COMMISSIONER'S Foreword

The Mission of the Division of Motor Vehicles is to ensure the ethical interpretation and application of motor vehicle and related laws, provide essential motor vehicle and driver services, promote highway safety, and collect revenue for transportation programs.

The accomplishments in this report will demonstrate that the Division of Motor Vehicles (DMV) kept operation costs down and continued to return a high percentage of revenue to the West Virginia Road Fund. Just as important, the DMV sustained excellent customer service to the motoring public through our Call Center and 23 fully-staffed Regional Offices across the state. Highlights for Fiscal Year 2010 include:

- The Regional Offices handled 1,466,624 customers and brought in revenue in the amount of \$106,134,249; the Call Center handled 547,540 calls at a 97% answer rate.
- As a result of DMV's interest in customer service, credit cards may be used for most transactions. In fiscal year 2010, a combined total of 209,780 credit card transactions were processed totaling \$18,943,375.
- Relocation of DMV headquarters to "The Shops at Kanawha" was finalized for most offices in November of 2009, with the Motor Carriers section completing the move in March of 2010.
- Legislation passed for the electronic insurance verification program, which was created to monitor uninsured motorists via three methods: 1.) through law enforcement traffic stops; 2.) through Batch processing at DMV; and 3.) at the initial registration of vehicles. The Request for Quote (RFQ) is complete and ready for bid. The electronic insurance verification program will be self-supporting through penalty fees.
- The Governor's Highway Safety Program reported that traffic fatalities have decreased from 380 in 2008 to 356 in 2009. The unofficial total number of fatalities for 2010 is 311. The confirmed number is pending final reports and investigations. An official number will be released mid-2011.
- The DMV's Electronic Commercial Driver's Licensing Program (eCDL) was recognized again this year through:
 - 2010 Bright Ideas Award, Harvard University Kennedy School of Business.
 - 2010 National Association of State Certified Information Officers (NASCIO) Award Finalist.
 - The program is currently in Phase III of development and implementation, with a \$500,000 grant from the Federal Motor Carrier Safety Administration. The grant money will be used to fund real-time audio and video verification materials, live tracking software and materials, and other fraud prevention materials and software.

- DMV now participates fully in the National Motor Vehicle Title Information System (NMVTIS), which is a system that allows the DMV to instantly and reliably verify title information both in paper and electronic form.
 - Motor Carrier One-Stop-Shop – With the focus on customer service, DMV proposes to streamline services for the motor carrier industry by allowing carriers to fulfill DMV, PSC, Tax, and DOH oversize, overweight permit services at "one stop", either electronically or through collaboration of agencies.
 - Digital License Plate – Roll out a new "flat" license plate and a more cost effective and environmentally friendly streamlined processing of plates, renewal notices, document production, and mailing.
 - RFQ being finalized.
 - New Business Modernization System – Linking all major databases (vehicle services, driver services and DMV's financial system) into one integrated business system, establishing one customer record. Current systems do not communicate with each other resulting in duplicate entry.
- Ongoing projects include:**
- Replace current Driver's License System to become REAL ID compliant. The bid award is pending and the projected implementation date for the new system is late Spring 2011.
 - Automated Driver Testing System – The bid is awarded and currently being installed in the regional offices.
 - E-Temp Tag – Currently being rolled out to dealers through the state IT vendor, WV Interactive. E-Temp tag lays the foundation for paperless titling, electronic lien perfection, and electronic sweeping of DMV fees and taxes.

NEW Legislation

THE GOVERNOR'S Highway Safety Program

House Bill 4172

Special License Plate Transfer Authority to DMV

Allows Non-Profit organizations to apply directly to DMV for special license plates.

House Bill 4223

Haven's Law

Increases penalties for passing a stopped school bus, and provides for driver's license revocation upon conviction.

Senate Bill 394

Electronic Insurance Verification

Authorizes DMV to establish an electronic insurance verification system to identify uninsured motorists.

Senate Bill 396

Updates commercial driver's license (CDL) requirements to meet Federal requirements.

Senate Bill 698

Adds mini trucks to the implement of husbandry category of vehicles.

Senate Bill 186

Changes the DUI law to establish a separate office to handle driver's license revocation hearings, and allows expungement of criminal charges for first offense low BAC offenders upon completion of an Ignition Interlock Program.

Senate Bill 354

Revises the crash report processes to reflect electronic entry and submission of reports.

House Bill 4524

Adds utility vehicles such as mules and gaters to the definition of ATV.

House Bill 4534

Erin's Law

Increases the criminal penalty for knowingly failing to stop and render aid after a motor vehicle crash involving a fatality.

