every forty-five (45) days.

The Board monitors licensee compliance with continuing competence requirements of twenty four (24) contact hours of continuing education and four hundred (400) clock hours of practical nurse employment in each designated two year reporting period. A reporting cycle was completed with the renewal period ending June 30, 2006. The next reporting period will end on June 30, 2008. Continuing education audits are conducted on 7 to 10% of licensees per reporting cycle.

The Board continues to receive complaints against licensees for professional misconduct. In FY 2007 the number climbed to one hundred seventy (170) complaints. That number has remained fairly stable over the past five (5) years. Increases in numbers of disciplinary cases continue to be observed in all licensed professions in all states across the country. Continuing efforts to refine the process and procedures for complaint management have resulted in effective and timely resolution in most cases. The average complaint takes approximately seventy (70) calendar days from receipt of the complaint to execution of board action either imposing disciplinary measures or dismissing charges as unsubstantiated or outside the jurisdiction of the Board. Board staff have partnered with the WV Health Care Association in providing workshops to nurses and nurse employers around the state on the topic of how, when, and why to report a nurse to the Board. A presentation on that topic was also conducted by LPN Board staff on a national level at a meeting of the National Council of State Boards of Nurses.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2006 AND 2007 PAGE 3

In addition, Board staff and Chairperson had a poster abstract accepted and presented this poster, entitled “Best Practices for Disciplinary Processes” at the Annual Meeting of the International Council of Nurses in June 2007 in Yokohama, Japan. The staff and Chairperson also had another abstract accepted for presentation in a symposium format, entitled “Effectively Leading a Multigenerational Workforce.” This group were the first nurses from West Virginia to have the honor of presenting at a meeting of this prestigious organization.

The Board has evaluated both procedures and processes regarding effectiveness of functioning of the agency as a comparison to map progress toward achievement of strategic initiatives and outcomes approved by the Board. The LPN Board continues to participate in self-evaluation activities through its participation in the Commitment to Ongoing Regulatory Excellence Project sponsored by the National Council of State Boards of Nursing. This project involves data collection on areas including licensure, governance, nursing education, discipline, fiscal information, practice, and information technology utilized by the Board. Data is collected from Board staff, Board members, and stakeholders of the Board including licensees, nurses complained against, individuals who had filed a complaint, nursing schools, professional associations, and health care facilities. Data is compiled and results are provided at three (3) year intervals. As the purpose of the project is to collect performance data from boards of nursing in order to identify best practices, those procedures or processes that make up the best, most effective practices are then to be identified and shared with other boards of nursing. Preparation of a strategic plan, reviewed by the Board each year during its June Meeting, incorporates specific activities to guide members and staff of the board in achieving the strategic initiatives and outcomes related to the mission of the board.

The RN and LPN Boards meet annually to discuss matters of common interest and concern. In the joint meeting held June 13, 2007, the Boards reviewed information regarding the West Virginia Center for Nursing as well as other issues affecting nursing regulation.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2006 AND 2007 PAGE 4

The Board is committed to collaboration with other health related or licensing agencies and organizations to improve public access to and information about education, licensure, practice, discipline and accountability for LPNs. The board maintains a web site, a toll free telephone line, and publishes two (2) newsletters a year. Information from the licensee data base is available on the web site. It is therefore possible for anyone with internet access to check the status of a license of an LPN from the Board's home page. This information is updated on a daily basis each business day. The Board collaborated with the West Virginia State Treasurer's Office to implement the availability of online renewals and online endorsement applications, both of which have been successful. Also, the Board participates in the process of the submission of licensure information to the National Council of State Boards of Nursing's NURSIS Data Base. The purpose of this data base is to create an unduplicated list of all licensed nurses in the United States, which can be accessed for license verification purposes by other state boards of nursing and other interested parties.

This newsletter is an official publication of the West Virginia State Board of Examiners for Licensed Practical Nurses. The newsletter is published two times per year, in the Spring and in the Fall, and is provided to all licensed practical nurses, hospitals, nursing homes, state health care and licensing agencies and associations, other state boards of nursing and appropriate national nursing organizations.

FROM THE CHAIRPERSON

Duane Napier, MSN, RN, BC

We do not go to work each day with the intention of making a mistake and potentially harming one of our patients. However, as human beings we are prone to making errors and mistakes. Nonetheless, in medicine these mistakes can be costly in money and lives.

