Date: December 19, 2024

Re: Legislative Report

Per WC Code 11-13A-6A the following is Marshall County Commission's calendar year 2024 Coal Reallocation Expenditure Report.

Date	Amount	Description
1-2-2024	\$3,000,000.00	11-13A-6a(3)(A) Economic Development Project, specifically commercial and industrial development. These funds were transferred to the Regional Economic Development Partnership's OVADC to help grow and develop the former Teletech building and area in order to meet the needs of companies moving into the facility.
12-3-2024	\$1,000,000.00	11-13A-6a(3)(A) Economic Development Project, specifically commercial development. These funds were transferred to the Regional Economic Development Partnership's OVADC to be utilized in assisting local developers/land owners and or investors bridge any gaps in funding needed to help a project come to fruition.

12-3-2024	\$1,510,000.00	11-13A-6a(3)(B) Infrastructure Development Project, specifically McMechen Stormwater Project. The project consists of construction of a new stormwater collection system replacing the current system that lacks capacity to handle runoff from the upstream watershed. McMechen has also secured a Section 219 Environmental Infrastructure grant with the Army Corp of Engineers.