The Governor's Highway Safety Program (GHSP) is the lead agency for West Virginia's participation in federally mandated and funded highway safety improvement measures. The Division of Motor Vehicles oversees the GHSP, which is located at 5707 MacCorkle Ave. Se, Charleston, WV 25317. The Division's Commissioner, Joe E. Miller, is Governor Manchin's representative for highway safety.

The Governor's Highway Safety Program encourages, promotes, and supports eight traffic safety programs throughout West Virginia. These traffic safety programs cover all fifty-five counties in West Virginia and are located in the population centers of Beckley, Bluefield, Charleston, Clarksburg, Huntington, Parkersburg, Martinsburg, and Wheeling. Their mission is to develop and implement the measures that their regions require to lower crashes, injuries, and fatalities on the roadways in West Virginia. This decentralized plan allows for maximum flexibility and accuracy in the identification of highway safety problems. The entire state is covered by these eight programs. Traffic safety programs receive approximately 60% of West Virginia's federal highway safety improvement funding. These traffic safety programs also assist the GHSP and the Division of Motor Vehicles in informing the public about highway safety enhancement legislation.

The Governor's Highway Safety Program evaluates its performance annually according to the progress it has made in meeting the following goals in FY 2009.

- Reduce the fatality rate per 100 million miles traveled (VMT) from 2.08 in 1998 to 1.75 in 2012. (FY 2009 rate 1.79).
- Reduce the fatality rate per 100,000 residents from 23 in 1998 to 19 in 2012. (FY 2009 rate 19.56)
- Reduce the number of A and B injuries per 100 million miles traveled from 66.5 in 1998 to 50 in 2012. (FY 2009 - 36)
- Reduce the alcohol fatality rate of .84 in 1998 to less than .50 in 2012. (FY 2009 - .58)
- Reduce the percentage of alcohol related fatalities from 42% in 1998 to less than 30% in 2012. (FY 2009 - 32%).

The above information is based on preliminary 2009 data.

Public Information

The GHSP is pleased to report that we are making steady progress towards the 2012 goals. The objectives are to be met by combining state, regional, and local efforts. Years of declining injuries and deaths suggest that our efforts are having an effect on driver behavior in West Virginia.

The GHSP public information efforts focus on awareness, education, and the promotion of highway safety initiatives such as seat belt use, consequences of impaired driving, child passenger seat safety, and motorcycle safety. Changing driver behavior is emphasized as the key to successful highway safety programs.

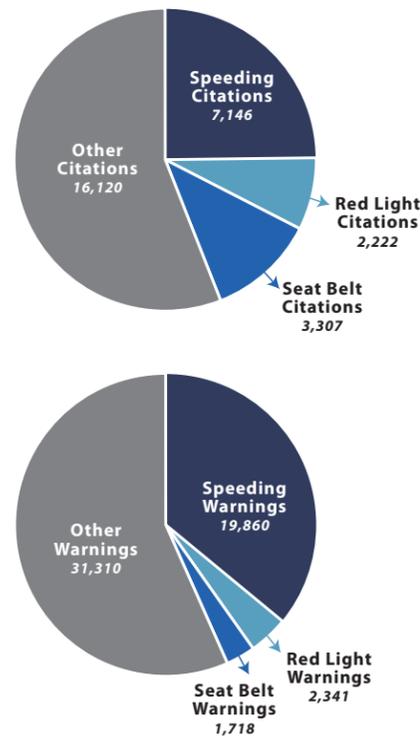

In September 2004, the Governor's Highway Safety Program and its law enforcement partners kicked off a year-long sustained impaired driving enforcement campaign which extended through 2010. The plan was to commit to 1,526 high visibility enforcement events and 780 public education events along with training, media events, and age specific activities. High visibility enforcement events included sobriety checkpoints, low manpower checkpoints, saturation patrols, and point of sales enforcement directed patrols. This renewed emphasis on sustained enforcement coupled with the .08 BAC legislation should help reduce the number of alcohol-related fatalities, injuries, and crashes.

The GHSP participates in the NHSTA Region III Impaired Driving Initiative - "Checkpoint Strike-Force". We are working closely with the Commission on Drunk Driving Prevention and state and local law enforcement agencies to reduce the alcohol-involved fatality rate from its level of 32%.

In FY 2010 there were 286 Full Sobriety Checkpoints, 85 Phantom Checkpoints, and 34 Occupant Protection Checkpoints held in West Virginia, for a total of 405. The number of vehicles contacted was 178,889 and occupants estimated exceeded 250,000. There were 174 DUI arrests at checkpoints with over 3,000 citations issued.

