STATE OF WEST VIRGINIA  
**BOARD OF EXAMINERS FOR REGISTERED PROFESSIONAL NURSES**  
101 Dee Drive, Suite 102  
Charleston, WV 25311-1620

December 15, 2009

Dear Governor Manchin:

The West Virginia Board of Examiners for Registered Professional Nurses (Board) is pleased to submit the Annual Report which covers the activities during the 2008 and 2009 fiscal years.

For over one hundred years of nursing regulation the Board has been vested in their mission to protect the citizens of West Virginia through the regulation of the practice of registered professional nurses. At the end of the fiscal year there were 27,032 registered professional nurses regulated by the Board. Board members and staff provide presentations throughout the state in an effort to assure the most current information is available to those providing nursing care to those in West Virginia. The Board supports the role of advanced practice nurses in providing for the health care needs of West Virginia. Over 547 advanced practice registered professional nurses have active Prescriptive Authority Privileges granted by the Board.

The Board also regulates Dialysis Technicians. There are 149 certified Dialysis Technicians in West Virginia serving the needs of the dialysis population.

The Board continues to provide data for the Office of Threat Preparedness to provide RN verification of licensure for their volunteer healthcare provider database. This database will play an important role in disaster relief.

The Board remains open for communications with other agencies, the public and licensees through an Open Forum time during each Board meeting, the newsletter, the phone system, mail, facsimile and the Internet with e-mail ([rnboard@state.wv.us](mailto:rnboard@state.wv.us)) and web page ([www.wvrnboard.com](http://www.wvrnboard.com)).

The Board and its staff are available to answer questions about this report or other matters pertaining to the regulation of registered professional nursing and dialysis technicians in the State of West Virginia.

Sincerely,

A handwritten signature in cursive script that reads "Pamela L. Alderman".

Pamela L. Alderman, MSN, RN, Board President

**Pamela L. Alderman, RN, MSN  
Board President**

Pamela Alderman is the Dean for Career and Technical Programs at Southern West Virginia Community and Technical College located in Logan County. She is a graduate of Chapmanville High School. She graduated from Southern West Virginia Community College in 1977 with an Associate in Science in Nursing and Associate in Arts General Studies. She also completed a Bachelor of Science in Nursing in 1987 and a Masters of Science in Nursing in 1990 from West Virginia University. She is currently a doctoral student. She has two children, a son and a daughter. Ms. Alderman has been employed by Southern West Virginia Community and Technical College since 1987. Positions held have included: Faculty, Director of Nursing, Director of Allied Health, Associate Vice President for Academic Affairs/Dean of Allied Health, and present Administrative Vice President/Dean of Allied Health. During her career she has also held the following hospital positions: staff nurse - Emergency Department, Office Nurse, Hospital Nursing Supervisor, and Quality Assurance Coordinator.

Ms. Alderman has given numerous state and national presentations regarding nursing issues and grant writing. Association memberships include the National League for Nursing, National Organization for Associate Degree Nurses, American Nurses Association, SREB Council in Collegiate Education for Nursing - Bylaws Committee, West Virginia Nurses Association, West Virginia Nursing Education Foundation, National Tech Prep Network, Association of Deans and Directors in Nursing Education in West Virginia, National Association of Female Executives, Southern West Virginia Community and Technical College Alumni Association, and West Virginia University Alumni Association. She has received the following honors: Sigma Theta Tau International Honor Society for Nursing, International Who's Who of Professional & Business Women; Who's Who in Medicine and Healthcare, One Thousand Great Americans and Who's Who Among America's Teachers. Appointments include the West Virginia Board of Examiners for Registered Professional Nurses - Board president; Professional Women's Advisory Board - Honorary Appointment to the Executive Committee; West Virginia Nursing Shortage Study Commission; and Southern West Virginia Community and Technical College Accreditation Steering Committee - Co-Chair.