Mistakes such as forgetting to change a dressing, being late with a tube feeding, administering the wrong medication, or not beginning CPR on a patient with the same last name as the patient in the next room who happened to have a Do Not Resuscitate are never intentional. Any one of these can harm a patient. Nevertheless, the nurse also suffers when a mistake is made.

To make matters worse, often the punishment is more severe than the event dictates. The nurse suffers verbal and written reprimands and even termination from employment. In addition, a report to the licensing board with the threat of further disciplinary action adds to the distress.

I have yet to meet a nurse who has not made an error. As human beings, we are fallible. It concerns me that there are nurses who quit their jobs or even leave the profession because they are afraid to go to work in fear of making an error and being terminated and/or reported to the Board.

I personally am more afraid for the nurse leader who does not recognize the potential for nurses to make a mistake and then punishes them when they do. Most mistakes are due to processes within the facility. Those processes may be an orientation program that has not evolved as the system has changed, policies that do not reflect the real work environment, unreal expectations for workload and ability, insufficient number of staff, lack of oversight, failing to identify trends in errors and asking why mistakes occurred, and, failing to recognize each nurse as an individual with different learning needs and experiences that need to be taken into consideration.

Each nurse has a responsibility to speak up when they identify the cause for mistakes. Each nurse has the responsibility to report when errors are made. Each nurse leader has a responsibility to listen and work to improve processes so patients are not harmed and nurses are not punished needlessly for being human.

LPN BOARD ADDS CREDIT CARD OPTION FOR PAYMENTS

The LPN Board is pleased to announce that we can now accept credit cards in the Board Office for payments for licenses, temporary permits, disciplinary fines, etc. We have offered this option for online renewals for the past two (2) years, however this is now expanded for other purposes as well. The West Virginia Treasurer's Office has worked with us to make this process easy and secure with regards to credit card transactions. Feel free to contact us with questions.

LPN BOARD PARTICIPATES IN NURSIS

Effective April 12, 2005, the LPN Board participates in the NURSIS licensure data base as maintained by the National Council of State Boards of Nursing. All licensure and discipline information from the Board is submitted to this database, and is updated weekly. All LPNs originally licensed in West Virginia or licensed by endorsement who wish to endorse that license to another state must now do so through NURSIS, and not through the Board. The state the nurse intends to endorse into should provide him/her with a NURSIS verification form for completion. Please call the WV LPN Board office with any questions about this process.

CHANGES TO SCOPE OF PRACTICE AND DELEGATION MODELS

The latest revisions to the document entitled "Criteria for Determining Scope of Practice for Licensed Nurses and Guidelines for Determining Acts That May Be Delegated or Assigned by Licensed Nurses", otherwise known as the "Purple Book" are now included on the Board's website under "Practice." If you do not have internet access and wish to receive a hard copy, please notify the Board. Please review this document carefully; it can be extremely helpful with answering questions regarding scope of practice and delegation decisions.

NOTICE TO NURSING EMPLOYERS!

Changes to the Board's Legislative Rules which became effective in April 2006 involve supervision of new graduates from practical nursing programs. Historically, the Rules did not require that new graduates with temporary permits have a qualified supervisor defined in law as an RN, MD, or dentist, on site. Modifications to the Rules require that a new graduate must have direct supervision of one of those individuals. Therefore, a new graduate with a temporary permit to practice issued prior to taking the licensure exam will be required to have an RN, MD or dentist in the building while they are working as GPNs. The rationale behind this change is that this requirement is in place for licensees who have reinstated lapsed or inactive licenses to limited status, therefore requiring the same degree of supervision for GPNs provides congruence. Please feel free to contact the Board office with questions.

WHAT IS THE WEST VIRGINIA CENTER FOR NURSING?

Every LPN and RN in West Virginia pays an additional \$10.00 with their licensure renewal which goes to assist in funding the West Virginia Center for Nursing. Many nurses are not aware of what the Center is, what it does and what it can provide to the nursing community.