In FY 2010 the GHSP funded 46,149 hours of enforcement activities:

Citations & Warnings

Counts, Recoveries & Arrests

	Totals		Totals
Under Age Drinking	967	Felony Arrests	344
DUI Arrests	1,967	Misdemeanor Arrests	1,961
Child Restraints	297	Fugitives Recovered	78
Driver's License Revoked	543	Weapons Recovered	72
Driver's License Suspended	1,738	Vehicles Recovered	35

The GHSP offered the following training to law enforcement in FY 2010:

- 1) Operating sobriety checkpoints: 5 classes, 102 students
- 2) Child Passenger Safety: 6 classes, 77 students
- 3) Child Passenger Safety Recertification 8 hr.: 4 classes, 94 students
- 4) 4- 8 hr Kidz in Motion (CEU) classes, 99 students
- 4) DUI Update: 16 classes, 198 students
- 5) SFST Update: 16 classes, 210 students
- 6) Traffic Occupant Protection Strategies (TOPS): 3 classes, 57 students

The GHSP's goal for FY 2011 will be to broaden its training activities and increase the number of students completing training.

Training Breakdown

	Hours of Instruction	Number of Students	Man Hours
DUI Training	280	1,842	14,178
Occupant Protection	210	253	3,334
Other	56	50	1,392
Totals	546	2,145	18,904

GHSP Seatbelt Incentives

In 2000, West Virginia had the lowest seat belt usage rate in the country at 49.5%. At that time, the GHSP developed and adopted the Click It or Ticket Enforcement Model. The seat belt usage rates began to climb with the use of aggressive high visibility enforcement coupled with a paid, targeted media message. The rate climbed to 52% in 2001 and peaked at 89.5% in June of 2008. That year revealed a 40% increase in eight years of using the CIOT Model. In 2009 the rate fell slightly to 87%. While it concerned us we realize that the last 13% would be the toughest to reach. The June 2010 Scientific Survey

was released in October 2010 and it revealed a 4.75% decline from 87% of the previous year. The GHSP, and our Highway Safety partners will be working hard to reverse this unexpected trend. Plans are in effect to redouble our efforts and identify our risk population.

We certainly believe that an upgrade to the West Virginia Seat Belt Law, from a secondary enforcement to primary enforcement, would increase the usage rates and ultimately help reduce the fatality and injury rates in West Virginia.

The GHSP has designated occupant protection as a top priority. We have contracted the services of a full-time law enforcement liaison to coordinate our efforts with the law enforcement community. Agencies who fully participate in this project are awarded funding for training, equipment, and overtime enforcement projects. The GHSP also offers four training classes in occupant protection issues - Traffic Occupant Protection Strategies (TOPS) and Child Passenger Safety (CPS), with eight hour Kidz In Motion classes and eight hour CPS recertification classes. Along with training on these issues, the GHSP also provides funding for Child Passenger Safety Clinics and Safety Seat programs throughout West Virginia. In FY 2010, the GHSP conducted six thirty-two hour NHSTA Child Passenger Safety Technician classes with 77 students successfully completing the course.

GHSP Federal Funding Policy Compliance

NHTSA grant funding policy states that no more than 10% of a NHTSA grant may be expended on administrative cost. Federal statute requires that local political subdivisions be allocated at least 40% of all federal highway safety funding the State receives. GHSP distributed over 60% of its FY 2010 federal funding to various local governments, exceeding the requirements.

NHTSA requires that the State match at least 25% of all NHSTA funding received by GHSP. West Virginia's FY 2010 allocation exceeded this requirement.

GHSP Funding Sources & Expenditures

	Federal Funds	Matching Funds
Planning and Administration	\$133,117.96	\$133,117.96
Project Funds	\$5,511,312.60	\$1,278,000

Non-Driver IDs	180,487

Driver Improvement

The Division of Motor Vehicles' Driver Improvement Unit administers laws and regulations governing the restriction, suspension, revocation, and restoration of driving privileges. The Unit also schedules driver re-examinations, issues driving records, and administers the Division's Safety and Treatment Program for DUI offenders.

The Division's Safety and Treatment Program allows private behavioral health providers and state-funded facilities to offer educational and rehabilitative services, thus maximizing availability of the program to DUI offenders. This program helps DUI offenders acknowledge the effects of alcohol on their lives, and provides them the means to resolve their alcohol-related problems.

The Division's Alcohol Test and Lock Program makes it possible to restrict rather than revoke the driving privileges of DUI offenders. A breath alcohol content monitor is wired into the ignition of participants' vehicles. Vehicles so equipped will not start unless an acceptable breath sample is submitted. DUI offenders are ineligible for Test and Lock during any appeal of their license revocations, have a previous conviction for driving while revoked/suspended within the last six months, or have been convicted of DUI involving a controlled substance. Participants must first serve a license revocation and enroll in an approved DUI Safety and Treatment program. Test and Lock enables participants to avoid the disruption of their lives that a DUI would cause. The Division of Motor Vehicles' statistics show that the rate of DUI recidivism is much lower among Test and Lock participants than among the general population. Thus, Test and Lock benefits both society and the problem driver.