**Cynthia Persily, PhD, RN, FAAN  
Board Secretary**

Cynthia Persily PhD, RN, FAAN is currently the Associate Dean for Academic Affairs, Southern Region Programs at the West Virginia University School of Nursing. In addition to her administrative duties overseeing the academic offerings on four campuses across Southern West Virginia, Dr. Persily teaches in both the Master's degree and Doctoral degree programs at WVU School of Nursing. Dr. Persily serves as the Executive Director of the West Virginia Nursing Leadership Institute, a partnership between the WVU School of Nursing-Charleston Division and the CAMC Health Education Institute to provide a 12-month leadership development program for teams of nurses in West Virginia. Dr. Persily also serves as Deputy Director, WV Rural Health Research Center, funded by the US Health Resources and Services Administration, Office of Rural Health Policy. Dr. Persily currently serves by gubernatorial appointment as Secretary of the West Virginia Board of Examiners for Registered Professional Nurses. Additional leadership roles include Chair of the WV Center for Nursing Board of Directors (gubernatorial appointment) and Vice Chair of the Board of Trustees of Highland Hospital Association, Inc. She was a Robert Wood Johnson Executive Nurse Fellow (2001-2004) and was recently appointed by the RWJ Foundation to serve on the National Advisory Committee for the fellowship. She holds a BSN from East Stroudsburg University in Pennsylvania, and a MSN and PhD in Nursing and Health and Social Policy from the University of Pennsylvania. She is a fellow in the American Academy of Nursing.

**Diana Walls Boyle, RN, MSN, APRN, BC  
RN Member**

Diana W. Boyle was born and raised in Fairmont, West Virginia. She is a graduate of Fairmont Senior High School. She graduated from West Virginia University in 1976 with a Bachelor of Science in Nursing. She also completed a Masters of Science in Nursing in 1979. She is married to Robert C. Boyle. They have one daughter and three grandchildren. Ms. Boyle is presently a Certified Family Nurse Practitioner for Tygart Valley Total Care Clinic in Grafton, and the Marion County and Taylor County Health Departments in West Virginia. During her career she has held the following positions: Staff Nurse - Pediatrics (Fairmont General Hospital (1976-1983); Family Nurse Practitioner Student Health (Fairmont State College 1991-1993); Associate Professor of Nursing (Fairmont State College 1977-1996), Certified Family Nurse Practitioner (Middleton Health Care, Inc. 1993-2000)

Ms. Boyle has served on the West Virginia Board of Examiners since 1994. During her tenure on the Board she served as Board Secretary from 1995 through 2002 and Board President from 2002 - 2003. She has also served on the Practice Committee, Disciplinary Review Committee and is presently serving on the Education Committee. She has also served on the West Virginia University School of Nursing Alumni Association as a member of the Board of Directors (1987-1995), Secretary/Treasurer (1987-1995) and Nominating Committee (1995 - 1999); West Virginia University School of Nursing Visiting Committee (1992-1995) and presently the EPSDT/Health Check Medical Advisory Board. Professional memberships include the American Nurses Association, West Virginia Nurses Association, Sigma Theta Tau-Alpha Rho Chapter (Nursing Honorary) and the American Academy of Nurse Practitioners. Ms. Boyle's publications include "Instilling Hope" American Journal of Nursing (1978); "Pharmacological Aspects of Pain" (1993); and "Effects of Hormones" (1993). Awards include Outstanding West Virginian (1993-1994), Distinguished Service Award for West Virginia (1993), Outstanding Faculty Award-Fairmont State College (1994), and Who's Who in Professional Nursing. Community Activities include Junior League of Fairmont Board of Directors and Executive Board; Care Center, Inc.; Member All Saints Church in Bridgeport and Owner of Mountain Meadows Stable

**Robin Walton, RN, APRN,BC, EdD  
RN Member**

Robin Walton was born in Huntington, West Virginia and graduated from Huntington East High School. She completed a BSN from Marshall University in 1987. She graduated with an MSN from Bellarmine University in Louisville, Kentucky in 1990. Dr. Walton also graduated in 2002 with an EdD in Higher Education Administration from Marshall University. She then returned to Marshall to complete a post master's certificate as a Family Nurse Practitioner in 2005.

Dr. Walton has served as a staff nurse, charge, nurse, nurse manager and Director of Nursing at Huntington Hospital in Huntington, West Virginia. She has been employed at Marshall University College of Health Professions since 1990. She is currently the Coordinator of the Nursing Administration Track in the MSN program. She is also employed as a nurse practitioner at Mildred Mitchell Bateman Hospital and Medical Weight Loss and Skin Care Clinic in Huntington.

