

# WORKFORCE DEVELOPMENT SYSTEM REPORT

Report for Fiscal Year 2015 State: July 1, 2014 – June 30, 2015 Federal: October 1, 2014 – September 30, 2015

November 1, 2015

Contact: Russell L. Fry, Acting Executive Director (304) 558-7024

WEST VIRGINIA

Earl Ray Tomblin, Governor Russell L. Fry, Acting Executive Director J. Keith Burdette, Cabinet Secretary

On behalf of WorkForce West Virginia, it is my pleasure to present the Workforce Development Report for 2014-2015. As required by statute, I am also submitting a copy of the 2015-2016 Memorandum of Understanding for the Workforce Interagency Collaborative Team (ICT).

WorkForce West Virginia continues to expand marketing and services on-line. From July 1, 2014 through June 30, 2015, the agency website <u>www.workforcewv.org</u> had over 2.4 million page views, an average 198,104 page views per month. The WorkForce West Virginia site has the highest traffic on West Virginia Commerce's Web Platform. Website visitors spent the most time on the "Find a Job" pages.

To date, West Virginia has issued 57,252 Career Readiness Certificates based on documented real-world skills measured by WorkKeys®. In August 2012, West Virginia began issuing nationally registered certificates endorsed by Governor Tomblin.

The West Virginia Military Connection, <u>www.wvmilitaryconnection.org</u>, continues to provide employment training support for West Virginia military personnel and veterans. The West Virginia Military Connection partners consist of WorkForce West Virginia, United States Department of Labor's Veterans Employment and Training Services, West Virginia Department of Veterans Assistance, Veterans Affairs, West Virginia National Guard Adjutant General's Office, Employer Support of the Guard and Reserve and the West Virginia Community and Technical College System.

WorkForce West Virginia has worked with the Governor's Office, the Department of Military Affairs and Public Safety, and the West Virginia Division of Corrections on employment issues for released inmates. As a result WorkForce West Virginia has developed a process for released inmates to become registered to receive job search assistance. Of the 1,687 parolees that were released from 07/01/2014 to 06/30/2015, there were 794 parolees that enrolled or updated their status with WorkForce West Virginia. 76.4% of those enrolled or updated received a direct service from WorkForce West Virginia.

Our partnerships have allowed West Virginia to take full advantage of Workforce Investment Act funding to build a strong workforce. We look forward to continuing to provide new initiatives in workforce development in West Virginia. We appreciate the assistance provided by the U.S. Department of Labor in implementing these programs.

I look forward to continuing support from the Commission in our efforts to improve our state's workforce development system.

Sincerely

jun

Russell L. Fry Acting Executive Director

112 California Avenue + Charleston, WV 25305

## State of the One-Stop System

# Executive Summary

The State of the One-Stop System report is a summary document that gives a public account of the current operations, structures, activities, finances, and future direction of One-Stop Centers of West Virginia. The report is published annually, as required by the West Virginia Legislature, and reported to the Legislative Oversight Commission on Workforce Investment for Economic Development.

Overall, the progress of West Virginia's One-Stop System during 2014–2015 reflects the continuous evolvement of an *integrated service delivery system* unlike any seen previously in the employment and training arena. The basis of the One-Stop System is the coordination of programs, services and governance structures giving the customer access to a seamless system of workforce investment services that have been integrated and streamlined. WorkForce West Virginia's career centers continue to improve services to more effectively serve employers, employees, and job seekers. The seven regional Workforce Investment Boards (WIBs) show strong commitment to bringing a menu of integrated workforce development programs and services to the local level. The working relationship among state agencies and between state and local WIBs continues to grow.

One issue is the reduction of federal funding generally being experienced in most domestic programs that offer workforce development services. Local WIB strategic planning reflects the thorough and innovative ways the One-Stop System is evolving to provide more opportunities to serve more customers in spite of WIA funding decreases. A description of the WIA requirements for establishing One-Stops is followed by a region-by-region description of how partners are participating in One-Stop operations. *Selected Milestones* give an indication of the efforts to generate positive changes throughout the WorkForce West Virginia family of stakeholders. Continued praise is merited for the hundreds of professional staff who demonstrate why we celebrate success within the WorkForce West Virginia Career Center System.

The FY15 Funding Stream Report created in compliance with House Bill 4083 is designed to describe the sources and uses of funds that either directly or indirectly impact Workforce Development.

Workforce Development is a generic term reflecting the purpose and intent of the Workforce Investment Act of 1998 (WIA). As defined by the act, "The purpose of Title I is to provide workforce investment activities that increase the employment, retention and earnings of participants, and increase occupational skill attainment by participants, which will improve the quality of the work-force, reduce welfare dependency, and enhance the productivity and competitiveness of the nation's economy."

Direct workforce investment activities and services are delivered directly through a One-Stop delivery system "under which [the] entities responsible for administering separate workforce investment, educational, and other human resource programs and funding streams (referred to as One Stop partners) collaborate to create a single, customer friendly, seamless system of service delivery that will enhance access to the unified programs' services and improve long-term employment outcomes for individuals receiving assistance."

The purpose of the Funding Stream Report is to quantify the level of both fiscal and programmatic (service delivery) involvement of all the entities involved either directly or tangentially with workforce development in West Virginia.

Twenty-four (24) programs either directly or indirectly impact workforce development in West Virginia. Thirteen (13) programs are "required" One Stop partners as described by the Workforce Investment Act of 1998 (WIA). Eight (8) of the "required" One Stop partners devote 100% of their resources directly to workforce development.

Twelve (12) out of thirteen (13) programs required to participate in the One Stop system have restrictive funding (Federal) which clearly stipulates whom is to be served through strict eligibility requirements and prescribes specific performance outcomes required.

West Virginia receives \$118,996,033.99 for workforce development. Seventy-nine percent (79%) [\$94,161,574.09] of those funds are Federal and twenty percent (20%) [\$24,356,435.61] are from State funding sources and one percent (1%) [\$478,024.31] are grant dollars.

Continued competitiveness in the struggle to attract and retain businesses in West Virginia depends upon a highly skilled labor force. Reduced funding for workforce development further jeopardizes West Virginia's place in the nation's and world's economy.

## Purpose

With the original passage of House Bill 4083 in 2002, the West Virginia Legislature required an annual report regarding the source, use and outcomes of all funds received for workforce investment activities in the state. Specifically, this requirement included:

- Source and amount of federal, state, and other funds received for workforce investment activities;
- Purpose of each of the above funds;
- Services provided in each of the seven regional workforce investment areas;
- The measure used to evaluate program performance (including current and baseline performance data) and any other information the council requests;

All the publicly funded workforce investment programs operating in the state are to include:

- Amount of federal funds expended by each program,
- Amount of state funds expended by each program,
- How the funds are spent,
- The resulting improvement in the workforce.

This summary report provides the specific funding amounts and highlights of funding use across agencies and programs who reported. Appendix A provides a table showing all data requested from the agencies. This information is available in a database maintained by WorkForce West Virginia. Additional data breakdowns, reports and specific information will be available for use by the West Virginia Workforce Investment Council (WVWIC) and other interested parties.

The purpose, beyond identifying sources and uses of funds is to focus on the outcomes of workforce investment. Holding agencies and programs accountable for results is vitally important. Getting the most value from the dollars invested, be it federal, state or independent grants, is critical to the success of West Virginia's workforce development.

## **Reporting Process**

WorkForce West Virginia has overall responsibility for the process to collect the Funding Stream Report information and provide the WVWIC the information needed to report to the legislature, Governor's Office and others. WorkForce West Virginia works with the Interagency Collaborative Team (ICT) as the central clearinghouse for identifying, collecting and reporting the information.

Each year, WorkForce West Virginia sends out a notice to agencies and programs identified as having a direct or tangential impact on workforce development.

Appendix B lists this year's working table of program contacts for collecting information. All information is provided directly by the agency representatives.

WorkForce West Virginia offers to monitor and provide technical assistance when requested. WorkForce West Virginia has on-going discussions with different agencies to ensure that funds are not counted twice between primary recipients and sub-recipients of funds.

