### **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors Community Action of South Eastern West Virginia, Inc. Bluefield, West Virginia

We have audited the accompanying consolidated statement of financial position of the Community Action of South Eastern West Virginia, Inc. (CASE), as of August 31, 2012 and 2011, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended. These consolidated financial statements are the responsibility of CASE's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of CASE, as of August 31, 2012 and 2011, and the changes in its net assets, cash flows, and functional expenses for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 7, 2013 on our consideration of CASE's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on CASE's consolidated financial statements as a whole. The Introductory, Other Information, and Supplementary Information Sections are presented for purposes of additional analysis and are not required parts of the consolidated financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the consolidated financial statements. The Supplementary Information Section and Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information Section and Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the consolidated financial statements as a whole. The Introductory and Other Information Sections have not been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS August 31, 2012

#### Note 1. Summary of Significant Accounting Policies

#### Financial reporting entity:

The Community Action of South Eastern West Virginia, Inc. (CASE) is a private, not-for-profit organization that serves the economically disadvantaged citizens of Mercer County, Summers County, and Monroe County of West Virginia. CASE is governed by a volunteer Board of Directors that is tripartite in nature in that; 1/3 of the members are elected or appointed government officials, 1/3 are from low-income sector, and 1/3 are from the private sector. All of CASE's programs are geared towards helping the low-income, elderly, and handicapped achieve greater self-sufficiency.

#### Basis of financial statement presentation:

CASE's financial statements are presented in accordance with accounting principles generally accepted in the United States of America on an accrual basis. Consequently, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. In addition, CASE is required to report information regarding its financial position and activities according to the three classes of net assets; unrestricted, temporarily restricted, or permanently restricted based on the existence or absence of donor imposed restrictions. All net assets at August 31, 2012 and 2011 are unrestricted.

#### Cash and cash equivalents:

Cash and cash equivalents consist of cash on hand, demand deposits, and money market funds. For purposes of the statement of cash flows, the organization considers all unrestricted highly liquid investments with an original maturity of three months or less to be cash equivalents.

Cash is held in banks located in West Virginia and is insured by the Federal Deposit Insurance Commission (FDIC) up to \$250,000 per financial institution.

#### Valuation of receivables:

Receivables are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

#### Inventory:

Inventory is comprised of material supplies for the Weatherization program, stated at cost using a perpetual inventory system, and homes held for sale, built from Community Housing Development Organization (CHDO) funding, stated at their historical cost.

#### Principles of consolidation:

The consolidated financial statements include the accounts of CASE and its subsidiary, Property Management Services, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS August 31, 2012

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### Property, plant, and equipment:

Property, plant, and equipment consist of items with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost. Donated property, plant, and equipment are recorded at fair value at date of donation. The costs of normal maintenance and repairs that do not materially add to the value of an asset or its life are expensed.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

| Buildings and improvements | 10-30 years |
|----------------------------|-------------|
| Furniture and equipment    | 3-10 years  |
| Motor vehicles             | 5 years     |

#### Accrued liabilities:

Accrued liabilities consist of accrued payroll and payroll taxes earned as of August 31.

#### Accrued leave:

Accrued leave consists of accrued vacation and sick leave time earned as of August 31. CASE allows employees to accrue up to a maximum of 480 sick, 240 vacation, and 40 personal hours.

#### <u>Unearned revenue</u>:

Unearned revenue consists of amounts received from the West Virginia Office of Economic Opportunity. The funds were provided as part of an exchange-type transaction and have been shown as unearned until the amounts have been used for their intended purpose.

#### In-kind contributions:

Contributions of services are recognized if the services received create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributed services and promises to give services that do not meet the above criteria are not recognized. Contributed services that are recognized are valued at the estimated cost that would be incurred by CASE to purchase similar services. Donated space is valued at the estimated fair rental value.

#### Supporting services

Supporting service are costs for activities not directly related to the purpose for which the Organization exists. Supporting service expenses are broadly categorized as management and general purpose expenses that have not been identified as, or allocated to, program service expenses.

