**The Honorable Earl Ray Tomblin
Governor – State of West Virginia
Governor's Office – Capitol Complex
1900 Kanawha Blvd., East
Charleston, West Virginia 25305**

Dear Governor Tomblin:

Please find a copy of the 2009 – 2010 Annual Report for the West Virginia Board of Licensed Dietitians. An electronic copy will be provided to those agencies as appropriate.

We appreciate the support you have demonstrated to the licensure of dietitians in West Virginia and look forward to a continued positive relationship, as we work together to improve the health and well-being of the citizens of our great state.

Please contact me if further information is needed.

Sincerely,

**Helen Lodge
Board Chairman**

2009 – 2010

MISSION STATEMENT

OPERATIONS

GOALS/OBJECTIVES

PERFORMANCE MEASURES

Miscellaneous Boards and Commissions

Board of Licensed Dietitians

Mission

The purpose of the board is to protect the public interest through its licensure and professional discipline of dietitians and to provide a professional environment that encourages the delivery of quality nutritional information and medical nutrition therapy within the State of West Virginia.

Operations

The West Virginia Board of Licensed Dietitians is a regulatory and disciplinary body. It is the sole authority for the issuance of licenses to practice dietetics in the State of West Virginia.

The board is responsible for:

- * Promoting a code of professional ethics.
- * Maintaining a record of all proceedings of the board.
- * Submitting a biennial report to the Governor describing the activities of the board.
- * Setting minimum continuing education requirements and standards.
- * Examination, licensure, and renewal requirements of duly qualified applicants.
- * Conducts licensure examinations.
- * Issues and renews licenses, and issues interim permits.
- * Imposes and collects fees for the issuance and renewal of permits or licenses.
- * Establishing procedures and guidelines for the suspension or revocation of a license.
- * Suspend, revoke, and reinstate licenses.
- * Conducting hearings on licensing issues and any other matter within the jurisdiction of the board.

Goals/Objectives

- \$ Enhance the Web site by FY 2008 with application forms, frequently asked questions column, updated listing of all licensed dietitians, renewal of applications to allow for members to use their charge cards to pay for fees, and to revise the continuing education part of the application to add more columns.
- \$ Improve the turnaround time of issuing licenses from 15 business days to ten business days by FY 2008.
- \$ Add to web site by FY2010 the ability to have employers confirm status of members without having to go through the Board office.

Performance Measures

Fiscal Year	Actual 2005	Actual 2006	Actual 2007	Estimated 2008	Estimated 2009	Estimated 2010
-------------	----------------	----------------	----------------	-------------------	-------------------	-------------------

Board of Licensed Dietitians

Mission

The purpose of the board is to protect the public interest through its licensure and professional discipline of dietitians and to provide a professional environment that encourages the delivery of quality nutritional information and medical nutrition therapy within West Virginia.

Operations

The West Virginia Board of Licensed Dietitians is a regulatory and disciplinary body. It is the sole authority for the issuance of licenses to practice dietetics in West Virginia.

- Promotes a code of professional ethics.
- Maintains a record of all proceedings of the board.
- Submits a biennial report to the Governor describing the activities of the board.
- Examines, issues, and renews licenses, and issues provisional permits to duly qualified applicants.
- Collects fees for the issuance and renewal of permits or licenses.
- Establishes procedures and guidelines for the suspension or revocation of a license and suspends, revokes, and reinstates those licenses.
- Conducts hearings on licensing issues and any other matter within the jurisdiction of the board.
- Sets minimum continuing education requirements and standards.

Goals/Objectives

- Enhance the Web site by FY 2011 with application forms, frequently asked questions column, updated listing of all licensed dietitians, renewal of applications to allow for members to use their charge cards to pay for fees, and with a revision of the continuing education part of the application to add more columns.
- Improve the average turnaround time to issue a license from 15 business days to eight by FY 2011.
- Add to the Web site during FY 2010 the ability to have employers confirm the status of members without having to go through the board office.

Performance Measures

Fiscal Year	Actual 2007	Actual 2008	Estimated 2009	Actual 2009	Estimated 2010	Estimated 2011
Enhance the Web site by FY 2011 with application forms, frequently asked questions column, updated listing of all licensed dietitians, renewal of applications to allow for members to use their charge cards to pay for fees, and with a revision of the continuing education part of the application to add more columns.						
Progress on Web site enhancements	75%	75%	100%	75%	90%	100%

Board of Licensed Dietitians

Mission

The purpose of the board is to protect the public interest through its licensure and professional discipline of dietitians and to provide a professional environment that encourages the delivery of quality nutritional information and medical nutrition therapy within West Virginia.

Operations

The West Virginia Board of Licensed Dietitians is a regulatory and disciplinary body. It is the sole authority for the issuance of licenses to practice dietetics in West Virginia.

Promotes a code of professional ethics.

Maintains a record of all proceedings of the board.

Submits a biennial report to the Governor describing the activities of the board.

Examines, issues, and renews licenses, and issues provisional permits to duly qualified applicants.

Collects fees for the issuance and renewal of permits or licenses.

Establishes procedures and guidelines for the suspension or revocation of a license and suspends, revokes, and reinstates those licenses.

Conducts hearings on licensing issues and any other matter within the jurisdiction of the board.

Sets minimum continuing education requirements and standards.

Goals/Objectives

Enhance the Web site by FY 2011 with application forms, frequently asked questions column, updated listing of all licensed dietitians, renewal of applications to allow for members to use their charge cards to pay for fees, and with a revision of the continuing education part of the application to add more columns.