## **Reporting Periods**

The report reflects the most recent complete funding year of the programs. This may be based on the state fiscal year or federal fiscal year, whichever one is the prime driver of the program. In some cases both sources of funding are associated with a program.

For programs that use state funding or are operated solely on a state fiscal year basis, reports are based on funding, programming, outputs, outcomes, etc. on a state fiscal year. For this report the dates were FY15 (July 1, 2014 through June 30, 2015).

For programs that use federal funding or are operated solely on a federal fiscal year basis, reports are based on funding, programming, outputs, outcomes, etc. on a federal

fiscal year. For this report the dates were FY15 (October 1, 2014 through September 30, 2015).

Grants and other sources of funds reported would have been received during one of the two time periods listed above for federal or state fiscal years.

## **Reporting Continuum**

How best to properly define how reported funds are used regarding workforce investment, as required in HB 4083, is a challenge. On the one hand, there is a desire to report only funding that directly supports actual training costs compared to money spent to provide support to individuals in training. On the other hand, programs such as those in tech prep or higher education can be classified as assisting the development of the state's workforce, even though there are many other activities (e.g., research, economic development, athletics and etc...) that are included as uses of some funding. Rather than only collect a portion of the programs, WorkForce West Virginia has attempted, working with the ICT, to construct a continuum framework that helps separate different types of funding. Exhibit 1 shows this continuum using this year's reported programs. Following Exhibit 1 are program descriptions for those programs listed in the continuum.

#### Exhibit 1

Purpose: To classify funding streams that directly or indirectly contribute or support workforce development in some capacity in West Virginia.

A. Required One-Stop Partners	B. Workforce Development Support	C. Workforce Support Entitlement	D1. Post-secondary Education	D2. Financial Support

Perkins Vocational and Applied Technology Education Act (WIA sec. 121(b)(1)(B)(vii)) Activities authorized under Chapter 41 of Title 38, U.S.C. supporting local Veterans employment and Disabled Veteran Outreach programs (WIA sec. 121(b)(1)(ix)) Employment and Training Activities carried out under the Community Services Block Grant (WIA sec. 121 (b)(1)(B)(x)) Employment & Training carried out by the Department of Housing and Urban Development (WIA sec. 121(b)(1)(B)xi) Programs carried out under State Unemployment Compensation laws (WIA sec. 121(b)(1)(B)(xii))				

# West Virginia's Present One-Stop System

Establishment of One-Stop delivery systems of the WIA states the requirements for the local board of a local area, with the agreement of the chief local elected official (LEO) for the local area, to establish and conduct oversight with respect to the One-Stop delivery system.

<u>Comprehensive One-Stop Center</u> – A physical location within each LWIB area that must provide the core services specified in WIA section 134(d)(2), and must provide access to other programs and activities carried out by the One-Stop partners, pursuant to WIA section 121. Public access to services offered must be at least 32 hours per week.

**Satellite One-Stop Site** – A physical location within each LWIB area that consists of at least three WIA mandated partners that are co-located; providing core services specified in WIA section 121(b)(1)(A)(i)(ii); providing a majority of the intensive services specified in WIA section 134(d)(3); may provide training services specified in WIA section 134(d)(4), but at a minimum must provide a documented means for referral to training services; and maintain hours for public access of at least 32 hours per week.

<u>Affiliate One-Stop Site</u> – A physical location where at least one WIA mandated partner provides core services specified in WIA section 121(b)(1)(A)(i)(i); and must provide a documented means for referral to that WIA region's comprehensive One-Stop Center's partner services, including intensive and training services.

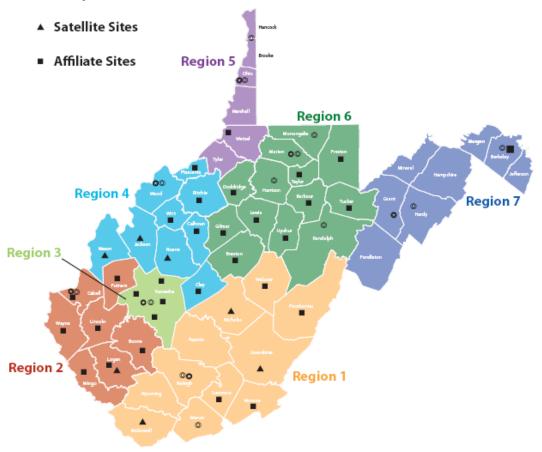

The present locations of comprehensive One-Stop Centers, satellite and affiliate locations are marked on the West Virginia map presented on the next page. Table 1 shows the changes over the past three years.

#### WorkForce West Virginia Map

- WorkForce Investment Boards (WIBs) Administrative Offices
- Comprehensive Career Centers

Note: This map reflects the One-Stop system as of October 1, 2015, to reflect changes made in One-Stop definitions and possible changes made by individual WIBs. Budgets reported in this year's report reflect comprehensive and satellite sites for the program year July 1, 2014 to June 30, 2015.

Diagram 1 provides one way to appreciate the many interfaces a One-Stop center may have. Although not capturing all possible interfaces, the many circles shown reflect the significant potential for One-Stops serving the workforce development system.

# Key Requirements for One-Stops

In general, the One-Stop delivery system is a system under which entities responsible for administering separate workforce investment, educational, and other human resource programs and funding streams (referred to as "One-Stop partners") collaborate to create a seamless system of service delivery that will enhance access to the programs' services and improve long-term employment outcomes for individuals receiving assistance.

- The system must include at least one comprehensive center in each local area that must provide core services, and must provide access to other programs and activities carried out by the One-Stop partners.
- The system may supplement the comprehensive center(s) through arrangements that include: a network of satellite and affiliate sites that provide one or more of the programs, services, and activities of the partners; a network of One-Stop partners through which all individuals are provided information on the availability of core services in the local area; and specialized centers that address specific needs, such as those of dislocated workers, other special populations, and a wide variety of job seekers.
- The design of the local area's One-Stop delivery system must be described in the local plan and is required to be consistent with each Memorandum of Understanding (MOU) executed with the One-Stop partners and LWIBs.
- The required partners in the local One-Stop System are the entities responsible for administering the following programs and activities in the local area:
  - Programs authorized under Title I of WIA, serving adults, dislocated workers, youth, Job Corps, Native American programs, migrant and seasonal farm workers, and veterans' workforce programs;
  - Programs authorized under the Wagner-Peyser Act;
  - Adult education and literacy activities;
  - Programs authorized under parts A and B of Title I of the Rehabilitation Act;
  - Senior community service employment activities authorized under Title V of the Older Americans Act of 1965;
  - Postsecondary vocational education activities under the Carl D. Perkins Vocational and Applied Technology Education Act;
  - Trade Adjustment Assistance (TAA);
  - Community Services Block Grant employment and training activities;
  - Department of Housing and Urban Development (HUD) employment and training activities;
  - Programs authorized under state unemployment compensation laws; and
  - Chapter 41 of Title 38 activities related to job counseling, training, and placement of veterans.

WIA provides that other entities that carry out a human resource program, including federal, state, or local programs and programs in the private sector, may serve as additional partners in the One-Stop System if the local board and chief elected officials(s) approve the entity's participation. Additional partners may include:

- Temporary Assistance to Needy Families (TANF) programs authorized under part A of Title IV of the Social Security Act;
- Employment and training programs authorized under section 6(d)(4) of the Food Stamp Act of 1977;
- Work programs authorized under section 6(o) of the Food Stamp Act of 1977;
- Programs authorized under the National and Community Service Act of 1990; and
- Other appropriate federal, state or local programs, including programs related to transportation and housing and programs in the private sector.

The State may require that one or more of the programs identified above be included as a partner in all of the local One-Stop delivery systems in the state.

