ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Physician Assistant Committee Meeting Minutes
July 10, 2021

The Physician Assistant Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Suite 103, Charleston, WV 25311 on July 10, 2021 at 9:30 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Acting Chair
Reverend Janet M. Harman
Timothy J. Donatelli, DPM
Kiran R. Patel, MD
Russell O. Wooton

The following Committee members were absent:

Victoria L. Takubo, PA, Chair
Christopher J. Tipton, PA

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

In the absence of Ms. Takubo, Dr. Lilly chaired the meeting of the Physician Assistant Committee. With a quorum present, Dr. Lilly called the meeting to order and thanked Dr. Donatelli for agreeing to join the Committee for the July meeting. Dr. Lilly informed the Committee that Dr. Challa appointed Dr. Donatelli to join the Physician Assistant Committee today to ensure a quorum. The Committee reviewed the minutes from its May 15, 2021 meeting. Rev. Harman moved that the Committee approve the minutes. Mr. Wooton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee reviewed the following complete applications for initial physician assistant licensure:

**INITIAL
APPLICANTS**

1. Ryan Luke Applegate, PA
2. Natalie Dawn Austin, PA
3. Terry Norman Davis, Jr., PA
4. Diana Sue DeWolfe, PA
5. Luke Aaron Dice, PA
6. Adina Miriam Freud, PA
7. Travis Lee James, PA
8. Trenton Ryan Johnson, PA
9. Marissa Ann Jonov, PA
10. Meghan Marie Long, PA
11. Matthew Joseph Mastiano, PA
12. Lauren Ashley Nedzelski, PA
13. Danielle Elizabeth Potts, PA
14. Ravish Kanchanlal Prajapati, PA
15. Danielle Rae Stuart, PA
16. Pamela Jane Sturgill, PA
17. Brendan David Winters, PA

No conflicts having been declared; Dr. Patel moved that the Committee recommend each of the preceding seventeen applicants discussed by the Committee for physician assistant licensure by the Board. Dr. Donatelli seconded the motion, and the motion carried.

Amber Michelle Leman, PA appeared before the Committee in support of her application for physician assistant licensure. After meeting with Ms. Leman, Dr. Patel moved that the Committee recommend that the Board grant Ms. Leman's application for physician assistant licensure. Rev. Harman seconded the motion, and the motion carried.

APPEARANCE

Lisa Marie McCormack, PA-C appeared before the Committee in November 2020 in support of her application for physician assistant licensure. After her appearance, the Committee requested that Ms. McCormack submit additional information in support of her application. Ms. McCormack did not submit the additional information requested. The Committee took no action with regard to this application, and it remains on hold, pending additional information. Ms. Thompson advised the Committee that the application will expire on July 13, 2021.

**RETURNING
DISCUSSION**

The Committee reviewed an updated Practice Notification form. These updates implement the changes to the Physician Assistants Practice Act enacted by Senate Bill 714. The Practice Notification form has been updated to apply to all practice settings. Mr. Wooton moved that the Committee approve the new forms and make them available on the Board's website on July 12, 2021. Rev. Harman seconded the motion, and the motion carried.

Next, the Committee reviewed a modified Initial Licensure Application. These updates also implement the changes to the Physician Assistants Practice Act enacted by Senate Bill 714. Rev. Harman moved that the Committee approve the new forms. Dr. Patel seconded the motion, and the motion carried.

Ms. Thompson notified the Committee that Board staff authorized the following Practice Agreements and Practice Notifications in May and June 2021:

Month	Practice Agreements Authorized		Practice Notifications Activated	
	Licensees	Registrants	Licensees	Registrants
May	14	0	15	3
June	8	0	12	0

Ms. Thompson notified the Committee that Board staff authorized two Physician Assistant licensure reactivations in May and June 2021:

Licensee Name	License No.	Reactivation Date
Bethany Katherine Fisher, PA	1333	June 17, 2021
Mosammat Khaleda Nayem, PA	828	June 17, 2021

Ms. Thompson notified the Committee that Board staff registered 133 out-of-state Physician Assistants for emergency practice as of July 9, 2021:

Total PAs Registered	Out of State PAs	Retired WV PAs
133	133	0

There being no further business, Dr. Lilly moved that the Committee adjourn. Mr. **ADJOURNMENT**
Wooton seconded the motion, the motion carried, and the meeting adjourned.

A handwritten signature in black ink, reading "Victoria L. Takubo PA C". The signature is written in a cursive style and is positioned above a horizontal line.

WEST VIRGINIA BOARD OF MEDICINE
Physician Assistant Committee Meeting Minutes
May 14, 2022

The Physician Assistant Committee of the West Virginia Board of Medicine met at
101 Dee Drive, Charleston, West Virginia, on May 14, 2022 at 9:30 am.

The following Committee members were present:

Victoria L. Takubo, PA, Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Jonathan P. Lilly, MD
Kiran R. Patel, MD
Christopher J. Tipton, PA
Russell O. Wooton

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Ms. Takubo called the meeting to order. The Committee reviewed the minutes from its March 12, 2022 meeting. Dr. Patel moved that the Committee approve the minutes. Mr. Wooton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee reviewed the following complete applications for initial physician assistant licensure:

1. Christopher John Anderson, PA
2. Katarina Witt Clingerman, PA
3. Stephanie Jamie Pham, PA
4. Samah Ramadan-Nassar, PA
5. Kathryn Nicole Semans, PA

**INITIAL
APPLICANTS**

6. Michaela Lynn Vitez, PA

No conflicts having been declared; Dr. Kukkillaya moved that the Committee recommend each of the preceding six applicants for physician assistant licensure by the Board. Dr. Lilly seconded the motion, and the motion carried.

The Committee received and reviewed an inquiry concerning whether physician assistants may independently procure prescription drugs from wholesalers. Mr. Wooton moved that the Committee direct staff to refer the requestor to HB 214 and the Board of Pharmacy and to further advise that the Board has no regulations which specifically relate to prescription drug procurement by PAs. Rev. Harman seconded the motion and the motion carried.

DISCUSSIONS

The Committee received and reviewed correspondence from a representative of a West Virginia physician assistant program asking if the Board has any "stipulations about practicing PAs and if there are any limitations if they themselves have mental issues." Rev. Harman moved that the Committee direct staff to respond that the Board has no jurisdiction with respect to the program's admission criteria and that while it cannot offer guidance on admission criteria, practitioners are eligible for licensure in West Virginia if they meet education, testing and training criteria and can practice with reasonable skill and safety to patients. Rev. Harman further moved that the Board detail its commitment to practitioner wellness and well-being and include references to resources on this issue. Dr. Patel seconded the motion and the motion carried.

The Committee received and reviewed correspondence regarding whether Physician Assistants are authorized to deliver babies. Dr. Patel moved that the Committee direct Board staff to notify the requestor that the Board does not endorse physician assistants performing the medical act of delivering babies unless the physician assistant has received formal training and certification in midwifery or in an advanced PA program in OBGYN. Mr. Wooton seconded the motion and the motion carried.

The Committee received and reviewed a request that the Board consider modifying 11 CSR 1B to eliminate the requirement that PAs provide the Board with all locations where the PA may practice on a Practice Notification. Rev. Harman moved that the Committee direct Board staff to communicate with the requestor and make modifications to the Practice Notification form to allow for certain unique circumstances for the Committee's review. Dr. Patel seconded the motion and the motion carried.

The Committee reviewed a new initial application for Physician Assistants. Dr. Patel moved that the Committee approve the application and make the new application effective on May 16, 2022. Rev. Harman seconded the motion and the motion carried.

The Committee received an update on HB 214, which was previously discussed in the Legislative Committee report earlier today. Last week the Board sent an eblast to all PAs concerning HB 214 and the June 1, 2022 deadline for PAs practicing pursuant to Practice Agreements to submit a Practice Notification.

Ms. Thompson notified the Committee that Board staff authorized the following Practice Notifications in January and February 2022:

Month	Practice Notifications Activated		
	WV Licensees	Interstate Telehealth Registrations	Emergency Registrants
March	89	0	0
April	36	0	1

Ms. Thompson notified the Committee that Board staff processed the following Physician Assistant licensure reinstatement applications in March and April 2022.

Licensee Name	License No.	Reactivation Date
Shelby Lynn Baker, PA	2266	3/30/2022
Rebecca Diane Heim, PA	2344	4/1/2022
Stephen Lee McQueen, PA	2044	3/16/2022
Jessica Ann Rhodes	1555	4/1/2022

Ms. Thompson notified the Committee that no Physician Assistant licensure reactivation applications were processed in March or April 2022.

Ms. Thompson notified the Committee that no Physician Assistant interstate telehealth registrations were processed in March or April 2022.

Ms. Thompson notified the Committee that Board staff registered 147 out-of-state Physician Assistants for emergency practice as of April 30, 2022:

Month	Emergency Registrations Issued	
	Out of State PAs	Retired or Inactive WV PAs
March	4	0
April	5	0

There being no further business, Dr. Kukkillaya moved that the Committee **ADJOURNMENT** adjourn. Mr. Wooton seconded the motion, the motion carried, and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

July 10, 2021

The Licensure Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Suite 103, Charleston, WV 25311 on July 10, 2021 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Kiran R. Patel, MD
Russell O. Wooton

The following Committee members were absent:

Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the May 15, 2021 meeting. Rev. Harman moved that the Committee approve the minutes. Mr. Wooton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

Adaiah Abumeze Ezekiel, MD, who appeared virtually before the Committee at the May Licensure meeting, however, technical issues with the audio connection resulted in the Committee requesting that she appear in person at this meeting. Dr. Ezekiel appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Ezekiel, Dr. Patel moved that the Committee recommended that Dr. Ezekiel agree to an evaluation of her surgical skills by the Center for Personalized Education for Professionals (CPEP) at her own expense and facilitate a report of her evaluation to the Board. If Dr. Ezekiel is not agreeable to the CPEP evaluation process, the Committee is willing to consider her application with restrictions to limit her practice to non-surgical obstetrics and gynecological medicine. Dr. Donatelli seconded the motion, and the motion carried.

Kasimu Senghor Moody, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Moody, Rev. Harman moved that the Committee recommend that the Board grant Dr. Moody's application to practice medicine and surgery in West Virginia, pending payment of the patient injury compensation fund fee. Mr. Wooton seconded the motion, and the motion carried.

Brittani Shantel Lowe, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Lowe, Rev. Harman moved that the Committee recommend that the Board grant Dr. Lowe's application to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

Matthew Korey Shotwell, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Shotwell, Mr. Wooton moved that the Committee recommend that the Board grant Dr. Shotwell's application to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the

motion, and the motion carried.

The Committee received an update on the application of **Anand Raj Dugar, MD** for medical licensure. At its May meeting, the Committee recommended approval of medical licensure via a Consent Order restricting Dr. Dugar to the practice of administrative medicine only. Dr. Dugar has signed the Consent Order and his application will remain on hold pending finalization of the Licensure Consent Order, at which time a license will be issued.

RETURNING DISCUSSIONS

The Committee received an update on the application of **Scott Lynn Shreeve, MD** for medical licensure. At its May meeting, the Committee requested Dr. Shreeve's appearance at this meeting. Dr. Shreeve has requested to delay his appearance until the next Committee meeting in September. Dr. Patel moved that the Committee approve Dr. Shreeve's request to appearance at its September Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Catherine Renee Lewis, MD** for medical licensure. The Committee placed her application on hold in March 2021 and recommended that Dr. Lewis agree to an evaluation of her surgical skills by the Center for Personalized Education for Professionals (CPEP) at her own expense and facilitate a report of her evaluation to the Board. Dr. Lewis has requested that the Committee consider a similar evaluation she completed in the fall of 2020 with LifeGuard in lieu of a surgical skills assessment at CPEP. The Committee accepted and received the evaluation from LifeGuard. Mr. Wooton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Alaa Jalell Hamada, MD** for medical licensure. Dr. Donatelli moved that the Committee recommend that the

NEW DISCUSSIONS

Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Naoum Baladi, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board accept Dr. Baladi's medical education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jamil Mahmoud Aljari, MD** for medical licensure. Mr. Wooton moved that the Committee place Dr. Aljari's application on hold pending primary source verification of both his medical education and post graduate training. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Allen Anderson Lill, Jr., MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Lill's appearance at its September Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David Meir Reznick, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Reznick's appearance at its September Committee Meeting. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Andrew Joseph Hanly, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jason Gamez, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Gamez's appearance at its September Committee Meeting. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Gul Madison, MD** for medical licensure. Dr. Donatelli moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Christian Chisholm Halloran, MD** for reactivation of medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant reactivation of her expired status license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical licensure. Rev. Harman moved that the Committee request Dr. Reynold's appearance at its September Committee Meeting. Dr. Donatelli seconded the motion, and the motion carried.

The Committee received and reviewed a list of one hundred forty-six initial medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Rev. Harman moved that the Committee approve the identified initial

medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee received and reviewed a list of three initial podiatric medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Dr. Donatelli moved that the Committee approve the identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee received and reviewed one summer camp physician applicant whose application does not require an appearance or individualized discussion. A Complete list of the summer camp physician applicant considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Dr. Donatelli moved that the Committee approve the identified summer camp physician applicant and recommend that the Board grant the applicant a summer camp physician license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed communication from the Interstate Medical Licensure Compact Commission concerning Mariela Viera, MD. This physician was

issued a Letter of Qualification from the state of Arizona and was issued compact licenses by several states, including West Virginia. Dr. Viera renewed in West Virginia in early May. The IMLCC notified the Board in June that Arizona issued this physician a Letter of Qualification in error, and that Dr. Viera does not meet the eligibility criteria for compact licensure. After reviewing the correspondence and considering how other states who issued Dr. Viera a compact license based upon the erroneous LOQ responded, Rev. Harman moved that the Committee recommend that the Board expire Dr. Viera's license, effective at 11:59 pm Monday July 12, 2021, due to her ineligibility. The Committee further recommends that notification of expiration be sent to Dr. Viera at her email address of record as soon as possible after the meeting concludes on Monday. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed options for a reinstatement process for IMLC licensees who failed to renew by the deadline and who would like to reinstate licensure within a year of expiration. The IMLC does not have a specific process in place for reinstatement, because this is not a process utilized by all compact member states. After consultation with the IMLC, Dr. Donatelli moved that the Committee recommend to the Board that it adopt the following reinstatement process for physicians who were licensed through the IMLC process and who permitted their license to expire in West Virginia. The process has two pathways, and the physician can select the pathway the physician prefers:

1. If the physician wants to opt out of the IMLC process, the physician can submit an initial application for a traditional pathway license to practice medicine and surgery in West Virginia.
2. If the physician wishes to relicense as an IMLC licensee, the physician will:
 - a. Complete a West Virginia IMLC pathway reinstatement application (which is similar to the traditional reinstatement application);
 - b. Pay the reinstatement fee (\$600) directly to the Board; and
 - c. Complete the IMLC renewal application and remit the required IMLC renewal fee directly to the IMLC at which point the IMLC

will confirm to the Board that the physician's West Virginia license has been reinstated with the IMLC.

Rev. Harman seconded the motion, and the motion carried.

In light of the implementation of SB 372, in May the Board authorized staff to conduct outreach to current medical school faculty and extraordinary circumstances licensees who may now be eligible for a traditional license. That outreach has occurred, and the Board has received inquiries from two licensees who may seek unrestricted licensure through this pathway

The Committee also received updates on the following licensure activity in May and June 2021:

IMLC Licenses Issued

LOQs Issued

Educational and Reciprocal Educational Permits Issued

Reinstatements of Medical Licensure

Reactivations of Medical Licensure

Change in Status of Medical Licensure to Active Status

Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 2.

The Committee received an update for 2021 Licensure Renewals for MDs with last names M-Z and DPMs, CSDP Registrations, Educational Permits and PLLCs. Renewal began May 5, 2021 and ended on June 30, 2021.

The Committee received an update on the 2021 Legislative Session.

There being no further business, Mr. Wooton moved that the meeting be adjourned. **ADJOURNMENT**

Dr. Donatelli seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

September 11, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on September 11, 2021 at 10:00 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Reverend Janet M. Harman
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee members were absent:

Timothy J. Donatelli, DPM
Kiran R. Patel, MD

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the July 10, 2021 meeting. Rev. Harman moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee received a report from Board staff concerning one executed Consent Order.

**CONSENT
ORDER
REPORT**

On July 12, 2021, Anand Raj Dugar, MD and the Board entered into a Consent Order which issued Dr. Dugar a medical license and restricted his practice in West Virginia to administrative medicine. A Copy of this Consent Order is available on the Board's website.

The Committee moved to returning discussions while waiting for the first appearance.

**RETURNING
DISCUSSIONS**

The Committee received an update on the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. At its July meeting, the Committee placed Dr. Ezekiel's application on hold and offered her the opportunity to complete a CPEP assessment at her own expense, or to accept licensure through a Consent Order restricting her license to non-surgical gynecology and obstetrics and permit her to submit a plan of re-entry if she seeks to lift the restrictions in the future. Dr. Ezekiel has requested licensure via this Consent Order. Rev. Harman moved that the Committee recommend that the Board grant approval of medical licensure via a Consent Order restricting Dr. Ezekiel to the practice of non-surgical gynecology and obstetrics. Mr. Wooton seconded the motion, and the motion carried.

The Committee received and update on the application of **Jamil Mahmoud Aljari, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board accept Dr. Aljari's medical school and post-graduate education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The first appearance having arrived, the Committee turned its attention to appearing applicants.

Scott Lynn Shreeve, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Shreeve, Ms. Takubo moved that the Committee recommend that the Board grant Dr. Shreeve's application to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

Jason Gamez, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Gamez, Rev. Harman moved that the Committee recommend that the Board grant Dr. Gamez's application to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Allen Anderson Lill Jr., MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Lill, Ms. Takubo moved that the Committee place Dr. Lill's application on hold pending receipt of additional information related to Dr. Lill's successful completion of his graduate medical training program. Mr. Tipton seconded the motion, and the motion carried.

David Meir Reznick, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Reznick, Mr. Wooton moved that the Committee recommend that the Board grant Dr. Reznick's application to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

Leonard Anthony Reynolds, DPM appeared before the Committee in support of his application for reactivation of an expired podiatric medical license. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, Mr. Wooton moved that the Committee place Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynold's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical

practice. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **George Adel Cortas, MD** for a change of licensure status from inactive status to active status. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a change of status from inactive status to active status. Mr. Tipton seconded the motion, and the motion carried.

NEW DISCUSSIONS

The Committee reviewed and discussed the application of **Roberto Carlos Lopez Solis, MD** for traditional medical licensure. Dr. Lopez Solis holds a restricted license in extraordinary circumstances and has applied for an unrestricted license based upon the new licensure eligibility standards set forth in SB 372. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Ashima Saini, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board accept Dr. Saini's post-graduate education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Andres Jose Jadue Tobar, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Zion Zibly, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Muhammad Mohsin Fareed, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David Samuel Dinello, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Dinello's appearance at its November Committee meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Nancy Jean Shannon, MD** for medical licensure. Ms. Takubo moved that the Committee offer her the opportunity to withdraw her application for licensure and inform her that she may be eligible for an interstate telehealth registration to provide telehealth services in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Ruthie Shannon Cooper, MD** for a change of licensure status from inactive status to active status. Dr. Cooper's application did not support her successful completion of all required CME prior to her license renewal in 2020. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a change of status from inactive status to active status via a Consent Order which imposes a \$500 fine for failure to complete the required 3-hours of Board-approved CME in drug diversion training and best practice prescribing of controlled substances training within the required time period. The status change would be active after execution of the Consent Order and upon payment of the administrative fine. Ms. Takubo seconded the motion, and the motion carried.

The Committee received and reviewed a list of ninety-six initial medical license applicants whose applications did not require an appearance or individualized discussion.

A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Tipton moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee received and reviewed one initial podiatric medical license applicant whose application did not require an appearance or individualized discussion. The initial podiatric physician applicant considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial podiatric medical licensure applicant and recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The USMLE's new attempt limit policy went into effect in July of this year. As a result, the examination attempt limit for each of the three steps was reduced from six attempts per step to four attempts per step. However, the USMLE will accept requests from licensing boards to allow a physician one extra attempt. The Board has received three separate requests from physicians seeking sponsorship for additional test attempts. Mr. Wooton moved that the Committee follow the current legislative rule, and the proposed amendments to the rule, which align the attempt limits for West Virginia licensure with the attempt limits permitted by the USMLE, and not sponsor additional test attempts. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and considered correspondence from a medical school faculty licensee interested in applying for unrestricted licensure and seeking information regarding the Board's willingness to waive the West Virginia Board of Medicine statutory medical licensing examination eligibility requirement which requires completion of all three component parts of the USMLE within 10 consecutive years. Rev. Harman moved that the Committee direct staff to correspond with the applicant regarding his prior inquiry on this issue, his licensure process with the Board resulting in medical school faculty licensure and the Board's consistent practice of complying with this statutory requirement. Mr. Tipton seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in July and August 2021:

- IMLC Licenses Issued
- LOQs Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received revised 2021 Renewal Statistics for MDs with last names M-Z and DPMs, CSDP Registrations, Educational Permits and PLLCs. Renewal began May 5, 2021, and ended on June 30, 2021. The chart was revised to reflect corrected medical school faculty renewal numbers. A copy of the revised renewal statistics provided to the Committee are attached hereto as Attachment 4.

There being no further business, Mr. Tipton moved that the meeting be adjourned. **ADJOURNMENT**

Ms. Takubo seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

November 6, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on November 6, 2021 at 10:00 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Kiran R. Patel, MD
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee members were absent:

Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Victoria L. Takubo, PA-C

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the September 11, 2021 meeting. Dr. Patel moved that the Committee approve the minutes. Mr. Wooton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee received a report from Board staff concerning one executed Consent Order.

**CONSENT
ORDER
REPORT**

On October 28, 2021, Ruthie Shannon Cooper, MD and the Board entered into a Consent Order which granted Dr. Cooper's application to change the status of her medical license from inactive status to active status and imposed a \$500 fine against Dr. Cooper related to a CME deficiency for the reporting period of July 1, 2018 through September 30, 2020.

A Copy of this Consent Order is available on the Board's website.

The Committee moved to returning discussions while waiting for its appearance.

The Committee reviewed and discussed the application of **Allen Andrew Lill, Jr., MD** for medical licensure. Dr. Lill appeared before the Committee at its September meeting in support of his medical licensure application. The Committee place Dr. Lill's application on hold pending receipt of additional information related to his successful completion of his graduate medical training program. The Committee having received additional information, Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The appearing applicant having arrived, the Committee turned its attention to the appearing applicant.

David Samuel Dinello, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Dinello, Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

The Committee reviewed and discussed the request to withdraw the application of **Nancy Jean Shannon, MD** for medical licensure. Mr. Wooton moved that the Committee recommend that the Board accept Dr. Shannon's withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds appeared before the Committee at its September meeting. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, the Committee placed Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynold's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical practice. The Committee's determination was communicated to the applicant, and options are being explored. Dr. Reynold's application will remain on hold and a status update will be available to the Committee at the next meeting.

The Committee received an update on the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. At its July meeting, the Committee placed Dr. Ezekiel's application on hold and offered her the opportunity to complete a CPEP assessment at her own expense, or to accept licensure through a Consent Order restricting her license to non-surgical gynecology and obstetrics and permit her to submit a plan of re-entry if she seeks to lift the restrictions in the future. Dr. Ezekiel has requested licensure via this Consent Order. Dr. Ezekiel's application will remain on hold and a status update will be available to the Committee at the next meeting.

The Committee reviewed and discussed the application of **Khalid Abozguia, MD** for traditional medical licensure. Dr. Abozguia holds a restricted license in extraordinary circumstances and has applied for an unrestricted traditional license after passing Step 3 of the USMLE within ten consecutive years of successfully passing Step 1. Dr. Abozguia now meeting all eligibility criteria for traditional licensure, Dr. Patel moved that the Committee

recommend that the Board convert the license originally granted to Dr. Abozguia from a restricted license in extraordinary circumstances to a full, traditional license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Ashar Niaz Rana, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Amit Singla, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Hassan Taan, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Halil Safak Uygur, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Landon Shay Edwards, MD** for medical licensure. Mr. Wooton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Colin Timothy McDonald, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Barry Pohsiang Huang, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Huang's appearance at its January 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Feras Ghosheh, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Ghosheh's appearance at its January 2022 Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Sabir Hussain, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **William Francis Dunleavy, DPM** for podiatric medical licensure. Mr. Tipton moved that the Committee recommend that the Board accept Dr. Dunleavy's examination as satisfactorily verified and grant the applicant a license to practice podiatric medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of seventy-five initial medical license applicants whose applications did not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Wooton moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed two initial podiatric medical license applicants whose applications did not require an appearance or individualized discussion. The list of two initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Tipton moved that the Committee approve the two identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee regularly evaluates applications from physician applicants who have been out of clinical practice for several years for a variety of reasons. Most commonly, the applicant has self-limited their practice to administrative medicine. Currently, the Board's only pathway to license applicants and limit practice to administrative medicine is through a Consent Order process, which can create collateral consequences in other states. Mr. Wooton moved that the Committee recommend referring this to the Legislative Committee with a request that the Legislative Committee pursue legislation to create a licensing pathway for physicians who seek to practice administrative medicine in West Virginia without utilizing the Consent Order process. Mr. Tipton seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in September and October 2021:

IMLC Licenses Issued
IMLC LOQs Issued
Interstate Telehealth Registrations
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure to Active Status
Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received an update on 2021 IMLC renewal. The IMLC renewal process is multi-step. Nineteen of one hundred sixty-eight renewing physicians were referred to the Complaint Committee for failing to complete West Virginia-specific forms despite multiple requests.

There being no further business, Mr. Tipton moved that the meeting be adjourned. **ADJOURNMENT**
Mr. Wooton seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

January 8, 2022

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on January 8, 2022 at 10:00 am.

The following Committee members were present:

Victoria L. Takubo, PA-C, Acting Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Kiran R. Patel, MD
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee members were absent:

Jonathan P. Lilly, MD, Chair
Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

In the absence of Dr. Lilly, Ms. Takubo chaired the Licensure Committee. Mr. Spangler introduced Dr. Radhakrishna U. Kukkillaya as a new member to the Board of Medicine. Dr. Challa has appointed Dr. Kukkillaya to the Licensure Committee. With a quorum present, Ms. Takubo called the meeting to order. The Committee reviewed the

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

minutes for the November 6, 2021 meeting. Rev. Harman moved that the Committee approve the minutes. Mr. Tipton seconded the motion, and the motion carried.

Feras Ghosheh, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Ghosheh, Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

APPEARING APPLICANT

The Committee moved to returning discussions while awaiting its next appearance.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds appeared before the Committee at its September 2021 meeting. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, the Committee placed Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynolds's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical practice. The Committee's determination was communicated to the applicant. Dr. Reynolds's has expressed concerns for the cost of the most recently identified program. The Committee directed Board staff to communicate with Dr. Reynolds and reaffirm the Committee's willingness to consider other assessment options proposed by Dr. Reynolds. The application will remain on hold until March to give Dr. Reynolds the opportunity to submit an alternate proposal.

RETURNING DISCUSSIONS

The Committee received an update on the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. At its July meeting, the Committee placed Dr. Ezekiel's application on hold and offered her the opportunity to complete a CPEP assessment at her own expense, or to accept licensure through a Consent Order restricting her license to non-surgical gynecology and obstetrics and permit her to submit a plan of re-

entry if she seeks to lift the restrictions in the future. Dr. Ezekiel has requested licensure via this Consent Order. Dr. Ezekiel's application will remain on hold and a status update will be available to the Committee at the next meeting.

The Committee reviewed and discussed the application of **Neil Shah, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Shah's appearance at its March 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Allison Wierda Suttle, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Suttle's appearance at its March 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Praveen Jeyaseelan, MD** for traditional medical licensure. Dr. Jeyaseelan currently holds a medical school faculty license and has applied for an unrestricted traditional license. Dr. Patel moved that the Committee recommend that the Board convert the license originally granted to Dr. Jeyaseelan from a medical school faculty to a full, traditional license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The appearing applicant having arrived, the Committee resumed consideration of appearing applicants.

Barry Pohsiang Huang, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Huang, Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

The Committee reviewed and discussed the application of **David Philip Richards, MD** for medical licensure. Dr. Richards currently holds a medical school faculty license. He has applied for an unrestricted license pursuant to the modified graduate medical education standards established in SB 372 (2021). Mr. Tipton moved that the Committee place Dr Richards application on hold pending additional information. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Hugh Anthony Smith, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Smith's appearance at its March 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Anthony Jude Stephens, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Stephens' appearance at its March 2022 Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of seventy initial medical license applicants whose applications did not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Dr. Kukkillaya moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee received and reviewed a list of two initial podiatric medical license applicants whose applications did not require an appearance or individualized discussion. The list of two initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Wooton moved that the Committee approve the two identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in November and December 2021:

- IMLC Licenses Issued
- IMLC LOQs Issued
- IMLC Redesignation of State of Principal Licensure
- Interstate Telehealth Registrations
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Licensure (MD and DPM)
- Reactivations of Licensure (MD and DPM)
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received an update on 2022 renewals. Interstate Telehealth Registration renewal will begin on February 2, 2022 and complete on March 31, 2022. On May 4, 2022 renewal will begin for MD licensure (A-L) and all related Controlled Substance Dispensing Practitioner registrations, Educational Permits and PLLCs.

The Committee received correspondence from Sudhir Gosain, MD regarding his license status with the Board. Dr. Gosain's current license status is Suspended No CME because he did not renew his West Virginia license and failed to notify the Board of his intent not to renew. This is an administrative, non-disciplinary status. In 1996, when Dr. Gosain failed to renew, the Medical Practice Act required licenses subject to nonrenewal without advanced notice to be placed into this status. Dr. Gosain indicated that he recently became aware of his West Virginia license status and has belatedly submitted his CME for the reporting period ending on June 30, 1996. Mr. Tipton moved that the Committee recommend that the Board accept Dr. Gosain's CME and convert his license status from Suspended No CME to expired. Mr. Wooton seconded the motion, and the motion carried.

There being no further business, Rev. Harman moved that the meeting be adjourned.

ADJOURNMENT

Mr. Tipton seconded, the motion carried and the meeting adjourned.

Jonathon P. Lilly, MD

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

March 12, 2022

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on January 8, 2022 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Reverend Janet M. Harman
Kiran R. Patel, MD
Victoria L. Takubo, PA
Christopher J. Tipton, PA
Russell O. Wooton

The following Committee members were absent:

Radhakrishna U. Kukkillaya, MD
Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the January 8, 2022 meeting. Mr. Tipton moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

**APPEARING
APPLICANT**

Hugh Anthony Smith, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Smith, Ms. Takubo moved that the Committee place Dr. Smith's application on hold pending receipt of additional information regarding the final disposition of the matter currently pending before the Tennessee Board of Medical Examiners. Mr. Tipton seconded the motion, and the motion carried.

Anthony Jude Stephens, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Stephens, Mr. Tipton moved that the Committee place Dr. Stephens' application on hold pending updated information related to work history on his Uniform Application. Rev. Harman seconded the motion, and the motion carried.

Neil Shah, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Shah, Ms. Takubo moved that the Committee place Dr. Shah's application on hold pending updated information related to work history and his resumption of graduate medical training. Mr. Wooton seconded the motion, and the motion carried.

Allison Wierda Suttle, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Suttle, Dr. Patel moved that the Committee recommended approval of medical licensure via a non-disciplinary Consent Order restricting Dr. Suttle to the practice of administrative medicine and non-surgical obstetrics and gynecological medicine in out-patient settings only. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David Philip Richards, MD** for traditional medical licensure. Dr. Richards currently holds a medical school faculty license and has applied for an unrestricted license pursuant to the modified graduate medical education standards established in SB 372 (2021). Dr. Patel moved that the

**RETURNING
DISCUSSIONS**

Committee recommend that the Board convert the license originally granted to Dr. Richards from a medical school faculty to a full, traditional license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds appeared before the Committee at its September 2021 meeting. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, the Committee placed Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynolds's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical practice. The Committee's determination was communicated to the applicant. Dr. Reynolds's has expressed concerns for the cost of the most recently identified program. The Committee directed Board staff to communicate with Dr. Reynolds and reaffirm the Committee's willingness to consider other assessment options proposed by Dr. Reynolds. The application will remain on hold until and Board staff will communicate to Dr. Reynolds that his application will expire in June 2022 if no further action is taken by him.

The Committee received an update on the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. At its July meeting, the Committee placed Dr. Ezekiel's application on hold and offered her the opportunity to complete a CPEP assessment at her own expense, or to accept licensure through a Consent Order restricting her license to non-surgical gynecology and obstetrics and permit her to submit a plan of re-entry if she seeks to lift the restrictions in the future. Dr. Ezekiel has requested licensure via this Consent Order. Dr. Ezekiel's application will remain on hold and a status update will be available to the Committee at the next meeting.

The Committee reviewed and discussed the application of **Carson Wong, MD** for medical licensure. He has applied for an unrestricted license pursuant to the modified graduate medical education standards established in SB 372 (2021). Dr. Patel moved that

**NEW
DISCUSSIONS**

the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Robert Darrell Buck, Jr., MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **William Harry Hartz, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Osman Javed Qaiyum, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Kathleen Mary Sheridan, MD** for medical licensure. Dr. Patel moved that the Committee place Dr. Sheridan's application on hold pending additional information regarding the resolution of her current suspension of clinical privileges at Berkshire Medical Center. Rev. Harman seconded the motion, and the motion carried.

Dr. Patel has declared a conflict with the following applicant who is his son and has left the meeting.

The Committee reviewed and discussed the application of **Akhil Kiran Patel, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Patel's

appearance at its May 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

Dr. Patel has rejoined the meeting.

The Committee reviewed and discussed the application of **John Champ Neely, II, MD** for reactivation of medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the reactivation of the applicant's license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Nadeem Gul Qazi, MD** for reactivation of medical licensure. Rev. Harman moved that the Committee request Dr. Qazi's appearance at its May 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jason Howard Brajer, MD** for reactivation of medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the reactivation of the applicant's license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Satnam Singh Aujla, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Mohamed Maznawi Zawahir, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr.

Zawahir's appearance at its May 2022 Committee Meeting. Mr. Wooton seconded the motion, and the motion carried.

The Committee received and reviewed a list of eighty-three initial medical license applicants whose applications did not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Tipton moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of three initial podiatric medical license applicants whose applications did not require an appearance or individualized discussion. The list of three initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Rev. Harman moved that the Committee approve the identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in November and December 2021:

IMLC Licenses Issued
IMLC LOQs Issued

IMLC Redesignation of State of Principal Licensure
Interstate Telehealth Registrations
Educational and Reciprocal Educational Permits Issued
Reinstatements of Licensure
Reactivations of Licensure
Change in Status of Medical Licensure to Active Status
Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee discussed the application process for applicants utilizing the provisions of Senate Bill 372. Mr. Tipton moved that the Committee authorized Board staff to process applications which utilize the eligibility requirements set forth in Senate Bill 372 as it does all other licensure applications. The Committee will continue to review and discuss all applications that require individual review for any reason, including when a determination needs to be made regarding whether an unaccredited fellowship is substantially equivalent to accredited training. Ms. Takubo seconded the motion, and the motion carried.

The Committee discussed the verification of podiatric postgraduate training process. Historically, the Board has not obtained primary source verification of graduate podiatric training. Primary source verification of graduate medical training is required for all physician applicants. In an effort to align these processes, Mr. Wooton moved that the Committee recommend that the Board approve requiring primary source verification of podiatric training as part of the podiatric license application process. This requirement would apply to all applications initially submitted as of March 14, 2022. Rev. Harman seconded the motion, and the motion carried.

The Committee received a report on bills that passed during the 2022 Legislative session and which relate to the work of the Committee, all of which were reported on during the Legislative Committee report earlier in the meeting today.

The Committee received an update on 2022 renewals. Interstate Telehealth Registration renewal began on February 2, 2022 and ends March 31, 2022. On May 4, 2022 renewal for MD licensure for those with last names A-L and all related Controlled Substance Practitioner Registration, Educational Permits and PLLCs will begin and will conclude on June 30, 2022.

There being no further business, Mr. Tipton moved that the meeting be adjourned. **ADJOURNMENT**
Rev. Harman seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

May 14, 2022

The Licensure Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Charleston, West Virginia, on May 14, 2022 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Kiran R. Patel, MD
Victoria L. Takubo, PA
Christopher J. Tipton, PA
Russell O. Wooton

The following Committee member was absent:

Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the March 12, 2022 meeting. Dr. Patel moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

On April 18, 2022, Allison Wierda Suttle, MD and the Board entered into a Consent Order which issued Dr. Suttle a medical license and restricted her practice in West Virginia to administrative medicine and non-surgical obstetrics and gynecological medicine in out-patient settings. A Copy of this Consent Order is available on the Board's website.

CONSENT ORDER REPORT

Dr. Patel declared a conflict with the following appearance with respect to the medical licensure application of Akhil Kiran Patel, MD due to a close familial relationship. Dr. Akhil Patel is the son of Dr. Patel. Having declared a conflict, Dr. Patel left the meeting room for the entirety of the Committee's discussion with Dr. Akhil Patel, and its deliberation and action upon his application.

APPEARING APPLICANT

Akhil Kiran Patel, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Patel, Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

RETURNING DISCUSSIONS

Thereafter, Dr. Patel rejoined the meeting.

Mohamed Maznawi Zawahir, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Zawahir, Dr. Patel moved that the Committee place Dr. Zawahir's application on hold pending Dr. Zawahir's interest in proceeding and receipt of information which establishes the current status of his Ontario license and the required re-entry plan for practice in that province, and information pertaining to the pending medical professional liability matter filed against him in St. Lawrence County, New York. Dr. Kukkillaya seconded the motion, and the motion carried.

Alexey Viktorovich Sergeev, MD appeared before the Committee in support of his application for a restricted license in extraordinary circumstances. After a thorough

discussion with Dr. Sergeev, and after reviewing the requirements for extraordinary circumstance licensure, Ms. Takubo moved that the Committee recommend to the Board that Dr. Sergeev be approved for restricted licensure in extraordinary circumstances and that the Board make the following findings:

1. Dr. Sergeev has exceptional education, training and practice credentials, including:
 - a. He completed his medical education, with honors, at I.M. Schevenov First Moscow State Medical University and subsequently received a Ph.D. in Medicine from Bakulev Scientific Center for Cardiovascular Surgery, both of which are internationally respected programs. As a student, Dr. Sergeev was selected as a laureate of the all-Russia Young Scientists' Conference on Cardiovascular issues;
 - b. Continuing throughout and after his training, and until 2018, Dr. Sergeev practiced at the Bakulev Scientific Center for Cardiovascular Surgery, including service as the Deputy Chief of the Department for Cardiac Electrophysiology;
 - c. Since 2018, Dr. Sergeev has served as the Head of the Cardiac Electrophysiology Department at the Lapino Medical Center;
 - d. He is an internationally recognized electrophysiologist who has performed over 2,280 catheter ablations and device implantations for heart rhythm management;
 - e. Dr. Sergeev was awarded the V.I. Burakovsky's Medal from the Russian Academy of Medical Sciences for his contribution to medicine;
 - f. He served on the editorial board of Annals of Arrhythmology, Russia's premier scientific journal in the field of arrhythmology;
 - g. In 2019, Dr. Sergeev was awarded a diploma from the Eurasian Association of Cardiothoracic Surgeons for contributing to the development of electrophysiology in Kyrgyzstan;
 - h. Dr. Sergeev has engaged in research in arrhythmias and thoroscopic implantation techniques for implanting epicardial lead for biventricular cardiac pacing and new approaches for the epicardial ablation of ventricular tachycardia.
2. Dr. Sergeev's practice in the state would be beneficial to the public welfare because West Virginia has a significant need for electrophysiologists, and travel

out of state is common for West Virginians requiring electrophysiology care. Dr. Sergeev has also expressed an interest in continuing research while practicing in West Virginia, which can be beneficial to the citizens of this state.

3. Dr. Sergeev's specialty is electrophysiology cardiology, and there is a need for this specialty in West Virginia.
4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-10(b). While Dr. Sergeev's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state, his training in Cardiovascular Surgery at Bakulev Scientific Center for Cardiovascular Surgery in association with his research, extensive clinical experience, scholarship, including primary or co-authorship of 40 peer reviewed articles, and satisfy this requirement.
5. Dr. Sergeev has no professional discipline which would render him ineligible for an extraordinary circumstances license.
6. Dr. Sergeev is eligible for a restricted license in extraordinary circumstances..

Ms. Takubo further moved that the Committee recommend that the Board grant Dr. Sergeev a restricted license in extraordinary circumstances restricted to the practice of electrophysiology cardiology. Mr. Tipton seconded the motion, and the motion carried.

Jeremiah William Hayanga, MD was scheduled to appear before the Committee in support of his application for conversion of medical school faculty licensure to a restricted license in extraordinary circumstance. He has requested to defer his appearance until the July 2022 Committee Meeting due to travel outside of the country. Ms. Takubo moved that the Committee grant Dr. Hayanga's request to defer his appearance until the July 2022 Committee Meeting. Mr. Wooton seconded the motion, and the motion carried.

Elie Khalifee, MD was scheduled to appear before the Committee in support of his request for licensing. In lieu of appearing, Dr. Khalifee requested to withdraw his application for West Virginia medical licensure. Ms. Takubo moved that the Committee

grant Dr. Khalifee's request to withdraw his application. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the request to withdraw the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant Dr. Ezekiel's withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS
WITHDRAW**

The Committee reviewed and discussed the request to withdraw the application of **Nadeem Gul Qazi, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant Dr. Qazi's withdrawal request. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee received an update on the application of **Anthony Jude Stephens, MD** for medical licensure. Dr. Stephens appeared before the committee at its March 2022 meeting. The Committee placed his application on hold pending receipt of updated information related to his work history and training. Dr. Stephens provided additional information, however the Committee determined that Dr. Stephens' training and work history remain incomplete. Ms. Takubo moved that the Committee keep Dr. Stephens' application on hold and give him the opportunity to withdraw his application for medical licensure or to provide additional information to complete his application. Mr. Wooton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee reviewed and discussed the application of **Neil Shah, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee received an update on the application of **Kathleen Mary Sheridan, MD** for medical licensure. Dr. Sheridan has asked for an extension to provide the additional

information sought by the Committee. Rev. Harman moved that the Committee keep Dr. Sheridan's application on hold pending receipt of additional information. Mr. Tipton seconded the motion, and the motion carried.

The Committee received an update on the application of **Hugh Anthony Smith, MD** for medical licensure. Mr. Tipton moved that the Committee keep Dr. Smith's application on hold pending receipt of additional information regarding the final disposition of the matter currently pending before the Tennessee Board of Medical Examiners. Mr. Wooton seconded the motion, and the motion carried.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds appeared before the Committee at its September 2021 meeting. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, the Committee previously placed Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynolds's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical practice. The Committee identified CPEP as an option and welcomed alternative evaluation and assessment programs Dr. Reynolds might propose. After its March 12, 2022 meeting, the Committee corresponded with Dr. Reynolds and advised that his application remained on hold and that any evaluation/assessment proposals he wished to submit needed to be provided prior to the Committee's May 14, 2022 meeting as his application would expire on June 9, 2022. Dr. Reynolds' shared communications with the Board which were unsuccessful in identifying an evaluation/assessment alternative. Dr. Reynolds requested additional time to continue to explore re-entry options and asked if it would "be possible to put him on an observations evaluation with another podiatrist." The Committee directed Board staff to communicate with Dr. Reynolds and reaffirm the Committee's willingness to consider other assessment options proposed by Dr. Reynolds. Dr. Patel moved that the Committee correspond with the applicant and notify him that while the Committee continues to approve this participation in an evaluation and assessment at CPEP, it cannot

maintain his application indefinitely, and absent his participation in an approved evaluation process prior to June 9, 2022, his application will expire. Ms. Takubo seconded the motion, and the motion carried

The Committee reviewed and discussed the application of **Ramazan Kamil Peker, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Peker's appearance at its July Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

NEW DISCUSSIONS

The Committee reviewed and discussed the application of **Abbie Louis Fields, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Fields' appearance at its July Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Michael Antonio Reynolds, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Reynolds' appearance at its July Committee Meeting. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Pearl Nuch Pakdi, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jennifer Aylestock Myhre, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Myhre's appearance at its July Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Scott David Myhre, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Myhre's appearance at its July Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Neeta Mody Vargo, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Seyfi Alper Toker, MD** for modification of the terms of his restricted license in extraordinary circumstance. Ms. Takubo moved that the Committee recommend that the Board remove the practice location restrictions on Dr. Toker's restricted license in extraordinary circumstance so that Dr. Toker may practice thoracic medicine and surgery in West Virginia without any practice location restrictions. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jianyi Zhang, MD** for medical licensure. Mr. Wooton moved that the Committee place Dr. Zhang's application on hold pending receipt of additional information related to his pending matters before the Virginia Board of Medicine. Mr. Wooton further moved that the applicant be provided information about the application withdrawal process. Ms. Takubo seconded the motion, and the motion carried.

The Committee received and reviewed a list of one hundred twenty-two initial medical license applicants whose applications did not require appearances or individualized discussions. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. Rev. Harman declared a personal conflict with applicant Maggie Blackwell and left the meeting. Ms. Takubo moved that the Committee approve Maggie Blackwell and recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

Rev. Harman has rejoined the meeting

Members of the Committee reviewed the remaining list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the remaining initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of four initial podiatric medical license applicants whose applications did not require appearances or individualized discussions. The list of four initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

In March, the Board approved requiring primary source verification of all podiatric training for applicants beginning March 14, 2022. The Committee reviewed the form provisionally used by Board staff since that date. Ms. Takubo moved that the Committee approve the form without modification. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and approved a new form proposed by Board staff which would update and replace the current Affidavit and Addendum 1. Mr. Wooton moved that the Committee approve the form and begin implementation prior to the July meeting. Ms. Takubo seconded the motion, and the motion carried.

Currently, all applicants for initial licensure are required to request and submit primary source verification of all licenses ever held. With the proliferation of telemedicine, this practice sometimes delays licensure. The FSMB operates a verification service called the Physician Data Center, which provides reports that include accurate and current records of a physician's licensure history. There may be a nominal lag time in information reported to the PDC, but some states have begun utilizing PDC in lieu of requiring primary source license verifications. The Committee carefully reviewed this issue and weighed the efficacy of the process and the value it can provide in expediting licensure. Dr. Patel moved that the Committee recommend that the Board authorize the utilization of the PDC report in lieu of primary source license verification for all initial physician applications and recommend that the transition occur prior to the July meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in March and April 2022:

- IMLC Licenses Issued
- IMLC LOQs Issued
- IMLC Redesignation of State of Principal Licensure
- Interstate Telehealth Registrations
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Licensure
- Reactivations of Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received a report on bills that passed during the 2022 Legislative session and which relate to the work of the Committee.

The Committee received an update on 2022 renewals. Interstate Telehealth Registration renewal ended on March 31, 2022. On May 4, 2022 renewal for MD licensure for those with last names A-L and all related Controlled Substance Practitioner Registration, Educational Permits and PLLCs began and will conclude on June 30, 2022. As of May 13, 2022, Board staff processed 879 physician renewals. The current number of physicians eligible for license renewal is 4493.

Dr. Patel has left the meeting at this time.

There being no further business, Ms. Takubo moved that the meeting be adjourned.

Mr. Wooton seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

July 11, 2021

The West Virginia Board of Medicine's Legislative Committee met at 101 Dee Drive, Charleston, West Virginia, at 10:00 am on July 11, 2021.

The following Committee members were present:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Calla moved that the minutes of the following Committee meetings be approved:

**APPROVAL
OF MINUTES**

May 16, 2021

June 16, 2021

June 23, 2021

Dr. Sheth seconded the motion, and the motion carried.

Dr. Challa moved that the Committee establish the following additional Committee meeting date and time to review and consider comments received in relation to the Board's proposed amendments to seven existing rules and a proposed new rule:

July 29, 2021 at 5:00 pm

Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reminded members that House Bill 2265, relating to collaborative pharmacy practice and updating rulemaking authority, was not passed during the 2021 legislative session. This bill would have amended the Pharmacy Practice Act to change the rulemaking authority for collaborative pharmacy practice to remove the Board of Medicine's joint authority with the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine for rulemaking. Instead, the Board of Medicine's role would be limited to advising on the rule. Members of the legislature requested that the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy work collaboratively to update W. Va. Code § 11-8-1 *et seq.* for introduction during the 2022 legislative session. Mr. Spangler reported that the Board of Pharmacy does not appear to be interested in updating the joint rule on collaborative pharmacy practice this year as previously contemplated, as many of the changes the Board of Pharmacy sought to implement are inconsistent with current statutory provisions. Board staff have communicated to the Board of Pharmacy that this Board remains open to working collaboratively with regard to updating the rule and identified some areas where modification could be made. Board staff will reach out to the Board of Pharmacy and the Board of Osteopathic Medicine to establish a meeting prior to the 2022 legislative session to discuss this joint rule.

Mr. Spangler reported that Senate Bill 372, providing greater discretion to the West Virginia Board of Medicine to approve graduate clinical training, became effective on March 9, 2021. This bill modifies W. Va. Code § 30-3-10 to provide a pathway for licensure for applicants who have completed fellowship training in programs for which accreditation is not available, but which meet other appropriate standards. Several physicians who held a specialty license prior to the passage of this legislation have recently converted to a traditional medical license. Additional licensees who currently hold a specialty license have requested an application to convert to a traditional medical license.

Mr. Spangler reported that Senate Bill 714, relating to the Physician Assistants Practice Act, became effective on July 8, 2021. As a result, the Board has updated its website, updated the practice notification form, and modified the initial physician assistant licensure application. The revised form and application will be available on the website tomorrow, July 12, 2021.

Mr. Spangler reported that House Bill 2024, relating to telemedicine, became effective on March 30, 2021. To implement the registration process and to establish rules related to the delivery of telehealth services to patients in West Virginia, Board staff filed an emergency rule with the West Virginia Secretary of State's Office. Once the emergency rule is in effect, the interstate telehealth registration application will be made available on the Board's website, and licensees and other credential holders will be notified via email.

At the June 23, 2021 meeting, the Committee approved the proposed new rule, W. Va. Code § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and authorized Board staff to move forward with promulgation of the legislative and the emergency versions of this rule. Mr. Spangler reported that prior to filing the rule with the West Virginia Secretary of State's Office, Board staff made the following technical changes to the rule:

- Removed the word "automatically" in 4.6, 9.2 and 10.2
- Added the word "uncontested" in 9.2
- Clarified in 5.3.2 that the application renewal fee for physician assistants is \$50.00, which, consistent with prior direction from the Committee, is half of the initial application fee

Dr. Sheth moved that the Committee ratify the technical changes made by Board staff. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that on June 29, 2021, Board staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office with regard to the following proposed rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*

- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W.Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

The Board is accepting written comments on the proposed amendments to the seven existing rules and the proposed new rule through 4:30 pm on July 29, 2021. The Committee preliminarily reviewed the following comments/inquires that were received prior to July 9, 2021:

- Matthew Q. Christiansen, MD, MPH submitted a comment regarding the proposed amendments to W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*. Currently, the Board requires all licensees who prescribe, administer or dispense controlled substances pursuant to a West Virginia license to complete a three-hour Board-approved continuing education course on drug diversion training and best practice prescribing of controlled substance training. Dr. Christiansen proposed expanding the course to include “some education on stigma and the evidence of effectiveness of Medication Opioid Use Disorder (MOUD) and referral to treatment.” Additionally, Dr. Christiansen proposed changing the name of the training to “drug diversion training, stigma education including addiction as a chronic disease, the basics of substance use disorder treatment and outcome of MOUD, and best practice prescribing of controlled substances training. Also, Dr. Christiansen suggested adding the following two additional components to the definition of drug diversion training and best practice prescribing of controlled substances:
 - 2.5.k. Training on the impacts of stigma on treatment effectiveness including the concept of addiction as a chronic disease; and

- 2.5.1. Introduction to MOUD and training on the effectiveness of MOUD treatment including the use of full opioid agonist, partial opioid agonist and opioid antagonists.
- David M. Glener, MD submitted a comment regarding W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*. Dr. Glener requested that the Board consider a carve-out exception in certain circumstances for practitioners who administer anesthesia.
- The following three individuals submitted comments/inquiries regarding the proposed new rule W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*.
 - John Ellis, MD commented that this rule does not seem to address West Virginia physicians or allow them to perform telehealth services. Additionally, Dr. Ellis observed that physicians licensed in West Virginia are not required to register to provide telehealth services. Dr. Ellis' correspondence did not identify any specific proposed modification to the proposed rule.
 - Su Fairchild, MD commented that the proposed rule seems reasonable. Additionally, Dr. Fairchild's correspondence inquired about the establishment of the physician-patient relationship via telemedicine technologies. Dr. Fairchild's correspondence did not identify any specific modification to the proposed rule.
 - James R. Shope, MD commented that for many years "telemedicine" has been practiced by Poison Control, Stroke Consult and most notably, after hour Radiology. Dr. Shope asked whether these practitioners will be required to be licensed to practice telehealth in West Virginia and inquired about the vetting process for practitioners who are practicing from non-United States locations. Dr. Shope's correspondence did not identify any specific proposed modification to the proposed rule.

As the correspondence received to date regarding W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, appears to be questions rather than comments, the Committee directed Board staff to respond to the questions proposed and notify each of the three individuals that the Committee does not read their correspondence as a comment upon the proposed rule or its contents, and invite them

to provide any comments/recommendations that they may have regarding the proposed amendments to the Board prior to 4:30 pm on July 29, 2021. The Committee will review all comments received on July 29, 2021, and each of the comments will be addressed at that time.

As established earlier in the meeting, following conclusion of the comment period on July 29, 2021, the Committee will meet to review and consider all comments that are received. Dr. Sheth moved that the Committee recommend that the Board delegate authority to the Legislative Committee to act on behalf of the Board at interim meetings with regard to authorizing the filing of the agency approved version of the pending legislative rules and any amendments or other necessary action related to emergency rulemaking. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

On June 29, 2021, Board staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office with regard to the following proposed rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*

- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

Mr. Spangler reported that the comment period for proposed amendments to the seven existing rules and a proposed new rule concluded at 4:30 pm today, July 29, 2021. At its July 13, 2021, meeting, the Board authorized the Legislative Committee to evaluate comments received and adopt an agency-approved rule for filing with the West Virginia Secretary of State's Office. The Board received several comments on the proposed rules.

***Licensing and Disciplinary Procedures:
Physicians; Podiatric Physicians and Surgeons
W. Va. Code R. § 11-1A-1 et seq.***

The Board received one comment on this rule. WV Primary Care Association provided a consolidated comment on four of the Board's proposed rules and/or proposed rule amendments. With respect to this rule, WV Primary Care Association indicated that it is "encouraged by the WVBOM's progressive changes to physician and physician assistant licensing and telehealth regulation while still holding true to the legislative intent of relevant legislation." The commentor indicated that it believes the proposed changes will "allow providers under the purview of the WVBOM to practice at the top of their training without unnecessary red tape." The organization did not recommend any changes to the proposed rule.

Dr. Sheth moved that the Committee file the agency-approved version of W. Va. Code R. § 11-1A-1 *et seq.* as originally proposed and with no further amendments. Dr. Challa seconded the motion, and the motion carried.

***Licensure, Disciplinary and Complaint Procedures,
Continuing Education, Physician Assistants
W. Va. Code R. § 11-1B-1 et seq.***

During the comment period, the Board received four comments directly referencing 11 CSR 1B. In addition, the Board received a comment on a separate rule, 11 CSR 6, which relates to the definition of “drug diversion training and best practice prescribing of controlled substances training.” Inasmuch as that definition is also included in 11 CSR 1B, the Committee evaluated this comment with respect to both 11 CSR 6 and 11 CSR 1B.

Frederic D’Alauro, MD commented upon proposed amendments to subsections 9.2 of the 11 CSR 1B. The proposed amendments provide:

9.2. In addition to core duties, a physician assistant may perform ~~properly delegated medical acts within a medical specialty that he or she, by education, training and/or experience has the knowledge and competency to perform~~ commensurate with his or her education, training, and experience, which the physician assistant is competent to perform, and consistent with the rules of the Board. The physician assistant may only perform medical acts consistent with sound medical practice and that will protect the health and safety of the patient.

Dr. D’Alauro opined:

This law would exclude physician assistants from working in subspecialty medical settings in which they do not have experience and training. For example physician assistants should not be permitted to evaluate and treat emergency room patients, cardiology clinic patients and patients in intensive care without having education training and experience commensurate to treat such patients. Just graduating from a physician assistant program would not qualify them to practice in these subspecialty settings. I think the Board’s responsibility is to protect the health and welfare of West Virginia citizens. The law is clear in requiring Physician

assistants who want to work in subspecialty areas to obtain additional formal training before being permitted to practice subspecialty medicine.

Dr. D'Alauro also submitted an accompanying letter which further expresses his concerns over the expanding role of nurse practitioners and physician assistants in subspecialty practices, particularly without appropriate specialty education and training.

WV Primary Care Association provided a consolidated comment on four of the Board's proposed rules and/or proposed rule amendments. With respect to this rule, WV Primary Care Association indicated its support of the proposed amendments:

Given the rural areas that our members serve and the associated challenge of recruiting qualified physicians and physician assistants, we are especially excited about the revisions to proposed rule 11 CSR 1B.

The proposed revisions to rule 11 CSR 1B, among other things, allow physician assistants to register with the WVBOM via a practice notification instead of a practice agreement. We thank the WVBOM for extending this practice notification eligibility, which has been available to hospital-based physician assistants since 2019, to community-based providers such as health centers. This change promotes regulatory simplicity and equity. Moreover, we appreciate the WVBOM developing a simple, streamlined form for submission of practice notifications. These proposed rules revisions will reduce costs to our health centers from a compliance/legal standpoint and decrease the time needed to onboard new physician assistants.

The organization did not recommend any changes to the proposed rule.

The West Virginia Association of Physician Assistants indicated that the organization agrees with many aspects of the proposed amendments (and the associated emergency rule) but recommended three modifications:

With regards to 11CSR1b-14.2, we feel a fee of \$100 to file a practice notification places an undue financial burden on physician assistants and facilities. Neither physicians nor nurse practitioners in West Virginia have to provide a fee (other than for their licenses) to practice. Physician Assistants in Minnesota, where the basis of SB714 originated, have a notification with no fee. Many other states that do not require the practice agreement to be sent in, do not require a fee to practice such as Virginia, Minnesota, Massachusetts, Tennessee, Nebraska, Florida to name a few. We would like consider lower or no fee to file a practice notification. While

we understand financial implications, raising the licensing fee would help offset these.

With regards to 11CSR1B-14.3, written notification of practice notification filed to start practice. Part of the purpose for practice notification and scope determined at the practice level is to allow physician assistants to begin practice without extra administrative burdens. Having to delay waiting for board approval can make hiring a provider that is needed rapidly, to look at other professions to fill their need. Offering a grace period to start working while the practice notification is filed and approved would help solve this issue. Both New Jersey and Florida do similar while receiving what they require from the physician assistant.

With regards to 11CSR1B-17, since the CME requirements for renewal is similar to what the NCCPA requires to maintain certification. Would like to suggest that the CME requirements be met if valid NCCPA certification is maintained. Physician assistants that were required to complete the 3 hour drug diversion CME would still have to provide proof it is completed. Any physician assistant not NCCPA certified would still need to follow the current CME requirements and timeline. This would hopefully cut down on the Board's administrative burden since NCCPA status is required with license renewal.

K. Dean Wright, MPAS, PA-C, DFAAPA commented in support of the proposed changes to the rule.

Matthew Q. Christiansen, MD, MPH, Director, Office of Drug Control Policy, WV Department of Health and Human Resources, submitted a comment with respect to another rule for which the Board has proposed amendments, 11 CSR 6. Series 6 is the Board's rule with regard to continuing education for physicians and podiatric physicians. Dr. Christiansen's comment with respect to 11 CSR 6 related to language which is also included in 11 CSR 1B, as continuing education for PAs is covered by this rule. Accordingly, the Committee considered Dr. Christiansen's comment with respect to both proposed rule amendments.

Specifically, Dr. Christiansen proposed further expanding the scope of the 3-hour Board approved course on drug diversion training and best practice prescribing of controlled substances training to include "some education on stigma and the evidence of effectiveness of MOUD and referral to treatment." The term "drug diversion training and best practice prescribing training"

is defined in the definition section of 11 CSR 1B at subdivision 2.1.n. In the Board's proposed amendments, the definition of this training was amended to include:

2.1.n.12. Information related to substance use disorder treatment referral, including but not limited to programs and initiatives developed through the Governor's Council on Substance Abuse Prevention and Treatment, the Governor's Committee on Crime, Delinquency, and Correction, and/or W. Va. Code § 15-9-7:

Dr. Christiansen proposed changing the name of the training and suggested adding two additional components to the definition to incorporate training on the impacts of stigma on treatment effectiveness including the concept of addiction as a chronic disease and an introduction to MOUD and its effectiveness, including training on the use of full opioid agonist, partial opioid agonist, and opioid antagonists.

The Committee reviewed and considered each comment received, and engaged in a discussion of the additional amendments proposed by the commentors. Ms. Alley confirmed that the proposed rule does not include a fee increase, and that proposed rule is consistent with the provisions of the West Virginia Physician Assistants Practice Act which require notice of activation from the Board prior to the PA commencing practice. The Committee engaged in a lengthy discussion of the WVAPA's request that the Board accept NCCPS certification in satisfaction of the CME requirement for PAs. The Committee noted the recent legislative trend to develop clear separations between physician assistant licensure and professional certification. The Committee discussed the overlap of the Board's CME requirements and the NCCPA's certification requirements, and that the overlap does not appear to create any additional burden to certified physician assistants. Finally, the Committee noted that its rule currently permits physician assistants to utilize NCCPA recertification examination results to satisfy CME requirements. The Committee further discussed the proposed modifications submitted by Dr. Christiansen.