Improve the average turnaround time to issue a license from 15 business days to eight by FY 2011.

Add to the Web site during FY 2011 the ability to have employers confirm the status of members without having to go through the board office.

Work with the Legislature to correct some of the identified issues in both the Licensure Law and the Procedural Rules, such as:

1. Increase the application and renewal fees to \$150.00 every two years. The renewal fee would commence on their application year starting-even or odd year. By doing this would coincide with their continuing education requirement.
2. Charge a fee for Licensure Verification to mirror most other state boards, not to exceed \$10.00.
3. Re-write the section under Provisional Licenses to mirror that of the Active License.
4. Mirror the Pharmacy Board's new addition to their law in allowing dietetic interns to become Provisional Licensees and change to Active status once they complete and pass their Commission on Dietetic Registration Examination.

FY 2012 Appropriation Request Instructions

West Virginia board of licensed dietitians-2012

Current Level Impact Statement

Please describe fully what impact this level of funding will have on your organization in FY 2012.

- Include any legislative, federal, or court mandates that would not be complied with at this level of funding.
- Information about any reduction in force that would be necessary to meet this level of funding.
- Also include any other information, such as increased cost projections, decreased revenues, short and long range goals, or other data that would be beneficial in determining a recommended level of funding for your division.

This impact statement must be included with the Appropriation Request.

Be certain to detail all concerns in your agency's Current Level Impact Statement and to clearly explain all improvement requests fully and completely on the improvement form.

ANSWER:

There will be no impact on this level of funding for our division in FY 2012. There will be no increased cost projections or decreases in revenue from previous year. Our short and long term goals are to protect the citizens of West Virginia from harm due to the misrepresentation of unlicensed people.

Future Financial Issues

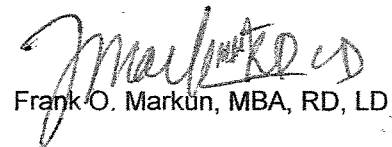

Please describe fully what major issues (\$1 million minimum) should be considered and reviewed for financial

impacts for FY 2013 - FY 2016, as well as any financial (positive or negative), legislative, or court issues that

need to be brought to the table for discussion and possible inclusion in the Governor's "Six Year Financial Plan." Detail all information by fiscal year and provide a brief description. Any changes or new information should be kept up to date with revisions/updates to the State Budget Office as necessary.

ANSWER:

We have no major issues that should be considered and reviewed for financial impact for FY 2013 – 2016 because we are a small self-sustaining licensing Board.

Frank O. Markun, MBA, RD, LD

Vice Chair-WVBOLD

2009 – 2010

**OVERVIEW OF
ACTIVITIES AND RESPONSIBILITIES
OF
WVBOLD**

**OVERVIEW OF ACTIVITIES AND RESPONSIBILITIES
WEST VIRGINIA BOARD OF LICENSED DIETITIANS
2009 – 2010**

The requirement to hold a license to practice dietetics in the State of West Virginia - West Virginia Code – Chapter 30. Professions and Occupations – Article 35 – Board of Dietitians – commencing on July 1, 1997. The law, effective 90 days after March 9, 1996, mandated the formation of a Board as the WVBOLD. The WVBOLD is a regulatory and disciplinary body. It is the sole authority for the issuance of licenses to practice dietetics in the State of West Virginia. The purpose of the Board is to protect the public interest through its licensure and professional discipline of dietitians and to provide a professional environment that encourages the delivery of quality nutritional information and medical nutrition therapy within the State of West Virginia. The Board consists of five (5) members who are appointed by the Governor, by and with the consent of the Senate. Four of the members are experienced registered and licensed dietitians and one member is a layperson.

The WVBOLD maintains a code of ethics; establishes professional continuing education requirements and standards; establishes licensure and renewal requirements of duly qualified applicants; establishes procedures and guidelines for the suspension or revocation of a license; adopts procedural and interpretive rules in accordance with the provision of Chapter 29 of the code; adopts an official seal; establishes the appropriate testing vehicle for license examinations; issues active licenses and interim provisional permits to duly qualified applicants; imposes and collects fees for the issuance and renewal of permits or licenses; suspends, revokes and reinstates license; conducts hearings on licensing issues and any other matter properly within the jurisdiction of the Board; utilizes available mechanisms/ methods to protect the health and well-being of the public in nutrition related issues; maintains a record of proceedings of the Board and submits a biennial report to the Governor describing activities of the Board.

WVBOLD established:

Title 31 – Legislative Rule – Series 1 – Licensure and Renewal Requirements.

Title 31 – Legislative Rule – Series 2 – Code of Professional Ethics.

Title 31 – Procedural Rule – Series 3 – Contested Case Hearing Procedure.

Title 31 – Legislative Rule – Series 4 – Disciplinary and Complaint Procedures.

Title 31 – Legislative Rule – Series 5 – Continuing Professional Education Requirements.

Licensed and registered dietitians are proficient in the science of nutrition. They are required to hold degrees in nutrition, dietetics, public health or related field such as biochemistry, medicine or a nutrition specialty in family and consumer sciences issued by well-respected, accredited colleges and universities. After or during their education, they must perform supervised internships and pass an extensive examination administered by the Commission on Dietetic Registration. They are required to earn professional education credits throughout their career to maintain registration and licensure.

The RD status means that the individual possesses the skills and knowledge to translate nutrition science into practical meal planning. The individual can assist with eating disorders; work with healthcare teams to assist patients/clients to change eating plan pre-post surgery; assist in goal setting for athletic performance on various levels; prescribe and counsel patients and families with a myriad of disease entities and to assist physicians and healthcare providers in assessing a patient's needs and prescribing a nutrition therapy to best benefit the patient or client.