Dr. Walton was appointed to the West Virginia Board of Examiners for Registered Professional Nurses in 2006. She is presently serving on the Education Committee. She is currently a member of the American Nurses Association, West Virginia Nurses Association, the American Academy of Nurse Practitioners, Sigma Theta Tau and the National League for Nurses.

**Linda Williams, CRNA, JD  
RN Member**

Linda Williams is a Certified Registered Nurse Anesthetist in private practice in West Virginia. She is also an attorney licensed to practice law in Colorado, a consultant, and national lecturer on medical-legal issues, a Certified Clinical Hypnotherapist

She has published numerous articles on medical-legal issues and has appeared as an expert on health care issues on Dateline NBC, The Evening News with Tom Brokaw, and C-Span. She has been awarded a Colorado Woman of Excellence award and was a Captain and flight nurse in the U.S. Air Force Reserves.

Ms. Williams received a diploma in nursing from St. Mary's School of Nursing in Huntington, WV and a certificate in nurse anesthesia from The Ohio State University, Columbus, OH. She then received a BA in Health Science from Stephens College in Columbia, MO and a JD from the University of Denver, College of Law.

She is a member of the West Virginia Bar Association, American Nurses Association, West Virginia Nurses Association, West Virginia Association of Nurse Anesthetists, Anesthesia Malpractice Prevention advisory board and the Anesthesia Coding Alert advisory board. She is also a member and past president of the American Association of Nurse Anesthetists.

**Judy Nystrom**  
**Public Member**

Judy Nystrom was born and raised in Welch, West Virginia. She is a graduate of Welch High School and attended Concord College.

She has served as a public member on the West Virginia Board of Examiners for Registered Professional Nurses since 1985 and is currently the longest serving Board member. As a public member her representation has been crucial when determining Board direction. For the majority of her tenure as a Board member, Ms. Nystrom has served as a member of the Board's Disciplinary Review Committee. This Committee reviews and makes recommendations to the full Board on crucial discipline issues.

Ms. Nystrom has worked for the State of West Virginia since 1981 and is currently employed as the Medical Staff Coordinator at Welch Community Hospital and is also a licensed realtor. She has three children, one grandson and two granddaughters. Ms. Nystrom is an active member of the First United Methodist Church in Welch, West Virginia.

## Overview of Board Activities and Responsibilities

The mission of the West Virginia Board of Examiners for Registered Professional Nurses (Board) is to promote and protect public health, safety and welfare through the regulation of the practice of registered professional nurses. Further, the Board is authorized to regulate the practice of Dialysis Technicians to protect public health, safety and welfare. The West Virginia Legislature has empowered the Board to perform a number of functions to ensure this mission is accomplished

The Board is authorized to, among other things, adopt and amend rules and regulations, accredit and prescribe standards for educational programs preparing persons for registered professional nursing licensure, examine, license and renew licenses, and conduct hearing(s) upon charges calling for discipline of a licensee or revocation or suspension of a license.

The Board is also authorized to adopt and amend rules and regulations, accredit and prescribe standards for educational programs preparing persons for Dialysis Technician certification, certify and renew certifications, and conduct hearing(s) upon charges calling for discipline of a certification or revocation or suspension of a certification.

In order to fulfill its mission the Board has developed specific goals. These goals are found on page 7 of this report. Included with the Board's goals and objectives are performance measures.

The 2004 West Virginia Legislature passed a bill establishing the West Virginia Center for Nursing (Center) as a result of recommendations from the "Nursing Shortage Study Commission" which was funded by the Board. The Center was created to establish a statewide strategic plan to address the nursing shortage in the state and to facilitate recruitment and retention of nurses. The Center is funded in part by a supplemental fee added to the license renewal for RN's and LPN's. The Board continues to work with and support the efforts of the Center. During the past fiscal year the Center requested the Board to modify the database and renewal to collect workforce data. This data will be used to fulfill their mission to minimize the nursing shortage and increase retention of nurses in West Virginia.