## Responsibilities of the Required One-Stop Partners

All required partners must:

- 1. Make core services available to participants through the One-Stop delivery system that are applicable to the partner's program;
- 2. Use a portion of funds made available to the partner's program, to the extent not inconsistent with the federal law authorizing the partner's program, to
  - a. Create and maintain the One-Stop delivery system; and
  - b. Provide core services;
- 3. Enter into an MOU with the LWIB relating to the operation of the One-Stop System that meets WIA requirements, including a description of services, how the cost of the identified services and operating costs of the system will be funded, and methods for referrals;
- 4. Participate in the operation of the One-Stop System consistent with the terms of the MOU and requirements of authorizing laws; and
- 5. Provide representation on the LWIB.

## **Required One Stop Partners**

WIA section 121(b)(1) identifies entities that are required partners in the local One-Stop system. Required partners are entities responsible for administering the following programs and activities in the local area:

- **Programs authorized under Title I of WIA** serving adults, dislocated workers, youth, Job Corps, Native American programs, migrant and seasonal farm-worker programs and Veterans' workforce programs WIA Section 121(b)(1)(B)(i))
- **Programs authorized under the Wagner-Peyser Act** (29 U.S.C. 49 et seq); (WIA sec. 121(b)(1)(B)(iii)
- Adult education and literacy activities authorized under Title II of WIA; (WIA sec. 121(b)(1)(B)(iii)
- **Programs authorized under parts A and B of Title I of the Rehabilitation Act** (29 U.S.C. 720 et seq); (WIA sec. 121(b)(1)(B)(iv))
- Senior community service employment activities authorized under Title V of the Older Americans Act of 1965 (42 U.S.C. 3056 et seq); (WIA sec. 121(b)(1)(B)(vi))
- Postsecondary vocational education activities under the Carl D. Perkins Vocational and Applied Technology Education Act (20 U.S.C. 2301 et seq); (WIA sec. 121(b)(1)(B)(vii))
- **Trade Adjustment Assistance** activities authorized under chapter 2 of Title II of the Trade Act of 1974 (19 U.S.C. 2271 et seq); (WIA sec. 121 (b)(1)(B)(viii))
- Activities authorized under Chapter 41 of Title 38, U.S.C. (local veterans' employment representatives and disabled veterans outreach programs); (WIA sec. 121(b)(1)(B)(ix))
- Employment and training activities carried out under the Community Services Block Grant (42 U.S.C. 9901 et seq.); (WIA sec. 121(b)(1)(B)(x))
- Employment and training activities carried out by the Department of Housing and Urban Development; (WIA sec. 121(b)(1)(B)(xi)
- Programs authorized under state unemployment compensation laws (in accordance with applicable federal law): (WIA sec. 121(b)(1)(B)(xii))

## Required One Stop Partners are obligated to:

- Make available to participants through the One-Stop delivery system the core services that are applicable to the partner's programs; (WIA sec. 121(b)(1)(A))
- Use a portion of funds made available to the partner's program, to the extent not inconsistent with the federal law authorizing the partner's program to 1). Create and maintain the One-Stop delivery system and 2). Provide core services (WIA sec. 134(d)(1)(B)
- Enter into a MOU with the Local Board relating to the operation of the One-Stop system that meets the requirements of Sec. 662.300, including a description of services, how the costs of the identified services and operating costs of the system will be funded, and methods for referrals (WIA sec. 121 (c))
- Participate in the operation of the One-Stop system consistent with the terms of the MOU and requirements of authorizing laws;(WIA sec. 121(b)(1)(B)
- Provide representation on the Local Workforce Investment Board (WIA sec. 117(b)(2)(A)(vi)

#### Other partners in the Workforce Delivery System:

#### **Supportive Partner Programs**

Other entities that carry out a human resource development activity that is tangentially related to Workforce Development may not be directly incorporated into the One-Stop facility. These programs may include federal, state or local programs.

For purposes of this report those entities are:

- Work programs authorized under section 6(o) of the Food Stamp Act of 1977 (7 U.S.C. 2015(o))
- Programs authorized under the National and Community Service Act of 1990 (42 U.S.C. 12501 et seq.)
- Other appropriate Federal, State and local programs as listed below:

The State may require that one or more of the following programs be included as a partner in the local One-Stop delivery system.

- Governor's Guaranteed Workforce
- Governor's Guaranteed Workforce Small Business Workforce
- NEG 2013 Severe Storm/Flood Disaster
- NEG 2015 Severe Storm/Flood Disaster
- NEG Statewide Coal Mining Regular
- NEG Job Driven Regular

#### **Entitlement Programs**

Numerous programs are available to provide support monies or services directly to job seekers and businesses enabling training. However, some of these entities do not directly fund training or other core or intensive services as do required partners.

For purposes of this report those partners are:

- WOTC Work Opportunity Tax Credit
- ALC Alien Labor Certification

#### **Post-Secondary Education**

Post-secondary educational programs are involved in workforce development in two ways. 1) Through direct receipt of federal funds to administer post-secondary vocational education activities under the Carl D. Perkins Vocational and Applied Technology Education Act. These funds and activities are reflected above under the Required Partner section. 2) Through direct receipt of state and federal funds to carry out the mission of education, research and service to the statewide community. While these programs impact the workforce of West Virginia they are not included in the Required Partners section since the primary services are delivered outside the scope of the One-Stop. Post-secondary education may receive WIA funds for tuition or other contracted services. However, those funds are reflected under WIA as a required One-Stop partner.

For purposes of this report the following entities are included under this heading:

- WV Advance Grant and Technical Development
- Workforce Development Initiative HB 3009

#### **Financial Support**

Other entities make education and training possible through provision of financial aid or scholarship monies. These entities are not located in the One-Stop and are not Required Partners. However, they are leveraged by the One-Stop delivery system where appropriate to enable workforce education and training.

For purposes of this report those entities are:

• HEAPS - Higher Education Adult Part-Time Student

#### Services

In general, workforce development services are split into three broad categories 1) core 2) intensive and 3) training. Recipients of workforce development services, as a rule, will receive core and intensive services in the One-Stop while training services are generally delivered outside the One-Stop setting.

Generic descriptions of each service category follow along with examples of each. For purposes of this report, services will be classified using these categories of service.

WIA sec. 134(d)(2)

- Determinations of whether the individuals are eligible to receive assistance under Subtitle B of Title I of WIA;
- Outreach, intake (which may include worker profiling), and orientation to the information and other services available through the One-Stop delivery system;
- Initial assessment of skill levels, aptitudes, abilities, and supportive service needs;
- Job search and placement assistance, and where appropriate career counseling;
- Provide employment statistics information, including the provision of accurate information relating to local, regional and national labor market areas, including:
   1) Job vacancy listings in such labor market areas 2) Information on job skills necessary to obtain the listed jobs and 3) Information relating to local occupations in demand and the earnings and skill requirements of such occupations;
- Provision of accurate information relating to the availability of supportive services, including, at a minimum, child care and transportation available in the local area and referral to such services as appropriate;
- Provision of information regarding filing claims for unemployment compensation;
- Assistance in establishing eligibility for 1) Welfare to Work activities authorized under section 403(a)(5) of the Social Security Act (42 U.S.C. 603(a) (5)) and 2) Programs of financial aid assistance for training and education programs that are not funded under WIA and are available in the local area;
- Follow-up services, including counseling regarding the workplace for participants authorized under Subtitle (B) of Title I WIA who are placed in unsubsidized employment, for not less than 12 months after the first day of employment.

In addition to the core services described above, required One-Stop partners must provide access to the other activities and services carried out under the partner's authorizing laws.

Partners may also be contracted by the One-Stop operator to offer intensive and training services.

#### Intensive services include:

WIA sec. 134(d)(3)

- Comprehensive and specialized assessments of skill levels & service needs of adults and dislocated workers;
- Development of an individual employment plan identifying the employment goals, achievement objectives and appropriate combination of services for the participant to achieve employment;
- Group counseling;
- Individual counseling and career planning;
- Case management for participants seeking training services; short-term prevocational services such as development of learning skills, communication skills, professional conduct and workplace etiquette.

## Training services include:

WIA sec. 134(d)(4)

- Occupational Skills training;
- On the job training;
- Cooperative education;
- Skill upgrading & retraining;
- Entrepreneurial training;
- Job readiness training;
- Adult education & literacy;
- Customized training.