Dr. Sheth moved that the Committee approve the filing of W. Va. Code R. § 11-1B-1 *et seq.* as initially proposed with the following modifications to the definition of drug diversion training and best practice prescribing of controlled substances training:

2.1.n. “Drug diversion training and best practice prescribing of controlled substances training” means training which includes all of the following:

2.1.n.1. Drug diversion, including West Virginia statistics on prescription drug abuse and resulting deaths;

2.1.n.2. Epidemiology of chronic pain and misuse of opioids;

2.1.n.3. Indication for opioids in chronic pain treatment including general characteristics, toxicities and drug interactions;

2.1.n.4. Examination of patient evaluation and risk assessment and tools to assess risk and monitor benefits;

2.1.n.5. Initiation and ongoing management of chronic pain patient treated with opioid based therapies, including treatment objectives; monitoring and periodic review; referrals and consultations; informed consent; prescription of controlled substance agreements, urine screens and pill counts; patient education on safe use, storage and disposal of opioids; discontinuation of opioids for pain due to lack of benefits or increased risks; documentation and medical records;

2.1.n.6. Case study of a patient with chronic pain;

2.1.n.7. Identification of diversion and drug seeking tactics and behaviors;

2.1.n.8. Best practice methods for working with patients suspected of drug seeking behavior and diversion;

2.1.n.9. Compliance with controlled substances laws and rules;

2.1.n.10. Training on prescribing and administration of an opioid antagonist;

2.1.n.11. Training on the impacts of stigma on treatment effectiveness including the concept of addiction as a chronic disease;

2.1.n.12. Introduction to Medication for Opioid Use Disorder (MOUD) and training on the effectiveness of MOUD treatment including the use of full opioid agonist, partial opioid agonist, and opioid antagonists;

2.1.n.13. Registration with and use of the West Virginia Controlled Substances Monitoring Program established in West Virginia W. Va. Code Chapter 60A, Article 9; and

2.1.n.14. Information related to substance use disorder treatment referral, including but not limited to programs and

initiatives developed through the Governor's Council on Substance Abuse Prevention and Treatment, the Governor's Committee on Crime, Delinquency, and Correction, and/or W. Va. Code § 15-9-7; and

2.1.n.1315. Maintenance of a record of attendance of each individual who successfully completes the drug diversion training and best practice prescribing of controlled substances training.

Dr. Challa seconded the motion, and the motion carried.

***Board of Medicine Rules for Dispensing of
Prescription Drugs by Practitioners
W. Va. Code R. § 11-5-1 et seq***

The Board received one comment on this rule. WV Primary Care Association provided a consolidated comment on four of the Board's proposed rules and/or proposed rule amendments. WV Primary Care Association commented favorably on the proposed rule changes, and did not suggest any modifications to the proposed rule.

Dr. Faheem moved that the Committee file the agency-approved version of W. Va. Code R. § 11-5-1 *et seq.* as originally proposed and with no further amendments. Dr. Challa seconded the motion, and the motion carried.

***Continuing Education for Physicians
and Podiatric Physicians
W. Va. Code R. § 11-6-1 et seq.***

The only comment the Board received on this rule was the comment from Dr. Christiansen, which the Committee previously reviewed and discussed. Dr. Sheth moved that, consistent with the modifications adopted with respect to W. Va. Code R. § 11-1B-1 *et seq.*, that W. Va. Code R. § 11-6-1 *et seq.* be modified to incorporate training on the impacts of stigma on treatment effectiveness including the concept of addiction as a chronic disease and an introduction to MOUD and its effectiveness, including training on the use of full opioid agonist, partial opioid agonist, and opioid antagonists. Dr. Challa seconded the motion, and the motion carried.

***Practitioner Requirements for Accessing the West Virginia
Controlled Substances Monitoring Program Database
W. Va. Code R. § 11-10-1 et seq.***

The Board received two comments on this rule. David M. Glener, MD requested that the Board consider a carve-out exception to the general requirement that all practitioners who prescribe or dispense a Schedule II controlled substance or any opioid or benzodiazepine must first access the West Virginia Controlled Substances Monitoring Program Database for practitioners who administer anesthesia in hospitals. Dr. Glener's comment was previously provided to the Committee for review. At the request of the Committee, Board staff reviewed the comment and conducted outreach to the West Virginia Board of Pharmacy on this issue. Second, the West Virginia Orthopaedic Society ("WVOS") submitted a similar comment, opining that accessing the CSMP in the emergency room and operating room settings would be very difficult:

First, in the prescribing of narcotic rules for utilization of the data bank, I see no clarification if this includes the emergency room and operating room setting. It would be very difficult to add this to the must do list during on call visits to reduce fractures and providing other emergent call without the support of office staff. The same applies to the operating room setting. Frequently, there is minimal time to complete orders and other already required paper work before starting another surgery. This is especially so for private practice based surgeons without residents to assist in such requirements. The office setting has multiple tiers of staff to assist for patients in that setting.

The Committee reviewed and carefully considered these comments. The Committee having previously reviewed Dr. Glener's comment, asked staff to report on any additional information it was able to obtain about the use of the CSMP database in hospital settings. Ms. Alley reported that Board staff conducted outreach to the West Virginia Board of Pharmacy regarding CSMP use and access in hospital settings. Board staff were able to confirm that some hospitals in West Virginia have real-time access to the CSMP data for hospitalized patients as a functionality built into the electronic health record system. If this is the case, the practitioners who provide patients with Schedule II controlled substances, opioids and/or benzodiazepines "access" the CSMP data directly in the patient electronic medical record. Additionally, providers routinely

utilize delegates to conduct the actual CSMP data search. This can also occur in hospital settings, where the results can then be made available to all prescribing/dispensing/administering providers.

Ms. Alley further reported that Board staff discussed with the Board of Pharmacy the important public safety objectives underpinning the requirements of W. Va. Code § 60A-9-5a. A review of a patient's controlled substance prescription history may be highly relevant to whether a patient should be provided certain controlled substances in a hospital setting. While there may be emergency situations where a lack of patient identity information may impede compliance W. Va. Code § 60A-9-5a, the advancement of hospital electronic health records to include real-time access to the CSMP data and the use of delegates weigh against the need for a specific carve-out for providers of anesthesiology. Ms. Alley reported that Board staff and Board of Pharmacy staff are in accord that the proposed rule comports with the language of the statute, and that the exception sought by the commenters would require a statutory change.

Dr. Faheem moved that the Committee file the agency-approved version of W. Va. Code R. § 11-10-1 *et seq.* as originally proposed, and with no further amendments. Dr. Sheth seconded the motion, and the motion carried.

***Establishment and Regulation of Limited License to Practice Medicine
and Surgery at Certain State Veterans Nursing Home Facilities
W. Va. Code R. § 11-11-1 et seq.***

The Board did not receive any comments on this proposed rule. Dr. Challa moved that the Committee file the agency-approved version of W. Va. Code R. § 11-11-1 *et seq.* as originally proposed, and with no further amendments. Dr. Sheth seconded the motion, and the motion carried.

***Registration to Practice During Declared State of Emergency
W.Va. Code R. § 11-14-1 et seq.***

The Board did not receive any comments on this proposed rule. Dr. Sheth moved that the Committee file the agency-approved version of W. Va. Code R. § 11-11-1 *et seq.* as originally

proposed, and with no further amendments. Dr. Challa seconded the motion, and the motion carried.

***Telehealth and Interstate Telehealth Registration for Physicians,
Podiatric Physicians and Physician Assistants
W. Va. Code R. § 11-15-1 et seq.***

The Board received communications from seven commenters regarding this proposed rule. At a previous meeting, the Committee considered the comments from the following individuals:

- John Ellis, MD commented that this rule does not seem to address West Virginia physicians or allow them to perform telehealth services. Additionally, Dr. Ellis observed that physicians licensed in West Virginia are not required to register to provide telehealth services. Dr. Ellis' correspondence did not identify any specific proposed modification to the proposed rule.
- Su Fairchild, MD commented that the proposed rule seems reasonable. Additionally, Dr. Fairchild's correspondence inquired about the establishment of the physician-patient relationship via telemedicine technologies. Dr. Fairchild's correspondence did not identify any specific modification to the proposed rule.
- James R. Shope, MD commented that for many years "telemedicine" has been practiced by Poison Control, Stroke Consult and most notably, after hour Radiology. Dr. Shope asked whether these practitioners will be required to be licensed to practice telehealth in West Virginia and inquired about the vetting process for practitioners who are practicing from non-United States locations. Dr. Shope's correspondence did not identify any specific proposed modification to the proposed rule.

As the correspondence from these three individuals appeared to be questions rather than comments, the Committee previously directed Board staff to respond to the questions proposed and notify each of the three individuals that the Committee does not read their correspondence as

a comment upon the proposed rule or its contents, and invite them to provide any comments/recommendations that they may have regarding the proposed amendments to the Board prior to 4:30 pm on July 29, 2021. Follow-up correspondence was not received from any of these commenters.

Skip White, Associate General Counsel for Piedmont Liability Trust, which represents clinicians practicing at the University of Virginia. He expressed enthusiasm for the new Telehealth Practitioner Registration program. Mr. White also posed a question concerning whether the rule requires residents and fellows at out-of-state academic medical centers to obtain a WV telehealth registration in order to provide telehealth services under the supervision of an attending.

WVOS submitted a comment addressing two of the Board's proposed rules. With regard to 11 CSR 15, WVOS commented that telehealth "would make it much easier for mega tertiary centers such as UPMC and Cleveland Clinic to cherry pick well insured patients for orthopedic surgery. This would leave us treating an even higher percentage of Medicare/Medicaid patients while we would still be stuck taking care of complications on those that left in our emergency rooms. Further cuts from any reason would most likely make it impossible to continue the private practice model of orthopedic care in our state."

WV Primary Care Association provided a consolidated comment on four of the Board's proposed rules and/or proposed rule amendments. WV Primary Care Association commented favorably on the proposed rule changes, and did not suggest any modifications to the proposed rule.

Kyle Zebley, Public Policy Director for the American Telemedicine Association provided a proposed comment which is favorable to the proposed rule in many regards. Mr. Spangler reported that the ATA indicated that it was supportive of many aspects of the rule, including the creation of a registration system "that allows out-of-state providers to easily and efficiently submit their registration application to the Board so that they can render care to West Virginia citizens" and the "permissive definition of telehealth created by HB2024 and adopted by the Board that

allows for the use of synchronous and asynchronous modalities by providers. Mr. Spangler further reported that the ATA identified a specific concern:

The ATA is concerned that there may be confusion for providers around the standard of care language found in Section 7 of the proposed rules. While the language in the proposed rule at §11-15-7.4 et al is similar to the language found in §30-1-26(b)(4), the proposed rule notably differs from the legislation by not distinguishing that this standard of care only applies to “established patients” as defined in both statute at §30-1-26(a) and in the proposed rules §11-15-2.4. House Bill 2024 bifurcated telehealth patients into two categories: (1) an “established patient” who “has received professional services, face-to face, from the physician, qualified health care professional, or another physician or qualified health care professional of the exact same specialty and subspecialty who belongs to the same group practice, within the past three years,” and (2) a “virtual telehealth” patient who is a “new patient or follow-up patient for acute care that does not require chronic management or scheduled medications.” The legislative intent behind the bifurcation of “established patient” and “virtual telehealth” patient was to ensure that patients living with chronic conditions are regularly seen in-person by their providers. This legislative decision is what gave rise to a legislated standard of care that mandates a yearly encounter for “established patients.” While the ATA believes that the decision on whether to require that a patient have an in-person encounter is best left to the discretion of the treating healthcare provider in conjunction with the patient’s preferences, we understand that the legislature has spoken on this matter. However, the legislature only dictated this mandate for “established patients” – not for “virtual patients.” This distinction is not reflected in the proposed rules as §11-15-7.4 encapsulates all patients, not just “established patients” as is contemplated by the authorizing Code section at §30-1-26(b)(4).

With this in mind, the ATA suggests that the Board amend their proposed rules to include the definition of “virtual telehealth” patient - as found in §5-16-7b (7) – and make clear that the standard of care as posited in §11-15-7.4 et al is limited to “established patients” and does not encapsulate “virtual telehealth” patients. By making this change, it will ensure that more West Virginia patients are able to receive the care they want, need, and deserve.

The Committee reviewed and considered each of the comments it received, and engaged in robust discussion of the concerns raised by Mr. White, WVOS and ATA. The Committee members affirmed that it was not the intention of the rule to implicitly or explicitly authorize out of state educational permit holders to practice telemedicine to patients in West Virginia. The Committee acknowledged the economic concerns identified by WVOS, but concluded that the rule

was required by, and in conformity with legislative directives. In light of the ATA comment, the Committee also reviewed with Board staff the legislative rulemaking authority conferred to it in West Virginia Code § 30-1-26(b), which explicitly authorizes the Board to promulgate rules regarding the standard of care. The Committee discussed the Board's commitment to a uniform standard of care for all telehealth patients provides clarity and certainty for patients and providers, and a desire to avoid the creation of two classes of patients, purely based upon the method by which the provider-patient relationship is established, all of whom are entitled to the same standard of care.

Dr. Sheth moved that the Committee approve the filing of W. Va. Code R. § 11-15-1 *et seq.* as initially proposed with the following modification of subsection 3.7:

3.7. Nothing in this section shall prohibit a West Virginia educational permit holder from providing telehealth services in conformity with the guidelines, requirements, and supervision of the physician's graduate medical education training program.

Dr. Faheem seconded the motion, and the motion carried.

The Committee discussed Board composition and proportionality with respect to membership of the respective regulated professions. Most recently, the Board's composition was modified to add second physician assistant member to the Board. This resulted in a total membership of 16 individuals:

MEMBER TYPE	NUMBER OF MEMBERS
State Health Officer (ex officio)	1
Medical Doctor	8
Doctor of Podiatric Medicine	2
Physician Assistant	2
Lay (Citizen)	3

With the resignation of Dr. Lakin on June 30, 2021, there currently one podiatric physician vacancy on the Board. Currently, the Board licenses 126 podiatric physicians. The Committee discussed ways to reconstitute the Board to increase lay member representation and to make the current composition of the Board more proportional with respect to the professions regulated. The Committee discussed whether membership had to be static, or if statutory language could be drafted which would modify composition when certain milestones occur. The Committee also discussed the benefit of having an odd number of board members as opposed to the current number of 16. Dr. Challa moved that the Board pursue a statutory change to the Medical Practice Act to appropriately reflect the current composition of the licensure classes by seeking to reduce the number of Board members to fifteen through the elimination of the vacant podiatric physician seat. Dr. Faheem seconded the motion, and the motion carried.

Mr. Spangler discussed with the Committee its prior efforts to introduce legislation which would permit Board of Medicine investigators to carry a firearm while on duty and in the course of their work for the Board. Prior iterations of the bill included a requirement for specialty training to be eligible to carry a firearm under this provision. Dr. Faheem moved that the Committee direct Mr. Spangler to reach out to legislative staff to seek reintroduction of this legislation during the 2022 legislative session. Dr. Sheth seconded the motion, and the motion carried.

The Committee briefly discussed other potential topics of interest for the upcoming legislative session. Mr. Spangler reported that the Senate Health Chair has scheduled a meeting between his office, the Board, and the Board of Pharmacy to discuss collaborative pharmacy practice rule. The meeting is scheduled for next Tuesday. Mr. Spangler will follow-up with counsel to the Senate Health Committee regarding scheduling and attendance.

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. **ADJOURNMENT**
Faheem seconded the motion, and the motion carried.

Dr. Challa moved that the minutes of the following Committee meetings be approved:

**APPROVAL
OF MINUTES**

July 11, 2021
July 29, 2021

Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff have filed the agency approved version of the following rules with the West Virginia Secretary of State's Office:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

The Legislative Rule Making Review Committee will consider the Board's rules on Wednesday, September 15, 2021, after which technical amendments and substantive modifications may need to be made to some of the proposed rules.

Mr. Spangler reported that members of the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy met with legislative staff to discuss the Board's joint rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. During the discussion, the Boards were tasked with identifying what duties a pharmacist may be able to perform beyond obtaining vital signs but short of conducting a physical examination. Board of Medicine staff have reached out to the Board of Pharmacy regarding this matter and are awaiting a response. The Board

of Pharmacy's Legislative Committee is scheduled to meet on Monday, September 20, 2021. Board of Medicine staff anticipate receiving a response from the Board of Pharmacy following their Legislative Committee meeting. Board staff will continue to monitor this issue to ensure appropriate Board of Medicine input on any proposed legislative changes.

Prior to today's meeting, a copy of a proposed bill which would permit Board of Medicine investigators to carry a concealed weapon was made available for members to review. Mr. Spangler reported that he has had discussions with legislators regarding re-introduction of a bill which would permit Board of Medicine investigators to carry a concealed weapon in the course of their professional duties. The bill language was provided to legislative staff for introduction during the 2022 legislative session.

Prior to today's meeting, a copy of a proposed bill which would eliminate one podiatric physician seat on the Board and reduce board composition from sixteen members to fifteen members, was made available for members to review. Mr. Spangler reported that the Board currently licenses 7680 physicians who hold eight seats on the Board, 1124 physician assistants who hold two seats on the Board and 126 podiatric physicians who hold two seats on the Board. Dr. Faheem moved that the Committee recommend that the Board pursue legislative action to reduce the number of board members to fifteen by eliminating one podiatric physician seat from the Board. Dr. Challa seconded the motion, and the motion carried. Mr. Spangler will communicate the proposed bill to the appropriate parties at the legislature.

Mr. Spangler reported that as a result of changes to the physician assistant prescribing authority implemented by Senate Bill 714, it may be appropriate to review the Opioid Reduction Act to determine if legislative changes are needed. The Committee directed board staff to review the Opioid Reduction Act and to report back to the Committee at a future meeting regarding whether modifications are needed.

Mr. Spangler reported that the Board's Physician Sexual Misconduct Workgroup was established after the Federation of State Medical Boards issued a report on sexual misconduct. It is anticipated that the Workgroup will meet in the near future. The Legislative Committee invites

the Workgroup to submit any proposed legislative changes it recommends in advance of the Committee's November 2021 meeting.

Mr. Spangler reported that the Legislative Committee may receive a formal request from the Licensure Committee to consider establishing an administrative license. The Committee directed Board staff to obtain additional information relating to this matter.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
November 7, 2021

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 10:00 am on November 7, 2021.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Acting Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Mustafa Rahim, MD, Legislative Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

In the absence of Dr. Rahim, Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Faheem moved that the minutes of the Committee's September 12, 2021 meeting be approved. Dr. Sheth seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Mr. Spangler reported that the Legislative Rule-Making Review Committee has approved the following rules, some with minor technical modifications:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*

Board staff have filed the above rules with the West Virginia Secretary of State's Office for consideration during the 2022 legislative session.

Mr. Spangler reported that W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, has not yet been considered by the Legislative Rule-Making Review Committee. Board staff have been informed that there is some opposition to the requirement that a provider verify that a patient has visited an in-person health care practitioner within twelve months of the initial telehealth service, even though there are broad exceptions to this requirement. The Legislative Rule-Making Review Committee will consider this rule at a later date. The Legislative Committee is committed to supporting the current version of this rule.

Dr. Amjad joined the meeting at this time.

Prior to today's meeting, a letter from the Board of Pharmacy and a copy of a proposed bill, which would amend W. Va. Code § 30-5-1 *et seq.*, *Pharmacists, Pharmacy Technicians, Pharmacy Interns and Pharmacies*, was made available for members to review. Mr. Spangler

reported that Board of Medicine staff members continue to engage with legislators, legislative staff, the Board of Osteopathic Medicine and the Board of Pharmacy concerning collaborative pharmacy practice, which is currently proscribed by statute and the Board's joint rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. The bill proposed by the Board of Pharmacy removes the informed consent requirement, expands the role of pharmacists to "perform patient evaluations" and eliminates the Board of Medicine's and the Board of Osteopathic Medicine's role in approving collaborative agreements. Following discussion, Dr. Faheem moved that the Committee oppose the statutory changes proposed by the Board of Pharmacy. Dr. Sheth seconded the motion, and the motion carried. Board staff will communicate the opposition to the appropriate individuals.

At the September 12, 2021 meeting, the Committee directed Board staff to review the Opioid Reduction Act to determine whether modifications are needed as a result of the changes to the physician assistant prescribing authority implemented by Senate Bill 714. Mr. Spangler reported that Board staff have reviewed the Opioid Reduction Act and have determined that no modifications are needed as a result of Senate Bill 714.

Mr. Spangler reported that the Board's Physician Sexual Misconduct Workgroup met on October 18, 2021. Mr. Spangler asked Ms. Alley to provide an overview of the Physician Sexual Misconduct Workgroup's recommendations. Ms. Alley reported that the Physician Sexual Misconduct Workgroup recommended that the Legislative Committee modify the West Virginia Medical Practice Act by:

- Modifying the existing language in 30-3-14(c)(8) to include a prohibition on sexual misconduct with rulemaking authority to the Board to define sexual misconduct.
- Incorporating a robust duty to report requirement with consequences for failure to report and protection for good faith reporters.
- Incorporating a prohibition on licensure and practice in West Virginia when a pending unprofessional conduct matter exists in another state that, if proven, would also constitute unprofessional conduct in this state until after the pending matter is resolved.

Dr. Sheth moved that the Committee accept the Physician Sexual Misconduct Workgroup's recommendations and authorized Board staff to begin drafting proposed legislation. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the Licensure Committee regularly evaluates applications from physician applicants who have been out of clinical practice for several years for a variety of reasons. Most commonly, the applicant has self-limited his or her practice to administrative medicine. Currently, the Board's only pathway to license applicants and limit practice to administrative medicine is through a Consent Order process, which can create collateral consequences in other states. The Licensure Committee met on November 6, 2021 and recommended that the Legislative Committee pursue legislation to create a licensing pathway for physicians who seek to practice administrative medicine in West Virginia without utilizing the Consent Order process. Dr. Sheth moved that the Committee authorized Board staff to draft proposed legislation which establishes a new pathway to licensure which includes a clear delineation between administrative practice and clinical practice. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that a proposed bill which would permit Board of Medicine investigators to carry a concealed weapon in the course of his or her professional duties has been provided to legislative staff for introduction during the 2022 legislative session.

Mr. Spangler reported that a proposed bill which would reduce the number of board members to fifteen by elimination one podiatric physician seat from the Board has been provided to legislative staff for introduction during the 2022 legislative session.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

Jamie C. Frame
Andrew R. Wessels

The following newly appointed Board member attended the meeting as a guest:

Radhakrishna U. Kukkillaya, MD

The following guest joined the meeting:

John Law, Executive Director, West Virginia State Medical Association

The following board member attended a portion of the meeting as a guest:

Angela A. Mayfield

With a quorum present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Rahim welcomed newly appointed board member, Radhakrishna U. Kukkillaya, MD and John Law, Executive Director of the West Virginia State Medical Association to the meeting.

Prior to today's meeting, a copy of the draft November 7, 2021 meeting minutes were made available for members to review. Dr. Sheth moved that the minutes of the Committee's November 7, 2021 meeting be approved. Dr. Donatelli seconded the motion, and the motion carried.

APPROVAL
OF MINUTES

The Committee reviewed the following proposed interim meeting dates:

Tuesday, January 25, 2022 at 4:30 pm

Tuesday, February 8, 2022 at 4:30 pm

Tuesday, February 22, 2022 at 4:30 pm

Tuesday, March 8, 2022 at 4:30 pm

Dr. Sheth moved that the interim meeting dates be accepted, but that the time be changed to 5:00 pm. Dr. Donatelli seconded the motion, and the motion carried.

Dr. Amjad joined the meeting as Mr. Spangler reported that the Legislative Rule-Making Review Committee (LRMRC) reviewed the Board's proposed rule, W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and amended subsection 7.4, related to the standard of care. The Board's proposed rule provided that the standard of care requires a telehealth provider to verify that a patient has visited an in-person health care practitioner within twelve months of an initial telehealth service by the provider or the provider's telehealth service or company. The rule also included exemptions for certain practice specialties and a waiver if the telehealth provider documents in the patient medical record that the in-person visit is not required. The LRMRC amendment removes this requirement for patients who are designated as "existing patients," essentially creating two standards of care for West Virginia patients. Dr. Sheth moved that the Committee recommend that the Board continue to oppose this change to the proposed rule as the rule progresses through the legislative process. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that board staff continue to engage with legislators, legislative staff, the West Virginia Board of Osteopathic Medicine, and the West Virginia Board of Pharmacy concerning collaborative pharmacy practice, which is currently established and regulated by statute and the Board's Joint Rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. At the request of Delegate Rohrbach, Dr. Sheth, Mr. Spangler, and Mr. Foster will meet with legislative staff on Wednesday, January 12, 2021 to further discuss the Board of Pharmacy's proposed legislation regarding collaborative pharmacy practice.

Prior to today's meeting, a copy of three proposed bills which would modify the West Virginia Medical Practice Act were made available for members to review. Mr. Spangler reported that the first proposed bill would add a new section, designated as W. Va. Code § 30-3-11c, which would create an administrative medicine license for physicians who do not seek to practice clinical medicine. Board staff provided an overview of the proposed bill. Dr. Sheth moved that the Committee recommend that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that the next proposed bill would amend W. Va. Code § 30-3-10 to prohibit licensure and relicensure in West Virginia if an applicant is prohibited from practicing in another jurisdiction for conduct which is substantially equivalent to an act of unprofessional conduct prohibited by W. Va. Code § 30-3-14(c) or is the subject of an unresolved administrative complaint in another jurisdiction for certain enumerated categories of unprofessional conduct. Board staff provided an overview of the proposed bill. Dr. Sheth moved that the Committee recommend that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that the third proposed bill would amend W. Va. Code § 30-3-14 to establish a duty to report certain incidents of provider misconduct by Board of Medicine licensees, permit holders and registrants, to provide civil immunity for good faith reports to the board, to modify the grounds for professional discipline and license denial to include a prohibition on a

broader array of provider sexual misconduct, and to provide rulemaking authority to the board to promulgate rules relating to sexual misconduct by providers licensed or authorized by the board. Board staff provided an overview of the proposed bill. Dr. Donatelli moved that the Committee recommend that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. Dr. Sheth seconded the motion, and the motion carried.

Ms. Mayfield joined the meeting at this time.

Mr. Spangler reported that it is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary to respond to legislative matters when the legislature is in session. Dr. Sheth moved that the Committee request that the Board delegate the Legislative Committee authority to act on behalf of the Board as necessary throughout the 2022 legislative session. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
January 25, 2022

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 5:00 pm on January 25, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

The following member of the public attended a portion of the meeting:

Carter Rothman

With a quorum present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. CALL TO ORDER

Ms. Alley reported that Mr. Spangler was currently at the legislature and would be joining the meeting a little late. With authorization from Dr. Rahim, Ms. Alley elected to discuss bills out of the order in which they appear on the agenda.

Ms. Alley reported that **House Bill 4674** and **Senate Bill 271**, relating to administration of anesthetics, has been introduced. These bills change the educational requirements for certified

registered nurse anesthetists (CRNAs) and provide that the administration of anesthesia may be provided by a CRNA in cooperation with an anesthesiologist. However, if an anesthesiologist is not readily available, a CRNA may administer anesthesia in cooperation with a physician or a dentist. A similar bill was introduced during the 2021 legislative session but was not passed.

Ms. Alley reported that **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses (APRN), has been introduced. Currently APRNs must enter into collaborative agreements with physicians for prescriptive authority for a period of time prior to obtaining independent prescriptive authority outside of a collaborative agreement. This bill would permit an APRN to collaborate with a qualified physician or a qualified APRN. In the proposed bill, a qualified APRN is defined as an APRN “who has prescribed independently for 10 years.” Currently, APRNs are permitted to prescribe a three-day supply of a Schedule II medication; however, the proposed bill would allow an APRN to prescribe up to thirty days of a Schedule II medication. Additionally, the current statute permits an APRN to prescribe medications without entering into a collaborative agreement if the APRN has practices “at least three years in a duly-documented collaborative relationship with granted prescriptive authority”. The proposed bill would decrease this requirement from three years to one year. This bill would also abolish the Joint Advisory Council on Limited Prescriptive Authority.

Mr. Rothman joined the meeting at this time.

Ms. Alley reported that **House Bill 4111**, relating to the prescriptive authority of APRNs, has passed House Health and Human Resources Committee with a committee substitute and now moves to House Judiciary Committee. As introduced, this bill would amend the Physician Assistants Practice Act (PAPA) to remove prescribing limitations for advanced practice registered nurses (APRNs) and place the prescribing limitations for APRNs in W. Va. Code §30-7-15a, which is the statute which relates to APRNs. The committee substitute eliminates the Board of Medicine’s ability to rule make on prescriptive authority for APRNS and establishes that:

(c)(1) A physician assistant may:

(A) Not prescribe a Schedule I

(B) Prescribe a 3 day supply of a Schedule II narcotic

(2) There are no other limitation on a physician assistant's prescribing authority, except as provided in W. Va. Code §16-54-1 *et seq.*

Mr. Spangler joined the meeting at this time and it was elected to consider the agenda items in the order that they appear on the agenda.

Mr. Spangler reported that at the request of Delegate Rohrbach, on January 12, 2022, Dr. Sheth, Mr. Foster and himself, as well as members of the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine, met with legislative staff to further discuss the Board of Pharmacy's proposed legislation regarding collaborative pharmacy practice. On January 21, 2022, **House Bill 4324**, to update collaborative pharmacy practice agreements, was introduced. The bill passed House Health and Human Resources Committee today, January 25, 2022. Board staff will continue to closely monitor this bill and will keep the Committee apprised.

Mr. Spangler reported that proposed Board of Medicine legislation related to the matters identified below are awaiting a sponsor and/or introduction:

- Creating an administrative medicine license
- Sexual misconduct/duty to report
- Prohibition on licensure when certain matters are pending in another state

Mr. Spangler reported that the following Board of Medicine bills have been incorporated into **Senate Bill 334**, which is a rule bundle bill:

- **Senate Bill 364**, Board of Medicine rule relating to licensing and disciplinary procedures: physicians, podiatric physicians and surgeons
- **Senate Bill 365**, Board of Medicine rule relating to licensure, practice requirements, disciplinary and complain procedures, continuing education, physician assistants
- **Senate Bill 366**, Board of Medicine rule relating to dispensing of prescription drugs by practitioners
- **Senate Bill 367**, Board of Medicine rule relating to continuing education for physicians and podiatric physicians

- **Senate Bill 368**, Board of Medicine rule relating to practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program database
- **Senate Bill 369**, Board of Medicine rule relating to establishment and regulation of limited license to practice medicine and surgery at certain state veterans nursing home facilities
- **Senate Bill 370**, Board of Medicine rule relating to registration to practice during declared state of emergency

Mr. Spangler reported that **Senate Bill 371**, Board of Medicine rule relating to telehealth and interstate telehealth registration for physicians, podiatric physicians and physician assistants, was not included in the rule bundle bill, Senate Bill 334, due to concerns that have been expressed related to the requirement that a telehealth provider verify that a patient has visited an in-person health care practitioner within twelve months of an initial telehealth service. Board staff will continue to keep the Board apprised with regard to this bill.

Mr. Spangler reported that **Senate Bill 138**, relating to Board of Medicine composition, has been introduced. This proposed bill would reduce Board membership by one member. In conformity with proportionality principals, one podiatric seat would be eliminated. A technical issue has been identified in the bill draft, in which the total number of board membership was not reduced from 16 to 15 in one section. It is anticipated that the technical issue will be corrected when the bill is taken up in House Health and Human Resources Committee.

Mr. Spangler reported that **Senate Bill 427**, permitting West Virginia Board of Medicine investigator to carry a concealed weapon, has passed Senate Judiciary Committee and is on third reading on the Senate floor tomorrow, January 26, 2022.

The next agenda items **House Bill 4374** and **Senate Bill 271**, relating to the administration of anesthetics, were discussed at the beginning of today's meeting. No action was taken with regard to House Bill 4374 or Senate Bill 271. Board staff will continue to monitor these bills.

The next two agenda items **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses, and **House Bill 4111**, relating to the prescriptive authority for advanced practice registered nurses, were discussed at the beginning of today's meeting. At this time, Dr. Donatelli moved that the Committee oppose House Bill 2707 and House Bill 4111. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that **House Bill 2239**, restricting the performance of abortions and acquiring, providing, receiving, otherwise transferring or using fetal body parts, would require rulemaking by the Board of Medicine. Board staff will continue to monitor this bill.

Mr. Spangler reported that **House Bill 4004**, relating to limiting an abortion to fifteen weeks gestation, has been introduced. This bill provides that "a licensed medical professional who intentionally or recklessly performs or induces an abortion in violation of this section is considered to have acted outside of the scope of practice permitted by law or otherwise in breach of the standard of care owed to a patient and is subject to discipline from the applicable licensure board for that conduct, including, but not limited to, loss of professional license to practice." Board staff will continue to monitor this bill.

Mr. Rothman left the meeting at this time.

Mr. Spangler reported that the following bills, which relate to prescribing and/or controlled substances, have been introduced:

- **House Bill 2311**, requiring prescriptions be made by electronic means
- **House Bill 2817**, donated drug repository program
- **House Bill 3113**, removing certain drugs from Schedule I
- **House Bill 3227**, to provide a means to classify when medications should be continued or stopped for patients
- **House Bill 3228**, to require a new written, phone or email prescription order within 72 hours of a prescription change
- **House bill 3229**, to require all prescribers of medication to include their purpose for prescribing the medication to the patient

No action was taken with regard to any of the bills which relate to prescribing and/or controlled substances. Board staff will continue to monitor these bills.

Mr. Spangler reported on **House Bill 2007**, providing for occupational license or other authorization to practice by recognition for qualified applicants from other states. This bill was introduced during the 2021 legislative session and did not pass. Dr. Donatelli moved that Board staff seek to have the Board of Medicine carved out of this bill. Dr. Sheth seconded, and the motion carried.

Mr. Spangler reported that the following bills, which were introduced during the 2021 legislative session but did not pass, have been reintroduced this year and will be monitored by Board staff:

- **House Bill 2319**, prohibiting the regulation and licensing of occupations by local government
- **House Bill 2334**, requiring certain board that seek to increase a fee or see to impose a new fee to also submit saving measures
- **House Bill 2781**, to create the occupation licensing legal fund in the state treasury

Mr. Spangler reported that **House Bill 3055**, to create the Council on Efficient Government Act, has been introduced. This bill would create the “Council on Efficient Government;” to provide a purpose of ensuring that each state agency focuses on its core mission and delivers goods and services effectively and efficiently by leveraging resources and contracting with private sector vendors, if those vendors can more effectively and efficiently provide goods and services and reduce the cost of government; and to evaluate for feasibility, cost effectiveness, and efficiency business cases to be outsourced before a state agency proceeds with any outsourcing of goods or services. Board staff will continue to monitor this bill.

Mr. Spangler reported that the following vaccination/immunization related bills have been introduced and will be monitored by staff:

- **House Bill 2728**, require all vaccinations for school attendance be include in the West Virginia code
- **House Bill 2783**, permitting a licensed physician to grant a medical exemption from the required immunizations for a child to enter a school or a state regulated childcare center
- **House Bill 2881** and **Senate Bill 37**, removing hepatitis B form the list of required vaccinations
- **House Bill 3197**, allow religious exemptions for vaccines
- **Senate Bill 23**, prohibiting mandatory COVID-19 vaccinations for West Virginia residents
- **Sente Bill 43**, allowing parent to decline required medications administered to newborns
- **Senate Bill 217**, allowing private schools option of making vaccinations required for enrollment

Mr. Spangler reported that **House Bill 2171**, Vulnerable Child Protection Act, would prohibit certain medical treatments and procedures upon a minor, including an emancipated minor, for the purpose of attempting to change or affirm the minor's perception of the minor's sex, if that perception is inconsistent with the minor's genetic sex at birth and making such medical treatments and procedures a felony unless specific exceptions. Board staff will continue to monitor this bill.

Mr. Spangler reported on **House Bill 2480**, relating to state boards of examination and registration. This bill provides that when the special fund of any board accumulates to an amount which exceeds twice the average actual spending over the preceding five years of the board or \$10,000, whichever is greater, the State Treasurer shall transfer the excess amount to the General Revenue Fund and notify the Legislative Auditor that the transfer has been made. Board staff will continue to monitor this bill.

Mr. Spangler asked Ms. Alley to provide an overview of **House Bill 4006**, relating to revising the criminal code generally. Ms. Alley reported that this bill would require verbal

reporting of gunshot and other wounds and burns, with a written report having to be submitted within 48 hours of the initial report. Board staff will continue to monitor this bill.

Mr. Spangler reported that Board staff are monitoring the following bills which have been introduced:

- **House Bill 4031**, ban any and all mask mandates
- **Senate Bill 120**, establishing tax credit for certain physicians who locate to practice in West Virginia
- **Senate Bill 123**, exempting certain physicians from specified traffic laws when responding to emergencies

Mr. Spangler reported on **Senate Bill 203**, relating to non-compete covenants between certain health care practitioners. This bill would expand the Physicians Freedom of Practice Act and covenants not to compete with employers to physician's assistants and advanced practice registered nurses; define terms; set forth prohibition against contract terms; provide for enforceability of other contract terms; provide for exemptions; and set forth an effective date. Additionally, the bill adds a definition of physician assistant and advanced practice registered nurse and makes provisions applicable to them as well. It applies to contracts after August 1, 2022. The drafting of this bill is problematic because it changes effective date for physicians as well. Committee members expressed general support of this bill and authorized Board staff to raise the drafting issue.

Mr. Spangler reported that the following bills have been introduced and are being monitored by Board staff:

- **Senate Bill 210**, relating to measures Governor may make during state of emergency
- **Senate Bill 269**, Youth Mental Health Protection Act
- **House Bill 4261**, relating to the practice of optometry
- **Senate Bill 470**, relating generally to health care decisions
- **House Bill 4309**, relating to the use of certain drugs to treat COVID-19
- **House Bill 4328**, requiring that a doctor performing an abortion must be certified in obstetrics and gynecology

- **House Bill 4337 and Senate Bill 468**, creating the unborn child with down syndrome protection and education act
- **House Bill 4382**, relating to preserving a woman's right to choose
- **House Bill 4113**, public health definitions and powers of secretary and commissioner
- **House Bill 471**, relating generally to public health
- **House Bill 4263**, prohibiting the practice of white bagging
- **House Bill 4276**, permitting West Virginia University to create a Parkinson's Disease Registry
- **House Bill 4377**, to update the involuntary commitment process

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
February 8, 2022

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 5:00 pm on February 8, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Andrew R. Wessels

The following member of the public attended a portion of the meeting:

Carter Rothman

With a quorum present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Cross. **CALL TO ORDER**

Mr. Spangler reported that Board staff have obtained sponsors in the Senate for the following proposed Board of Medicine legislation:

- Creating an administrative medicine license
- Sexual misconduct/duty to report
- Prohibition on licensure when certain matters are pending in another state

Staff continue to seek sponsorship in the House.

Mr. Spangler reported that the following Board of Medicine bills have been incorporated into **Senate Bill 334**, which is a rule bundle bill:

- **Senate Bill 364**, Board of Medicine rule relating to licensing and disciplinary procedures: physicians, podiatric physicians and surgeons
- **Senate Bill 365**, Board of Medicine rule relating to licensure, practice requirements, disciplinary and complain procedures, continuing education, physician assistants
- **Senate Bill 366**, Board of Medicine rule relating to dispensing of prescription drugs by practitioners
- **Senate Bill 367**, Board of Medicine rule relating to continuing education for physicians and podiatric physicians
- **Senate Bill 368**, Board of Medicine rule relating to practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program database
- **Senate Bill 369**, Board of Medicine rule relating to establishment and regulation of limited license to practice medicine and surgery at certain state veterans nursing home facilities
- **Senate Bill 370**, Board of Medicine rule relating to registration to practice during declared state of emergency

Senate Bill 334 has passed the Senate and is single referenced to House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 371**, Board of Medicine rule relating to telehealth and interstate telehealth registration for physicians, podiatric physicians and physician assistants, was not included in the rule bundle bill, Senate Bill 334, due to concerns that have been expressed related to the requirement that a telehealth provider verify that a patient has visited an in-person health care practitioner within twelve months of an initial telehealth service. Senate Bill 371 is single referenced to Senate Judiciary Committee, where it has not yet been placed on an agenda.

Mr. Rothman left the meeting at this time.

Mr. Spangler reported that **Senate Bill 138**, relating to Board of Medicine composition, has passed the Senate and is single referenced to House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 427**, permitting West Virginia Board of Medicine investigators to carry a concealed weapon, has passed the Senate and is single referenced to House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reminded members that **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses, was discussed at the Committees January 25, 2022 meeting, at which time the Committee elected to oppose this bill. The bill is single referenced to House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reminded members that **House Bill 4111** was discussed at the Committee's January 25, 2022 meeting, at which time the Committee elected to oppose the bill. This bill was originally intended to move the advanced practice registered nurses prescribing authority from the Physician Assistants Practice Act to the Nursing Practice Act, but was amended to modify prescriptive authority for advanced practice registered nurses and physician assistants. The amended bill also eliminates the Board of Medicine's rulemaking authority related to physician assistant prescribing. The bill has passed the House and is double referenced to Senate Health and Human Resources Committee and Senate Judiciary Committee. The bill has not yet been placed on a Senate Health and Human Resources agenda. Members of the Senate are aware of the Board's opposition to this bill.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4382** and **Senate Bill 551**, relating to abortion. As of today, February 8, 2022, neither of these bills have been placed on an agenda for consideration.

Mr. Spangler reported on **House Bill 2007**, providing for occupational license or other authorization to practice by recognition for qualified applicants from other states. This bill was introduced during the 2021 legislative session but was not passed. The bill is single referenced to House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported on **House Bill 4113**, public health definitions and powers of secretary and commissioner, as well as **House Bill 4303** and **Senate Bill 471**, relating generally to public health. Among other things, these bills would eliminate the requirement that the Commissioner for the West Virginia Department of Health and Human Resources (WV DHHR), Bureau for Public Health serve as an ex-officio member of the Board of Medicine. WV DHHR does not support eliminating the Commissioner's membership on the Board. House Bill 4113 has passed the House and is single referenced to Senate Health and Human Resources Committee where it has not yet been placed on an agenda. House Bill 4303 and Senate Bill 471 have not yet been placed on an agenda for consideration.

Mr. Spangler reported that **House Bill 4324**, to update collaborative pharmacy practice agreements, passed House Health and Human Resources Committee with a committee substitute, and is single referenced to Senate Health and Human Resources Committee where it has not yet been placed on an agenda. Among other things, this bill provides that pharmacists may conduct patient evaluations as part of a collaborative practice agreement with a physician. However, patient evaluation is not defined. Following a review of the committee substitute, Dr. Sheth moved that the Committee oppose House Bill 4324. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff continue to monitor **House Bill 2817**, establishes a donated drug repository program. This bill has passed the House and is single referenced to Senate Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 4263**, prohibiting the practice of white bagging, has passed the House and is single referenced to Senate Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4455**, permitting pharmacists to dispense the drug Ivermectin by means of a standing order. This bill is single referenced to House Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported the Board staff continue to monitor the following bills:

- **Senate Bill 470**, relating generally to healthcare decisions
- **House Bill 4257**, requiring visitation immediately following a procedure in a health care facility
- **House Bill 4276**, WVU to create a Parkinson's Disease Registry
- **House Bill 4288**, relating to expanding the practice of auricular acudetox to professional approved by the acupuncturist board
- **House Bill 4495** and **Senate Bill 518**, allowing nurses licensed in another state to practice in West Virginia
- **Senate Bill 516**, supplementing and amending appropriations for various agencies (the Board of Medicine is included in this bill)

Mr. Spangler reported that the following bills were introduced after February 1, 2022 and are being monitored by Board staff:

- **Senate Bill 559**, creating Oral Health and Cancer Rights Act
- **House Bill 4485**, relating to insurance coverage for breast cancer screening
- **House Bill 4581**, to provide safe harbor peer review for nurses
- **House Bill 4584**, to update the authority of the Office of the Chief Medical Examiner

Mr. Spangler reported that there are currently three licensure compact bills for other health care professions pending at the Legislature. There are concerns by legislative staff that licensure via compacts will trump state code or supersede scope of practice. Mr. Spangler is facilitating the introduction of an attorney for the Interstate Medical Licensure Compact Commission, who is a national compact expert, to be a resource for the Legislature as they consider other compacts and to address the concerns identified by members that compacts seeks to interpose national

professional conduct standards, which is not the case with respect to the Interstate Medical Licensure Compact.

Mr. Spangler asked Mr. Foster to report on a bill originating out of House Health and Human Resources Committee. Mr. Foster provided that House Health and Human Resources Committee originated a bill which would prohibit the boards of health care professionals from defining the scope of practice for licensees and would remove all scope of practice language from the code for all identified professions, including physician assistants. The bills permit health care providers to self-determine scope based on education and training. Mr. Foster reported that there was some debate on the merits of the originating bill in the Committee meeting earlier today. The Health and Human Resources Committee members who support the bill indicate to hospital credentialing will provide a safeguard. Committee members who have concerns pointed out that independent practitioners would not be subject to similar safeguards. Dr. Sheth moved that the Board oppose this originating bill. Dr. Challa seconded, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
February 22, 2022

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 5:00 pm on February 22, 2022.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Acting Legislative Committee Chair
Timothy J. Donatelli, DPM
Kishore K. Challa, MD, FACC

The following committee members did not attend the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

In the absence of Dr. Rahim, Dr. Sheth chaired the meeting. Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Mr. Spangler reminded members that the following Board of Medicine bills have been bundled into **Senate Bill 334**, authorizing miscellaneous agencies and boards to promulgate rules:

- **Senate Bill 364**, Board of Medicine rule relating to licensing and disciplinary procedures: physicians, podiatric physicians and surgeons
- **Senate Bill 365**, Board of Medicine rule relating to licensure, practice requirements, disciplinary and complain procedures, continuing education, physician assistants

- **Senate Bill 366**, Board of Medicine rule relating to dispensing of prescription drugs by practitioners
- **Senate Bill 367**, Board of Medicine rule relating to continuing education for physicians and podiatric physicians
- **Senate Bill 368**, Board of Medicine rule relating to practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program database
- **Senate Bill 369**, Board of Medicine rule relating to establishment and regulation of limited license to practice medicine and surgery at certain state veterans nursing home facilities
- **Senate Bill 370**, Board of Medicine rule relating to registration to practice during declared state of emergency

Senate Bill 334 has passed the Senate and is single referenced to the House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that the Board's proposed rule 11 CSR 15, Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants, has been bundled into **Senate Bill 371** with the telehealth rules promulgated by the Board of Osteopathic Medicine and the Registered Nursing Board. As introduced, section 8.4 of the proposed bill provided that "A telehealth provider may not, based solely upon a telemedicine encounter, prescribe any drug with the intent of causing an abortion." Senate Bill 371 was amended in Senate Judiciary Committee to remove the words "based solely upon a telemedicine encounter". This bill has been laid over on third reading on the Senate floor since February 17, 2022.

Mr. Spangler provided an update regarding **Senate Bill 138**, relating to Board of Medicine composition. This bill has passed the Senate and is single referenced to the House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 427**, permitting West Virginia Board of Medicine investigators to carry a concealed weapon, has passed the Senate and is single referenced to the House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported on **Senate Bill 585**, creating an administrative medicine license for physicians not practicing clinical medicine. The bill provides that the Board may issue an administrative license to a physician who, among other things, has not engaged in the active practice of clinical medicine or graduate medical training in any jurisdiction of the United States or Canada for the last three years. The Senate Health and Human Resources Committee passed the bill with a committee substitute which removed the above-mentioned three-year requirement. The bill now advances to the House; however, a committee has not yet been assigned.

Mr. Spangler reported that **Senate Bill 603**, prohibiting licensure and relicensure in West Virginia if an applicant is prohibited from practicing in another jurisdiction, passed Senate Health and Human Resources Committee today, February 22, 2022. The bill is scheduled for first reading on the Senate floor tomorrow, February 23, 2022.

Mr. Spangler reported on **Senate Bill 606**, relating to the West Virginia Medical Practice Act. This is the Board's bill which establishes a duty to report certain incidents of provider misconduct by Board of Medicine licensees, permit holders and registrants, provides civil immunity for good faith reports to the board, modifies the grounds for professional discipline and license denial to include a prohibition on a broader array of provider sexual misconduct. The bill is single referenced to the Senate Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses, is single referenced to the House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4004**, relating to limiting an abortion to fifteen weeks gestation. This bill has passed the House and is double referenced to the Senate Health and Human Resources Committee and Senate Judiciary Committee. The bill has not yet been placed on a Senate Health and Human Resources Committee agenda.

Mr. Spangler reported on **House Bill 4111**, relating to the prescriptive authority of physician assistants and advanced practice registered nurses. The bill passed Senate Health and Human Resources Committee with a committee substitute that restored rulemaking authority for the Board of Medicine, which had previously been amended out of the bill. In the bill, the expanded formulary for physician assistants and advanced practice registered nurses remains unchanged.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4621**, relating to scope of practice. This bill would prohibit the boards of health care professions from defining the scope of practice for licensees and remove scope of practice from the code for all identified professions, including physician assistants. The bill has not yet been placed on a House Health and Human Resources Committee agenda.

Mr. Spangler reported that **House Bill 2007**, providing for occupational license or other authorization to practice by recognition for qualified applicants from other states, is single referenced to the House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4113**, public health definitions and powers of secretary and commissioner. This bill would remove the requirement that the Commissioner for the West Virginia Department of Health and Human Resources (WV DHHR), Bureau for Public Health be a physician and that the physician serve as an ex-officio member of the Board of Medicine. If passed, this bill will conflict with the West Virginia Medical Practice Act, which requires that the Commissioner for the Bureau for Public Health or his or her designee, whom is a physician, shall act as secretary for the Board. WV DHHR does not support eliminating the Commissioner's membership on the Board of Medicine.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4634**, relating to occupational licensing or other authorization to practice. This bill has passed House Government Organization Committee with a committee substitute and is on first reading on the Senate floor tomorrow, February 23, 2022.

Mr. Spangler reported that Board staff continue to monitor the following bills:

- **House Bill 4012**, prohibiting the showing of proof of COVID-19 vaccination
- **House Bill 4767**, to prohibit vaccine requirements as a condition of being eligible for an organ transplant.
- **House Bill 2817**, donated drug repository program
- **House Bill 4263**, prohibiting the practice of white bagging

Mr. Spangler reported on **House Bill 4585**, relating to controlled substance monitoring; and removing a dispensing prohibition. This bill removes the requirement that a prescribing practitioner may not dispense more than a 72-hour supply of a controlled substance and that no more than two 72 hours supplies may be dispensed in any fifteen-day period. The bill has passed the House and is single referenced to the Senate Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor the following bills:

- **House Bill 4697** and **Senate Bill 605**, permitting pharmacists to dispense Ivermectin by means of a standing order
- **Senate Bill 470**, relating generally to healthcare decisions
- **House Bill 4257**, requiring visitation immediately following a procedure in a health care facility
- **House Bill 4276**, WVU to create a Parkinson's Disease Registry
- **House Bill 4288**, relating to expanding the practice of auricular acupuncture to professions approved by the acupuncturist board
- **House Bill 4584**, to update the authority of the office of the chief medical examiner
- **House Bill 4587**, relating to certification of a patient's eligibility for medical cannabis
- **House Bill 4607**, to remove opioid treatment programs from requiring a certificate of need
- **House Bill 4631**, establishing a bone marrow and peripheral blood stem donation awareness program

- **House Bill 4677**, clarifying that a hospital located in the same county as an academic medical center may perform any health services
- **House Bill 4708**, primary care physicians must inform patients about triple negative breast cancer
- **House Bill 4727**, requiring government meetings to have agendas posted on websites three days prior to the meeting
- **House Bill 4782**, increase the number of pain management visits the insurance companies must cover under the Opioid Reduction Act

Mr. Spangler reported that **Senate Bill 660**, setting forth standard of care requirements for telehealth practice, originated in Senate Judiciary Committee on February 16, 2022. Currently, W. Va. Code § 30-1-26(b)(4) provides that “The standard of care shall require that with respect to the established patient, the patient shall visit an in-person health care practitioner within 12 months of using the initial telemedicine service or the telemedicine service shall no longer be available to the patient until an in-person visit is obtained.” Additionally, the statute sets out certain services for which this requirement can be suspended. This bill would remove “established patient” from that subsection, making it applicable to all patients.

Mr. Spangler reported that the following bills were introduced after February 15, 2022 and are being monitored by Board staff:

- **House Bill 4724**, create a CARE FOR ALL line
- **House Bill 4736**, relating to surgical smoke evacuation
- **Senate Bill 635**, relating to Tobacco Products Excise Tax Act

Mr. Spangler reminded members that at the February 8, 2022 meeting, the Committee elected to oppose **House Bill 4324**, to update collaborative pharmacy practice agreements. The language which provides that a collaborative pharmacy practice agreement be jointly approved by the Board of Medicine or the Board of Osteopathic Medicine, which was previously removed from the bill, has been restored. Additionally, there is language in the bill which provides that “a collaborative pharmacy practice agreement approved by the hospital’s pharmacy and therapeutic committee or similar medical executive committee if one does not exist, shall satisfy the approval

requirement for collaborative pharmacy practice agreements.” It is anticipated that this bill will be on a Senate Health and Human Resources Committee agenda later this week.

ADJOURNMENT

There being no further business to consider, Dr. Donatelli moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC

The following committee members did not attend the meeting:

Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the following draft meeting minutes was made available for members to review:

**APPROVAL
OF MINUTES**

January 9, 2022
January 25, 2022
February 8, 2022
February 22, 2022

Dr. Challa moved the meeting minutes be approved. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the 2022 legislative session concluded yesterday, March 12, 2022. The following Board of Medicine rule bills have been approved by the Legislature and are part of a rule bundle, **Senate Bill 334**, which is awaiting the Governor's signature:

- **Senate Bill 364**, Board of Medicine rule relating to licensing and disciplinary procedures: physicians, podiatric physicians and surgeons
- **Senate Bill 365**, Board of Medicine rule relating to licensure, practice requirements, disciplinary and complain procedures, continuing education, physician assistants
- **Senate Bill 366**, Board of Medicine rule relating to dispensing of prescription drugs by practitioners
- **Senate Bill 367**, Board of Medicine rule relating to continuing education for physicians and podiatric physicians
- **Senate Bill 368**, Board of Medicine rule relating to practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program database
- **Senate Bill 369**, Board of Medicine rule relating to establishment and regulation of limited license to practice medicine and surgery at certain state veterans nursing home facilities
- **Senate Bill 370**, Board of Medicine rule relating to registration to practice during declared state of emergency
- **Senate Bill 371**, Board of Medicine rule relating to telehealth and interstate telehealth registration for physicians, podiatric physicians, and physician assistants.

Mr. Spangler reported that the following bills, which were introduced on behalf of the Board, have completed the legislative process, and are awaiting the Governor's signature:

- **Senate Bill 138**, relating to Board of Medicine composition.
- **Senate Bill 427**, permitting West Virginia Board of Medicine investigators to carry a concealed weapon.
- **Senate Bill 585**, creating an administrative medicine license for physicians not practicing clinical medicine.
- **Senate Bill 603**, prohibiting licensure and relicensure in West Virginia if an applicant is prohibited from practicing in another jurisdiction.

- **Senate Bill 606**, relating to the West Virginia Medical Practice Act.
- **Senate Bill 717**, supplemental appropriation to the Board of Medicine.

Mr. Spangler reported that **House Bill 4111** is believed to have completed the legislative process and is awaiting the Governor's signature. This bill expands the prescribing authority for physician assistants and advanced practice registered nurses, to permit them to prescribe a three-day supply of a Schedule II narcotics. The Board has opposed this bill throughout the legislative session.

Mr. Spangler reported that **House Bill 4324**, to update collaborative pharmacy practice agreements, was also passed during the 2022 legislative session and is awaiting the Governor's signature. This bill was modified several times throughout the session. The bill that passed:

- Prohibits a pharmacist from diagnosing patients.
- Requires informed consent from the patient, which must be documented in the patient's medical record.
- Removes the requirement that a Collaborative Pharmacy Agreement be approved by the West Virginia Board of Medicine or the West Virginia Board of Osteopathic Medicine.

Mr. Spangler reported that Board staff will review legislation that was passed during the 2022 legislative session to determine what emergency and/or legislative rules will need to be promulgated by the Board. Additionally, staff will review current Board rules to determine whether updates and/or amendments are needed.

Mr. Spangler reported that **House Bill 4113**, public health definitions and powers of secretary and commissioner, has completed the legislative process and is awaiting the Governor's signature. This bill eliminates the requirement that the commissioner serve on the Board of Medicine. However, given that other sections of the W. Va. Code contain language regarding the commissioner's membership on the Board, Dr. Amjad will continue serving on the Board of Medicine.

Mr. Spangler reported that it is customary for the Legislative Committee to ask the Board to delegate the Committee authority to act on behalf of the Board with regard to rulemaking. Dr. Challa moved that the Committee request that the Board delegate authority to the Committee to act on behalf of the Board as necessary with regard to rulemaking. Dr. Amjad seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Amjad seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
May 15, 2022

The West Virginia Board of Medicine's Legislative Committee met at 10:30 am on May 15, 2022, at the board office.

The following committee members attended the meeting:

Kishore K. Challa, MD, FACC
Ashish P. Sheth, MD

The following committee member attended the meeting via teleconference:

Mustafa Rahim, MD, Legislative Committee Chair

The following committee members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, the March 13, 2022 meeting minutes were made available for members to review. Dr. Sheth moved that the March 13, 2022 meeting minutes be approved. Dr. Challa seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Mr. Spangler reported that the following rules have been final filed with the West Virginia Secretary of State's Office:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-5-1 *et seq.*, *Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians.*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the WV CSMP Database.*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice at Certain State Veterans Nursing Home Facilities.*
- W. Va. Code R. § 11-14-1 *et. seq.*, *Registration to Practice During Declared State of Emergency.*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

Each of the rules, with the exception of W. Va. Code R. § 11-14-1 *et seq.*, will become effective on June 1, 2022. W. Va. Code R. § 11-14-1 *et seq.* will become effective on July 1, 2022. Once effective, pursuant to the amended rule, all current emergency registrations will terminate on August 30, 2022 or five days after the State of Emergency is lifted, whichever is sooner. In order to treat patients located in West Virginia after an emergency registration terminates, the provider must hold either a West Virginia license or an interstate telehealth registration.

Mr. Spangler reported that House Bill 214 was passed during the second special session of the West Virginia Legislature. This bill modifies the prescribing authority for physician assistants and advanced practice registered nurses. While Schedule II narcotics remain limited to a three-day supply, there are no other limitations on a physician assistant's ability to prescribe Schedule II medications except the provisions of the Opioid Reduction Act. House Bill 214 was passed on April 25, 2022, and is effective from passage.

Mr. Spangler reported that as a result of legislation passed during the 2022 session, the Committee will meet in June to consider proposed modifications to following Board of Medicine rules:

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*

Additionally, in June, the Committee will consider proposed new rules relating to administrative medicine licenses and physician sexual misconduct.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn.
Dr. Sheth seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
June 9, 2022

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 12:00 pm on June 9, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the following proposed amended rules were made available for members to review:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential Holders.*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*

The following proposed new rule was made available for members to review:

- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners.*

The following proposed rule/bill, as modified by the West Virginia Board of Pharmacy, was made available for members to review:

- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*.

Mr. Spangler reported that Senate Bill 585 was enacted during the 2022 regular session of the West Virginia Legislature. This bill creates a new code section, W. Va. Code § 30-3-11c, relating to administrative licenses. Pursuant to the bill, physicians who seek to manage the integration of clinical medicine, strategy, operations, and other business activities related to the delivery of health care services, advise organizations (both public and private) on health care matters; authorize and deny financial payments for care; organize and direct research programs; review care provided for quality; and perform other similar duties that do not require or involve direct patient care may now apply for an administrative medicine license. Proposed amendments presented to the Committee with regard to the W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential Holders*, include:

- Section two is stricken from the proposed rule and the remainder of the rule is renumbered as a result thereof.
- New section two is amended to add the following definitions: administrative medicine; administrative medicine license; clinical medicine and surgery; IMLC; and IMLC licensee. Additionally, the definition of licensee is amended.
- Section five sets forth the qualification and application requirements for an administrative medicine license. Specifically, this section: identifies the documentation that must be submitted to apply for an administrative medicine license; establishes the practice parameters pursuant to an administrative medicine, including a prohibition on clinical practice; sets forth the process and limitations related to converting an unrestricted medical license (including a license granted through the interstate compact) to an administrative medicine license and vice versa; and establishes that the professional conduct standards set forth in the Medical Practice Act and the Board's rules apply to administrative medicine licensees.
- Section six is amended for technical clean-up to eliminate language requiring podiatric physicians to submit a good moral character statement with the application. This amendment aligns the podiatric application process with the physician and physician assistant processes.

- In section seven, 7.1. is amended to reflect that the same examination requirements apply to physicians applying for a traditional medical license and an administrative medicine license.
- Subsection 8.1 is modified to clarify that the state and national criminal history record check requirement applies to administrative medicine license applicants and for technical clean-up.
- In section nine, 9.1.b. is amended to clarify that temporary licenses, which allow eligible physicians to enter clinical practice while awaiting Board action upon an application, are not available to administrative medicine license applicants, who will not be practicing clinical medicine.
- In section ten, 10.1. is modified to provide that an administrative medicine license is valid for a period of two years; 10.5. is amended to clarify the renewal application process for IMLC licensees; 10.9.j. is amended to include administrative medicine; and 10.13 is new and provides that an administrative medicine licensee is not eligible for an inactive status license, as inactive status licenses relate to the ability to practice clinical medicine.
- Section twelve is amended to clarify that an administrative medicine licensee is subject to the same denial, probation, limitation, discipline, suspension or revocation as other licensees and professional credential holders. Within this section, 12.1.r. is amended to include a reference to the Board's proposed new rule, W. Va. Code R. § 11-16-1 *et. seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*.

Dr. Challa moved that the Committee approve W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential Holders*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Challa further moved that the Committee authorize Board staff to file an emergency version of this rule with the West Virginia Secretary of State's Office. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported that House Bill 214 was enacted during the 2022 second special legislative session. This bill modifies physician assistant prescriptive authority. With regard to W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*, Mr. Spangler reported that:

- Section two is amended to eliminate the following obsolete definitions: “ambulatory surgical facility;” “antineoplastics;” “chronic condition, “primary place of practice;” and “protocol.” These terms were previously utilized largely in the discussion of practice agreements, which were phased out of use beginning in 2020. Additionally, the definition of “opioid” is relocated, and the definition section denotes that the definition also applies to the term “narcotic drug,” which is the term used in House Bill 214 in conjunction with the new prescribing authority for physician assistants.
- Section three is amended to clarify that an applicant for licensure must submit a report from the National Practitioner Data Bank. This aligns with the application process and rules for physicians and podiatric physicians.
- Section eleven is amended to permit a physician assistant to practice on behalf of a health care facility at one or more additional locations that are not included on a practice notification on an occasional basis, not to exceed two days per month per location, as long as the health care facility documents such and provides the documentation to the Board upon request.
- Section twelve is amended to eliminate language that does not conform with, or is obsolete as a result of, House Bill 214 and expands physician assistant prescriptive authority in conformity with House Bill 214.
- Section eighteen is amended to eliminate language that is obsolete as a result of House Bill 214.
- Clarification and general clean-up occur throughout the rule, including in sections two, six, nine, eleven, and twelve.