This overview provides a brief description of the Board's activities over the past year in the fulfillment of its mission. Also provided with this report are statistical data which show the Board's activities over the past two (2) years. The majority of these reports begin on page 58. Additionally, to give an even broader view of the Board's activities, included with this year's report are tables and charts covering a ten (10) or twenty (20) year time period revealing how the number of registered professional nurses has increased or decreased during the time frame, the number of students that have graduated from nursing programs throughout the state during this time, disciplinary actions that have taken place, as well as other interesting facts regarding the functions of the Board. This information can be found throughout the Report. A Graph Table of Contents is provided for the reader's convenience (see page iii).

One of the most important ways the Board achieves its mission is ensuring that it is easily accessible to the public, its licensees and to other state and national agencies. To that end, the Board convenes an average of 10 days a year, with Committees meeting an additional 4 days a year. The law requires one meeting per year. In accordance with the law, Board meeting notices are

## Overview Continued

placed in the State Register. The agenda for each meeting is also provided to each nursing school, to Directors of Nursing across the state, and interested parties. A list of Board meeting dates is provided in this report on page 12. Notice of the meeting is also included in the Board newsletter, which is published at least twice a year and mailed to every licensee and to those persons expressing an interest in receiving the newsletter, and on the web site. A copy of each newsletter is located on the Board's web site at [www.wvrnboard.com](http://www.wvrnboard.com).

At the beginning of each Board meeting there is an Open Forum. Open Forum still allows anyone in attendance at the meeting the opportunity to raise issues of concern with the Board and to have an open discussion with Board members.

The Board office is available by telephone twenty four hours a day, seven days a week through a voice mail system 1-877-743-6877(NURS). During regular business hours, Monday through Friday, the office is staffed to respond to questions by phone, facsimile, e-mail, U.S. mail and from persons coming to the office. A list of all Board staff is on page 13 of this report.

Additional avenues the Board utilizes to remain accessible to the public are by way of e-mail and web page. The Board's e-mail address is [rnboard@state.wv.us](mailto:rnboard@state.wv.us). The web site address is [www.wvrnboard.com](http://www.wvrnboard.com). Most of the Board's applications are available for downloading from the web.

The Board has informational brochures available to the public on continuing education, discipline and the complaint process. The Board maintains a number of other brochures from organizations regarding patient rights and nurse/patient boundaries. Because the Board sees educating the public as one of its priorities, it continues to be active in providing information through presentations at various sites throughout the state. These presentations cover Board functions, the licensing process, mandatory continuing education, advanced practice, prescriptive authority, discipline and how to file a complaint. Board staff participated in several presentations in FY2009.

One of the main functions of the Board in the fulfillment of its mission is the regulation of the nursing programs in the State of West Virginia. Currently, there are 19 schools of nursing providing 20 nursing programs (the University of Charleston has bachelor and associate degree programs) in the state that require Board approval. A list of the schools of nursing providing both baccalaureate and associate degrees, as well as other programs not requiring Board approval, is provided in this report on pages 24 through 27. Also included in this report are statistics on the number of graduates from baccalaureate and associate degree programs and statistics on licensees holding advanced degrees.

The accreditation process of a school of nursing goes far beyond the initial accreditation of that school. It is an ongoing process. Each year every Board approved program is required to submit an Annual Report to the Board for review. The Annual Report covers every aspect of the program, from the financial status to the degrees held by instructors and most importantly the quality of the information being taught to the student. The Board also conducts a number of on-site visits to programs to have a hands on view of the activity taking place at the school. During the on-site visit, Board representatives have the opportunity to view the quality of the information contained in the library for nursing students

## Overview Continued

and to also speak with nursing students on campus regarding the nursing program. In FY2009 the Board performed twelve (12) On-Site Visits to campuses in the state.

Another Board function is to provide a test for graduates to successfully complete for initial licensure. Currently, that test is known as the National Council Licensure Examination -RN (NCLEX-RN). It has been a computer adaptive test since April 1994. The candidate may take the examination at any test center in the United States or U.S. Territories provided the state where they wish to hold initial licensure is designated, and an application specific to that state has been completed.

The national pass rate for first time candidates taking the licensure examination during FY2009 is 87.42%. West Virginia's percentage is 84.83%. This percentage ranks West Virginia as thirty-eight (38) out of fifty-four (54) member board jurisdictions. This information is provided through a report from the National Council of State Boards of Nursing, Inc.

