Update of proposed Chapter 30 change Law status of getting legislators to sponsor. I have been in contact with Jolene regarding Senator Bowman and Karen Hall-Dundas regarding Delegate Morgan. They have been in contact with them and apparently, we have their support.

Mr. Thornton explained the change on the Bill. The note on the Board of Registration Bill revision was requested to be clarified because concerns by the Administration that we were making things more difficult for sanitarians. It wasn't more difficult, it just wasn't clear what the previous notes were. We changed the notes to be the purposes of this Bill is to establish criteria for renewal upon revocation of registrations; to authorize the board to administer the Registered Sanitarian Professional Examination to sanitarians-in-training at anytime following the completion of Sanitarian Training School, rather than 2 years from the date of hiring as required by current law; to require the member of the Board to continue to serve until their replacement has been appointed and qualified; and to increase the fee for sanitarian registration by \$10.00 a year to help cover basic operating expenses. We need to get clarification on the submittal of the Bill. Maybe Sam will do that because he is willing to push.

At this time, due to having Mr. Barley with us, we would like to go into Executive Session to discuss a personnel matter.

Professional issues are management issues by the local administration and are not Board issues. The Board deals with ethical issues.

The Board went back into executive session for additional complaints.

Out of executive session. If the Board cannot find anything unethical, we should write a letter that it was unprofessional but not unethical and refer it to the local health department. Moved by Mr. White, seconded by Mr. Eltzroth, that the letter should be written by Mr. White