The West Virginia Center for Nursing was created in March 2004 by the Legislature at the recommendation of the West Virginia Nursing Shortage Study Commission. The Commission was established in 2001 by the Legislature and spent a great deal of time studying the nursing shortage, assessing the impact of the shortage, and identifying ways in which it could be alleviated. Members of the Board of Directors of the Center for Nursing represent practice and education at all levels of nursing. Input from other relevant organizations and entities is also encouraged.

The monies that are provided to the Center for Nursing assist in providing scholarships to individuals who want to pursue nursing as a career, and to nurses who want to further their education (LPN to RN, RN to MSN, etc.) During the Fall of 2006, approximately \$192,000 will be disbursed as scholarships.

In addition to the scholarship program, the Center for Nursing has established a website at www.wvcenterfornursing.org, which provides up to date information about what is occurring in the profession. Other items on the Center's Action Plan are to evaluate nursing education programs and their capacity for expansion. The Action Plan also includes seeking improved compensation for nurses and establishing grant funding for employers to support education.

The Mission of the West Virginia Center for Nursing is that it seeks to enhance and strengthen nursing excellence to optimize the health and health care of all West Virginians. This will be accomplished through strategic workforce planning, research, education, and nurse practice development. The \$10.00 fee that you pay once per year is used to fund this Mission and assist with its success.

Additional questions about the Center for Nursing or about the available scholarships can be directed to the Center at 304-558-0530 or by email to Marilyn Bowe, Administrative Assistant, at bowe@hepc.wvnet.edu or Duane Napier, Executive Director, at napier@hepc.wvnet.edu.

HOSA UPDATE FROM REBECCA DAVIS, RN, MS, COORDINATOR HEALTH OCCUPATIONS WV DEPT. OF EDUCATION

WV Health Occupations Students of America (HOSA) ended the 2005-2006 school year with over 1,400 members from all secondary and adult grade levels and health occupations. In June 2006, 165 delegates attended the 2006 HOSA National Leadership Conference in Anaheim, CA. Students participated in a business meeting, educational seminars, recognition sessions, and competitive events. In the competitive events, practical nursing students from four programs represented the WV HOSA Post-secondary Division and did a great job. With achievements like that, just imagine what WV HOSA could have done if many more post-secondary programs had participated!

First, second, and third place winners were as follows:
Knowledge Tests: Concepts of Health Care

1st Place - Jennifer Wagner - Monongalia Co. PN Program

3rd Place - Crystal Hitchens - Mercer Co. PN Program

Knowledge Tests: Pharmacology

1st Place - Layna Ridenour - ACT PN Program

LPN SCHOOL NEWS

During Fiscal Year 2006, 8 out of the 23 LPN programs in West Virginia had a pass rate on the NCLEX-PN exam of 100%. Those programs were Academy of Careers and Technology (Beckley), B. M. Spurr (Glen Dale), John D. Rockefeller (New Cumberland), Mercer County (Princeton), Monongalia County (Morgantown), Putnam County (Eleanor), Randolph County (Elkins), and United Technical Center (Clarksburg).

The Greenbrier School of Practical Nursing has had a change in faculty. Rebecca Edwards has retired as Coordinator of the program. The Board thanks Ms. Edwards for her many years of dedicated service to her students and to the community. Pam Lewis, former full-time instructor in the program, is the new Coordinator. The Board congratulates her and wishes her the best in her new role. Melanie Bradley will become the new full-time coordinator, and Becky Doss will continue in the part-time faculty position. The program began a new class in September and was excited about new ideas and input from the new faculty.

The McDowell County School of Practical Nursing graduated sixteen in their most recent class. Three of those students placed in the National HOSA competition in California. One student placed 4th in Practical Nursing, one placed 3rd in Extemporaneous Writing, and one placed 7th in Extemporaneous Health Poster. Congratulations to those LPN graduates! The school also has a new Vocational Principal. Roger Smith, replacing Ron Estep, who recently retired.

A list of all of the LPN schools in West Virginia with contact information for each program can be found on the Board's website. Click on "Education" from our homepage to locate this list. Individuals who may be interested in applying to LPN school are encouraged to contact the Coordinator of the program nearest them.

This newsletter is an official publication of the West Virginia State Board of Examiners for Licensed Practical Nurses. The newsletter is published two times per year, in the Spring and in the Fall, and is provided to all licensed practical nurses, hospitals, nursing homes, state health care and licensing agencies and associations, other state boards of nursing and appropriate national nursing organizations.