From the graduates who pass the licensing examination who are able to hold the title registered professional nurse, there are a number of individuals who pursue advanced certifications and practice in more specialized areas. The Board regulates advanced certifications and practice in more specialized areas. The Board regulates 1,120 nurses with Announcement of Advanced Practice. This number includes the 547 nurses having prescription writing privileges granted by the Board. A breakdown of this information is found on pages 98 through 101 of this report. As part of the prescription writing privilege application process, the Board of Medicine, the Board of Pharmacy, the Board of Osteopathy, and the Federal Drug Enforcement Agency are notified of each new prescriptive authority privilege issued.

Because nurses are continuing to specialize in different areas, the Board's approach to discipline continues to evolve. Disciplinary cases continue to increase in complexity. Board staff process a significant number of discipline related records. In past years the majority of complaints against registered nurses, resulting in action, involved the use, misuse and abuse of drugs and alcohol. Although these issues still make up the majority of the complaints, there is an increase in practice related issues, such as documentation errors and the lack of competency. Health care institutions are utilizing more unlicensed individuals than ever before. With the predicted decrease in available registered nurses and the increase in work demand on the nurses who are available, the amount of complaints with practice issues will surely rise over the next several years. Statistical information regarding the Board's disposition of complaints and disciplinary action taken over the past two (2) years is provided on pages 60 and 61 of this report. A pie chart on page 59 represents a summary of disciplinary action for the past ten years.

In order to completely fulfill its mission to protect the public, the Board recognizes the necessity in maintaining open communication with other related national and state agencies. In that regard, the Board always sends representatives to meetings of the National Council of State Boards of Nursing, Inc.(NCSBN) and is actively involved in the discussion and voting processes which occur at these meetings. The Executive Director, Laura Skidmore Rhodes, served as the Chair of the By-Laws Committee and on the Governance and Leadership Task Force for that organization. She is the current

## Overview Continued

president of the Board of Directors for NCSBN. Marty Alston, Secretary III/Accounting Assistant II served two terms on the Awards Panel for NCSBN. Cyndy Haynes, Director of Education and Practice served on the NCSBN Innovations in Nursing Education Committee and currently serves on the Commitment to Ongoing Regulatory Excellence (CORE) committee. Alice R. Faucett, General Counsel and Director for Discipline previously served on the Professional Discipline, International Relations and Legal Issues Committees for the Council on Licensure Enforcement and Regulation.

The Board, in conjunction with NCSBN, developed an on-line continuing education program for registered professional nurses about the current law. This program offers two (2) continuing education hours which qualify for inclusion in the total twelve (12) hour requirement each year

Locally, the Board keeps an ongoing alliance with the West Virginia State Board of Licensed Practical Nurses (LPN Board). Because the two agencies generally have to address similar topics and certainly in the employment arena they usually function together, it is important to the Board to ensure that communication lines are open with this agency. In 1995, the Joint Nursing Regulatory Committee was formed to enhance communications between Board and the LPN Board, and between the Board and constituents. This committee lead to the practice of holding a yearly Joint RN/LPN Board meeting. Together the two Boards publish a document entitled "Criteria for Determining Scope of Practice for Licensed Nurses and Guidelines for Determining Acts That May Be Delegated or Assigned by Licensed Nurses" or simply the "Purple Book". This document was updated this year.

The Board participates in the Commitment to Ongoing Regulatory Excellence project through the National Council of State Boards of Nursing, Inc. as the evaluation process for the agency. This project looks at best practices from boards of nursing in the United States and U.S. Territories.

Board members and staff work very hard to make sure the Board accomplishes its mission and goals. Staff ensure that records reflecting the Board's financial status are accurately maintained. This information is provided on pages 14 through 19 of this report. Board members are kept thoroughly apprised of all operations by Board staff.

Legislation was passed during the 2005 session which placed the regulation of the Dialysis Technician Education programs and Dialysis Technicians under the jurisdiction of the Board. There are 149 certified dialysis technicians in West Virginia. Information about Dialysis Technicians is provided on pages 146 through 161.