West Virginia cooperates with other states in tracking unpaid and unresolved traffic citations. The Division suspends the licenses of West Virginia motorists who fail to satisfy a complaint originating from other U.S. jurisdictions. Licenses are eligible to be reinstated upon proof of satisfaction.

The Division of Motor Vehicles tracks problem drivers and takes corrective measures when necessary to ensure that all licensees drive responsibly. Those who fail may lose their driving privilege through the accumulation of points against their license. The Division also suspends the license of any person under the age of 18 who is not a high school graduate or currently enrolled in school or a general education development (GED) program. *See Charts →*

License Revocations/Suspensions

The Division of Motor Vehicles' responsibility does not end with the issuance of a driver's license. The Division monitors the driving activity of all licensees through a number of methods.

The Driver's License Advisory Board is appointed by the Governor with the advice and consent of the Senate. The Board advises the Commissioner of Motor Vehicles on vision standards and medical criteria relevant to the licensing of drivers. The Board's 5 members are all physicians, one of whom must be an ophthalmologist.

The main purpose of any license suspension is to protect the public from drivers who operate their vehicle in an unsafe or illegal manner, and to offer opportunities for motorists to improve their driving through participation in safety and training programs.

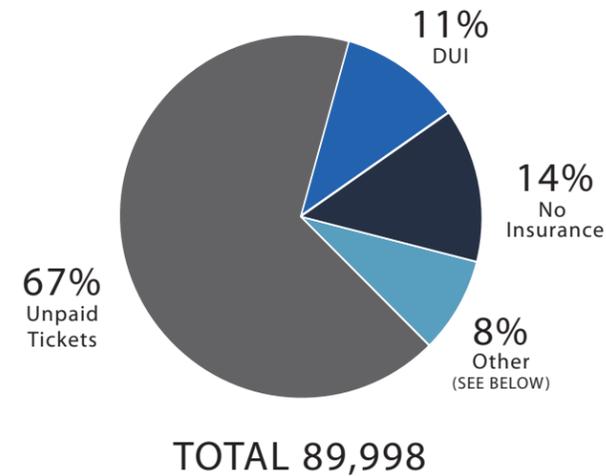

West Virginia was one of the first states to implement extra-judicial administrative sanctions for DUI offenders. The Federal Government followed West Virginia's lead; now requiring all states to perform an administrative review of all DUI arrests in order to remain eligible for certain Federal Transportation and Safety grants. *See Charts →*

Driver's License Compact

The Driver's License Compact is an agreement among 46 states to report non-resident traffic offenders to their home jurisdictions.

44 states allow non-resident motorists to accept a traffic citation for certain violations and proceed on their way without delay. Member states reciprocally suspend the driver's licenses of their residents who fail to satisfy a traffic complaint issued in another state.

Revocation/Suspension Totals

Other Breakdown	
Point System Violations	1,272

Compulsory Insurance

The Division of Motor Vehicles monitors motorist compliance with West Virginia's compulsory automobile insurance law in several ways. Vehicle registrants are required to complete an owner's state of insurance when a vehicle is registered. Through random sample verification procedures, motorists are asked to provide current proof of insurance, and insurance companies are asked to confirm owners' statements of insurance. Accident reports submitted by investigating law enforcement officers are checked for insurance information. Court reports of citations for failure to have insurance are also used. Penalties for driving without insurance include both license and registration suspension. Below is an accounting of the Division's insurance-related administrative actions.

Court Reports

	FY 2009	FY 2010
Suspension Letters	18,314	16,678
Driver's License Suspensions	11,617	10,619

INFORMATION Services

Data Entry Unit

The Data Entry Unit verifies, enters, and distributes vehicle title and registration information and related reports. This unit also assists the DMV Regional Offices by performing general information and technology troubleshooting services agency wide. This unit is the primary contact for technical support for Division of Motor Vehicles employees or customers related to Systems Operations and the primary point of contact for technical support of the Automated Testing System. The section is also responsible for adding, modifying, or deleting access to the mainframe and networks while maintaining privacy standards as required.

Information Services Helpdesk

The Information Services Help Desk provides support to Division of Motor Vehicles employees. Among these duties are verifying, entering, and deleting information from PDPS (Problem Driver Pointer System) and CDLIS (Commercial Driver License Information System), reviewing driver history/information to determine eligibility for issuance of a license, overseeing the Digital Image Exchange program by running reports and updating user information as needed, providing technical support for the Driver License/Identification system and backup support for the Automated Testing systems.