## Program Definitions/Summaries

This section provides brief summary definitions and background on each of the programs listed on the funding stream continuum table (see Exhibit 1). These are meant to capture the essence of this agency or program. More detail is available on any one of these under separate cover or by contacting the specific agency or program. The summaries are ordered based on the Exhibit 1 categories.

## **Required Workforce Development Programs**

#### State Organization: Department of Education

Funding Unit: Department of Education

**Operations Unit: Division of Technical and Adult Education Services** 

<u>**Program: Adult Basic Education (ABE)</u>** – Operated by the Office of Adult Education and Workforce Development in the West Virginia Department of Education, ABE provides funding to local programs for adult education and literacy services, including GED instruction, to improve the education and basic skill level of adults to prepare them for employment self-sufficiency.</u>

## State Organization: Department of Commerce Funding Unit: WorkForce West Virginia

**Operations Unit: Dislocated Worker Services Unit** 

**Program: Trade Adjustment Assistance (TAA)** - The TAA program assists individuals who have become unemployed as a result of increased imports from, or shifts in production to, foreign countries. A goal of the program is to help trade-affected workers return to suitable employment. TAA provides job training, out-of-state job search assistance, relocation assistance and travel allowance for training to displaced manufacturing workers where the layoff or plant closure is caused by foreign competition.

#### State Organization: Department of Education

Funding Unit: Department of Education

**Operations Unit: Division of Technical and Adult Education Service** 

**Program: Career Technical and Adult Education Programs** – Operated by the West Virginia Department of Education, Technical Education Programs provide students with the technical and related academic skills required for successful entry into employment or further education and training.

#### State Organization: Department of Commerce

Funding Unit: WorkForce West Virginia

**Operations Unit: WorkForce West Virginia** 

**Program: Workforce Investment Act (WIA Adult)** – Administered by WorkForce West Virginia, the adult program, under Title I of the Workforce Investment Act (WIA), provides workforce investment activities that increase the employment, retention, earnings, and occupational skill attainment of the participants. The program aims to improve the quality of the workforce, reduce welfare dependency, and enhance the productivity and competitiveness of the nation's economy.

## State Organization: Department of Commerce Funding Unit: WorkForce West Virginia Operations Unit: WorkForce West Virginia

**Program: Workforce Investment Act (WIA Youth)** – Operated by WorkForce West Virginia, the youth programs, under Title I of the Workforce Investment Act (WIA), serve eligible low-income youth between the ages of 14-21 who face barriers to employment, including those who have deficiencies in basic skills or meet one or more of these criteria; homeless, a runaway, pregnant, parenting, an offender, school dropout or a foster child. The programs also serve youth with disabilities and others who may require additional assistance to complete an educational program or to secure and hold employment.

#### **State Organization: Department of Commerce Funding Unit: WorkForce West Virginia**

Operations Unit: WorkForce West Virginia

**Program: Workforce Investment Act (WIA Dislocated Worker)** – Operated by

WorkForce West Virginia, the Dislocated Worker Program, under Title I of WIA, is tailored to assist experienced workers who have been laid off. The program offers employment and training assistance for workers affected by shutdowns or downsizing.

#### State Organization: Deprtment of Commerce

#### Funding Unit: WorkForce West Virginia

**Operations Unit: WorkForce West Virginia** 

**Program: Workforce Investment Act (Governor's Discretionary Grants)** – Operated by WorkForce West Virginia, the Governor's Discretionary Grants are used to carry out statewide employment and training activities including operating a fiscal and management accountability system, capacity building and technical assistance to local workforce areas, One-Stop partners and eligible providers including the development and training of staff and the development of exemplary program activities, conducting research and demonstration projects, implementation of incumbent worker training programs, implementation of programs for displaced homemakers, providing incentive grants for regional cooperation among local workforce areas and for exemplary performance, and assisting in the establishment and operation of One-Stop Career Centers.

#### **State Organization: Department of Education & the Arts Funding Unit: Division of Rehabilitation Services Operations Unit: Division of Rehabilitation Services**

**Program: Vocational Rehabilitation** – Provides an array of services such as training, employment assistance and assistive technologies to individuals with a physical or mental impairment that presents a substantial impediment to employment.

#### State Organization: Governor's Office

Funding Unit: Governor's Office

**Operations Unit: Bureau of Senior Services** 

**Program: Senior Community Service Employment Program (SCEP)** – Operated by the Bureau of Senior Services, SCEP is authorized by Title V of the Older Americans Act, and is the only grant program designed specifically to serve low-income older workers, age 55 and older, by providing job training through community-based organizations and government agencies. The goals of the program are to provide community service and to promote self-sufficiency by placing individuals in unsubsidized employment.

#### **State Organization: Department of Commerce Funding Unit: WorkForce West Virginia**

#### **Operations Unit:** Field Operations Division

**Program: Veterans Programs** – Operated by WorkForce West Virginia, One-Stop Field Operations Division, this program provides employment services to all veterans, including veterans with service-connected disabilities. Such services include assistance with employment, job development, job placement assistance, vocational guidance, training services, and referral to supportive services and case management.

#### **State Organization: Department of Commerce Funding Unit: WorkForce West Virginia Operations Unit: Field Operations Division**

**Program: Labor Exchange (Wagner-Peyser)** – Within the One-Stop delivery system, Wagner-Peyser Act programs, also called Employment Service, serve as the portal through which many job seekers and businesses access, non-fee based labor exchange services, such as labor market and workforce information, and work opportunity tax credit programs. All job seekers and businesses, including migrant and seasonal farm workers, Unemployment Insurance (UI) claimants, veterans, persons with disabilities, and dislocated workers, have universal access to labor exchange services. In West Virginia, labor exchange services are delivered through the WorkForce West Virginia.

#### State Organization: Governor's Office

Funding Unit: Governor's Office

**Operations Unit: Office of Economic Opportunity** 

**Program: Community Services Block Grant Program (CSBG)** – Provides general operating support to Community Action Agencies across the state that serves people at or below 125% of federal poverty guidelines. Agencies provide a variety of services, including employment services, all designed to assist the customer in becoming self-sufficient.

#### **State Organization: Department of Commerce Funding Unit: WorkForce West Virginia**

**Operations Unit: Unemployment Compensation** 

**<u>Program: Unemployment Insurance (UI)</u>** – Operated by WorkForce West Virginia, Unemployment Compensation Division, the program, a federal-state partnership, helps laid-off workers through the transitional period between jobs by providing temporary income support.

## Workforce Development Support Programs

**State Organization: Department of Commerce** 

Funding Unit: West Virginia Development Office

**Operations Unit: Business & Industrial Division, Business & Industry Training Program: Governor's Guaranteed Workforce Program (GGWFP) (State Funded)** – Operated by WorkForce West Virginia, Training Grants Unit, the GGWFP provides incentive grants for the development, retention and training of employees in firms locating or expanding their workforces in West Virginia.

#### State Organization: Department of Commerce

Funding Unit: West Virginia Development Office

**Operations Unit: Business & Industrial Division, Business & Industry Training Program: Governor's Guaranteed Workforce Program - Small Business Work Force (SBWF)** – Administered by the West Virginia Development Office, Small Business Development Unit, SBWF is an incumbent worker program that reimburses preapproved technology, technical, and regulatory compliance training for small businesses. Most small businesses are eligible for up to \$5,000. SBWF also works with local business organizations to underwrite low-cost group training.

#### State Organization: Department of Commerce

Funding Unit: WorkForce West Virginia

**Operation Unit: TAA/NEG Unit** 

#### Program: National Emergency Grants - Statewide Coal Mining Regular

Serve dislocated coal miners and displace homemakers from dislocations in Workforce Investment Board (WIB) Regions 1, 2, 3, 4, 5, and 6 as initial areas most recently affected by mine closures and layoffs.