While the credential RD is significant it, unlike the credential LD, cannot be significantly regulated in the State of West Virginia. Initials following a name do not necessarily qualify an individual to provide nutrition services. Licensure and registration provide the only assurance the public has to judge that the individual is proficient in the science of nutrition.

Licensure in West Virginia provides the vehicle to file a complaint should anyone have reason to believe the person is not providing accurate nutrition advice or falsely claiming to be a qualified dietitian. The State of West Virginia, with licensure, can regulate the term “licensed dietitian” or “dietitian”. States without licensure experience self-proclaimed persons claiming to be experts with little if any actual nutrition training or with only mail-order credentials. When an individual needs trusted, accurate, timely and practical nutrition advice, they should be able to identify the qualified professional.

The need for qualified providers of nutrition advice has become more focused within the past 20 years. Like the specialization of medicine, the science-based nutrition field has necessitated a higher understanding and communication of nutrition prescription and advice to those in need of this service. Physicians rely upon the expertise of dietitians as a critical member of the healthcare team.

WVBOLD utilizes the examination by the Commission on Dietetic Registration as one component to examining an applicant’s qualifications, prior to issuance of a West Virginia license.

By law the examination as a route to licensure was waived for those who were:

- ◆ (a) Currently registered with CDR as a Registered Dietitian.
- ◆ (b) BS or higher degree, with a major in human nutrition, dietetics or food systems management or equivalent and engages in the practice of dietetics or nutrition three (3) of the previous ten (10) years.
- ◆ (c) Licensed in another state with comparable requirements.

Exemptions include: Anyone from marketing, distributing or providing information about food, food materials or dietary supplements.

In 1997, 58 individuals were “Grandfathered”, in accordance with waiver (b). Under the reciprocity waiver (c), one Kentucky dietitian was later granted a WV license. In 2010, only 19 of those “Grandfathered” remain licensed. Many have retired from their profession, i.e.: County Home Demonstration Agents or WIC Nutritionist. Some have relocated or determined they did not require a license in their government capacity. Two allowed their license to expire and, after some time, applied for renewal. Those were denied, per State law as being ineligible for licensure. WVBOLD handles the “Grandfather” status renewals as a routine renewal, give due diligence to CDU credits. “Grandfathered” status enjoys the same privileges as the “Active” Status. All Grandfathered” license folders are maintained in green folders. This is done, not to single out – but, to alert any office staff that once the license has lapsed, it cannot be reactivated without proper credentials (consist with other state boards). For the same reason, all provisional license information is kept in red files and those revoked, denied, withdrew or deceased are filed in purple folders.

Licenses are issued throughout the year. Current law reflects that Renewal applications must be postmarked June 30th of each year. It is now permissible to renew online by a predetermined date in June, to allow the office time to process the application and review any CEUs as indicated. It is not unusual for the WVBOLD to personally contact those not having complied with renewal in the last week of June or first week of July. Out-of-state dietitians often express surprise and are pleased to have this personal service. Certified letters are mailed to those not having completed the renewal process on June 30th of said year.

WVBOLD monitors licensure compliance with continuing competence requirements of twenty hours in each designated two year reporting period. A reporting of Continuing Professional Education Credits serves to ascertain the completion of the twenty hours by licensees. The applicant renewing licensure is charged with the responsibility of reporting educational activities (date, event and CEU credits) on the CEU Form accompanying the renewal application. A visual scanning is performed by the Board Chairman and Board Secretary prior to issuance of the renewed license. At the completion of the Renewal Period, a listing of all licensees required to submit the CEU credits in that given two year period is compiled. The list is, then, submitted to a Huntington-based company, with whom the WVBOLD has an agreement. 10% of the list is randomly selected to have a full audit of their CEUs. The audit is conducted by Board Member and Professional Inquiries Liaison – Betty Forbes –Professor of Dietetic Education at West Virginia University.

WVBOLD is committed to collaborating with other healthcare related licensing agencies and organizations in West Virginia and nationally. The purpose is to identify needs and to improve public access to and information about education, licensure, practice, discipline and accountability for healthcare professionals.

WVBOLD maintains a website and a toll-free public telephone line. The telephone number is published in all telephone blue page directories in West Virginia and promotes the use of the credential “LD” as a means for the public to identify those qualified to deliver nutrition counseling.

The American Dietetic Association and the West Virginia Dietetic Association issues press releases to West Virginia newspapers encouraging them to recognize the term “LD” and the qualified provider of nutrition information.

A complaint form is found on the website. Efforts are ongoing to refine the process for complaint management. While complaints are rare, numerous inquiries are received from healthcare institutions and the public with questions concerning acceptable duties of other nutrition personnel, i.e.: Certified Dietary Managers, Diet Technicians, etc. Inquiries from dietitians assist them in the assignment of duties to the same personnel.

The presence of the WVBOLD has increased public awareness of the services of a qualified dietitian tremendously. By the number of inquiries one can safely say that the public needs are being addressed. Nursing Homes, Personal Care Homes, Exercise Entrepreneurs and hospitals utilize the Board to determine what duties can be performed by their nutrition staff.

OFFICERS AND RESPONSIBILITIES OF THE BOARD:

The Board maintains an office at 723 Kanawha Blvd., East – Room 105 – Union Building - Charleston, WV 25301.

In accordance with State law, open meetings are conducted. Board meetings are posted in the State Register. The agenda for each meeting accompanies each posting. Notice of each meeting and the agenda are posted on the office door.