Records Management Unit

The Records Unit maintains the Agency's records, responds to information requests from legally authorized sources, and is responsible for the optical imaging/Document Management Systems for all Division of Motor Vehicles files.

INVESTIGATIONS, SECURITY, & Support Services

LEGAL Department

Statistics for FY 2010	
External Investigations Completed	690
Internal Investigations Completed	18
Employees Trained for EEO	N/A
Grievance Hearings Completed	11
CDL Tests (Normal Observation)	1806
CDL Tests (Covert Observation)	319
Employees Train - CDE & CME Training Classes	25
Employees Train - CDL (Recertification)	26
Employees Train - CDE (Certification)	5

The Investigation, Security, and Support Services Section is responsible for conducting all investigations, including internal employee and external customer fraud, title, license, odometer and privilege tax fraud, I.D. theft, and stolen vehicles, along with providing fingerprint and background checks for Driver License and CDL examiners.

This section also provides program oversight in the administration of CDL Skills Tests given by Third Party Examiners and conducts Low Vision testing for the Division of Motor Vehicles. This section ensures that all grievances are filed properly and handled in a timely manner along with conducting Level I Grievance Hearings for the Division.

The West Virginia Electronic-Commercial Driver License received over \$1,000,000 in federal grant funding for continued research of development of software. This software will permit Third Party Commercial Examiners to test multiple state residents in a professional and wireless manner. The enhanced version of the National & State award winning West Virginia eCDL software is under development at the Marshall University/Rahall Transportation Institute with input of personnel in this unit. The enhanced version will also allow additional states to upgrade their Commercial Drivers License programs.

The Director of this section represents the Department of Transportation and the Division of Motor Vehicles on the WV Executive Branch Privacy Team Committee, which promotes the protection of personally identifiable and confidential information. This section also ensures compliance with relevant privacy laws and serves as a resource and clearinghouse for best practices, along with facilitating implementation of privacy policies and procedures which impact customers, clients, and employees to ensure that they reflect a customer and employee orientation and best practices of the public and private sectors.

Administrative Hearings

Type of Hearing	FY 2009	FY 2010
Driving Under the Influence of Alcohol	1,862	1,366
Point Systems	18	9
Compulsory Insurance	7	6
X-Files	0	0
Fraudulent Driver's License	1	0
Resident Violators	1	4
Student Attendance Program	0	0
Driving on Revoked License	1	2
Total Administrative Hearings Held	1,890	1,387
↑ DUI Related	1,862	1,366
Total Administrative Decisions Rendered	1,805	1,255

The Legal Services Section provides legal advice on all issues before the Division of Motor Vehicles. It ensures the ethical interpretation and enforcement of all laws within the agency's purview, provides legal advice on all issues before the DMV and its boards, and directs representation of the agency before administrative and civil tribunals.

Fiscal Year 2010 marks the last year that the division is responsible for conducting administrative hearings as a result of the passage of S.B.186, which authorizes the newly created Office of Administrative Hearings to assume the hearing function.

MANAGEMENT Services

The Management Services section performs the Division of Motor Vehicles' various administrative and fiscal tasks including revenue control, bad check collection, purchasing, auditing, accounting, and title entry.

Receiving and Processing

The Receiving and Processing Section processes title work and vehicle renewals received via U.S. mail. During FY 2010, the unit processed 168,307 vehicle titles and title applications. The efficient operation of this unit enables the Division to deposit \$52,260,008 in privilege tax remittances from vehicle owners within hours of receipt and track the status of title work during processing. This Section processed a grand total of 260,473 checks from customers, with a total value of \$62,385,699. The Receiving and Processing Section sent 86,709 pieces of certified mail with the Division receiving the recipients' signatures over the internet during FY 2010.

Accounting

The Accounting Section is responsible for depositing and recording the \$254,019,887 collected in revenue during FY 2010. Privilege taxes, which the State uses to match federal highway construction grants, accounted for \$148,313,958 of the total. 1,171 checks drafted in the amount of approximately \$144,237 were returned to the Division for insufficient funds. During FY 2010, the Accounting Section received \$112,213 in payments for 805 returned checks.