Dr. Sheth moved that the Committee approve W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Sheth further moved that the Committee authorize Board staff to file an emergency version of this rule with the West Virginia Secretary of State’s Office. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that Senate Bill 606 was passed during the 2022 regular session of the West Virginia Legislature. This bill modified W. Va. Code § 30-3-14(c) to clarify the

prohibition on practitioner sexual misconduct. The bill also directed the Board of Medicine to propose rules for legislative approval which define sexual misconduct and identify prohibited sexual misconduct. With regard to W. Va. Code § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*, Mr. Spangler reported that:

- Section two provides definitions relevant to the rule.
- Section three establishes a prohibition on practitioner sexual misconduct with a patient. This section also establishes that sexual misconduct with a patient involving either sexual contact or sexual interaction constitutes gross misconduct. It further provides that patient consent, participation in, or initiation of sexual contact, sexual interaction or sexual impropriety with a practitioner may not be used by the practitioner as defense to charges of practitioner sexual misconduct or as mitigation of professional misconduct.
- Section four addresses sexual misconduct with a patient surrogate, a key third party closely involved in a patient's medical decision making and care, including but not limited to the patient's spouse or partner, family member, legal representative, proxy, or guardian. It also identifies the conditions precedent which would permit a practitioner to engage in a romantic relationship with a surrogate without engaging in sexual misconduct.
- Section five establishes the parameters within which it is, and is not, not sexual misconduct for a practitioner to engage in a romantic or sexual relationship with a former patient.
- Section six identifies other sexual misconduct, including sexual harassment, which constitutes professional misconduct in the practice environment.
- Section seven identifies an exception for certain draping, personal protective equipment, and chaperone requirements in emergency situations.
- Section eight provides that practitioners who engage in sexual misconduct or other violations of the professional conduct standards set forth in this rule shall be subject to license or other credential denial proceedings or disciplinary action pursuant to the processes, standards and penalties set forth in the West Virginia Medical Practice Act, the West Virginia Physician Assistants Practice Act, and W. Va. Code R. § 11-1A-12.

Dr. Sheth moved that the Committee approve W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*, and authorize Board staff to move forward with promulgation of this legislative rule. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the West Virginia Board of Pharmacy provided a proposed amended rule, W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*, for the Committee's consideration. Having just received the draft rule, the Committee determined by consensus that it did not have adequate time to fully review all of the amendments proposed by the Board of Pharmacy, but ad concerns that the new regulatory process was not fully fleshed out in the amendments as proposed. The Committee directed Board staff to draft proposed modifications to the rule to more fully develop the procedural aspects of the rule and to clarify some of the changes required by recent statutory changes. The Committee will meet on June 22, 2022, to consider the proposed amendments to the rule.

ADJOURNMENT

There being no further business to consider, Dr. Donatelli moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
June 22, 2022

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 1:00 pm on June 22, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Timothy J. Donatelli, DPM

The following staff members attended the meeting:

Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

The following members of the public attended the meeting:

Krista Capehart
Ryan Hatfield, Esq.
Bridgette Lambert
Abby Reale

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Rahim reported that in keeping with the Board's Position Statement entitled *Procedure for Making Public Comments at Meetings of the Board*, any member of public seeking to address the Committee will be allotted five minutes to do so. No members wished to address to Committee.

Ms. Alley reported that Mr. Spangler is currently out of the office and is unable to attend the meeting.

Ms. Alley reported that during the 2022 legislative session, the West Virginia Legislature passed House Bill 4324, which modified W. Va. Code §§ 30-5-4 and 30-5-19 to modernize collaborative pharmacy practice and to streamline procedures relating to the registration of collaboration with the Boards of Medicine, Osteopathic Medicine and Pharmacy.

Ms. Allery reported that at its June 9, 2022 meeting, the Committee considered proposed modifications to W. Va. Code R. § 11-8-1 *et. seq.*, *Collaborative Pharmacy Practice*, which were provided by the West Virginia Board of Pharmacy. As this is a joint rule, all proposed modifications to the rule must be jointly agreed upon by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy. The Committee tasked Board of Medicine staff with drafting proposed modifications to the rule provided by the Board of Pharmacy to more fully develop the procedural aspects of the rule and to ensure conformity with the changes enacted by HB 4324.

Prior to today's meeting, proposed modifications to W. Va. Code R. § 11-8-1 *et. seq.* *Collaborative Pharmacy Practice*, were made available to members for review. With regard to the proposed rule, Ms. Alley reported that:

- Section one revises the scope of the rule, updates the reference to the joint rulemaking authority conferred upon the boards of Medicine, Osteopathic Medicine and Pharmacy, and incorporates a sunset provision subsection.
- Section two eliminates definitions which related to the former collaborative pharmacy practice pilot program, updates some definitions based upon House Bill 4324, and adds additional relevant definitions, including definitions for "boards," "collaborating pharmacist," "collaborating physician," "controlled substance," "pharmacist case," "practice notification," and "website."
- Section three establishes the requirements for collaborative pharmacy practice, including a collaborative pharmacy practice agreement developed between collaborating pharmacists and physicians at the practice level and the submission of a complete and valid practice notification to the boards. This section establishes eligibility for participation in collaborative pharmacy practice agreements, and the role of the Board of Pharmacy in verifying pharmacist eligibility. This section also sets forth

the required content and filing process for practice notifications, which, if complete, are effective upon filing with the Board of Pharmacy, and details how practice notification information will be shared by the boards. This section requires the boards to maintain a current list of all practice notifications for collaborative pharmacy practice.

- Section four details the purpose and required content of collaborative pharmacy practice agreements, which are developed and implemented at the practice level and maintained by collaborating pharmacists at their place of practice. The proposed amendments to this section conform the practice protocols to the changes implemented by House Bill 4324 and require the protocols to be filed in the patient medical record.
- Section five is amended to clarify that the collaborating practitioner may terminate a collaborative pharmacy practice agreement voluntarily, and that it automatically terminates if the collaborating pharmacist or physician is no longer eligible to collaborate. It provides a process for notifying the Board of Pharmacy of the termination of a collaborative pharmacy agreement. This section also clarifies that patients may revoke consent to have drug therapy management pursuant to collaborative pharmacy practice at any time.
- Section six is amended to ensure that an employment arrangement does not interfere with a pharmacist's or physician's sound clinical judgment or obligation to patients.
- Section seven is amended to clarify disciplinary procedures.

Dr. Sheth moved that the Committee approve the proposed amendments to W. Va. Code R. § 11-8-1 *et. seq. Collaborative Pharmacy Practice* and authorize board staff to provide the proposed amended rule to the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy for consideration. Dr. Sheth further moved that the Committee schedule a meeting for noon on June 29, 2022 to discuss any comments, concerns, or modifications that the West Virginia Board of Osteopathic Medicine and/or the West Virginia Board of Pharmacy may have following review of the proposed rule amendments. Dr. Challa seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn.
Dr. Amjad seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE

Executive/Management Committee Minutes

July 11, 2021

The West Virginia Board of Medicine's Executive/Management Committee met at 101 Dee Drive, Charleston West Virginia, on July 11, 2021, at 11:00 am.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame. Dr. Sheth moved that the minutes of the Committee's May 16, 2021 meeting be approved. Dr. Amjad seconded the motion, and the motion carried.

CALL TO
ORDER AND
APPROVAL
OF MINUTES

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of May and June 2021 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the purchasing card transactions for the months of May and June 2021 be approved. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that in 2020 a Senate Bill 851 Workgroup was established, which consists of representatives from local law enforcement, the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy. The purpose of the workgroup is to establish a

confidential treatment referral program for persons presenting themselves as suffering from substance use disorder. The workgroup has developed a brochure to be made available for potential patients and has asked the Board of Medicine to assist in developing a one-page informational sheet to be made available to providers. Committee members provided input with regard to information that would be helpful to include on the document and Dr. Amjad offered to provide additional information to staff. Board staff will provide the information expressed by the Committee to the Workgroup.

Prior to today's meeting, correspondence that was received from a licensee was made available for members to review. Mr. Spangler reported that the licensee is requesting that the Board expunge information/documents that she submitted to the Board, and which are part of her Board of Medicine record. In association with her request, the licensee provided a copy of an Agreed Order for Expungement issued by the Kanawha County Circuit Court. Dr. Sheth moved that the Committee determine that the Board is unable to expunge the licensee's most recent licensure renewal application. Dr. Sheth further moved that the Committee expunge all other information and documents that the licensee provided to the Board which relate to the matter addressed in the Agreed Order for Expungement. Dr. Amjad seconded the motion, and the motion carried. The information and documents will be expunged, and the licensee will be notified of such.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- The trial in the matter of *Amy Young v. West Virginia Board of Medicine* is scheduled to commence on March 21, 2022.
- The Board has been notified that it is a party in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.* Charles Bailey, Esq. of West Virginia Board of Risk and Insurance Management has been assigned to represent the Board in this matter.
- The matter of *J.H. v. West Virginia Board of Medicine* relates to a complaint that was closed several years ago. The petitioner claims that the Board did not notify

him of the outcome of the complaint, thus he filed suit in Kanawha County Circuit Court. Judge Louis H. Bloom found no fault by the Board of Medicine and dismissed the case. The petitioner is appealing Judge Bloom's decision to the West Virginia Supreme Court of Appeals. The Board is waiting for the Supreme Court to set scheduling or to dismiss this matter.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- The trial in the matter of *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* is in process. Mr. Spangler has been subpoenaed in this matter.

Mr. Spangler reported that in March 2020, the Board temporarily suspended certain provisions of the following rules:

- W. Va. Code R. § 11-1A-1 *et. seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et. seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-7-1 *et seq.*, *Formation and Approval of Professional Limited Liability Companies*
- W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate medical Interns, Residents and Fellows*

The suspensions were implemented to extend the timeframes associated with licensure renewal to assist licensees as they worked to protect and serve the citizens of West Virginia during the COVID-19 pandemic. The rule suspensions also temporarily waived certain fees related to practice

agreements and practice notifications. As the renewal and fee suspensions are no longer needed, Dr. Sheth moved that the Committee recommend that the Board rescind the temporary suspension of certain provisions of the following rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-7-1 *et seq.*, *Formation and Approval of Professional Limited Liability Companies*
- W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate medical Interns, Residents and Fellows*

Dr. Sheth further moved that the rule suspension for W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures* remain in place at this time. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff are working with the West Virginia Purchasing Division to enter into an additional one-year extension agreement with the Board's current database vendor, Big Picture. Additionally, Board staff continue to work with the Purchasing Division to determine how to proceed with inLumon, who was previously awarded the contract for implementation of a new Board of Medicine database and website.

Prior to today's meeting, 2021 Renewal Statistics were made available for members to review. Mr. Spangler reported that the renewal period for educational permit participants, medical doctors whose last names begin with the letters M through Z, all podiatric physicians, controlled substance dispensing practitioner registration for medical doctors whose last names begin with the letters M through Z and all podiatric physicians, and professional limited liability companies concluded at 4:30 pm Eastern Daylight Time on June 30, 2021.

Mr. Spangler reported that the Board has contracted with five hearing examiners and one court reporter for the 2021-2022 year. Board staff will contact the West Virginia Purchasing Division to inquire about rebidding court reporting services with the hopes of gaining additional bids.

Mr. Spangler reported that the Board's strategic planning session was placed on hold last year due to the COVID-19 pandemic. Mr. Spangler inquired regarding the Committee's desire to hold a strategic planning meeting this year. The Committee tabled the strategic planning meeting discussion for a future meeting.

Mr. Spangler reported that following the Governor's lifting of the mask mandate the Board's office protocols were modified to reflect that fully vaccinated staff do not need to wear a mask while working in the Board office. However, with the presence of the COVID-19 Delta Variant being identified in West Virginia, Board staff will highly encourage individuals who have not been fully vaccinated to wear a mask. Additional COVID-19 protocols, such as social distancing, the reporting and handling of illness, etc., remain in place.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE

Executive/Management Committee Minutes

September 12, 2021

The West Virginia Board of Medicine's Executive/Management Committee met via GoToMeeting at 11:00 am on September 12, 2021.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.

Dr. Challa called the meeting to order, and attendance was documented by Ms. Cross. Dr. Faheem moved that the minutes of the Committee's July 11, 2021 meeting be approved. Dr. Sheth seconded the motion, and the motion carried.

**CALL TO
ORDER AND
APPROVAL
OF MINUTES**

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of July and August 2021 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the purchasing card transactions for the months of July and August 2021 be accepted. Dr. Faheem seconded the motion, and the motion carried.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- The trial in the matter of *Amy Young v. West Virginia Board of Medicine* is scheduled to commence on March 21, 2022.
- The Board is a party in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.* Charles Bailey, Esq. of Bailey & Wyant has been assigned by the West Virginia Board of Risk and Insurance Management to represent the Board in this matter. A motion to dismiss is currently pending.
- The matter of *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals. A scheduling order in place.
- The West Virginia Attorney General's Office is representing the interest of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *The City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* bench trial has rested and is awaiting a judgment by the court.

Mr. Spangler reported that the West Virginia Performance Review Act requires a review of each regulatory board at least once every twelve years. Earlier this month, members of the West Virginia Legislature's Performance Evaluation and Review Division (PERD) met with Board of Medicine staff to conduct an entrance conference. At the conference, Board staff provided the PERD auditors with a letter and a thumb drive which contained a voluminous amount of information that was requested by PERD in advance of the meeting. Prior to today's meeting, a copy of the letter that was provided to the PERD auditors was made available for members to review. The PERD auditors have requested supplemental information, which the Board will provide on or before to September 24, 2021. Board staff will keep the Committee apprised regarding the review.

Prior to today's meeting, correspondence inquiring whether the Board has a position on the co-prescribing of naloxone in conjunction with all narcotic prescriptions was made available for members to review. It was reported by the correspondent that the West Virginia Board of Pharmacy has developed a policy in favor of co-prescribing naloxone with narcotic prescriptions. Mr. Spangler reported that this is a topic of interest for the Centers for Disease Control and the Governor's Office of Drug Control and Prevention. Board members raised concerns regarding whether prescribing naloxone in every circumstance is necessary. The Committee directed Board staff to gather additional information regarding the co-prescribing of naloxone in conjunction with all narcotic prescriptions and to determine if there is a West Virginia Board of Pharmacy policy on this issued. The Committee will revisit this inquiry at the November 2021 meeting.

Mr. Spangler reported that the Board has entered into a one-year extension agreement with the Board's current database vendor, Big Picture. The vendor is has begun modifying the Board's website and database to conform with the legislative changes enacted this year.

Mr. Spangler reported that the Board continues to participate in the HALO Project workgroup. This substance use disorder referral project aims to get individuals who are suffering from substance use disorder into treatment more quickly. Mr. Spangler reported that there is a meeting next week focused on identifying five or six primary care physicians in Kanawha County to participate in the pilot project.

Prior to today's meeting, correspondence that was received regarding radiology assistants was made available for members to review. Mr. Spangler reminded members that earlier this year the Committee considered correspondence regarding radiology assistants and elected not to seek a modification of the Board's legislative rule, W. Va. Code R §11-9-1 *et. seq, Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiology Assistants*. No action was taken with regard to this agenda item.

Mr. Spangler reported that due to an unexpected family emergency involving her son, the Board's Executive Administrative Assistant, Jamie Frame, has been out of the office since August 24, 2021. He provided an update regarding her son's condition and reported that Ms. Frame has

expressed her appreciation for all of the thoughts, prayers and support she and her family have received from Board members and staff.

Mr. Spangler reported that Angela Scholl, former Licensure Analyst, resigned from her position with the Board effective August 27, 2021. Prior to Ms. Scholl's departure the licensure unit consisted of one analyst dedicated to physician assistants, and two analysts who processed physician and podiatric physician applications. To promote cross-coverage and to distribute workload more evenly, Mr. Spangler provided that he has restructured the licensure analyst positions. Moving forward, all three analyst positions will process applications across all profession types. Thomas M. McCall, who is currently the Physician Assistant Licensure Analyst, has accepted the new restructured licensure analyst position. The Board is currently accepting applications to fill the vacant analyst position. Mr. Spangler further reported that he has submitted a request to the Governor's office to add a fourth licensure analyst position to assist with the increased workload resulting from the addition of educational permits, emergency registrations and interstate telehealth registrations.

Mr. Spangler reported that he recently accepted the position of Vice President for Administrators in Medicine. Committee members congratulated Mr. Spangler. Dr. Challa noted that Mr. Spangler is also up for nomination as the next Chair of the Interstate Medical Licensure Compact Commission and expressed his appreciation for Mr. Spangler's participation in national leadership positions in medical regulation.

Mr. Spangler reported that the lease for the Board's office space is up in December of this year. Board staff are working with the West Virginia Department of Administration's Real Estate Division to negotiate the terms of a new lease agreement.

Mr. Spangler revisited some of the key points of the Board's 2019 Strategic Plan and reported on how some of the Board's goals have increased in relevance during the COVID-19 pandemic. Due to the increasing surge in COVID cases in the state, the Board will not hold a strategic planning session in 2021.

Mr. Spangler reported that the Board's COVID-19 office protocols remain in place and Board staff are equipped to begin working remotely if the current COVID surge would deem it necessary.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
November 7, 2021

The West Virginia Board of Medicine's Executive/Management Committee met via GoToMeeting at 11:00 am on November 7, 2021.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Faheem moved that the minutes of the Committee's September 12, 2021 meeting be approved. Dr. Sheth seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today's meeting a copy of the amended fiscal reports for the months of July and August 2021 were made available for members to review. Mr. Spangler reported that following the Committee's acceptance of the reports at its September 12, 2021 meeting, Board staff found that the amount of funds available was underreported. The error has been corrected and the amended reports have been generated. Dr. Faheem moved that the Committee accept the amended fiscal reports for the months of July and August. Dr. Sheth seconded the motion, and the motion carried.

Prior to today's meeting a copy of the fiscal reports and purchasing card transactions for the months of September and October were made available for members to review. Mr. Spangler

provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the fiscal reports and the purchasing card transactions for the months of September and October 2021 be accepted. Dr. Amjad seconded the motion, and the motion carried.

The Committee reviewed the proposed schedule of 2022 board meeting dates. Dr. Sheth moved that the following meeting dates be presented to the Board for approval:

January 10, 2022
March 14, 2022
May 16, 2022
July 11, 2022
September 12, 2022
November 14, 2022

Dr. Faheem seconded the motion, and the motion carried.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- A hearing in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine* is scheduled to convene on December 14, 2021.
- The trial in the matter of *Amy Young v. West Virginia Board of Medicine* is scheduled to commence on March 21, 2022.
- A Motion to Dismiss is currently pending in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- The matter of *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court's dismissal of his claim. A scheduling order has been issued, and the Petitioner has until December 30, 2021 to perfect his appeal.
- The West Virginia Attorney General's Office and its appointed law firm of Mttes Rice, LC are representing the interests of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel. Depositions have been

scheduled for Mr. Spangler and former Executive Director for the Board, Robert Knittle. Board counsel continue to work with outside counsel on responding to discovery requests related to email correspondence of the current and former directors.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* The bench trial has concluded, and the matter is awaiting a judgment by the court.

At its September 2021 meeting the Committee reviewed correspondence inquiring whether the Board has a position statement on the co-prescribing of naloxone in conjunction with all narcotic prescriptions. The Committee directed Board staff to gather additional information this topic for consideration at today's meeting. Mr. Spangler reported that he has contacted the West Virginia Board of Pharmacy and has confirmed that they do not have an office policy regarding the co-prescribing of naloxone in conjunction with all narcotic prescriptions. The Centers for Disease Control has recommendations regarding co-prescribing. Additionally, several states have policies regarding co-prescribing; however, the policies vary significantly. In lieu of developing a formal Position Statement, an article on co-prescribing of naloxone in conjunction with narcotic prescriptions will be included in an upcoming Board of Medicine Newsletter.

Prior to today's meeting a letter that the American Academy of Physician Assistants (AAPA) sent to the American Medical Association (AMA), West Virginia Association of Physician Assistants (WVAPA) Talking Points and a Statement from the AMA was made available for members to review. Mr. Spangler reported that the AAPA has requested that the Board support changing the term "physician assistant" to "physician associate". The AMA has raised concerns that changing the professional name would be confusing to patients. Inasmuch as the AAPA support for the proposed name change is a very recent development, and the AMAs concerns with regard to the professional name, the Committee elected not to support the proposed name change at this time.

Mr. Spangler reported that the West Virginia Office of Technology is requiring state agencies to transition from Microsoft to Google. Thus far, Board staff have transitioned from Microsoft Outlook to Google Mail. Prior to July 2022, state agencies are required to transition from Microsoft products (Word and Excel) to Google products (Docs and Sheets). Agencies who anticipate issues in transitioning from Microsoft to Google products are encouraged to submit a Business Impact Assessment, which identifies the agencies concerns. Board staff are in the process of completing an officewide assessment to identify areas of concern.

Mr. Spangler reported that the West Virginia Legislature's Performance Evaluation and Review Division (PERD) audit remains ongoing. To date, Board staff have provided all information and documentation that has been requested of the Board in association with the audit. Board staff have been notified that the PERD auditors will be requesting additional information relating to complaint matters. The request itself has not yet been received.

Mr. Spangler reported that Board staff continue to participate in the HALO Project workgroup. Representatives of the entities involved in the HALO project workgroup met in September; however, no action was taken during the September meeting. Board staff will continue to participate in this project and will keep the Committee and Board updated.

Mr. Spangler reminded members that the licensure unit was recently restructured to facilitate analysts processing applications across all profession types. Mr. Spangler reported that Sara J. Fields has been hired as a licensure analyst. Prior to employment with the Board, Ms. Fields worked at Charleston Area Medical Center. Board staff look forward to continuing to work with Ms. Fields.

Mr. Spangler reminded members that the lease for the Board's office space is up in December of this year. Board staff continue to work with the West Virginia Department of Administration's Real Estate Division and the Board's landlord to negotiate the terms of a new lease agreement.

Mr. Spangler reported that the Board's COVID-19 office protocols remain in place.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
March 13, 2022

The West Virginia Board of Medicine's Executive/Management Committee met via GoToMeeting at 11:00 am on March 13, 2022.

The following committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Angela A. Mayfield

The following committee member did not attend the meeting:

Ashish P. Sheth, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the draft January 9, 2022 meeting minutes were made available for members to review. Ms. Mayfield moved that the minutes of the Committee's January 9, 2022 meeting be approved. Dr. Amjad seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today's meeting a copy of the fiscal reports and purchasing card transactions for the months of January and February 2022 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Ms. Mayfield moved that the fiscal reports and the purchasing card transactions for the months of January and February 2022 be accepted. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that in April 2020, the Board published *Guidance and Best Practice for the Safe Resumption of Practice for Board of Medicine Licensees*. Board staff have recently received calls inquiring about current Board of Medicine COVID guidance, including mask guidance/requirements. The Committee authorized staff to develop and publish new guidance based on current Center for Disease Control (CDC) guidelines. Until the new guidance is published, the committee directed staff to encourage practitioners to follow current state and CDC guidelines for medical offices. The revised guidance will be presented to the Committee at the May 2022 meeting for consideration.

Mr. Spangler reported that the majority of paper applications that are submitted to the Board require original “wet ink” signatures by applicants, licensees, registrants, permit holders and others, and therefore must be submitted via US Mail, FedEx, UPS or hand delivery. Board staff would like to review all of the signed documents that are submitted to the Board to determine if the Board could accept some electronic or photocopied signatures in lieu of an original signature. The Committee directed staff to review all documents utilized by the Board which require signatures by applicants, licensees, registrants, permit holders and others to determine whether original, photocopy or electronic signatures should be required/accepted. It was noted that Subpoena’s and documents submitted in association with Complaint Committee matters need to continue to contain original signatures. Ms. Mayfield moved that the Committee delegate Mr. Spangler authority to determine the appropriate signatory requirement (original, photocopy, or original) for documents received by the Board. Dr. Amjad seconded the motion, and the motion carried. Staff will report back to the Committee on this matter at the May 2022 meeting.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- Kelli Talbott, Esq, who has been representing the Board in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*, recently resigned from her position with the West Virginia Attorney General’s Office to pursue a new employment opportunity. Upon her departure, Anthony D. Eates, Deputy Attorney General for the West Virginia Attorney General’s Office, acquired this case. Mr. Eates has filed Notice of Counsel in Kanawha County Circuit Court. The Board continues to await a summary decision in this matter.

- Mediation occurred last week in the matter of *Amy Young v. West Virginia Board of Medicine*. The Board's insurance provider, West Virginia Board of Risk & Insurance Management, has entered into a settlement agreement in this matter.
- The judge entered a Memorandum Opinion and Order dismissing all defendants in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.* Unless the plaintiff files an appeal, this matter has been resolved.
- *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court's dismissal of his claim. Mr. Foster has filed the Board's brief in this matter. The Board is awaiting a decision.
- The West Virginia Attorney General's Office and its appointed law firm of Motley Rice, LC represented the interests of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel. This matter is awaiting a decision.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* The bench trial has concluded, and the matter is awaiting a judgment by the court.

Mr. Spangler reported that the West Virginia Legislature's Performance Evaluation and Review Division audit of the Board remains ongoing. The auditors have requested additional documentation from the Board, and Board staff have responded appropriately. There is currently one request that is pending; Board staff anticipates that the information responsive to the pending request will be provided later this week.

Mr. Spangler reported that the Board has entered into a new lease agreement with the Board's landlord which will remain in effect for two years, at which time the Board will have the option of extending the lease for an additional two-year period.

Mr. Spangler reported that the Board's COVID-19 office protocols remain in place.

Mr. Spangler reported that the Board's supplemental appropriation bill has completed the legislative process and is awaiting the Governor's signature. The funds in the supplemental appropriation bill will be used to hire an additional part-time licensure analyst this spring. Later in the year the part-time position will transition into a full-time position.

Mr. Spangler reported that Andrew Wessels, who served as the Board's Director of Intergovernmental and Public Relations, is no longer employed by the Board. The Board wishes Mr. Wessels the best in his future endeavors.

ADJOURNMENT

There being no further business to consider, Ms. Mayfield moved that the meeting adjourn. Dr. Amjad seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
May 15, 2022

The West Virginia Board of Medicine's Executive/Management Committee met at 11:00 am on May 15, 2022, at the board office.

The following committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Angela A. Mayfield
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the draft March 13, 2022 meeting minutes were made available for members to review. Dr. Sheth moved that the minutes of the Committee's March 13, 2022 meeting be approved. Ms. Mayfield seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today's meeting a copy of the fiscal reports and purchasing card transactions for the months of March and April 2022 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the fiscal reports and the purchasing card transactions for the months of March and April 2022 be accepted. Ms. Mayfield seconded the motion, and the motion carried.

Prior to today's meeting, a copy of correspondence that was received regarding the corporate practice of medicine, and a company's possible violation of such, was made available for members to review. Mr. Spangler reported that Board staff will request additional information from the company's counsel, and this matter will be placed on a future agenda for consideration.

Prior to today's meeting, a request that was received from the West Virginia Center for Threat preparedness was made available for members to review. Mr. Spangler reported that the Center for Threat Preparedness is requesting that the Board provide public information regarding Board of Medicine licensees on a monthly basis for use in the online West Virginia Responder emergency Deployment Information (WVREDI) System for rapid credential verification of medical volunteers during emergency situations. Dr. Sheth moved that the Board enter into a Memoranda of Understanding with the West Virginia Center for Threat Preparedness to provide the information that is being requested. Ms. Mayfield seconded the motion, and the motion carried.

Prior to today's meeting, a request from the West Virginia Office of Epidemiology and Prevention Services was made available for members to review. Mr. Spangler reported that the Office of Epidemiology would like for the Board to publish an article in an upcoming edition of the Board's newsletter which provides information regarding free services and resources available through the Office of Epidemiology and Prevention Services. The Committee elected to include a link in an upcoming newsletter to the Office of Epidemiology and Prevention Services website.

Prior to today's meeting, the following policies, which were recently adopted by the Federation of State Medical Boards, were made available for members to review:

- *Professional Expectations Regarding Medical Misinformation and Disinformation*
- *The Appropriate Use of Telemedicine Technologies in the Practice of Medicine*
- *Diversity, Equity and Inclusion in medical Regulation and Patient Care*
- *Emergency Preparedness and Response*

Mr. Spangler reported that the policies are being provided for information purposes only at this time. The policies will be placed on a future meeting agenda for consideration.

Mr. Spangler reported that Board staff would like to establish an Application Review Workgroup to evaluate current applications and determine if any modifications and/or

modernizations are needed. Ms. Mayfield moved that the Committee authorize Board staff to establish an Application Review Workgroup. Dr. Sheth seconded the motion, and the motion carried. Workgroup recommendations will be reported to the Executive/Management Committee for consideration.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a summary decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court's dismissal of his claim. Mr. Foster has filed the Board's brief in this matter. The Board is awaiting a decision.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* The bench trial has concluded, and the matter is awaiting a judgment by the court.

Ms. Alley reported that the West Virginia Attorney General's Office and its appointed law firm of Motley Rice, LC represented the interests of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel. It is possible that Mr. Spangler may be called to testify in this matter.

Mr. Spangler reported that the Board of Medicine's COVID-19 office protocols remain in place.

Mr. Spangler reported that the West Virginia Office of Technology is requiring state agencies to transition from Microsoft to Google. Thus far, Board staff have transitioned from Microsoft Outlook to Google Mail. Prior to July 2022, agencies must transition from Microsoft Word and Excel to Google Docs and Sheets. Agencies who anticipate enterprise difficulties if

required to transition with respect to these remaining products may request an exemption and submit a Business Impact Assessment, which identifies areas of concern. Ms. Mayfield moved that Board staff submit a Business Impact Assessment requesting an exemption from the required transition. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff continue to evaluate applications and documents to determine if any are appropriate for transition from wet ink to electronic signatures. The results of the evaluation will be presented to the Committee when the review process is complete.

Mr. Spangler reported that the West Virginia Legislature's Performance Evaluation and Review Division audit of the Board has concluded. The Performance Evaluation and Review Division is scheduled to present their report to the West Virginia Legislature during the June 2022 interim session. Due to prior Board of Medicine commitments that are concurrent with the June interim legislative session, it is possible that the report will be deferred until July. The final audit report has not yet been released.

Mr. Spangler reported that the renewal period for physicians whose last names begin with the letter A through L, controlled substance dispensing practitioner registration renewal for physicians whose last names begin with the letter A through L, education permits and professional limited liability company's commenced the first week of May, and will conclude at 4:30 pm EDT on June 30, 2022. There are currently 4493 medical doctors eligible to renew their licenses to practice medicine and surgery in West Virginia. As of May 13, 2022, Board staff have processed 879 medical doctor license renewal applications.

Mr. Spangler reported that Thomas McCall, who served as one of the Board's three licensure analysts, resigned from his position effective April 29, 2022. The Board wishes Mr. McCall the best in his future endeavors. Board staff recently conducted interview for the licensure analyst position, and Samantha Gutierrez was offered and has accepted the position. Mr. Gutierrez will begin her employment with the Board tomorrow, May 16, 2022.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn.
Ms. Mayfield seconded the motion, and the motion carried.

CALL TO ORDER

Dr. Sheth called the meeting to order.

APPROVAL OF

MINUTES Dr. Steele made a motion to approve the May 16, 2021 Complaint Committee minutes and the June 10, 2021 Special Meeting minutes. Ms. Mayfield seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the May meeting, fully executed Consent Orders have been entered with respect to the following licensees:

Garv Steven DeGuzman, MD: On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. DeGuzman and required him to

complete additional CME for failing to adopt, implement and consistently follow universal masking requirements in his medical office during the COVID-19 pandemic and failing to conform his medical office practice with Executive Order 30-20 and the Board's *Guidelines and Best Practices for the Safe Resumption of Practice for Board of Medicine Licensees*.

Phillip Allen Peterson, MD: On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded him for the conduct that formed the basis of his Plea Agreement in the matter of *United States of America v. Phillip A. Peterson*, Criminal Action No. 1:19-cr-00054 and for having action taken against his Virginia medical license.

Tonva Kim Powers, MD: On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded her based upon having action taken against her Virginia medical license, and for the conduct that formed the basis of the discipline imposed by the Virginia Board of Medicine.

Frederick Adolph Reichle, MD: On June 2, 2021, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Reichle permanently ineligible for licensure by the West Virginia Board of Medicine.

Kristopher Kuksu Yoon, MD: On May 21, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

EXECUTIVE

SESSION Ms. Mayfield made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Steele seconded the motion, and the motion carried.

PUBLIC

SESSION The Executive Session concluded, and the Complaint Committee returned to Public Session.

COMPLAINT COMMITTEE

Ms. Mayfield moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in six ongoing matters. Dr. Steele seconded the motion, and the motion carried.

The Committee considered a request from Arthur David Barnes, MD to remove the Public Reprimand from his record with this Board, which was imposed via Consent Order. Ms. Mayfield moved that the Committee deny his request. Dr. Steele seconded the motion, and the motion carried.

The Committee considered its compliance monitoring in the matter of *WVBOM v. Omar Khalid Hasan, MD*, Case No. 14-89-S. The Committee reviewed a new request from the licensee submitted on July 6, 2021. Ms. Mayfield moved that the Committee direct a response to the licensee seeking clarification and additional information, so that the new request may be properly evaluated. Dr. Steele seconded the motion, and the motion carried.

The Committee reviewed the Committee's proposed Consent Order in the matter of *West Virginia Board of Medicine v. Zouhair Mohamad Wadih Kabbara, MD*, in Complaint No. 19-114-W. Dr. Kabbara has signed the Consent Order. If ratified by the Board, the Consent Order would resolve the pending disciplinary charges against the licensee. Ms. Mayfield moved that the Committee recommend that the Board accept the proposed Consent Order in lieu of proceeding to hearing. Dr. Steele seconded the motion, and the motion carried.

The following guest attended the meeting in whole or in part via conference call:

Patrick C. Timony, Esquire

CALL TO

ORDER Dr. Sheth called the meeting to order.

EXECUTIVE

SESSION Dr. Steele made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6) to discuss effecting a license as well as related information that, if disclosed, would constitute an unwarranted invasion of privacy. A second was given by Ms. Mayfield, and the motion carried. The Complaint Committee entered into Executive Session to consider matters pursuant to West Virginia Code § 30-3-6 and W. Va. Code § 6-9A-4(b)(4) and (6).

PUBLIC

SESSION Ms. Mayfield moved that the Committee return to Public Session. A second was given by Dr. Mullins, and the motion carried.

COMPLAINT COMMITTEE

ACTIONS Upon return to public session, the Committee considered correspondence from the Licensee in association with the Board's Final Order in the matter of WVBOM v. Omar Khalid Hasan, MD, Case No. 14-89-S.

Based upon the Committee's evaluation of all the information presented, Dr. Steele motioned that the Committee recommend that the Board:

1. Approve Dr. Hasan to attend both identified PACE programs, at his own expense, with the following provisos and conditions:

a. Advise Dr. Hasan that the PACE Fitness for Duty is most relevant to Dr. Hasan's circumstances, and that the PACE Competency Assessment is not of particular interest to the Board because it is not directly relevant to the issues in the underlying case. Provided, if PACE requires the Competency Assessment in addition to the Fitness for Duty Evaluation, or if Dr. Hasan chooses to do both, the Board supports his participation in both programs.

b. Dr. Hasan must identify the Board as the referring entity on his PACE applications and list Mark Spangler as the Board's point of contact.

c. Dr. Hasan must execute all necessary releases to permit PACE and the Board to disclose/release/exchange information.

d. He must execute all necessary releases to allow P.G. to provide the full medical record directly to PACE and to allow the PRC to provide its Report directly to PACE.

e. He must cause PACE to notify the Board ahead of time of his PACE pre-screening/assessment and evaluation dates, and provide proof to the Board of his participation in such within 10 days thereafter.

2. Further, in the Board's correspondence to Dr. Hasan, the Board should make him aware that for it to consider modifying and/or lifting his suspension, PACE must conclude, at a minimum, that he is fit to return to practice and that patient safety would not be jeopardized by his return. Additionally, Dr. Hasan should be notified that in the event PACE recommends any practice restrictions, conditions, limitations or further treatment in association with, or before his return to practice, the Board may strongly consider and require his compliance with such.

Ms. Mayfield seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, Ms. Mayfield motioned for adjournment. Dr. Steele seconded the motion, and the Committee determined by consensus to adjourn.

MINUTES Ms. Mayfield made a motion to approve the July 11, 2021 Complaint Committee minutes and the August 6, 2021 Special Meeting minutes. Dr. Mullins seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the July meeting, fully executed Consent Orders have been entered with respect to the following licensees:

Amber Marie Allen, DPM: On July 19, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion CME during the Board's CME audit.

Frederick William Barker, MD: On July 23, 2021, the licensee entered into a Consent Order with the Board that requires him to successfully complete PBI Education's *Medical Record Keeping (MR-17 Extended Edition)* for concerns raised by an independent reviewer regarding his treatment and lack of documentation concerning four patients. Dr. Barker is also subject to a medical record audit one year from the completion of the CME course.

Eston Robert Caldwell, III, MD On July 20, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. Caldwell and fined him \$500.00 for the conduct which formed the basis of the disciplinary action taken by the Virginia Board of Medicine and for his inaccurate and/or fraudulent responses on his February 2020 initial West Virginia licensure application and September 2020 licensure renewal application.

Hanibal Mahdi, MD: On August 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. Mahdi and fined him \$2,000.00 for treating patients via telemedicine without first establishing a physician-patient relationship in accordance with West Virginia law.

Richard John Mailloux, MD: On July 23, 2021, the licensee entered into a Consent Order with the Board that imposed a \$800.00 fine for his failure to produce documentation of his timely completion of 8 of the 50 hours of the required CME during the Board's CME audit.

Oluyemisi Reuben Sangodeyi, MD: On August 6, 2021, the licensee entered into a Consent Order that publicly reprimanded Dr. Sangodeyi for failing to provide appropriate medical care to a patient, including failing to ensure proper post-operative coverage of the patient while he was unavailable.

Thomas Joseph Schmitt, MD: On July 20, 2021, the licensee entered into a Consent Order with the Board that permanently prohibits Dr. Schmitt from prescribing, ordering, administering or dispensing any controlled substances pursuant to his West Virginia medical license.

Michael Curtis Shockley, MD: On July 20, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

Kevin Sanford Smith, MD: On August 6, 2021, the licensee entered into a Consent Order with the Board that placed his license on a probationary status for a period of three years, with specific terms and conditions. Probation was imposed reciprocally for the conduct

which formed the basis of the Medical Board of California's November 16, 2020 Decision and Order imposing discipline on Dr. Smith's California medical license.

EXECUTIVE

SESSION Dr. Mullins made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Ms. Mayfield seconded the motion, and the motion carried.

PUBLIC

SESSION The Executive Session concluded, and the Complaint Committee returned to Public Session.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the September meeting, a fully executed Consent Order has been entered with respect to each of the following licensees:

Lana Dawn Christiano, MD: On October 22, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for her failure to report a malpractice settlement on her 2020 license renewal application.

Robert Joseph Crow, Jr.: On October 22, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

David Alfred Ghaughery, MD: On October 22, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

Dibbendu Mahanavak, MD: On September 17, 2021, the licensee entered into a Consent Order with the Board that imposed a \$900.00 fine for: (1) failing to produce documentation during the Board's CME audit that he had completed a Board approved course on drug diversion training and best practice prescribing of controlled substance training during the requisite time frame; and (2) failing to disclose the complaint pending against him due to his CME Audit deficiencies on his 2021 medical license renewal application.

Daniel Salmeron, MD: On September 17, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to disclose disciplinary action that had been taken against his Mississippi, Texas, Michigan, New York and Florida medical licenses on his 2021 West Virginia license renewal application.

EXECUTIVE

SESSION Dr. Steele made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and West Virginia Code § 30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Ms. Mayfield seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered Public Session. Dr. Mullins declared a conflict in two pending reports which were referred to the Complaint Committee for possible Committee action. Dr. Mullins disclosed that he practices at the same location as the practitioners identified in the two reports, and that his conflicts relate to the fact that his professional familiarity and interactions with both licensees may create an appearance of partiality or bias. Dr. Mullins then exited the meeting room. Dr. Steele moved that the Committee initiate Complaint No. 21-114-W. With respect to the second report, Dr. Steele further moved that the Committee initiate Complaint No. 21-115-W. Ms. Mayfield seconded each of the motions, and the motions carried. Having completed the matters in which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room for the remainder of the meeting.

**COMPLAINT

OF**

MINUTES Dr. Steele made a motion to approve the minutes of the November 7, 2021 Complaint Committee meeting. Ms. Mayfield seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the November meeting, a fully executed Consent Order has been entered with respect to each of the following licensees:

Mark W. Allen, MD: On November 10, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. Allen for his unprofessional conduct in failing to comport with the public health safety protocols and best practice guidelines during the COVID-19 pandemic. Dr Allen was also required to complete the *COVID-19: Essentials for Healthcare Worker-Online CME Course*.

Fulvio Rogelio Franyutti, MD: On November 10, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

EXECUTIVE

SESSION Ms. Mayfield made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Mullins seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered public session. Dr. Sheth declared a conflict in a pending Complaint Committee matter. The matter was identified as Complaint No. 20-99-W. Dr. Sheth disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias. Dr. Sheth appointed Dr. Steele to chair the Committee discussion and exited the meeting room. Having completed the matter in which Dr. Sheth declared a conflict, Dr. Sheth returned to the meeting room for the remainder of the meeting.

Dr. Mullins declared a conflict in a pending report which was referred to the Complaint Committee for possible initiation of a Committee complaint and investigation. Dr. Mullins disclosed that his conflict relates to the fact that his personal interactions with the licensee may create an appearance of partiality or bias. Dr. Mullins then exited the meeting room. Having completed the matter in which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room for the remainder of the meeting.

ACTIONS Upon return to public session, Dr. Mullins moved that the Committee take the following action:

INITIATED COMPLAINT

22-29-W

Ms. Mayfield seconded the motion, and the motion carried.

On July 29, 2020, the Board and Ollie Joseph Jackson, III, MD, license number 27313, entered into a Consent Order that placed his license on a probationary status for a period of thirty-five months, with specific terms and conditions. The Consent Order imposed reciprocal discipline based upon action taken against Dr. Jackson by the Medical Board of California. On January 11, 2022, the Board received Dr. Jackson's *Petition for Early Release of Medical License from Probationary Status*. Dr. Jackson has completed a minimum of one (1) year of probation in West Virginia, has submitted evidence of successful release from probation in California, and his California license has been restored to unrestricted status. Dr. Mullins moves that the Committee recommend that the Board enter an Order terminating Dr. Jackson's July 29, 2020 Consent Order as fully satisfied. Ms. Mayfield seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

July 12, 2021

The West Virginia Board of Medicine met at 101 Dee Drive, Charleston, West Virginia, at 9:00 am on July 12, 2021.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management
Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board members did not attend the meeting:

Timothy J. Donatelli, DPM
David A. Mullins, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Leisa L. Reed
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

Carrie A. Lakin, DPM

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

Dr. Challa notified members that the 2021 BOM Annual Report Executive Summary has been published, and encouraged members to collect copies of the summary after the conclusion of the meeting.

Dr. Challa welcomed Carrie A. Lakin, DPM to the meeting. Dr. Lakin joined the meeting via the GoToMeeting virtual meeting platform. Dr. Challa notified Board members that Dr. Lakin resigned from the Board, effective June 30, 2021. On behalf of the Board and staff, Dr. Challa thanked Dr. Lakin for her service to the Board, the podiatric profession and the citizens of West Virginia and presented her with a plaque commemorating her service.

Mr. Tipton joined the meeting at this time.

Dr. Challa welcomed Board members and staff to the first in-person Board meeting convened since the gubernatorially declared COVID-19 pandemic State of Emergency. Dr. Challa noted that Quartel-Ayne Amjad, MD, MPH, Christopher J. Tipton, PA-C and Kiran R. Patel, MD each began their terms while the Board's meetings were being conducted via virtual platform. As this is their first in-person meeting, I would like to welcome these members. Board members joined Dr. Challa in extending warm welcomes to Dr. Amjad, Mr. Tipton and Dr. Patel.

Dr. Challa also welcomed administrative assistant/receptionist Leisa Reid to the Board staff. Ms. Reed joined the staff during the pandemic, and this was her first opportunity to attend an in-person Board meeting for introduction and welcome.

Dr. Rahim moved that the Board's May 17, 2021 and June 11, 2021 meeting minutes be approved. Dr. Harman seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler noted that it is good to be back to in-person meetings. He indicated that a photographer would be present at the September meeting to take Board member photographs for new members, as well as a photograph of the full Board. Mr. Spangler commented on the exceptional work that the Board members and staff have done managing their respective duties remotely throughout the pandemic. He also recognized the Complaint Committee and staff members who instituted safety measures and continued to meet face to face throughout this time.

**EXECUTIVE
DIRECTOR REPORT**

Dr. Challa reported that the Executive/Management Committee met on Sunday, July 12, 2021, at which time the Committee reviewed and approved the fiscal report and purchasing card transactions for May and June 2021. The Board continues to remain in a good financial position.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Challa reported that a Senate Bill 851 Workgroup was established, which consists of representatives from local law enforcement, the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy. The purpose of the workgroup is to establish a confidential treatment referral program for persons presenting themselves as suffering from substance use disorder. The workgroup has developed a brochure to be made available for potential patients and has asked the Board of Medicine to assist in developing a one-page informational sheet to be made available to providers. Committee members provided input with regard to information that would be helpful to include on the document and Dr. Amjad offered to provide additional information to staff. Board staff will provide the Committee's input to the Workgroup.

Dr. Challa reported that the Committee received and reviewed correspondence from a licensee requesting that the Board expunge information/documents that the licensee

submitted to the Board, and which are part of the licensee's Board of Medicine record. In association with the request, the licensee provided a copy of an Agreed Order for Expungement issued by the Kanawha County Circuit Court. The Committee determine that the Board is unable to expunge the licensee's actual licensure renewal application, but that all other information and documents that the licensee provided to the Board in association therewith and which relate to the matter addressed in the Agreed Order for Expungement be expunged. The licensee will be notified of the expungement.

Dr. Challa reported that the Committee received an update regarding the following matters in which the Board of Medicine is a party to the litigation:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*
- The Board has been notified that it is a party in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.* Charles Bailey, Esq. of West Virginia Board of Risk and Insurance Management has been assigned to represent the Board in this matter.
- The matter of *J.H. v. West Virginia Board of Medicine* relates to a complaint that was closed several years ago. The petitioner claims that the Board did not notify him of the outcome of the complaint and has challenged the disposition of the matter. He filed suit in Kanawha County Circuit Court. Judge Louis H. Bloom summarily dismissed the case. The petitioner is appealing Judge Bloom's decision to the West Virginia Supreme Court of Appeals. The Board is waiting for the Supreme Court to set a scheduling order in this matter.

Additionally, the Committee was provided a status update regarding one litigation matter in which the Board is not a party but has provided discovery. The case of *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* is currently at trial. Mr. Spangler has been issued a witness subpoena.

In March 2020, the Board temporarily suspended certain provisions of the following rules: 11 CSR 1A, 1B, 3, 5, 6, 7 and 12. The rule suspensions were implemented to extend the timeframes associated with licensure renewal to assist licensees as they worked to protect and serve the citizens of West Virginia during the COVID-19 pandemic. The rule suspensions also temporarily waived certain fees related to practice agreements and practice notifications. As the renewal and fee suspensions are no longer needed, the Committee recommended that the Board rescind the temporary suspension of certain provisions of the following rules:

- W. Va. Code R. § 11-1A-1 *et. seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et. seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-7-1 *et seq.*, *Formation and Approval of Professional Limited Liability Companies*
- W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate medical Interns, Residents and Fellows*

The Committee further recommended that the rule suspension for W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures* remain in place at this time. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Board has negotiated an agreement with the current database vendor, Big Picture, which will remain in place through June 2021. Board staff are working with the West Virginia Purchasing Division to enter into an additional one-year extension agreement with Big Picture. Additionally, due to legislation that was passed

in 2021, several enhancements will need to be made to the Board's database and website. Board staff continue to work with the West Virginia Purchasing Division to determine how to proceed with inLumon, who was previously awarded the contract for implementation of a new Board of Medicine database and website.

Dr. Challa reported that the Committee received an update regarding renewal. A renewal update will be provided to the Board later this morning as part of the Licensure Committee Report.

Dr. Challa reported that the Board has contracted with five hearing examiners and one court reporter for the 2021-2022 year. Board staff will reach out to the West Virginia Purchasing Division to inquire about the possibility of rebidding court reporting services.

Dr. Challa reported that following the Governor's lifting of the mask mandate the Board's office protocol was modified to reflect that fully vaccinated staff do not need to wear a mask while working in the Board office. However, with the presence of the Delta variant being identified in West Virginia, Board staff will highly encourage individuals who have not been fully vaccinated to wear a mask. Additional COVID-19 protocols, such as social distancing, the reporting and handling of illness, etc., will remain in place.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday morning at which time the Committee established the following additional Committee meeting date:

- July 29, 2021 at 5:00 pm

**LEGISLATIVE
COMMITTEE
REPORT**

Dr. Rahim reported that the Committee members discussed communications with the Board of Pharmacy concerning collaborative pharmacy practice. House Bill 2265,

relating to collaborative pharmacy practice and updating rulemaking authority, was not passed during the 2021 legislative session. This bill would have amended the Pharmacy Practice Act to change the rulemaking authority for collaborative pharmacy practice to remove the Board of Medicine's joint authority with the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine for rulemaking. Instead, the Board of Medicine's role would be limited to advising on the rule. Members of the Legislature requested that the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy work collaboratively to update W. Va. Code § 11-8-1 *et seq.* for introduction during the 2022 legislative session.

Mr. Spangler reported that the Board of Pharmacy does not appear to be interested in updating the joint rule on collaborative pharmacy practice this year as previously contemplated, as many of the changes the Board of Pharmacy sought to implement are inconsistent with current statutory provisions. Board staff have communicated to the Board of Pharmacy that this Board remains open to working collaboratively with regard to updating the rule and identified some areas where modification could be made. Board staff will reach out to the Board of Pharmacy and the Board of Osteopathic Medicine to establish a meeting prior to the 2022 legislative session to discuss this joint rule.

Dr. Rahim reported that Senate Bill 372, providing greater discretion to the West Virginia Board of Medicine to approve graduate clinical training, became effective on March 9, 2021. This bill modifies W. Va. Code § 30-3-10 to provide a pathway for licensure for applicants who have completed fellowship training in programs for which accreditation is not available, but which meet other appropriate standards. Several physicians who held a specialty license prior to the passage of this legislation have recently converted to a traditional medical license. Additional licensees who currently hold a specialty license have requested an application to convert to a traditional medical license.

Dr. Rahim reported that Senate Bill 714, relating to the Physician Assistants Practice Act, became effective on July 8, 2021. As a result, the Board has updated its website, updated the practice notification form, and modified the initial physician assistant

licensure application. The revised form and application will be available on the website later today.

Dr. Rahim reported that House Bill 2024, relating to telemedicine, became effective on March 30, 2021. To implement the registration process and to establish rules related to the delivery of telehealth services to patients in West Virginia, Board staff filed an emergency rule with the West Virginia Secretary of State's Office. Once the emergency rule is in effect, the interstate telehealth registration application will be made available on the Board's website, and licensees and other credential holders will be notified via email.

At the June 23, 2021 meeting, the Committee approved the proposed new rule, W. Va. Code § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and authorized Board staff to move forward with promulgation of the legislative and the emergency versions of this rule. Mr. Spangler reported that prior to filing the rule with the West Virginia Secretary of State's Office, Board staff made the following technical changes to the rule which were ratified by the Legislative Committee:

- Removed the word "automatically" in 4.6, 9.2 and 10.2
- Added the word "uncontested" in 9.2
- Clarified in 5.3.2 that the application renewal fee for physician assistants is \$50.00, which, consistent with prior direction from the Committee, and is half of the initial application fee

On June 29, 2021, Board staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office with regard to the following proposed rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*

- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

The Board is accepting written comments on the proposed amendments to the seven existing rules and the proposed new rule through 4:30 pm on July 29, 2021. The Committee preliminarily reviewed the comments that have been received as of 4:30 pm on July 9, 2021, and provided direction to staff regarding the correspondence and related outreach. The agency approved version of the rules will be approved once the comment period ends.

Following conclusion of the comment period on July 29, 2021, the Legislative Committee will meet to review and consider all comments that are received. The Committee recommended that the Board delegate authority to the Legislative Committee to act on behalf of the Board at interim meetings with regard to authorizing the filing of the agency approved version of the pending legislative rules and any amendments or other necessary action related to emergency rulemaking. The motion of the Committee was given by Dr. Challa, and the motion carried.

Mr. Foster reported that there is one hearing scheduled to convene on September 21-24, 2021.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there are two matters where the hearings are stayed and/or in a continued status at the request of the licensees. Once additional matter has been stayed, and will be discussed as part of the Complaint Committee report later in this meeting.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in one matter.

In the absence of Committee Chair, Ms. Takubo, Acting Chair Dr. Lilly gave the report of the Physician Assistant Committee, which met on Saturday, July 10, 2021.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Dr. Lilly reported that Amber Michelle Leman, PA appeared before the Committee in support of her application for physician assistant licensure. After meeting with the applicant, the Committee recommended that the applicant be approved for physician assistant licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following seventeen applicants be approved for initial physician assistant licensure:

Ryan Luke Applegate, PA
Natalie Dawn Austin, PA
Terry Norman Davis, Jr., PA
Diana Sue DeWolfe, PA
Luke Aaron Dice, PA
Adina Miriam Freud, PA
Travis Lee James, PA

Trenton Ryan Johnson, PA
Marissa Ann Jonov, PA
Meghan Marie Long, PA
Matthew Joseph Mastiano, PA
Lauren Ashley Nedzelski, PA
Danielle Elizabeth Potts, PA
Ravish Kanchanlal Prajapati, PA
Danielle Rae Stuart, PA
Pamela Jane Sturgill, PA
Brendan David Winters, PA

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee will continue to maintain the application for Lisa Marie McCormack, PA-C on hold pending receipt of additional information.

Dr. Lilly reported that in May and June 2021, Board staff authorized/activated the following number of practice agreements and practice notifications:

Month	Practice Agreements		Practice Notifications	
	Authorized		Activated	
	West Virginia Licensed	Emergency Registrant	West Virginia Licensed	Emergency Registrant
May	14	0	15	3
June	8	0	12	0

Dr. Lilly reported that Board staff processed the following reactivation of licensure applications in May and June 2021:

Licensee Name	License No.	Reactivation Date
Bethany Katherine Fisher, PA	1333	June 17, 2021
Mosamat Khaleda Nayem, PA	828	June 17, 2021

Dr. Lilly reported that since implementation of the Board's emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 133 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

Dr. Lilly reported that the Committee reviewed and approved updates to the Practice Notification form and the Initial Licensure Application. These updates implement the changes to the Physician Assistants Practice Act enacted by Senate Bill 714.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Licensure Committee met in-person at the Board's offices on Saturday, July 10, 2021.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that four scheduled applicants appeared before the Committee to discuss their licensure applications. Based thereupon, the Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Kasimu Senghor Moody, MD	Initial Licensure	Pending payment of the Patient Injury Compensation Fund Fee
Brittani Shantel Lowe, MD	Initial Licensure	None
Matthew Korey Shotwell, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried. The Committee elected to place the initial medical licensure application of Adaiah Abumeze Ezekiel, MD on hold, pending additional information.

Dr. Lilly reported that the Committee reviewed and discussed thirteen physician licensure applications of various types. Based thereupon, the Committee recommended that the following six applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Naoum Baladi, MD	Initial Licensure	Accept Medical Education as Satisfactorily Verified
Christian Chisholm Halloran, MD	Reactivation	None
Alaa Jalell Hamada, MD	Initial Licensure	None
Andrew Joseph Hanly, MD	Initial Licensure	None
Catherine Renee Lewis, MD	Initial Licensure	None
Gul Madison, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee decided to request that the following five applicants appear before the Committee at a subsequent meeting to discuss their applications:

Name	Application Type
Jason Gamez, MD	Initial Licensure
Allen Anderson Lill, Jr., MD	Initial Licensure

Name	Application Type
Leonard Anthony Reynolds, DPM	Reactivation
David Meir Reznick, MD	Initial Licensure
Scott Lynn Shreeve, MD	Initial Licensure

The initial licensure application for Jamil Mahmoud Aljari, MD is on hold pending receipt of additional information.

Additionally, the Committee was notified that Anand Raj Dugar, MD accepted the Consent Order the Board offered in May, and it is currently circulating for signature.

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. A list of the one hundred and forty-six applicants is attached to these minutes as Attachment 1, and is incorporated herein by reference. No conflicts were declared. The Committee recommended that the Board approve one hundred and forty-six applicants for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of three initial applicants for podiatric physician licensure and to advise of any conflicts. A list of the three applicants is attached to these minutes as Attachment 2, and is incorporated herein by reference. No conflicts were declared. The Committee recommended that the Board approve the three podiatric physician applicants for initial podiatric licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that Susan Diane Delman, MD has applied for a Summer Camp Physician license. No conflicts having been declared, the Committee recommended that the Board grant Dr. Delman a Summer Camp Physician license. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received and reviewed communication from the Interstate Medical Licensure Compact Commission concerning Mariela Viera, MD. This physician

was issued a Letter of Qualification from the state of Arizona and was granted compact licenses by several IMLC member states, including West Virginia. Dr. Viera renewed in West Virginia in early May. The IMLCC notified the Board in June that Arizona issued this physician a Letter of Qualification in error, and that Dr. Viera does not meet the eligibility criteria for compact licensure. After reviewing the correspondence and considering how other states who issued Dr. Viera a compact license based upon the erroneous LOQ responded, the Committee recommended that the Board expire Dr. Viera's license, effective at 11:59 pm Monday July 12, 2021, due to her ineligibility. The Committee further recommended that notification of expiration be sent to Dr. Viera at her email address of record as soon as possible after the meeting concludes on Monday. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received and reviewed options for a reinstatement process for IMLC licensees who failed to renew by the deadline and who would like to reinstate licensure within a year of expiration. The IMLC does not have a specific process in place for reinstatement, because this is not a process utilized by all compact member states. After staff consultation with the IMLC, the Committee recommends that the Board adopt the following reinstatement process for physicians who were licensed through the IMLC process and who permitted their license to expire in West Virginia. The process has two pathways, and the physician can select his or her preferred pathway:

1. If the physician wants to opt out of the IMLC process, the physician can submit an initial application for a traditional pathway license to practice medicine and surgery in West Virginia.
2. If the physician wishes to relicense as an IMLC licensee, the physician will:
 - a. Complete a West Virginia IMLC pathway reinstatement application (which is similar to the traditional reinstatement application);
 - b. Pay the reinstatement fee (\$600) directly to the Board; and
 - c. Complete the IMLC renewal application and remit the required IMLC renewal fee directly to the IMLC at which point the IMLC will

confirm to the Board that the physician's West Virginia license has been reinstated with the IMLC.

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that in light of the implementation of SB 372, the Board previously authorized staff to conduct outreach to current medical school faculty and extraordinary circumstances licensees who may now be eligible for a traditional license. That outreach has occurred, and the Board has received inquiries from two licensees who may seek unrestricted licensure through this pathway.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in May and June 2021:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Letters of Qualification Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 3, and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update regarding 2021 licensure renewal as follows:

2021 RENEWAL STATISTICS

Credential Type	Eligible to Renew	Number Renewed	Number Expired	Additional Information

**FINDINGS OF PROBABLE CAUSE TO SUBSTANTIATE CHARGES OF
DISQUALIFICATION UNDER WV CODE §30-3-14**

Dr. Sheth reported that the Complaint Committee made the following findings of probable cause to to substantiate charges of disqualification under W. Va. Code § 30-3-14(c):

Complaint Number	Name
18-145-W	David Elwood Hess, MD
19-15-W	David Elwood Hess, MD
19-27-W	David Elwood Hess, MD

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer six Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Gary Steven DeGuzman, MD	On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. DeGuzman and required him to complete additional CME for failing to adopt, implement and consistently follow universal masking requirements in his medical office during the COVID-19 pandemic and failing to conform his medical office practice with Executive Order 30-20 and the Board's <i>Guidelines and Best Practices for the Safe Resumption of Practice for Board of Medicine Licensees</i> .

Name	Consent Order Details
Phillip Allen Peterson, MD	On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded him for the conduct that formed the basis of his Plea Agreement in the matter of United States of America v. Phillip A. Peterson, Criminal Action No. 1:19-cr-00054 and for having action taken against his Virginia medical license.
Tonya Kim Powers, MD	On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded her based upon having action taken against her Virginia medical license, and for the conduct that formed the basis of the discipline imposed by the Virginia Board of Medicine.
Frederick Adolph Reichle, MD	On June 2, 2021, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Reichle permanently ineligible for licensure by the West Virginia Board of Medicine.
Kristopher Kuksu Yoon, MD	On May 21, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

All Consent Orders are available on the Board's website.

Dr. Sheth identified the next order of business as an update regarding its monitoring of the Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD, Complaint No. 14-89-S*, and requested that any conflicts be declared. Dr. Faheem, who participated in the underlying public hearing, declared a conflict and left the meeting at this time.

Dr. Sheth reported that the Board's determination at its June 11, 2021 Special Meeting was communicated to Dr. Hasan. The licensee submitted a new request on July

6, 2021, which the Committee reviewed yesterday. The Committee has directed a response to the licensee seeking clarification and additional information so that the new request may be properly evaluated. Dr. Sheth notified the Board that it will continue to provide updates on this matter, as appropriate.

Dr. Faheem rejoined the meeting at this time.

Dr. Sheth reported that the Complaint Committee had one additional matter to report which requires Board action. Dr. Sheth asked if there were any conflicts with respect to the matter of *West Virginia Board of Medicine v. Zouhair Mohamad Wadih Kabbara, MD, in Complaint No. 19-114-W*. No conflicts having been declared, Dr. Sheth reminded members that on September 16, 2020, the Board summarily suspended the medical license of Zouhair Mohamad Wadih Kabbara, MD, license number 26464. In accordance with W. Va. Code § 30-3-14(k), the Order of Summary Suspension simultaneously issued a notice of hearing to Dr. Kabbara, instituting proceedings to convene a hearing on September 30, 2020. The complaint involved serious allegations of sexual misconduct against Dr. Kabbara by multiple individuals. In advance of the hearing upon his summary suspension, Dr. Kabbara requested, and was granted a continuance of the proceedings, which were ultimately rescheduled for June of 2021.

Dr. Sheth reported that shortly before the hearing date, the parties reached a tentative resolution for the Board's consideration. The Complaint Committee recommends that the Board ratify a proposed Consent Order which would resolve this matter in lieu of proceeding to a disciplinary hearing. The proposed Consent Order would impose the following terms:

1. Dr. Kabbara's West Virginia medical license, License No. 26464, is subject to revocation for a period of five years, and shall remain in effect until it is lifted or otherwise modified pursuant to a subsequent Order issued by the Board.
2. After Dr. Kabbara's West Virginia medical license has been in revoked status for five years, he may petition the Board for reinstatement of licensure. In advance of any petition to modify or

lift the terms of the Consent Order, Dr. Kabbara shall undergo, at his own expense, an assessment and evaluation by a qualified, Board-approved provider or program. The evaluation and assessment must consider Dr. Kabbara's current fitness to practice medicine and surgery and include a psychosexual evaluation component. The psychosexual evaluation and assessment cannot be conducted any earlier than six months before the completion of his five-year revocation period.