THE BOARD CHAIRMAN is elected each year to preserve order and conduct all proceeding by parliamentary rules and ensure conformity thereto by members, appoints all committees and signs required documents. The office is not staffed with an Executive Director or Secretarial Services however, the Board Chairman serves in both capacities on a continuous basis.

The Chairman has a presence in the Board Office, at least three times a week, and as inquiries or request are received. The telephone rolls over to the Board Chairman's home where all inquiries and request (verification of license, inquiries as to licensure requirements, inquiries from the public who are selecting a qualified dietitian and request of State agencies) are met in a timely manner. Licensed dietitians utilize this service from 7:00 am to 10:00 pm. E-mails are monitored daily. During the renewal periods the Board Chairman assumes the responsibility of obtaining the renewal applications from the State Treasurer's Office and is in the office on a daily basis. The goal of providing verification of licensed dietitians on the website is an ongoing one. This has been delayed until the 2010-2011 WV Legislature meets to consider a new price structure for obtaining a license to practice dietetics in the State of West Virginia

THE VICE CHAIRMAN also serves as the Board TREASURER. This person is elected every year to act as Chairman in the absence of the Board Chairman and call special or emergency meeting of the Board by joint action with the Chairman. As Treasurer, this position maintains all financial records to be in compliance with the requirements of the State of West Virginia.

THE BOARD SECRETARY is elected each year to maintain the database, prepare documents as licenses and rosters of all categories and prepare and process meeting minutes. This position participates heavily in the renewal process.

The PROFESSIONAL INQUIRIES LIAISON fields questions pertaining to Continuing Education Credits, talks with the public concerning the educational route to licensure and audits the 10% chosen annually, at random for the auditing of their CEUs.

The LAY MEMBER is a vital part of the WVBOLD. The person currently in this position is cognizant of the need for licensure of the profession of dietetics. He was formerly a healthcare foodservices representative of one of the largest companies in the United States and remains in the healthcare field. The person represents the citizens of the State of West Virginia in all actions of the Board. He votes on new applicants, discusses the need for changes in procedures and speaks to the public needs.

Board members of the WVBOLD are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing healthcare as it relates to dietetic and nutrition.

Two members of the WVBOLD hold membership in the Association for West Virginia Boards. This enables a healthy exchange of ideas and discussions on key issues facing boards in West Virginia.

Board members attend the Annual Training Seminar for WV State Licensing Boards by the State Auditor's Office. They find this most helpful in the operation of the Board.

The Board Chairman served on the American Dietetic Association's Political Action Board 2002-2005, serving as chairman of ADAPAC 2003-2004. The Board Chairman serves as the Public Policy Coordinator for the West Virginia Dietetic Association. This group is responsible for promoting dietitians as the nutrition experts and advising the WV elected U. S. Congressional officials in such issues and concerns. In this role, the WVBOLD keeps abreast of issues surrounding not only dietetics but, the entire healthcare delivery system.

Four Board members are members of and some attend the annual meeting of the American Dietetic Association (FNCE), West Virginia Dietetic Association, Educational Alliance and serve on other healthcare coalition groups.

The WVBOLD maintains close working relationships, often making decisions that do not require formal Board actions. The Board Chairman and Vice-Chairman are in frequent contact in regards to routine Board business and for various State offices request. The Board Chairman and the Board Secretary meet at the Board Office periodically to conduct all secretarial type duties, such as issuing licenses, licensure verification and processing mail. The Board Chairman has contact with the Professional Inquiries Liaison, cognizant that this individual is best qualified to assist inquiries relating to the Continuing Professional Education arena and to advise inquirer who are considering the dietetic profession. The Lay Board member is a very involved individual, with contact 2-3 times weekly.

While it is not the duty or responsibility of the WVBOLD to recommend dietitians to the public, the Board receives numerous inquiries as to how to locate a qualified dietitian for nutrition or medical nutrition therapy. The inquirer is referred, according to the need, as to the nearest medical facility or dietitian(s).

All applications are processed by the Board Chairman. Those who are clearly qualified to become a licensed dietitian are issued a license. At the next meeting, the members vote as a matter of formality. The Board members are involved in the daily business of the Board. Board members act in a volunteer role for such actions. This eliminates the need for frequent formal Board meeting during certain periods of time.

It is the intent of the WVBOLD to continue to grow with the professional needs of dietitians as related to the public interest.

NOTES OF 2009-2010:

WV Treasurer's Office E-Government was utilized for the 2010-2011 Renewals. Dietitians appear to be more comfortable with the process. The Renewal process will continue to encourage transactions to be completed online. Post cards are mailed to the licensed active and inactive dietitians. If a paper application is preferred, the person is charged \$5.00 for the transaction.

An ongoing investigation is in progress, orchestrated by the Attorney General's Office, in regards to a person operating, in West Virginia, without the appropriate credentials. As this is an ongoing investigation, it will be reported in the 2011-2012 report.

The July 2010 Interim WV Legislative Session included a brief presentation from the WV Legislature – Performance Evaluation and Research Division and one by the West Virginia Board of Dietitians. At that session, two senators offered to assist the Board in securing funding to hire a staff or locate another board to enter into a collaborative effort in maintaining the WVBOLD. The report will be presented to the WV Legislature during the 2011-2012 Legislative Session.