Purchasing/Accounts Payable

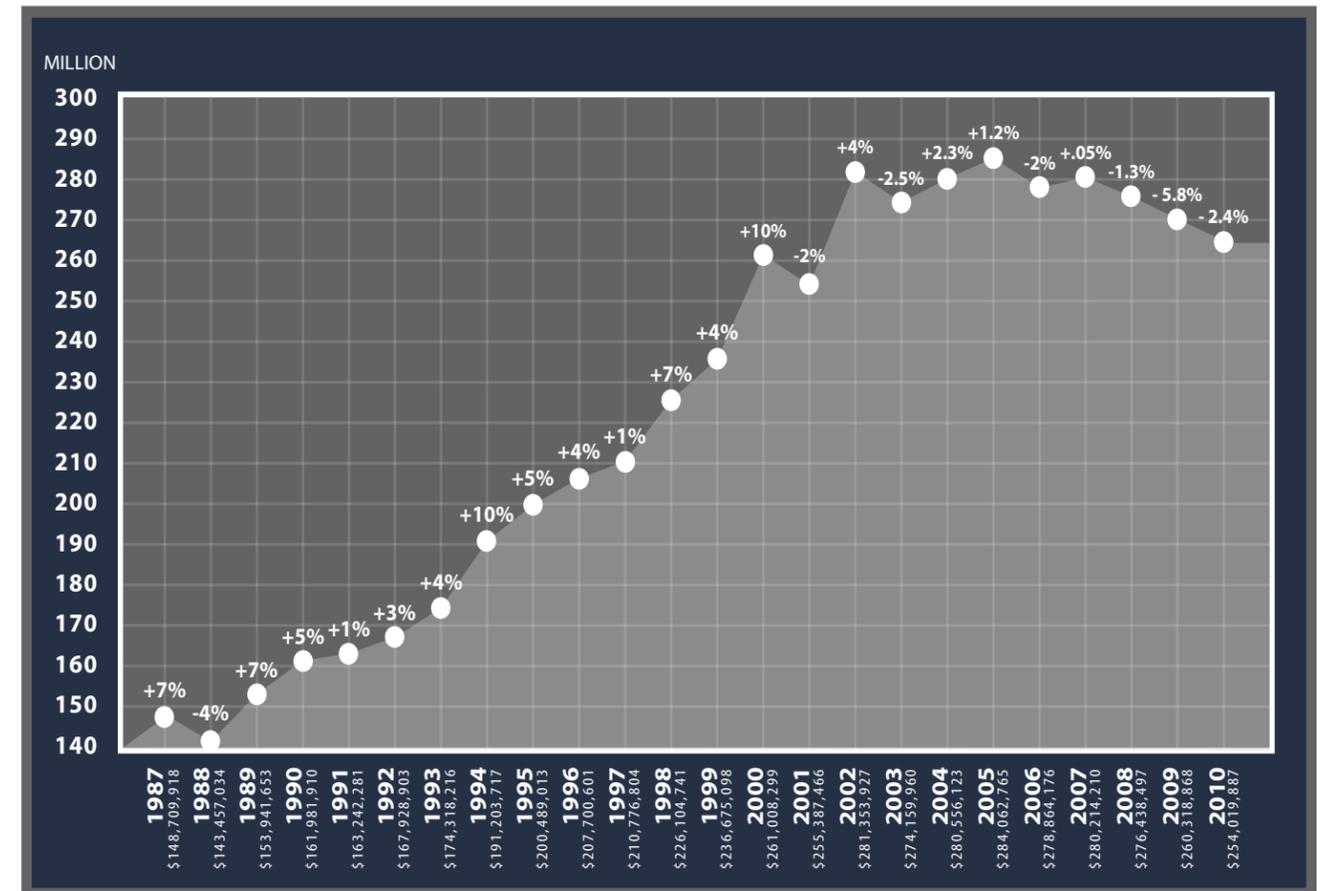

The Purchasing/Accounts Payable Section oversees the Division's expenditures, facility maintenance, employee travel/training, and fixed assets, along with providing budgetary and financial advice. This section also order office supplies, forms, and manuals for distribution to the Division's offices.

Warehouse/Inventory Supply

The Division's Warehouse/Inventory Supply is responsible for ordering and maintaining the inventory of all Division of Motor Vehicles license plates, decals, titles, and registration documents for distribution to the Division's offices, Country Sheriff's offices, and CVR participating dealerships.

Credit cards are accepted at all Division of Motor Vehicles' Regional offices and at the main office in Charleston. During the past fiscal year, 209,780 credit card transactions amounting to approximately \$18,943,375 were processed. Credit card user fees in the amount of \$374,745 were paid by the Division during FY 2010.