3. Prior to his psychosexual evaluation, Dr. Kabbara shall obtain Board approval of the proposed evaluator and shall execute all necessary authorizations, releases and written consent forms necessary to permit the open communication and sharing of information between the Board and the Board-approved evaluator(s) regarding:
 - a. the facts and circumstances which form the basis of Second Amended Complaint No. 19-114-W and the *Order of Summary Suspension* including all related documentation;
 - b. the assessment and evaluation of Dr. Kabbara's fitness to practice, including a psychosexual evaluation;
 - c. all reports, treatment and recommendations of the evaluator(s) and;
 - d. all documents and information obtained by the evaluator(s) in association with the psychosexual assessment and evaluation of Dr. Kabbara. Failure to provide such consent sufficiently in advance of evaluation as to permit meaningful communication between the Board and the evaluator(s), or the subsequent revocation of such consent, shall constitute a material violation of this Consent Order.
4. The Board shall not consider lifting or otherwise modifying the revocation of Dr. Kabbara's West Virginia medical license until Dr. Kabbara makes a written request that his revocation be modified and/or lifted, all of the following conditions are met:

- a. Dr. Kabbara has completed the five-year revocation period imposed by this Order;
- b. Dr. Kabbara has completed an assessment and evaluation, including a psychosexual evaluation, by a qualified provider that has been pre-approved by the Board, and provides satisfactory proof to the Board that:
 - i. The evaluation concludes that Dr. Kabbara is fit to return to the practice of medicine; and
 - ii. The evaluation concludes that Dr. Kabbara is not a risk to patient or public safety if he would return to practice;
- c. Dr. Kabbara provides satisfactory proof to the Board that he is able to competently and safely re-enter the practice of medicine and surgery after his five-year absence, which may be satisfied by:
 - i. Successful completion of the Special Purpose Examination (“SPEX”) offered by the Federation of State Medical Boards and the National Board of Medical Examiners no earlier than six months preceding the completion of his five-year revocation period (i.e. no earlier than 4.5 years after the date of entry of this Consent Order); or
 - ii. If deemed appropriate by a fitness for duty assessment by a Board-approved, nationally recognized re-entry to practice program, conducted no earlier than six months preceding the completion of his five-year revocation period; and
- d. Dr. Kabbara appears in-person before the Complaint Committee at a regularly scheduled meeting in support of his request to modify and/or lift the revocation of his licensee to

discuss his progress, well-being and plans for his re-entry
into the practice of medicine in West Virginia.

The Committee recommended that the Board accept and ratify the report of the Complaint Committee. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Rev. Harman moved that the meeting adjourn. Ms. Mayfield seconded the motion, and the motion carried.

CALL TO
ORDER

Dr. Sheth reported that the Complaint Committee met on August 6, 2021, and considered correspondence from the licensee in association with the Board's Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD*, Case No. 14-89-S. Dr. Sheth asked that if any Board members have a conflict with regard to this physician or this case, that they declare the conflict at this time. No conflicts were declared by the members participating in the meeting.

COMPLAINT
COMMITTEE
REPORT

Based upon the Committee's evaluation of all the information presented, the Committee recommended that the Board:

1. Approve Dr. Hasan to attend both identified Physician Assessment and Clinical Education (PACE) programs, at his own expense, with the following provisos and conditions:

a. Advise Dr. Hasan that the PACE Fitness for Duty is most relevant to Dr. Hasan's circumstances, and that the PACE Competency Assessment is not of particular interest to the Board because it is not directly relevant to the issues in the underlying case. Provided, if PACE requires the Competency Assessment in addition to the Fitness for Duty Evaluation, or if Dr. Hasan chooses to do both, the Board supports his participation in both programs.

b. Dr. Hasan must identify the Board as the referring entity on his PACE applications and list Mark Spangler as the Board's point of contact.

c. Dr. Hasan must execute all necessary releases to permit PACE and the Board to disclose/release/exchange information.

d. Dr. Hasan must execute all necessary releases to allow Pine Grove to provide full medical record directly to PACE and to allow the Professional Renewal Center to provide its Report directly to PACE.

e. Dr. Hasan must cause PACE to notify the Board ahead of time of his PACE pre-screening/assessment and evaluation dates and provide proof to the Board of his participation in such within 10 days thereafter.

2. Further, in the Board's correspondence to Dr. Hasan, the Board should make him aware that for it to consider modifying and/or lifting his suspension, PACE must conclude, at a minimum, that he is fit to return to practice and that patient safety would not be jeopardized by his return. Additionally, Dr. Hasan should be notified that in the event PACE recommends any practice restrictions, conditions, limitations or further treatment in association with, or before his return to practice, the Board may strongly consider and require his compliance with such.

The Committee respectfully moved that the Board accept the Committee's recommendation and ratify its report. The motion of the Committee was given by Dr. Sheth, and the motion carried with no votes in opposition.

There being no further business to consider, the meeting adjourned by consensus.

Melissa D. Cross
Greg S. Foster, Esq.
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

P. Bradley Hall, MD

Dr. Challa called the meeting to order, and attendance was documented by Ms. Cross.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

Dr. Challa announced that it was a pleasure for the Board to meet in person in July; however, due to rising COVID-19 cases in the state the Board had to meet via virtual platform this month. He thanked all Board members and staff for their flexibility during this meeting cycle.

In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked members to mute their microphone when not speaking.

Dr. Challa reported that effective August 27, 2021, Angela Scholl resigned from her position as a licensure analyst for the Board. On behalf of the Board, Dr. Challa expressed his appreciation of Ms. Scholl's service and reported that the Board wishes Ms. Scholl the best in her future endeavors. Dr. Challa further reported that the licensure position formally held by Ms. Scholl has been restructured, and that Thomas M. McCall, former physician assistant analyst, has accepted the restructured position.

Dr. Challa congratulated Mr. Spangler on his appointment as Vice-President of Administrators in Medicine, the national organization for state medical and osteopathic board executives. This group is instrumental in sponsoring key educational programs for licensure analysts and the certification program for medical board investigators. Mr. Spangler has also accepted a nomination to be considered for the position of Chair of the Interstate Medical Licensure Compact Commission.

Dr. Rahim moved that the Board's July 12, 2021 meeting minutes be approved. Ms. Takubo seconded the motion, and the motion carried. Dr. Rahim moved that the Board's August 9, 2021 meeting minutes be approved. Mr. Wooton seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their hard work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that due to an unexpected family emergency involving her son, the Board's Executive Administrative Assistant, Jamie Frame, has been out of the office since August 24, 2021. He provided an update regarding her son's condition and reported that Ms. Frame has expressed her appreciation for the thoughts, prayers and support she and her family have received from Board members and staff. Mr. Spangler thanked the Board's Technical Writer/Administrative Assistant, Melissa Cross, for the assistance she has provided during Mr. Frame's absence.

Mr. Spangler reported that that last strategic planning meeting was held in 2019. The implementation of some of the Board's 2019 goals and objectives have been delayed as a result of the COVID-19 pandemic. However, other goals and objectives have been accomplished, such as continuing to build relationships with other healthcare-related boards and associations and pursuing opportunities for board members and/or staff members to several on a regional or nation group devoted to the oversight of health professionals. Currently Andrew R. Wessels serves on the Journal of Medical Regulation Editorial Board, Reverend Janet Harman is a member of the Federation of State Medical Boards Ethics and Professionalism Committee, and Mr. Spangler is Chair of the Interstate Medical Licensure Compact Commission Communications Committee. The Board will continue to keep the goals and objectives of the 2019 Strategic Plan in mind as we strive toward a post-pandemic future. Regrettably, due to the increasing surge in COVID-19 cases in the state, the Board will not hold a strategic planning session in 2021.

Dr. Challa reported that the Executive/Management Committee met yesterday, September 12, 2021, at which time the Committee reviewed and accepted the fiscal report and purchasing card transactions for July and August 2021. The Board continues to remain in a good financial position.

Dr. Challa reported that the Committee received an update regarding the following litigation matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*
- *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* is currently at trial. Mr. Spangler has been issued a witness subpoena.

Additionally, Dr. Challa reported that the West Virginia Attorney General's Office is representing the interest of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel.

Dr. Challa reported that the West Virginia Performance Review Act requires a review of each regulatory board at least once every twelve years. Earlier this month, members of the West Virginia Legislature's Performance Evaluation and Review Division (PERD) met with Board of Medicine staff to conduct an entrance conference. At the conference, Board staff provided the PERD auditors with a letter and a thumb drive which contained a voluminous amount of information that was requested by PERD in advance of the meeting. PERD reviews can take up to a year to complete but may conclude more swiftly. It is possible that the Board's review will conclude by the end of the year.

Dr. Challa reported that the Committee reviewed and considered correspondence inquiring whether the Board has a position on the co-prescribing of naloxone in conjunction with all narcotic prescriptions. It was reported that the West Virginia Board of Pharmacy has developed a policy in favor of co-prescribing naloxone in conjunction with narcotic prescriptions. The Committee directed Board staff to gather additional information regarding co-prescribing naloxone in conjunction with all narcotic prescriptions and to determine if there is a West Virginia Board of Pharmacy policy on this issue. The Committee will revisit this inquiry at the November 2021 meeting.

Dr. Challa reported that the Board's current database vendor, Big Picture, has begun modifying the Board's website and database to conform with the legislative changes enacted this year.

Dr. Challa reported that Board staff continue to participate in the HALO Project Workgroup. This substance use disorder referral project aims to get individuals who are suffering from substance use disorder into treatment more quickly. There is a meeting next week focused on identifying five or six primary care physicians in Kanawha County to participate in the pilot project.

Dr. Challa reported that the Committee reviewed correspondence that was received regarding radiology assistants. Earlier this year, the Committee considered correspondence regarding radiology assistants and elected not to seek a modification to the Board's legislative rule, W. Va. Code R §11-9-1 *et. seq, Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiology Assistants*. No action was taken at yesterday's meeting regarding this agenda item.

Dr. Challa reported that the licensure unit previously consisted of one analyst dedicated to physician assistants and two analysts who processed physician and podiatric physician applications. To promote cross-coverage and to distribute workload more evenly, the licensure unit has been restructured. Moving forward, all three analyst positions will process applications across all profession types. Additionally, Board staff have submitted

a request to the Governor's office to add a fourth licensure analyst position to assist with the increased workload resulting from the addition of educational permits, emergency registrations and interstate telehealth registrations.

Dr. Challa reported that the lease for the Board's office space is up in December of this year. Board staff are working with the West Virginia Department of Administration's Real Estate Division to negotiate the terms of a new lease agreement.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met on July 29, 2021 and September 12, 2021. At its July 29, 2021 meeting, the Committee reviewed and considered comments that the Board received regarding the following eight legislative rules:

LEGISLATIVE
COMMITTEE
REPORT

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*

- W.Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*

After careful consideration of the comments received, the Committee authorized Board staff to file the agency approved version of the rules with the West Virginia Secretary of State's Office. Yesterday, Mr. Spangler reported that the agency-approved rules were filed and are scheduled to be considered by the Legislative Rule Making Review Committee on Wednesday, September 15, 2021, after which technical amendments and substantive modifications may need to be made to some of the proposed rules.

Dr. Rahim reported that members of the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy met with legislative staff to discuss the Board's joint rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. Board of Medicine staff have reached out to the Board of Pharmacy regarding this matter and are awaiting a response. Board staff will continue to monitor this issue to ensure appropriate Board of Medicine input on any proposed legislative changes.

Dr. Rahim reported that at the July 29, 2021 meeting, the Committee approved seeking re-introduction of a bill which would permit Board of Medicine investigators to carry a concealed weapon in the course of their professional duties. During the meeting yesterday, September 12, 2021, Mr. Spangler reported that he has had discussions with legislators regarding re-introduction of the said bill and has been directed to provide the bill language to legislative staff for introduction during the 2022 legislative session.

Prior to today's meeting, a copy of a proposed bill which would eliminate one podiatric physician seat on the Board and reduce board composition from sixteen members to fifteen members, was made available for members to review. Dr. Rahim reported that at the July 29, 2021 meeting, the Committee had a lengthy discussion regarding board composition and proportionality of representation. The Board currently licenses 7680 physicians who hold eight seats on the Board, 1124 physician assistants who hold two seats

on the Board and 126 podiatric physicians who hold two seats on the Board. The Committee recommend that the Board approve the proposed bill and pursue legislative action to reduce the number of board members to fifteen by eliminating one podiatric physician seat from the Board. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that as a result of changes to the physician assistant prescribing authority implemented by Senate Bill 714, it may be appropriate to review the Opioid Reduction Act to determine if legislative changes are needed. The Committee directed board staff to review the Opioid Reduction Act and to report back to the Committee at a future meeting regarding whether modifications are needed.

Dr. Rahim reported that the Board's Physician Sexual Misconduct Workgroup was established after the Federation of State Medical Boards issued a report on sexual misconduct. It is anticipated that the Workgroup will meet in the near future. The Legislative Committee invites the Workgroup to submit any proposed legislative changes it recommends in advance of the Committee's November 2021 meeting.

Dr. Rahim reported that the Legislative Committee understands that other Committees of the Board may have insight into possible topics for legislative consideration during the 2022 legislative session. The Legislative Committee anticipates completing its recommended slate of legislative goals in November 2021 and invites Committees of the Board to forward any recommendations with respect to possible 2022 legislative goals to the Committee prior to the November 7, 2021 meeting.

Dr. Rahim reported that the Legislative Committee may receive a formal request from the Licensure Committee to consider establishing an administrative license at its November 2021 meeting.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there is a hearing scheduled to convene on September 21-24, 2021.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene in October 2021; however, this matter has been continued and will be rescheduled.

Mr. Foster reported that Board staff are in the process of drafting Complaints and Notices of Hearing in four matters.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, September 11, 2021. Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following forty-two applicants be approved for initial physician assistant licensure:

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that in July and August 2021, Board staff activated the following number of practice notifications:

Month	Practice Notifications	
	Activated	
	West Virginia Licensees	Emergency Registrants
July	19	0
August	36	0

Ms. Takubo reported that Board staff processed the following reinstatement of licensure applications in July and August 2021:

Licensee Name	License No.	Reinstatement Date
Michael Paul Riddle, PA	1076	July 21, 2021
Licensee Name	License No.	Reinstatement Date
Aaron Michael Amburgey, PA	1239	August 12, 2021
Christopher Engley Carter, PA	730	August 23, 2021

Ms. Takubo reported that Board staff processed the following reactivation of licensure applications in July and August 2021:

Licensee Name	License No.	Reinstatement Date
Jacqueline Leigh Walker, PA	1018	July 26, 2021
Valarie L. Monico, PA	1572	August 4, 2021

Ms. Takubo reported that since implementation of the Board's emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 133 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met on Saturday, September 11, 2021.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that on July 12, 2021, Anand Raj Dugar, MD and the Board entered into a Consent Order which issued Dr. Dugar a medical license and restricted his

practice in West Virginia to administrative medicine. A copy of the Consent Order is available on the Board's website.

Dr. Lilly reported that five scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure applications. Based thereupon, the Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Jason Gamez, MD	Initial Licensure	None
Scott Lynn Shreeve, MD	Initial Licensure	None
David Meir Reznick, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee elected to place the following physician licensure application and podiatric physician licensure application on hold pending additional information:

Name	Application Type
Allen Anderson Lill, Jr., MD	Initial Licensure
Leonard Anthony Reynolds, DPM	Reactivation of Licensure

Dr. Lilly reported that the Committee reviewed and discussed eleven physician licensure applications. Based thereupon, the Committee recommended that the following nine applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Jamil Mahmoud Aljari, MD	Initial Licensure	Approve medical school and post graduate training as satisfactorily verified
Ruthie Shannon Cooper, MD	Change of Status	Grant change of status to active status via Consent Order which imposes a \$500 fine for failure to complete the required 3-hours of Board-approved CME in drug diversion training and best practice prescribing of controlled substances training within the required time period The status change will be active after execution of the Consent Order and upon payment of the administrative fine
George Adel Cortas, MD	Change of Status	None
Adaiah Abumeze Ezekiel, MD	Initial Licensure	Consent Order restricting practice to non-surgical gynecology and obstetrics and permitting the physician to submit a plan of re-entry if she seeks to lift the restrictions in the future
Muhammad Mohsin Fareed, MD	Initial Licensure	None
Roberto Carlos Lopez Solis, MD	Initial Licensure	None
Ashima Saini, MD	Initial Licensure	None
Andres Jose Jadue Tobar, MD	Initial Licensure	None
Zion Zibly, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee decided to request that David Samuel Dinello, MD appear before the Committee at a subsequent meeting to discuss his application.

The initial licensure application for Nancy Jean Shannon, MD is on hold pending receipt of additional information.

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the ninety-six applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve ninety-six applicants for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that Dustin Quinn Peterson, DPM has applied for initial podiatric physician licensure. Dr. Lilly asked Board members to advise of any conflicts. No conflicts were declared. Dr. Lilly recommended that the Board grant Dr. Peterson an initial podiatric license. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the United States Medical Licensing Examination (USMLE) new attempt limit policy went into effect in July of this year. As a result, the examination attempt limit for each of the three steps was reduced from six attempts per step to four attempts per step. However, the USMLE will accept requests from licensing boards to allow a physician one extra attempt. The Board has received three separate requests from physicians seeking sponsorship for additional test attempts. The Committee determined that as the current legislative rule, and the proposed amendments to the rule, align the attempt limits for West Virginia licensure with the attempt limits permitted by the USMLE, the Committee will not sponsor additional test attempts.

Dr. Lilly reported that the Committee reviewed and considered correspondence from a medical school faculty licensee interested in applying for unrestricted licensure and seeking information regarding the Board's willingness to waive the West Virginia Board of Medicine statutory medical licensing examination eligibility requirement which requires completion of all three component parts of the USMLE within ten consecutive years. The

Committee directed staff to correspond with the applicant regarding his prior inquiry on this issue, and the Board's consistent practice of complying with this statutory requirement.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in July and August 2021:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 2 and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update regarding revised 2021 renewal statistics. Prior to today's meeting, a copy of a revised 2021 renewal statistic chart was made available for members to review. A copy of the chart is attached to these minutes as Attachment 3 and is incorporated herein by reference.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee, which met yesterday, Sunday, September 12, 2021.

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer seven Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Amber Marie Allen, DPM	On July 19, 2021, Dr. Allen entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion CME during the Board's CME audit.
Frederick William Barker, MD	On July 23, 2021, Dr. Barker entered into a Consent Order with the Board that requires him to successfully complete PBI Education's <i>Medical Record Keeping (MR-17 Extended Edition)</i> for concerns raised by an independent reviewer regarding his treatment and lack of documentation concerning four patients. Dr. Barker is also subject to a medical record audit one year from the completion of the CME course.
Eston Robert Caldwell, III, MD	On July 20, 2021, Dr. Caldwell entered into a Consent Order with the Board that publicly reprimanded Dr. Caldwell and fined him \$500.00 for the conduct which formed the basis of the disciplinary action taken by the Virginia Board of Medicine and for his inaccurate and/or fraudulent responses on his February 2020 initial West Virginia licensure application and September 2020 licensure renewal application.
Hanibal Mahdi, MD	On August 19, 2021, Dr. Mahdi entered into a Consent Order with the Board that publicly reprimanded Dr. Mahdi and fined him \$2,000.00 for treating patients via telemedicine without first establishing a physician-patient relationship in accordance with West Virginia law.
Richard John Mailloux, MD	On July 23, 2021, Dr. Mailloux entered into a Consent Order with the Board that imposed a \$800.00 fine for his failure to produce documentation of his timely completion of 8 of the 50 hours of the required CME during the Board's CME audit.

Oluyemisi Reuben Sangodeyi, MD	On August 6, 2021, DR. Sangodeyi entered into a Consent Order that publicly reprimanded him for failing to provide appropriate medical care to a patient, including failing to ensure proper post-operative coverage of the patient while he was unavailable.
Thomas Joseph Schmitt, MD	On July 20, 2021, Dr. Schmitt entered into a Consent Order with the Board that permanently prohibits him from prescribing, ordering, administering or dispensing any controlled substances pursuant to his West Virginia medical license.
Michael Curtis Shockley, MD	On July 20, 2021, Dr. Shockley entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.
Kevin Sanford Smith, MD	On August 6, 2021, Dr. Smith entered into a Consent Order with the Board that placed his license on a probationary status for a period of three years, with specific terms and conditions. Probation was imposed reciprocally for the conduct which formed the basis of the Medical Board of California's November 16, 2020 Decision and Order imposing discipline on Dr. Smith's California medical license.

All Consent Orders are available on the Board's website.

The Complaint Committee recommended that the Board terminate the Consent Orders in the following matters based upon the licensees' satisfactory completion of all terms and conditions in the Consent Orders:

Name	Complaint Number
Brenna Leigh Steinberg, DPM	20-22-W
Yenisey Yanes, DPM	20-24-W

The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that the next order of business relates to Sriramloo Kesari, MD. Dr. Sheth asked that if any member needs to declare a conflict to please do so at this time. Dr. Challa declared a conflict as he and Dr. Kesari are personal friends. Dr. Challa left the meeting at this time.

Dr. Sheth reported that on September 12, 2021, the Complaint Committee reviewed certified court records regarding licensee Sriramloo Kesari, MD in association with an ongoing matter. The Committee referred the records it received concerning Dr. Kesari to the Board for review and possible action pursuant to West Virginia Code § 30-3-14(d). Dr. Sheth asked Mr. Foster to present this matter to the Board. Mr. Foster provided an overview of this matter.

On February 12, 2020, Dr. Kesari, through counsel, filed an Unopposed Motion for Indefinite Continuance of the February 20, 2020 hearing date, requesting that the Board's hearing be continued pending final resolution of Dr. Kesari's criminal proceeding. The Hearing Examiner granted Dr. Kesari's motion and continued the hearing indefinitely pending resolution of criminal proceeding against Dr. Kesari. Dr. Kesari's license remained suspended while the hearing was continued.

On May 18, 2021, a jury trial convened before the Honorable Senior Judge John T. Copenhaver, Jr. in the United States District Court for the Southern District of West Virginia upon the criminal charges levied against Dr. Kesari. The jury returned its verdict on May 27, 2021 and found Dr. Kesari guilty of Count Thirteen in the Second Superseding Indictment. Dr. Kesari was acquitted of all other charges. Specifically, the jury found Dr. Kesari guilty of one felony count of unlawfully distributing suboxone, a Schedule III controlled substance, on February 21, 2019, without a legitimate medical purpose and outside the usual course of professional practice, in violation of 21 U.S.C. § 841(a)(1). A certified copy of the Jury Verdict was made available to Board members for review.

A proposed Order of Revocation was presented to the Board for consideration. Dr. Rahim moved that the Board adopt the proposed Order and therefore find:

a. The Board had received sufficient proof, pursuant to W. Va. Code § 30-3-14(d), that Dr. Kesari has been found guilty in a court of competent jurisdiction of one felony count of unlawfully distributing suboxone, a Schedule III controlled substance, in violation of 21 U.S.C. § 841(a)(1);

b. That Dr. Kesari was therefore convicted of a felony involving prescribing, selling, administering, dispensing, mixing or otherwise preparing a prescription drug, including a controlled substance under state or federal law, for other than generally accepted therapeutic purposes; and

c. Pursuant to West Virginia Code § 30-3-14(d), that the license to practice medicine and surgery of Dr. Kesari, License No. 12006, be REVOKED effective upon entry of an Order of Revocation.

Dr. Amjad seconded the motion, and the motion carried.

Dr. Challa rejoined the meeting at this time. Additionally, Dr. Faheem joined the meeting at this time.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Mr. Wooton seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

November 8, 2021

The West Virginia Board of Medicine met via GoToMeeting at 9:00 am on November 8, 2021.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management
Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Mustafa Rahim, MD, Legislative Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Sara J. Fields
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

P. Bradley Hall, MD

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked members to mute his/her microphone when not speaking.

Dr. Challa introduced and welcomed Sara J. Fields, who will serve as a licensure analyst for the Board. The Board looks forward to working with Ms. Fields.

Dr. Challa announced that former West Virginia State Health Officer and Secretary of the Board of Medicine, Rahul Gupta, MD, MPH, was recently appointed and confirmed as the nation's Director of the office of the National Drug Control Policy (Drug Czar). Dr. Gupta is the first physician to be appointed to this position.

Dr. Sheth moved that the Board's September 13, 2021 meeting minutes be approved. Ms. Takubo seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Ms. Fields left the meeting at this time.

Mr. Spangler thanked Board members and staff for their hard work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that next week he will be attending the Interstate Medical Licensure Compact Commission Conference in Denver, Colorado.

Dr. Challa reported that the Executive/Management Committee met yesterday, November 7, 2021, at which time the Committee reviewed and accepted the amended fiscal report and purchasing card transactions for the months of July and August 2021. Additionally, the Committee reviewed and accepted the fiscal report and purchasing card transactions for the months of September and October 2021. The Board continues to remain in a good financial position.

Dr. Challa reported that the Committee reviewed the proposed schedule of 2022 board meeting dates. The Committee recommended that the following 2022 board meeting dates be approved:

January 10, 2022
March 14, 2022
May 16, 2022
July 11, 2022
September 12, 2022
November 14, 2022

The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Committee received an update regarding the following litigation matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine*
- Mass Litigation Panel Opioid Litigation

Dr. Challa reported that the Committee reviewed and considered correspondence regarding its position on the co-prescribing of naloxone in conjunction with all narcotic prescriptions. In lieu of developing a formal position statement, an article regarding this subject will be published in the upcoming Board of Medicine Newsletter.

Dr. Challa reported that the American Academy of Physician Assistants (AAPA) has requested that the Board support changing the term “physician assistant” to “physician associate”. Inasmuch as the AAPAs support for the proposed name change is a very recent development, and since the American Medical Association has raised concerns that changing the professional name would be confusing for patients, the Committee elected not to support the proposed name change at this time.

Dr. Challa reported that the West Virginia Office of Technology is requiring state agencies to transition from Microsoft to Google. Thus far, Board staff have transitioned from Microsoft Outlook to Google Mail. Prior to July 2022, state agencies are required to transition from Microsoft products (Word and Excel) to Google products (Docs and Sheets). Agencies who anticipate issues in transitioning from Microsoft to Google products are encouraged to submit a Business Impact Assessment, which identifies the agencies concerns. Board staff are in the process of completing an officewide assessment to identify areas of concern.

Dr. Challa reported that the West Virginia Legislature’s Performance Evaluation and Review Division (PERD) audit of the Board remains ongoing. To date, Board staff have provided all information and documentation that has been requested of the Board in association with the audit. Board staff have been notified that PERD auditors will be requesting information relating to complaints. The request itself has not yet been received.

Dr. Faheem joined the meeting at this time.

Dr. Challa reported that Board staff continue to participate in the HALO Project Workgroup. Representatives of the entities involved in the HALO Project Workgroup met in September; however, no action was taken during the September meeting. Board staff will continue to participate in this project and will keep the Committee and Board updated.

Dr. Challa reported that Board staff continue to work with the West Virginia Department of Administration's Real Estate Division and the Board's landlord in negotiating a new lease agreement.

Dr. Challa reported that the Board's COVID-19 office protocols remain in place.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

In Dr. Rahim's absence, Dr. Challa chaired the November 7, 2021 Legislative Committee meeting and provided today's report.

LEGISLATIVE
COMMITTEE
REPORT

- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W.Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*

Board staff have filed the above rules with the West Virginia Secretary of State's Office for consideration during the 2022 legislative session.

Dr. Challa reported that W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, has not yet been considered by the Legislative Rule-Making Review Committee. Board staff have been informed that there is some opposition to the requirement that a provider verify that a patient has visited an in-person health care practitioner within twelve months of the initial telehealth service, even though there are broad exceptions to this requirement. The Legislative Rule-Making Review Committee will consider this rule at a later date. The Legislative Committee is committed to supporting the current version of this rule.

Dr. Challa reported that Board staff continue to engage with legislators, legislative staff, the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy concerning collaborative pharmacy practice, which is currently proscribed by statute and the Board's joint rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. The bill proposed by the Board of Pharmacy removes the informed consent requirement, expands the role of pharmacists to "perform patient evaluations" and eliminates the Board of Medicine's and the Board of Osteopathic Medicine's role in approving collaborative agreements. Following discussion, the Committee opposed the statutory changes proposed by the Board of Pharmacy as presented.

At its September 2021 meeting, the Committee directed Board staff to review the Opioid Reduction Act to determine whether modifications are needed as a result of the changes to the physician assistant prescribing authority implemented by Senate Bill 714. Dr. Challa reported that Board staff have reviewed the Opioid Reduction Act and have determined that no modifications are needed as a result of Senate Bill 714.

Dr. Challa reported that the Board's Physician Sexual Misconduct Workgroup met on October 18, 2021. The Workgroup recommended that the Legislative Committee modify the West Virginia Medical Practice Act by:

- Modifying the existing language in 30-3-14(c)(8) to include a prohibition on sexual misconduct with rulemaking authority to the Board to define sexual misconduct.
- Incorporating a robust duty to report requirement with consequences for failure to report and protection for good faith reporters.
- Incorporating a prohibition on licensure and practice in West Virginia when a pending unprofessional conduct matter exists in another state that, if proven, would also constitute unprofessional conduct in this state until after the pending matter is resolved.

The Committee accepted the Workgroup's recommendations and authorized Board staff to begin drafting proposed legislation.

Dr. Challa reported that the Licensure Committee met on November 6, 2021 and requested that the Legislative Committee pursue legislation to create a licensing pathway for physicians who seek to practice administrative medicine in West Virginia without utilizing the Consent Order process. The Legislative Committee authorized Board staff to draft proposed legislation which establishes a new pathway to licensure which includes a clear delineation between administrative practice and clinical practice.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Mr. Foster reported that a hearing convened on September 21-23, 2021. This matter is currently going through the post-hearing process and will be ripe for the Board's consideration at a future meeting.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene in October 2021; however, at the request of the licensee, this matter has been rescheduled and is now scheduled to convene in June 2022.

Mr. Foster reported that Board staff are preparing to serve a Complaint and Notice of Hearing. It is anticipated that the hearing in this matter will convene in January 2022.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in one matter.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, November 6, 2021.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following twenty-seven applicants be approved for initial physician assistant licensure:

Micaela Grayson Barreda, PA
Dakota Benjamin Brooker, PA

Maria Jeffervescent Matining Caparas, PA
Mary Grace DePrimio, PA
Amanda Christine Driscoll, PA
Lindsay Lugo Eggen, PA
Catherine Elizabeth Ensinger, PA
Kaitlyn Jean Graham, PA
Paige LouAnn Gribble, PA
Megan Nicole Hughes, PA
Maria Catherine Jinyao Kuehn, PA
Kayla Nicole Lester, PA
Erica Katelyn Lettow, PA
Mallory Ryan Litton, PA
Stephanie Rae Mabie, PA
Karla Kanongata'a Mataele, PA
Jessica Lynn May, PA
Heyward Cruce McDaniel, PA
Benjamin Garland Miller, PA
Amy Morgan Powell, PA
Catherine Maxine Powers, PA
Jenna Elizabeth Runchey, PA
Amy Eve Schwartzbaum, PA
Kami Sue Sisson, PA

Matthew Taylor Vero, PA
Jason Kevin West, PA
Alison Rac Williams, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that Aaron Everett Bailey, PA, license number 1969, has applied for reactivation of physician assistant licensure. The Committee recommended that Mr. Bailey's application for reactivation of physician assistant licensure be approved. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee elected to request that applicant Eric Dean Travis appear before the Committee at a subsequent meeting to discuss his application.

Ms. Takubo reported that in September and October 2021, Board staff activated the following number of practice notifications:

Month	Practice Notifications	
	Activated	
	West Virginia Licensees	Emergency Registrants
September	58	0
October	42	0

Ms. Takubo reported that no reinstatement of licensure applications and no reactivation of licensure application were processed in September or October 2021.

Ms. Takubo reported that since implementation of the Board's emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board

staff have registered a total of 135 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met on Saturday, November 6, 2021.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that on October 28, 2021, Ruthie Shannon Cooper, MD and the Board entered into a Consent Order which granted Dr. Cooper's application to change the status of her West Virginia medical license from inactive status to active status and imposed a \$500 fine against Dr. Cooper related to a continuing medical education deficiency for the reporting period of July 1, 2018 through September 30, 2020. A copy of this Consent Order is available on the Board's website.

Dr. Lilly reported that David Samuel Dinello, MD appeared before the Committee via GoToMeeting to discuss his licensure application. The Committee recommended that Dr. Dinello be granted an initial medical license to practice medicine and surgery in West Virginia. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee reviewed and discussed fourteen physician licensure applications and one podiatric physician licensure application. Based thereupon, the Committee recommended that the following ten applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Khalid Abozguia, MD	Initial Licensure	Convert restricted license in extraordinary circumstance to a full medical license.
Landon Shay Edwards, MD	Initial Licensure	None
Sabir Hussain, MD	Initial Licensure	None
Allen Andrew Lill, Jr., MD	Initial Licensure	None
Colin Timothy McDonald, MD	Initial Licensure	None
Ashar Niaz Rana, MD	Initial Licensure	None
Amit Singla, MD	Initial Licensure	None
Hassan Taan, MD	Initial Licensure	None
Halil Safak Uygur, MD	Initial Licensure	None
William Francis Dunleavy, DPM	Initial Licensure	Accept licensing examination as satisfactorily verified by the Pennsylvania Board

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Nancy Jean Shannon, MD submitted a request to withdraw her initial application for medical licensure. The Committee recommended that the Board accept Dr. Shannon's request to withdraw her application. The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their application:

Name	Application Type
Feras Ghosheh, MD	Initial Licensure
Barry Pohsiang Huang, MD	Initial Licensure

The Committee elected to place the following applications for licensure on hold pending receipt of additional information:

Name	Application Type
Adaiah Abumeze Ezekiel, MD	Initial Licensure
Leonard Anthony Reynolds, DPM	Reactivation of Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the seventy-five applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve the seventy-five applicants for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the two applicants for initial podiatric medical licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference. The Committee recommend that the Board approve the two applicants for initial podiatric medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee regularly evaluates applications from physician applicants who have been out of clinical practice for several years for a variety of reasons. Most commonly, the applicant has self-limited their practice to administrative medicine. Currently, the Board's only pathway to license applicants and limit practice to administrative medicine is through a Consent Order process, which can create collateral consequences in other states. The Committee has referred this issue to the Legislative Committee and requested that the Legislative Committee pursue legislation to create a licensing pathway for physicians who seek to practice administrative medicine in West Virginia without utilizing the Consent Order process.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in September and October 2021:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Medical Licensure
Reactivation of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports are attached to these minutes as Attachment 3 and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update regarding 2021 Interstate Medical Licensure Compact renewal. Interstate Medical Licensure Compact renewal is a multistep process. Nineteen of one hundred sixty-eight renewing physicians were referred to the Complaint Committee for failing to complete the West Virginia specific forms despite multiple requests.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee, which met on October 14, 2021 and again yesterday, Sunday, November 7, 2021.

Dr. Sheth reported that the Complaint Committee has identified one matter in which the Committee believes resolution via Consent Order is proper. The matter relates to licensee Mark W. Allen, MD. Dr. Sheth asked that if any member needs to declare a conflict to please do so at this time. No conflicts were declared. Dr. Sheth reported that due to the time-sensitive nature of this matter, as it relates to professional conduct and practice during the COVID-19 pandemic, the Committee has obtained the licensee's tentative agreement to the proposed resolution. Prior to today's meeting, a copy of the proposed Consent Order in this matter was made available for members to review. The Committee recommended that the Board ratify and approve the proposed Consent Order. The motion of the Committee was given by Dr. Sheth, and the motion carried with no opposition.

CLOSURES

Dr. Sheth reported that, having found no basis to proceed, the Committee elected to close the following complaints without further action or disciplinary process.

Dr. Sheth reported that the Complaint Committee elected to withdrawal a previously initiated complaint, Complaint Number 21-48-W.

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer eight Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Lana Dawn Christiano, MD	On October 22, 2021, Dr. Christiano entered into a Consent Order with the Board that imposed a \$400.00 fine for her failure to report a malpractice settlement on her 2020 license renewal application.
Robert Joseph Crow, Jr.	On October 22, 2021, Dr. Crow entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.
David Alfred Ghaphery, MD	On October 22, 2021, Dr. Ghaphery entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

Name	Consent Order Details
Dibbendu Mahanayak, MD	On September 17, 2021, Dr. Mahanayak entered into a Consent Order with the Board that imposed a \$900.00 fine for (1) failing to produce documentation during the Board's CME audit that he had completed a Board approved course on drug diversion training and best practice prescribing of controlled substance training during the requisite time frame; and (2) for failing to disclose the complaint pending against him due to his CME Audit deficiencies on his 2021 medical license renewal application.
Daniel Salmeron, MD	On September 17, 2021, Dr. Salmeron entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to disclose disciplinary action that had been taken against his Mississippi, Texas, Michigan, New York and Florida medical license on his 2021 West Virginia license renewal application.

All Consent Orders are available on the Board's website.

Dr. Sheth reported that the next order of business relates to James Edwin Prommersberger, DPM. Dr. Sheth asked that if any member needs to declare a conflict to please do so at this time. No conflicts were declared.

Dr. Sheth reported that on November 7, 2021, the Complaint Committee reviewed certified court records regarding licensee James Edwin Prommersberger, DPM in association with an ongoing matter. The Committee referred the records it received concerning Dr. Prommersberger to the Board for review and possible action pursuant to West Virginia Code § 30-3-14(d). Dr. Sheth asked Mr. Foster to provide an overview of this matter.

On or about February 8, 2019, a seventy-nine Count Criminal Indictment was filed against Dr. Prommersberger in the Mahoning County, Ohio, Court of Common Pleas, Case No. 19-CR-115.

On March 10, 2019, the Complaint Committee of the Board authorized initiation of Complaint No. 19-29-W against Dr. Prommersberger based upon the Criminal Indictment. The substance of the Criminal Indictment alleged that:

- a. On numerous occasions between approximately 2013 and 2017, Dr. Prommersberger did unlawfully and intentionally make, utter, sell or knowingly possess one or more prescriptions for controlled substances that were false or forged to various patients for Hydrocodone (a Schedule II controlled substance), Tramadol (a Schedule IV controlled substance) and/or Carisoprodol (a Schedule IV controlled substance);
- b. On numerous occasions between approximately 2013 and 2017, Dr. Prommersberger did unlawfully and knowingly sell or offer to sell controlled substances to various patients, including Hydrocodone (a Schedule II controlled substance), Tramadol (a Schedule IV controlled substance) and/or Carisoprodol (a Schedule IV controlled substance);
- c. Between 2010 and 2017, Dr. Prommersberger made false or misleading statements or representations in obtaining reimbursement from Medicaid; and
- d. Between 2010 and 2017, Dr. Prommersberger obtained or exerted control over property or services by deception in obtaining reimbursement from Medicaid.

On June 7, 2021, Dr. Prommersberger executed a Plea Agreement in the criminal proceeding wherein he pled guilty to all seventy-nine counts in the Criminal Indictment.

On October 1, 2021, a sentencing hearing for Dr. Prommersberger was held before the honorable Thomas J. Pokorny of the Court of Common Pleas of Mahoning County Ohio. By Judgment Order entered October 1, 2021, the Court accepted Dr. Prommersberger's guilty plea and convicted him on all seventy-nine felony counts charged in the Criminal Indictment. A certified copy of the Plea Agreement and the Judgment Order was made available to Board members for review.

A proposed Order of Revocation was presented to the Board for consideration. Dr. Faheem moved that the Board adopt the proposed Order and therefore find:

- a. The Board had received sufficient proof, pursuant to W.Va. Code § 30-3-14(d), that Dr. Prommersberger has been found guilty in a court of competent jurisdiction of the seventy-nine felony counts set forth in the Criminal Indictment;
- b. That of the seventy-nine felony counts, Dr. Prommersberger was convicted of seventy-seven felonies (Counts 1-77 of the Criminal Indictment) involving prescribing, selling, administering, dispensing, mixing or otherwise preparing a prescription drug, including a controlled substance under state or federal law, for other than generally accepted therapeutic purposes; and
- c. Pursuant to West Virginia Code § 30-3-14(d), that the license to practice podiatric medicine and surgery of Dr. Prommersberger, License No. 240, be REVOKED effective upon entry of an Order of Revocation.

Mr. Tipton seconded the motion, and the motion carried.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, the meeting adjourned by consensus.

Andrew R. Wessels

The following guest attended the meeting:

Ahmed D. Faheem, MD, DLFAPA (former Board member)

The following member of the public attended the meeting:

Lauren Stroupe

In the absence of Dr. Challa, Dr. Sheth chaired the meeting. Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

In order to minimize technical difficulties and interruptions during the meeting, Dr. Sheth asked members to mute all microphones when not speaking.

Dr. Sheth introduced and welcomed Radhakrishna U. Kukkillaya, MD, who was appointed to the Board on November 10, 2021. Dr. Kukkillaya is an internal medicine physician who practices in Logan, West Virginia. He has been appointed to the Physician Assistant Committee and the Licensure Committee.

**WELCOME NEW
MEMBER**

Dr. Sheth welcomed and recognized former board member, Ahmed D. Faheem, MD, DLFAPA. Dr. Faheem concluded his long and distinguished service on the Board in November 2021. On behalf of the Board, Dr. Sheth presented Dr. Faheem with a plaque in recognition of his many years of outstanding dedication and service to the Board of Medicine, including service as President of the Board, and in appreciation of his commitment to protecting the quality and safety of medical and podiatric care for the citizens of West Virginia.

ANNOUNCEMENTS

Dr. Sheth announced that Dr. Lilly's son, Matthew Curtis Lilly, passed away on December 30, 2021. The Board extends condolences to Dr. Lilly and his family.

Dr. Sheth announced that in November 2021, Mr. Spangler was elected Chair of the Interstate Medical Licensure Compact Commission. Dr. Sheth and board members congratulated Mr. Spangler, on this accomplishment.

Dr. Faheem left the meeting at this time.

Dr. Sheth reminded members that the deadline to file financial disclosures with the West Virginia Ethics Commission is February 1, 2022.

Dr. Rahim moved that the Board's November 8, 2021 meeting minutes be approved. Reverend Harman seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

In recognition of 20 years of service to the State of West Virginia, Mr. Spangler presented the following staff members with a Certificate of Appreciation, signed by Governor Jim Justice:

Jamie S. Alley, Deputy Director/General Counsel
Melissa D. Cross, Technical Writer/Administrative Assistant
Deborah D. Scott, Fiscal Officer

The Board is appreciative of the service that each of these employees have provided.

Ms. Scott left the meeting at this time.

Dr. Sheth reported that the Executive/Management Committee met yesterday, January 9, 2022, at which time the Committee reviewed and accepted the fiscal report and

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

purchasing card transactions for the months of November and December 2021. The Board continues to remain in a good financial position.

Dr. Sheth reported that the Committee received an update regarding the following litigation matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine*
- Mass Litigation Panel Opioid Litigation

Dr. Sheth reported that the West Virginia Treasurer's Office applies a 2.25% convenience fee to all payments made to the Board via credit card transaction. Since 2016, the Board has elected to absorb the convenience fee. The Committee elected to continue to absorb the 2.25% convenience fee that is applied to credit card transactions for calendar year 2022 and reevaluate thereafter.

Dr. Sheth reported that the West Virginia Legislature's Performance Evaluation and Review Division (PERD) audit of the Board remains ongoing. To date, Board staff have provided all information and documentation that has been requested of the Board in association with the audit.

Dr. Sheth reported that Board staff continue to work with the West Virginia Department of Administration's Real Estate Division and the Board's landlord in negotiating a new lease agreement.

Dr. Sheth reported that the Board's COVID-19 office protocols remain in place.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday, January 9, 2022, at which time the Committee established the following interim committee meetings:

LEGISLATIVE
COMMITTEE
REPORT

January 25, 2022 at 5:00 pm
February 8, 2022 at 5:00 pm
February 22, 2022 at 5:00 pm
March 8, 2022 at 5:00 pm

Dr. Rahim reported that the that the Legislative Rule-Making Review Committee (LRMRC) reviewed the Board's proposed rule, W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and amended subsection 7.4, related to the standard of care. The Board's proposed rule provided that the standard of care requires a telehealth provider to verify that a patient has visited an in-person health care practitioner within twelve months of an initial telehealth service by the provider or the provider's telehealth service or company. The rule also included exemptions for certain practice specialties and a waiver if the telehealth provider documents in the patient medical record that the in-person visit is not required. The LRMRC amendment removes this requirement for patients who are not designated as "existing patients," essentially creating two standards of care for West Virginia patients. The Committee recommended that the Board continue to oppose the LRMRC amendment to the proposed rule as the rule progresses through the legislative process. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that board staff continue to engage with legislators, legislative staff, the West Virginia Board of Osteopathic Medicine, and the West Virginia Board of Pharmacy concerning collaborative pharmacy practice, which is currently established and regulated by statute and the Board's Joint Rule W. Va. Code R. § 11-8-1 *et seq.*,

Collaborative Pharmacy Practice. At the request of Delegate Rohrbach, Dr. Sheth, Mr. Spangler, and Mr. Foster will meet with legislative staff on Wednesday, January 12, 2021 to further discuss the Board of Pharmacy's proposed legislation regarding collaborative pharmacy practice.

Prior to Dr. today's meeting, a copy of three proposed bills which would modify the West Virginia Medical Practice Act were made available for members to review. Dr. Rahim reported that the first proposed bill would add a new section, designated as W. Va. Code § 30-3-11c, which would create an administrative medicine license for physicians who do not seek to practice clinical medicine. The Committee recommended that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that the next proposed bill would amend W. Va. Code § 30-3-10 to prohibit licensure and relicensure in West Virginia if an applicant is prohibited from practicing in another jurisdiction for conduct which is substantially equivalent to an act of unprofessional conduct prohibited by W. Va. Code § 30-3-14(c) or is the subject of an unresolved administrative complaint in another jurisdiction for certain enumerated categories of unprofessional conduct. Board staff provided an overview of the proposed bill. The Committee recommended that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that the third proposed bill would amend W. Va. Code § 30-3-14 to establish a duty to report certain incidents of provider misconduct by Board of Medicine licensees, permit holders and registrants, to provide civil immunity for good faith reports to the board, to modify the grounds for professional discipline and license denial to include a prohibition on a broader array of provider sexual misconduct, and to provide rulemaking authority to the board to promulgate rules relating to sexual misconduct by

providers licensed or authorized by the board. The Committee recommended that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that it is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary to respond to legislative matters when the legislature is in session. The Committee requested that the Board delegate the Legislative Committee authority to act on behalf of the Board as necessary throughout the 2022 legislative session. The motion of the Committee was given by Dr. Rahim, and the motion carried.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that a hearing convened on September 21-23, 2021. This matter is currently going through the post-hearing process and will be ripe for the Board's consideration at a future meeting.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene on January 20, 2022; however, the licensee requested a continuance, and the matter is being rescheduled.

Mr. Foster reported that is a hearing scheduled to convene in June 2022.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in one matter.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, January 8, 2022.

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following twelve applicants be approved for initial physician assistant licensure:

Jordan Scott Campbell, PA
Gina Marie Carenbauer, PA
Jason Wade Conley, PA
Chad Steven Eckard, PA
Kathryn Marie Hamer, PA
Karl Joseph Kline, PA
Jordan McKenzie Maas, PA
Jeffrey James Smythe, PA
Alexis Marie Stephens, PA
Nicole Michele Tatomirovich, PA
Brittany Victoria Willy, PA
Morgan Taylor Winterbottom, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that Eric Dean Travis, PA, appeared before the Committee via GoToMeeting to discuss his application. The Committee recommended that the Board approve Mr. Travis for physician assistant licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported in November and December 2021 Board staff:

Activated the following number of practice notifications:

Month	West Virginia Licensees	Emergency Registrants
November	48	1
December	23	0

Processed the following reinstatement application:

Licensee Name	License No.	Reinstatement Date
Katharine Victoria Lee, PA	2213	November 19, 2021

Processed the following reactivation applications:

Licensee Name	License No.	Reactivation Date
John Vayden Blake, PA	929	December 16, 2021
Heather Kay Legg, PA	2075	December 27, 2021

Issued the following interstate telehealth registrations:

Registrant Name	Registration No.	Issue Date
Jennifer Marie Aube, PA	ITRPA-1001	November 20, 2021
Stephanie Lauren Modzelesky, PA	ITRPA-1002	December 14, 2021

Ms. Takubo reported that since implementation of the Board's emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 136 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

In the absence of Dr. Lilly, Ms. Takubo chaired the Licensure Committee on Saturday, January 8, 2022 and provided today's report.

**LICENSURE
COMMITTEE
REPORT**

Ms. Takubo reported that two scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure applications. Based thereupon, the Committee recommended that the following two applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Feras Ghosheh, MD	Initial Licensure	None
Barry Pohsiang Huang, MD	Initial Licensure	None

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee reviewed and discussed seven physician licensure applications and one podiatric physician licensure application. Based thereupon, the Committee recommended that the following applicant be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Praveen Jeyaseelan, MD	Initial Licensure	Convert medical school faculty license to a full medical license.

The motion of the Committee was given by Ms. Takubo, and the motion carried.

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their application:

Name	Application Type
Neil Shah, MD	Initial Licensure
Hugh Anthony Smith, MD	Initial Licensure
Anthony Jude Stephens, MD	Initial Licensure
Allison Wierda Suttle, MD	Initial Licensure

The Committee elected to place the following applications for licensure on hold pending receipt of additional information:

Name	Application Type
Adaiah Abumeze Ezekiel, MD	Initial Licensure
Leonard Anthony Reynolds, DPM	Reactivation of Licensure
David Philip Richards, MD	Initial Licensure

Ms. Takubo asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the seventy applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve the seventy applicants for initial medical licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the two applicants for initial podiatric medical licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference. The Committee recommended that the Board approve the two applicants for initial podiatric medical licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee received an update from Board staff regarding the following licensure activity in November and December 2021:

Interstate Medical Licensure Compact Licenses Issued*
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Licensure (MD and DPM)*
Reactivation of Licensure (MD and DPM)*

Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

* Reports also included Interstate Medical Licensure Compact licenses issued on August 31, 2021 which were inadvertently omitted from the September 2021 meeting report and DPM licensure reactivations and reinstatements from July and November 2021.

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports are attached to these minutes as Attachment 3 and are incorporated herein by reference.

Ms. Takubo reported that the Board received an update on 2022 renewals. Interstate telehealth registration renewal will begin on February 2, 2022. Licensure renewal for medical doctors whose last names begin with the letters A through L and all related controlled substance dispensing practitioner registrations will begin on May 4, 2022. Educational permit renewal and professional limited liability company renewal will also begin on May 4, 2022.

Ms. Takubo reported that the Board has received correspondence from Sudhir Gosain, MD regarding his licensure status with the Board. Dr. Gosain's current licensure status is Suspended no CME because he did not renew his West Virginia licensure and failed to notify the Board of his intent to not renew. Suspended no CME is an administrative, non-disciplinary licensure status. In 1996 when Dr. Gosain failed to renew, the West Virginia Medical Practice Act required licenses subject to nonrenewal without advanced notice to be placed into a Suspended no CME status. Dr. Gosain indicated that he recently became aware of his West Virginia licensure status and has belatedly submitted his CME for the reporting period ending on June 30, 1996. The Committee recommended that the Board accept Dr. Gosain's CME and convert his licensure status from Suspended no CME to expired. The motion of the Committee was given by Ms. Takubo, and the motion carried.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee, which met yesterday, Sunday, January 9, 2022.

**COMPLAINT
COMMITTEE
REPORT**

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer six Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Mark W. Allen, MD	On November 10, 2021, Dr. Allen entered into a Consent Order with the Board that publicly reprimanded him for his unprofessional conduct in failing to comport with the public health safety protocols and best practice guidelines during the COVID-19 pandemic. Dr. Allen was also required to complete the <i>COVID-19: Essentials for Healthcare Worker-Online CME Course</i> .
Fulvio Rogelio Franyutti, MD	On November 10, 2021, Dr. Franyutti entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

All Consent Orders are available on the Board's website.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

Dr. Challa called the meeting to order.

**CALL TO
ORDER**

In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked members to mute all microphones when not speaking.

ANNOUNCEMENTS

Dr. Challa congratulated Ms. Mayfield on recently becoming Chairman of the Thomas Health Systems Board of Trustees.

Dr. Challa announced that the 2022 Federation of State Medical Boards Annual Meeting will be held in New Orleans, Louisiana on April 28th through April 30th, 2022. An online component will be available for individuals who are unable to attend in person. The deadline to register online is April 8, 2022. Any member interested in attending the meeting should contact Mr. Spangler.

Dr. Rahim moved that the minutes of the Board's January 10, 2022 meeting be approved. Dr. Steele seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that Indiana recently became the 37th state to join the Interstate Medical Licensure Compact Commission.

Dr. Challa reported that the Executive/Management Committee met yesterday, March 13, 2022, at which time the Committee reviewed and accepted the fiscal report and purchasing card transactions for the months of January and February 2022. The Board continues to remain in a good financial position.

Dr. Challa reported that the Committee received an update regarding the following litigation matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*, which has been settled by the West Virginia Board of Insurance & Risk Management
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine*, which has been dismissed
- Mass Litigation Panel Opioid Litigation

Dr. Challa reported that in April 2020, the Board established Guidance and Best Practice for the Safe Resumption of Practice for Board of Medicine Licensees. Board staff have recently received calls inquiring about current Board of Medicine COVID guidance, including mask guidance/requirements. The Committee authorized staff to develop and publish new guidance based on current Center for Disease Control (CDC) guidelines. Until the guidance is published, the committee directed staff to encourage practitioners to follow current state and CDC guidelines for medical offices.

Dr. Challa reported that the Committee discussed the possibility of accepting electronic signatures and/or electronic notarizations on applications and documents submitted to the Board. The Committee directed staff to review all documents utilized by the Board which require signatures by applicants, licensees, registrants, permit holders and

others to determine whether original, photocopy or electronic signatures should be required/accepted.

Dr. Challa reported that the West Virginia Legislature's Performance Evaluation and Review Division audit of the Board remains ongoing. The auditors have requested additional documentation from the Board, and Board staff have responded appropriately. There is currently one request that is pending; board staff anticipates that the information responsive to the pending request will be provided later this week.

Dr. Challa reported that the Board has entered into a new lease agreement with the Board's landlord which will remain in effect for two years, at which time the Board will have the option of extending the lease for an additional two-year period.

Dr. Challa reported that the Board's COVID-19 protocols remain in place.

Dr. Challa reported that the Board's supplemental appropriation bill has completed the legislative process and is awaiting the Governor's signature. The funds in the supplemental appropriation bill will be used to hire an additional part-time licensure analyst this spring. Later in the year, the part-time licensure analyst position will transition into a full-time position.

Dr. Challa reported that Andrew Wessels, who served as the Board's Director of Intergovernmental and Public Relations, is no longer employed by the Board. The Board wishes Mr. Wessels the best in his future endeavors.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday, March 13, 2022, at which time he reported that the 2022 legislative session concluded on Saturday, March 12, 2022. The following Board of Medicine rules have been approved by the legislature and are part of a rule bundle awaiting the Governor's signature:

- 11 CSR 1A, licensing of medical doctors and podiatric physicians, and disciplinary procedures for applicants, licensees, and credential holders
- 11 CSR 1B, licensure, practice requirements, disciplinary and complaint procedures, continuing education, physician assistants
- 11 CSR 5, dispensing of prescription drugs by practitioners
- 11 CSR 6, continuing education for physicians and podiatric physicians
- 11 CSR 11, establishment and regulation of limited license to practice at a designated state veterans nursing home facility
- 11 CSR 10, practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program Database
- 11 CSR 14, registration to practice during declared state of emergency
- 11 CSR 15, telehealth and interstate telehealth registration for physicians, podiatric physicians and physician assistants

Dr. Rahim reported that the following bills, which were introduced on behalf the Board, have completed the legislative process and are awaiting the Governor's signature:

- Senate Bill 138, Relating to Board of Medicine Composition
- Senate Bill 427, Permitting West Virginia Board of Medicine Investigators to Carry a Concealed Weapon
- Senate Bill 585, Creating an Administrative Medicine License for Physicians
- Senate Bill 603, Prohibiting Licensure and Re-Licensure in West Virginia if an Applicant is Prohibited from Practicing in Another Jurisdiction
- Senate Bill 606, Relating to the West Virginia Medical Practice Act
- Senate Bill 717, Supplemental Appropriation to the Board of Medicine

Dr. Rahim reported that it is believed that House Bill 4111, Expanding the Prescriptive Authority for Physician Assistants and Advanced Practice Registered Nurses, was passed during the last day of the 2022 legislative session.

Dr. Rahim reported that House Bill 4324, Relating to Collaborative Pharmacy Practice, was passed during the 2022 legislative session, and is awaiting the Governor's signature.

Dr. Rahim asked if any member had any question with regard to the above-mentioned rules and/or bills, or any other bills that were introduced during this legislative session. No questions were asked.

Dr. Rahim reported that Board staff will review legislation that was passed to determine what emergency and/or legislative rules will need to be promulgated by the Board. Additionally, staff will review current Board rules to determine whether updates or amendments are needed. The Committee requested that the Board delegate the Committee authority to act on behalf of the Board as necessary with regard to rulemaking. The motion of the Committee was given by Dr. Rahim, and the motion carried.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there are two hearings scheduled to convene in the near future, one in April 2022 and one in June 2022.

**BOARD
ATTORNEY
REPORT**

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, March 12, 2022.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following eight applicants be approved for initial physician assistant licensure:

Ashlyn Nicole Yannitello, PA	ITRPA-1004	February 2, 2022

Processed the following emergency registrations:

January	1	0
February	1	0

Ms. Takubo reported that since implementation of the Board's emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 138 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee on Saturday, March 12, 2022.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that four scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure applications. Based thereupon, the Committee recommended that the following applicant be approved for medical licensure:

Allison Wierda Suttle, MD	Initial Licensure	Approve via Consent Order which limits practice to non-surgical obstetrics and gynecology in out-patient settings
---------------------------	-------------------	---

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to place the following applications for licensure on hold pending receipt of additional information:

Neil Shah, MD	Initial Licensure
Hugh Anthony Smith, MD	Initial Licensure
Anthony Jude Stephens, MD	Initial Licensure

Dr. Lilly reported that the Committee reviewed and discussed fourteen physician licensure applications. Based thereupon, the Committee recommended that the following eight applicants be approved for medical licensure:

Satnam Singh Aujla, MD	Initial Licensure	None
Jason Howard Brajer, MD	Reactivation of Licensure	None
Robert Darrell Buck, Jr., MD	Initial Licensure	None
William Harry Hartz, Jr., MD	Initial Licensure	None
John Champ Neely, II, MD	Reactivation of Licensure	None
Osman Javed Qaiyum, MD	Initial Licensure	None

David Philip Richards, MD	Initial Licensure	Convert Medical School Faculty License to a full medical license
Carson Wong, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their application:

Akhil Kiran Patel, MD	Initial Licensure
Nadeem Gul Qazi, MD	Reactivation of Licensure
Mohamed Maznawi Zawahir, MD	Initial Licensure

The Committee elected to maintain the following applications for licensure on hold pending receipt of additional information:

Adaiah Abumeze Ezekiel, MD	Initial Licensure
Leonard Anthony Reynolds, DPM	Reactivation of Licensure
Kathleen Mary Sheridan, MD	Initial Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the eighty-three applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve the eighty-three applicants for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the three applicants for initial podiatric medical licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference. The Committee recommended that the Board approve the three applicants for initial podiatric medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in January and February 2022:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Licensure
Reactivation of Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 3 and are incorporated herein by reference.

Dr. Lilly reported that the Committee authorized Board staff to process applications which utilize the eligibility requirements set forth in Senate Bill 372 as it does all other licensure applications. The Committee will continue to review and discuss all applications that require individual review for any reason, including when a determination needs to be made regarding whether an unaccredited fellowship is substantially equivalent to accredited training.

Dr. Lilly reported that historically, the Board has not obtained primary source verification of graduate podiatric training. Primary source verification of graduate medical training is required for all physician applicants. In an effort to align these processes, the Committee recommended that the Board approve requiring primary source verification of podiatric training as part of the podiatric license application process. This requirement would apply to all applications initially submitted as of March 14, 2022. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received a report on bills that were passed during the 2022 legislative session, and which relate to the work of the Committee, all of which were reported on during the Legislative Committee Report during today's meeting.

Dr. Lilly reported that the Committee received an update on 2022 renewals. Interstate telehealth registration renewal began on February 2, 2022, and will conclude on March 31, 2022. Licensure renewal for medical doctors whose last names begin with the letters A through L and all related controlled substance dispensing practitioner registrations will begin on May 4, 2022. Educational permit renewal and professional limited liability company renewal will also begin on May 4, 2022.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

In the absence of Dr. Sheth, Dr. Steele chaired the March 13, 2022 Complaint Committee meeting and provided following report:

			license and provides terms and conditions that must be met before Dr. Otellin can petition for reinstatement of licensure.
--	--	--	--

All Consent Orders are available for review on the Board's website.

Prior to today's meeting, a proposed order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD* was made available for members to review. Dr. Steele reported that the Board delegated the responsibility of monitoring the compliance of the June 21, 2017 Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD* to the Complaint Committee. The Committee received documentation at its meeting yesterday, March 13, 2022, relating to this matter from the Physician Assessment and Clinical Education program at UC San Diego School of Medicine. Having reviewed all relevant materials, the Complaint Committee recommended that the Board find that Dr. Hasan has satisfied all conditions set forth in the June 21, 2017 Final Order, and lift the suspension of his West Virginia medical license. The motion of the Committee was given by Dr. Steele, and the motion carried with no opposition.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Steele, and the motion carried.

Mr. Eates joined the meeting at this time.

Prior to today's meeting a copy of a Consent Oder in the matter of *West Virginia Board of Medicine, Petitioner, v. Rose Onyinyechi Uradu, MD, Respondent, Compalint No. 20-38-W*, was made available for members to review. The hearing in this matter was scheduled to convene on February 25, 2022. In lieu of proceeding to hearing, on February 17, 2022, Dr. Uradu signed a proposed Consent Order offered by the Board. Dr. Sheth moved that the Board accept the proposed Consent Order which:

**CONSIDERATION OF
TERMINATION OF A
CONSENT ORDER**

1. Publicly reprimands Dr. Uradu for her inaccurate renewal application responses in 2017 and 2019.
2. Requires Dr. Uradu, at all times, to fully comply with all of the professional practice requirements of the West Virginia Medical Practice Act as set forth in W. Va. Code § 30-3-1 et seq., and in the Board's legislative rules, including but not limited to W. Va. Code R. § 11-1A-1 et seq.
3. Imposes disciplinary action upon Dr. Uradu's West Virginia medical license which she is obligated to disclose in association with her 2023 West Virginia medical licensure renewal application.
4. Shall be deemed entered on the date that the Order, with all required signatures affixed upon, is received in the Board's 101 Dee Dive, Charleston, West Virginia office.