FROM THE CHAIRPERSON

Duane Napier, MSN, RN, BC

First, let me congratulate those students who complete their LPN training this Spring. For some, this was a challenging endeavor. For others, this was a dream come true. But for all, I hope that your practical nursing education was an experience that will not soon be forgotten.

The realization of what we have achieved may not be recognized until we begin using the knowledge and skills learned during the course of our nursing program. It is imperative that we look back fondly and remember the sacrifices of our family, friends, and loved ones have made for us to be successful.

The importance of not forgetting is especially crucial for the nurses that will be charged with precepting and mentoring those new graduates. You cannot forget the anxiety, maybe even the fear, that you felt as you started a new career. It is time to give back to those LPNs and RNs that precepted and mentored you.

Remember how time was taken to explain the rules, the policies and procedures, and how you were given a heads up to those "unwritten rules" such as to whom you could ask questions, who not to ask, and who you could seek out long after your orientation was over if you needed help?

As nurses, if we continue to "eat our young" by forgetting what it was like when we were the new graduates, the risk of others not looking at nursing as a worthwhile career is great. The time is now for each of us to set aside petty differences, to choose to make a difference, and give everything we have to educate, train, and support not only the new graduate, but each other.

IMPORTANT - LICENSURE RENEWAL

All actively licensed LPNs in this state have been mailed a renewal reminder from the Board office. Online renewal is again available for those who choose to take advantage of this opportunity. Online renewals permit licensees to renew anywhere they have access to the internet. The site is maintained by the West Virginia State Treasurer's Office, and is secure with regards to the credit card transactions.

For those who do not wish to use a credit card for renewal, a paper form may be printed from the Board's website under "Licensure", or a form will be mailed or faxed from the Board office upon request. As always, walk-in renewals are also accepted.

You are not eligible for online renewal if you have had a criminal conviction, or pled guilty or no contest to a felony or misdemeanor not previously reported to the Board. You are also not eligible for online renewal if you have had disciplinary action or action is pending with another Board of Nursing not previously reported to the WV LPN Board. Copies of court or disciplinary documents and a written explanation of the events from the licensee must accompany the renewal application.

Also, if you are changing your name on your license, the Board requires that you submit a copy of your marriage certificate/divorce decree which legally changed your name, therefore you are also not eligible to renew online. Contact the Board office with questions.

REMEMBER - CE AND EMPLOYMENT HOURS ARE NOT REPORTED THIS YEAR!!!! THEY WILL BE REQUIRED TO BE REPORTED IN 2008, AS THEY ARE ONLY REPORTED TO THE BOARD ON EVEN NUMBERED YEARS.

LPN BOARD PARTICIPATES IN INTERNATIONAL COUNCIL OF NURSES ANNUAL MEETING

The Board is pleased to announce that Duane Napier, Board Chairperson, Lanette Anderson, Executive Director, and Michelle Winters, Associate Executive Director, had two (2) abstracts selected for presentation at the Annual Meeting of the International Council of Nurses meeting in Yokohama, Japan, in June 2007. One presentation is an eighty-minute symposium with the topic "Effectively Leading a Multi-Generational Workforce", and the other is a poster presentation entitled "Best Practices for Disciplinary Processes." We are excited to represent the West Virginia LPN Board at this event

SCHOOLS OF PRACTICAL NURSING

9A

FRED
EBERLE
SCHOOL PN

A site visit was made by Lanette Anderson, Michelle Winters, Rebecca Davis from the State Department of Education, and Sydelle Curtis, Coordinator of the Roane Jackson PN Program, on September 28, 2006. After discussion of the findings, a motion was made by Catherine Vance that the Fred Eberle School of Practical Nursing be granted Full State Accreditation for a period of three (3) years, ending October 31, 2009. Motion was seconded by Gregory Chiartas. Motion carried.

9B

LPN
PROGRAM
CHANGES
ARTICU-
LATION

A report was provided to members by Rebecca Davis from the State Department of Education on planned revisions to the LPN programs to enhance NA to LPN articulation, and also progress made on a statewide LPN to RN Articulation Plan. No changes to the Board's Series 1 Education Rules are required for the implementation of this plan. Each school can design the articulation to meet their program needs, and any changes are to be in place by Fall 2007.