CALL CENTER & Regional Offices

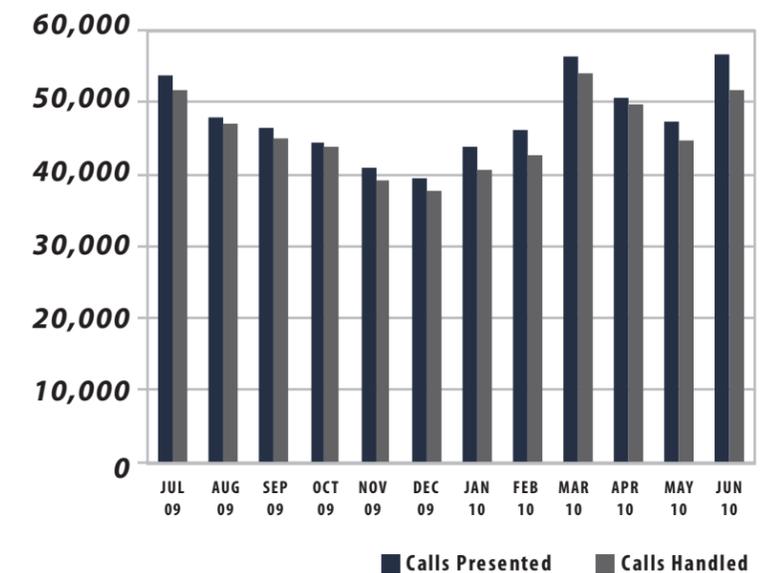

Agency Expenditures FY 2010

The Regional Office and Call Center Services section continue to build on these accomplishments by strengthening customer satisfaction, customer service delivery, and keeping pace with the latest technologies to achieve higher levels of efficiency. West Virginia taxpayers have challenged the Division to produce the maximum return on their investment, and the Regional Office and Call Center Services does just that. We have accepted the taxpayers' challenge and are building for the future.

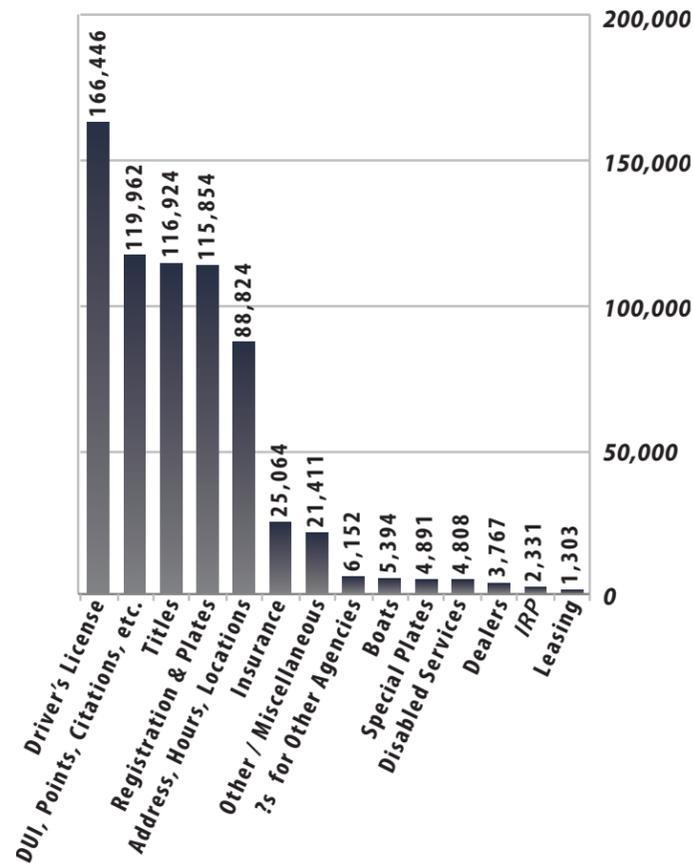

Call Presented vs. Handled FY 2010

The Regional Office and Call Center Services Section Responsibilities

- Collection of fees for the West Virginia Road Fund and other state agencies
- General customer inquiries
- Vehicle registration renewal
- Driver's license renewal
- Issuance of replacement documents
- Driver's license knowledge examinations and skills testing
- Motorcycle operator's knowledge examinations and skills testing
- Children's identification program
- Disabled parking placard and plate issuance
- Voter's registration application collection and submission
- Issuance of Barbers' and Cosmetologists' licenses
- Processing of identification cards for children in foster care under the auspices of the DHHR
- Production of driver records
- Host sites for administrative hearings
- Verification of insurance
- Confirmation of identification for domestic and foreign customers
- Transfer of out-of-state vehicle titles and driver's licenses
- Verification of school enrollment
- Confirmation of legal and valid driver status via the Problem Driver Point System
- Determination of eligibility of foreign applicants and temporary residents for driver or identification credentials
- Processing of State employee identification cards
- Determination of legal immigration status
- Confirmation of residents' physical addresses
- Verification of payment of county personal property taxes
- Customer mailings
- All-terrain vehicle orientation and safety courses
- Alcohol awareness
- Vehicle and driver historical research
- Distribution of driver's, commercial driver's, and motorcycle operator's manuals
- Verification county assessors' new resident vehicle privilege tax exemptions
- Verification of liens and encumbrances
- Compliance with judicial orders and settlements

VEHICLE Services

The Vehicle Services Section is composed of four sections within the Division that are connected by the requirement to title and register vehicles in West Virginia. They are as follows: Titles and Registrations, Dealer/Leasing Services, Motor Carrier, and Information Services.