Dr. Kukkillaya seconded the motion, and the motion carried.

Dr. Challa announced that the next agenda item relates to consideration of the Hearing Examiner's Findings of Fact, Conclusions of Law and Recommended Decision in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent*, Complaint No. 18-175-M. He asked that all Board members who need to declare a conflict with regard to this matter to do so at this time.

**CONSIDERATION OF
A RECOMMENDED
DECISION**

The following Board members declared a conflict due to participation on the Board's Complaint Committee and left the meeting at this time, and were not present for the remainder of the meeting:

Angela Mayfield
David A. Mullins, MD
Ashish P. Sheth, MD
Thomas W. Steele, MD

Additionally, the following staff members left the meeting at this time and were not present for the remainder of the meeting:

Mark A. Spangler

Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Leslie A. Thornton, CMBI

The following member of the public left the meeting room at this time:

P. Bradley Hall, MD

All individuals identified above were absent for the remainder of the meeting.

Roll call was taken by Ms. Frame. The following Board members remained in attendance:

Kishore K. Challa, MD, FACC
Timothy Dontelli, DPM
Reverend Janet Harman
Radhakrisna U. Kukkillaya, MD
Jonathan P. Lilly, MD
Kiran R. Patel, MD
Mustafa Rahim, MD
Victoria Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton

With a quorum of the Board present and participating, Mr. Eates advised the Board in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent*, Complaint No. 18-175-M. Mr. Eates gave the procedural history of the case and reported on the *Hearing Examiner's Recommended Findings of Fact, Conclusions of Law and Recommended Decision*.

Dr. Rahim moved that the Board enter into executive session to receive legal advice with regard to this matter. Dr. Kukkillaya seconded the motion, and the motion carried. The Board entered into executive session.

**EXECUTIVE
SESSION**

The executive session concluded, and the Board reentered public session. Dr. Rahim moved that the Board make findings and determinations as follows:

**PUBLIC
SESSION**

It is hereby ORDERED that the January 20, 2022, "Hearing Examiner's Recommended Findings of Fact, Conclusions of Law and

Recommended Decision” is hereby accepted and adopted with the following modification: The Hearing Examiner’s “Recommended Decision” states, in part, that “although [Respondent] no longer holds either an active or inactive license to practice surgery in West Virginia, any entitlement which [Respondent] may have to apply for reinstatement shall be indefinitely REVOKED[.]” The Board finds and concludes that it has the discretion and authority to revoke an expired license, as opposed to the authority to “indefinitely revoke” a licensee’s entitlement to seek reinstatement of that license to resume practicing medicine and surgery in this State.

Accordingly, it is hereby **ORDERED** that Respondent’s license to practice medicine and surgery in this State is **REVOKED**. The Board finds and concludes that, although Respondent allowed his license to expire on June 30, 2021, it is nonetheless subject to revocation by the Board. This Order is effective upon entry.

It is further **ORDERED** that Respondent be **PUBLICLY REPRIMANDED** for his egregious sexual misconduct.

It is further **ORDERED** that Respondent shall pay the costs and expenses of this proceeding, as permitted by 11 C.S.R. 1A § 12.3.g. (2017). The costs and expenses assessed to Respondent shall be paid to the Board of Medicine within thirty (30) days of the issuance of an invoice by the Board.

Ms. Takubo seconded the motion, and the motion carried with no opposition.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Mr. Tipton seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Board Meeting Minutes
May 16, 2022

The West Virginia Board of Medicine met at 9:00 am on Monday, May 16, 2022 at the Board Office.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President, Executive/Management Chair and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

In order to minimize interruptions, Dr. Challa asked all members to silence their cell phone.

Dr. Challa announced that Mr. Spangler was awarded the Doug Cert Executive Directors Award on April 27th at the annual Administrators in Medicine meeting in New Orleans, Louisiana. This award was presented in recognition of Mr. Spangler's outstanding contributions on a national and state basis to improve the quality of standards for medical practice in the United States and territories. The guidelines and criteria for the award include the following:

- Improvement in recipient's state operation, e.g., budget, statutes etc.
- Contribution to the betterment of the Federation of State Medical Boards or similar organizations designed to enhance the standards of medical practice.
- Willingness and efforts made to share information that can be utilized by other state licensing boards.
- Other special considerations of an outstanding nature.

On behalf of the Board, Dr. Challa congratulated Mr. Spangler for this acknowledgement of his contributions to the Board.

Dr. Challa announced that in preparation for the election of officers at the July 2022 meeting, he has established a Nominating Committee which will consist of the following members:

Angela A. Mayfield
Kiran R. Patel, MD
Victoria L. Takubo, PA-C

If any Board member is interested in running for office or would like to recommend a fellow Board member for nomination, please contact a member of the Nominating Committee. The Committee will meet in June to develop a slate of nominees for the election of officers at the July meeting.

Dr. Challa announced that at the conclusion of today's meeting the Board has arranged for the following members to sit for official Board photographs to be taken by Mike Hall of Photografix:

Radhakrishna U. Kukkillaya, MD
Kiran R. Patel, MD, FACOG

Dr. Sheth moved that the minutes of the Board's March 14, 2022 meeting be approved. Ms. Takubo seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that 2022 Federation of State Medical Boards Annual Meeting was held in New Orleans, Louisiana on April 28th through April 30th, 2022. In addition to Mr. Spangler, one Board member, Dr. Mullins, and one staff member, Patrick A. Muncie, attended the meeting.

Mr. Spangler reported that the renewal period for physicians whose last names begin with the letter A through L, controlled substance dispensing practitioner registration renewal for physicians whose last names begin with the letter A through L, education permits and professional limited liability companies commenced the first week of May, and will conclude at 4:30 pm EDT on June 30, 2022.

Dr. Challa reported that the Personnel Committee met yesterday, May 15, 2022, at which time Mr. Spangler discussed the salary adjustments for the 2023 fiscal year. Beginning July 1, 2022 Board staff will receive an across-the-board increase based upon five percent average of all state employees, which will be approximately \$2,500.00.

**PERSONNEL
COMMITTEE
REPORT**

Dr. Challa reported that staff are continuing in-office work schedules and are prepared to work remotely if necessary due to the on-going COVID-19 pandemic.

Dr. Challa reported that the Board's Fiscal Officer, Deborah D. Scott, will be retiring at the end of July, after many years of distinguished service to the Board. The Board is currently advertising the position in the hopes that Ms. Scott's successor will be on-boarded in time to participate in on-the-job training and transition.

The Committee recommended that the Board accept and ratify the Personnel Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Executive/Management Committee met yesterday, May 15, 2022.

EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT

Dr. Challa reported that Committee reviewed and accepted the fiscal report and purchasing card transactions for the months of March and April 2022. The Board continues to remain in a good financial position.

Dr. Challa reported that the Committee reviewed correspondence regarding a potential violation of the prohibition on corporate practice of medicine. Board staff will request additional information from the company's counsel for consideration at a future meeting.

Dr. Challa reported that the Committee authorized Board staff to enter into a Memoranda of Understanding with the West Virginia Center for Threat Preparedness to provide public information concerning Board of Medicine licensees on a monthly basis for use in the online West Virginia Responder Emergency Deployment Information System for rapid credential verification for medical volunteers during emergency situations.

Dr. Challa reported that the Committee received four policies for review which were recently adopted by the Federation of State Medical Boards House of Delegates and advised that if any Board member is interested in receiving a copy of the policies, they should see Mr. Spangler at the conclusion of today's meeting.

Dr. Challa reported that the Committee authorized Mr. Spangler to establish an application review workgroup to evaluate current applications and determine if modifications and/or modernizations are needed. Workgroup recommendations will be reported to the Executive Management Committee for consideration.

Dr. Challa reported that the Committee received an update on the following litigation matters, all of which are still pending:

- *Jan Kletter, MD v. West Virginia Board of Medicine.*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *J.H. v. West Virginia Board of Medicine*
- Mass Litigation Panel Opioid Litigation

Dr. Challa reported that the Board's COVID-19 office protocols remain in place.

Dr. Challa reported the West Virginia Office of Technology is requiring state agencies to transition from Microsoft to Google. Thus far, Board staff have transitioned from Microsoft Outlook to Google Mail. Prior to July 2022, agencies must transition from Microsoft Word and Excel to Google Docs and Sheets. Agencies who anticipate enterprise difficulties if required to transition with respect to these remaining products may request an exemption and submit a Business Impact Assessment, which identifies areas of concern. The Committee directed Board staff to submit a Business Impact Assessment requesting an exemption from the required transition.

Dr. Challa reported that Board staff continue to evaluate applications and documents to determine if any are appropriate for transition from wet ink to electronic signatures and will provide further update when the review process is complete.

Dr. Challa reported that the West Virginia Legislature's Performance Evaluation and Review Division (PERD) audit of the Board has concluded. PERD is scheduled to present the report to the Legislature during the June interim session. Due to prior Board of Medicine commitments that are concurrent with the June interim session, it is possible that the report will be deferred until July 2022. A final report from PERD has not yet been released.

Dr. Challa reported that Thomas M. McCall, who served as one of the Board's three licensure analysts, resigned from his position effective April 29, 2022. The Board wishes Mr. McCall the best in his future endeavors. Board staff conducted interviews, and Samantha N. Gutierrez was offered, and has accepted, the licensure analyst position. Ms. Gutierrez begins her employment with the Board today, May 16, 2022.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday, May 15, 2022.

LEGISLATIVE
COMMITTEE
REPORT

Dr. Rahim reported that the following rules, which were approved by the Legislature during the 2022 legislative session, have been final filed with the West Virginia Secretary of State's Office:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-5-1 *et seq.*, *Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians.*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the WV CSMP Database.*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice at Certain State Veterans Nursing Home Facilities.*
- W. Va. Code R. § 11-14-1 *et. seq.*, *Registration to Practice During Declared State of Emergency.*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

Each of the rules, with the exception of W. Va. Code R. § 11-14-1 *et seq.*, will become effective on June 1, 2022. W. Va. Code R. § 11-14-1 *et seq.* will become effective on July 1, 2022.

Dr. Rahim reported that House Bill 214 was passed during the second special session of the West Virginia Legislature. This bill modifies the prescribing authority for physician assistants and advanced practice registered nurses. While Schedule II narcotics remain limited to a three-day supply, there are no other limitations on a physician assistant's ability to prescribe Schedule II medications except the provisions of the Opioid Reduction Act. House Bill 214 was passed on April 25, 2022, and is effective from passage.

Dr. Rahim reported that as a result of legislation passed during the 2022 session, the Committee will meet in June to consider proposed modifications to following Board of Medicine rules:

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*

Additionally, in June, the Committee will consider proposed new rules relating to administrative medicine licenses and physician sexual misconduct.

The Committee recommended that the Board delegate to the Committee authority to act on behalf of the Board as necessary with regard to rulemaking. The motion of the Committee was given by Dr. Rahim, and the motion carried.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there was a hearing scheduled to convene in April; however, the hearing was continued at the request of the licensee and has been rescheduled for August 2022.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there is a hearing scheduled to convene in June 2022.

Mr. Foster reported that in March 2022, the Board issued a Final Order in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent, Complaint No. 18-175-M*. Dr. Samaan has filed an Appeal of the Board's Final Order in Kanawha County Circuit Court, which is currently pending.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, May 14, 2022.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following six applicants be approved for initial physician assistant licensure:

Christopher John Anderson, PA
Katarina Witt Clingerman, PA
Stephanie Jamie Pham, PA
Samah Ramadan-Nassar, PA
Kathryn Nicole Semans, PA
Michaela Lynn Vitez, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee reviewed an inquiry concerning whether physician assistants may independently procure prescription drugs from wholesalers. The Committee directed Board staff to refer the requestor to House Bill 214 and the Board of Pharmacy, and to further advise that the Board has no regulations which specifically relate to prescription drug procurement by physician assistants.

Ms. Takubo reported that the Committee reviewed correspondence from a representative of a West Virginia physician assistant program of education asking if the Board has any "stipulations about practicing PAs and if there are any limitations if they themselves have mental issues." The Committee directed staff to respond that the Board has no jurisdiction with respect to the program's admission criteria and that while it cannot offer guidance on admission criteria, practitioners are eligible for licensure in West Virginia if they meet education, testing and training criteria and can practice with reasonable skill and safety to patients. The correspondence will also express the Board's commitment to practitioner wellness and well-being and include references to resources on this issue.

Ms. Takubo reported that the Committee reviewed correspondence regarding whether physician assistants are authorized to deliver babies. The Committee directed

Board staff to notify the requestor that the Board does not endorse physician assistants performing the medical act of delivering babies unless the physician assistant has received formal training and certification in midwifery or in an advanced physician assistant program in OBGYN.

Ms. Takubo reported that the Committee reviewed a request that the Board consider modifying W. Va. Code R. § 11-1B-1 *et seq.* to eliminate the requirement that physician assistants provide the Board with all locations where the physician assistant may practice on a Practice Notification. The Committee directed Board staff to communicate with the requestor and make modifications to the Practice Notification form to allow for certain unique circumstances for the Committee's review at the July 2022 meeting.

Prior to today's meeting, a revised initial physician assistant license application was made available for members to review. Ms. Takubo reported that the Committee reviewed and approved the new initial application for physician assistant licensure application.

Ms. Takubo reported that the Committee received an update on House Bill 214, which was previously discussed in the Legislative Committee Report that was provided earlier today. Last week, the Board sent an eblast to all physician assistants regarding House Bill 214 and the June 1, 2022 deadline for physician assistants practicing pursuant to one or more Practice Agreements to submit a Practice Notification.

Ms. Takubo reported that in March and April 2022 Board staff:

Activated the following number of practice notifications:

Month	West Virginia Licensees	Emergency Registrants	Interstate Telehealth Registrations
March	89	0	0
April	36	0	0

Processed the following reactivation applications:

Licensee Name	License No.	Reactivation Date
Shelby Lynn Baker, PA	2266	March 30, 2022
Rebecca Diane Heim, PA	2344	April 1, 2022
Stephen Lee McQueen, PA	2044	March 15, 2022
Jessica Ann Rhodes, PA	1555	April 1, 2022

Processed the following emergency registrations:

Month	Physician Assistants Holding Out of State Licensure	Retired or Inactive Status West Virginia Board of Medicine Licensees
March	4	0
April	5	0

No Interstate Telehealth Registrations were issued in March and April.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met on Saturday, May 14, 2022.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported on April 18, 2022, Allison Wierda Suttle, MD and the Board entered into a Consent Order which issued Dr. Suttle a medical license and restricted her practice in West Virginia to administrative medicine and non-surgical obstetrics and gynecological medicine in out-patient settings. A copy of the Consent Order is available on the Board's website.

Dr. Lilly reported that three out of five scheduled applicants appeared before the Committee to discuss their licensure applications. Dr. Lilly asked members to review the

physicians up for action, and to advise of any conflicts. Dr. Patel declared a conflict with regard to Akhil Kiran Patel, MD due to a familial relationship with the applicant. Dr. Patel left the meeting room at this time.

The Committee recommended that the following applicant be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Akhil Kiran Patel, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Patel returned to the meeting room at this time and was present for the remainder of the meeting.

The Licensure Committee recommended that the Board make the findings identified below and that the following applicant be approved for a restricted license in extraordinary circumstances:

Name	Application Type
Alexey Viktorovich Sergeev, MD	Extraordinary Circumstance Licensure
Findings	
<p>1. Dr. Sergeev has exceptional education, training and practice credentials, including:</p> <p>He completed his medical education, with honors, at I.M. Schevenov First Moscow State Medical University and subsequently received a Ph.D. in Medicine from Bakulev Scientific Center for Cardiovascular Surgery, both of which are internationally respected programs. As a student, Dr. Sergeev was selected as a laureate of the all-Russia Young Scientists' Conference on Cardiovascular issues;</p> <p>Continuing throughout and after his training, and until 2018, Dr. Sergeev practiced at the Bakulev Scientific Center for Cardiovascular Surgery, including service as the Deputy Chief of the Department for Cardiac Electrophysiology;</p> <p>Since 2018, Dr. Sergeev has served as the Head of the Cardiac Electrophysiology Department at the Lapino Medical Center;</p>	

He is an internationally recognized electrophysiologist who has performed over 2,280 catheter ablations and device implantations for heart rhythm management;

Dr. Sergeev was awarded the V.I. Burakovsky's Medal from the Russian Academy of Medical Sciences for his contribution to medicine;

He served on the editorial board of Annals of Arrhythmology, Russia's premier scientific journal in the field of arrhythmology;

In 2019, Dr. Sergeev was awarded a diploma from the Eurasian Association of Cardiothoracic Surgeons for contributing to the development of electrophysiology in Kyrgyzstan;

Dr. Sergeev has engaged in research in arrhythmias and thoroscopic implantation techniques for implanting epicardial lead for biventricular cardiac pacing and new approaches for the epicardial ablation of ventricular tachycardia.

2. Dr. Sergeev's practice in the state would be beneficial to the public welfare because West Virginia has a significant need for electrophysiologists, and travel out of state is common for West Virginians requiring electrophysiology care. Dr. Sergeev has also expressed an interest in continuing research while practicing in West Virginia, which can be beneficial to the citizens of this state.

3. Dr. Sergeev's specialty is electrophysiology cardiology and there is a need for this specialty in West Virginia.

4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-10(b). While Dr. Sergeev's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state, he has training in Cardiovascular Surgery at Bakulev Scientific Center for Cardiovascular Surgery in association with his research, extensive clinical experience, scholarship, including primary or co-authorship of 40 peer reviewed articles, that satisfy this requirement.

5. Dr. Sergeev has no professional discipline which would render him ineligible for an extraordinary circumstances license.

6. Dr. Sergeev is eligible for a restricted license in extraordinary circumstances.

Based upon the above findings, the Committee recommended that the Board grant Dr. Sergeev a restricted license in extraordinary circumstances restricted to the practice of

electrophysiology cardiology. The motion of the Committee was given by Dr. Lilly, and the motion carried with no opposition, meeting the statutory requirement of a $\frac{3}{4}$ majority vote in favor of license issuance.

The Committee recommended that the Board accept the following applicant's request to withdraw her application for licensure:

Name	Application Type
Elie Khalifee, MD	Initial Licensure

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to place the following application for licensure on hold pending receipt of additional information:

Name	Application Type
Mohamed Maznawi Zawahir, MD	Initial Licensure

The Committee will reschedule the appearance of the following applicant:

Name	Application Type
Jeremiah William Hayanga, MD	Conversion of Medical School Faculty License to Extraordinary Circumstance License

Dr. Lilly reported that the Committee reviewed and discussed sixteen physician licensure applications. Based thereupon, the Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Pearl Nuch Pakdi, MD	Initial Licensure	None
Neil Shah, MD	Reactivation of Licensure	None
Neeta Mody Vargo, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee recommended that the Board modify the terms of restricted license in extraordinary circumstances for the following applicant:

Name	Application Type	Special Terms/Conditions
Seyfi Alper Toker, MD	Extraordinary Circumstance Licensure	Modify terms of licensure to permit Dr. Toker to practice thoracic medicine and surgery in West Virginia with no practice location restrictions.

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee recommend that the Board accept the following applicants' request to withdraw their licensure application:

Name	Application Type
Adaiah Abumeze Ezekiel, MD	Initial Licensure
Nadeem Gul Qazi, MD	Reactivation of Licensure

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their respective applications:

Name	Application Type
Abbie Louise Fields, MD	Initial Licensure
Jennifer Aylestock Myhre, MD	Initial Licensure
Scott David Myhre, MD	Initial Licensure
Ramazan Kamil Peker, MD	Initial Licensure
Michael Antonio Reynolds, MD	Initial Licensure

The Committee elected to maintain the following applications for licensure on hold pending receipt of additional information:

Name	Application Type
Leonard Anthony Reynolds, DPM	Reactivation of Licensure
Kathleen Mary Sheridan, MD	Initial Licensure
Hugh Anthony Smith, MD	Initial Licensure
Anthony Jude Stephens, MD	Initial Licensure
Jianyi Zhang, MD	Initial Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. Reverend Harman declared a conflict with regard to Maggie Caroline Blackwood, MD due to a professional relationship with the applicant.

A list of the one hundred twenty-two applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve all of the applicants identified on the list, with the exception of Maggie Caroline Blackwood, MD as her application will be considered separately due to a declared conflict, for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Reverend Harman left the meeting room at this time.

The Committee recommended that Maggie Caroline Blackwood, MD be approved for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Reverend Harman returned to the meeting room at this time and was present for the remainder of the meeting.

Dr. Lilly asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the four

applicants for initial podiatric medical licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference. The Committee recommended that the Board approve the four applicants for initial podiatric medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that in March 2022, the Board approved requiring primary source verification of all podiatric training for applicants beginning March 14, 2022. The Committee reviewed the form provisionally used by Board staff since that date and approved it without modification. A copy of the form was made available for members to review.

Dr. Lilly reported that the Committee reviewed and approved a new form proposed by Board staff which would update and replace the current Affidavit and Addendum 1. The form will be implemented prior to the July meeting. A copy of the form was made available for members to review.

Dr. Lilly reported that currently all applicants for initial licensure are required to request and submit primary source verification of all licenses ever held. With the proliferation of telemedicine, this practice sometimes delays licensure. The Federation of State Medical Boards operates a verification service called the Physician Data Center (PDC) which provides reports that include accurate and current records of a physician's licensure history. There may be nominal lag time in information reported to the PDC, but some states have begun utilizing PDC in lieu of requiring primary source license verifications. Having carefully reviewed this issue and weighed the efficacy of the process and the value it can provide in expediting licensure, the Committee recommended that the Board authorize the utilization of the PDC report in lieu of primary source license verification for all initial physician applications. The Committee further recommended that the transition occur prior to the July meeting. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in March and April 2022:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Licensure
Reactivation of Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 3 and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update on 2022 renewals. Interstate telehealth registration renewal ended on March 31, 2022. Licensure renewal for medical doctors whose last names begin with the letters A through L and all related controlled substance dispensing practitioner registrations, educational permits and professional limited liability companies is underway and will conclude on June 30, 2022. As of May 13, 2022, Board staff have processed 879 physician renewal applications. There are 4493 physicians eligible to renew their licenses.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth reported that the Complaint Committee met on March 24, 2022, at which time the Committee elected to initiate complaint 22-29-W.

Dr. Sheth reported that the Complaint Committee met yesterday, May 15, 2022. At which time the Committee took the following action:

CLOSURES

Dr. Sheth reported that, having found no basis to proceed, the Committee elected to close the following complaints without further action or disciplinary process:

Complaint Number	Respondent's Name
21-143-W	Bryan Scott Stafford, PA
21-66-W	Peter Matthew Antall, MD
21-114-W	Gene Bermejo Duremdes, MD

INITIATED COMPLAINTS

Dr. Steele reported that the Complaint Committee elected to initiate the following Committee complaints:

Initiated Complaint Number			
22-39-W	22-40-W	22-41-W	22-42-W
22-43-W	22-44-W	22-45-W	22-46-W

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer nine Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that the following Consent Orders, previously authorized by the Board, were entered between March 14, 2022 and May 13, 2022:

Licensee Name and Complaint Number	Order Entry Date	Summary and Terms
Walid Mohamed Radwan, MD 19-70-W	April 18, 2022	This Amended Consent Order publicly reprimanded Dr. Radwan in resolution of Complaint No. 19-70-W. The Amended Consent Order also dissolved all prior terms and conditions placed upon Dr. Radwan's medical license pursuant to his 2015 Consent Order, which limited his practice to his former training program.
Rose Onyinyechi Uradu, MD 20-38-W	March 14, 2022	This Consent Order publicly reprimanded Dr. Uradu for her inaccurate renewal application responses in 2017 and 2019.

All Consent Orders are available for review on the Board's website.

Prior to today's meeting, the current Consent Order and a proposed Order Terminating Consent Order for Ollie Joseph Jackson, III, MD, Complaint No. 19-155-W, made available for members to review. Dr. Sheth reported that on July 29, 2020, the Board and Ollie Joseph Jackson, III, MD, license number 27313, entered into a Consent Order that placed Dr. Jackson's license on a probationary status for a period of thirty-five months, with specific terms and conditions. The Consent Order imposed reciprocal discipline based upon action taken against Dr. Jackson by the Medical Board of California. On January 11, 2022, the Board received Dr. Jackson's Petition for Early Release of Medical License from Probationary Status. Dr. Jackson has completed a minimum of one (1) year of probation in West Virginia, has submitted evidence of successful release from probation in California, and his California license has been restored to unrestricted status. The Committee recommended and moved that the Board enter an Order terminating Dr. Jackson's Consent Order. The motion of the Committee was given by Dr. Sheth, and the motion carried.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Mr. Spangler announced that with regard to the eight rules which were discussed during the Legislative Committee Report, each of the rules, with the exception of W. Va. Code R. § 11-14-1 et seq., will become effective on June 1, 2022. W. Va. Code R. § 11-14-1 et seq. will become effective on July 1, 2022. Once effective, pursuant to the amended rule, all current emergency registrations will terminate on August 30, 2022 or five days after the State of Emergency is lifted, whichever is sooner. In order to treat patients located in West Virginia after an emergency registration terminates, the provider must hold either a West Virginia license or an interstate telehealth registration.

CLOSING
ANNOUNCEMENTS

Mr. Spangler announced the the 2023 Fedration of State Medical Boards' Annual Meeting will be held in Minnesota. He strongly encouraged members to attend the meeting.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried. **ADJOURNMENT**

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the May 14, 2022 meeting. Dr. Kukkillaya moved that the Committee approve the minutes. Mr. Tipton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee elected to consider agenda items in the returning discussions section of the meeting agenda while waiting for the first scheduled appearance.

The Committee reviewed and discussed the request to withdraw the application of **Kathleen Mary Sheridan, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant Dr. Sheridan's withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS
WITHDRAW**

The Committee reviewed and discussed the application of **Jianyi Zhang, MD** for medical licensure. Rev. Harman moved that the Committee keep Dr. Zhang's application on hold pending information related to the disposition of the matter before the Virginia Board of Medicine. Dr. Kukkillaya seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee received an update on the application of **Anthony Jude Stephens, MD** for medical licensure. Dr. Stephens appeared before the committee at its March 2022 meeting. The Committee placed his application on hold pending receipt of updated information related to his work history and training. Dr. Stephens provided some additional information, however the Committee determined that Dr. Stephens' training and work history remain incomplete. Rev. Harman moved that the Committee offer Dr. Stephens' the opportunity to withdraw his application for medical licensure. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the request to withdraw the application of **Hugh Anthony Smith, MD** for medical licensure. Dr. Kukkillaya moved that the Committee recommend that the Board grant Dr. Smith's withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds' application expired on June 9, 2022, and communication to that effect was forwarded to the applicant.

The Committee reviewed and discussed the application of **Mohamed Maznawi Zawahir, MD** for medical licensure. Rev. Harman moved that the Committee offer Dr. Zawahir the opportunity to withdraw his application for medical licensure. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee resumed consideration of appearing applicants at this time.

Ramazan Kamil Peker, MD appeared before the Committee via Zoom in support of his application for medical licensure. After a thorough discussion with Dr. Peker, Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

The Committee considered agenda items in the new discussions section of the meeting agenda while awaiting the next scheduled appearance.

The Committee reviewed and discussed the application of **Ahmed Abdelhalim Abdelaziz Ali, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Fernando Luis Arzola, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Binor Berihu Said, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board

grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee returned to consideration of appearing applicants.

Jennifer Aylestock Myhre, MD appeared before the Committee via Zoom in support of her application for medical licensure. After a thorough discussion with Dr. Myhre, Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

**APPEARING
APPLICANTS**

Scott David Myhre, MD appeared before the Committee via Zoom in support of his application for medical licensure. After a thorough discussion with Dr. Myhre, Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Michael Antonio Reynolds, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Reynolds, Dr. Kukkillaya moved that the Committee recommend that the Board offer the applicant licensure via Consent Order which:

1. Requires Dr. Reynolds to continue participation in the West Virginia Medical Professionals Health Program for five years from the date of Consent Order entry;
2. Restricts his license to the practice of Addiction Medicine;
3. Requires an annual appearance before the Licensure Committee to discuss his practice and wellbeing;
4. For five years, Dr. Reynolds shall submit quarterly logs of all controlled substances he prescribes;

5. He shall be subject to random controlled substance prescribing audits for a five-year period; and
6. After the Consent Order has been in effect for one year, Dr. Reynolds may petition to modify the terms of the Consent Order at reasonable intervals not to exceed once per year.

Mr. Tipton seconded the motion, and the motion carried.

Abbie Louise Fields, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Fields, Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Jeremiah William Hayanga, MD appeared before the Committee in support of his application to convert his medical school faculty license to a restricted license in extraordinary circumstances pursuant to W. Va. Code § 30-3-10(e). After a thorough discussion with Dr. Hayanga, and after reviewing the requirements for extraordinary circumstance licensure, Mr. Tipton moved that the Committee recommend to the Board that Dr. Hayanga's request for license conversion be approved, and that he be issued a restricted license in extraordinary circumstances based upon the following findings:

1. Dr. Hayanga has exceptional education, training and practice credentials, including:
 - a. He completed his medical education, at Royal College of Surgeons in Ireland, and subsequently received a Masters of Public Health from Johns Hopkins University and a Masters in Healthcare Leadership from Brown University.

2006-2007	University of Michigan Ann Arbor, Michigan	Fellowship Surgical Critical Care
2008-2009	University of Michigan Ann Arbor, Michigan	Categorical PGY-4 General Surgery
2009-2010	University of Michigan Ann Arbor, Michigan	Categorical PGY-5 General Surgery
2010-2012	University of Washington Seattle, Washington	Cardiothoracic Surgery
2012-2013	University of Pittsburgh Medical Center Pittsburgh, Pennsylvania	Fellowship – Cardiothoracic Surgery Transplant/Ventricular Assist Device

- c. Dr. Hayanga has held academic appointments at University of Michigan, Michigan State University, University of Pittsburgh and West Virginia University. Most recently he has held the following faculty and academic appointments at West Virginia University pursuant to a medical school faculty license:

Professor, Department of Cardiovascular and Thoracic Surgery
Medical Director, Heart and Vascular Institute Division of Research
Director, ECMO
Director, Quality for Division of Thoracic Surgery
Co-Director, Outreach in Thoracic Surgery
Director, Lung Transplant Program

- d. As Director of the ECMO program at WVU, Dr. Hayanga has, and continues to play, a critical role in the COVID pandemic response. He has evaluated over 1000 patients during the pandemic and has counseled nearly 50 programs internationally on the use of ECMO for COVID-19. Dr. Hayanga has also served in an advisory capacity to the Department of Health and Human Services.
- e. Dr. Hayanga has personally authored, or co-authored, well over one hundred and fifty publications related to his areas of medical expertise. During his four-year tenure as Director of Research at WVU Heart and Vascular Institute, it has published over 700 publications in the medical literature.
- f. Dr. Hayanga holds the following Board-certifications:

Certification	Certification Board
General Surgery	American Board of Surgery
Surgical Critical Care	American Board of Surgery
Cardiothoracic Surgery	American Board of Thoracic Surgery

- g. Dr. Hayanga has received numerous awards throughout his training, education and career, including awards for leadership, scholarship and teaching. Recent examples include having been named a Johns Hopkins Leadership Fellow in 2021, having been awarded first place in association with the Brown University Master Healthcare Leadership Capstone, and having received the Best Teacher Award for the WVU Department of Cardiovascular and Thoracic Surgery.
 - h. Dr. Hayanga participates in Leadership for N3C Cardiothoracic and Vascular Study Domain Team. He also serves on the Advisory Council of Health Quality Enterprise, the Ad Hoc Taskforce of CMS Workforce, the State Joint Interagency Task Force on Health Care Prevention Focused on Hypertension, and several Workforce groups for the Society of Thoracic Surgery.
2. Dr. Hayanga's practice in the state would be beneficial to the public welfare in many ways. He would continue to treat patients with active COVID-19 with the ECMO support team. Dr. Hayanga is one of only three trained Cardiothoracic transplant surgeons in West Virginia. Additionally, Dr. Hayanga offers treatment for coal worker pneumoconiosis through a clinic dedicated to end stage disease and pneumoconiosis.
 3. Dr. Hayanga's specialty is cardiothoracic surgery and there is a need for this specialty in West Virginia. Dr. Hayanga is one of only three trained Cardiothoracic transplant surgeons in West Virginia.
 4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-10(b). While Dr. Hayanga's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state, his subsequent training, education and experience as detailed in these findings satisfy this requirement.
 5. Dr. Hayanga has no professional discipline which would render him ineligible for an extraordinary circumstances license.
 6. Dr. Hayanga is eligible for a restricted license in extraordinary circumstances. Based upon these findings, the Committee recommends that the Board approve the conversion of Dr. Hayanga's medical school faculty license to a restricted license

in extraordinary circumstances restricted to the practice of cardiothoracic medicine and surgery.

Mr. Tipton further moved that while the license be converted to a restricted license in extraordinary circumstances, it is restricted to the practice of cardiothoracic medicine and surgery within the State of West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

Dr. Donatelli has joined the meeting at this time via teleconference.

The Committee received and reviewed a list of one hundred twenty-three initial medical license applicants whose applications did not require appearances or individualized discussions. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. Dr. Lilly declared a personal conflict with applicant Gregory Alexander Darnell, MD. Dr. Lilly participated on a committee that interviewed and hired Dr. Darnell to work in the same practice. Dr. Lilly appointed Rev. Harman to chair the meeting in his absence and left the meeting. With a quorum present and voting, Mr. Tipton moved that the Committee approve Gregory Alexander Darnell, MD and recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

Dr. Lilly has rejoined the meeting and Dr. Donatelli left the meeting.

Members of the Committee reviewed the remaining list for conflicts. No conflicts having been declared, Dr. Kukkillaya moved that the Committee approve the remaining initial medical licensure applicants and recommend that the Board grant each applicant a license

to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in May and June 2022:

- IMLC Medical Licenses
- IMLC Letters of Qualifications (LOQs)
- IMLC Redesignation of State of Principal Licensure
- Interstate Telehealth Registrations
- Educational and Reciprocal Educational Permits
- Reinstatement of Medical Licensure
- Reactivation of Medical Licensure
- Change in Status of Medical Licensure
- Emergency Practice Registrations

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 2.

The Committee received an update on 2022 renewals. On May 4, 2022 renewal for MD licensure for those with last names A-L and all related Controlled Substance Practitioner Registration, Educational Permits and PLLCs began. Renewal concluded on June 30, 2022. The Committee received renewal statistics for all categories of renewal:

On August 17, 2022, Michael Antonio Reynolds, MD and the Board entered into a Consent Order which issued Dr. Reynolds a medical license and restricted his practice in West Virginia to the specialty of addiction medicine with additional terms and conditions regarding his participation in an approved program and his maintenance of controlled substance prescribing logs.

A Copy of this Consent Order is available on the Board's website.

The Committee elected to consider agenda items in the returning discussions section of the meeting agenda while waiting for the first scheduled appearance.

The Committee reviewed and discussed the request to withdraw the application of **Jianyi Zhang, MD** for medical licensure. Dr. Kukkillaya moved that the Committee recommend that the Board grant Dr. Zhang's withdrawal request. Ms. Takubo seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS
WITHDRAW**

The Committee reviewed and discussed the request to withdraw the application of **Mohamed Maznawi Zawahir, MD** for medical licensure. Dr. Kukkillaya moved that the Committee recommend that the Board grant Dr. Zawahir's withdrawal request. Mr. Wooton seconded the motion, and the motion carried.

The Committee received an update on the application of **Anthony Jude Stephens, MD** for medical licensure. Dr. Stephens appeared before the committee at its March 2022 meeting. The Committee placed his application on hold pending receipt of updated information related to his work history and training. Dr. Stephens provided some additional information, however the Committee determined that Dr. Stephens' training and work history remain incomplete. Dr. Kukkillaya moved that the Committee continue Dr. Stephens' application on hold. Mr. Wooton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee reviewed and discussed the application of **Annette Guadalupe Folgueras, MD** for medical licensure. Mr. Tipton moved that the Committee place Dr. Folgueras' application on hold pending receipt of supplemental information related to disciplinary action taken against her license by the Delaware Medical Board. Dr. Kukkillaya seconded the motion, and the motion carried

The Committee reviewed and discussed the application of **Ogaga Nyerovwo Urhie, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Urhie's appearance at its November 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Morgan Leigh Bush, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Bush's appearance at its November 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Matthew Craig Cindric, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **John Brooks Sanders, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Anthony Paul Geraci, MD** for medical licensure. Ms. Takubo moved that the Committee place Dr. Geraci's application on hold pending additional information regarding the resolution of the

complaint with the Texas Medical Board. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jonathan Joseph Acra, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Acra's appearance at its November 2022 Committee Meeting. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **William-Zakee Howard McGill, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. McGill's appearance at its November 2022 Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **William Blank, MD** for medical licensure. Ms. Takubo moved that the Committee offer Dr. Blank the opportunity to withdraw his application for medical licensure. Mr. Tipton seconded the motion, and the motion carried.

The Committee returned to consideration of the appearing applicant.

Brian Delaney Houston, MD appeared before the Committee in support of his application for reactivation of medical licensure. After a thorough discussion with Dr. Houston, Ms. Takubo moved that the Committee recommend that the Board grant the reactivation of medical licensure to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

The Committee received and reviewed a list of one hundred eighteen initial medical license applicants whose applications did not require appearances or individualized

discussions. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Dr. Kukkillaya moved that the Committee approve the initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee received and reviewed a list of two initial podiatric medical license applicants whose applications did not require appearances or individualized discussions. The list of two initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Dr. Kukkillaya moved that the Committee approve the identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in July and August 2022:

- IMLC Medical Licenses
- IMLC Letters of Qualifications (LOQs)
- IMLC Redesignation of State of Principal Licensure
- Interstate Telehealth Registrations
- Educational and Reciprocal Educational Permits
- Reinstatement of Medical Licensure
- Reactivation of Medical Licensure
- Change in Status of Medical Licensure
- Emergency Practice Registrations

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

There being no further business, Dr. Kukkillaya moved that the meeting be **ADJOURNMENT** adjourned. Mr. Tipton seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

November 12, 2022

The Licensure Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Charleston, West Virginia, on November 12, 2022 at 10:00 am.

The following Committee members were present:

Kiran R. Patel, MD, Licensure Committee Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Victoria L. Takubo, PA

The following Committee members were absent:

Timothy J. Donatelli, DPM
Christopher J. Tipton, PA
Russell O. Wooton

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Sheree J. Thompson

With a quorum present, Dr. Patel called the meeting to order. The Committee reviewed the minutes for the September 10, 2022 meeting. Ms. Takubo moved that the Committee approve the minutes. Dr. Kukkillaya seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

William-Zakee Howard McGill, MD appeared via Zoom before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. McGill, Rev. Harman moved that due to Dr. McGill's lengthy absence from clinical practice, his application be placed on hold. Rev. Harman further moved that the Committee recommend Dr. McGill contact the Center for Personalized Education for Professionals ("CPEP") to schedule, at his own expense, a readiness to return to practice assessment of his clinical skills and knowledge. Once results of the evaluations have been received, the Committee will take the results into consideration in conjunction with a plan of re-entry. Dr. Kukkillaya seconded the motion, and the motion carried.

Morgan Leigh Bush, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Bush, Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

Ogaga Nyerovwo Urhie, MD was scheduled to appear before the Committee in support of his application for medical licensure. Dr. Urhie submitted a request to withdraw his application for medical licensure. The Committee reviewed and discussed the request to withdraw the application of Dr. Urhie for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant Dr. Urhie's withdrawal request. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee elected to consider agenda items in the returning discussions section of the meeting agenda while waiting for the Committee's next scheduled appearance.

The Committee reviewed and discussed the request to withdraw the application of **William Blank, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant Dr. Blank's withdrawal request. Dr. Kukkillaya seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS
WITHDRAW**

The Committee received an update on the application of **Anthony Jude Stephens, MD** for medical licensure. Dr. Stephens appeared before the committee at its March 2022 meeting. The Committee placed his application on hold pending receipt of updated information related to his work history and training. Dr. Stephens provided some additional information, however the Committee determined that Dr. Stephens' training and work history remain incomplete. Dr. Stephens' application expired on September 23, 2022.

**RETURNING
DISCUSSIONS**

The Committee received an update on the application of **Anthony Paul Geraci, MD** for medical licensure. Dr. Geraci's application remains on hold pending additional information regarding the resolution of the complaint with the Texas Medical Board.

The Committee reviewed and discussed the application of **Annette Guadalupe Folgueras, MD** for medical licensure. Having received and reviewed the supplemental information it requested, Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

At this time, the Committee returned to consideration of the next scheduled appearing applicant.

Jonathan Joseph Acra, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Acra, Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

The Committee reviewed and discussed the application of **Michael Adrian Daniels MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Ronald Glenn Rosen, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Eric Lup-Sing Lo, MD** for medical licensure. Dr. Kukkillaya moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Leah C. Blanton Adeniyi, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jacob Joseph Meisenburg, DPM** for podiatric licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice podiatric medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Loubna Toufik Scally, MD** for reactivation of medical licensure. Ms. Takubo moved that the Committee request

Dr. Scally's appearance at its January 2023 Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Alon Tatsas, MD** for reactivation of medical licensure. Rev. Harman moved that the Committee request Dr. Tatsas' re-take the Special Purpose Examination ("SPEX"). If Dr. Tatsas declines to retake the SPEX, Rev. Harman further moved that the Committee offer the opportunity to withdraw his reactivation application. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Eugene Lee Kim, MD** for administrative medicine licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice administrative medicine in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Luis Emilio Gomez, MD** for medical licensure. Ms. Takubo moved that the Committee request that Dr. Gomez supplement his application and appear before the Committee at its January 2023 Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jeniffer Ann Ronan, MD** for medical licensure. Ms. Takubo moved that the Committee place Dr. Ronan's application on hold, pending resolution of the criminal charge currently pending against her in the Commonwealth of Kentucky. Rev. Harman seconded the motion, and the motion carried.

The Committee received and reviewed a list of eighty-eight initial medical license applicants whose applications did not require appearances or individualized discussions. A

complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in September and October 2022:

- IMLC Medical Licenses
- IMLC Letters of Qualifications (LOQs)
- IMLC Redesignation of State of Principal Licensure
- Interstate Telehealth Registrations
- Educational and Reciprocal Educational Permits
- Reinstatement of Medical Licensure
- Reactivation of Medical Licensure
- Change in Status of Medical Licensure
- Emergency Practice Registrations

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 2.

The Committee received and reviewed the USMLE Annual and Quarterly Reports.

The Committee reviewed updated instructions for medical licensure applications which utilize the Uniform Application, and forms for use by administrative medicine license applicants. Rev. Harman moved that the Committee approve the updated instructions and the administrative medicine application forms and authorized staff to begin using them effective immediately. Ms. Takubo seconded the motion and the motion carried.

The Committee discussed the process to convert a license restricted to administrative medicine to an administrative medicine license. Ms. Takubo moved that the Committee

direct staff to engage in outreach with licensees who are currently restricted to the practice of administrative medicine via a licensure Consent Order to determine if they are interested in converting their licenses to an administrative medicine license. Additionally, Board staff is authorized to develop a form and application process for those who express interest. Rev. Harman seconded the motion and the motion carried.

There being no further business, Ms. Takubo moved that the meeting be adjourned. **ADJOURNMENT**
Rev. Harman seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE
Licensure Committee Meeting Minutes
January 7, 2023

The Licensure Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Charleston, West Virginia, on January 7, 2023 at 10:00 am.

The following Committee members were present:

Kiran R. Patel, MD, Licensure Committee Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Victoria L. Takubo, PA
Christopher J. Tipton, PA
Russell O. Wooton

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Patel called the meeting to order. The Committee reviewed the minutes for the November 12, 2022 meeting. Dr. Kukkillaya moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

Loubna Toufik Scally, MD appeared via Zoom before the Committee in support of her application for reactivation of medical licensure. After a thorough discussion with Dr. Scally, Ms. Takubo moved that the Committee recommend that the Board grant the

APPLICANTS**

applicant reactivation of licensure to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Luis Emilio Gomez, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Gomez, Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the request to withdraw the application of **Alon Tatsas, MD** for reactivation of medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant Dr. Tatsas' withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS
WITHDRAW**

The Committee received an update on the application of **Anthony Paul Geraci, MD** for medical licensure. Dr. Geraci's application remains on hold pending additional information.

**RETURNING
DISCUSSIONS**

The Committee received an update on the application of **Jeniffer Ann Ronan, MD** for medical licensure. Dr. Ronan's application remains on hold pending additional information.

The Committee reviewed and discussed the application of **William Zakee Howard McGill, MD** for medical licensure. After reviewing the proposed re-entry plan to clinical practice that Dr. McGill submitted, Dr. Kukkillaya moved that the Committee recommend that the Board reject Dr. McGill's proposed plan of re-entry and recommend that Dr. McGill undergo a skills and knowledge assessment at the Center for Personalized Education for Professionals (CPEP). Alternatively, if Dr. McGill is not agreeable to the CPEP assessment process, the Committee requests that Dr. McGill take and pass the Federation of State Medical Board's Special Purpose Examination (SPEX) to assess his

current fund of clinical knowledge. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Saira Hassan MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Hassan's appearance at its March 2023 Committee Meeting. Dr. Kukkillaya seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Maricelina Doreley Caro, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Walter David Smith, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Beatrice Guadalupe Zepeda, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Julie Ann Taylor, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Taylor's appearance at its March 2023 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Michael McLaren Zilles, MD** for reactivation of medical licensure. Dr. Kukkillaya moved that the Committee

request Dr. Zilles's appearance at its March 2023 Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Constance Wadell Beckom, MD** for change of status from inactive to active medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant's change of status from inactive to active licensure to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion. Rev. Harman abstained from the vote. The motion carried.

The Committee received and reviewed a list of sixty-three initial medical license applicants whose applications did not require appearances or individualized discussions. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee received and reviewed a list of four initial podiatric medical license applicants whose applications did not require appearances or individualized discussions. A complete list of the initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in November and December 2022:

- IMLC Medical Licenses
- IMLC Letters of Qualifications (LOQs)
- IMLC Redesignation of State of Principal Licensure
- Interstate Telehealth Registrations
- Educational and Reciprocal Educational Permits
- Reinstatement of Medical Licensure
- Reactivation of Medical Licensure
- Change in Status of Medical Licensure
- Emergency Practice Registrations

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received an update on the continued growth and expansion of the IMLCC.

In conjunction with the Committee's monitoring of a Consent Order, Rev. Harman moved that the Committee request the appearance of Michael Antonio Reynolds, MD at its March 2023 meeting. Mr. Tipton seconded the motion and the motion carried.

There being no further business, Ms. Takubo moved that the meeting be adjourned. **ADJOURNMENT**
Rev. Harman seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

March 11, 2023

The Licensure Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Charleston, West Virginia, on March 11, 2023 at 10:00 am.

The following Committee members were present:

Kiran R. Patel, MD, Licensure Committee Chair
Kiran S. Devaraj, MD
Douglas S. Dockery, DPM
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Victoria L. Takubo, PA

The following Committee member was absent:

Russell O. Wooton

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Patel called the meeting to order. The Committee reviewed the minutes for the January 7, 2023 meeting. Rev. Harman moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee elected to consider agenda items in the returning discussions section of the meeting agenda while waiting for the Committee's first scheduled appearance.

The Committee reviewed and discussed the request to withdraw the application of **William Zakee Howard McGill, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant Dr. McGill's withdrawal request. Dr. Kukkillaya seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS
WITHDRAW**

The Committee reviewed and discussed the application of **Jeniffer Ann Ronan, MD** for medical licensure. Rev. Harman moved that the Committee requests Dr. Ronan's appearance at its April 2023 Committee Meeting and request that Dr. Ronan update her Uniform Application and other application components before the April 2023 Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee reviewed and discussed the application of **Anthony Paul Geraci, MD** for medical licensure. Ms. Takubo moved that the Committee extend the expiration of Dr. Geraci's pending application for medical licensure until May 1, 2023 to ensure that Dr. Geraci has the opportunity to update his application and it can be considered by the Committee at its next meeting. Dr. Devaraj seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David Lee Namay, MD** for change of status from inactive to active medical licensure. Mr. Tipton moved that the Committee request Dr. Namay's appearance at its April 2023 Committee Meeting. Dr. Kukkillaya seconded the motion, and the motion carried.

**NEW
DISCUSSION**

At this time, the Committee returned to consideration of the first scheduled appearing applicant.

Saira Hassan, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Hassan, Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Devaraj seconded the motion, and the motion carried.

Julie Ann Taylor, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Taylor, Dr. Kukkillaya moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Devaraj seconded the motion, and the motion carried.

Michael McLaren Zilles, MD was scheduled to appear before the Committee in support of his application for reactivation of expired medical licensure. Dr. Zilles has requested to defer his appearance until the April 2023 Committee Meeting due to a work commitment out of the country. Dr. Kukkillaya moved that the Committee grant Dr. Zilles' request to defer his appearance until the April 2023 Committee Meeting. Dr. Devaraj seconded the motion, and the motion carried.

Thomas Frederick Harman, MD was scheduled to appear before the Committee in support of his application for a change of status from inactive to active medical licensure. Dr. Harman has requested to defer his appearance until the April 2023 Committee Meeting. Rev. Harman moved that the Committee grant Dr. Harman's request to defer his appearance until the April 2023 Committee Meeting. Dr. Kukkillaya seconded the motion, and the motion carried.

Michael Antonio Reynolds, MD appeared before the Committee pursuant to his August 17, 2022 Consent Order. The Committee reviewed Dr. Reynolds' prescribing log for the last two quarters. After a thorough discussion with Dr. Reynolds, Dr. Dockery

moved that the Committee direct Board staff to provide clear instructions to Dr. Reynolds confirming that his practice of medicine, including his controlled substance prescribing, is limited to the specialty of addiction medicine. Dr. Devaraj seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Perry Meadows, MD** for reactivation of expired medical licensure. Ms. Takubo moved that the Committee request Dr. Meadows' appearance at its April 2023 Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Sudhir Arumanla, MD** for medical licensure. Dr. Devaraj moved that the Committee recommend that the Board accept Dr. Arumanla's medical school education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Carl Thomas Hasselman, MD** for medical licensure. Dr. Devaraj moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jeffrey Brewer Graham, MD** for medical licensure. Dr. Devaraj moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Yuto Nakafuku, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Nakafuku's appearance at its April 2023 Committee Meeting. Dr. Devaraj seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Julie Lynn Waddell, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Waddell's appearance at its April 2023 Committee Meeting. Dr. Devaraj seconded the motion, and the motion carried.

The Committee received and reviewed a list of one hundred thirteen initial medical license applicants whose applications did not require appearances or individualized discussions. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee received and reviewed a list of four initial podiatric medical license applicants whose applications did not require appearances or individualized discussions. A complete list of the initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. Dr. Dockery declared a conflict with applicant Richard Walter Conley, DPM indicating that Dr. Dockery's podiatric practice interviewed and hired Dr. Conley. Dr. Dockery left the meeting. Dr. Kukkillaya moved that the Committee approve Richard Walter Conley, DPM and recommend that the Board grant the applicant a license to practice podiatric medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

Dr. Dockery rejoined the meeting at this time.

Members of the Committee reviewed the remaining list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the remaining initial podiatric medical license applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in January and February 2023:

- Change in Status of Medical Licensure
- Emergency Practice Registrations

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received a report on bills that passed during the 2023 Legislative session and which relate to the work of the Committee

The Committee received a report on 2023 renewal. In addition to the PA renewal Interstate Telehealth Registration renewal is ongoing and concludes on March 31, 2023. Renewal for M-Z physicians, all podiatric physicians, corresponding controlled substance registrations, educational permits and PLLCs will begin on May 3, 2023 and end at 4:30pm EDT on June 30, 2023.

The Committee received an update regarding the Physician Data Center. The PDC is a service offered by the Federation of State Medical Boards that validates licensure, disciplinary and board certification data for physicians and physician assistants. This

report is utilized by the Licensure and PA Committees in evaluating license applications for MDs and PAs. Board staff noticed some anomalies in the PDC reports with respect to data reported for former West Virginia licensees. As a result, staff engaged in outreach with PDC staff and have identified that the anomalies relate to a misunderstanding of the cohort of data to be reported, and the mapping of the data received. The Board will be working with the PDC to provide additional data and remap the license status categories we report. As they begin this project, staff raised with the Committee the fact that we have multiple license statuses which are antiquated and were previously set in state code, but are no longer consistent with the Medical Practice Act and the Physician Assistant Practice Act. Some of these statuses have negative implications, although they are functionally neutral and essentially equivalent to license expiration. The administrative suspension statuses relate to electing not to renew when an assessment was imposed in the early 2000s, and electing to not renew between 1993 and 2007, without providing a non-renewal notice to the Board. Dr. Kukkillaya moved that the Committee recommend that the Board authorize staff to update the license status for all MD, DPM and PA licenses with a lapsed, terminated or administrative suspension status to expired status. Dr. Devaraj seconded the motion, and the motion carried.

There being no further business, Ms. Takubo moved that the meeting be adjourned. **ADJOURNMENT**

Dr. Kukkillaya seconded, the motion carried and the meeting adjourned.

Victoria L. Takubo, PA
Acting Chair of the Licensure Committee

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
July 10, 2022

The West Virginia Board of Medicine's Executive/Management Committee met at 11:00 am on July 10, 2022, at the board office.

The following committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Angela A. Mayfield
Ashish P. Sheth, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.

The following members of the public were present via teleconference for a portion of the meeting:

Kenton Pleger
Beth Carrison

Dr. Challa called the meeting to order, and attendance was documented by Ms. Cross.

**CALL TO
ORDER**

Mr. Pleger and Ms. Carrison provided comments to the Committee concerning a specific tick-borne illness, alpha-gal syndrome, and the need to provide education and outreach to health care providers regarding the illness. The Committee expressed its appreciation to Mr. Pleger and Ms. Carrison. The guests left the meeting at this time.

**PUBLIC
COMMENTS**

Prior to today's meeting, a copy of the draft May 13, 2022 meeting minutes were made available for members to review. Dr. Sheth moved that the minutes of the Committee's May 13, 2022 meeting be approved. Ms. Mayfield seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today's meeting a copy of the fiscal reports and purchasing card transactions for the months of May and June 2022 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the fiscal reports and the purchasing card transactions for the months of May and June 2022 be accepted. Dr. Amjad seconded the motion, and the motion carried.

Prior to today's meeting, correspondence that was received regarding the tick-borne illness, alpha-gal syndrome, was made available for members to review. Dr. Sheth moved that the Board liaise with the West Virginia Bureau for Public Health to provide information on this general subject matter to Board of Medicine licensees via the Board's newsletter, including providing links to the Center for Disease Control and Preventions website on tick-borne illness. Dr. Amjad seconded the motion, and the motion carried.

Prior to today's meeting, correspondence that was received regarding W. Va. Code R. § 11-9-1 *et seq.*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*, was made available for members to review. Mr. Spangler reported that the correspondence requests that the Board of Medicine consider amending W. Va. Code R. § 11-9-1 *et seq.* to more closely resemble surrounding states. Dr. Sheth moved that the Committee authorize Board staff to contact the West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners to see if they have any recommendations regarding amendments to the rule. Dr. Amjad seconded the motion, and the motion carried.

Prior to today's meeting, correspondence that was received requesting Board of Medicine ratification of a corporate name was made available for members to review. Mr. Spangler reported that the correspondence requests that the Board issue a waiver to permit a corporation which employs advanced practice registered nurses to provide drug rehabilitation services to use the term "Medical" in its corporate name. The West Virginia Secretary of State's Office has notified the business that it requires a waiver prior to accepting the business name on corporate registration materials. Dr. Sheth moved that the Committee authorize Board staff to respond that the Board has concerns with the use of the term "Medical" in the corporate name when the services are not provided by licensed physicians, and therefore respectfully declines to provide the requested

waiver. Ms. Mayfield seconded the motion, and the motion carried. Board staff will engage in dialog with the Secretary of State's Office concerning corporate name issues and how the Board can assist in ensuring transparency in corporate names for health care providers.

Prior to today's meeting, correspondence that was received from Madhav Chowdhry, MD was made available for members to review. Mr. Spangler reported that based upon the results of an investigation conducted by the United States Medical Licensing Examination (USMLE) Program's Committee for Individualized Review, Dr. Chowdhry was barred from taking Step II of the USMLE for a period of three years. Thereafter, to sit for the Step II examination, the USMLE requires Dr. Chowdhry to have a medical board sponsor. Dr. Chowdhry is requesting sponsorship from the Board to sit for the USMLE Step II examination. This request is not a request for a waiver of the four attempt limit. Based upon the information provided by Dr. Chowdhry, Dr. Amjad moved that the Committee recommend that the Board sponsor Dr. Chowdhry to take the USMLE Step II examination when he becomes eligible in March 2023. Ms. Mayfield seconded the motion, and the motion carried.

Prior to today's meeting, the following policies, which were recently adopted by the Federation of State Medical Boards, were made available for members to review:

- *Professional Expectations Regarding Medical Misinformation and Disinformation*
- *The Appropriate Use of Telemedicine Technologies in the Practice of Medicine*
- *Diversity, Equity and Inclusion in medical Regulation and Patient Care*
- *Emergency Preparedness and Response*

Mr. Spangler reported that the policies are provided for information purposes only at this time. No action was taken with regard to the policies.

Mr. Spangler provided the following update regarding litigation matters in which the Board of Medicine is a party to the litigation:

- The Kanawha County Circuit Court dismissed the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court's dismissal of his claim.

Mr. Spangler provided an update regarding the following litigation matters in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* was decided in favor of the defendants on July 4, 2022.
- Mass Litigation Panel Opioid Litigation has, at least with respect to some defendants, been settled.

Prior to today's meeting, a copy of the draft Regulatory Board Review Audit and Recommendations from the Legislative Auditor's Office was made available for members to review. Mr. Spangler reported that he will appear before the West Virginia Legislature later this month to respond to the audit, and asked members to maintain the confidentiality of the draft document until it is officially published by the Legislative Auditor's Office. Dr. Sheth moved that the Committee accept the recommendations of the Legislative Auditor's Office, and direct staff to respond via letter noting the Board's appreciation of the thoroughness of audit and its acceptance of recommended findings. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the Board has entered into a one-year change order to continue with the Board's current database vendor, Big Picture. Mr. Spangler further reported that the Board has outgrown the current database and is in need of a new one. Dr. Sheth moved that the Committee authorize Board staff to place the database out for bid. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the Board's Application Review Workgroup has been established and is scheduled to meet on July 22, 2022.

Mr. Spangler reported that the renewal period for medical doctors whose last names begin with the letter A through L, controlled substance dispensing practitioner registration renewal for physicians whose last names begin with the letter A through L, education permits and professional limited liability companies concluded at 4:30 pm EDT on June 30, 2022. Prior to today's meeting, a copy of the 2022 Renewal Statistics was made available for members to review.

Mr. Spangler reported that the Board's Fiscal Officer, Deborah D. Scott, will be retiring at the end of July. Tammi J. Chapman has been hired to fill the fiscal officer position. Ms. Chapman is scheduled to start her employment tomorrow, July 11, 2022. The Board wishes Ms. Scott the best in her future endeavors and is looking forward to working with Ms. Chapman.

Mr. Spangler reported that the Board's COVID-19 office protocols remain in place.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Ms. Mayfield seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
September 11, 2022

The West Virginia Board of Medicine's Executive/Management Committee met at 11:30 am on September 11, 2022, at the board office.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Executive/Management Committee Chair
Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD
Angela A. Mayfield

The following committee member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

The following board member attended a portion of the meeting:

David A. Mullins, MD

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the draft July 10, 2022 meeting minutes were made available for members to review. Dr. Challa moved that the minutes of the Committee's July 10, 2022 meeting be approved. Ms. Mayfield seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today's meeting a copy of the fiscal reports and purchasing card transactions for the months of July and August 2022 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Challa moved that the fiscal reports and the purchasing

card transactions for the months of July and August 2022 be accepted. Ms. Mayfield seconded the motion, and the motion carried.

Prior to today's meeting a proposed *COVID-19 Office Protocol/Procedure* was made available for members to review. The protocol/procedure incorporates current recommendations published by the Center for Disease Control and Prevention regarding COVID-19 isolation and quarantine. Ms. Mayfield moved that staff modify the document to remove an outdated reference to vaccination status. Ms. Mayfield further moved that the Committee recommend that the Board approve the *COVID-19 Office Protocol/Procedure*. Dr. Challa seconded the motion, and the motion carried.

Dr. Mullins joined the meeting at this time and was present for the remainder of the meeting. As he is not a member of the Executive/Management Committee, Dr. Mullins did not participate in Committee deliberations or actions.

Prior to today's meeting, proposed a copy of the Interstate Medical Licensure Compact Commission's (IMLCC) rule on Coordinated Information System, Joint Investigations and Disciplinary Actions was made available for members to review. Mr. Spangler provided an overview of the rule and the proposed modifications and reported that the IMLCC is accepting comments on the rule through September 20, 2022. In light of concerns that the proposed modifications are not in harmony with the language of the Interstate Medical Licensure Compact, and that portions of the new rule are vague and ambiguous, Ms. Mayfield moved that the Committee authorize Board staff to share constructive feedback with the IMLCC regarding the rule and the proposed amendments. Dr. Challa seconded the motion, and the motion carried.

Prior to today's meeting, a copy of correspondence that was received from the West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners was made available for members to review. Mr. Spangler reported that W. Va. Code R. § 11-9-1 *et seq.*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*, became effective on July 1, 2008, and has not been updated since becoming effective. There are currently no radiologist assistants licensed pursuant to this rule. In response to correspondence received from a radiologist assistant who is licensed in another state, at the July

meeting the Committee directed Board staff to reach out to the West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners to obtain their opinion regarding the need for updating the rule. The Imaging Board responded that it is “of the opinion that the regulation needs modernized.” Board staff will begin researching radiologist assistant practice in surrounding states and will report back to the Committee at its November meeting.

Mr. Spangler reminded members that at the July 2022 meeting, the Committee recommended, and the Board approved sponsoring Madhave Chowdhry, MD to sit for Step II of the United States Medical Licensing Examination (USMLE) when he becomes eligible in March 2023. Mr. Spangler reported that communications with the USMLE are ongoing. Board staff will continue to keep the Committee apprised regarding this matter.

Mr. Spangler reported that *J.H. v. West Virginia Board of Medicine* remains pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court’s dismissal of his claim.

Mr. Spangler reported that the Board received a *Summons in a Civil Action* in the matter of *Zachary Knotts and Ellen Heine v. Board of Directors of JW Ruby Memorial Hospital, et. al.* This matter is being handled by the Board of Risk & Insurance Management.

Mr. Spangler reported that the West Virginia Legislative Auditor’s Performance Evaluation & Research Division was scheduled to present the Board of Medicine Regulatory Board Review Audit and Recommendations to the West Virginia Legislature in July 2022; however, the presentation was rescheduled for September 15, 2022. Mr. Spangler reported that he will attend the presentation and will be available to answer any questions, should any arise.