#### State Organization: Department of Commerce

Funding Unit: WorkForce West Virginia

**Operation Unit: TAA/NEG Unit** 

#### Program: National Emergency Grants - 2015 Severe Storm/Flood Disaster

To employ eligible dislocated workers and long-term unemployed individuals to assist in flood clean-up activities in areas defined by FEMA Declaration 4210-DR, FEMA Declaration 4219-DR, and FEMA Declaration 4220-DR, WV counties affected are as follows: Barbour, Braxton, Cabell, Doddridge, Gilmer, Harrison, Jackson, Kanawha, Lewis, Lincoln, Logan, Marshall, McDowell, Mingo, Monongalia, Putnam, Raleigh, Ritchie, Roane, Summers, Tyler, Upshur Wayne Webster, Wetzel, Wirt, Wood, and Wyoming counties. (Grant Period: July 1, 2015 – September 30, 2016

#### State Organization: Department of Commerce

## Funding Unit: WorkForce West Virginia

**Operation Unit: TAA/NEG Unit** 

#### Program: National Emergency Grants - 2013 Severe Storm/Flood Disaster

To employ eligible dislocated workers and long-term unemployed individuals to assist in flood clean-up activities in areas defined by FEMA disaster declaration 4132. Approximately twelve (12) workers will be employed as temporary workers for a year in Roane County, WV. The grant ended, March 31, 2015.

#### **State Organization: Department of Commerce Funding Unit: WorkForce West Virginia**

**Operation Unit: TAA/NEG Unit** 

#### Program: National Emergency Grants - Job Driven (JD) Regular

To provide occupational skills training in demand occupations and On-the-Job-Training (OJT's) in the Oil and Gas Construction Industries to long-term unemployed and dislocated workers who meet the eligibility criteria of the JD NEG program.

## **Workforce Development Support Entitlement Programs**

#### **State Organization: Department of Commerce**

Funding Unit: WorkForce West Virginia

**Operations Unit: Field Operations/Employment Programs** 

**Program:** Alien Labor Certification – WorkForce West Virginia operates a Foreign Labor Certification Program that allows employers to hire foreign workers permanently when there are not sufficient numbers of U. S. workers who are able, willing, qualified and available to perform the job. In addition, the program ensures that the employment of the foreign worker does not adversely affect the wages and working conditions of American workers who are similarly employed.

#### .State Organization: Department of Commerce

Funding Unit: WorkForce West Virginia

**Operations Unit: Work Opportunity Tax Credit Unit** 

**Program: Work Opportunity Tax Credit** – This program is administered by WorkForce West Virginia, Employment Services. The Work Opportunity Tax Credit (WOTC) Program was designed to be a significant part of the welfare reform by assisting disadvantaged individuals from nine targeted groups who consistently have had difficulty securing employment.

## Workforce Education Programs (Post-Secondary Education)

State Organization: WV Council for Community & Technical College Education Funding Unit: WV Community & Technical College System Operations Unit: WV Community & Technical College System

**Program: WV Advance Grant and Technical Program Development Initiative** – WV Advance is a rapid-response grant program that assists community colleges in meeting an immediate workforce need in the State. Training typically includes skill upgrades, customized training and pre-employment training. Technical Program Development assists community colleges in developing new technical programs in high-wage, high-demand fields.

#### State Organization: WV Council for Community and Technical College Education Funding Unit: WV Community and Technical College System Operations Unit: WV Community and Technical College System

**Program: Workforce Development Initiative (HB3009)** – Operated by WV Community and Technical College System, the WDI is a partnership with local community and technical colleges designed to strengthen the quality of the state's workforce by linking the existing needs of business and industry with postsecondary education capacity. The program requires a match from private employers and is mainly used to start-up new programs to meet the unique workforce development needs of employers.

## Workforce Education Programs (Financial Support)

<u>State Organization: WV Community and Technical College System</u> <u>Funding Unit: WV Community and Technical College System</u> <u>Operations Unit: WV Community and Technical College System</u> <u>Program: Higher Education Adult Part-Time Student (HEAPS)</u> – Provides financial assistance to needy part-time students which will have a positive impact on West Virginia's workforce and the overall economic development of the state.

# **Funding Stream Reports**

The following section provides detail information regarding the funding streams for the reported budget years. Exhibit 2 has a summary of the reported funding streams listed within the Exhibit 1 continuum categories. Exhibit 3 shows the funding received and spent, again within the continuum categories, however, the programs are listed below from Exhibit 1 found earlier in this report. Following the summary charts, individual pages are provided, by programs, that report funding information and selected data elements regarding the funding reported.

State Organization:	Department of Commerce
Funding Unit:	WorkForce West Virginia
<b>Operations Unit:</b>	Employment Programs
Program:	Workforce Investment Act (Fed) Alien Labor Certification (ALC)
Program Type:	Entitlement
Program Purpose:	The Alien Labor Certification Program (ALC) staff assists employers with hiring temporary or permanent foreign workers to fill jobs essential to the U.S. economy when there is an insufficient pool of qualified U.S. workers, willing to perform the work. Under this federal grant, the state workforce agency performs all of the DOL funded services. The ALC staff complete prevailing wage determinations for Permanent, H-1B, H-2B, H-1B1 and E-3 labor certification programs. Services provided for the H-2A program include conducting housing inspections, placing job orders and completing prevailing wage practice surveys. All H-2A and H-2B applications are processed per regulations.
Target Population:	Employers and Migrant Seasonal Farm workers
Service Level:	Approximately 558 Migrant Seasonal Farm Workers
Evaluation Measurement:	No federal mandated performance objectives
Outcome:	N/A
Core Services Location:	American Job Centers (One –Stop Career Centers)
Intensive Svc. Location:	American Job Centers (One-Stop Career Centers)

State Organization:	Department of Commerce
Funding Unit:	WorkForce West Virginia
<b>Operations Unit:</b>	Employment Service Division (TAA/NEG Unit)
Program:	National Emergency Grant (NEG) (2013 Severe Storm/Flood Disaster)
Program Type:	Supportive
Program Purpose:	To employ eligible dislocated workers and long-term unemployed individuals to assist in flood clean-up activities in an area defined by FEMA disaster declaration 4132. Approximately twelve (12) workers will be employed as temporary workers for a year in Roane County, WV.
<b>Target Population:</b>	1) Individuals facing a job loss directly due to the flooding
	2) Other dislocated workers
	3) Long-term unemployed individuals
Service Level:	42 participants received services through the 2013 Severe Storm/Flooding NDWG.
Evaluation Measurement:	Number employed at exit
Outcome:	A USDOL NDWG Grant was awarded totaling \$250,000.00 to the State for flood clean- up activities for the grant period of August 1, 2013 through September 30, 2014. However, before grant awards could be awarded to local community agencies, procurement/award grant procedures had to be followed to solicit for Requests for Proposals (RFPs), negotiate contract agreements, and process grant awards. Therefore, the grant project awarded did not start until February 2014 with a period of performance end date of September 30, 2014. No participants were employed prior to March 2014. On September 26, 2014 a modification request was submitted to USDOL requesting supplemental funding in the amount of \$203,940.00 along with a period of performance extension to March 31, 2015. The modification included additional clean-up activities at ten (10) worksites in Roane County serving an additional twelve (12) participants.

•	•
State Organization:	Department of Commerce
Funding Unit:	WorkForce West Virginia
<b>Operations Unit:</b>	Employment Service Division (TAA/NEG Unit)
Program:	National Emergency Grant (NEG) (2015 Severe Storm/Flood Disaster)
Program Type:	Supportive
Program Purpose:	WorkForce West Virginia received \$2 million in U.S. Department of Labor National Dislocated Worker Grant Funds for 2015 Severe Storm/Flooding clean-up that occurred in March - April 2015, affecting (29) counties, as indicated in FEMA Declaration 4210- DR, FEMA Declaration 4219-DR, and FEMA Declaration 4220-DR, WV counties affected are as follows: Barbour, Boone, Braxton, Cabell, Doddridge, Gilmer, Harrison, Jackson, Kanawha, Lewis, Lincoln, Logan, Marshall, McDowell, Mingo, Monongalia, Putnam, Raleigh, Ritchie, Roane, Summers, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood, and Wyoming counties. (Grant Period: July 1, 2015 – September 30, 2016.)
Target Population:	Individuals who are temporarily or permanently laid off as a consequence of the disaster; Other eligible dislocated workers as defined in WIOA Section 3(15); Long-term unemployed individuals defined by the State of West Virginia are individuals who have been unemployed beyond the state's average Unemployment Insurance (UI) duration of 13 weeks; and Self-employed individuals who become unemployed or significantly underemployed as a result of the emergency or disaster.
Service Level:	150 participants will receive temporary employment services through the 2015 Severe Storm/Flooding NDWG.
Evaluation Measurement:	Number employed at exit
Outcome:	WorkForce West Virginia has contracted with Human Resource Development Foundation, Inc. through the state's competitive Request for Proposal (RFP) process to provide temporary employment to one-hundred fifty (150) eligible individuals to assist with clean-up activities in the sixteen (16) of the declared counties as follows: Boone, Braxton, Cabell, Gilmer, Kanawha, Lewis, Lincoln, Logan, McDowell, Mingo, Putnam, Raleigh, Upshur, Wayne, Webster, and Wyoming Counties.