Titles and Registrations

The Titles and Registrations Unit processes registrations and titles for all vehicles (including motorboats) and issues special license plates. Technological innovation has enabled the Unit to process all title work promptly upon receipt, track all title work in progress, and provide comprehensive information to customers who call in. Titles and Registrations has been aggressive in implementing federal mandates that require increased scrutiny of odometer statements and the use of special tamper-resistant forms for many title transactions.

Title & Registration Transactions

	FY 2009	FY 2010
Titles Processed	689,895	684,312

Dealer Services/Leasing

The Dealer Services section issues motor vehicle dealer licenses and license service operation permits, inspects reconstructed vehicles, and oversees temporary registration plate issuance by dealers and license services. West Virginia assesses leased vehicle taxes according to the value of a vehicle's lease, rather than the value of the vehicle itself. The Division accordingly allows a special process for titling leased vehicles. Dealer Services processed 2,450 leased vehicle titles during FY 2009. Annual revenues under this program have increased from \$854,000 to \$5,339,357 since FY 1995.

Registered Vehicle Dealers FY 2010

Registered Dealer Key - Dealer Classes	
D	New & used vehicles, not including motorcycles
DTR	Trailers, semi-trailers, and/or house trailers
DUC	Used vehicles, not including motorcycles
F	New & used motorcycles
MFG	Reconstructors, assemblers, and/or reassemblers of vehicles with special bodies
TRS	Transporters of vehicles to and/or from plants and agents of a manufacturer of purchaser
REP	Financial institutions authorized to repossess vehicles
DRV	Recreational vehicle dealers
AA	Auctioneers
WDR	Dealers in used parts, wreckers, and dismantlers of vehicles for resale of parts

Motor Carrier Services

This branch of the DMV oversees credential issuance to and revenue collection from the commercial trucking industry. The Motor Carrier Services Section administers West Virginia's participation in two multi-jurisdictional revenue and credential reciprocity compacts: the International Fuel Tax Agreement (IFTA) and the International Registration Plan (IRP). IFTA administers credentialing for commercial fuel taxes, and IRP regulates commercial vehicle registration.

The two compacts spearhead a technology-driven effort to simplify legal compliance procedures for the trucking industry and bring maximum economic efficiency to interstate and US-Canadian commerce. IRP and IFTA enable US and Canadian commercial motor carriers to operate throughout most of North America with tax and registration credentials issued by their home jurisdiction. The compacts require all vehicles of more than 26,000 pounds gross vehicle weight (GVW) and having three or more axles to register their vehicles and pay their fees in their home jurisdictions.

Ten (10) Canadian provinces and all of the states of the continental US recognize IRP credentials. IFTA credentials are valid for travel in all of Canada and the continental US.

The Motor Carrier Services Section also serves as the lead agency for the Commercial Vehicle Information Systems Network (CVISN) and other Intelligent Transportation Systems/Commercial Vehicle Operations (ITS/CVO) initiatives directed by the Federal Motor Carrier Safety Administration. CVISN and ITS/CVO initiatives are focused on streamlining government regulatory processes by consolidation of functions and electronic data exchanges.

Other Motor Carrier Operations

- Collection of apportioned ad valorem fees for West Virginia counties
- Advice and training for law enforcement personnel and others concerning policies, regulations, and statutes pertaining to commercial vehicles
- Processing and issuance of fuel tax decals for intrastate motor carriers

Motor Carrier Goals and Objectives

- Relocate IRP office to a more convenient location for WV motor carriers
- Make IRP/IFTA credentialing available through the DMV's Regional offices
- Continue to introduce new motor carriers to electronic credentialing and self-credentialing
- Streamline administration of motor carrier credentialing and taxation
- Reduce administrative paperwork and enhance compliance with motor carrier regulations through technology
- Continue the PRISM program to improve the safety performance of high-risk carriers

IFTA Participation

	FY 2009	FY 2010
Members	2,317	2,255
Decals Issued	13,701	13,037

Commercial Driver's License Holders

	FY 2009	FY 2010
Holders	64,421	70,638

IRP Registrants

	FY 2009	FY 2010
Power Units	10,323	10,188
Carriers	2,917	2,571

Road Tax Registrants

	FY 2009	FY 2010
Members	2,563	1,961
Decals Issued	9,553	9,389

IRP Revenue

	FY 2010
Collected from WV-Based Carriers	\$6,097,179.46
Collected from Other States	\$10,291,305.81
Paid to Other States	\$5,030,907.20
Ad Valorem	\$7,711,353.43