9C

GARNET
CAREER CTR
PN PILOT
PROGRAM

A report was provided to members by Mary Brothers, Coordinator, Garnet Career Center School of Practical Nursing, on their pilot program designed to provide a CNA bridge to LPN. To date things are progressing well.

9D

MERCER
COUNTY PN
PILOT PRO-
GRAM

A report was provided to members by Sandra Thompson, Coordinator, Mercer County School of Practical Nursing, on their pilot program designed to provide a CNA bridge to LPN. It is anticipated that this pilot will begin in January 2007.

9E

RANDOLPH
COUNTY
PN PROGRAM
MODIFI-
ATION
REQUEST

Executive Director reported that this request is identical to the articulation plan previously discussed in this meeting by Rebecca Davis, therefore no further discussion was required.

Linda Kohler, Representative from the Christian Science Nursing Program

MINUTES

1. Call to Order by Duane Napier, RN Chairperson LPN Board.
2. Introduction of members and guests
3. Agenda reviewed. Motion was made by Diana Boyle to approve the agenda. The second was offered by Vickie Bennett. The motion carried.

4. Meeting minutes for the Joint Board Meeting, June 14, 2006 were approved as written. The motion was made by Cynthia Persily. The second was offered by Greg Chiantis. The motion carried.
5. An update about the West Virginia Center for Nursing was provided by Duane Napier, Executive Director for the Center. The Center is working on a variety of projects to fulfill the legislative requirements to help alleviate the nursing shortage in West Virginia. The Boards of Nursing are collecting a data set on behalf of the Center. The Center awarded over \$185,000 in scholarship money this year. They are working with schools of nursing to develop articulation plans between and among like programs and when that is complete, between Associate and Baccalaureate programs. There are plans for a conference on "The Aging Workforce" on October 17, 2007. During the 100 Years of Nursing celebration October 18, 2007 the Center plans to present Nursing Excellence Awards. No action taken.
6. A presentation was provided by representatives of the Christian Science Church regarding their request to have exemption from licensure language in the West Virginia law for the Christian Science nurse. John Moorehead from Huntington and Mary Kohler from the Mother Church in Boston, MA spoke with the Boards about their request. Discussion ensued around the topics of the curriculum related to wound management, the fact that current law does not prohibit the practice of a Christian Science nurse, what occurs when traditional medical care is requested by a person the Christian Science nurse assists in finding a medical care provider and then removes themselves from the case, at what point does a Christian Science nurse determine that the patient's condition warrants medical attention and how does that referral occur. The Boards directed Board staffs to prepare further information supporting the conclusion that the current law does not prohibit the practice of a Christian Science nurse in West Virginia, and language seeking protection of the title "nurse" for the Boards to consider during their October meetings.
7. Mutual Recognition (Nurse Licensure Compact) for nurses was discussed. The Compact provides the opportunity for states to issue a license to a nurse who can then use this license to practice in any other state that is a member of the Compact. This is similar to the concept of a Driver's License. There continue to be concerns about discipline related issues. The Boards agreed by consensus to continue to monitor the progress of the Nurse Compact.
8. The Clinical Assignment process for students in schools of nursing was presented by Cynthia Persily. There is a concern that clinical rotation opportunities are being reserved in advance of approval by the Boards by programs desiring to expand the program enrollment. In addition to moving forward with expansion before approval by the appropriate Board of Nursing, this activity decreases the opportunity for currently enrolled students in approved programs to secure clinical opportunities. Dr. Persily requested that the Boards add to their program approval process the following questions:
 1. Are there available clinical facilities for the anticipated enrollment?
 2. Will the proposed expansion pre-empt clinical opportunities of another program?

The Boards agreed by consensus to add the questions to their respective school of nursing approval process.

9. June 11, 2008 will be the date of the next Joint Board meeting.

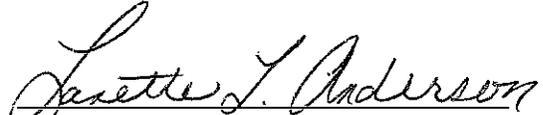

10. With no further business a motion to adjourn the meeting was made by Greg Chiartis. The second was offered by Linda Williams. The motion carried

Meeting adjourned at 2:45 P.M.