State Organization:	Department of Commerce
Funding Unit:	WorkForce West Virginia
<b>Operations Unit:</b>	TAA/NEG Unit
Program:	National Emergency Grants (Statewide Coal Mining Regular)
Program Type:	Supportive
Program Purpose:	To provide occupational training and supportive services to dislocated workers from specifically identified mass layoff events; may also provide temporary employment for disaster clean-up activities as well as training and supportive services to transition individuals back into the workforce.
Target Population:	The State of West Virginia, as represented by WorkForce West Virginia, requested a two-year industry-wide NEG for serving dislocated coal miners and displaced homemakers from dislocations statewide as the initial areas most recently affected by mine closures and layoffs. The projected number of workers impacted and planned to be served through this grant is based upon Rapid Response Activities and WARN Notices filed. This grant is also projected to serve dislocated coal miners through dislocations statewide.
Service Level:	1,114 participants have received services through the West Virginia Statewide Coal Mining NEG
Evaluation Measurement:	Number employed at time of exit; August 31, 20145 – 455 West Virginia Statewide Coal Mining NEG participants have entered employment.
Outcome:	The USDOL Statewide Coal Mining Grant was awarded on June 30, 2012. United Mine Workers of America Career Center (UMWACC), located in Beckley West Virginia, is the Sole Source Project Operator approved through West Virginia's Sole Source Procurement Policy by providing services to coal miners through the Coal Mining NEG Grant to serve union and non-union dislocated coal miners statewide with reemployment services. The major goal would be focused on participant recruitment efforts to meet the targeted participant service number in providing comprehensive training services leading to outcomes and credentials. This goal will also link to collaboratively working with reemployment services including OJT (On-Job-Training) that will lead to employment opportunities that are positive for employers and participants. *This grant was effective June 30, 2012 and through a recent modification has been extended to June 30, 2018
Core Services Location:	American Job Centers (One-Stop Career Centers)

State Organization:	Department of Commerce
Funding Unit:	WorkForce West Virginia
<b>Operations Unit:</b>	Employment Services Division (TAA/NEG Unit)
Program:	National Emergency Grants (Job Driven (JD) Regular)
Program Type:	Supportive
Program Purpose:	To provide occupational classroom/on-line in demand occupations and on the job training (OJT) in Oil and Gas, Construction, Ambulatory Health Care, Administrative and Support Services, and Wood Product Manufacturing. The JD NEG will provide services to a total of four-hundred (400) dislocated workers statewide.
Target Population:	The State of West Virginia, as represented by WorkForce West Virginia, requested a two- year NEG grant to provide training services to individuals identified as likely to exhaust Unemployment Insurance (UI) benefit and individuals who are Long-term unemployed (unemployed for at least 27 weeks in aggregate since the recession of December 2007 through June 2009.
Service Level:	400 participants have been served
Evaluation Measurement:	Number employed at time of exit; August 31, 20145 – 49 West Virginia Statewide Coal Mining NEG participants have entered employment.
Outcome:	On June 26, 2014, USDOL announced the State of West Virginia will receive funding in the amount of \$6.175, 000.00 million for the Job Driven National Emergency Grant. The period of performance for West Virginia's JD NEG is July 1, 2014 through September 30, 2016. WorkForce West Virginia will collaborate with several agencies statewide to offer training and On-the-Job-Training (OJT) services to JD NEG participants. As of 9/30/2014, this project is the preliminary stages of implementation with no funding awards to any state agency. Therefore, no expenditures have been reported.

State Organization:	Department of Commerce
Funding Unit:	WorkForce West Virginia
<b>Operations Unit:</b>	Dislocated Worker Services Unit
Program:	TAA – Trade Adjustment Act
Program Type:	Required
Program Purpose:	The TAA Program provides aid to workers who have become unemployed or whose hours of work and wages are reduced as a result of increased imports from, or a shift in production to, foreign countries. The goal of the TAA Program is to help trade-affected workers return to suitable employment as quickly as possible.
Target Population:	Workers dislocated or who have experienced a significant reduction in work due to the negative impact of foreign trade.
Service Level:	Number of participants to be served cannot be projected as target population is based upon number of TAA petitions approved by the U.S. Department of Labor.
Evaluation Measurement:	Entered employment rate (percentage employed $1^{st}$ quarter after exit); employment retention rate (percentage employed in both $2^{nd}$ and $3^{rd}$ quarter after exit); average earnings (average earnings in both $2^{nd}$ and $3^{rd}$ quarter after exit).
Outcome:	Entered Employment Rate – 79%; Employment Retention Rate – 89% Average Earnings - \$18,344.21
Core Services Location:	American Job Centers (One-Stop Career Centers)
Intensive Svc. Location:	American Job Centers (One-Stop Career Centers)

State Organization:	Department of Commerce
Funding Unit:	WorkForce West Virginia
<b>Operations Unit:</b>	Work Opportunity Tax Credit Unit
Program:	WOTC – Work Opportunity Tax Credit
Program Type:	Entitlement
Program Purpose:	This program is intended to encourage employers to hire eleven (11) targeted groups of job seekers by reducing the employer's federal income tax liability by as much as \$1,200 per qualified new worker.
Target Population:	1. A member of a family who is receiving or recently received Aid to Families with Dependent Children or Temporary Aid to Needy Families (AFDC/TANF) 2. An 18-24 year old member of a family who is receiving or recently received Food Stamps 3. An 18-24 year old resident of one of the Federally designated Empowerment Zones, Enterprise Communities or Renewal Communities 4. A 16-17 year old EZ or RC resident hired between May 1 and September15 as a Summer Youth Employee 5. A Veteran who is a member of a family who is receiving or recently received Food Stamps 6. A disabled person who completed or is completing rehabilitative services from a State or the U.S. Dept. of Veterans Affairs 7. An ex-felon who is a member of a low-income family 8. A recipient of Social Security Income (SSI) 9. A Long-term TANF recipient who has received Temporary Assistance for Needy Families for at least 18 consecutive months ending on the hiring date.
Service Level:	N/A
Evaluation Measurement:	No federally mandated performance objectives
Outcome:	As there are a large volume of tax credit applications submitted on an on-going basis, applications are carefully screened for eligibility determinations in order to efficiently process denials leading to certifying as many employers as possible for potential tax benefits
Core Services Location:	American Job Centers (One-Stop Career Centers) and Employer locations (statewide)

NOTE: A specific amount or percentage of CSBG Funds is not mandated to be spent on workforce development. The subrecipients of these funds choose from a variety of eligible activities and choose which percentage of their award to spend on workforce development activities.

# Financial Summary Profiles & LWIB One-Stop Operational Expenditures

This appendix contains the financial summary and operational expenditures for the Regional Workforce Investment Boards WorkForce West Virginia Career Center System, as submitted by the LWIBs. The data is for the program year that started July 1, 2014 and ended June 30, 2015.

The financial data provided in the regional budget summaries is an attempt to capture all the contributions of partners in each WorkForce West Virginia Career Center and satellite center. The process to obtain this information included agreeing on definitions for reporting contributions (e.g., cash, in-kind). The definitions used are found at the back of Appendix G.