#### Income taxes:

CASE is a nonprofit corporation classified under Section 501(c)(3) of the Internal Revenue Code and is exempt from income taxes derived from its nonprofit activities. For the year ended August 31, 2012, management believes that CASE has no material uncertain tax positions to be accounted for in the financial statements. As of August 31, 2012, tax years ending on or after August 31, 2009 remain subject to examination.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS August 31, 2012

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### **Reclassifications:**

Certain amounts in the prior year financial statements have been reclassified to conform to the current year's presentation.

#### Subsequent events:

Subsequent events were considered through May 7, 2013, the date the financials were available to be issued.

#### Concentration:

CASE received approximately 54% of its support for the year from the federal government in the form of grants and cost reimbursement programs.

#### Estimates:

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities and assets, and the reported revenues and expenses. Accordingly, actual results could differ from those estimates.

#### Note 2. Accounts Receivable

Accounts receivable, consists of the following:

| Totals      | \$<br>1,044,516   | \$ | 82,084   |  |  |  |  |  |  |  |

#### Note 6. Line of Credit

During a portion of the year, CASE had a \$250,000 operating line of credit arrangement with a financial institution. The credit line was secured by the "Security Agreement" made January 30, 2009 with an interest rate that fluctuated with changes in the prime rate. Prior to August 31, 2012, the line of credit was closed.

#### Note 7. Retirement Plans

CASE has adopted a defined contribution annuity for its employees qualified under Section 403(b) of the *Internal Revenue Code*. The plan covers all full-time employees of the organization who have completed one year of service. The contributions to the plan are discretionary and are determined each year. For the years ended August 31, 2012 and 2011, CASE contributed \$82,301 and \$90,814 to the Section 403(b) plan.

CASE has also adopted a Section 457(b) deferred compensation plan for a select group of management employees. The organization's contributions to the plan are discretionary and determined each year. For the years ended August 31, 2012 and 2011, CASE contributed \$13,036 and \$11,106 to the Section 457(b) plan.

#### Note 8. Other Post-Employment Benefits

CASE participates in the West Virginia Retiree Health Benefits Trust Fund (RHBT), a cost-sharing, multiple-employer defined benefits post-employment healthcare plan administered by the West Virginia Public Employees Insurance Agency (PEIA). RHBT provides medical benefits to eligible retired employees of participating employers. Eligibility is primarily established through participation in certain defined benefit plans.

Annual OPEB Cost. CASE's annual OPEB cost (expense) for the plan is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS August 31, 2012

#### Note 8. Other Post-Employment Benefits (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. However, the preparation of any estimate of future postretirement costs requires consideration of a broad array of complex social and economic events. Future changes in reimbursement methodology, the emergence of new and expensive medical procedures and prescription drugs option, changes in the investment rate of return, and other matters increase the level of uncertainty of such estimates. As such, the estimate of postretirement program costs contains considerable uncertainty and variability and actual experience may vary significantly by the current estimated obligation.

The following table shows the components of CASE's annual OPEB cost for the year, the amount actually contributed to the Plans, and changes in CASE's net OPEB obligations, as well as the assumptions used to calculate the net OPEB obligation.

| Annual required contribution           | \$<br>706,223   |
|--|-----------------|
| Interest on net OPEB obligation        | <br>-           |

An actuarial valuation report for PEIA is prepared annually in accordance with standards set forth by the Governmental Accounting Standards Board (GASB) to determine the unfunded portion of each participant's future liability. CASE's financial statements are prepared in accordance with standards set forth by the Financial Accounting Standards Board (FASB). Information valuing the liability in accordance with FASB standards is not available. Based on the GASB valuation, CASE's unfunded liability at year end was \$2,470,752. Management believes that the differences in the basis are immaterial to the financial statements. In addition to the ARC amount, CASE paid \$218,940 to PEIA during the year which is considered as the pay as you go amount.