As previously stated, there is a predicted decrease in the number of registered nurses available for employment in upcoming years. This decrease will not only effect West Virginia, but will be a national decrease. However, because of the size of our state, the effect on West Virginia will be easily felt. As reflected on pages 62 through 67 of this report, licensees have steadily endorsed out of West Virginia to other states, with the exception of FY05 when more nurses endorsed into WV. This is directly related to an influx of nurses preparing to assist a West Virginia hospital in the event of a strike. As the citizenship ages and illnesses increase, the need for registered nurses will increase. More nurses are still needed. Not having enough nurses makes it even more important for the West Virginia Board of Examiners for Registered Professional Nurses to fulfill its goal to protect the public.

## Overview Continued

When the impending nursing shortage was recognized, schools of nursing across the state increased enrollment in their nursing programs thus reflecting the slight increase in the number of registered nurses. There are approximately 3,339 students enrolled in West Virginia schools of nursing to obtain an initial degree in nursing.

The West Virginia Board of Examiners for Registered Professional Nurses continues to fulfill its mission of protecting the citizens of West Virginia through the regulation of the education and practice of 27,032 registered professional nurses, as well as the 149 Certified Dialysis Technicians. When reviewing the statistical reports it is important to bear in mind that the statistics are for the calendar year until 1997 when the data reporting changed to the fiscal year calendar.

Should you have any questions, suggestions or desire more information please contact this office at (304) 558-3596 or 1-877-743-NURSE(6877) or write to 101 Dee Drive, Suite 102, Charleston, West Virginia, 25311-1620. **WEST VIRGINIA BOARD OF EXAMINERS  
FOR REGISTERED PROFESSIONAL NURSES**

**MISSION**

The West Virginia Board of Examiners for Registered Professional Nurses promotes and protects public health, safety, and welfare through the regulation of registered professional nurses and dialysis technicians

**GOALS AND OBJECTIVES**

In accordance with WV Code §30-7-1 et seq. the Board will:

1. Function according to the Code of Conduct
2. Be accessible to the public.
3. Assure the quality of the basic education process for registered professional nurses.
4. Assure the quality of the basic education process for dialysis technicians.
5. Assure initial and continuing competence of registered professional nurses.
6. Assure initial and continuing competence of dialysis technicians.
7. Define the scope of practice for registered professional nursing and advanced practice nurses.
8. Define the scope of practice for dialysis technicians.
9. Provide a disciplinary process.
10. Review issues related to the nursing shortage
11. Support the mission of the West Virginia Center for Nursing

**STATUTORY HISTORY**

The Board of Nursing is mandated under Chapter 30 of the West Virginia Code to:

**PERFORMANCE MEASURES**

1. Review and evaluate National Council of State Boards of Nursing registered nurse licensure examination scores of each program in relation to the standard.
2. Conduct on-site visits to at least two nursing education programs annually.
3. Issue licenses to qualified persons in a timely fashion.
4. Provide educational information to registered nurses, dialysis technicians, and the public related to:
  - a. Discipline
  - b. Orientation to the Board
  - c. Advanced Practice
  - d. Licensure
  - e. Practice Issues
5. Process complaints from health care professionals and the public in a timely fashion
6. Expeditiously respond to requests related to:
  - a. Verification of licenses and certification
  - b. Discipline cases
  - c. The function of the Board
  - d. Patients' rights information
7. Continue the review and evaluation of multi-state regulation.
8. Provide and evaluate the effectiveness of the impaired nurse treatment program.
9. Provide multiple modes of communication opportunities with the Board.
10. Implement the rules relative to the regulation of dialysis technicians.
11. Consider a paperless licensing process for registered professional nurses.

### Total Number of Registered Professional Nurses

At the end of FY2009 were 27,032 registered professional nurses holding an active West Virginia license. This is an increase of 4,639 since 1999. This number is 1,346 more than in FY2008. Registered Professional Nurses remain the largest group of licensed health care providers in West Virginia.

## RECEIPTS AND DISBURSEMENTS

The Board is required to be self sustaining and does not receive any revenue from the State's General Revenue Fund. The bar graph on page 15 indicates the receipts and disbursements since 1998. The receipts for the Center for Nursing (\$232,180.00) are transferred to the Center's Fund, and Fines (\$48,692.50) are transferred to the General Revenue Fund, Both amounts are represented separately on the receipts graph.