As to the process, each WIB after working in conjunction with the various partner programs, prepared and submitted financial spreadsheets. Operational expenditures are subject to modification as negotiated between the LWIB and the partner program. As the integrated service delivery system evolves, many lessons continue to be learned that will help all partners involved fine tune and improve strategies and cost effective ways to deliver services to assist customers.

Table 1 provides summaries of the financial totals of the comprehensive and satellite centers reported this year. The table reflects a summary of data reported and found in the operating expenditures detailed in Appendix G.

Summary Table – Region Comprehensive/ Satellite Career Centers	TOTAL includes Cash/ Non-Cash – Mandated/ Non-mandated Partners
Region 1	\$ 2,538,160.62
Region 2	\$ 3,657,787.75
Region 3	\$ 1,526,549.53
Region 4	\$ 2,573,452.99
Region 5	\$ 1,198,805.74
Region 6	\$ 1,633,030.96
Region 7	\$ 1,265,266.83
GRAND TOTAL	\$ 14,393,054.42

# **Table 1 Financial Summary Profile**

# **One-Stop Career Center** *Resource Sharing Methodologies*

In 2003, the ICT identified a need to articulate common definitions for categorizing contributions by partners within One-Stop Career Centers in West Virginia. This was in response to the first draft of the "State of the One-Stop Report" released by the Governor's Workforce Investment Division. This helps guide the development of the operating budgets provided by the WIBs.

There are a number of methods that may be used to fund the shared costs of the One-Stop Center or system. These include:

- cash payments,
- in-kind goods and services,
- full-time equivalent staff positions, and
- third party in-kind contributions.

Each of these methods is outlined below. The final payment or resource sharing methodologies agreed to by the partners in the One-Stop may include any, all or any combination of methodologies. The availability of resources and their use in funding One-Stop operations is a local decision that must be made by the partners and based on local program needs.

#### **Cash Payments**

With cash payments, one entity is responsible for incurring and paying for all the shared costs. This same entity is also responsible for maintaining the documentation for the shared costs and notifying partners of their share of the costs as they are incurred. This may be done on a monthly or quarterly basis as determined by the partners. The entity incurring the costs would issue an invoice on this pre-determined basis to each participating partner. The partners would then pay the invoice as they would any cost. Documentation to support the cost would be the invoice and the supporting shared costs budget, cost allocation plan, and the actual costs as they are incurred. Using this methodology, the entity incurring the costs would be responsible for maintaining all supporting documentation and reconciling the actual costs to the budget. They would provide each partner with the reconciliation information.

**Example:** In the local One-Stop Center, the partners have agreed that the Job Service will be the "managing partner" for all funding issues. The partners have agreed upon the shared costs, prepared a shared costs budget with appropriate function and benefit statements, and agreed upon the cost allocation methodologies to be used to determine each partner's proportionate share. The Job Service fiscal staff prepares a monthly invoice based on the actual costs incurred against the shared costs budget, allocates these costs using the agreed-upon methodologies, and bills each partner for their fair share. The partners may issue warrants, checks, or electronic transfers to pay the invoices. The "managing partner" then reconciles the payments, and provides each partner with updated budget and cost information.

#### In-Kind Goods and Services

Payment of shared costs through the provision of goods and services by each of the partner programs will likely be the most common method of payment. Using this payment method, the partners prepare the shared costs budget; allocate the costs using agreed-upon allocation methodologies, with resulting total shared costs attributable to each partner. Within the budget, the partners agree on how those costs will be funded. One partner may pay all the facilities costs, including rent, utilities and maintenance while another partner provides the telephone system to be used by all the partners, and a third partner provides additional core services such as eligibility determination for all participating partner programs. This flexibility in payment allows the partners to determine which payment method works best for their particular agency and takes into consideration the available resources of each program.

#### **Cautions:**

- The resources provided to support the shared costs must equal the total proportionate share of the partner. If a partner over-funds or under-funds their proportionate share, they must be "made whole" through cash payments. For example, if Partner A pays 100% of the telephone system and this cost is less than their fair share of the total shared costs, then they must pay an additional amount to the partner who incurred a cost in excess of their fair share (for example, Partner B paid 100% of the rent and this cost is in excess of their fair share).
- Using this method, the goods and services must be in the form of costs to the partner agency. Each partner is then responsible for maintaining documentation of the actual cost of the goods and services and providing this information to all partners as part of the reconciliation and adjustment process.
- If a partner provides equipment as their share (or part of their share) of the resources, then the partner acquiring the property is responsible for adhering to the prior approval requirements of the applicable OMB Circulars.

#### Full-Time Equivalent (FTE) (staff positions)

When the costs of staff functions for common services such as intake and eligibility determination, staffing the resource center, or core services such as case management or job development are included in the shared costs budget, it may be more equitable to pay for these costs through the use of FTE's. Staff of One-Stop may include state or local governmental employees, employees of non-profit organizations, for-profit commercial entities, and educational institutions. Each of these entities will have different pay scales, pay levels, and fringe benefit costs. By using FTE's as a payment method, partner organizations need not address these differing pay scales or any privacy concerns.

In order to use FTE's as a payment method, all of the partner programs benefiting from the shared function must provide the necessary staff resources in the same proportion as their allocable share. Using this methodology, the partners would determine the total number of staff hours necessary to fully staff the function. The hours would be allocated using an agreed-upon allocation methodology, with a resulting number of hours attributable to each participating partner. The partners then provide the staff as needed in relation to their allocable share of the total hours.

#### **Cautions:**

- If FTE's are used as payment method, then all benefiting partners must provide the staff resources. This means that the staff functions must be calculated and allocated separately from other shared costs of the One-Stop.
- Partner organizations are responsible for providing the staff resources. They should agree as part of the resource sharing methodology on scheduling staff. Each partner would provide a total of the staff hours worked for each shared function as part of the reconciliation process.
- Partners should also agree on how the staff functions will be covered in the event of leave, this includes all types of leave such as sick, vacation, emergency and long-term. For example, if a person uses sick leave, then their agency must either cover the time with another staff person, or re-pay the agency that did provide coverage. This process should also be addressed in the Resource Sharing Agreement (RSA).

**Example:** The One-Stop operator and partners have agreed that the costs for staffing the Resource Center and the One-Stop receptionist are to be shared. Taking into account the hours that the One-Stop Center is open, they have determined the total number of hours for the staff functions. The hours are allocated to each partner using an allocation base of participants served by each program compared to total served. The partners further agree on the scheduling of hours for each partner and the coverage to be provided in the event of emergency or sick leave. Each partner is responsible for tracking the staff resources, and providing this information on a quarterly basis to all partners. If there were adjustments needed in the subsequent quarter based on participant counts, the schedule could then be adjusted accordingly.

#### Third Party In-Kind Contributions

Under certain circumstances, partners may provide third-party in-kind contributions as resources to pay for their fair share of the costs. In-kind contributions are defined in the cost sharing or matching provision of the Uniform Administrative Requirements codified in CFR 97.24 and 95.25 as donations of goods, services, or volunteer time from a third party. They are not a cost to the receiving organization. They may only be used as resources to pay for the partner agency's share of costs if their use is not prohibited by the agency's governing statute or regulations. Some programs participating in the One-Stop, such as the TANF program, do not allow the use of inkind. The partner agency proposing to use in-kind contributions must determine the allowability of in-kind use. If allowable, the in-kind is then valued in accordance with the requirements of 29 CFR 97.24. or 95.25. It is the determined value of the contribution that would serve as the resource for payment of shared costs.

**Example:** A small non-profit organization serves as a partner in the local One-Stop Center. Their proportionate share of the costs is \$15,000. The non-profit does not have sufficient cash or other resources to fully fund their share and they wish to use computers donated by a local business to the non-profit as resources. The computers are valued (in accordance with the requirements of 29 CFR 95.23(c )(1) or (2)) at \$8,000. The non-profit would be able to use the \$8,000 value as part of the resources they will provide to fund the shared costs.