RHBT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to: West Virginia Retiree Health Benefits Trust, Building 5, Room 1001, 1900 Kanawha Blvd. East, Charleston, West Virginia, 25305-0710.

The PEIA Finance Board members voted to cap the state subsidy for PEIA retiree coverage for employees hired before 2010 at current levels, with no more than 3% growth a year. By doing this, the Employer is no longer exposed to ever increasing trends in healthcare costs, significantly reducing future retiree premium subsidy costs.

#### Note 9. Commitments and Contingencies

Certain state and federal grants and programs are subject to audit to determine compliance with their requirements. In the opinion of management, any future disallowances of current grant program expenditures, if any, would be immaterial.

#### Note 10. Related Party Transactions and Common Control

CASE is the managing partner and has a 1% interest in the Kennedy Center Limited Partnership with the authority to manage and control the partnership. This partnership was formed for the purpose of acquiring and renovating real estate and personal property to provide multifamily residential housing for low-income tenants.

CASE is the managing partner and has a 1% interest in the Hinton Center Limited Partnership. This partnership was formed for the purpose of acquiring and renovating real estate and personal property to provide multifamily residential housing for low-income tenants.

For the years ended December 31, 2012 and 2011, CASE expensed \$32,080 and \$32,093, respectively, in loan payments as a result of CASE being the guarantor on the loans for the Hinton and Kennedy Centers.

CASE employs the husband of the executive director as the supervisor of Property Management Services, a wholly-owned subsidiary of CASE, formed to perform maintenance operations on various properties belonging to CASE. For the years ended December 31, 2012 and 2011, \$37,470 and \$35,983 were paid for his services.

# **COMPLIANCE SECTION**

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors Community Action of South Eastern West Virginia, Inc. Bluefield, West Virginia

We have audited the consolidated financial statements of the Community Action of South Eastern West Virginia, Inc. (CASE), as of and for the year ended August 31, 2012 and have issued our report thereon dated May 7, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

Management of CASE is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered CASE's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of CASE's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of CASE's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questions costs as Item 12-1, that we consider to be a significant deficiency in internal control over financial reporting. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether CASE's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Management's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit management's response and, accordingly, we express no opinion on it.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Directors Community Action of South Eastern West Virginia, Inc. Bluefield, West Virginia

#### Compliance

We have audited the compliance of the Community Action of South Eastern West Virginia, Inc. (CASE) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of CASE's major federal programs for the year ended August 31, 2012. CASE's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of CASE's management. Our responsibility is to express an opinion on CASE's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB *Circular A-133* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about CASE's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on CASE's compliance with those requirements.

In our opinion, the Community Action of South Eastern West Virginia, Inc. complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2012.

#### Internal Control over Compliance

Management of CASE is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered CASE's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of CASE's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined previously.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

- 8. The threshold for distinguishing Type A and B programs was **\$300,000.**
- 9. CASE was determined to not be a low-risk auditee.

## **B. FINDINGS – FINANCIAL STATEMENT AUDIT**

#### **12-1:** Internal Transactions (Significant Deficiency)

#### Condition:

As a result of audit procedures, it was determined that internal transactions are not easily identifiable through account coding, and as a result, significant misstatement of the financial **could occur**. The absence of complete eliminating entries for internal transactions resulted in the overstatement of payables, receivables, revenues, and expenses in the current year. As a result, adjusting journal entries were required to fairly present the financial statements in accordance with generally accepted accounting principles.

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS AUGUST 31, 2012

## **B.** FINDINGS – FINANCIAL STATEMENT AUDIT (Continued)

#### **12-1:** Internal Transactions (Significant Deficiency) (Continued)

Recommendations:

We recommend that CASE implement procedures to easily identify and eliminate all internal transactions.

Management's Response:

CASE recognizes the necessity to eliminate inter-entity transactions, and we have implemented procedures to identify and highlight these transactions in our accounting records. These transactions will be reviewed by the CFO and eliminated as part of the financial statement preparation process in the future.

## C. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAM AUDIT

None noted.