The Board would, again, like to express appreciation that the WV Legislature mandated an Annual Training Seminar for West Virginia State Licensing Boards by the State Auditor's Office. This has proven to be most beneficial to the "WVBOLD. This, also, allows for interaction between boards. It is the intent of the WVBOLD to continue to grow with the professional needs of dietitians as related to the public interest. Again, the Auditor's Workshop is most invaluable. We applaud the WV Legislature for their action.

It is noted that all WVBOLD members, except the Chairman, are engaged in demanding full-time positions – in leadership roles. As stated earlier, the Board does not employ clerical or managerial staff. Much of the work is done, with compensation, as a “labor of love” to the profession and to the citizens of the great State of West Virginia.

The Board will launch another campaign in 2011-2012 to secure a collaborative administrative relationship with another board.

Submitted:

Helen Lodge
Board Chairman
December 2010

LIST OF PROPOSED CHANGES TO THE WVBOLD LAW

INCREASE APPLICATION FEE TO \$150.00.

INCREASE RENEWAL FEE TO \$150.00 FOR EVERY TWO YEARS from date of original licensure. This would divide the workload and coincide with the continuing education requirement.

CHARGE \$10.00 FOR LICENSURE VERIFICATION to mirror most other state boards. Note: Other states charge and charge more than \$10.00

CHANGE CURRENT LAW (inadvertently states date for renewal of a Provisional License as one year from the original date) TO READ AS THE ACTIVE LICENSE.

REVIEW THE ENTIRE LAW TO REFLECT THE ELECTRONIC AGE.

WVBOLD decided to withdraw this change:

LICENSE DIETETIC INTERNS – TO MIRROR THE PHARMACY BOARD’S RECENT ADDITIONS. This allows graduating students to go directly into the profession as a PROVISIONAL and change to an ACTIVE status upon completion of the CDR examination

Increase Reinstatement Fee to \$200. or 250.00 – 18 renewed late for 2010-2011 – creating additional work.

Any returned license for incompleteness of renewal or new application will be required to pay a \$20.00 handling fee.

Renewal application must be submitted to the WV Treasurer’s Office by June 15th for timely processing of application.

Renewals being postmarked must be marked by June 15th.

assessment, with science-based recommendations, is proven to result in quality life and a reduction in healthcare cost.

The need for special diets in West Virginia schools is rising. Childhood diseases and allergies require individualized nutrition advice and counseling. This is further extended to education of the school food service personnel. Only six West Virginia counties currently employ a licensed dietitian. Inaccurate information could lead to health complications of West Virginia's most precious gift – our children! The West Virginia Dietetic Association is working closely with WV's education personnel to reverse this statistic.

Economy issues may be with us for a long time. As a result, healthcare groups may be tempted to reduce cost by not offering nutrition counseling by a qualified, licensed dietitian. In these cases, patient may seek other avenues. West Virginia dietitians frequently encounter patients who have paid for information for “cures” of various diseases, only to be disappointed when the “advice” is proven to be ineffective and, all too often, inaccurate and damaging to the well-being of the individual. WVBOLD fields calls from individuals wanting to know how to start “weight loss” programs in churches and vacant buildings. Weight management has become a “popular” means for unqualified individuals to “set up shop” with a “quick fix”.

As the public has become aware of the importance of good nutrition, entrepreneurs have taken advantage of the newly recognized market. While many of these products and services may be worthwhile when used in the context of an overall good nutrition regimen, some are simply capitalizing on the new infatuation the consuming public has with healthy eating and nutrition.

Left without strict regulations, inaccurate nutrition information leads to conditions and diseases compromising the well-being of West Virginia citizens and to preventable deaths. Licensure of dietitians provides the opportunity for quality nutrition counseling in West Virginia.

July 20, 2010

Thank you for the attention you give to the health and well being
of the West Virginia citizens.

Dear Senator or Delegate:

Health care in America is changing! While advocates may argue for different reform strategies, there is no disagreement that our nation's citizens need help when it comes to their health and wellness. No one is certain what final shape reform will take, but the scope will likely be greater than any single policy shift in our lifetime.

West Virginia has been identified as one of the most deficient states where leading disease entities exist:

Diabetes is widespread in West Virginia! It is often a challenge to combine the medical needs, the limited means of obtaining the needed foods, preparing the foods and addressing the psychological aspects of the lifelong need for an altered intake of foodstuffs to manage the disease. Non-compliance or followed-ill-advice can lead to other adverse and unnecessary conditions as blindness, heart disease, loss of limbs, renal disease and other serious complications. Dietitians are educated to address the needs involved in treating a diabetic patient.

Obesity in WV is widespread! Obesity is a disease! It is an established fact that obesity leads to higher health cost and a compromise in the quality of life. It is, also, an established fact that weight-loss programs are a lucrative business. A savings is documented in the United States CBO report to Congress in support of Medical Nutrition Therapy's inclusion in Medicare, by a qualified nutrition professional.

Every state regulates occupations and professions that impact the public's health and safety. The dietetic profession is a science evidence-based field, including but not limited to: cardiology, diabetes, eating disorders, trauma, enteral/parenteral nutrition, gastroenterology, hypertension, inborn metabolism errors, neonatology, oncology, pediatrics, renal diseases, sports medicine and weight management.

Medical Nutrition Therapy (MNT) is "nutritional diagnostic therapy and counseling services for the purpose of disease management, which are furnished by a qualified nutrition professional. MNT includes diet education and it is case management for the nutrition care of patients. MNT follows evidence-based nutrition protocols. One example: Evidence supports that patients with chronic renal disease, diabetes or post-kidney transplant exhibit improved nutrition status prior to initiation of dialysis, improved glucose management or management of

nutrition-related immune-suppressive side effects. Working closely with other involved healthcare professionals is paramount to assuring that those patients who meet the diagnostic criteria receive this benefit.

