NINETY-FIFTH ANNUAL REPORT

THE MUNICIPAL BOND COMMISSION

Report of the Executive Director

In 1921, The West Virginia Legislature created the State Sinking Fund Commission to act as the fiscal agent/trustee for the bond issues of the State and its political subdivisions. The agency was charged with the responsibility of receiving the deposits of the various issuers, investing them for a reasonable return consistent with State statute and bond ordinance requirements, disbursing funds to the appropriate paying agent banks or bondholders to meet debt services, receiving and reconciling cancelled securities, maintaining and reporting the financial accounts of each depositor, and aiding the issuers in the management of their resources. The agency would encourage the financial growth of the State by helping to maintain a receptive financial market for West Virginia bond issues through professional management services and to provide a central information source. In 1977, the name of the Commission was changed to the Municipal Bond Commission.

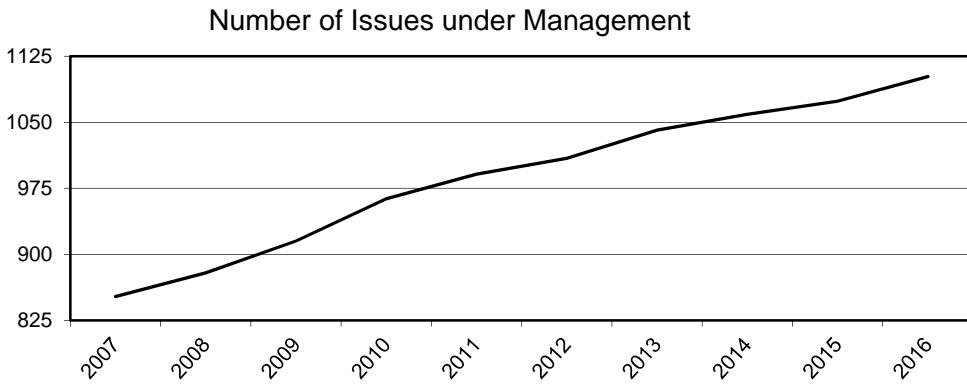

The Commission is composed of five members: State Tax Commissioner Mark Matkovich, Chairman; State Treasurer John D. Perdue, member; State Auditor Lisa A Hopkins, member; Larry Chapman of Gilmer County, member; and John Roach, former Mayor of Oceana, Wyoming County, member. The Commission elects an Executive Director who is responsible for the day to day operations of the Commission. The Commission meets periodically to oversee the operations of the staff.

Under State statute, the Commission is appointed as fiscal agent for all general obligation (tax levy) bond issues of the county commissions, municipalities, and school districts of the State. It determines levy requirements for all such issues each year. In the ninety-five years since the creation of the Commission, the State has not had a default or slow payment on any general obligation issue in the State.

The Commission is also appointed fiscal agent for revenue bond issues of municipalities and their utilities. Additional accounts are maintained for State agency

revenue bonds, colleges and universities. The Commission also serves as fiscal agent for most, though not all, public service districts. It does not handle State general obligation bonds (roads and schools), State

and local housing bonds, Parkway Authority, School Building Authority bond issues, or

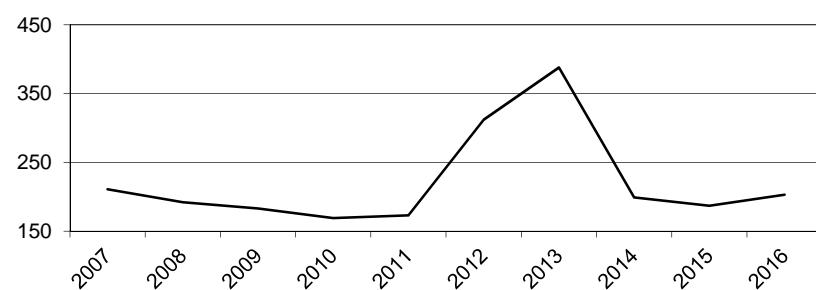

any industrial development bond issues. The Commission works closely with the WV Infrastructure and Jobs Development Council, the Water Development Authority, the WV Department of Environmental Protection, and the WV Bureau of Public Health in the management of their water and sewer infrastructure projects. The Commission also maintains many reserve accounts for the US Department of Agriculture bond issues. At present, 1,096 bond issues and 2,530 accounts are under supervision.

For eighty-four years, the Legislature has made a blanket appropriation annually to cover possible deficiencies that could arise in State and general obligation sinking fund accounts. This act, in part, reads:

Sinking Fund Deficiencies-There is hereby appropriated to the Governor a sufficient amount to meet a deficiency that may arise...in the funds of the Municipal Bond Commission because of the failure of any State agency for either general obligation or revenue bonds or any local taxing district for general obligation bonds to remit funds necessary for the payment of interest and sinking fund requirement. The Governor is authorized to transfer from time to time such amounts to the Municipal Bond Commission as may be necessary for (this purpose).

Standard & Poor has recognized this annual Legislative appropriation and the Commission's management as a Credit Enhancement Program. S&P comments favorably on the Commission's oversight program of all local general obligation debt in this rating. Moody's has also recognized the supervision of the Commission.