ADJOURNMENT

There being no further business to consider, Ms. Mayfield moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Emergency Meeting Minutes
September 16, 2022

The West Virginia Board of Medicine's Executive/Management Committee held an emergency meeting via teleconference at 2:30 pm on September 16, 2022.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD
Angela A. Mayfield

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, members were provided with correspondence that was provided to the Board alleging that an individual may be engaging in the unauthorized practice of medicine. Mr. Spangler reported that on September 15, 2022, the Board received correspondence which reports that an individual allegedly performed aesthetic medical procedures which resulted in adverse effects including infection. The individual who performed the procedures, which included injection of "fillers", is not licensed by this Board or the West Virginia Board of Osteopathic Medicine. The correspondence asked that the Board "consider this a formal complaint for the unauthorized practice of medicine." Mr. Spangler reviewed the correspondence with the Committee.

**EXECUTIVE
SESSION**

Dr. Lilly moved that the Committee enter into executive session to received legal advice with regard to this matter. Dr. Challa seconded the motion, and the motion carried.

The executive session concluded, and the meeting reentered public session. Dr. Challa moved that the Committee authorize Board staff to investigate the allegations set forth in the correspondence that was received regarding the unauthorized practice of medicine. Such investigation may include conducting interviews, issuing subpoenas, and other investigatory acts that Board staff need to take in order to assist the Committee in making a determination as to what steps need to be taken to ensure public protection. Dr. Lilly seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Lilly seconded the motion, and the motion carried.

**CALL TO
ORDER**

Mr. Spangler reminded members that on September 16, 2022, the Committee authorized Board staff to investigate the allegations set forth in correspondence that was received regarding the unauthorized practice of medicine. Board staff have conducted an investigation, and prior to today's meeting, the documentation related to the investigation was provided to members for review.

**EXECUTIVE
SESSION**

Ms. Mayfield moved that the Committee enter into executive session to received legal advice with regard to this matter. Dr. Lilly seconded the motion, and the motion carried.

Dr. Challa joined the meeting during executive session, and was present for the remainder of the meeting.

The executive session concluded, and the meeting reentered public session. Dr. Lilly moved that the Committee make the following determinations and authorize the following actions:

- (1) the information developed in the course of the investigation identifies a patient safety issue with respect to the potential unauthorized practice of medicine by unlicensed persons, and that no licensees of this board or any other Chapter 30 Board appear to be involved;
- (2) as no licensees of this Board are involved in the practice at Beauty and Beastmode, LLC the Board's complaint process is not equipped to address this public safety issue.
- (3) in order to protect the public, Board staff are directed to consult with the West Virginia Attorney General's Office for assistance in determining the proper course of process; and
- (4) staff are authorized to share the Board's investigatory file with the Attorney General's Office and other law enforcement agencies, and to make a criminal referral to the appropriate law enforcement agency after consultation with the Attorney General, and are further authorized to update the persons interviewed by the Board who engaged with this entity for medical services.

Ms. Mayfield seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
November 13, 2022

The West Virginia Board of Medicine's Executive/Management Committee met at 11:00 am on November 13, 2022, at the Board office.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Executive/Management Committee Chair
Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD

The following committee member attended the meeting via teleconference:

Quartel-Ayne Amjad, MD, MPH

The following committee member did not attend the meeting:

Angela A. Mayfield

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Jamie C. Frame

The following guest attended a portion of the meeting:

Brian A. Gallagher, RPh, JD, Chairman of the Governor's Advisory
Council on Substance Use Disorder

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Mr. Gallagher addressed the Committee regarding efforts to eliminate the stigma related to prescribing buprenorphine for the treatment of individuals with substance use disorder. Mr. Gallagher reported that he is in the process of planning a seminar for health care providers in March 2023, with a goal of removing barriers and stigma that is sometimes associated with prescribing and dispensing medication assisted treatment medications. Following his address, committee members advised Mr. Gallagher that they look forward to receiving additional

information as the project advances and appreciate the importance of removing barriers and stigma related to medication assisted treatment.

Prior to today's meeting, copies of the following draft meeting minutes were made available for members to review:

APPROVAL
OF MINUTES

September 11, 2022

September 16, 2022

October 12, 2022

Dr. Challa moved that the meeting minutes for the three meetings listed above be approved. Dr. Lilly seconded the motion, and the motion carried.

Prior to today's meeting a copy of the fiscal report and purchasing card transactions for the month of September was made available for members to review. A copy of the preliminary fiscal report and purchasing card transactions for the month of October was also made available to members for review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. As the October documents are preliminary, review and approval of the October fiscal report and purchasing card transactions was deferred to the January 2023 meeting. Dr. Challa moved that the fiscal report and the purchasing card transactions for the month of September be accepted. Dr. Lilly seconded the motion, and the motion carried.

Board staff presented the following proposed 2023 board meeting dates for consideration:

January 9, 2023
March 13, 2023
May 8, 2023
July 10, 2023
September 11, 2023
November 13, 2023

Dr. Challa moved that the May 8, 2023 meeting date be changed to May 1, 2023, the November 13, 2023 meeting date be changed to November 6, 2023, and that the meeting dates be presented to the Board for approval. Dr. Lilly seconded the motion, and the motion carried.

Prior to today's meeting, correspondence seeking clarification on what telehealth consultations are permitted without a West Virginia license or registration was made available for member to review. Mr. Spangler reported that providers at a large out-of-state hospital which provides specialized treatment have been able to provide virtual treatment and second opinion services to patients and physicians during the COVID-19 pandemic via emergency declarations. As the emergency declarations will not remain in effect indefinitely, and for planning purposes, the hospital is inquiring whether telehealth consultations are permitted in this state without a West Virginia license or registration. The Committee directed Board staff to reach out to the requestor to obtain additional clarifying information, and to provide specific West Virginia code sections which relate to licensure exemption, and which may be beneficial.

Mr. Spangler reported that earlier this year the Board ceased accepting cash, checks and money orders as forms of payment, and began requiring that all payments be made online via credit card. The West Virginia Treasurer's Office applies a 2.25% convenience fee to all payments made to the Board via credit card transaction. Since 2016, the Board has elected to absorb the convenience fee rather than pass the fee on to licensees and registrants. Dr. Lilly moved that the Committee recommend that the Board continue to absorb the 2.25% convenience fee that is applied to credit card transactions for calendar year 2023 and reevaluate thereafter. Dr. Challa seconded the motion, and the motion carried.

Prior to today's meeting a proposed revised Record Retention and Disposal Schedule was made available for members to review. Mr. Spangler reported that currently the historical record for providers is maintained onsite at the Board Office indefinitely. The proposed revised schedule provides that the historical record for providers will be retained onsite for ten years after the last practice credential has expired, lapsed or otherwise became invalid and will then be retained offsite indefinitely. Additionally, the proposed revised schedule increases the length of time that the Board must retain appeal records in disciplinary and licensure matters. The revised schedule also provides that Annual Reports, Memoranda of Understandings, Board of Medicine Position Statements and West Virginia Medical Professional Health Program Voluntary Confidential Agreements will be maintained onsite indefinitely. Dr. Challa moved that the Committee accept the revised Record Retention and Disposal Schedule and authorize Board staff to submit the

revised schedule to the West Virginia Records Management Program for approval. Dr. Lilly seconded the motion, and the motion carried.

Prior to today's meeting, information regarding radiologist assistant practice in surrounding states was made available for members to review. Mr. Spangler reported that W. Va. Code R. § 11-9-1 *et seq.*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*, became effective on July 1, 2008, and has not been updated since becoming effective. There are currently no radiologist assistants licensed pursuant to this rule, but the Board has received a request from a radiologist assistant in another state to consider modernizing the Board's rule. Dr. Lilly moved that the Committee direct Board staff to begin working on proposed modifications to W. Va. Code R § 11-9-1 *et seq.* for introduction during the 2024 legislative session. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reminded members that at the July 2022 meeting, the Committee recommended, and the Board approved sponsoring Madhave Chowdhry, MD to sit for Step II of the United States Medical Licensing Examination (USMLE) when he becomes eligible in March 2023. Mr. Spangler reported that communications with the USMLE are ongoing. Board staff will continue to keep the Committee apprised regarding this matter.

Mr. Spangler reported that the West Virginia Supreme Court of Appeals upheld the Kanawha County Circuit Court's ruling in the matter of *J.H. v. West Virginia Board of Medicine*.

Mr. Spangler reported that the matter of *Zachary Knotts and Ellen Heine v. Board of Directors of JW Ruby Memorial Hospital, et. al.* remains ongoing. This matter is being handled by the West Virginia Board of Risk & Insurance Management.

Mr. Spangler reported that the Regulatory Board Review Audit and Recommendations from the West Virginia Legislative Auditor's Office has not yet been presented to the Legislature. However, during the 2022 Annual Auditor's Conference for Chapter 30 Licensing Boards, the legislative auditor reported that the Board of Medicine's Agreement with the West Virginia Medical Professional Health Program is the gold standard for monitoring voluntary confidential

participants, and that there are certain elements of our Agreement that he recommends other Boards incorporate.

Mr. Spangler reported that Board staff have updated the database specifications and have had informational session with two vendors. It is anticipated that the database will be placed out for bid in the near future.

Mr. Spangler reported that Jessica N. Luciano joined the Board on November 7, 2022. Ms. Luciano serves as the licensure analyst for providers whose last names begin with the letters P through Z. Additionally, Carmella L. Walker, who previously served as the licensure analyst for providers whose last names begin with the letters P through Z, will now process reinstatement, reactivation and renewal application. Ms. Walker has been with the Board for several years, and we appreciate her continued dedication.

ADJOURNMENT

There being no further business to consider, Dr. Lilly moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
January 8, 2023

The West Virginia Board of Medicine's Executive/Management Committee met at 11:30 am on January 8, 2023, at the Board Office.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Executive/Management Committee Chair
Matthew Q. Christiansen, MD, MPH
Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD
Angela A. Mayfield

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the draft November 13, 2022 meeting minutes were made available for members to review. Dr. Challa moved that the November 13, 2022 meeting minutes be approved. Ms. Mayfield seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today's meeting copies of the fiscal report and purchasing card transactions for the months of October, November and December 2022 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Challa moved that the fiscal report and the purchasing card transactions for the months of October, November and December be accepted. Dr. Lilly seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff are working to finalize the Board's Annual Report to the Legislature for the period of July 1, 2020 through June 30, 2022. It is anticipated that the report will be filed with the Legislature later this month.

Mr. Spangler reported that Board staff would like to obtain a third-party assessment of the Board's technology equipment, meeting spaces, and virtual meeting processes. Dr. Lilly moved that the Committee authorize Board staff to pursue a third-party assessment of the Board's technology equipment, meeting spaces and meeting processes. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff would like to consider a telework policy to govern remote work opportunities for employees who meet certain eligibility criteria. The Committee requested that Board staff develop a proposed policy for the Committee's consideration at a future meeting.

Mr. Spangler reported that in the past, providers and insurance companies were required to report medical malpractice settlements, judgments and dismissals to the Board. The reporting requirements were modified, and dismissals are no longer reportable to the Board. However, medical malpractice dismissal information that was reported to the Board prior to the change in reporting requirements remains publicly available on the Board's website. Dr. Challa moved that the Committee authorize Board staff to undertake a review of the provider malpractice data provided on the website and eliminate all entries which relate to malpractice cases which were dismissed without any payment made on behalf of the provider. Ms. Mayfield seconded the motion, and the motion carried.

Mr. Spangler reported that Board investigators sometimes work in environments where the availability of Naloxone may be useful. Dr. Lilly moved that the Committee authorize Board staff to develop a policy which will authorize Board of Medicine Investigators to carry Naloxone while working on behalf of the Board in the field. Dr. Challa seconded the motion, and the motion carried. Board staff will present the draft policy to the Committee at a future meeting for consideration.

Mr. Spangler reported that at its November 12, 2022 meeting, the Physician Assistant Committee recommended that the Executive/Management Committee review the Physician Assistant Committee and the Licensure Committee's roles in reviewing applications. Restructuring the responsibilities of these Committees would be a significant undertaking, and the

Executive/Management Committee wants to devote the appropriate time and reflection to a decision of this nature. For this reason, the Committee elected to defer action on this agenda item to a future meeting.

Mr. Spangler reported that prior to the COVID-19 pandemic, all applications to reactivate licenses which have been expired for more than one year were presented to the Board for consideration. At the March 29, 2020 meeting, the Board authorized staff to process reactivation applications during the COVID-19 State of Emergency, unless discussion of discrepant information is required. As the State of Emergency has been lifted, Dr. Challa moved that the Committee recommend that the Board authorize staff to continue to process reactivation applications that do not require individualized discussion. Dr. Lilly seconded the motion, and the motion carried.

Mr. Spangler reported that the Board has received correspondence inquiring whether a physician assistant can form a professional limited liability company. Dr. Challa moved that the Committee authorize Board staff to research whether business state code permits a physician assistant to own a professional limited liability company, and to work on updating W. Va. Code R. § 11-7-1 *et seq.* if warranted. Dr. Lilly seconded the motion, and the motion carried. Board staff will report back to the Committee at a future meeting regarding this matter.

Mr. Spangler reported that at the November 14, 2022 Board meeting, the Board issued a Final Decision in the matter of *West Virginia Board of Medicine, Petitioner, v. William Andrew Stewart, MD, Respondent*. Among other things, the Order required the Respondent to pay the costs and expenses of the proceeding. Counsel for the Respondent has notified the Board that Dr. Stewart objects to the assessment of costs and expenses, and contends that due to the outcome in this matter, he should not bear costs and expenses. In a letter to the Board, counsel for Dr. Stewart indicated that “Dr. Stewart may be agreeable to splitting the costs and expenses of the proceeding with the Board.” Prior to today’s meeting, a copy of the proposed invoice and the correspondence that was received from Dr. Stewart’s counsel was made available for members to review. Ms. Mayfield moved that the Committee enter into executive session to discuss this pending legal matter. Dr. Christiansen seconded the motion, and the motion carried. The Board entered into executive session.

EXECUTIVE
SESSION

The executive session concluded, and the Committee reentered public session. Dr. Challa moved that the Committee recommend that the Board approve the Invoice as presented. Ms. Mayfield seconded, and the motion carried. Dr. Challa further moved that the Committee authorize Board staff to work with opposing counsel to determine if Dr. Stewart is agreeable to splitting the costs of the Invoice. Ms. Mayfield seconded the motion, and the motion carried.

Mr. Spangler reported that the matter of *Zachary Knotts and Ellen Heine v. Board of Directors of JW Ruby Memorial Hospital, et. al.* remains ongoing but is pending a recommendation of dismissal.

Prior to today's meeting, a proposed letter to the United States Medical Licensing Examination (USMLE) formally requesting that Madhavi Chowdhry, MD be permitted to sit for the USMLE examinations when he becomes eligible was made available for members to review. Mr. Spangler reminded members that in June 2022 Madhav Chowdhry, MD requested that the Board sponsor him to take Step II of the USMLE when he becomes eligible in March 2023. Dr. Challa moved that the Committee recommend that the Board approve the letter to the USMLE requesting that Dr. Chowdhry be permitted to sit for USMLE examinations when he becomes eligible. Dr. Lilly seconded the motion, and the motion carried.

Mr. Spangler reminded members that in September 2022, the Committee authorized Board staff to investigate allegations regarding the unauthorized practice of medicine. In October 2022, the Committee reviewed the documents related to the Board's investigation and staff consulted with the Attorney General's Office for assistance in determining the proper course of process. The Attorney General's Office does not have an interest in pursuing this matter. Ms. Mayfield moved that the Committee authorize Board staff to refer this matter to the Prosecuting Attorney's Office. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that in response to the Governor's lifting of the COVID-19 State of Emergency, the temporary suspension of certain provisions of W. Va. Code R. § 11-3-1 *et seq.*, have been rescinded, and the rule has returned to regular order.

Mr. Spangler reported that the Regulatory Board Review Audit and Recommendations from the Legislative Auditor's Office was presented to the Legislature in December. The Board fared well in the audit, and it was a positive report.

Mr. Spangler reported that Board staff have started to update the database specifications and have had a preliminary discussion with two potential vendors. It is anticipated that the database will be placed out for bid in the near future.

Mr. Spangler reported that the renewal period for physician assistant licensure, controlled substance dispensing registration for physician assistants, and interstate telehealth registrations for medical doctors and physician assistants will begin on February 1, 2023 and will conclude at 4:30 pm Eastern Daylight Time on March 31, 2023.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Lilly seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
February 23, 2023

The West Virginia Board of Medicine's Executive/Management Committee met via Zoom at 12:00 pm on February 23, 2023.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Executive/Management Committee Chair
Kishore K. Challa, MD, FACC
Matthew Q. Christiansen, MD, MPH
Jonathan P. Lilly, MD

The following committee member did not attend the meeting:

Angela A. Mayfield

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Jamie C. Frame

With a quorum of members in attendance, Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame. **CALL TO ORDER**

Mr. Spangler reported that in September 2022 Senate Bill 302, clarifying West Virginia's abortion laws, was enacted. In response to this law, the Women's Health Center, on behalf of itself, its staff, and its patients and Dr. John Doe, on behalf of himself and his patients have filed a federal lawsuit against Dr. Sheth, in his official capacity as President of the Board of Medicine, and Dr. Christiansen, in his official capacity as Secretary of the Board of Medicine. Typically, the West Virginia Attorney General's Office would represent the Board and/or its officers, in matters such as this. However, in this instance, the Attorney General's Office sought bids from outside counsel to represent the Board. The bid was awarded to Shuman McCuskey Slicer PLLC, and Robert F. Green who was assigned the case. At this time, Dr. Lilly moved that the Board enter into executive session to discuss this pending litigation matter and litigation strategy. Dr. Challa seconded the motion, and the motion carried. **EXECUTIVE SESSION**

The executive session concluded, and the Board reentered public session. No action was taken. PUBLIC SESSION

There being no further business to consider, the meeting adjourned by consensus. ADJOURNMENT

**CALL TO
ORDER**

Prior to today's meeting, a copy of the following draft meeting minutes were made available for members to review:

**APPROVAL
OF MINUTES**

January 8, 2023

February 23, 2023

Dr. Challa moved that the January 8, 2023 and the February 23, 2023 meeting minutes be approved. Dr. Lilly seconded the motion, and the motion carried.

Prior to today's meeting copies of the fiscal reports and purchasing card transactions for the months of January and February 2023 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Lilly moved that the fiscal report and the

purchasing card transactions for the months of January and February 2023 be accepted. Dr. Christiansen seconded the motion, and the motion carried.

Prior to today's meeting, a copy of the West Virginia Medical Professionals Health Program (WVMPHP) budget information and the Participant's Acknowledgment of Fees Form was made available for members to review. Mr. Spangler reported that during the Performance Evaluation and Research Division Audit that was conducted in 2022, the Auditor's Report to the Legislature recommended that the Board become more attuned to the WVMPHP's schedule of participant costs and its budget and funding. The Committee received a report from P. Bradley Hall, MD, Executive Director of the WVMPHP regarding current and projected costs and funding. The Committee appreciates the information and looks forward to future dialogue on these issues.

Prior to today's meeting, correspondence seeking direction on who has the responsibility of obtaining informed consent from a patient for a medical procedure was made available for members to review. As provided in the correspondence, Mr. Spangler reported that a healthcare facility is considering granting privileges to physician assistants to do invasive procedures, such as thoracentesis, paracentesis, and I&D, and has asked "who should go over the informed consent with the patient – would it be the physician assistant or their supervising physician?" The Committee directed Board staff to respond to the inquiry indicating that as the Committee anticipates it is standard in all circumstances, the provider who will be performing the procedure should identify his/herself by profession, explain the procedure to be performed, including risks and benefits of the procedure, and obtain informed consent from the patient.

Prior to today's meeting, correspondence that was received requiring Board of Medicine ratification of a company name was made available for members to review. Mr. Spangler reported that a nurse anesthetist is seeking to form a company, and seeks to use the name Appalachian Anesthesia, LLC. The West Virginia Secretary of State's Office has notified the nurse anesthetist that a waiver is needed from the Board of Medicine prior to accepting the proposed business name on company registration materials. The Committee directed Board staff to contact the provider and request additional information. If the services will be provided exclusively in a hospital setting, the Committee authorized Board staff to notify the individual and the West Virginia Secretary of State's Office that the Board does not have concerns with a nurse anesthetist forming a company

named Appalachian Anesthesia, LLC. Otherwise, the response should be brought back before the Committee for further consideration.

Prior to today's meeting, a list of words that the West Virginia Secretary of State's Office uses to assist in determining whether a proposed company or corporation name needs approval by the Board of Medicine was made available for members to review. Mr. Spangler asked members if there are additional words that they would like included on the list. Committee members provided some suggestions, and directed Board staff to propose updates to the list for consideration by the West Virginia Secretary of State's Office.

Prior to today's meeting a draft Naloxone Policy for West Virginia Board of Medicine Investigators was made available for members to review. Mr. Spangler reported that the proposed policy would authorize Board investigators to carry Naloxone while working on behalf of the Board. Dr. Challa moved that the Committee recommend that the Board accept and adopt the Naloxone Policy. Dr. Lilly seconded the motion, and the motion carried without opposition.

At the January 8, 2023 meeting, the Committee authorized Board staff to develop a proposed telework policy to govern remote work opportunities for employees who meet certain eligibility criteria. Board staff continue to work on drafting a proposed telework policy for the Committee's consideration. No action was taken with regard to this agenda item. The matter will be placed on a future agenda for consideration.

Mr. Spangler reported that the matter of *Zachary Knotts and Ellen Heine v. Board of Directors of JW Ruby Memorial Hospital, et. al.* has been dismissed.

Mr. Spangler reported that the West Virginia Supreme Court of Appeals has ruled upon the matter of *JH v. West Virginia Board of Medicine*. The petitioner is appealing the Supreme Court's ruling to the United States Supreme Court. The West Virginia Attorney General's Office is representing the Board in this matter.

Mr. Spangler reported that the matter of *Women's Health Center of West Virginia, on behalf of itself, its staff, and its patients; and Dr. John Doe, on behalf of himself and his patients, Plaintiff(s)*

v. Ashish P. Sheth, in his official capacity as President of the West Virginia Board of Medicine; and Matthew Christiansen, in his official capacity as Secretary of the West Virginia Board of Medicine, Defendant(s) remains ongoing. The petitioner has filed a Motion for Injunction in this matter, which the Board will need to respond to. Additionally, the Board has filed a Motion to Dismiss the lawsuit. Mr. Spangler reminded members that Roberta Green, Esquire, of Shuman McCusky Slicer PLLC is representing the Board in this matter.

With regard to the Mass Litigation Opioid Litigation pharmacy case, Mr. Spangler reported that the claim against Kroger remains pending, and discovery is ongoing.

Mr. Spangler reported that Board staff continue to work with the Director of Information Services for the West Virginia Office of Technology regarding technology updates to the boardroom and the conference room.

In January 2023, the Committee authorized Board staff to refer a matter regarding the unauthorized practice of medicine to the Kanawha County Prosecuting Attorney's Office. Mr. Spangler reported that Board staff are awaiting a response from the Prosecuting Attorney's Office as to whether they have an interest in pursuing this matter.

Mr. Spangler reported that Board staff have begun updating the database specifications and have had a preliminary discussion with two potential vendors. It is anticipated that the database will be placed out for bid in the near future.

Mr. Spangler reported that the renewal period for physician assistant licensure, controlled substance dispensing registration for physician assistants, and interstate telehealth registration for medical doctors and physician assistants began on February 1, 2023 and will conclude at 4:30 pm Eastern Daylight Time on March 31, 2023.

Mr. Spangler reminded members that in January 2023, the Committee approved an invoice in the matter of *West Virginia Board of Medicine, Petitioner, v. William Andrew Stewart, MD, Respondent*, and authorized Board staff to work with opposing counsel to determine if Dr. Stewart

is agreeable to splitting the costs of the Invoice. Dr. Lilly moved that the Committee enter into executive session to discuss this pending legal matter.

EXECUTIVE
SESSION

The executive session concluded, and the Committee reentered into public session. Dr. Challa moved that the Committee recommend that the Board accept \$5,363.45 in satisfaction of the assessment of costs imposed by the Final Order issued in the matter of *West Virginia Board of Medicine, Petitioner, v. William Andrew Stewart, MD, Respondent*. Dr. Lilly seconded the motion, and the motion carried with no opposition.

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
April 30, 2023

The West Virginia Board of Medicine's Executive/Management Committee met at 11:00 am on April 30, 2023, at the Board Office.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Executive/Management Committee Chair
Matthew Q. Christiansen, MD, MPH
Kishore K. Challa, MD, FACC
Angela A. Mayfield

The following committee member did not attend the meeting:

Jonathan P. Lilly, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the draft March 12, 2023 meeting minutes were made available for members to review. Dr. Challa moved that the meeting minutes be approved. Ms. Mayfield seconded the motion, and the motion carried without opposition.

**APPROVAL
OF MINUTES**

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the month of March 2023 was made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Challa moved that the fiscal report and the purchasing card transactions for the month of March 2023 be accepted. Dr. Christiansen seconded the motion, and the motion carried without opposition.

Prior to today's meeting, a copy of the *Sexual Misconduct Statement of the West Virginia Board of Medicine* was made available for members to review. Mr. Spangler reported that the Board's sexual misconduct statement was last updated in May 2010. The Board's new rule, W. Va. Code R. § 11-16-1 *et seq. Prohibiting Sexual Misconduct by Health Care Practitioners*, was passed during the 2023 legislative session. Board staff will file the final version of the new rule with the West Virginia Secretary of State's Office prior to May 10, 2023. Dr. Christian moved that the Committee recommend that the Board withdraw the *Sexual Misconduct Statement of the West Virginia Board of Medicine* once W. Va. Code R. § 11-16-1 becomes effective. Dr. Challa seconded the motion, and the motion carried with no opposition.

Mr. Spangler reported that as part of the Interstate Medical Licensure Compact (IMLC), member states who are asked to serve as the state of principal licensure for physicians are required to certify a physician's eligibility for expedited licensure in another state. This certification requires the receipt and review of a criminal history record check (CHRC) on the physician. Some IMLC member states have been prohibited by the Federal Bureau of Investigation (FBI) from obtaining CHRCs because the results are being utilized for IMLC licensing purposes rather than individual state licensure purposes. H.R. 1310, *States Handling Access to Reciprocity for Employment Act*, has been introduced in the House of Representatives and would authorize the use of FBI CHRCs for interstate compact licensing purposes. The bill has bipartisan support in the House. Dr. Challa moved that the Committee authorize Mr. Spangler to contact Senators Joe Manchin, III and Shelly Moore Capito requesting that a companion bill be introduced in the Senate. Dr. Christiansen seconded the motion, and the motion carried.

Prior to today's meeting, a draft proposed policy entitled *West Virginia Board of Medicine Telework Pilot Program* was made available for members to review. Mr. Spangler reported that Board staff would like to implement a six-month pilot program, which would offer telework opportunities to employees who meet the eligibility criteria for participation. Board staff sought, and the Committee provided, guidance with regard to the proposed policy. Dr. Christiansen moved that the guidance provided by the Committee be incorporated into to the policy, and that the Committee recommend that the Board implement the telework pilot program beginning on July 3, 2023, and reevaluate the project at the January 2024 meeting. Ms. Mayfield seconded the motion, and the motion carried without opposition.

Mr. Spangler reported that he attended the 2023 Drug Enforcement Agency Summit on Medication for Opioid Use Disorder (MOUD), which was held in Charleston on April 15, 2023, and he provided an overview of the conference.

Mr. Spangler reported that the matter of *JH v. West Virginia Board of Medicine* remains pending before the United States Supreme Court. The West Virginia Attorney General's Office is representing the Board in this matter.

Mr. Spangler reported that the matter of *Women's Health Center of West Virginia, on behalf of itself, its staff, and its patients; and Dr. John Doe, on behalf of himself and his patients, Plaintiff(s) v. Ashish P. Sheth, in his official capacity as President of the West Virginia Board of Medicine; and Matthew Christiansen, in his official capacity as Secretary of the West Virginia Board of Medicine, Defendant(s)* has been dismissed without prejudice.

With regard to the Mass Litigation Opioid Litigation pharmacy case, Mr. Spangler reported that the claim against Kroger remains pending, and the matter is set for trial this summer.

Prior to today's meeting, correspondence from P. Bradley Hall, MD, Executive Director of the West Virginia Medical Professionals Health Program (WVMPHP), was made available for members to review. Mr. Spangler reported that the correspondence from Dr. Hall outlines the WVMPHP's succession plan. The Committee appreciates the information.

Prior to today's meeting, correspondence from the United States Medical Licensure Examination (USMLE) was made available for members to review. In January 2023, the Board submitted a letter to the USMLE requesting that Madhav Chowdhry, MD's bar from USMLE testing be lifted, and that he be permitted to register for USMLE examinations when he becomes eligible. Mr. Spangler reported that the USMLE has lifted the bar, and Dr. Chowdhry is now permitted to register for Step II of the USMLE.

Mr. Spangler reported that Board staff continue to work with the Director of Information Services for the West Virginia Office of Technology to seek upgrades to the technology in the boardroom and the conference room.

Mr. Spangler reported that Board staff have updated the database specifications and plan to begin working with the West Virginia Purchasing Division to place the database out for bid in the near future. It is anticipated that the development and maintenance of the Board's website will also be placed out for bid.

Mr. Spangler reported that the invoice in the matter of *West Virginia Board of Medicine, Petitioner, v. William Andrew Stewart, MD, Respondent*, Complaint Nos. 19-164-B and 19-101-W, has been paid.

Mr. Spangler reported that the renewal period for physician assistant licensure, controlled substance dispensing registration for physician assistants, and interstate telehealth registration for medical doctors and physician assistants concluded at 4:30 pm Eastern Daylight Time (EDT) on March 31, 2023. The renewal period for medical doctors whose last names begin with the letters M through Z, all podiatric physicians, controlled substance dispensing registration for medical doctors whose last names begin with the letters M through Z and all podiatric physicians, education permit participants and professional limited liability companies will begin on May 3, 2023 and will conclude at 4:30 pm EDT on June 30, 2023.

The Legislative Committee did not meet this weekend due to lack of agenda items. Mr. Spangler reported that in response to legislation that was passed during the 2023 legislative session, the Board will need to work with the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine to propose joint rules to permit a licensed pharmacist, pharmacy technician or pharmacy intern to administer immunizations. Additionally, Board staff will review the rules identified below, and, if needed, will offer amendments to the Legislative Committee for consideration at an interim meeting that will be held prior to the regularly scheduled July 2023 meeting.

W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures*

W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*

W. Va. Code R. § 11-9-1 *et seq.*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*

W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate Medical Interns, Residents and Fellows*

W. Va. Code R. § 11-13-1 *et seq.*, *Waiver of Initial Licensing Fees for Certain Initial Licensure Applicants*

Mr. Spangler reported that it is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary with regard to rulemaking. Dr. Challa moved that the Committee recommend that the Board delegate authority to the Legislative Committee to act on its behalf as necessary with regard to rulemaking. Dr. Christiansen seconded the motion, and the motion carried without opposition.

Mr. Spangler reported that Tammi J. Chapman, who served as the Board's Fiscal Officer since July 2022, is no longer employed by the Board. The Board wishes Ms. Chapman the best in her future endeavors. The Board has hired Evelyn Bush to fill the Fiscal Officer position. Ms. Bush will begin her employment with the Board on May 22, 2023. Deb Scott, who previously served as the Board's Fiscal Officer, and who retired in July 2022, has been serving as the Interim Fiscal Officer since Ms. Chapman's departure. The Committee appreciates Ms. Scott's willingness to continue to assist the Board.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Christiansen seconded the motion, and the motion carried without opposition.

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Cross.

**CALL TO
ORDER**

Prior to today's meeting, the following draft meeting minutes were made available for members to review:

**APPROVAL
OF MINUTES**

May 15, 2022
June 9, 2022
June 22, 2022

Dr. Sheth moved that the May 15, June 9, and June 22, 2022 meeting minutes be approved. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that on June 24, 2022 Board staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office with regard to the following proposed rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners.*

The Board is accepting written comments on the proposed amendments to W. Va. Code R. § 11-1A-1 *et seq.* and W. Va. Code R. § 11-1B-1 *et seq.*, and the proposed new rule, W. Va. Code R. § 11-16-1 *et seq.*, through noon on July 25, 2022. Additionally, on June 24, 2022, Board staff filed W. Va. Code R. § 11-1A-1 *et seq.* and W. Va. Code R. § 11-1B-1 *et seq.* as emergency rules.

Mr. Spangler reported that on June 29, 2022, with the consent of the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy, Board of Medicine staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office with regard to W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. The Board is accepting written comments on the proposed amendments to W. Va. Code R. § 11-8-1 *et seq.* through 9:00 am on July 29, 2022. With regard to W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*, Dr. Sheth moved that the Committee direct Board staff to seek agreement from the Board of Osteopathic Medicine and the Board of Pharmacy to file this rule as an emergency rule so that the practice notification provisions can be implemented as soon as possible. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that the Committee will need to meet later this month to consider the comments received on all of the proposed rules and to approve the agency approved version of the rules. Dr. Challa moved that the Committee meet at 10:00 am on July 29, 2022. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that it is customary for the Board to delegate authority to the Legislative Committee to act on its behalf with regard to rulemaking. Dr. Sheth moved that the Committee request that the Board delegate authority to the Legislative Committee to act on behalf of the Board at the July 29, 2022 meeting and any other meetings that may be necessary with regard to rulemaking. Dr. Amjad seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Amjad seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
July 26, 2022

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 1:00 pm on July 26, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM

The following committee members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Ashish P. Sheth, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Mr. Spangler reported that on June 24, 2022 Board staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office for proposed amendments to two existing rules, W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders* and W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*, and a proposed new rule, W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*. The comment period for these three rules concluded at noon yesterday, July 25, 2022. Mr. Spangler also reported that on June 29, 2022, with the consent of the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy, Board of Medicine staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office for proposed amendments to W. Va. Code R. §

11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. The Board is accepting written comments on the proposed amendments to W. Va. Code R. § 11-8-1 *et seq.* through 9:00 am on July 29, 2022.

Mr. Spangler reported that the Board did not receive any comments with regard to the proposed amendments to W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders*. Dr. Challa moved that the Committee authorize Board staff to file the agency-approved version of W. Va. Code R. § 11-1A-1 *et seq.* as originally proposed, and with no further amendments. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that the Board did not receive any comments with regard to the proposed amendments to W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*. Dr. Challa moved that the Committee authorize Board staff to file the agency-approved version of W. Va. Code R. § 11-1B-1 *et seq.* as originally proposed, with no further amendments. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that to date, no comments have been received with regard to the proposed amendments to W. Va. Code R. § 11-8-1 *et seq.* *Collaborative Pharmacy Practice*. The Legislative Committee is scheduled to meet at 10:00 am on July 29, 2022 to review and consider any comments that are received prior to the conclusion of the comment period.

Mr. Spangler reported that the Board received comments from two separate commenters with regard to the proposed new rule, W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*. Prior to today's meeting, a copy of the comments that were received were made available for members to review. Mr. Spangler asked Ms. Alley to provide an overview of the comments received.

Ms. Alley reported that Gerald Wedemeyer, MD identified a typographical error in subdivision 7.1.3. of the proposed rule. As originally filed, this subdivision reads:

7.1.3. The patient was unconscious or otherwise unable to provide consent for the healthcare services and the practitioner's conduct confirmed to the standard of care for the patient presentation in an emergency setting.

Dr. Wedemeyer proposed that "confirmed" be replaced with "conformed."

Ms. Alley reported that Michael Edmond, MD, Chief Medical Officer of West Virginia University Medical Corporation d/b/a University Health Associates (UHA) provided comments which address three aspects of the proposed rule. To contextualize these comments, Ms. Alley provided an overview of the provisions of Senate Bill 606, including the broadness of the term sexual misconduct as used in W. Va. Code § 30-3-14(c)(8), and that the bill does not limit professional discipline to instances of sexual misconduct involving patients. Rather, the bill specifically directs the Board to promulgate a rule for legislative approval which identifies and describes sexual misconduct which may result in professional disciplinary action or license denial. Additionally, the duty to report component of the bill located in subsection 14(b) identifies five specific types of professional misconduct which trigger a duty to report to the board, two of which, W. Va. Code §§ 30-3-14(b)(2)(A) and (B), relate specifically to sexual misconduct with patients.

Ms. Alley described UHA's rule comments for the Committee. UHA's first comment centers on the definition of sexual impropriety set forth in the proposed rule. Specifically, UHA opines with respect to W. Va. Code R. § 16-2.7.8, which includes within the definition of sexual impropriety "[f]ailing to offer the patient the opportunity to have chaperone in the examining room during an examination of the pelvic area, genitals, breasts, rectum, or prostate." UHA commented:

Comment: Adding a requirement that a chaperone be present for any sensitive exam seems overly broad and may present unintended operational burden. Specifically, it is not typical practice that a chaperone be present during all male genital, rectal or prostate examinations. Requiring health care practitioners to make chaperones available during every such exam has the potential to create staffing and scheduling issues, especially at smaller institutions and clinics where staff may not be abundantly available. The necessity for a chaperone should be solely based upon their treatment history and encounters. As such, the failure to offer one should not amount to sexual impropriety.

Whereas § 11-16-2.7.9 exists to protect a patient in situations where the patient requests a chaperone and the provider fails to provide someone, the mere failure to offer the presence of a chaperone has the potential to subject health care practitioners to misconduct reports, even where a patient would not request or require that a chaperone be present and the provider knows that based on the patient-provider relationship.

UHA's second comment focuses on subsection 6.1 of the proposed rule, which originally provided:

6.1. Sexual relationships between practitioners who supervise health care practitioners in training and trainees are unethical and constitute practitioner sexual misconduct. Trainee consent is not a defense to charges of professional misconduct.

UHA commented:

Comment: It is understood that the goal of the new legislation and associated rules is to protect patients from sexual misconduct by their providers. It is unclear how this provision ties back to the objective of patient protection. Nonetheless, to the extent the WVBOM construes trainer / trainee relationships to pose a patient safety concern, the Rule as written would usurp the authority of institutions for management of its own employees. For instance, practitioners at the same level may be married or engaged in a consenting relationship, at which point one decides to seek additional training. Under the present construction of the Rule, any "sexual relationship" between a practitioner that supervises and any supervisee, regardless of whether the supervisor is supervising the supervisee, is prohibited and reportable. There is no clarification as part of the Rule that the prohibition is triggered only if the supervisor-partner is overseeing the training of the trainee-partner.

UHA's final comment relates to its interpretation of the reporting provisions of W. Va. Code § 30-3-14(b)(5) in concert with proposed rule provisions 6.2, 2.7.6 and 2.7.4, which deal with the definition of sexual impropriety and sexual harassment with respect to patients, surrogates, or other people a practitioner encounters during the course of professional practice.

UHA comments:

Combined Comment: Based on the language of W. Va. Code § 30-3-14, it is not believed that the legislature intended the WVBOM to circumvent the investigatory and disciplinary processes of health care practitioners by their respective privileging institutions and employers. UHA and the hospitals to which the practitioner is assigned, should be permitted to maintain oversight and control of disciplinary processes related to sexual misconduct or sexual harassment that occurs amongst health care practitioners. However, § 11-16-6.2 undermines these processes by requiring that sexual impropriety and sexual harassment, which generally includes "verbal or physical conduct of a sexual nature" be reported to the WVBOM. The provision further allows the WVBOM to discipline a health care practitioner for any alleged workplace sexual impropriety or sexual harassment.

Moreover, as drafted, other health care providers that donate their time to serving as representatives on medical staff committees governed by the West Virginia peer review protection would be required to facilitate reports to the WVBOM in contradiction to their investigatory participation on these committees, or face potential licensure repercussions themselves.

Further, W. Va. Code § 30-3-14(b)(5), which sets forth reportable events, only requires reporting where the practitioner is "Exercising influence within a provider-physician relationship for the purpose of engaging a patient in sexual activity;" "Engaging in sexual misconduct with a patient;" or "Engaging in conduct which jeopardizes patient safety[.]" Because W. Va. Code § 30-3-14 is intended to protect patient safety through the prevention of sexual activity and sexual misconduct with patients and surrogates, the definition of "sexual impropriety" is overly broad as it subjects practitioners to reportable events and WVBOM discipline for any conversation that may be perceived to be sexual in nature along with any verbal or physical conduct perceived to be sexual in nature outside of patient care.

The Committee reviewed and considered each of the comments it received with regard to the proposed rule. Based thereupon, Dr. Donatelli moved that the Committee authorize Board staff to file the agency-approved version of W. Va. Code R. § 11-16-1 *et seq.* as originally proposed, and with the following modifications:

- Change the word confirmed in subdivision 7.1.2 to conformed.
- Eliminate subdivision 2.7.8 and renumber the remainder of the definitions accordingly.
- Modify subsection 6.1. to provide:

6.1. Sexual relationships between practitioners who supervise health care practitioners in training and trainees currently under their supervision are unethical and constitute practitioner sexual misconduct. Trainee consent is not a defense to charges of professional misconduct.

- Add a new section, 11.16.9., which sets forth the following reporting requirements:

§11-16-9. Required Reporting.

9.1. Any person who holds a practice credential issued by the Board shall submit a written report to the Board in conformity with the provisions of W. Va. Code § 30-3-14(b)(5) if he or she reasonably believes that a person licensed or otherwise authorized to practice by the Board has:

9.1.1. Exercised influence within a provider-physician relationship for the purpose of engaging a patient in sexual activity; or

9.1.2. Engaged in other sexual misconduct with a patient.

Provided, that a person does not have an individual obligation to submit a report if the person's knowledge is gained solely through participation on a medical staff committee tasked with investigation and other peer review activities. This exception does not relieve any institutional obligations to comply with the provisions of W. Va. Code §§ 30-3-14(b)(2) or (3).

Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reminded the Committee of its scheduled meeting on Friday, July 29, 2022 at 10:00 am to discuss any comments received regarding W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. Dr. Challa moved that in the absence of any comments received regarding the proposed amendments to this rule by the comment deadline, that the Committee authorize Board staff to file the agency-approved version of W. Va. Code R. § 11-8-1 *et seq.* as originally proposed, with no further amendments. Dr. Challa further moved that if comments are received the Committee will convene on July 29, 2022 as scheduled to consider the comments. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
July 29, 2022

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 10:00 am on July 29, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM

The following committee members did not attend the meeting:

Ashish P. Sheth, MD

The following staff members attended the meeting:

Jamie C. Frame

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Mr. Spangler reported that on June 29, 2022, with the consent of the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy, Board of Medicine staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office for proposed amendments to W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. The comment period concluded at 9:00 am today, July 29, 2022. Mr. Spangler reminded the Committee that since W. Va. Code R. § 11-8-1 *et seq.* is a joint rule, all proposed modifications must be jointly agreed upon by the three boards.

Mr. Spangler reported that the Board received comments from one commenter with regard to the proposed amendments to W. Va. Code R. § 11-8-1 *et seq.* *Collaborative Pharmacy Practice*. Prior to today's meeting, a copy of the comments that were received were provided to the West

Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy. Additionally, the comments were made available for Legislative Committee members to review.

Ms. Spangler reported that Ashley Street, PharmD, MSHA of West Virginia University Pharmacy Department provided comments which address five aspects of the proposed rule. Mr. Spangler described Dr. Street's rule comments for the Committee. Dr. Street's comments are provided below.

Comment One

Section 2.8.4: Recommend using the terminology "drug specific monitoring tests" instead of laboratory tests. Certain medications require close cardiac monitoring such as EKGs which are not considered laboratory tests, and it would improve patient safety if pharmacists could order them since they are routinely missed.

Comment Two

Section 3.7/Section 4.7.7: Recommend clarifying if the practice notification/fee is a one-time requirement upon the commencement of a collaborative pharmacy practice agreement (CPPA), or if it is required every two years when the "collaborative drug therapy management protocol" is reviewed/updated/re-executed.

Comment Three

Section 3.8.4e: Clarify what qualifies as "informed consent." Recommend that informed consent may be verbally obtained, and then verbal consent may be documented in the medical record by the pharmacist. If not, state that a signed consent form required.

Comment Four

Section 4.7.1: Recommend using terminology "drug classes" rather than "drug or drugs". Since new medications are approved by the FDA continuously (particularly oncology agents), it would create a significant burden to keep the CPPA updated as written with the current language. Anecdotally, physicians at WVU Medicine clinics have wanted to use full drug classes versus listing individual drugs when drafting CPAs with pharmacists.

Comment Five

Section 4.7.1a: Clarify that protocols may authorize initiation of drug therapy. Section 4.7.1 permits therapy initiation, so assuming initiation is permitted per protocol.

Based upon Dr. Street's comments, Dr. Challa moved that with the agreement of the Board of Osteopathic Medicine and the Board of Pharmacy, the Committee authorize Board staff to file the agency-approved version of W. Va. Code R. § 11-16-1 *et seq.* as originally proposed, and with the following modifications:

- Modify subsection 3.9. to provide:

3.9. A complete practice notification is effective upon filing, remains valid until the collaborative pharmacy practice agreement terminates, and is not subject to renewal or renewal fees.

- Modify subsection 4.7.1.a. to provide:

4.7.1.a. The protocols may authorize **implementation or modification of drug dosages based on symptoms or laboratory or patient evaluations defined in the protocol**

Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

Prior to today's meeting, the following draft meeting minutes were made available for members to review.

**APPROVAL
OF MINUTES**

July 10, 2022
July 26, 2022
July 29, 2022

Dr. Sheth moved that the July 10th, July 26th and July 29th, 2022 meeting minutes be approved. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff have filed the agency approved version of the following legislative rules with the West Virginia Secretary of State's Office:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*
- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners.*

The four legislative rules are scheduled to be considered by the Legislative Rule-Making Review Committee on September 15, 2022.

Additionally, Mr. Spangler reported that Board staff have filed the following emergency rules with the Secretary of State's Office:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*

The emergency version of W. Va. Code R. § 11-1A-1 *et seq.* and W. Va. Code R. § 11-1B-1 *et seq.* became effective on August 5, 2022, and the emergency version of W. Va. Code R. § 11-8-1 *et seq.* became effective on August 11, 2022.

Mr. Spangler inquired whether members have topics of interest for possible introduction in the 2023 session of the West Virginia Legislature. Committee members expressed interest in pursuing legislation which would provide greater patient safety for recipients of medical cannabis authorization cards and increased communication and access to information for providers who have patients that receive medical cannabis authorization from a different provider. Board staff will look into this subject matter and provide proposals for the Committee's consideration at the November meeting.

Additionally, the Committee discussed the fact that it is likely that the Board may be in a position where it may be called upon to address legislation as a result of *Dobbs v. Jackson Women's Health Center*. The Committee recognizes that it is the role of the Legislature to establish the laws governing the practice of medicine and will apply the law to the facts of any matters that come before it for investigation and/or adjudication.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Ms. Takubo seconded the motion, and the motion carried.

In Dr. Rahim's absence, Dr. Sheth chaired the meeting. Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame. CALL TO
ORDER

Prior to today's meeting, the draft September 11, 2022 meeting minutes were made available for members to review. Dr. Lilly moved that the September 11, 2022 meeting minutes be approved. Dr. Challa seconded the motion, and the motion carried. APPROVAL
OF MINUTES

Mr. Spangler reported that the Legislative Rule-Making Review Committee has approved the following rules as originally filed:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*
- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners.*

These rules will be considered by the Legislature during the 2023 session.

Mr. Spangler reported that the West Virginia Secretary of State's Office requires rules that were promulgated after April 1, 2016 to include a sunset date. The Board's rule 11 CSR 12, *Permitting and Disciplinary Procedures: Educational Permits for Graduate Medical Interns, Residents and Fellows*, has a sunset date of May 1, 2024. The Committee discussed this rule, and elected not to make any modifications at this time. Dr. Challa moved that the Committee recommend that the Board authorize Board staff to file a Sunset Extension Request with the West Virginia Secretary of State's Office, which will allow the Board to update the sunset date, filing date and the effective date, and maintain the remainder of the rule without modification. Dr. Lilly seconded the motion, and the motion carried.

The Committee discussed potential patient safety concerns related to recipients of medical cannabis authorization cards receiving medical cannabis and not disclosing such to his/her treating providers. Dr. Challa directed Board staff to liaise with the West Virginia Office of Medical Cannabis to determine the best way to grant licensed providers access to medical cannabis recipient information. Ms. Takubo seconded the motion, and the motion carried.

Mr. Spangler reported that the Board's procedural rule 11 CSR 3, *Board Organization and Meeting Procedure: Complaint and Contested Case Hearing Procedures*, was last updated in 2010. Board staff will review this rule to determine if any updates and/or modernization is needed and will report back to the Committee at a future meeting.

Legislative Committee Minutes
January 8, 2023

The West Virginia Board of Medicine's Legislative Committee met at the Board Office at 11:00 am on January 8, 2023.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD
Ashish P. Sheth, MD
Victoria L. Takubo, PA-C

The following newly appointed Board member attended the meeting:

Matthew Q. Christiansen, MD, MPH

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

With a quorum of members present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. CALL TO
ORDER

Dr. Rahim welcomed Matthew Q. Christiansen, MD, MPH to the meeting. Dr. Christiansen was recently appointed as the State Health Officer and Commissioner of the Department of Health and Human Resources Bureau for Public Health. As such, Dr. Christiansen serves as Secretary for the Board of Medicine.

Prior to today's meeting, the draft November 13, 2022 meeting minutes were made available for members to review. Dr. Sheth moved that the November 13, 2022 meeting minutes be approved. Ms. Takubo seconded the motion, and the motion carried. APPROVAL
OF
MINUTES

Mr. Spangler reported that the Legislative Rule-Making Review Committee has approved the following Board of Medicine rules as originally filed:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*
- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners.*

These rules will be considered by the Legislature during the 2023 session, which begins on January 11, 2023.

Mr. Spangler reminded members that the West Virginia Secretary of State's Office requires rules that were promulgated after April 1, 2016 to include a sunset date. W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate Medical Interns, Residents and Fellows*, has a sunset date of May 1, 2024. As authorized by the Committee at the November 13, 2022 meeting, Board staff have filed the Sunset Extension Request for W. Va. Code R. § 11-12-1 *et seq.* with the West Virginia Secretary of State's Office.

At the November 13, 2022 meeting, the Committee directed Board staff to liaise with the West Virginia Office of Medical Cannabis to determine the best way to grant licensed providers access to medical cannabis recipient information. Mr. Spangler reported that he has had conversations with the Office of Medical Cannabis, the Board of Pharmacy and the Board of Osteopathic Medicine regarding the potential patient safety concerns related to recipients of medical cannabis authorization cards receiving medical cannabis and not disclosing such to his/her treating provider(s) and the Committee's desire for treating providers to have access to medical cannabis information. The Office of Medical Cannabis reported that, in December 2021, the Medical Cannabis Advisory Board recommended to the Governor and the Legislature that "dispensed cannabis products be added to the West Virginia Board of Pharmacy Controlled Substance Prescription Program (CSAPP) with details such as type of product, potency and quantity." The Board of Pharmacy reported to Mr. Spangler that they would need to work with

their database vendor to ensure that individuals dispensing medical cannabis products could enter information into the Controlled Substance Monitoring Program Database without being able to access the information housed within the database. The Board of Osteopathic Medicine has not held a Board meeting since speaking with Mr. Spangler; therefore, their Board is unable to provide comments and/or feedback regarding the matter. Dr. Sheth moved that the Committee direct Board staff to draft proposed legislation which would require medical cannabis dispensary personnel to input information into the CSMP database so that treating providers can access medical cannabis recipient information. Dr. Lilly seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
January 18, 2023

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 5:00 pm on January 18, 2023.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD
Ashish P. Sheth, MD
Victoria L. Takubo, PA-C

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

With a quorum present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. **CALL TO ORDER**

Mr. Spangler reported that the following Board of Medicine rule bills have been introduced, but have not yet been placed on an agenda for consideration:

- **House Bill 2715** – Authorizing the Board of Medicine to promulgate a legislative rule relating to licensing of physicians and podiatric physicians and disciplinary procedures for applicants, licensees and credential holders.
- **House Bill 2716** – Authorizing the Board of Medicine to promulgate a legislative rule relating to licensure, practice requirements, disciplinary and complaint procedures, continuing education, physician assistants.
- **House Bill 2717** – Authorizing the Board of Medicine to promulgate a legislative rule relating to collaborative pharmacy practice.

- **House Bill 2718** – Authorizing the Board of Medicine to promulgate a legislative rule relating to prohibiting sexual misconduct by health care practitioners.

Mr. Spangler reported that **House Bill 2007**, prohibiting certain medical practices, has been introduced. This bill would add a new code section to the West Virginia Medical Practice Act, which would prohibit a physician from providing irreversible gender reassignment surgery to a person who is under eighteen years of age. Exceptions are permitted in specific limited circumstances, and the bill does not address reversible measures, including drug and hormone therapies. Board staff will continue to monitor this bill.

Mr. Spangler reported that **House Bill 2527**, related to revising the criminal code generally, has been introduced. This bill would require health care practitioners to report wounds which lead a reasonable person to believe resulted from a violation of the criminal laws of this state to a law enforcement agency within the county in which the wound is treated within forty-eight hours. Additionally, the bill would require burns which give the practitioner reasonable cause to believe that the injury occurred during the commission or attempted commission of an arson to the state fire marshal within forty-eight hours. Board staff will continue to monitor this bill.

Mr. Spangler reported on **House Bill 2613**, relating to the administration of anesthetics. This bill would permit a certified registered nurse anesthetist (CRNA) to administer anesthesia in cooperation with a physician, podiatrist or dentist. Members of the Legislative Committee indicated it would be appropriate for patients to be notified in advance if anesthesia care is to be provided solely by a CRNA rather than an anesthesiologist. Discussion also ensued as to whether it is appropriate for a CRNA to administer anesthesia in collaboration with podiatrists. No action was taken. Board staff will continue to monitor this bill, and Mr. Spangler will discuss the podiatry issue with the appropriate legislative staff.

Mr. Spangler reported that **House Bill 2628**, requiring certain boards that seek to increase a fee or seek to impose a new fee to also submit cost saving measures, has been introduced. Board staff will continue to monitor this bill.

Mr. Spangler reported that **House Bill 2756**, adding the reporting of medical marijuana to the Controlled Substance Monitoring Program (CSMP) Database, has been introduced. This bill would require medical cannabis dispensary personnel to input information into the CSMP database. Ms. Alley reported that the Uniform Controlled Substances Act will likely need to be modified to add individuals who dispense medical cannabis to the list of individuals who are required to report information to the CSMP database. Dr. Lilly moved that the Committee support House Bill 2756 in concept and direct board staff to work with appropriate legislative staff to ensure that the Uniform Controlled Substance Act, as well as any other sections of code that require modification, are updated appropriately. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported on **Senate Bill 240**, requiring state board of examination or registration proceedings to be open to public inspection. This bill would require that the following information be available on the Board's website:

1. Name of each board member;
2. Names of all board staff;
3. Contact information for each board member and for board staff, including office telephone number, office location, and office mailing address;
4. A secure electronic means of contacting each board member and each staff member;
5. The roster of licensed or registered practitioners;
6. Copies of approved meeting minutes for meetings held during the preceding year;
7. A schedule of regular meeting days for each calendar year; and
8. Notice of each upcoming board meeting.

Committee members directed staff to seek an amendment to remove the requirement that board member email addresses be published on the Board's website.

Mr. Spangler reported that **Senate Bill 244**, making rosters of individuals who obtain professional, occupational, and trade licenses, registration, and certificates available to the public, has been introduced. This bill would require licensing Boards to maintain a complete roster of the names and mailing addresses of all persons licensed, registered, certified or otherwise authorized to practice in this state on its website. Board staff will continue to monitor this bill.

Mr. Spangler reported that **Senate Bill 247**, making administrative appeals and judicial review of board action subject to provisions of Administrative Procedures Act, has been introduced. This bill would permit individuals for whom a licensing board takes action against to appeal the action in writing, within thirty days of the issuance of the action, to the licensing board. It appears to Board staff that there is an error in the drafting of this bill; however, staff will continue to monitor the bill.

Mr. Spangler reported on **Senate Bill 248**, clarifying when excess funds accumulated by boards are to be transferred to the General Revenue Fund. Currently, if a board's special fund accumulates to an amount which exceeds twice the annual budget of the board or \$10,000, whichever is greater, the excess amount is transferred to the state's General Revenue Fund. Senate Bill 248 provides that when the end-of-year cash balance of any special fund exceeds the sum of twice the board's total current actual expenditure for the last fiscal year, the State Treasurer is to transfer the excess amount to the state's General Revenue Fund; however, the maximum amount transferred may not exceed \$200,000. Board staff will continue to monitor this bill.

Mr. Spangler reported that **Senate Bill 255**, prohibiting discrimination against patients for declining or delaying vaccines, has been introduced. In addition to prohibiting discrimination and/or harassment, this bill would require practitioners to provide information on patient rights and would allow for a fine to be imposed when a violation occurs.

Mr. Spangler reported that **House Bill 2754**, relating to immunizations perform in a pharmacy, has been introduced and is scheduled to be considered by the House Health and Human Resources Committee tomorrow, January 19, 2022. Currently, a pharmacist or a pharmacy intern can administer immunizations to adults and individuals who are between the ages of eleven and seventeen with parental consent. This bill would modify the current practice to include pharmacy technicians in the cohort of individuals who can administer immunizations, and would allow immunizations to be administered to individuals between the ages of three and seventeen with parental consent. Board staff will continue to monitor this bill.

Mr. Spangler reported that **Senate Bill 267**, updating the law regarding prior authorizations, was introduced yesterday, January 17, 2023. Board staff have not had an opportunity to thoroughly reviewed this bill. Senate Bill 267 will be placed on a future meeting agenda.

ADJOURNMENT

There being no further business to consider, Dr. Lilly moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
February 8, 2023

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 5:00 pm on February 8, 2023.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Jonathan P. Lilly, MD
Ashish P. Sheth, MD
Victoria L. Takubo, PA-C

The following committee member did not attend the meeting:

Kishore K. Challa, MD, FACC

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

With a quorum present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. **CALL TO ORDER**

Mr. Spangler reported that the following Board of Medicine rule bills have been introduced:

- **Senate Bill 384 and House Bill 2715** – Authorizing the Board of Medicine to promulgate a legislative rule relating to licensing of physicians and podiatric physicians and disciplinary procedures for applicants, licensees and credential holders.
- **Senate Bill 385 and House Bill 2716** – Authorizing the Board of Medicine to promulgate a legislative rule relating to licensure, practice requirements, disciplinary and complaint procedures, continuing education, physician assistants.

- **Senate Bill 386 and House Bill 2717** – Authorizing the Board of Medicine to promulgate a legislative rule relating to collaborative pharmacy practice.
- **Senate Bill 387 and House Bill 2718** – Authorizing the Board of Medicine to promulgate a legislative rule relating to prohibiting sexual misconduct by health care practitioners.

Senate Bills 384, 385, 386, and 387 have been incorporated into **Senate Bill 361**, authorizing miscellaneous boards and agencies to promulgate legislative rules. Senate Bill 361 has passed the Senate and has been ordered to House Judiciary Committee where it has not yet been placed on an agenda. House Bills 2715, 2716, and 2717 have each passed the House Health and Human Resources Committee and are awaiting consideration by the House Judiciary Committee. House Bill 2718 was amended by the House Health and Human Resources Committee to remove the provision which provides that “a person does not have an individual obligation to submit a report if the person’s knowledge is gained solely through participation on a medical staff committee tasked with investigation and other peer review activities.” Committee members continue to support the inclusion of this language and Mr. Spangler will monitor and determine if there is an opportunity to restore it.

Mr. Spangler reported that there is a committee substitute for **House Bill 2007**, prohibiting certain medical practices. As introduced, the bill would prohibit a physician from providing irreversible gender reassignment surgery to a person who is under eighteen years of age. Exceptions are permitted in specific limited circumstances. In addition to prohibiting irreversible gender reassignment surgery, the committee substitute would prohibit a physician from prescribing or administering gender altering medication for the purpose of assisting an individual with a gender transition. The Committee took no position on House Bill 2007 as introduced; however, there are concerns that scientific literature may not support the amendments that have been incorporated into the committee substitute, and that the bill may not be consistent with the psychological treatment and safety of some patients. Mr. Spangler will convey the Committee’s concerns to the appropriate legislative staff.

Mr. Spangler provided an update regarding **Senate Bill 248**, clarifying when excess funds accumulated by boards are to be transferred to the General Revenue Fund. Currently, if a board’s

special fund accumulates to an amount which exceeds twice the annual budget of the board or \$10,000, whichever is greater, the excess amount is transferred to the state's General Revenue Fund. As introduced, Senate Bill 248 provides that when the end-of-year cash balance of any special fund exceeds the sum of twice the board's total current actual expenditure for the last fiscal year, the State Treasurer is to transfer the excess amount to the state's General Revenue Fund; however, the maximum amount transferred may not exceed \$200,000. The bill has passed Senate Finance Committee with a committee substitute which provides that the transfer of funds "is not necessary if a board reduces any fees or dues associated with membership on the board, licensure by the board, or administration of the board by 50 percent of the current fee schedule if such fee or fees are not set forth in legislative rule filed pursuant to §29A-3-1 et seq." The bill has passed the Senate and is awaiting consideration by the House Finance Committee where it has not yet been placed on an agenda. The Committee directed Mr. Spangler to seek an exemption from this bill for the Board of Medicine.

Mr. Spangler reported that **Senate Bill 419**, establishing standards for licensure of military trained applicants, has been introduced. The committee substitute for the committee substitute for this bill was on third reading in the Senate today, February 8, 2023. The bill would require chapter 30 licensing boards, including the Board of Medicine, to issue a license, certification or registration to a military-trained applicant or his/her spouse if certain criteria are met. Additionally, the bill provides that "No later than 15 days following receipt of an application from a military-trained applicant, the board shall either issue a license, certification, registration, or notify an applicant when the applicant's military training or experience does not satisfy the requirements for licensure, certification, or registration and specify the criteria or requirements that the board determined that the applicant failed to meet and the basis for that determination." The bill contains identical language for military spouses. The Committee supports military families, however, there are concerns regarding the Board's ability to perform primary source verification of the applicant's education and training, particularly for military spouses. Additionally, there are concerns with regard to the 15-day timeframe. For these reasons, Ms. Takubo moved that the Committee oppose Board of Medicine inclusion in this bill. Dr. Sheth seconded the motion, and the motion carried.

Ms. Takubo left the meeting at this time.

Mr. Spangler reported that **Senate Bill 512** and **House Bill 3171**, providing that continuing education credits shall be valid for three years, has been introduced. Currently Board of Medicine licensees must ensure that his/her continuing education requirements are met each renewal cycle (every two years). Senate Bill 512 and House Bill 3171 provide that continuing education requirements “shall be valid for three years” and that chapter 30 licensing boards “may choose to extend the time that continuing education credits are valid, up to an additional three years.” Each of these bills are awaiting consideration by the respective Government Organization Committee. Dr. Lilly moved that the Committee oppose Senate Bill 512 and House Bill 3171. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported that **Senate Bill 247**, making administrative appeals and judicial review of board action subject to provisions of the Administrative Procedures Act, has been introduced. This bill cleans up existing language, but has appeal provisions that likely need corrected. Board staff will continue to monitor this bill.