## EDUCATION

The education section of the Board has grown significantly over the past ten years. In 1996, the Board designated staff to handle education and nondisciplinary practice issues. One of the Board's functions is to provide a test (NCLEX-RN) for graduates of accredited nursing programs to pass successfully for initial licensure. The education section reviews the applications and transcripts to assure qualifications are met. West Virginia NCLEX-RN pass rates are monitored annually. Advanced practice requirements including midwifery and prescriptive authority are processed through the education section of the Board, assuring qualifications, credentials and educational requirements are met.

The Board is responsible for the regulation of West Virginia nursing programs preparing registered professional nurses for initial licensure. The Education section of the Board reviews reports, faculty qualifications, changes reported by the programs and performs accreditation site visits to assure the requirements in the law are met. Statistics such as program pass rates and graduate numbers are maintained by the education section of the Board.

The education section also serves to provide access to information related to the practice of registered professional nursing. Educational brochures, presentations and responding to practice questions via telephone, email and written requests are among the avenues the Board provides information. The Board developed an on-line continuing education course about the law pertaining to West Virginia registered professional nurses.

Since 1997, continuing education requirements for registered professional nurse have been monitored by an auditing process for compliance with the law. Licensees are randomly selected for auditing of their continuing education completed during a reporting period. Auditing of licensees occurs after every reporting period. The education section also reviews any requests for waivers of the continuing education requirement. Continuing Education Providers may apply for a providership with the Board. Providers are audited for compliance with requirements in 19CSR11 annually.

# GRADUATES OF SCHOOLS OF NURSING PREPARING INDIVIDUALS FOR INITIAL LICENSURE AS A REGISTERED PROFESSIONAL NURSE

1989 - 2009

West Virginia has 19 schools of nursing which offer a total of 20 nursing programs preparing individuals for initial licensure. There are other programs which offer additional degrees for those already licensed. This graph shows the number of individuals graduating from schools of nursing in West Virginia to prepare for **initial licensure**. More schools are graduating nursing students at various times throughout the year in addition to the traditional spring graduation. Schools are now reporting the number of graduates in a calendar year.

During a short time between 1989 and 2009, there were three basic degrees offered, bachelor degree, associate degree and diploma, graduating a total of 16,895 students. The last diploma program, St. Mary's Hospital, graduated its last class in 1996. At that time, St. Mary's joined with Marshall University to offer an Associate Degree in nursing.

In 1984 there were 1,284 graduates. This was the highest number of graduates until 2007 when 1,162 candidates graduated from West Virginia nursing programs. The lowest number of graduates was in 2001 with 598 graduates. Should the historical cycle of graduates repeat itself, there should be another increase in the number of graduates over the next four to five years. However, the prediction is for a scarcity of registered professional nurses due to the aging workforce, retirement of nursing educators and a decrease in the number of persons interested in nursing as a career. Even though more males are choosing nursing as a career, the profession remains predominantly female.

YEARS	1989	1990	1991	1992	1993	1994	1995	1996	1997	1998
NUMBER OF GRADUATES	655	791	782	762	941	869	843	873	746	712

721	694	598	618	712	763	869	978	1,162	1,134	1,216

# All Degrees 1989-2009

## **NURSING (RN) GRADUATES IN WEST VIRGINIA BY DEGREE**

Between 1999 and 2009 a total of 9,465 students graduated. The total number of graduates include; Baccalaureate graduates 4,318, and Associate Degree graduates 5,147.

The class of 2009 had the largest number of graduates with 1,216. The lowest number of graduates occurred in 2001 with 598 graduates.

The Bachelor Degree graduate numbers increased between 1993 and 1994 by 217 in 1993 and 310 in 1994. This increase was stable through 1996 when there was a slight decrease every other year until 2002. Since 2002 there has been a steady increase of about 30 additional BSN graduates each year until 2006 when the number increased by 104 and in 2007 increased by 101 graduates. There was a slight decrease in the total number of graduates in 2008 and an increase again in 2009.

Between 1989 and 2009 a total of 17,439 students graduated from schools of nursing preparing for initial licensure. The graph on the opposite page reflects information for this twenty year period. The graph does not include registered professional nurses pursuing additional nursing degrees, such as a Bachelor degree after obtaining an Associate degree, or a Master's or Doctoral degree.