Total Managed Assets (in millions)

The Commission also maintains discretionary accounts, called 7251, where State and local governments may deposit surplus funds for investment. All funds on deposit with the Commission are invested to earn interest. As of June 30, 2016, the Commission held the following managed assets:

| | |
|----------------------|--------------------------------|
| Pool Investments | \$156,650,405.96 |
| Escrowed Investments | <u>28,897,669.22</u> |
| Total Investments | \$185,548,075.18 |
| Cash | <u>17,078,082.77</u> |
| Total Managed Assets | <u><u>\$202,626,157.95</u></u> |

This is an increase of 8.1% compared with a year earlier.

Pool investments of the Commission are held in a Government Money Market Pool, which is maintained at the Board of Treasury Investments. This Pool is limited to full faith and credit US Treasury and Agency investments of less than 13 months maturity and has an average portfolio maturity not exceeding 90 days. Other

investments held by the Commission, primarily escrowed investments held in trust to defease specific bond issues, are maintained in separate accounts outside the Pool. These investments are made only at the direction of the issuers. The Pool's yield increased for the fiscal year to an average of 0.14%.

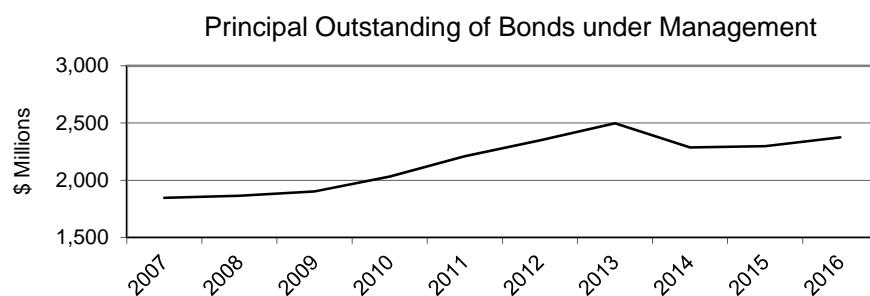

RECENT DEVELOPMENTS

The Commission recently completed a seven year project of scanning bond transcripts and posting them to the website. Recent transcripts are received electronically and those are uploaded. This allows for easier access for local issuers and bond holders to obtain their necessary data. Currently there are over 1,100 transcripts available at the agency's website.

With the 1,096 issues managed at the end of the fiscal year, the original principal outstanding was \$3.344 billion. Current total principal outstanding of these issues is \$2.376 billion. Many issues have not yet drawn their full loan. The majority of the issues the Commission handles are Water and Sewer projects, this is followed by County Schools and Higher Education. The Commission handles a small number of issues for BANS, Parking, Improvements, Civic Center and Hospitals. The Commission serves as fiscal agent for issues from every county in the state, as well as some State government issues.

Since 1991, the Commission has financed its operations from fees assessed for its services. This fee will remain at the same rate this coming fiscal year. It will be at 23/100 of 1% of the debt service paid for each issue, with a maximum of no more than \$2,000 per issue or series per year.

| Percent | | Principal Outstanding |
|---------|--------------------|-----------------------|
| 75.7 | Water and/or Sewer | \$ 1,798,314,903 |
| 15.1 | County Schools | 359,970,000 |

ACTIVE BOND ACCOUNTS

The following is a listing of all the active bond accounts maintained by the Commission, as of the report date. Discretionary accounts and Sinking Funds Accounts for paid out issues are not included. All bond issues paid by the Commission, whether as the paying agent, or through a paying agent, are listed. All reserve accounts for issues paid by others are also included.

ACCOUNT NAME -- The name includes the issuer, year, type of issue, and whether the issue is a revenue (REV) or general obligation (GO) issue. All GOs are labeled as such. Additional accounts include Reserve (RES), Depreciation (DEP) or Repair & Replacement (R&R) accounts. On GO issues over \$5 million, tax collections surplus to annual debt service are transferred to a Surplus Collection (SUR COL) account. Issues labeled ESCROW have either been fully funded in cash, or have had specific US Treasury investments purchased to defease the issue with future earnings.

ISSUE DATE -- The date of issue is shown in this column.

INTEREST RATE -- This column shows the interest rate, or range of rates, at which this bond was issued. It reflects the actual coupon rate. It is always listed from lowest to highest regardless of the order. Some rates may have matured, and no longer be outstanding.

ORIGINAL ISSUE -- This column indicates the amount of the original issue.

OUTSTANDING -- This column indicates the principal outstanding as of the report date.

ACCOUNT BALANCE -- This column indicates the account balance as of the report date. If this is an escrow account, the balance may include both cash and escrow securities. The investments are carried at cost, which may be different than their matured value, but will defease the issue.

LAST DEBT -- This column gives the final maturity year for the bond issue. In some cases where a bond has been advance refunded with escrows purchased for a future call, the year of final call rather than the original final maturity may be shown.

PAYING AGENT -- The Commission pays all funds for the debt service to these banks. Due to numerous bank mergers and name changes, the bank shown in this column may not agree with the bank named on the original bond (see Paying Agent address page).

COUNSEL-LEGAL OPINIONS -- The Commission does not have legal opinions for these issues. If a legal opinion is needed, it can be obtained from the bond counsel for the issue (see Bond Counsel address page).

DISCLAIMER

While every attempt has been made to verify the accuracy of this data, no guarantee of accuracy should be assumed.