Mr. Spangler reminded the Committee that **House Bill 2613**, relating to the administration of anesthetics, would permit a certified registered nurse anesthetist (CRNA) to administer anesthesia in cooperation with a physician, podiatrist or dentist. At the January 18, 2023 meeting, members of the Legislative Committee indicated that it would be appropriate for patients to be notified in advance if anesthesia care is provided solely by a CRNA rather than an anesthesiologist. Discussion also ensued as to whether it is appropriate for a CRNA to administer anesthesia in collaboration with podiatrists. Mr. Spangler reported that he has spoken with members of the Legislature in an attempt to get podiatrists removed from this bill; however, thus far his efforts have been unsuccessful. House Bill 2613 has passed the House and is awaiting consideration by the Senate Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2756**, adding the reporting of medical marijuana to the Controlled Substance Monitoring Program (CSMP) Database, has passed House Health and Human Resources Committee with an amendment which modifies the Medical Cannabis Act and the Uniform Controlled Substance act to require a medical cannabis dispensary to input

information into the CSMP database. The bill is awaiting consideration by the House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 266**, relating to tobacco usage restrictions, has passed Senate Health and Human Resources Committee with a committee substitute and is awaiting consideration by the Senate Finance Committee. This bill would “increase the age for the purchase of tobacco products, tobacco-derived products, and alternative nicotine products from 18 to 21.” The bill also “prohibits the use of lit tobacco products in a motor vehicle while individuals 16 years of age or under are present.” The Committee supports Senate Bill 266.

Mr. Spangler reported that **Senate Bill 267**, updating the law regarding prior authorizations, has been introduced. The bill has passed Senate Health and Human Resources Committee with the a committee substitute, and is awaiting consideration by the Senate Finance Committee. This bill would require the electronic submission of prior authorizations and related communications, include timeframes to streamline the prior authorization process, revise the gold carding process, revise the timeframes during the process and the appeal process, and provide oversight and enforcement. The Committee supports Senate Bill 267.

Mr. Spangler reported that **House Bill 3317**, relating to removing specific continuing education requirements, has been introduced. Currently, Board of Medicine licensees who prescribe, administer and/or dispense any controlled substances pursuant to his/her West Virginia license are required to complete a three-hour Board approved course on drug diversion training and best practice prescribing of controlled substances training once every two years. This bill provides that each person issued an initial license must complete drug diversion training, best-practice prescribing of controlled substances training, and training on prescribing and administration of an opioid antagonist within one year of initial licensure. The bill does not provide any additional information regarding the frequency of the required training. The Committee is generally in favor of continuing to require licensees to complete a three-hour Board approved training once every two years.

Mr. Spangler reported that it is possible that there will be two bills of specific interest to the Board introduced during the 2023 legislative session. One bill would create an emeritus status license for licensees who are retired, and another bill would create an associate physician license which would be available for medical students who do not successfully match in a post-graduate training program. Board staff will continue to monitor bills that are introduced and will alert the Committee if the aforementioned bills are introduced.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Lilly seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
February 15, 2023

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 5:00 pm on February 15, 2023.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD
Ashish P. Sheth, MD
Victoria L. Takubo, PA-C

The following committee member did not attend the meeting:

Douglas S. Dockery, DPM

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

With a quorum of members present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. **CALL TO ORDER**

Mr. Spangler reported there has been no movement with regard to **Senate Bill 361**, authorizing miscellaneous boards and agencies to promulgate legislative rules, since the Committee's February 8, 2023 meeting. This bill has passed the Senate and has been ordered to House Judiciary Committee where it has not yet been placed on an agenda. Additionally, there has been no movement with regard to **House Bills 2715, 2716, 2717 and 2718**, authorizing the Board of Medicine to promulgate legislative rules. These bills have each passed the House Health and Human Resources Committee and are awaiting consideration by the House Judiciary Committee.

Mr. Spangler reported that there has been no movement since the Committee's February 8, 2023 meeting with regard to **House Bill 2007**, prohibiting certain medical practices. This bill has passed the Senate and is awaiting consideration by the Senate Health and Human Resources Committee. Mr. Spangler has conveyed to Senate Health and Human Resources Committee legal staff the Legislative Committee's concerns with regard to gender altering medications being amended into the bill.

Mr. Spangler reported that **House Bill 3383**, Youth Mental Health Protection Act, has been introduced. This bill is double referenced to House Health and Human Resources Committee and House Judiciary Committee; however, it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 240**, requiring state board of examination or registration proceedings to be open to public inspection, has passed the Senate and is awaiting consideration by the House Government Organization Committee. This bill would require chapter 30 licensing boards to:

- Develop a request form to be submitted to the Board when an individual seeks to obtain a register of applicants.
- Display the following information on the Board's website:
 - Name of each board member;
 - Names of all board staff;
 - Contact information for each board member and for board staff, including office telephone number, office location, and office mailing address;
 - A secure electronic means for contacting each board member and each staff member;
 - The roster of licensed or registered practitioners;
 - Copies of approved meeting minutes for meetings held during the preceding year;
 - A schedule of regular meeting days for each calendar year; and
 - Notice of each upcoming board meeting.
- Prohibit the disclosure of personally identifiable information and sensitive personally identifiable information.

In the bill, personally identifiable information is defined as “any information that identifies, or can be used to identify, locate, contact, or impersonate a particular individual.” Board staff have concerns that the information currently provided on a licensee’s profile that is accessible via the Board’s search feature on the website may include personally identifiable information as defined in this bill. Board staff will continue to closely monitor this bill.

At the February 8, 2023 meeting, the Committee directed Mr. Spangler to seek a carveout for the Board of Medicine with regard to **Senate Bill 248**, clarifying when excess funds accumulated by boards are to be transferred to the General Revenue Fund. Mr. Spangler reported that he has spoken with staff at the Governor’s Office regarding an exemption for the Board of Medicine. Board staff will continue to monitor this bill.

At the February 8, 2023 meeting, the Committee expressed support for military families; however, voted to oppose the Board of Medicine’s inclusion in **Senate Bill 419**, establishing standards for licensure of military trained applicants. This bill would require Chapter 30 licensing boards to issue a license, certification or registration to a military-trained applicant or his/her spouse if certain criteria are met. Additionally, the bill provides that “No later than 15 days following receipt of an application from a military-trained applicant, the board shall either issue a license, certification, registration, or notify an applicant when the applicant’s military training or experience does not satisfy the requirements for licensure, certification, or registration and specify the criteria or requirements that the board determined that the applicant failed to meet and the basis for that determination.” The bill contains identical language for military spouses. This bill has passed the Senate and is awaiting consideration by the House Veterans Affairs and Homeland Security Committee. Board staff will continue to monitor this bill and share the Committee’s concerns with the appropriate legislative staff in the House.

At the February 8, 2023 meeting, the Committee voted to oppose **Senate Bill 512** and **House Bill 3171**, providing that continuing education credits shall be valid for three years. These bills provide that continuing education requirements “shall be valid for three years” and that chapter 30 licensing boards “may choose to extend the time that continuing education credits are

valid, up to an additional three years.” There has been no movement with regard to these bills since being introduced. Board staff will continue to closely monitor these bills.

The Committee previously reviewed and considered **House Bill 3317**, relating to removing specific continuing education requirements. This bill provides that each person issued an initial license must complete “drug diversion training, best-practice prescribing of controlled substances training, and training on prescribing and administration of an opioid antagonist.” The bill does not provide any additional information regarding the frequency of the required training. Currently, licensees are required to complete a three-hour Board approved training once every two years, which is consistent with his/her renewal cycle. This Committee is in favor of continuing to require licensees to complete this training once every two years. House Bill 3317 passed the House today and is single referenced to Senate Health and Human Resources Committee.

Mr. Spangler reported that there has been no movement with regard to **House Bill 2613** since the Committee’s February 8, 2023 meeting. This bill would permit a certified registered nurse anesthetist (CRNA) to administer anesthesia in cooperation with a physician, podiatrist or dentist. Mr. Spangler has spoken with members of the Legislature in an attempt to get podiatric physicians removed from this bill; however, thus far his efforts have been unsuccessful. This bill is awaiting consideration by the Senate Health and Human Resources Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that there has been no movement with regard to **House Bill 2756**, adding the reporting of medical marijuana to the Controlled Substance Monitoring Program (CSMP) Database, since the Committee’s February 8, 2023 meeting. This bill has passed House Health and Human Resources Committee and is awaiting consideration by the House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported on **Senate Bill 521**, improving patient safety in medical cannabis program. This bill would modify the Medical Cannabis Act to provide that “no edible cannabis product produced or sold in this state may be shaped or designed to entice children to consume it, including, but not limited to, the shape of people, animals, or fruits.” Additionally, this bill would

require medical cannabis dispensaries to input information into the Controlled Substance Monitor Program Database. This bill will need to be congruent with House Bill 2756 if it advances.

Mr. Spangler reported that **Senate Bill 266**, relating to tobacco usage restrictions, and **Senate Bill 267**, updating the law regarding prior authorizations, have not moved since the Committee's February 8, 2023 meeting. Board staff will continue to monitor these bills which are supported by the Committee.

Mr. Spangler reported that **Senate Bill 598**, increasing availability of prescription nonopioid medications, has been introduced. He asked Ms. Alley to provide an overview of the bill. Ms. Alley reported that this bill would require practitioners to do the following prior to issuing a prescription for a Schedule II opioid drug:

- Inform the patient of available prescription nonopioid alternatives for the treatment of pain.
- Inform the patient of interventional procedures or treatments, such as acupuncture, chiropractic treatments, physical or occupational therapy, etc.
- Discuss with the patient the advantages and disadvantages of the use of prescription nonopioid alternatives.
- Provide the patient with an educational pamphlet that is developed by the West Virginia Department of Health and Human Resources.
- Document in the patient's record that prescription nonopioid alternatives were considered and discussed with the patient.
- If an opioid is prescribed, document in the patient's records the reason(s) for the prescription or order.

Additionally, this bill would require insurance companies to cover a nonopioid alternative for the treatment of pain. Dr. Sheth moved that the Committee oppose Senate Bill 598 because the requirements set forth in the bill would not apply to providers who follow the standard of care for patients. Dr. Lilly seconded the motion, and the motion carried.

Mr. Spangler reported that **House Bill 3297** has been introduced. This bill would create a new provision in the Medical Practice Act that provides that “Patients may refuse residents and medical students from observing or performing medical care on them.” Additionally, the bill provides that “Each hospital shall implement a policy to ensure that patients are informed of their right to refuse such observations.” This bill is single referenced to House Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler asked Ms. Alley to provide an overview of **House Bill 3379**. Ms. Alley reported that the bill provides that “All physicians, podiatrists, chiropractors, physician assistants, certified registered nurse practitioners, and other persons authorized to diagnose or treat disorders and disabilities, licensed and authorized pursuant to chapter thirty of the code, shall report to the Division of Motor Vehicles, in writing, the full name, date of birth, and address of every person over 15 years of age diagnosed as having any specified disorder or disability within 10 days” Specified disorders is broadly defined as “disorders characterized by lapses of consciousness or other mental or physical disabilities affecting the ability of a person to drive safely.” This bill is single referenced to House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 3388**, creating the health care professional preceptor tax credit, has been introduced. This bill would require any preceptor wishing to participate to register with the West Virginia Higher Education Policy Commission. Registered preceptors would be eligible to receive up to three \$500 tax credits on a first-come first-served basis. This bill is awaiting consideration by the House Health and Human Resources Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 646**, creating an emeritus physician license, was introduced today. As introduced, Board staff have some concerns with regard to the bill. Specifically, the bill does not require an emeritus license applicant to have practiced in West Virginia. Additionally, the bill does not prohibit a licensee who holds an emeritus status license in West Virginia from practicing in another state. Also, the bill does not address situations in which an active status licensee may convert his/her license to an emeritus license in order to avoid investigation and/or disciplinary action. Dr. Challa moved that the Committee support the concept

of an emeritus license and authorize Board staff to seek a modification to the bill which would permit the Board to establish the details of the license via rulemaking. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported that **Senate Bill 650**, allowing physician assistants to own a practice, was introduced today. This bill seeks to modify the West Virginia Medical Practice Act, which is specific to medical doctors and podiatric physicians, rather than the West Virginia Physician Assistant Practice Act. The bill establishes the grounds for which an application can be denied or disciplinary action can be imposed. Specifically, it adds physician assistants to W. Va. Code § 30-3-14). Additionally, the bill modifies the Uniform Limited Liability Company Act to permit physician assistants to own a professional limited liability company. The bill note provides “that the term “physician assistant” is synonymous with “physician associate” or whatever term the American Academy of Physician Associates designates as the proper term for the profession”; however, the bill text does not reference “physician associate”. This bill is single referenced to Senate Health and Human Resources Committee.

Mr. Spangler reported that there continues to be the possibility that a bill which would create an associate physician license may be introduced. It is anticipated that such a bill would permit medical students who do not successfully match in a post-graduate training program to obtain an associate physician license. Board staff will continue to monitor bills that are introduced and will alert the Committee if such a bill is introduced.

ADJOURNMENT

There being no further business to consider, the Committee adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
March 1, 2023

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 5:00 pm on March 1, 2023.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD
Ashish P. Sheth, MD
Victoria L. Takubo, PA-C

The following committee member did not attend the meeting:

Douglas S. Dockery, DPM

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Mr. Spangler reported that Dr. Rahim will be joining the meeting late. In Dr. Rahim's absence, Dr. Sheth chaired the meeting. With a quorum of members present, Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER

Mr. Spangler reported there has been no movement with regard to **Senate Bill 361**, authorizing miscellaneous boards and agencies to promulgate legislative rules, since the Committee's February 8, 2023 meeting. This bill has passed the Senate and has been ordered to House Judiciary Committee where it has not yet been placed on an agenda. **House Bills 2715, 2716, 2717 and 2718**, authorizing the Board of Medicine to promulgate legislative rules, did not advance out of the House.

Mr. Spangler reported that **House Bill 2007**, prohibiting certain medical practices, is scheduled to be considered by the Senate Health and Human Resources Committee tomorrow, March 2, 2023. Mr. Spangler will attend the meeting and will represent the Legislative Committee's concerns with regard to gender altering medications being amended into the bill.

Mr. Spangler reported that **House Bill 3383**, Youth Mental Health Protection Act, has been introduced. This bill is double referenced to House Health and Human Resources Committee and House Judiciary Committee; however, it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 240**, requiring state board of examination or registration proceedings to be open to public inspection, has passed the Senate and is awaiting consideration by the House Government Organization Committee.

Mr. Spangler reported that **Senate Bill 248**, clarifying when excess funds accumulated by boards are to be transferred to the General Revenue Fund, has passed the Senate and is awaiting consideration by the House Finance Committee.

Mr. Spangler reported that **Senate Bill 419**, establishing standards for licensure of military trained applicants, was placed on the House Government Organization Committee agenda late today. Board staff continue to monitor this bill closely.

At the February 8, 2023 meeting, the Committee voted to oppose **Senate Bill 512** and **House Bill 3171**, providing that continuing education credits shall be valid for three years. These bills provide that continuing education requirements "shall be valid for three years" and that chapter 30 licensing boards "may choose to extend the time that continuing education credits are valid, up to an additional three years." Mr. Spangler reported that neither of these two bills have been placed on an agenda since being introduced, and the bills are not likely to advance this year.

Mr. Spangler reported that **Senate Bill 650**, allowing physician assistants to own a practice, has passed the Senate and is awaiting consideration by the House Health and Human Resources Committee.

Mr. Spangler reported that **Senate Bill 698**, updating the term “physician assistant” to “physician associate” was single referenced to Senate Health and Human Resources Committee. The bill was not placed on an agenda, and therefore will not advance this session.

Mr. Spangler reported that **Senate Bill 646**, creating an emeritus physician license, has passed the Senate with a Committee Substitute and is awaiting consideration by the House Health and Human Resources Committee.

Mr. Spangler reported that **Senate Bill 734** has been introduced. This bill would require adoption of cloud-based computing services by state agencies. Additionally, the bill provides that “The Chief Information Officer shall work with all state agencies to ensure that all paper-based forms and applications are made available to state residents through digital media by no later than July 1, 2025.” The Board may experience database implications if this bill is passed. Board staff will continue to monitor this bill.

Mr. Spangler reported that **House Bill 3317**, relating to removing specific continuing education requirements, has passed the Senate and has been referred back to the House with a request that the House concur.

Mr. Spangler reported that there has been no movement with regard to **House Bill 2613** since the Committee’s February 8, 2023 meeting. This bill is awaiting consideration by the Senate Health and Human Resources Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2756**, adding the reporting of medical marijuana to the Controlled Substance Monitoring Program Database, and **Senate Bill 521**, improving patient safety in the medical cannabis program, each failed to cross over; therefore, these two bills will not be passed during this legislative session.

Mr. Spangler reported that Board staff continue to monitor **Senate Bill 247**, Making administrative appeals and judicial review of board action subject to provisions of Administrative

Procedures Act. This bill has passed the Senate and is awaiting consideration by the House Judiciary Committee.

Mr. Spangler reported that **Senate Bill 266**, relating to tobacco usage restrictions, failed to cross over; therefore, the bill will not be passed during this legislative session.

Mr. Spangler reported that **Senate Bill 267**, updating the law regarding prior authorizations, has passed the Senate and is awaiting consideration by the House Health and Human Resources Committee. There is a substantial fiscal note associated with this bill. Board staff will continue to monitor Senate Bill 267.

Mr. Spangler reported on **Senate Bill 296** and **House Bill 3146**, relating to the Uniform Public Meetings During Emergencies Act. Board staff interpret these bills to only permit virtual meetings when an emergency declaration is in effect. The bills also include set forth how a virtual meeting should be conducted. Board staff will continue to monitor these bills.

Mr. Spangler reported that **Senate Bill 552**, relating to abortion, has passed the Senate and is awaiting consideration by the House Health and Human Resources Committee.

Dr. Rahim joined the meeting at this time.

Discussion ensued regarding medical students who do not successfully match in a post-graduate training program. No bills regarding such have been introduced, and therefore no action was taken with regard to a bill on this matter. The Committee expressed interest in revisiting this topic in the future.

ADJOURNMENT

There being no further business to consider, the Committee adjourned by consensus.

The West Virginia Board of Medicine's Legislative Committee met at the Board Office at 10:30 am on March 12, 2023.

The following committee members attended the meeting in person:

Kishore K. Challa, MD, FACC
Jonathan P. Lilly, MD
Victoria L. Takubo, PA-C

The following committee members attended the meeting via teleconference:

Mustafa Rahim, MD, Legislative Committee Chair
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Douglas S. Dockery, DPM

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

With a quorum of members present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. **CALL TO ORDER**

Prior to today's meeting, the following draft meeting minutes were made available for members to review: **APPROVAL OF MINUTES**

January 8, 2023
January 18, 2023
February 8, 2023
February 15, 2023
March 1, 2023

Dr. Challa moved that the abovementioned five sets of meeting minutes be approved. Ms. Takubo seconded the motion, and the motion carried.

Mr. Spangler reported that the 2023 legislative session concluded yesterday, March 11, 2023. The following Board of Medicine rule bills were passed during the session:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*
- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*

Mr. Spangler reported that the following bills, which were closely monitored by Board of Medicine staff, were passed during the 2023 legislative session:

- **Senate Bill 240** – Requiring state board of examination or registration proceedings to be open to public inspection. Board staff were able to successfully advocate for amendments to this bill that eliminated the requirement that Board member email addresses be published on the website, and that protected the Board’s ability to continue to publish robust licensee profiles on our website.
- **Senate Bill 241** – Patient Brokering Act
- **Senate Bill 244** – Making rosters of individuals who obtain professional, occupational, and trade licenses, registrations, and certificates available to public
- **Senate Bill 247** – Making administrative appeals and judicial review of board action subject to provisions of the Administrative Procedures Act
- **Senate Bill 552** – Relating to abortion - This bill provides that the Board shall revoke the license of a provider if it finds “that the licensed medical professional has knowingly and willfully performed, induced or attempted to perform or induce an elective abortion”.
- **House Bill 2007** – Prohibiting certain medical practices - This bill adds a new section to the West Virginia Medical Practice Act establishing restrictions on providing gender transition treatment to minors.

- **House Bill 2754** – Relating to immunizations performed in a pharmacy - This bill provides authorization for pharmacy technicians to administer immunizations in some circumstances and includes joint rulemaking for the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy.
- **House Bill 2967** – Expediting License Applications for active military members and veterans, and their spouses. Board staff were able to successfully advocate for modifications to the bill that exempt physicians.
- **House Bill 3166** – To permit a hospital to hold a patient experiencing a psychiatric emergency for up to 72 hours
- **House Bill 3317** – Relating to removing specific continuing education requirements - This bill requires providers to complete drug diversion training, best practice prescribing of controlled substances training, and training on prescribing and administering an opioid antagonist within one year of being granted an initial license if the individual prescribes, administers or dispenses a controlled substance. It provides discretion to boards to establish other continuing education criteria in rules.

Mr. Spangler reported that the following bills, which were closely monitored by Board of Medicine staff, were not passed during the 2023 legislative session:

- **Senate Bill 248** – Clarifying when excess funds accumulated by boards are to be transferred to the General Revenue Fund
- **Senate Bill 646** – Creating an emeritus physician license
- **Senate Bill 650** – Allowing physician assistants to own a practice - This bill would have authorized PLLC ownership by physician assistants. Physician assistants are currently authorized to participate in the ownership of medical corporations.
- **House Bill 2613** – Relating to the administration of anesthetics

Mr. Spangler reported that Board staff will review the legislation that was passed during the 2023 legislative session to determine what rules will need to be promulgated by the Board. Additionally, Board staff will review current rules to determine whether updates and/or amendments are needed.

ADJOURNMENT

There being no further business to consider, Dr. Lilly moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
June 14, 2023

The West Virginia Board of Medicine's Legislative Committee met via teleconference at 5:00 pm on June 14, 2023.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Acting Legislative Committee Chair
Douglas S. Dockery, DPM
Jonathan P. Lilly, MD
Mustafa Rahim, MD, Legislative Committee Chair
Victoria L. Takubo, PA-C

The following committee member did not attend the meeting:

Kishore K. Challa, MD, FACC

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

With a quorum of members present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. Due to technical difficulties, Dr. Rahim asked Dr. Sheth to chair the meeting. **CALL TO ORDER**

Prior to today's meeting, a copy of the following proposed amended rules were made available for members to review:

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*

The following proposed rule, as amended by the West Virginia Board of Pharmacy, was made available for members to review.

- W. Va. Code R. § 15-12-1 *et. seq.*, *Board of Pharmacy Rules for Immunizations Administered by Pharmacists, Pharmacy Interns, and Pharmacy Technicians*

Mr. Spangler reported that House Bill 3317 was enacted during the 2023 regular session of the West Virginia Legislature. This bill requires providers to complete drug diversion training, best practice prescribing of controlled substances training, and training on prescribing and administering an opioid antagonist within one year of being granted an initial license if the individual prescribes, administers or dispenses a controlled substance. It provides discretion to boards to establish other continuing education criteria in rules. As a result of the enactment of House Bill 3317, Board staff have drafted proposed amendments to W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants* and W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*. Mr. Spangler asked Ms. Alley to provide an overview of the proposed modifications to these two rules.

With regard to W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*, Ms. Alley reported that:

- Section two replaces the definition of drug diversion training and best practice prescribing of controlled substances training with a definition for “Risk Assessment and Responsible Prescribing of Controlled Substances” training. The component parts of the training are substantially similar, but include some modernizations, such: (1) as an emphasis on providing licensees with tools for conducting routine patient assessments for risk factors associated with drug diversion, misuse or abuse and identification of substance use disorder treatment referral resources; and (2) how to prescribe for and manage patients with active prescriptions for more than one controlled substance.
- A new section three was added to highlight the requirement in House Bill 3117 that initial licensees take the required training within one year of licensure, unless eligible for a waiver and to emphasis the biennial requirement.

- The prior language regarding drug diversion training and best practice prescribing of controlled substances training was removed from renumbered section four, and renumbering and course name amendments were implemented throughout the rule.
- The requirement that course providers maintain a list of attendees was relocated from the definition section to renumbered section seven.

Additionally, Ms. Alley reported that Board staff will incorporate technical, non-substantive clean-up prior to filing the proposed rule with the West Virginia Secretary of State's Office. Dr. Lilly moved that the Committee approve W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Rahim seconded the motion, and the motion carried without opposition.

With regard to W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*, Ms. Alley reported that:

- Section two replaces the definition of drug diversion training and best practice prescribing of controlled substances training with a definition for "Risk Assessment and Responsible Prescribing of Controlled Substances" training. The component parts of the training are substantially similar, but include some modernizations, such: (1) as an emphasis on providing licensees with tools for conducting routine patient assessments for risk factors associated with drug diversion, misuse or abuse and identification of substance use disorder treatment referral resources; and (2) how to prescribe for and manage patients with active prescriptions for more than one controlled substance.
- Section eleven was amended to align Practice Notification requirements with House Bill 3317.
- Section fourteen was amended to highlight the requirement in House Bill 3117 that initial licensees take the required training within one year of licensure, unless eligible for a waiver and to emphasize the biennial requirement.

Additionally, Ms. Alley reported that Board staff will incorporate technical, non-substantive clean-up prior to filing the proposed rule with the West Virginia Secretary of State's Office. Dr. Lilly moved that the Committee approve W. Va. Code R § 11-1B-1 *et seq.*, *Licensure, Practice*

Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants and authorize Board staff to move forward with promulgation of the legislative rule. Ms. Takubo seconded the motion, and the motion carried without opposition.

Mr. Spangler reported that W. Va. Code R. § 11-9-1 *et seq.*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*, became effective on July 1, 2008, and has not been updated since becoming effective. There are currently no radiologist assistants licensed pursuant to this rule. In November 2022, in response to a request that was received from a radiologist assistant licensed in another state, the Executive/Management Committee directed Board staff to begin working on proposed modifications to W. Va. Code R. § 11-9-1 *et seq.* for introduction during the 2024 legislative session. Mr. Spangler asked Ms. Alley to report on this rule. Ms. Alley reported that W. Va. Code § 30-3-7a. authorizes the Board of Medicine, with the advice of the West Virginia Medical Imaging and Radiation Therapy Technology Board of Examiners, to “establish the scope of practice of a Radiologist Assistant.” Board staff indicated that the legislative language is so sparse and vague that it provides little guidance on how the profession should be regulated, and proposed seeking legislative action as opposed to engaging in rulemaking. As an example, the statute does not set forth the type of credential that a radiologist assistant should be issued. The current rule issues a certification. Ms. Takubo moved that the Committee table action with regard to W. Va. Code R. § 11-9-1 *et. seq.* and seek legislative guidance. Dr. Dockery seconded the motion, and the motion carried without opposition.

Mr. Spangler reported that House Bill 2754 was enacted during the 2023 regular session of the West Virginia Legislature. This bill authorizes pharmacy technicians to administer immunizations in some circumstances, and includes joint rulemaking for the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy. The West Virginia Board of Pharmacy provided a proposed amended rule, W. Va. Code R. § 15-12-1 *et seq.*, *Board of Pharmacy Rules for Immunizations Administered by Pharmacists, Pharmacy Interns, and Pharmacy Technicians*, for consideration. Mr. Spangler asked Mr. Foster to provide an overview of the amendments to this rule. Mr. Foster reported that the amendments to this rule:

- Update the definition section.

- Expand the cohort of individuals who can administer immunizations to include pharmacy technicians.
- Expand the age group in which immunizations can be administered.
- Removes the requirement that the immunization be ordered by a physician.

Dr. Lilly moved that the Committee direct Board staff to communicate to the Board of Pharmacy that the Committee has no modifications to the proposed rule. Dr. Dockery seconded the motion, and the motion carried without opposition.

ADJOURNMENT

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Dr. Lilly seconded the motion, and the motion carried.

Complaint Committee Meeting Minutes

November 13, 2022

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 13th day of November 2022, beginning at 12:30 p.m.

The following Committee members were present:

David A. Mullins, MD, Complaint Committee Chair
Jonathan P. Lilly, MD, Vice President

The following Board member was present and served on the Committee by special designation for consideration of one matter:

Ashish P. Sheth, MD, President

The following Committee member was absent:

Angela A. Mayfield

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

CALL TO

ORDER Dr. Mullins called the meeting to order and thanked Dr. Sheth for agreeing to participate in the consideration of one matter on the Committee's Agenda to secure a quorum. For the convenience of all parties, the Committee elected by consensus to consider the matter resulting in Dr. Sheth's designation out of turn.

Dr. Mullins renewed his declaration of a conflict with regard to the monitoring of Consent Order compliance with respect to Complaint No. 19-84-W. Dr. Mullins disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias. Dr. Mullins designated Dr. Lilly to chair the meeting in his absence and left the meeting room.

EXECUTIVE

SESSION With a quorum present, Dr. Sheth made a motion that the Public Session be recessed in order to enter into Executive Session, pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and § 30-3-6, to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Lilly seconded the motion, the motion carried, and the Committee entered into Executive Session.

PUBLIC

SESSION The Committee re-entered Public Session. Dr. Mullins returned to the meeting. Dr. Sheth left the meeting at this time and was absent for the remainder of the meeting.

APPROVAL**OF**

MINUTES Dr. Lilly made a motion to approve the minutes of the September 11, 2022 Complaint Committee meeting. Dr. Mullins seconded the motion, and the motion carried.

BOARD

Bassem Ragheb George, MD Complaint Nos. 20-88-H and 22-01-W	September 26, 2022	This physician completed an additional CME course on professional boundaries and ethics to resolve allegations of unprofessional conduct.

Trent Glen Mason, MD Complaint No. 21-23-W	August 30, 2022	This physician was placed on a two-year probationary period, to resolve allegations regarding his prescribing practices. Probationary terms include additional CME on prescribing and recordkeeping, and random annual medical record and prescribing audits.
Chinedu Nicholas Nwabueze, MD Complaint No. 21-124-W	August 30, 2022	This physician was fined \$500.00 for failing to complete all component parts of the 2021 renewal process for IMLC pathway licensees.
Christopher Cory Robert Shaw, MD Complaint No. 21-124-W	September 26, 2022	This physician was fined \$500.00 for a CME deficit of 3 hours.

EXECUTIVE

SESSION Dr. Lilly made a motion that the Public Session be recessed in order to enter into Executive Session, pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and § 30-3-6, to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Mullins seconded the motion, the motion carried, and the Committee entered into Executive Session.

PUBLIC

SESSION The Committee re-entered Public Session.

MINUTES Ms. Mayfield made a motion to approve the minutes of the November 13, 2022 Complaint Committee meeting. Dr. Lilly seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT

Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the November meeting, a fully executed Consent Order has been entered with respect to each of the following licensees:

CONSENT ORDERS		
Licensee	Entry Date	Summary and Terms
Louis Leonard Rolston-Cregler, MD Complaint No. 21-129-W	November 29, 2022	This physician was fined \$1,000.00 for failing to complete all component parts of the 2021 renewal process for IMLC pathway licensees within the required timeframe.
Terry Gene Sanders, II, MD Complaint No. 22-29-W	December 14, 2022	This physician's medical license was placed in a probationary status until he satisfactorily completes an agreed-upon program and meets all other terms and conditions of probation. He was also publicly reprimanded for his unprofessional conduct.

EXECUTIVE

SESSION Dr. Lilly made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and West Virginia Code § 30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Ms. Mayfield seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered Public Session.

Ms. Mayfield declared a conflict in two pending Complaint Committee matters.

Ms. Mayfield declared a conflict with regard to Complaint No. 20-99-W. Ms. Mayfield disclosed that her conflict relates to the fact that she serves on the Board of a hospital currently involved in litigation with the licensee, which may create an appearance of partiality or bias.

Ms. Mayfield declared a conflict in a second Complaint Committee matter. The matter

was identified as a confidential report pending before the Committee for possible initiation of a Committee complaint and investigation. Ms. Mayfield disclosed that her conflict relates to the fact that the licensee is a recent real estate client. Ms. Mayfield then exited the meeting room.

Dr. Lilly moved that the Committee authorize the presentation of a Consent Order with regard to Complaint No. 20-99-W. Dr. Mullins seconded the motion, and the motion carried. The Committee then considered the second matter in which Ms. Mayfield declared a conflict. Dr. Lilly moved that the Committee initiate Complaint No. 23-15-W. Dr. Mullins seconded the motion, and the motion carried.

Having completed discussion and action upon the matters in which Ms. Mayfield declared a conflict, Ms. Mayfield returned to the meeting room and was present for remainder of the meeting.

Dr. Lilly declared a conflict with regard to Complaint No. 22-72-W. Dr. Lilly disclosed that his conflict relates to the fact that he has a current physician/patient relationship with a patient at issue in this matter. Dr. Lilly then exited the meeting room.

During his absence, Ms. Mayfield moved that the Committee close Complaint No. 22-72-W. Dr. Mullins seconded the motion, and the motion carried. Having completed discussion and action upon the matter in which Dr. Lilly declared a conflict, Dr. Lilly returned to the meeting room and was present for remainder of the meeting.

EXECUTIVE

SESSION Dr. Lilly made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and West Virginia Code § 30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Ms. Mayfield seconded the motion, and the motion carried.

PUBLIC SESSION

The Committee re-entered Public Session.

Mr. Tipton declared a conflict in a pending Complaint Committee matter.

Mr. Tipton declared a conflict with regard to Complaint No. 22-53-M. Mr. Tipton disclosed that his conflict relates to the fact that he had a recent provider/patient relationship with a patient at issue in this matter. Mr. Tipton then exited the meeting room.

Dr. Lilly moved that the Committee close Complaint No. 22-53-M. Ms. Mayfield seconded the motion, and the motion carried. Having completed discussion and action upon the matter in which Mr. Tipton declared a conflict, Mr. Tipton returned to the meeting room and was present for remainder of the meeting.

Dr. Mullins declared a conflict in two pending Complaint Committee matters.

Dr. Mullins declared a conflict with regard to Complaint No. 22-46-W. Dr. Mullins disclosed that his conflict relates to the fact that he practices at the same hospital as the licensee, is familiar with the underlying matter through his role at the hospital, and his participation in the Board's consideration of this matter may create an appearance of partiality or bias.

Dr. Mullins declared a conflict in a second Complaint Committee matter. The matter was identified as a confidential report pending before the Committee for possible initiation of a Committee complaint and investigation. Dr. Mullins disclosed that his conflict relates to the fact that the licensee is currently a practicing partner alongside Dr. Mullins at Mercer Medical Group General Surgery. Dr. Mullins designated Dr. Lilly to chair the meeting in his absence and left the meeting room.

During his absence, Ms. Mayfield moved that the Committee close Complaint No. 22-46-W with respect to Inas Hassan Al-Attar, MD. Dr. Lilly seconded the motion, and the motion carried. The Committee then considered the second matter in which Dr. Mullins declared a conflict. Ms. Mayfield moved that the Committee initiate Complaint No. 23-36-W. Dr. Lilly seconded the motion, and the motion carried. Having completed discussion and action upon the matters in which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room and was present for remainder of the meeting.

COMPLAINT COMMITTEE

ACTIONS Dr. Lilly moved that the Committee take the following actions:

INITIATED COMPLAINTS

23-33-W
23-34-W
23-35-W

Ms. Mayfield seconded the motion, and the motion carried.

Dr. Lilly moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in four ongoing matters. Ms. Mayfield seconded the motion, and the motion carried.

David Jay Currence, MD entered into a Consent Order with the Board on May 28, 2020, that placed his license on probation for a period of two years, with certain terms and conditions. Dr. Currence has completed his probationary period, during which time he remained in compliance with Order. Pursuant to the terms of the Order, Dr. Currence has submitted a petition to lift his probation and return his license to unencumbered status. Dr. Lilly moved that the Committee recommend that the Board approve his request and enter an Order terminating his probation. Ms. Mayfield seconded the motion, and the motion carried.

Effective May 19, 2014, the Board revoked the medical license of Oscar Pagalilauan Gosien, MD, No. 12476, pursuant to West Virginia Code §30-3-14(d), which imposes a nondiscretionary duty upon the Board to revoke a license if a licensee has been found guilty and/or pled guilty in a court of competent jurisdiction to felonies involving prescribing, selling, administering, dispensing, mixing or otherwise preparing a prescription drug, including a controlled substance under state or federal law, for other than generally accepted therapeutic purposes.

Dr. Gosien has petitioned the Board for reactivation of licensure. On January 8, 2023, he appeared before the Complaint Committee. The Committee received additional information related to his application. Based thereupon, and after discussion with Dr. Gosien, Dr. Lilly moved that the Committee recommend that the Board make the following findings and determination:

1. The Board considered the facts and circumstances as set forth in the May 8, 2014 Conviction Order entered in association Dr. Gosien's plea of guilty to three felony counts. Specifically, the Court's Conviction Order indicated that in exchange for his plea of guilty to three felony counts:

- a. The Court dismissed the other counts of the indictments;

- b. The state agreed not to prosecute Dr. Gosien for any additional crimes involving controlled substances and sexual misconduct which occurred during his practice of medicine in this state;

- c. Dr. Gosien agreed to voluntarily surrender his medical "license and associated certificates" which allows him to practice medicine in West Virginia; and

- d. Dr. Gosien agreed to voluntarily surrender his DEA registration.

2. During his appearance before the Licensure Committee on January 8, 2023, Dr. Gosien verified that he has not engaged in the practice of medicine, in any jurisdiction, since 2014, resulting in an absence from clinical practice for

a period of greater than eight years.

3. Dr. Gosien has failed to meet his burden of satisfying the Board that he is qualified for licensure as required by W. Va. Code R. §11-1A-4.12 (2007). Under all of the circumstances, it would not protect the public health, interest, safety and welfare to grant him a license to practice medicine in the state of West Virginia.

Ms. Mayfield seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, the Complaint Committee determined by consensus to adjourn.

WEST VIRGINIA BOARD OF MEDICINE
Board Meeting Minutes
July 11, 2022

The West Virginia Board of Medicine met at 9:00 am on Monday, July 11, 2022 at the Board Office.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President, Executive/Management Chair and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Russell O. Wooton

The following Board member attended the meeting via teleconference:

Christopher J. Tipton, PA-C

The following Board members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
David A. Mullins, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

The following Staff members attended a portion of the meeting:

Sara J. Fields
Samantha N. Gutierrez

Deborah D. Scott

The following member of the public attended the meeting:

P. Bradley Hall, MD

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

In order to minimize interruptions, Dr. Challa asked all members to silence their cell phones.

ANNOUNCEMENTS

Dr. Challa welcomed the Board's fiscal officer, Deborah D. Scott, to the meeting and announced that after many years of distinguished service to the Board, Ms. Scott will be retiring at the end of this month. Tammi J. Chapman has been hired to fill the position that will be vacated by Ms. Scott. Ms. Chapman's first day of employment with the Board is today, July 11, 2022. The Board wishes Ms. Scott the very best in her future endeavors.

Dr. Rahim moved that the minutes of the Board's May 14, 2022 meeting be approved. Dr. Sheth seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their commitment and dedication in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler introduced the Board's newest licensure analysts, Sara J. Fields and Samantha N. Gutierrez. Ms. Fields began her employment with the Board in October 2021; however, since the board meetings were held virtually in October 2021, Ms. Fields' in-person introduction was delayed until today. Ms. Gutierrez began her employment with the Board in May 2022. Ms. Fields and Ms. Gutierrez are welcome additions to the Licensure Unit and have embraced the challenges of learning this position.

As the election of new officers will occur later this morning, Mr. Spangler recognized and thanked Dr. Challa for his distinguished and successful service during his two-term tenure as President of the Board.

Ms. Fields, Ms. Gutierrez and Ms. Scott left the meeting at this time and were not present for the remainder of the meeting.

Dr. Challa reported that the Executive/Management Committee met yesterday, July 10, 2022.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Challa reported that the Committee reviewed and accepted the fiscal report and purchasing card transactions for the months of May and June 2022. The Board continues to remain in a good financial position.

Dr. Challa reported that two members of the public attend the meeting and provided comments to the Committee concerning a specific tick-borne illness, alpha-gal syndrome, and the need to provide education and outreach to health care providers regarding the illness. Dr. Challa also reported that the Committee reviewed correspondence submitted regarding the tick-borne illness, alpha-gal syndrome. The Committee directed Board staff to liaise with the West Virginia Bureau for Public Health to provide information on this general subject matter to licensees in an upcoming edition of the Board's newsletter.

Dr. Challa reported that the Committee reviewed correspondence regarding W. Va. Code R. § 11-9-1 *et seq.*, Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiology Assistants. The Committee directed Board staff to reach out to the West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners to see if that board has any recommendations regarding amendments to the rule.

Dr. Challa reported that the Committee reviewed correspondence requesting that the Board issue a waiver to permit a corporation which employs advanced practice registered nurses to provide “drug rehabilitation services” to use the term “Medical” in its corporate name. The West Virginia Secretary of State’s Office has notified the business that it requires a waiver prior to accepting the business name on corporate registration materials. The Committee directed Board staff to respond that the Board has concerns with the use of the term “Medical” in the corporate name when the services provided are not delivered by licensed physicians, and therefore respectfully declines to provide the requested waiver. Board staff will engage in dialog with the Secretary of State’s Office concerning corporate name issues and how the Board can assist in ensuring transparency in corporate names for health care providers.

Dr. Challa reported that the Committee considered a request from Madhav Chowdhry, MD for sponsorship to sit for Step II of the United States Medical Licensing Examination (USMLE). Based upon the results of an investigation conducted by the USMLE Program’s Committee for Individualized Review, Dr. Chowdhry was barred from taking Step II of the examination for a period of three years. Thereafter, to sit for the Step II exam, USMLE requires Dr. Chowdhry to have a medical board sponsor. Dr. Chowdhry’s request is not a request for a waiver of the four-attempt limit. Prior to today’s meeting, a copy of Dr. Chowdhry’s request and supporting documents, including his resume, were made available for members to review. Based upon the information provided by Dr. Chowdhry, the Committee recommended that the Board sponsor Dr. Chowdhry to take the USMLE Step II examination when he becomes eligible in March 2023. The motion of the Committee was given by the Dr. Challa, and the motion carried.

Dr. Challa reported that the Committee received the following update on litigation matters:

- The Kanawha County Circuit Court dismissed the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* was decided in favor of the defendants on July 4, 2022.
- *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court's dismissal of his claim.
- Mass Litigation Panel Opioid Litigation has, at least with respect to some defendants, been settled.

Dr. Challa reported that the West Virginia Legislature's Performance Evaluation and Review Division (PERD) audit of the Board has concluded. Prior to today's meeting a copy of the draft Regulatory Board Review Audit and Recommendations was made available for members to review. As the report was provided to the Board as a draft, members were asked to maintain confidentiality regarding the report and recommendations at this time. Mr. Spangler will appear before the Legislature to respond to the audit later this month. In response to the invitation by PERD to comment on the report, the Committee recommended that the Board direct Mr. Spangler to respond by noting the Board's appreciation of the thoroughness of the audit and its acceptance of the recommended findings. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Board has entered into a one-year change order to continue with the Board's current database vendor, Big Picture. The Board has outgrown the current database and is in need of a new one. The Committee authorized Board staff to place the database out for bid.

Dr. Challa reported that the Board's Application Review Workgroup has been established and is scheduled to meet on July 22, 2022.

Dr. Challa reported that the Committee reviewed the Summer 2022 renewal statistics. The statistics will be reported to the Board later this morning as part of the Licensure Committee Report.

Dr. Challa reported that the Board's COVID-19 office protocols remain in place.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday, July 10, 2022.

LEGISLATIVE
COMMITTEE
REPORT

Dr. Rahim reported that pursuant to the authority delegated to the Committee by the Board at its May 16, 2022 meeting, the Legislative Committee has met three times since the Board's May 16, 2022 meeting to review and approve legislative rules for filing with the West Virginia Secretary of State's Office for consideration during the 2023 legislative session. The Committee met on June 9, 2022, June 22, 2022 and July 10, 2022, and provides the following report of its work:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders*. The approved amendments to this proposed rule largely relate to administrative medicine licenses, but also include some other minor changes and a reference to the Board's proposed professional sexual misconduct rule. The Board is currently accepting written comments on the amendments.

The Committee also approved filing this rule as an emergency rule to give effect to the administrative medicine provisions as soon as possible.

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*. The approved amendments to this proposed rule:
 - Implement the prescribing changes in House Bill 214, which was enacted during the 2022 second special legislative session and became effective on April 25, 2022;
 - Remove obsolete definitions; and

- Permit a physician assistant to practice on behalf of a health care facility at one or more additional locations that are not included on a practice notification on an occasional basis, not to exceed two days per month per location, as long as the health care facility documents such and provides the documentation to the Board upon request.

The Board is currently accepting written comments on the amendments. The Committee also approved filing of this rule as an emergency rule to align the rule with House Bill 214 as soon as possible.

- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. As this is a joint rule, the Committee, the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy jointly approved amendments to this rule in conformity with House Bill 4324.

The Boards are currently accepting written comments on the amendments. At yesterday's meeting, the Committee elected to seek agreement from the Board of Osteopathic Medicine and the Board of Pharmacy to file this rule as an emergency rule so that the practice notification provisions can be implemented as soon as possible.

- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*. This proposed new rule was promulgated by the Board pursuant to Senate Bill 606, which directed the Board to propose rules for legislative approval which define sexual misconduct and identify prohibited sexual misconduct for professions regulated by the Board. This new rule is currently open for public comment.

Prior to today's meeting, a copy of the four proposed rules were made available for members to review. The public comment period on Board of Medicine rules 1A, 1B and 16 concludes on July 25, 2022. The comment period on the joint rule concludes on July 29, 2022.

Dr. Rahim reported that the Committee will meet later this month to review and consider the comments received regarding the amendments to the proposed rules and to approve the rules to be filed with the West Virginia Secretary of State's Office. The Committee recommended that the Board delegate to the Committee authority to act on behalf of the Board as necessary with regard to rulemaking. The motion of the Committee was given by Dr. Rahim, and the motion carried.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that a hearing convened on June 14 -17, 2022. This matter is in the post-hearing process and will likely be presented to the Board for consideration in the fall.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there is a hearing scheduled to convene on August 8 – 10, 2022.

Mr. Foster reported that in March 2022, the Board issued a Final Order in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent, Complaint No. 18-175-M*. Dr. Samaan filed an Appeal of the Board's Final Order in Kanawha County Circuit Court, and the Appeal has been dismissed.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, July 9, 2022.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee

Processed no reinstatement or reactivation applications.

Processed the following emergency registration:

Registrant Name	Registration Number	Issue Date
Kelly Ann Botta, PA	ITRPA-1005	05/18/2022

Ms. Takubo reported that as of July 8, 2022, Board staff have processed a total of one hundred and forty-seven emergency registrations.

Ms. Takbo reported that the Committee received an update with regard to the Practice Notification Form and the pending amendments to W. Va. Code R. § 11-1B-1 *et seq.*

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met on Saturday, July 9, 2022.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that six out of six scheduled applicants appeared before the Committee to discuss their licensure applications. Dr. Lilly asked members to review the physicians up for action, and to advise of any conflicts. No conflicts were declared.

The Committee recommended that the following applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Abbie Louise Fields, MD	Initial Licensure	None
Jennifer Aylestock Myhre, MD	Initial Licensure	None
Scott David Myhre, MD	Initial Licensure	None
Ramazan Kamil Peker, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee recommended that the following applicant be offered medical licensure via Consent Order with special terms/conditions:

Name	Application Type	Special Terms/Conditions
Michael Antonio Reynolds, MD	Initial Licensure	1. Requires Dr. Reynolds to continue participation in the West Virginia Medical Professionals Health Program for five years

		<p>from the date of Consent Order entry;</p> <ol style="list-style-type: none"> 2. Restricts his license to the practice of Addiction Medicine; 3. Requires an annual appearance before the Licensure Committee to discuss his practice and wellbeing; 4. For five years, Dr. Reynolds shall submit quarterly logs of all controlled substances he prescribes; 5. He shall be subject to random controlled substance prescribing audits for a five year period; and 6. After the Consent Order has been in effect for one year, Dr. Reynolds may petition to modify the terms of the Consent Order at reasonable intervals not to exceed once per year.
--	--	--

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that Jeremiah William Hayanga, MD appeared before the Committee in support of his application to convert his medical school faculty license to a restricted license in extraordinary circumstances. The Committee recommended that Dr. Hayanga be approved for restricted license in extraordinary circumstance based on the following:

1. Dr. Hayanga has exceptional education, training and practice credentials, including:
 - a. He completed his medical education, at Royal College of Surgeons in Ireland, and subsequently received a Masters of Public Health from Johns

Hopkins University and a Masters in Healthcare Leadership from Brown University.

- b. Dr. Hayanga has completed the following post graduate training:

Year	Institution	Program
2000-2001	Beaumont Hospital Dublin, Ireland	Internship
2002-2003	Beaumont Hospital Dublin, Ireland	Basic Surgical Training
2003-2004	Johns Hopkins University Baltimore, Maryland	Internship
2004-2005	Johns Hopkins University Baltimore, Maryland	PGY-2 General Surgery
2005-2006	University of Michigan Ann Arbor, Michigan	Categorical PGY-3 General Surgery
2006-2007	University of Michigan Ann Arbor, Michigan	Fellowship Surgical Critical Care
2008-2009	University of Michigan Ann Arbor, Michigan	Categorical PGY-4 General Surgery
2009-2010	University of Michigan Ann Arbor, Michigan	Categorical PGY-5 General Surgery
2010-2012	University of Washington Seattle, Washington	Cardiothoracic Surgery
2012-2013	University of Pittsburgh Medical Center Pittsburgh, Pennsylvania	Fellowship – Cardiothoracic Surgery Transplant/Ventricular Assist Device

- c. Dr. Hayanga has held academic appointments at University of Michigan, Michigan State University, University of Pittsburgh and West Virginia University. Most recently he has held the following faculty and academic appointments at West Virginia University pursuant to a medical school faculty license:

Professor, Department of Cardiovascular and Thoracic Surgery
 Medical Director, Heart and Vascular Institute Division of Research
 Director, ECMO
 Director, Quality for Division of Thoracic Surgery
 Co-Director, Outreach in Thoracic Surgery
 Director, Lung Transplant Program

- d. As Director of the ECMO program at West Virginia University, Dr. Hayanga has, and continues to play, a critical role in the COVID pandemic response. He has evaluated over 1000 patients during the pandemic and has counseled nearly 50 programs internationally on the use of ECMO for COVID-19. Dr. Hayanga has also served in an advisory capacity to the Department of Health and Human Services.
- e. Dr. Hayanga has personally authored, or co-authored, well over one hundred and fifty publications related to his areas of medical expertise. During his four-year tenure as Director of Research at West Virginia University Heart and Vascular Institute, he has published over 700 publications in the medical literature.
- f. Dr. Hayanga holds the following Board-certifications:

Certification	Certification Board
General Surgery	American Board of Surgery
Surgical Critical Care	American Board of Surgery
Cardiothoracic Surgery	American Board of Thoracic Surgery

- g. Dr. Hayanga has received numerous awards throughout his training, education and career, including awards for leadership, scholarship and teaching. Recent examples include having been named a Johns Hopkins Leadership Fellow in 2021, having been awarded first place in association with the Brown University Master Healthcare Leadership Capstone, and having received the Best Teacher Award for the West Virginia University Department of Cardiovascular and Thoracic Surgery.
 - h. Dr. Hayanga participates in Leadership for N3C Cardiothoracic and Vascular Study Domain Team. He also serves on the Advisory Council of Health Quality Enterprise, the Ad Hoc Taskforce of CMS Workforce, the State Joint Interagency Task Force on Health Care Prevention Focused on Hypertension, and several Workforce groups for the Society of Thoracic Surgery.
2. Dr. Hayanga's practice in the state would be beneficial to the public welfare in many ways. He would continue to treat patients with active COVID-19 with the ECMO support team. Dr. Hayanga is one of only three trained cardiothoracic transplant surgeons in West Virginia. Additionally, Dr. Hayanga offers treatment for coal worker pneumoconiosis through a clinic dedicated to end stage disease and pneumoconiosis.
 3. Dr. Hayanga's specialty is cardiothoracic surgery and there is a need for this specialty in West Virginia. Dr. Hayanga is one of only three trained cardiothoracic transplant surgeons in West Virginia.

4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-10(b). While Dr. Hayanga's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state, his subsequent training, education and experience as detailed in these findings satisfy this requirement.
5. Dr. Hayanga has no professional discipline which would render him ineligible for an extraordinary circumstances license.
6. Dr. Hayanga is eligible for a restricted license in extraordinary circumstances. Based upon these findings, the Committee recommends that the Board approve the conversion of Dr. Hayanga's medical school faculty license to a restricted license in extraordinary circumstances restricted to the practice of cardiothoracic medicine and surgery.

The motion of the Committee was given by Dr. Lilly, and the motion carried with no opposition.

Dr. Lilly reported that the Committee reviewed and discussed eight initial medical licensure applications and received an update on one podiatric licensure application that expired in June 2022. Based thereupon, the Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Ahmed Abdelhalim Abdelaziz Ali, MD	Initial Licensure	None
Fernando Luis Arzola, MD	Initial Licensure	None
Binor Berihu Said, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee recommended that the Board accept the following applicants' request to withdraw their respective licensure applications:

Name	Application Type
Kathleen Mary Sheridan, MD	Initial Licensure
Hugh Anthony Smith, MD	Initial Licensure

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to maintain the following applications for licensure on hold pending receipt of additional information:

Name	Application Type
Anthony Jude Stephens, MD	Initial Licensure
Mohamed Maznawi Zawahir, MD	Initial Licensure
Jianyi Zhang, MD	Initial Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. Dr. Lilly declared a conflict with regard to Gregory Alexander Darnell, MD due to a professional business relationship with the applicant.

A list of the one hundred twenty-three applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve all of the applicants identified on the list for initial medical licensure, with the exception of Gregory Alexander Darnell, MD as his application will be considered separately due to a declared conflict. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly left the meeting room at this time.

The Committee recommended that Gregory Alexander Darnell, MD be approved for initial medical licensure. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Lilly returned to the meeting room at this time and was present for the remainder of the meeting.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in May and June 2022:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Medical Licensure
Reactivation of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 2 and are incorporated herein by reference.

Dr. Lilly reported that licensure renewal for medical doctors whose last names begin with the letters A through L and all related controlled substance dispensing practitioner registrations, educational permits and professional limited liability companies concluded at 4:30 pm EDT on June 30, 2022. Prior to today's meeting, renewal statistics were made available for members to review. A copy of the renewal statistics chart is attached to these minutes as Attachment 3.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Board Meeting Minutes
September 12, 2022

The West Virginia Board of Medicine met at 9:00 am on Monday, September 12, 2022 at the Board Office.

The following Board members attended the meeting:

Ashish P. Sheth, MD, President, Executive/Management Chair and Personnel Committee Chair
Jonathan P. Lilly, MD, Vice President
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Angela A. Mayfield
David A. Mullins, MD, Acting Complaint Committee Chair
Kiran R. Patel, MD, FACOG, Licensure Committee Chair
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

The following staff member attended a portion of the meeting:

Tammi J. Chapman

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Sheth addressed the Board and expressed that he is blessed to have the opportunity to serve as President. He reported that he will do everything possible to fulfill the mission of the Board. During his tenure as a member, Dr. Sheth noted that the Board has had a very committed and involved leadership, including Reverend O. Richard Bowyer, from whom he learned a lot; Ahmed D. Faheem, MD, who relentlessly lobbied on behalf of the Board to protect the public; and Dr. Challa, who has been and continues to be a champion for the Board, equally committed to the standard of care for licensees while always pushing to give a fair chance to the underdog. Dr. Sheth encouraged any member who has suggestions or concerns about current processes or other Board of Medicine business, to share the information with him. He reassured members that he is committed to helping evolve the Board as necessary to further the Board's mission. Dr. Sheth further added that the Board is incredibly fortunate to have Mr. Spangler and the entire leadership team, as they are genuinely committed to Board.

In order to minimize interruptions, Dr. Sheth asked all members to silence their cell phones.

Dr. Sheth announced that Dr. Amjad has resigned as the Commissioner of the Bureau of Public Health effective October 1, 2022. The Board appreciates Dr. Amjad's service and wishes her the best in her future endeavors.

Dr. Sheth announced that the Chapter 30 State Licensing Board Annual Seminar will be held on November 1, 2022 at the Holiday Inn and Conference Center in Charleston. Per statute, all board members are required to attend at least one licensing board seminar during each term served. While the agenda has not yet been posted, this is typically an all-day event. Dr. Sheth advised any member who is interested in attending the licensing seminar to see Mr. Spangler or Ms. Frame at the conclusion of today's meeting.

Dr. Sheth announced that following the November Board meeting, Ms. Alley will present to the Board regarding confidentiality and the Ethics Act. It is anticipated that the presentation will last approximately thirty minutes.

Ms. Mayfield moved that the minutes of the Board's July 11, 2022 meeting be approved. Ms. Takubo seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their commitment and dedication in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler introduced the Board's fiscal officer, Tammi J. Chapman, who has been employed by the Board since July 11, 2022. The Board joined Mr. Spangler in welcoming Ms. Chapman.

Ms. Chapman left the meeting room at this time and was not present for the remainder of the meeting.

Mr. Spangler reported that the 2023 Federation of State Medical Board's annual meeting will be held on May 4th - 6th, 2023 in Minnesota. Mr. Spangler encouraged members who are able to attend the meeting to do so.

Dr. Sheth reported that the Executive/Management Committee met yesterday, September 11, 2022, at which time the Committee reviewed and accepted the fiscal report and purchasing card transactions for the months of July and August 2022. The Board continues to remain in a good financial position.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Prior to today's meeting a proposed *COVID-19 Office Protocol/Procedure* was made available for members to review. Dr. Sheth reported that the Committee reviewed

and finalized the COVID-19 Office Protocol/Procedure at yesterday's meeting. The Committee recommended that the Board adopt the proposed COVID-19 Office Protocol/Procedure. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that the Committee reviewed and discussed proposed modifications to the Interstate Medical Licensure Compact Commission's (IMLCC) rule on Coordinated Information System, Joint Investigations and Disciplinary Actions, IMLCC Rule 6. In light of concerns that the proposed modifications are not in harmony with the language of the Interstate Medical Licensure Compact, and that portions of the rule are vague and ambiguous, the Committee authorized Board staff to share constructive feedback with the IMLCC regarding Rule 6 and the proposed amendments.

Dr. Sheth reported that W. Va. Code R. § 11-9-1 *et seq.*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*, became effective on July 1, 2008, and has not been updated since that time. There are currently no radiologist assistants licensed pursuant to this rule. In response to correspondence that was received from a radiologist assistant who is licensed in another state, at the July meeting the Committee directed Board staff to reach out to the West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners to obtain their opinion regarding the need for updating the rule. The Imaging Board responded that it is "of the opinion that the regulation needs modernized." Board staff will begin researching radiologist assistant practice in surrounding states and will report back to the Committee at its November meeting.

Dr. Sheth reported that the Committee received an update regarding the Board's sponsorship of Madhavi Chowdhry, MD to sit for Step II of the United States Medical Licensing Examination (USMLE) when he becomes eligible in March 2023. Communications with the USMLE are ongoing. Board staff will continue to keep the Committee apprised regarding this matter.

Dr. Sheth reported that the Committee received an update with regard to the following litigation matters:

- *J.H. v. West Virginia Board of Medicine* – This matter remains pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court’s dismissal of his claim.
- *Zachary Knotts and Ellen Heine v. Board of Directors of JW Ruby Memorial Hospital, et. al.* – The Board received a *Summons in a Civil Action* in this matter. The matter is being handled by the Board of Risk & Insurance Management.

Dr. Sheth reported that the West Virginia Legislative Auditor’s Performance Evaluation & Research Division was scheduled to present the Board of Medicine Regulatory Board Review Audit and Recommendations to the West Virginia Legislature in July 2022; however, the presentation was rescheduled for September 15, 2022. Mr. Spangler reported will attend the presentation and will be available to answer any questions, should any arise.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

In the absence of Dr. Rahim, Ms. Takubo reported that pursuant to the authority delegated to the Legislative Committee by the Board at its July 11, 2022 meeting, the Committee met on July 26, 2022, July 29, 2022 and September 11, 2022.

LEGISLATIVE
COMMITTEE
REPORT

Ms. Takubo reported that the comment period for both W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders* and W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing*

Education, Physician Assistants concluded on July 25, 2022. The Board did not receive any comments with regard to the proposed amendments to these two rules. Board staff filed the agency approved version and the emergency version of these two rules with the West Virginia Secretary of State's Office as originally proposed. The emergency versions of W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders* and W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants* became effective on August 5, 2022.

Ms. Takubo reported that the comment period for W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*, concluded on July 29, 2022. The Board received five comments regarding the proposed amendments to this joint rule. Based upon the comments received, with the mutual consent of the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy, the Committee authorized two non-substantive modifications to the rule. Board staff filed the joint rule and an emergency version of the rule with the West Virginia Secretary of State's Office. The emergency version of the rule became effective on August 11, 2022.

Ms. Takubo reported that the comment period for W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*, concluded on July 25, 2022. The Board received comments regarding the proposed new rule from two individuals. Based upon the comments received, the Committee authorized four modifications to the rule, including the addition of a new section related to reporting requirements. Board staff filed the agency approved version of the proposed new rule with the West Virginia Secretary of State's Office.

Ms. Takubo reported that W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders*, W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician*

Assistants, W. Va. Code R. § 11-8-1 et seq., *Collaborative Pharmacy Practice* and W. Va. Code R. § 11-16-1 et seq., *Prohibiting Sexual Misconduct by Health Care Practitioners* are scheduled to be considered by the legislative Rule-Making Review Committee on September 15, 2022.

Ms. Takubo reported that the Committee has begun its consideration of possible legislative topics of interest for the 2023 legislative session. The Committee expressed some interest in pursuing legislation which would provide greater patient safety for recipients of medical cannabis authorization cards and increased communication and access to information for providers who have patients that receive medical cannabis authorization from a different provider. Board staff will look into this subject matter and provide proposals for the Committee's consideration at the November meeting.

Ms. Takubo reported that the Committee discussed the fact that it is likely that the Board may be in a position where it may be called upon to address legislation as a result of *Dobbs v. Jackson Women's Health Center*. The Committee recognizes that it is the role of the Legislature to establish the laws governing the practice of medicine and will apply the law to the facts of any matters that come before it for investigation and/or adjudication.