## DISCIPLINE

The disciplinary section is constantly being reviewed to ensure efficiency. The disciplinary chart shows the number of final actions taken against a licensee since 1999. The chart does not indicate the actual number of cases that the disciplinary section has to review. It is safe to say that between 1999 and 2009 there were over 100 complaint driven disciplinary cases reviewed per year. In addition, there are hundreds of other cases that were reviewed by this department that were not true disciplinary cases. For instance, if an applicant, whether it is a first time applicant or endorsement or renewal applicant, indicates a criminal conviction, a drug or alcohol addiction or provides any other negative answer on the application, then that application is passed on to the disciplinary section. Some of these instances result in disciplinary action, but most do not. Yet, there is still a great amount of time and effort put into investigating the individual. There are also a great amount of resources utilized to investigate complaints which are ultimately dismissed. Although no action is taken in these cases, in order to determine a dismissal is warranted, the time and effort spent investigating the allegations is significant. Also, many of the complaints against licensees are resolved by way of consent agreement. This means that the disciplinary section is constantly monitoring licensees to ensure compliance with the agreement. Further, with the change in the child support laws, affirmative responses to these questions are also passed along to the disciplinary section.

The pie chart indicates final actions taken between 1999 and 2009. However, there were many more cases reviewed during this time that required further review by the Disciplinary Department. The disposition of the disciplinary cases includes 84 Reprimands, 228 Probations, 231 Suspensions, 4 Revocations, 20 Surrenders, 141 Denials and 632 Dismissed After Investigation. The Board also holds contested case hearings. Between 1999 and 2009, 21 hearings were held.

A licensing system developed by IS&C permits tracking of licensing activities. Board staff can now track the number of applications reviewed by each department. During the last fiscal year the Discipline Department reviewed 671 applications. This review included 149 Exam Applications, 81 Endorsement Applications, 123 Reinstatement Applications and 318 renewal applications.

## ENDORSEMENT ACTIVITY

Registered professional nurses may obtain a license in another state through the process of endorsement. Each state has its own endorsement application and process, which includes a verification of licensure from another Board of Nursing. In the endorsement process, a Board of Nursing from another state accepts the nursing credentials validated by the original state of licensure. Some states also require verification of licensure from each state the person ever held a license. The verification is an official document which validates licensure, exam results (only provided by the original state of licensure), method of licensure (whether by exam or endorsement), and if there are any criminal convictions, disciplinary actions taken or complaints pending against the license.

Registered professional nurses may hold a nursing license in several states at the same time. Nurses living close to state borders and nurses traveling to various places are included in this group. From January 1, 1989 through June 30, 2009 a total of 19,314 registered professional nurses endorsed into West Virginia and 24,405 have requested a verification for endorsement out to other states.

## DIALYSIS TECHNICIANS

The law relating to regulating Dialysis Technicians was first passed in 2005. An emergency rule was approved in 2005 and the final rule was approved in the 2007 Legislative session. There are currently one hundred forty-nine (149) active Certified Dialysis Technicians in West Virginia. Temporary permits have been issued to eighty-three (83) persons. Dialysis Technician Training Programs are also under the authority of the Board. Twenty-four (24) programs have been approved by the Board. Receipts for the fiscal year total \$22,330. The first year had the highest amount of receipts due to the initial certification of all dialysis technicians and the initial approval of training programs. The anticipated receipts for the next fiscal year will be from certification renewal and perhaps one or two new education programs. Therefore, the anticipated receipts for FY 2010 will be approximately \$38,620.00. These fees will come from certification renewals as well as dialysis technician program renewals. The FY 2009 expenditures total \$18,998.41. A section of the Board's web site is dedicated to Dialysis Technicians. The Board and staff are available to answer any questions related to the regulation of dialysis technicians in West Virginia.

### DIALYSIS TECHNICIAN ADVISORY COUNCIL

**Chairperson:**

Linda Williams, CRNA, JD  
RN Board Member

**Dialysis Technician Members:**

Amy Cavalier, DT – Bruceton Mills, WV

**RN Members:**

Kathy Carper, RN – Charleston, WV  
Cheryl Sizemore- Logan, WV

**MD Member:**

Mary Lou Lewis, MD -Charleston, WV