Licensure laws are not meant to restrict freedom of speech or to create market monopolies for any groups of practitioners. Health reform in the United States is likely to touch on professional recognition and appropriate scopes of practice in order to assure patient access to high quality and affordable care and services. Through licensure, the public can identify those individuals who are qualified to deliver the various areas of healthcare. Those states with only "certification" find it a weak instrument in which to govern the practice within their borders.

The Center for Medicare and Medicaid Services (CMS) has established the procedures for Medicare coverage for MNT (Final rule for Medicare Part B medical nutrition therapy benefit, 2001: Medical nutrition therapy services for beneficiaries with diabetes or renal disease, 2002): Qualified dietitians must apply to become a Medicare provider with a Medicare UPIN number. Physicians, facilities and third party payers rely on licensure to confirm that they are making referrals to, hiring and authorizing payment to qualified practitioners.

PEIA contacts the WVBOLD for names of licensed dietitians in specific geographic areas of West Virginia. Programs offered to PEIA holders, who qualify for services, are provided with individual, face to face, sessions with a licensed dietitian. Example: Weight Management Programs under PEIA (WEIGHT MANAGEMENT PROGRAM POLICY 5.3) provides for nutritional counseling services provided by registered dietitians licensed in West Virginia. Where necessary, re-assessment and intervention utilizing Medical Nutrition Therapy is provided.

WVBOLD receives inquiries from those attempting to determine if some mail-order nutrition course(s) would qualify them to be a dietitian/nutritionist. They often appear surprised that West Virginia has strict licensure laws to protect the health and well being of its citizens for healthcare professions.

On a national level, it is documented that infections in nursing homes increase the cost of healthcare. Without licensure, many small nursing homes would reduce the services of a licensed dietitian, opting for unqualified personnel. Having a qualified dietitian to conduct a nutrition

5:30 pm

October 28, 2009

Call meeting to order

Establish Quorum – Attending: Frank Markun, Helen Lodge, Rick Call, Betty Forbes

Approved minutes from May 18, 2009 Board meeting.

Treasurer's Report

Comments of Board Chairman – Helen Lodge

I would like to thank the Board members for the cooperation I received as I reviewed the renewal applications for completion and the correct reporting of CEUs. This was the most difficult renewal period. 37 dietitians had not renewed on June 30th. I, personally, made complimentary calls to each of the 37. In most cases, the dietitians were quite grateful...in others, it was outright verbal abuse. It is suggested that in 2010 only a certified letter stating that the individual license has expired be mailed to the lapsed status individuals. 31 renewals were returned due to not reporting CEUs.

I would, especially, like to thank the Board members for their prompt replies addressing the new applications, renewal issues on an individual basis, special request, numerous questions, etc.

Each file, some 750, are being checked for accuracy in the original date of licensure, education, etc. Many computer dates (mistakes) have been discovered. You will recall that records were kept in boxes during the early years of licensure – perhaps the reason for some errors. An attempt was made to correct the database, with the best information available. A log was kept of time spent – 39+hours.

The reviewed database, to date, is believed to be accurate and up-to-date. This delayed the listing to be submitted for the 10% auditing selection. I appreciate the cooperation and understanding on this issue.

I appreciate all the good wishes during my surgery, starting with testing in August, surgery on September 22nd and recovery in October and continuing. I can assure you the functions of the Board did not suffer. Even while hospitalized for two days, the mail was picked up on one of the days. I had surgery on Tuesday and came to the office on Saturday afternoon. Telephone calls were monitored. Fortunately, no action was required.

An order was submitted to have DSL attached to the office computer to facilitate on-line licensure verification. Verizon had promised to come between 8 am and 12 pm. I was at the office at 7:30 am, called for a verification at 10:30, was told we were next, waited until 1:20 pm, called them that I was in the office alone, just exhausted from waiting and would have to leave. I left my cell phone number and did not hear from Verizon. I will contact them next week to arrange for another appointment.

While I attended the FNCE on October 19 and 20th, mail was picked up and opened as we were expecting a verification from an applicant who was licensed in 8 states. Again, there was no mail requiring immediate action. Telephone calls were, again, monitored.

I am in the process of addressing the request of the Auditing of the WVBOLD. Please note that I will be requesting information shortly for this report...including the past three years.

We have attempted to function with Dee not being able to come to the office for routine chores. At this time, as we have no action on merging our administrative duties with another board, I suggest that we accept the resignation and request an appointment be made by the Governor's office. It is, further, suggested that the applicant be from the immediate area to be accessible to the office.

Approval of licenses requesting renewal status during the period ending July 1, 2009

Review of 2009-1010 licensure renewal:

Complaint – Provisional Licenses Expiration on an annual basis. This will require a change in the law.

Unusual number of reinstatement licenses not completed in their entirety.

Unusual number of renewals did not submit educational hours as required – necessitated lots of telephone calls and additional work.

Courtesy calls made to all licensees who did not renew – abuse to caller.
8371.25 CEU Credits/Hours reported
Overall consensus – dietitians felt the procedure a smooth one.

Update of Verification of Licensure online. Lelia Miller, State Treasurer's Office is working with WVBOLD to complete this in 2009. It is necessary to complete the database review prior to this action. Action: Helen will continue to verify the database with information in each file.

Completion of review of ALL files – 759. Lila Miller had observed that a few numbers were issued twice and some not issued at all. A quick review revealed that this was in the early years of licensure. Action: Helen will, again, review ALL files and correct as necessary. A letter and new license will be sent to those needing correction.