Ms. Takubo reported that as the Committee establishes its proposed legislative agenda for 2023, Board members are encouraged to contact Mr. Spangler or Board leadership if there are issues that members would like considered for inclusion.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Mr. Foster reported that a hearing convened on June 14th through June 17th, 2022. This matter is in the post-hearing process and will likely be presented to the Board for consideration in November.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene in July 2022, however, the hearing has been rescheduled and will now convene on December 6th through December 9th, 2022.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, September 10, 2022.

**PHYSICIAN
ASSISTANT

Ms. Takubo reported that there are currently no active physician assistant emergency registrants. One hundred twenty-six physician assistant emergency registrations expired on August 30, 2022.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Patel reported that the Licensure Committee met on Saturday, September 10, 2022.

**LICENSURE
COMMITTEE
REPORT**

Prior to today's meeting a copy of the Consent Order for Michael Antonio Reynolds, MD was made available for members to review. Dr. Patel reported that on August 17, 2022, Dr. Reynolds and the Board entered into a Consent Order which granted Dr. Reynolds a medical license and restricted his practice in West Virginia to the specialty of addiction medicine with additional terms and conditions regarding his participation in an approved program and his maintenance of controlled substance prescribing logs. The Consent Order is available on the Board's website.

Dr. Patel reported that the following applicant appeared before the Committee to discuss his reactivation of licensure application. The Committee recommended that the applicant be approved for reactivation of licensure:

Name	Application Type
Brian Delaney Houston, MD	Reactivation of Licensure

The motion of the Committee was given by Dr. Patel, and the motion carried.

Dr. Patel reported that the Committee reviewed and discussed twelve initial medical licensure applications. The Committee recommended that the following two applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Matthew Craig Cindric, MD	Initial Licensure	None
John Brooks Sanders, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Patel, and the motion carried.

The Committee recommended that the Board accept the following two applicants' request to withdraw their respective licensure applications:

Name	Application Type
Mohamed Maznawi Zawahir, MD	Initial Licensure
Jianyi Zhang, MD	Initial Licensure

The motion of the Committee was given by Dr. Patel, and the motion carried.

The Committee elected to maintain the following four applications for licensure on hold, pending receipt of additional information:

Name	Application Type
William Blank, MD	Initial Licensure
Annette Guadalupe Folgueras, MD	Initial Licensure
Anthony Paul Geraci, MD	Initial Licensure

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their respective applications:

Name	Application Type
Jonathan Joseph Acra, MD	Initial Licensure
Morgan Leigh Bush, MD	Initial Licensure
William-Zakee Howard McGill, MD	Initial Licensure
Ogaga Nyerovwo Urhie, MD	Initial Licensure

Dr. Patel asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the one hundred

eighteen applicants for initial physician licensure is attached to these minutes as Attachment 1, and is incorporated herein by reference. The Committee recommended that the Board approve all one hundred eighteen applicants identified on the list for initial medical licensure. The motion of the Committee was given by Dr. Patel, and the motion carried.

Dr. Patel asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of two applicants for initial podiatric licensure is attached to these minutes as Attachment 2, and is incorporated herein by reference. The Committee recommended that the Board approve the two applicants identified on the list for initial podiatric licensure. The motion of the Committee was given by Dr. Patel, and the motion carried.

Dr. Patel reported that the Committee received an update from Board staff regarding the following licensure activity in July and August 2022:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth reported that the following Consent Orders, previously authorized by the Board, were entered between July 11, 2022 and September 11, 2022:

Licensee Name and Complaint Number	Order Entry Date	Summary and Terms
John Paul Duque, MD Complaint No. 22-03-W	July 26, 2022	Dr. Duque was fined \$500.00 for failing to report a March 5, 2020 action against his Idaho license on his 2020 West Virginia medical license renewal application.
Todd Richard Myers, MD Complaint No. 21-102-W	July 27, 2022	Dr. Myers was indefinitely prohibited from performing any surgical procedures in West Virginia and/or to West Virginia patients. Dr. Myers may petition the Board to lift or modify this license restriction only after certain terms and conditions are met.
Anita Frances Petite, PA Complaint No. 21-142-W	July 27, 2022	Ms. Petite was fined \$500.00 for an inaccurate response to Professional Practice, Character, and Fitness Question No. 4 on her 2021 license renewal application.

Dorris Ann Ragsdale, MD Complaint No. 22-24-W	July 26, 2022	Dr. Ragdale was fined \$500.00 for failing to disclose a medical professional liability settlement on her 2021 license renewal application.
Whitaker Michael Smith, MD Complaint No. 22-05-W	July 27, 2022	Dr. Smith was publicly reprimanded for having action taken against his Tennessee license and for the conduct which formed the basis of the Tennessee action.

All Consent Orders are available for review on the Board's website.

Dr. Mullins requested that the Board authorize the Complaint Committee to offer four Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Mullins, and the motion carried.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Mullins, and the motion carried.

There being no further business to consider, Ms. Mayfield moved that the meeting adjourn. Mr. Wooton seconded the motion, and the motion carried.

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

In order to minimize interruptions, Dr. Sheth asked all members to silence their cell phones.

ANNOUNCEMENTS

Dr. Sheth welcomed and introduced Jessica Luciano, who joined the Board on November 7, 2022 as the Licensure Analyst for providers whose last names begin with the letters P through Z. The Board looks forward to working with Ms. Luciano. Dr. Sheth announced that Carmella Walker, who previously served in this capacity, will now process reinstatement, reactivation and renewal applications. Ms. Walker has been with the Board for several years, and her continued dedication is greatly appreciated.

Ms. Luciano left the meeting room at this time and was not present for the remainder of the meeting.

Dr. Sheth welcomed and introduced Anthony Eates, Deputy Attorney General. Dr. Sheth announced that Mr. Eates will be advising the Board in the matter of *West Virginia Board of Medicine, Petitioner, v. William Andrew Stewart, MD, Respondent*, Complaint Nos. 19-101-W & 19-164-B.

Dr. Sheth welcomed former Board member, Thomas W. Steele, MD, who was appointed to the Board in 2016 and has been a valuable member since. Dr. Sheth thanked Dr. Steele for his outstanding dedication and commitment during his tenure. In recognition

of his service, the Board presented Dr. Steele with a plaque. The Board wishes Dr. Steele the best in his future endeavors.

Dr. Sheth congratulated Mr. Spangler on being reelected as Chair of the Interstate Medical Licensure Committee Commission.

Dr. Sheth announced that following the January Board meeting, Ms. Alley will present to the Board regarding confidentiality and the Ethics Act. It is anticipated that the presentation will last approximately thirty minutes.

Dr. Sheth congratulated Mr. Foster on the birth of his son last week.

Prior to today's meeting, a draft copy of the September 12, 2022 meeting minutes were made available for members to review. Reverend Harman moved that the September 12, 2022 meeting minutes be approved. Dr. Mullins seconded the motion, and the motion carried without opposition.

**APPROVAL OF
MINUTES**

Dr. Steele left the meeting at this time and was not present for the remainder of the meeting.

Dr. Sheth announced that the next agenda item relates to consideration of the Hearing Examiner's Findings or Fact, Conclusions of Law and Recommended Decision in the matter of *West Virginia Board of Medicine, Petitioner, v. William Andrew Stewart, MD, Respondent*, Complaint Nos. 19-101-W & 19-164-B. He asked that members who need to declare a conflict with regard to this matter do so at this time.

Jonathan P. Lilly, MD
Kiran R. Patel, MD
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton

With a quorum of the Board present and participating, Mr. Eates advised the Board in the matter of *West Virginia Board of Medicine, Petitioner, v. William Andrew Stewart, MD, Respondent*, Complaint Nos. 19-101-W & 19-164-B. Mr. Eates gave the procedural history of the case and reported on the *Hearing Examiner's Recommended Findings of Fact, Conclusions of Law and Recommended Decision*.

Dr. Challa moved that the Board enter into executive session to receive legal advice with regard to this matter. Ms. Takubo seconded the motion, and the motion carried. The Board entered into executive session.

EXECUTIVE
SESSION

The executive session concluded, and the Board reentered public session. Ms. Takubo moved that the Board:

- (1) Find that the Respondent violated the West Virginia Code and the Board's Legislative Rules;
- (2) Adopt and accept the *Hearing Examiner's Findings of Fact, Conclusions of Law and Recommended Decision*, which provides that:
 - a. The Respondent be PUBLICLY REPRIMANDED for his professional misconduct in violation of the West Virginia Medical Practice Act.
 - b. The Respondent's license to practice medicine and surgery in this State be REVOKED. However, such revocation of the Respondent's license should be STAYED through September 6, 2024, while the Respondent remains in the WVMPHP, in accordance with his current Continuing Recovery Care Agreement. At the expiration of the Respondent's agreement with the WVMPHP, he may petition the Board to have his license reinstated on a probationary basis, for such a period of time and subject to such practice restrictions as the Board deems necessary and appropriate.
- (3) Modify the Hearing Examiner's Recommended Decision to clarify that the revocation of the Respondent's license is effective upon entry of the Board's Final Decision and Order;
- (4) Modify the Hearing Examiner's Recommended Decision to clarify that the Respondent's license is immediately stayed through September 6, 2024, while the Respondent remains in the WVMPHP, in accordance with his current Continuing Recovery Care Agreement; and
- (5) Modify the Hearing Examiner's Recommended Decision to require the Respondent to pay the costs and expenses of the proceeding, as permitted by 11 C.S.R. 1A § 12.3.g. (2017). The costs and expenses assessed to the Respondent shall be paid to the Board within thirty (30) days of the issuance of an invoice by the Board.

Dr. Challa seconded the motion, and the motion carried without opposition.

The following individuals returned to the meeting room at this time:

David A. Mullins, MD
Ashish P. Sheth, MD
Mark A. Spangler
Jamie S. Alley
Greg S. Foster
Leslie A. Thornton
Mike Hall

The following individuals left the meeting at this time and were not present for the remainder of the meeting:

Timothy J. Donatelli, DPM
Anthony Eates, Esq.

Dr. Sheth called upon Dr. Mullins to give the report of the Complaint Committee prior to returning to regular meeting order. Dr. Mullins reported that the Complaint Committee met yesterday, November 13, 2022, at which time the Committee took the following action:

CONSENT ORDERS AND BOARD ORDERS

Dr. Mullins requested that the Board authorize the Complaint Committee to offer six Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Mullins, and the motion carried without opposition.

Dr. Mullins reported that the following Consent Orders, previously authorized by the Board, were entered between August 30, 2022 and November 13, 2022:

Licensee Name and Complaint Number	Order Entry Date	Summary and Terms
Jamil Ahmed, MD Complaint No. 21-55-W	September 26, 2022	Dr. Ahmed was publicly reprimanded for the unprofessional conduct set forth in the complaint and was required to complete an additional CME course on professional boundaries.

Licensee Name and Complaint Number	Order Entry Date	Summary and Terms
Bassem Ragheb George, MD Complaint Nos. 20-88-H and 22-01-W	September 26, 2022	Dr. George completed an additional CME course on professional boundaries and ethics to resolve allegations of unprofessional conduct.
Trent Glen Mason, MD Complaint No. 21-23-W	August 30, 2022	Dr. Mason was placed on a two-year probationary period, to resolve allegations regarding his prescribing practices. Probationary terms include additional CME on prescribing and recordkeeping, and random annual medical record and prescribing audits.
Chinedu Nicholas Nwabueze, MD Complaint No. 21-124-W	August 30, 2022	Dr. Nwabueze was fined \$500.00 for failing to complete all component parts of the 2021 renewal process for IMLC pathway licensees.
Christopher Cory Robert Shaw, MD Complaint No. 21-124-W	September 26, 2022	Dr. Shaw was fined \$500.00 for a CME deficit of 3 hours.

All Consent Orders are available for review on the Board's website.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Mullins, and the motion carried without opposition.

Dr. Mullins left the meeting room at this time and was not present for the remainder of the meeting.

Mr. Spangler reported that the 2023 Federation of State Medical Board's Annual Meeting will be held May 4 - 6, 2023 in Minneapolis, Minnesota. Board members are encouraged to attend the meeting if possible.

**EXECUTIVE
DIRECTORS
REPORT**

Dr. Sheth reported that the Executive/Management Committee met yesterday, November 13, 2022, at which time Brian Gallagher, Chairman of the Governor's Advisory Council on Substance Use Disorder, addressed the Committee regarding efforts to eliminate the stigma related to prescribing buprenorphine for the treatment of individuals with substance use disorder. Mr. Gallagher reported that he is in the process of planning a seminar for health care providers in March 2023, with a goal of removing barriers and stigma that is sometimes associated with prescribing and dispensing medication assisted treatment medications. Following his address, committee members advised Mr. Gallagher that the Board looks forward to receiving addition information as the project advances and appreciates the importance of removing barriers and stigma related to medication assisted treatment.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Sheth reported that the Committee reviewed and accepted the fiscal report and purchasing card transactions for the month of September 2022. Review of the October 2022 fiscal report and purchasing card transactions was deferred to the January 2023 meeting. The Board continues to remain in a good financial position.

The Committee recommended that the Board approve the following 2023 board meeting dates:

January 9, 2023
March 13, 2023
May 1, 2023
July 10, 2023
September 11, 2023
November 6, 2023

The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that the Committee reviewed and considered correspondence which seeks clarification regarding what telehealth consultations are permitted without a West Virginia license or registration. The Committee directed Board staff to reach out to the requestor to obtain additional clarifying information, and to provide specific West Virginia code sections which relate to licensure exemption, and which may be beneficial.

Dr. Sheth reported that earlier this year the Board ceased accepting cash, checks and money orders as forms of payment, and began requiring that all payments be made online via credit card. The West Virginia Treasurer's Office applies a 2.25% convenience fee to all payments made to the Board via credit card transaction. Since 2016, the Board has elected to absorb the convenience fee rather than pass the fee on to licensees and registrants. The Committee recommended that the Board continue to absorb the 2.25% convenience fee that is applied to credit card transactions for calendar year 2023 and reevaluate thereafter. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that the Committee reviewed and adopted a revised *Record Retention and Disposal Schedule*. The revised schedule provides that the historical record for providers will be retained onsite for ten years after the last practice credential has expired, lapsed or otherwise became invalid and will then be retained offsite indefinitely. Additionally, the schedule increases the length of time that the Board must retain appeal records in disciplinary and licensure matters. The revised schedule also provides that Annual Reports, Memoranda of Understandings, Board of Medicine Position Statements and West Virginia Medical Professional Health Program Voluntary Confidential Agreements will be maintained onsite indefinitely.

Dr. Sheth reported that West Virginia Code R. § 11-9-1 *et seq.*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*, became effective on July 1, 2008, and has not been updated since becoming effective. There are currently no radiologist assistants licensed pursuant to this rule, but the Board has received a request from a radiologist assistant in another state to consider modernizing the Board's rule. The Committee directed Board staff to begin working on proposed modifications to W. Va. Code R § 11-9-1 *et seq.* for introduction during the 2024 legislative session.

Dr. Sheth reported that the Committee received an update regarding the Board's sponsorship of Madhave Chowdhry, MD to sit for Step II of the United States Medical Licensing Examination when he becomes eligible in March 2023.

Dr. Sheth reported that the Committee received an update with regard to the following litigation matters:

- *J.H. v. West Virginia Board of Medicine* – The West Virginia Supreme Court of Appeals upheld the Kanawha County Circuit Court's ruling in this matter.
- *Zachary Knotts and Ellen Heine v. Board of Directors of JW Ruby Memorial Hospital, et. al.* – This matter remains ongoing.

Dr. Sheth reported that the Regulatory Board Review Audit and Recommendations from the West Virginia Legislative Auditor's Office has not yet been presented to the Legislature. However, during the 2022 Annual Auditor's Conference for Chapter 30 Licensing Boards, the Legislative Auditor reported that the Board of Medicine's Agreement with the West Virginia Medical Professional Health Program is the gold standard for monitoring voluntary confidential participants, and that there are certain elements of our agreement that he recommends other Boards incorporate.

Dr. Sheth reported that Board staff have updated the database specifications and have had informational sessions with two potential vendors. It is anticipated that the database will be placed out for bid in the near future.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

In the absence of Dr. Rahim, Dr. Sheth chaired the Legislative Committee meeting, which met yesterday, November 13, 2022 and provided the following report.

LEGISLATIVE
COMMITTEE
REPORT

Dr. Sheth reported that the Legislative Rule-Making Review Committee approved the following rules as originally filed:

- W. Va. Code R § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*
- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*

These rules will be considered by the Legislature during the 2023 legislative session.

Dr. Sheth reported that the West Virginia Secretary of State's Office requires rules that were promulgated after April 1, 2016 to include a sunset date. The Board's rule 11 CSR 12, *Permitting and Disciplinary Procedures: Educational Permits for Graduate Medical Interns, Residents and Fellows*, has a sunset date of May 1, 2024. The Committee recommended that the Board authorize staff to file a Sunset Extension Request with the West Virginia Secretary of State's Office, which will allow the Board to update the sunset date, filing date and the effective date, and maintain the remainder of the rule without modification. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that the Committee discussed potential patient safety concerns related to provider access to information regarding patient receipt of medical cannabis authorized by another provider and not disclosing such to his/her treating provider(s). The Committee directed Board staff to liaise with the West Virginia Office of Medical Cannabis to determine the best way to grant licensed providers access to medical cannabis recipient information.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Mr. Foster reported that a hearing is scheduled to convene on December 6 - 9, 2022. Counsel for the Respondent has requested a continuance, and the Board has opposed the pending motion.

Mr. Foster reported that on March 14, 2022 the Board issued a *Final Decision and Order* in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent*, Complaint No. 18-175-M. The Respondent filed an appeal in Kanawha

County Circuit Court, which was dismissed. The Respondent has filed an appeal in Kanawha County Intermediate Court, and his deadline to submit documentation to perfect his appeal is due in December 2022.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, November 12, 2022.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following seventeen applicants be approved for initial physician assistant licensure:

Jaime Lynn Anderson, PA
Jessica Layne Baker, PA
Abby Jo Bizzarri, PA
Jada Shandel Brown, PA
Caroline Grace Blackburn, PA
Abbey Elizabeth Cox, PA
Tedric Dade Lolis, PA
Kimberly Ann Rose Lovejoy, PA
Kara Lynne Pagels, PA
Joshua Allen Rodgers, PA
Sonja Sahar Skinner, PA
Jake Cameron Swanson, PA
Dakota Lynn Testa, PA
Alexis Megan Warden, PA
Hannah Abigail Williams, PA
Rhonda Rae Williams, PA
Danielle Wright, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried without opposition.

Ms. Takubo reported that in September and October 2022 Board staff:

Activated the following number of practice notifications:

Month	West Virginia Licensees	Interstate Telehealth Registrations
September	27	2
October	24	1

Processed reactivation applications for the following two practitioners:

Licensee Name	License Number	Reactivation Date
Jaime Elizabeth Estrada, PA	1482	10/18/2022
Melissa Dawn Lilly, PA	733	09/01/2022

Processed interstate telehealth registration applications for the following five practitioners:

Registrant Name	Registration Number	Issue Date
Rebecca Katherine Agbayani, PA	ITRPA-1014	10/07/2022
Danielle Puanani Almony, PA	ITRPA-1013	10/07/2022
Deborah Ann Opacic, PA	ITRPA-1012	10/06/2022
Courtney Michelle Hutchins, PA	ITRPA-1011	09/27/2022
Amanda Elizabeth Norton, PA	ITRPA-1010	09/02/2022

Ms. Takubo reported that there are currently no active physician assistant emergency registrants.

Ms. Takubo reported that given the substantial change in physician assistant regulation since the inception of the Physician Assistant Committee, and in an effort to maximize efficiencies, the Physician Assistant Committee recommends that the Executive / Management Committee review the responsibilities of the Physician Assistant and Licensure Committees for reevaluation of their respective roles in reviewing applications.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried without opposition.

Dr. Patel reported that the Licensure Committee met on Saturday, November 12, 2022.

**LICENSURE

Reinstatement of Medical Licensure
Reactivation of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)

Emergency Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports are attached to these minutes as Attachment 2, and are incorporated herein by reference.

Dr. Patel reported that the Committee received an update on the United States Medical Licensing Examination Annual and Quarterly Report.

Dr. Patel reported that the Committee reviewed and approved updated instructions for medical licensure applications which utilize the Uniform Application, and forms for use by administrative medicine licensure applicants.

Dr. Patel reported that the Committee directed staff to engage in outreach with licensees who are currently restricted to the practice of administrative medicine via a licensure Consent Order to determine if he/she is interested in converting his/her license to an administrative medicine license. Staff are authorized to develop a form and application process for those who express interest.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Patel, and the motion carried without opposition.

There being no further business to consider, Dr. Patel moved that the meeting adjourn. Ms. Takubo seconded the motion, and the motion carried without opposition. **ADJOURNMENT**

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER

In order to minimize interruptions, Dr. Sheth asked all members to silence their cell phones.

ANNOUNCEMENTS

Dr. Sheth welcomed and introduced Matthew Christiansen, MD, MPH who was recently appointed as State Health Officer and Commissioner for the Bureau for Public Health. Per statute, Dr. Christiansen will serve as Secretary of the Board. The Board has worked with Dr. Christiansen in the past as he was the Director of the West Virginia Office of Drug Control Policy. Dr. Sheth also welcomed and introduced Kiran Devaraj, MD. Dr. Devaraj is a psychiatrist who practice in South Charleston. He was appointed to the Board in December 2022. Dr. Sheth announced that Douglas S. Dockery, DPM has also been appointed to serve on the Board. The Board looks forward to working with Drs. Christiansen, Devaraj and Dockery.

Dr. Sheth reported that in December 2022 the following members were reappointed to a second term on the Board:

Reverend Janet M. Harman

Victoria L. Takubo, PA-C

Christopher J. Tipton, PA-C

Russell O. Wooton

Dr. Sheth welcomed former Secretary of the Board, Quartel-Ayne Amjad, MD, MPH to the meeting and presented her with a plaque in recognition of her outstanding dedication and service to the Board, and in appreciation of her commitment to protecting the quality and safety of medical and podiatric care for the citizens of West Virginia.

Dr. Amjad left the meeting at this time.

Dr. Sheth reminded members that the deadline to file Financial Disclosures with the West Virginia Ethics Commission is February 1, 2023. Members should receive information directly from the Ethics Commission regarding this requirement.

Dr. Sheth announced that at the conclusion of today's meeting, Ms. Alley will present to the Board regarding ethics and conflicts of interest. It is anticipated that the presentation will last approximately 30 minutes. This will be the first of semi-regular in-services. The topic for March will relate to the Board's complaint processes.

Dr. Sheth announced that the Federation of State Medical Boards Annual Meeting will be held May 4-6, 2023 in Minneapolis, Minnesota. Any member who is interested in attending the meeting should contact Mr. Spangler.

Prior to today's meeting, a draft copy of the November 14, 2022 meeting minutes was made available for members to review. Dr. Rahim moved that the November 14, 2022 meeting minutes be approved. Dr. Kukkillaya seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler encouraged all members who are able to attend the Federation of State Medical Board's Annual Meeting in May to do so. He reported that Rahul Gupta, MD, MPH, former Secretary of the Board of Medicine, will be a speaker at the Federation luncheon.

**EXECUTIVE
DIRECTORS
REPORT**

Mr. Spangler expressed his gratitude to members for their commitment and engagement during the weekend committee meetings.

Dr. Sheth reported that the Executive/Management Committee met yesterday, January 8, 2023, at which time the Committee reviewed and accepted the fiscal report and

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

purchasing card transactions for the month of October, November and December 2022. The Board continues to remain in a good financial position.

Dr. Sheth reported that the Board's Annual Report to the Legislature for the period of July 1, 2020 through June 30, 2022 is being finalized by Board staff. It is anticipated that the report will be submitted to the Governor and the Legislature later this month.

Dr. Sheth reported that the Committee has identified a need for, and authorized Board staff to pursue, an assessment of the Board's technology equipment and virtual meeting processes, as well as an overall assessment of the Board's meeting spaces. He encouraged members to contact Mr. Spangler if they have suggestions or ideas related to technology upgrades.

Dr. Sheth reported that the Committee, with the assistance of staff, is evaluating the possibility of implementing a telework policy to govern remote work opportunities for Board staff who meet eligibility criteria. The Committee will provide additional information on this initiative at a future meeting.

Dr. Sheth reported that the Committee authorized staff to undertake a review of the provider malpractice data provided on the website and eliminate all entries which relate to malpractice cases that were dismissed without any payment made on behalf of the provider. This will align historical data with current reporting practices.

Dr. Sheth reported that the Committee authorized Board staff to develop a policy which would authorize Board investigators to carry Naloxone while working on behalf of the Board in the field.

Dr. Sheth reported that the Committee discussed the Physician Assistant and Licensure Committee roles in reviewing applications. Restructuring the responsibilities of these Committees would be a significant undertaking, and the Executive/Management

Committee wants to devote the appropriate time and reflection to a decision of this nature. For this reason, the Committee elected to defer action on this matter to a future meeting.

Dr. Sheth reported that prior to the COVID-19 pandemic all applications to reactivate licenses which have been expired for more than one year were presented to the Board for consideration. At the March 29, 2020 meeting, the Board authorized staff to process reactivation applications during the COVID-19 State of Emergency, unless discussion of discrepant information is required. The Committee recommended that the Board authorize staff to continue to process reactivation applications that do not require individualized discussion. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that the Committee directed staff to research whether business state code permits a physician assistant to own a professional limited liability company and to work on updating W. Va. Code R. §11-7-1 *et seq.*, *Formation and Approval of Professional Limited Liability Companies*, if warranted.

Dr. Sheth reported that at the November 2022 Board meeting, the Board issued a *Final Decision and Order* in the matter of *West Virginia Board of Medicine, Petitioner v. William Andrew Stewart, MD, Respondent*. Among other things, the Order required the Respondent to pay the costs and expenses of the proceeding. Prior to today's meeting a copy of the proposed Invoice in this matter was made available for members to review. The Committee recommended that the Board approve the invoice as presented. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that the Committee received an update in the matter of *Zachary Knotts and Ellen Heine v. Board of Directors of JW Ruby Memorial Hospital, et. al.* This matter remains ongoing, but pending a recommendation of dismissal.

Dr. Sheth reported that in June 2022 Madhav Chowdhry, MD requested that the Board sponsor him to take Step II of the United States Medical Licensing Examination

(USMLE) when he becomes eligible in March 2023. Prior to today's meeting a proposed letter to the USMLE formally requesting that Dr. Chowdhry be permitted to sit for USMLE examinations when he becomes eligible was made available for members to review. The Committee recommended that the Board approve the letter to the USMLE. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that in September 2022, the Committee authorized Board staff to investigate allegations regarding the unauthorized practice of medicine. In October 2022, the Committee reviewed the documents related to the Board's investigation and staff consulted with the West Virginia Attorney General's Office for assistance in determining the proper course of process. The Attorney General's Office does not have an interest in pursuing this matter. The Committee authorized Board staff to refer this matter to the Prosecuting Attorney's Office.

Dr. Sheth reported that in response to the Governor's lifting of the COVID-19 State of Emergency, the temporary suspension of certain provisions of W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure: Complaint and Contested Case Hearing Procedures*, have been rescinded and the rule has been returned to regular order.

Dr. Sheth reported that the Regulatory Board Review Audit and Recommendations from the Legislative Auditor's Office was presented to the Legislature in December. The Board fared well in the audit.

Dr. Sheth reported that Board staff have started to update the database specifications and have had discussions with two potential vendors. It is anticipated that the database will be placed out for bid in the near future.

Dr. Sheth reported that the renewal period for physician assistant licensure, controlled substance dispensing registration for physician assistants, and interstate telehealth registrations for medical doctors and physician assistants will begin on February 1, 2023 and will conclude at 4:30 pm Eastern Daylight Time on March 31, 2023.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Rahim reported that the Legislative Committee met yesterday, January 8, 2023 at which time Mr. Spangler reported that the following rules were approved by the Legislative Rule Making Review Committee in 2022, and will be considered by the Legislature during the 2023 legislative session:

LEGISLATIVE
COMMITTEE
REPORT

- W. Va. Code R § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*
- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*

Dr. Rahim reported that Board staff have filed to extend the expiration date of W. Va. Code R. § 11-12-1 *et. seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate Medical Interns, Residents and Fellows*, from the current sunset date of May 1, 2024.

Dr. Rahim reported that the Committee discussed ways to improve providers access to medical cannabis dispensing information to enhance patient safety and the totality of information available to providers regarding controlled substances dispensed to patients. The Committee directed staff to draft proposed legislation which would effectuate the reporting and recording of medical cannabis dispensing in the West Virginia Controlled Substance Monitoring Program Database.

Dr. Sheth reported that the Committee will meet at 5:00 pm every other Wednesday while the Legislature is in session. It is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary to respond to legislative matters when the legislature is in session. Mr. Wooton moved that the Board delegate authority to the Legislative Committee to act on behalf of the Board with regard to legislative matters during the upcoming legislative session. Mr. Tipton seconded the motion, and the motion carried without opposition.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried without opposition.

Mr. Foster reported that a hearing is scheduled to convene on March 1-3, 2023.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that on March 14, 2022 the Board issued a *Final Decision and Order* in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent*, Complaint No. 18-175-M. The Respondent filed an appeal in Kanawha County Circuit Court, which was dismissed. He has filed an appeal in Kanawha County Intermediate Court. The Respondent has filed his brief in this matter, and the Board's brief is due in February.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, January 7, 2023.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee

recommended that each of the following ten applicants be approved for initial physician assistant licensure:

Christina Sutton Crager, PA
Michelle Larissa Finet, PA
Michael Paul Fogel, PA
Elise Nicole Griffin, PA
Jennifer Rose Myers, PA
Brian Allen Pendleton, PA
Amy Elizabeth Radzelovage, PA
Brittany Ann Ruth, PA
Congwei Li Salo, PA
Melissa Jean Short, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried without opposition.

Ms. Takubo reported that two physician assistant applicants appeared before the Committee to discuss his/her licensure application.

The Committee recommended that the Brandy Sue Huss-Boyd, PA be approved for physician assistant licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried without opposition.

The Committee recommended that Christine Shawn Wade, PA be offered licensure via a Consent Order which prohibits her from commencing practice as a physician assistant until such time as: (1) she submits a proposed Practice Notification accompanied by a detailed plan of reentry which identifies a specific collaborating physician who will have responsibility for monitoring and evaluating her reentry into practice and report thereupon to the Board; and (2) the Board reviews, accepts and approves the plan of reentry. The motion of the Committee was given by Ms. Takubo, and the motion carried without opposition.

Ms. Takubo reported that in November and December 2022 Board staff:
Activated the following number of practice notifications:

Month	West Virginia Licensees	Interstate Telehealth Registrations
November	18	3
December	29	1

Processed interstate telehealth registration applications for the following four practitioners:

Registrant Name	Registration Number	Issue Date
Elizabeth O'Briant Hall, PA	ITRPA-1015	11/03/2022
Christine Catherine Stabley, PA	ITRPA-1016	11/03/2023
Bethany Lynn Markham, PA	ITRPA-1017	11/07/2022
Brigitta Marie Statome, PA	ITRPA-1018	12/27/2022

Ms. Takubo reported that there were no physician assistant reactivation applications or emergency registrations processed in November or December 2022.

Ms. Takubo reported that the Committee received an update regarding efforts to create an Interstate Licensure Compact for physician assistants. Mr. Spangler clarified that this would be a universal license, but would not create an expedited licensure process like the Interstate Medical Licensure Compact does for physicians.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried without opposition.

Dr. Patel reported that the Licensure Committee met on Saturday, January 7, 2023, at which time the following applicants appeared before the Committee to discuss his/her licensure application. The Committee recommended that the following two applicants be approved for licensure:

FINDINGS OF PROBABLE CAUSE TO SUBSTANTIATE CHARGES OF DISQUALIFICATION UNDER W. Va CODE § 30-3-14

Dr. Mullins reported that the Complaint Committee determined that there are findings of probable cause to substantiate charges of disqualification under W.Va. Code § 30-3-14 for the following licensee:

Complaint Number	Respondent's Name
21-96-W	Daniel Nathaniel Smith, MD

CONSENT ORDERS AND BOARD ORDERS

Dr. Mullins requested that the Board authorize the Complaint Committee to offer eleven Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Mullins, and the motion carried without opposition.

Dr. Mullins reported that the following Consent Orders, previously authorized by the Board, were entered between November 13, 2022 and January 8, 2023:

Licensee Name and Complaint Number	Order Entry Date	Summary and Terms
Louis Leonard Rolston-Cregler, MD Complaint No. 21-129-W	November 29, 2022	Dr. Rolston-Cregler was fined \$1,000.00 for failing to complete all component parts of the 2021 renewal process for IMLC pathway licensees within the required timeframe.
Terry Gene Sanders, II, MD Complaint No. 22-29-W	December 14, 2022	Dr. Sanders' medical license was placed in a probationary status until he satisfactorily completes an agreed-upon program and meets all other terms and conditions of probation. He was also publicly reprimanded for his unprofessional conduct.

All Consent Orders are available for review on the Board's website.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Mullins, and the motion carried without opposition.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Ms. Mayfield seconded the motion, and the motion carried without opposition.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Board Meeting Minutes
March 13, 2023

The West Virginia Board of Medicine met at 9:00 am on Monday, March 13, 2023 at the Board Office.

The following Board members attended the meeting:

Ashish P. Sheth, MD, President, Executive/Management Chair and Personnel Committee Chair
Kishore K. Challa, MD, FACC
Douglas S. Dockery, DPM
Jonathan P. Lilly, MD, Vice President
Kiran S. Devaraj, MD
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Angela A. Mayfield
David A. Mullins, MD, Complaint Committee Chair
Kiran R. Patel, MD, FACOG, Licensure Committee Chair
Mustafa Rahim, MD, Legislative Committee Chair
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C

The following Board members did not attend the meeting:

Matthew Q. Christiansen, MD, MPH, Secretary
Russell O. Wooton

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

The following former Board member attended a portion of the meeting via teleconference:

Timothy J. Donatelli, DPM

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame. **CALL TO ORDER**

In order to minimize interruptions, Dr. Sheth asked all members to silence their cell phones.

Dr. Sheth welcomed and introduced Douglas S. Dockery, DPM. Dr. Dockery is a podiatrist who practices in Charleston. He has been appointed to serve on the Licensure Committee and the Legislative Committee. The Board looks forward to working with Dr. Dockery.

Dr. Sheth welcomed former Board member Timothy J. Donatelli, DPM, to the meeting and presented him with a plaque in recognition of his outstanding dedication and service to the Board, and in appreciation of his commitment to protecting the quality and safety of medical and podiatric care for the citizens of West Virginia.

Dr. Donatelli left the meeting at this time.

Dr. Sheth reminded members that the presentation that was scheduled to occur following today's meeting has been postponed and will now occur at the May meeting. It is anticipated that the presentation will last approximately thirty minutes.

Dr. Sheth reminded members that the Federation of State Medical Boards Annual Meeting will be held May 4-6, 2023 in Minneapolis, Minnesota. Any member who is interested in attending the meeting should contact Mr. Spangler.

Prior to today's meeting, the draft January 9, 2023 meeting minutes were made available for members to review. Dr. Rahim moved that the January 9, 2023 meeting minutes be approved. Dr. Kukkillaya seconded the motion, and the motion carried without opposition.

APPROVAL OF
MINUTES

Mr. Spangler encouraged all members who are able to attend the Federation of State Medical Board's Annual Meeting in May to do so. He reported that Rahul Gupta, MD, MPH, former Secretary of the Board of Medicine, will be a speaker at the event.

Mr. Spangler expressed his gratitude to members for their commitment and engagement during the weekend committee meetings. Additionally, Mr. Spangler expressed his appreciation of the licensure staff for the voluminous amount of work that they completed.

Dr. Sheth reported that the Executive/Management Committee met yesterday, March 12, 2023, at which time the Committee reviewed and accepted the fiscal reports and purchasing card transactions for the months of January and February 2023. The Board continues to remain in a good financial position.

Dr. Sheth reported that during the Performance Evaluation and Research Division Audit that was conducted in 2022, the Auditor's report to the Legislature recommended that the Board become more attuned to the West Virginia Medical Professional Health Program's (WVMPHP) schedule of participant costs and its budget and funding. The Committee received a report from P. Bradley Hall, MD, Executive Director of the WVMPHP, regarding current and projected costs and funding. The Committee appreciates the information and looks forward to future dialogue on these issues.

Dr. Sheth reported that the Committee reviewed correspondence seeking direction regarding who has the responsibility for obtaining informed consent from a patient for medical procedures. The Committee directed Board staff to respond to the inquiry indicating that, as the Committee anticipates it is standard in all circumstances, the provider who will be performing the procedure should identify him/herself by profession, explain the procedure to be performed, including risks and benefits, and obtain informed consent from the patient.

Dr. Sheth reported that the Committee reviewed correspondence from a nurse anesthetist who is seeking to form a company, and seeks to use the name Appalachian Anesthesia, LLC. The West Virginia Secretary of State's Office has notified the nurse anesthetist that a waiver is needed from the Board of Medicine prior to accepting the proposed business name on company registration materials. The Committee directed Board staff to contact the provider to determine the purpose of the company and provided further directions for follow-up.

Dr. Sheth reported that the Committee reviewed a list of words that the West Virginia Secretary of State's Office uses to assist in determining whether a proposed company or corporation name needs approval by the Board of Medicine. The Committee directed Board staff to propose updates to the list, as appropriate, for consideration by the Secretary of State's Office.

Prior to today's meeting a Naloxone Policy for West Virginia Board Investigators was made available for members to review. The Committee recommended that the Board accept and adopt the Naloxone Policy. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that the Committee received an update on the following litigation matters:

- *Zachary Knotts and Ellen Heine v. Board of Directors of JW Ruby Memorial Hospital, et. al* – this matter has been dismissed.
- *JH v. West Virginia Board of Medicine* – this matter was ruled upon by the West Virginia Supreme Court of Appeals, and the petitioner is appealing the Supreme Court's ruling to the U.S. Supreme Court. The Attorney General's Office is representing the Board in this matter.
- *Women's Health Center of West Virginia, on behalf of itself, its staff, and its patients; and Dr. John Doe, on behalf of himself and his patients, Plaintiff(s) v. Ashish P. Sheth, in his official capacity as President of the West Virginia Board of Medicine; and Matthew Christiansen, in his official capacity as Secretary of the*

West Virginia Board of Medicine, Defendant(s) – this matter relates to Senate Bill 302 which was enacted in September 2022. Roberta Green of Shuman, McCuskey, Slicer PLLC is representing the Board in this ongoing matter.

- Mass Litigation Panel Opioid Litigation – Pharmacy Case – the claim against Kroger is still pending, and discovery is ongoing in this matter.

Dr. Sheth reported that Board staff are working with the Director of Information Services for the West Virginia Office of Technology regarding technology updates to the board room and the conference room.

Dr. Sheth reported that in January 2023, the Committee authorized Board staff to refer a matter regarding the unauthorized practice of medicine to the Kanawha County Prosecuting Attorney's Office. Board staff are awaiting a response from the Prosecuting Attorney's Office as to whether they have an interest in pursuing this matter.

Dr. Sheth reported that the Committee received an update on ongoing renewals. Information regarding renewals will be provided later this morning during the Physician Assistant and Licensure Committee Reports.

Dr. Sheth reported that the Committee reviewed the matter of final resolution of costs in the matter of *West Virginia Board of Medicine v. William Andrew Stewart, MD*, Complaint Nos. 19-164-B and 19-101-W. The Committee recommended that the Board accept \$5,363.45 in satisfaction of the assessment of costs imposed by the Final Order. The motion was given by Dr. Sheth, and the motion carried without opposition.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Rahim reported that the Legislative Committee held five interim meetings since the regularly scheduled January meeting to review and consider bills that were introduced during the 2023 legislative session. The legislative session concluded on Saturday, March 11, 2023.

Dr. Rahim reported that the following bills which were closely monitored by Board staff were passed during the 2023 legislative session:

- **Senate Bill 240** – Requiring state board of examination or registration proceedings to be open to public inspection - Board staff were able to successfully advocate for amendments to this bill that eliminated the requirement that Board member email addresses be published on the website, and that protected the Board’s ability to continue to publish robust licensee profiles on our website.
- **Senate Bill 241** – Patient Brokering Act.
- **Senate Bill 244** – Making rosters of individuals who obtain professional, occupational, and trade licenses, registrations, and certificates available to public.
- **Senate Bill 247** – Making administrative appeals and judicial review of board action subject to provisions of the Administrative Procedures Act.
- **Senate Bill 361** – Authorizing miscellaneous boards and agencies to promulgate legislative rules – This bill contained four Board of Medicine rules which passed as originally filed.
- **Senate Bill 552** – Relating to abortion – This bill provides that the Board shall revoke the license of a provider if it finds “that the licensed medical professional has knowingly and willfully performed, induced or attempted to perform or induce an elective abortion.”
- **House Bill 2007** – Prohibiting certain medical practices – This bill adds a new section to the WV Medical Practice Act establishing restrictions on providing gender transition treatment to minors.
- **House Bill 2754** – Relating to immunizations performed in a pharmacy. This bill provides authorization for pharmacy techs to administer immunizations in some

circumstances and includes joint rulemaking for the Board and the Board of Osteopathic Medicine.

- **House Bill 2967** – Expediting License Applications for active military members and veterans, and their spouses – Board staff were able to successfully advocate for modifications to the bill that exempt physicians.
- **House Bill 3166** – To permit a hospital to hold a patient experiencing a psychiatric emergency for up to 72 hours.
- **House Bill 3317** – Relating to removing specific continuing education requirements – This bill requires providers to complete drug diversion training, best practice prescribing of controlled substances training, and training on prescribing and administering an opioid antagonist within one year of being granted an initial license if the individual prescribes, administers or dispenses a controlled substance. It provides discretion to boards to establish other continuing education criteria in rules.

Dr. Rahim reported that the following bills which were closely monitored by Board staff were not passed during the 2023 legislative session:

- **Senate Bill 248** – Clarifying when excess funds accumulated by boards are to be transferred to the General Revenue Fund.
- **Senate Bill 646** – Creating an emeritus physician license.
- **Senate Bill 650** – Allowing physician assistants to own a practice – This bill would have authorized PLLC ownership by physician assistants. Physician assistants are currently authorized to participate in ownership of medical corporations.
- **House Bill 2613** – relating to the administration of anesthetics.

Dr. Rahim reported that Board staff are happy to answer any questions with regard to the above-mentioned bills, or any other bills that were introduced and monitored by staff during the 2023 legislative session.

Dr. Rahim reported that Board staff and the Committee will review legislation that was passed during the 2023 legislative session to determine what rules will need to be promulgated by the Board. Additionally, Board staff will review current rules to determine whether updates or amendments are needed.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried without opposition.

Ms. Alley reported the public hearing scheduled for March 1-3, 2023 did not convene as a proposed resolution has been reached in this matter and will bill be presented later this morning for the Board's consideration.

**BOARD
ATTORNEY
REPORT**

Ms. Alley reported that a Complaint and Notice of Hearing has been finalized and will be served in one matter. It is likely that the hearing regarding this matter will convene in May 2023.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, March 11, 2023.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following twenty-six applicants be approved for initial physician assistant licensure:

Shajeen U. Akther, PA
Brittney Dawn Baker, PA
Kennard David Beard, PA
Scott Edward Bowerman, PA
Jordan Nichole Bowers, PA

Grace Chou, PA
Taylor Elizabeth Clark, PA
Frank Edward Gregalit, II, PA
Juilia Anne Harman, PA
Julia Alyse Hays, PA
Johanna Hendrickson, PA
Ashley Christina Kinsey, PA
Hanna Mae Noel Lewis, PA
Nicole Alicia Lytle, PA
Emily Rose Okubo, PA
Sarah Beth Poplawski, PA
Lauren Elizabeth Proffitt, PA
Alexius Jade Ramsey, PA
Michael Aaron Rosenberg, PA
Brian Keith Shrawder, PA
Katheryn Ann Soto, PA
Katelyn Nicole Steigerwald, PA
Gavin Blake Vincent, PA
Crestyn Slade White, PA
Mabel Louise Wright, PA
Allison Jae Young Smith, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried without opposition.

Ms. Takubo reported that in January and February 2023 Board staff:
Activated the following number of practice notifications:

Month	West Virginia Licensees	Interstate Telehealth Registrants
January	24	1
February	38	1

Processed interstate telehealth registration applications for the following four practitioners:

Registrant Name	Registration Number	Issue Date
Julia Rose Ball, PA	ITRPA-1021	02/13/2023
Tiffany Dawn Jones, PA	ITRPA-1020	02/01/2023
Michael Paul Linkous, PA	ITRPA-1019	01/17/2023

Ms. Takubo reported that there were no physician assistant reactivation applications processed in January or February 2023.

Ms. Takubo reported that the Committee received an update on the offer of licensure via Consent Order to reactivation applicant Christine Shawn Wade, PA.

Ms. Takubo reported that the Committee received an update on 2023 renewal. As of March 10, 2023:

Physician Assistant Renewal	Number that have Renewed
License	802
Interstate Telehealth Registration	9
Controlled Substance Dispensing Registration	18

Ms. Takubo reported that the Committee received an update on 2023 legislation affecting physician assistants and an update on national trends regarding the physician assistant profession and the physician assistant compact.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried without opposition.

Dr. Patel reported that the Licensure Committee met on Saturday, March 11, 2023, at which time the following applicants appeared before the Committee to discuss their

LICENSURE
COMMITTEE
REPORT

respective licensure applications. The Committee recommended that the following two applicants be approved for licensure:

Name	Application Type	Special Terms/Conditions
Saira Hassan, MD	Initial Licensure	None
Julie Ann Taylor, MD	Initial Licensure	None

The Committee recommended that each of the appearing applicants be approved for licensure. The motion of the Committee was given by Dr. Patel, and the motion carried without opposition.

Dr. Patel reported that the following two appearances were rescheduled. These applicants will now appear before the Committee in April 2023:

Name	Application Type
Thomas Frederick Harman, MD	Change of Licensure Status
Michael McLaren Zilles, MD	Reactivation of Licensure

Dr. Patel reported that the Committee reviewed and discussed ten medical licensure applications. The Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Sudhir Arumanla, MD	Initial Licensure	None
Jeffrey Brewer Graham, MD	Initial Licensure	None
Carl Thomas Hasselman, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Patel, and the motion carried without opposition.

The Committee recommended that the Board accept the following applicant's request to withdraw his licensure application:

Name	Application Type
William Zakee Howard McGill	Initial Licensure

The motion of the Committee was given by Dr. Patel, and the motion carried without opposition.

The Committee elected to maintain the following licensure application on hold, pending receipt of additional information:

Name	Application Type
Anthony Paul Geraci, MD	Initial Licensure

The Committee elected to request that the following five applicants appear before the Committee at a subsequent meeting to discuss his/her application:

Name	Application Type
David Lee Namay, MD	Change of Licensure Status
Perry Meadows, MD	Reactivation of Licensure
Yuto Nakafuku, MD	Initial Licensure
Jennifer Ann Ronan, MD	Initial Licensure
Julie Lynn Waddell, MD	Initial Licensure

Dr. Patel asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the one hundred thirteen applicants for initial medical licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve all one hundred thirteen applicants identified on the list for initial medical licensure. The motion of the Committee was given by Dr. Patel, and the motion carried with no opposition.

Dr. Patel asked Board members to review the list of four podiatric physician applicants up for action and to advise of any conflicts. A list of the applicants for initial podiatric physician licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference.

Dr. Dockery declared a conflict with regard to Richard Conley, DPM, as Dr. Conley has been hired by Dr. Dockery's podiatric practice. Dr. Dockery left the meeting room at this time.

The Committee recommended that Richard Conley, DPM be approved for initial podiatry licensure. The motion of the Committee was given by Dr. Patel, and the motion carried without opposition.

Dr. Dockery returned to the meeting room at this time.

The Committee recommended that the remaining three applicants be approved for initial podiatry licensure. The motion of the Committee was given by Dr. Patel, and the motion carried without opposition.

Dr. Patel reported that the Committee received an update from Board staff regarding the following licensure activity in January and February 2023:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Medical Licensure
Reactivation of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports are attached to these minutes as Attachment 3 and are incorporated herein by reference.

Dr. Patel reported that the Committee received an update regarding bills that were passed during the 2023 legislative session which relate to the work of the Committee, all of which were reported on during the Legislative Committee Report earlier today.

Dr. Patel reported that the Committee received a report on 2023 renewal. In addition to physician assistant renewal, which was reported earlier by the Physician Assistant Committee, interstate telehealth registration renewal is ongoing for physicians, and concludes on March 31, 2023. Renewal for physicians whose last names begin with the letters M through Z, all podiatric physicians, corresponding controlled substance dispensing practitioner registrations, educational permits and professional limited liability companies will begin on May 3, 2023 and will conclude at 4:30 pm EDT on June 30, 2023.

Dr. Patel reported that the Committee received an update regarding the Physician Data Center (PDC). The PDC is a service offered by the Federation of State Medical Boards that validates licensure, disciplinary and board certification data for physicians and physician assistants. The PDC Report is utilized by the Licensure Committee and the Physician Assistant Committee in evaluating license applications for medical doctors and physician assistants. Board staff noticed some anomalies in the PDC Reports with respect to data reported for former West Virginia licensees. As a result, staff engaged in outreach with PDC staff and have identified that the anomalies relate to a misunderstanding of the cohort of data to be reported, and the mapping of the data received. Board staff will be working with the PDC to provide additional data and remap the license status categories that the Board reports. As they begin this project, Board staff raised with the Committee the fact that we have multiple license statuses which are antiquated and were previously set in state code, but are no longer consistent with the Medical Practice Act and the Physician Assistant Practice Act. Some of these statuses have negative implications, although they are functionally neutral and essentially equivalent to license expiration. In

an effort to streamline the PDC mapping process and update antiquated license terminology, the Committee recommended that the Board authorize staff to update the license status for all MD, DPM and PA licenses with a lapsed, terminated or administrative suspension status to expired status. The administrative suspension statuses relate to electing not to renew when an assessment was imposed in the early 2000s, and electing to not renew between 1993 and 2007, without providing a non-renewal notice to the Board. The motion of the Committee was given by Dr. Patel, and the motion carried without opposition.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Patel, and the motion carried without opposition.

Dr. Mullins announced that Mr. Tipton was recently appointed to serve as a member of the Complaint Committee. He is a welcome addition to the Committee. Dr. Mullins reported that the Complaint Committee has met two times since the Board's last meeting; February 3, 2023 and March 12, 2023. Dr. Mullins provided the following reports and actions with regard to the meetings.

CONSENT ORDERS AND BOARD ORDERS

Dr. Mullins requested that the Board authorize the Complaint Committee to offer four Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Mullins, and the motion carried without opposition.

Dr. Mullins reported that the following Consent Orders, previously authorized by the Board, were entered between January 8, 2023 and March 12, 2023:

Licensee Name and Complaint Number	Order Entry Date	Summary and Terms
Mark David Harris, MD Complaint No. 21-20-W	January 24, 2023	Dr. Harris was publicly reprimanded for the unprofessional conduct set forth in the complaint and was required to complete an additional CME course on professional boundaries.
Karim Abdul Katrib, MD Complaint No. 20-99-W	February 14, 2023	Dr. Katrib was required to take an additional Board approved CME course on medical record keeping.
Stephen Andrew Lasher, Jr. MD Complaint No. 22-43-W	January 9, 2023	Dr. Lasher was fined \$500.00 for his inaccurate response to Professional Practice, Character, and Fitness Question No. 4 on his 2022 renewal application.
Keith Myles Newman, DPM Complaint No. 22-82-W	February 14, 2023	Dr. Newman was fined \$1,700.00 for a CPE deficit of 17 hours.

Licensee Name and Complaint Number	Order Entry Date	Summary and Terms
Farhaad Rahman Riyaz, MD Complaint No. 22-25-W	February 14, 2023	Dr. Riyaz was placed on probation for one year, with certain terms and conditions, and publicly reprimanded for his dishonorable, unprofessional and unethical conduct.
Steven Peter Rudis, MD Complaint No. 22-88-W	February 14, 2023	Dr. Rudis was fined \$500.00 for a CME deficit of 3 hours.
David James Shaffer, MD Complaint No. 22-89-W	February 17, 2023	Dr. Shaffer was fined \$500.00 for a CME deficit of 3 hours.
Anup Sud, MD Complaint No. 21-133-W	January 9, 2023	Dr. Sud was fined \$500.00 for failing to complete all component parts of the 2021 renewal process for IMLC pathway licensees.

All Consent Orders are available for review on the Board's website.

Dr. Mullins reported that David Jay Currence, MD entered into a Consent Order with the Board on May 28, 2020, that placed his license on probation for a period of two years, with certain terms and conditions. Dr. Currence has completed his probationary period, during which time he remained in compliance with the Order. Pursuant to the terms of the Order, Dr. Currence has submitted a petition to lift his probation and return his license to unencumbered status. The Committee recommended that the Board approve Dr. Currence's request and enter an Order terminating his probation. The motion of the Committee was given by Dr. Mullins, and the motion carried without opposition.

Dr. Mullins reported that effective May 19, 2014, the Board revoked the medical license of Oscar Pagalilauan Gosien, MD, No. 12476, pursuant to West Virginia Code §30-3-14(d), which imposes a nondiscretionary duty upon the Board to revoke a license if a

licensee has been found guilty and/or pled guilty in a court of competent jurisdiction to felonies involving prescribing, selling, administering, dispensing, mixing or otherwise preparing a prescription drug, including a controlled substance under state or federal law, for other than generally accepted therapeutic purposes.

Dr. Gosien has petitioned the Board for reactivation of licensure. On January 8, 2023, he appeared before the Complaint Committee, and at yesterday's meeting, the Committee received additional information related to his application. Based thereupon, and after discussion with Dr. Gosien, the Committee recommended that the Board provisionally deny Dr. Gosien's petition for license reinstatement and make the following findings:

1. The Board considered the facts and circumstances as set forth in the May 8, 2014 Conviction Order entered in association Dr. Gosien's plea of guilty to three felony counts. Specifically, the Court's Conviction Order indicated that in exchange for his plea of guilty to three felony counts:
 - a. The Court dismissed the other counts of the indictments;
 - b. The state agreed not to prosecute Dr. Gosien for any additional crimes involving controlled substances and sexual misconduct which occurred during his practice of medicine in this state;
 - c. Dr. Gosien agreed to voluntarily surrender his medical "license and associated certificates" which allows him to practice medicine in West Virginia; and
 - d. Dr. Gosien agreed to voluntarily surrender his DEA registration.
2. During his appearance before the Licensure Committee on January 8, 2023, Dr. Gosien verified that he has not engaged in the practice of medicine, in any jurisdiction, since 2014, resulting in an absence from clinical practice for a period of greater than eight years.

3. Dr. Gosien has failed to meet his burden of satisfying the Board that he is qualified for licensure as required by W. Va. Code R. § 11-1A-4.12 (2007). Under all of the circumstances, it would not protect the public health, interest, safety and welfare to grant him a license to practice medicine in the state of West Virginia.

The potential denial would offer Dr. Gosien the opportunity to request a hearing before a final decision is made upon his application. The motion of the Committee was given by Dr. Mullins, and the motion carried without opposition.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Mullins, and the motion carried without opposition.

Prior to today's meeting, a proposed Consent Order in the matter of *West Virginia Board of Medicine, Petitioner, v. David Elwood Hess, MD, Respondent*, Complaint Nos. 18-145-W, 19-15-W and 19-27-W, was made available for members to review. Ms. Alley reported that a Complaint, Notice of Hearing, Pre-Hearing Directives and Protective Order was issued in this matter. A hearing was scheduled to convene on March 1-3, 2023; however, in lieu of proceeding to hearing, Dr. Hess has agreed to permanently surrender his West Virginia medical license via Consent Order. The proposed Consent Order provides for a wind down period. Dr. Hess' license to practice medicine and surgery in West Virginia is permanently surrendered to the Board, effective April 13, 2023. Dr. Rahim moved that the Board accept the Consent Order. Dr. Kukkillaya seconded the motion, and the motion carried without opposition.

CONSIDERATION OF
A CONSENT ORDER

There being no further business to consider, Dr. Rahim moved that the meeting **ADJOURNMENT**
adjourn. Dr. Challa seconded the motion, and the motion carried without opposition.

Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

In order to minimize interruptions, Dr. Sheth asked all members to silence their cell phones.

ANNOUNCEMENTS

Prior to today's meeting, the draft March 13, 2023 meeting minutes were made available for members to review. Mr. Spangler reported that Attachment 1 to the meeting minutes has been amended from the version presented to the Board on March 13, 2023 to correct a typographical error in the spelling of one applicant name. Dr. Kukillaya moved that the March 13, 2023 meeting minutes be approved. Dr. Patel seconded the motion, and the motion carried without opposition.

**APPROVAL OF
MINUTES**

Mr. Spangler expressed his gratitude to members for their commitment, engagement, and productivity during the weekend committee meetings.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that he and the following individuals will be attending the Administrators in Medicine meeting and the Federation of State Medical Board's annual meeting in Minneapolis, Minnesota later this week:

Kiran R. Patel, MD

Melissa D. Cross

Jamie C. Frame

The 2024 meetings will be held in Nashville, Tennessee. Mr. Spangler encouraged members to attend the 2024 meetings.

Dr. Sheth reported that the Executive/Management Committee met yesterday, April 30, 2023, at which time the Committee reviewed and accepted the fiscal report and purchasing card transactions for the month of March 2023. The Board continues to remain in a good financial position.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Sheth reported that the Board's position statement entitled *Sexual Misconduct Statement of the West Virginia Board of Medicine* was last updated in May 2010. The Board's new rule, W. Va. Code R. § 11-16-1 *et seq. Prohibiting Sexual Misconduct by Health Care Practitioners*, was passed during the 2023 legislative session. Board staff will file the final version of the new rule with the West Virginia Secretary of State's Office

prior to May 10, 2023. The Committee recommended that the Board withdraw the *Sexual Misconduct Statement of the West Virginia Board of Medicine* once W. Va. Code R. § 11-16-1 *et seq.* becomes effective. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that as part of the Interstate Medical Licensure Compact (IMLC), member states who are asked to serve as the state of principal licensure for physicians are required to certify a physician's eligibility for expedited licensure in another state. This certification requires the receipt and review of a criminal history record check (CHRC) on the physician. Some IMLC member states have been prohibited from obtaining CHRCs by the FBI because the results are being utilized for IMLC licensing purposes rather than individual state licensure purposes. H.R. 1310, *States Handling Access to Reciprocity for Employment Act*, has been introduced in the House of Representatives and would authorize the use of FBI CHRCs for interstate compact licensing purposes. The bill has bipartisan support in the House. The Committee authorized Mr. Spangler to contact Senators Joe Manchin, III and Shelly Moore Capito requesting that a companion bill be introduced in the Senate.

Prior to today's meeting, a proposed policy entitled *West Virginia Board of Medicine Telework Pilot Program* was made available for members to review. Dr. Sheth reported that the Committee discussed implementation of a six-month pilot program which would offer telework opportunities to employees who meet the eligibility criteria. The Committee recommended that the Board implement the telework pilot project on July 3, 2023 and reevaluate the project at the January 2024 meeting. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that Mr. Spangler attended the Medication for Opioid Use Disorder Summit on April 15, 2023. Mr. Spangler provided the Committee with an overview of the conference.

Dr. Sheth reported that the Committee received an update on the following litigation matters:

- *JH v. West Virginia Board of Medicine* – this matter remains pending before the United States Supreme Court. The West Virginia Attorney General's Office is representing the Board in this matter.
- *Women's Health Center of West Virginia, on behalf of itself, its staff, and its patients; and Dr. John Doe, on behalf of himself and his patients, Plaintiff(s) v. Ashish P. Sheth, in his official capacity as President of the West Virginia Board of Medicine; and Matthew Christiansen, in his official capacity as Secretary of the West Virginia Board of Medicine, Defendant(s)* – this matter has been dismissed without prejudice.
- Mass Litigation Opioid Litigation Pharmacy Case - the claim against Kroger remains pending, and the matter is set for trial this summer.

Dr. Sheth reported that the Committee reviewed correspondence from P. Bradley Hall, MD, Executive Director of the West Virginia Medical Professionals Health Program, which outlines the organization's succession plan.

Dr. Sheth reported that in January 2023, the Board submitted a letter to the United States Medical Licensure Examination (USMLE) requesting that Madhav Chowdhry, MD be permitted to register for USMLE examinations when he becomes eligible. The USMLE has notified the Board that Dr. Chowdhry is now permitted to register for Step 2 of the USMLE.

Dr. Sheth reported that Board staff continue to work with the West Virginia Office of Technology to seek upgrades to the technology in the board room and the conference room.

Dr. Sheth reported that Board staff have updated the database specifications and plan to begin working with the West Virginia Purchasing Division to place the database

out for rebid in the near future. It is anticipated that the development and maintenance of the Board's website will also be placed out for bid.

Dr. Sheth reported that the invoice in the matter of *West Virginia Board of Medicine, Petitioner, v. William Andrew Stewart, MD, Respondent*, Complaint Nos. 19-164-B and 19-101-W, has been paid.

Dr. Sheth reported that the Committee received an update on renewals. Additional information regarding renewals will be provided later this morning as part of the Physician Assistant Committee and Licensure Committee Reports.

Dr. Sheth reported that the Legislative Committee did not meet this weekend. In response to legislation that was passed during the 2023 legislative session, the Board will work with the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine to amend W. Va. Code R. § 15-12-1 *et. seq.*, *Board of Pharmacy Rules for Immunizations Administered by Pharmacists, Pharmacy Interns, and Pharmacy Technicians*.

Dr. Sheth reported that Board staff will review the following rules, and, if needed, will offer amendments to the Legislative Committee at an interim meeting that will be held prior to the regularly scheduled July 2023 meeting:

- W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-9-1 *et seq.*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*
- W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate Medical Interns, Residents and Fellows*
- W. Va. Code R. § 11-13-1 *et seq.*, *Waiver of Initial Licensing Fees for Certain Initial Licensure Applicants*

Dr. Sheth reported that it is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary with regard to rulemaking. The Committee recommended that the Board authorize the Legislative Committee to act on behalf of the Board as necessary with regard to rulemaking. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that Tammi Chapman, who served as the Board's fiscal officer since July 2022, is no longer employed by the Board. The Board wishes Ms. Chapman well in her future endeavors. The Board has hired Evelyn Bush to fill the fiscal officer position. Ms. Bush will begin her employment with the Board on May 22, 2023. Deb Scott, who previously served as the fiscal officer for the Board, and who retired in July 2022, has been serving as the interim fiscal officer since Ms. Chapman's departure.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Dr. Sheth reported that the Personnel Committee met yesterday, April 30, 2023, at which time the Committee discussed salary increases for staff for the coming year. The Committee recommended that the Board adopt the Executive Director's recommendation to participate in the Governor's across-the-table 5% increase to take effect in July 2023.

**PERSONNEL
COMMITTEE
REPORT**

The Committee recommended that the Board accept and ratify the Personnel Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried without opposition.

Mr. Foster reported there are two hearings scheduled to convene in the near future, one on May 23, 2023 and one on June 5, 2023.