Resignation of Board Member Dee Bartoe. Action: Accepted. WVDA will be asked to recommend dietitians for this position. One name is currently in Governor Manchin's possession – Marsha Duke. Dee, again, was asked to serve (in a limited capacity) until a replacement is made. This is especially important as the WVBOLD seeks to contract with another WV board for administrative duties. Dee has been a long-time Board member and would be able to offer insight and suggestion during the selection process.

Number assigned to applicants not eligible for license or withdrawn application. Currently they are filed in that category. Action: A number will be assigned to those individuals and the files will be treated as any other applicant's file.

Report of boards contacted for merging administrative tasks, with Action:
Board of Medicine – not interested..too many responsibilities at this time.
Board of Pharmacy – not interested..too many responsibilities at this time.
Board of Physical Therapists – WVBOLD did not feel this is a good “fit”.
Board of Medical Imaging – not interested.
Board of Optometry – WVBOLD did not feel this is a good “fit”.
Board of Licensed Practical Nurses – most viable at this time. Further conversation is to take place.

Discussion – CRD applicant – Cheryl Kimlin – request to take CDR exam for 3rd time.
Action: A written request will be secured, prior to registration with CDR.

Dissussion – Active License applicant – Tripura Ganti, does not have a Social Security number – requesting a letter stating that she meets the qualification, except SS, for WV licensure. Action: WVBOLD will adhere to its policy that a social security number is required. Inquiry was made to the office of Senator John D. Rockefeller, IV, with information to support the Board's decision.

WVBOLD Audit in 2010 Legislative Session – Request for various reports – Interview to take place after November 23rd.

Safety Issue: Flu Prevention Tips – Prevent H1N1 at Work – Review of Emergency Warning Signs....information provided by Kanawha Charleston Health Department

Adjourn.

**Minutes submitted:
Helen Lodge and Rick Call
Acting Secretaries**

NOTE: WVBOLD was told, at an Auditor's Seminar, a few years ago that business could be conducted via e-mail and, then, voted on at the next Board meeting and entered into the minutes (making it a legal decision).

While attending the December 2009 Auditor's Seminar, the question came up during one of the presentations. The legal opinion was that business cannot be conducted via e-mail. With this new information, the Chairman and Vice-Chairman made (realizing it was not done by a Board vote) the decision to discuss the matter at the January 12, 2010 Board meeting. Especially important is the acceptance of new applicants. In the past, a new applicant's credentials have been summarized by the Board Chairman and e-mailed to each Board member for a vote. It will be suggested that the Board Chairman make the decision and act accordingly (sending the license) and the vote will be taken at the next Board meeting. While this may or may not be acceptable to the Board members, it will open dialogue for discussion at the January meeting.

It will, also, be suggested that certain matters/issues that arise between meetings – needing a decision – will be addressed by the Board Chairman and voted on at the next meeting. It will, further, be suggested that the Board Chairman could and should e-mail or call any Board member for advice between meetings.

All the above is just a suggestion at this point however, will definitely be addressed at the January 12, 2010 Board meeting.

Submitted as an addendum to the October 28th meeting and, more importantly, to apprise the Auditor's of this issue.

**WEST VIRGINIA BOARD OF LICENSED DIETITIAN

ROOM 105 UNION BUILDING
CHARLESTON, WV 25301**

ATTENDING: RICK CALL, BETTY FORBES, HELEN LODGE AND FRANK MARKUN

BOARD MEETING MINUTES

Meeting was called to order and quorum established.

Minutes of the October 28, 2009 Board meeting were approved as distributed.

Treasurer's Report – See attached – Presented by Treasurer Frank Markun

Approval of licensure request – included name changes and one application since October 28, 2009: Fritha Dinwiddie...License number: 759, with verification from Georgia.

The Board voted to accept a policy change: It had been the practice for all applications to be approved by the entire Board. This meant a summary of each application was e-mail to each Board member for a vote. In consideration of the ruling that electronic voting was not legal, the Board voted to accept the findings of the Board Chairman and vote on the applications at each Board meeting.

On-line licensure verification continues. The WV Treasurer's Office has made a copy to the WVBOLD database. They will prepare it for trial input, etc. prior to rolling it out to the public.

Lodge reported that the Annual Report was submitted to the appropriate offices – SOS, Governor, House, Senate and Legislative Services.

The Audit by Performance Evaluation and Research Division of the WV Legislature continues. Materials requested have been submitted.

On-line renewal forms were reviewed and some minor changes made. This will be submitted to the WV Treasurer's Office for the 2010-2011 renewal forms.

2008-2009 CEU Audits were reported as completed by Betty Forbes, WVBOLD Liaison.

WVBOLD gave approval of newsletter – to be mailed this week – as printing is completed.

Helen Lodge reported on the appointment with Lanette Anderson, Ex. Director of Licensed Practical Nurses Board. The meeting went well and Lanette expressed an interest. She took it to the Licensed Practical Nurses Board. They voted not to enter into any agreement with the WVBOLD at this time.

Respectfully Submitted by:

Helen Lodge and Rick Call
Acting Secretaries

**COMPLAINTS, INVESTIGATIONS,
INQUIRIES AND CLARIFICATIONS**

WEST VIRGINIA BOARD OF LICENSED DIETITIANS

COMPLAINT CASE ID # 2010 – 1

ONGOING INVESTIGATION

A formal complaint was filed, following a telephone call, to WVBOLD...on July 6th...concerning a person claiming to be a nutrition expert...who, in fact, is a mail order personal trainer.

WVBOLD is working with the Attorney General's office to resolve this complaint..clearly in violation of WV Code 30.

A complete report will be filed with the 2010-2011 Report.

NUMEROUS CALLS HAVE BEEN RECEIVED FOR CLARIFICATION CONCERNING REGISTERED NURSES PARTICIPATING IN THE WEIGHT LOSS PROGRAMS THROUGHOUT WEST VIRGINIA. Caller, including licensed dietitians, have been told that nutrition is within the scope of practice of nurses. Most nurses refer patients to a dietitian for any medical nutrition therapy.

PLEASE REVIEW THE LABEL CONTAINING THIS NEWSLETTER:

Above your name—left side—is your license number. On the left is your original date of licensure.

WVBOLD has spent weeks auditing each file..like 772. We matched the date on the paper application with the database, finding a few errors. In three cases, we found three dietitians with the same license number. Please recall that in the early days of licensure there was no office. Board members kept files, in boxes, in their homes. After obtaining an office, information was entered into the database from a computer located in a dietitian's office. It was timely that we review the individual files. In addition, during the 2009-2010 renewals, the WV Treasurer's Office informed us of this error. As we are very close to offering on-line verification, it is important that we have accurate information.

In the cases where it was necessary to change the license number, a letter, a new license and a new number was mailed.. THERE IS NO NOTIFICATION FOR CORRECTING THE DATE OF LICENSURE. For that reason: REVIEW THE LABEL ON THE ENVELOPE AND MAKE NOTE OF YOUR LICENSE NUMBER AND ORIGINAL DATE OF LICENSURE. You will need to refer to it during renewals.

VOLUME XIII ISSUE I
JANUARY 1, 2010
Helen Lodge, Editor -
with Board approval.

ON-LINE VERIFICATION
WILL BE IN THE TRIAL
PHASE FOR BOARD USE
IN MID-FEB. It is coming
soon!! The WV Treasurer's
Office is completing the
process—very cooperative.
WVBOLD has waited our
turn as a small board.
Thanks for your patience.

**POSTCARDS WITH RENEWAL INFORMATION WILL BE MAILED
APPROXIMATELY MAY 1, 2010.**

THE 2009-2010 LICENSE WILL EXPIRE JUNE 30, 2010.

WVBOLD will, again, utilize the WV Treasurer's Office for renewals. When you renew, that office processes your payment and forwards, via U. S. Postal Services, your application to WVBOLD.

WVBOLD then checks the application for completion, makes changes in the database as indicated, reviews the CEUs, pulls the previously printed license and labeled envelope and places it in the mail. PLEASE ALLOW TIME FOR THIS PROCESS AND TIME FOR THE LICENSE TO REACH YOU.

If you desire a paper application, the postcard will give you instructions.

If it is your year to submit CEUs, list them in chronologic order, give the title of the CEU and the credits/lunits you are reporting. If you are selected for auditing, you will be notified to send supporting information.

In the past, WVBOLD has returned CEU documentation mailed with renewals. This will no longer be the practice. Please note that WVBOLD will SHRED this information. It is the responsibility of the licensee to report CEUs in the correct year. If CEUS are due, list them when you renew. If WVBOLD has to request them, your license process is delayed.

REFER TO THE MAILING LABEL TO DETERMINE IF YOU NEED TO REPORT CEUs. In 2010, the following years will be 2000, 2002, 2004, 2006, 2008. these years will be subject to audit.

WEST VIRGINIA BOARD OF LICENSED DIETITIANS

723 KANAWHA BLVD., EAST
ROOM 105 UNION BUILDING
CHARLESTON, WV 25301
304-558-1024—304-926-3719

The purpose of this newsletter, accompanying your license to practice dietetics in the State of West Virginia—June 30, 2010 to June 30, 2011, is to encourage you to notify the WVBOLD of any change in address, name, contact telephone number or a change in your professional portfolio. A number of renewal cards were returned due to the inability to forward - some had no forwarding address and some the forwarding window had expired.

As a courtesy, ask your colleagues if they have received a renewal notice. If they have not, they can go online to renew (inserting their updated information).

In order to receive other newsletter or important updates, this is very important.

VOLUME XIII ISSUE II
June 1, 2010
Helen Lodge, Editor -
with Board approval.

On-line verification will happen! It was not an expedient utilization of time or energy to go online so close to renewals. Consideration is being given to a small fee of \$10.00 for each verification. Comparable to other states, this is a reasonable fee.

WVBOLD IS CURRENTLY BEING AUDITED BY THE WEST VIRGINIA LEGISLATURE—Performance Evaluation & Research Division

The Board views this as a helpful tool, much like Joint Accreditation in the hospital or medical center setting. We have found the auditors to be helpful. Obviously, we attempt to comply with all the laws regarding the operation of a Chapter 30 board. Some citations may be "housekeeping" ones. Please be assured the WVBOLD will make every attempt to correct any deficiencies noted by that group.

DISLAYING YOUR
LICENSES
S A WV LAW!!

FREQUENTLY ASKED QUESTION DURING THE PAST SIX MONTHS:

"My hospital wants direction as to permitting a dietitian to write nutrition orders in the patient's chart. Does the WVBOLD had a policy for this?"

REPLY:

The WVBOLD does not enter into policy making for the WV hospitals, nursing homes or medical centers. If the stated facility's medical staff approves this procedure, they have only to document it in their staff meeting minutes. It is purely and simply a decision of the medical staff.

Small facilities may wish to contact one of the major medical centers for advice.