**Example:** An entity wishes to use a van used to provide client transportation to job interviews and other off-site services as resources for funding their allocated share of common One-Stop costs. The van was donated to the entity by a local car dealership. The value of the van (as determined by application of the requirements of 29 CFR 95.23 or 97.24) could be used by the entity as resources.

**Example:** A non-profit organization provides assistance with resume preparation. The services will be provided in the Resource Center and are in addition to the core services the organization otherwise provides in the One-Stop. Human resources professionals donating their time to the non-profit provide the resume preparation assistance. The amount of the resources is valued in accordance with the requirements of the 29 CFR 95.23(d) and may be used by the organization as resources to fund their share of common costs.

Initially prepared by the Governor's Workforce Investment Division on May 28, 2003, referencing the, "One-Stop Comprehensive Financial Management Technical Assistance Guide," U.S. Department of Labor, Employment and Training Administration, September 2001.

# Services Transaction Data

This report provides insights into the types of services that were reported through the One-Stop System to the West Virginia Workforce MIS for the period of July 1, 2014 to June 30, 2015.

The report provides total service transactions that result in more than one service per customer. There may also be services that are automatic or performed as a required sequence to another service.

Services are grouped in the following areas:

- WIA services
- Wagner-Peyser services
- Business Services

Appendix A     PY2015 Training Services Provided

# Performance Requirements

All states submitting a State Plan under WIA Title I, subtitle B must propose expected levels of performance for each of the core indicators of performance for the adult, dislocated worker and youth programs, respectively, and the two customer satisfaction indicators.

- (1) For the Adult program, these indicators are:
  - (i) entry into unsubsidized employment;
  - (ii) retention in unsubsidized employment six months after entry into the employment;
  - (iii) earnings received in unsubsidized employment six months after entry into the employment; and
  - (iv) attainment of a recognized credential related to achievement of educational skills, or occupational skills, by participants who enter unsubsidized employment.
- (2) For the Dislocated Worker program, these indicators are:
  - (i) entry into unsubsidized employment;
  - (ii) retention in unsubsidized employment six months after entry into the employment;
  - (iii) earnings received in unsubsidized employment six months after entry into the employment; and
  - (iv) attainment of a recognized credential related to achievement of educational skills, or occupational skills, by participants who enter unsubsidized employment.
- (3) For the Youth program, these indicators are:
  - (i) For eligible youth aged 14 through 18:
    - a. attainment of basic skills goals, and, as appropriate, work readiness or occupational skills goals, up to a maximum of three goals per year;
    - b. attainment of secondary school diplomas and their recognized equivalents; and
    - c. placement and retention in postsecondary education, advanced training, military service, employment, or qualified apprenticeships.
  - (ii) For eligible youth aged 19 through 21:
    - a. entry into unsubsidized employment;
    - b. retention in unsubsidized employment six months after entry into the employment;
    - c. earnings received in unsubsidized employment six months after entry into the employment; and
    - d. attainment of a recognized credential related to achievement of educational skills, or occupational skills, by participants who enter post-secondary education, advanced training, or unsubsidized employment.
- (4) A single customer satisfaction measure for employers and a single customer satisfaction indicator for participants must be used for the WIA Title I, subtitle B programs for adults, dislocated workers and youth.

Annually, the state's performance is reported to the USDOL. This table captures actual state performance outcomes against standards the state negotiated with USDOL prior to the start of PY15. The PY15 table reflects performance from July 1, 2013 through June 30, 2014.

# Positive Practices

# Introducing the Workforce Innovation and Opportunity Act (WIOA)

Between 1998 and 2014, the public workforce system, authorized under the Workforce Investment Act of 1998 (WIA), made important achievements in helping job seekers acquire the skills and credentials needed for good jobs and matching employers to qualified workers. During this period, the nation experienced strong economic times, the Great Recession, and continuing budget uncertainty. The work of committed partners, training providers, non- and for-profit organizations, and other intermediaries has been extraordinary.

On July 22, 2014, President Barack Obama signed the Workforce Innovation and Opportunity Act (WIOA) into law. Both the Senate and the House passed WIOA with wide, bipartisan support. The passage of WIOA provides new authorizing legislation for programs that had been authorized under WIA.

WIOA is landmark legislation designed to strengthen and improve our nation's public workforce system and help put Americans back to work. WIOA makes it easier for the public workforce system to help workers acquire the skills employers need and help employers access the talent pool they need to compete and win in a global economy. The new legislative provisions are designed to help workers, including those with barriers to employment, access employment, education, job-driven training, and supportive services; enhance program coordination, streamline service delivery, and increase flexibility for governance; improve services to employers; and align programs across common goals and in increase accountability and transparency. Also, WIOA provisions emphasize quality training that leads to credentials, regional planning and service coordination, and implementation of targeted sector-based strategies and career pathways.

# Marcellus Shale

WorkForce West Virginia continues its partnership with education, labor and industry leaders to increase the pool of prepared workers for the Oil & Gas production employment opportunities. We continue to participate with committees such as "Energy Speaks Education Committee" and the "Just Beneath the Surface Alliance". Local and regional action groups have been developed to implement strategies to create the following:

- proactive and cohesive approach to prepare for employment opportunities in the industry particularly for a cracker facility and related construction
- development of resource guides to assist recruiting
- analyzing, with the Department of Education/Career & Technical, on the workforce needs and strengthening our partnership with the registered apprenticeship programs.

# National Career Readiness Certificates

Employers need documentation of worker skills, and West Virginia is issuing the National Career Readiness Certificate statewide to provide measurable skill levels of workers. In partnership with the West Virginia Department of Education and West Virginia Career and Technical Colleges, WorkForce West Virginia has issued 57,252 WorkKeys® National Career Readiness Certificates. WorkKeys® measures skills in the areas of Locating Information, Reading for Information and Applied Mathematics-basic skills that are required in the workplace.

More than 110 West Virginia employers have used WorkKeys® as part of their hiring process. The WorkKeys® process helps employers save time by interviewing only applicants who have the skills required for positions. A WorkKeys® National Career Readiness Certificate can be used as a "plus" factor to help employers make selection and promotion decisions, and targets their training budget on employees with skill gaps.

National Career Readiness Certificates are based on documented real-world skills measured by WorkKeys®. In August 2012, West Virginia began issuing nationally registered certificates signed by Governor Tomblin. The certificates will be available in an online searchable database so that current and future employers can track the availability of work-ready job seekers by county. In doing so, West Virginia is now identified on ACT's Work Ready Community site (http://workreadycommunities.org/) as having issued 57,252 certificates. The site gives current and prospective employers a new on-line tool to identify communities and counties that have National Career Readiness Certificates in their workforce.

# **On-Line Marketing and Services**

WorkForce West Virginia continues to expand marketing and services on-line. From July 1, 2014 through June 30, 2015, the agency website <u>www.workforcewv.org</u> had over 2.4 million page views, an average of 198,104 page views per month. The WorkForce West Virginia site has the highest traffic on West Virginia commerce's Web Platform. Website visitors spent the most time on our Find a Job pages.

From July 1, 2014 to June 30, 2015, West Virginia employers posted over 20,058 job orders with WorkForce West Virginia resulting in over 45,131 positions on the online job searching database the MACC (Mid-Atlantic Career Consortium).

The <u>www.workforcewv.org</u> homepage is updated each week with available middle-skill jobs open in the MACC system; as well as featured job openings in the Oil & Gas industry. WorkForce West Virginia's Facebook <u>www.facebook.com/wfjobinfo</u>) and Twitter (<u>www.twitter.com/wvjobinfo</u>) accounts are updated weekly with job openings that are posted with WorkForce West Virginia.

In March 2015, WorkForce West Virginia, in collaboration with the Department of Commerce and Stonewall Retail Marketing, has been in the process of developing a new modern website. The website design will be based on a responsive web design (RWD) that will allow the page layouts to adapt to the user agent, such as desktop, tablet and mobile phones. The go live date for the new website is approximately mid-October of this year.

#### **Consolidated Resources for Veterans**

**West Virginia Military Connection:** WorkForce West Virginia's partnership with the West Virginia Military Connection continues to provide employment and training support for West Virginia Military personnel and veterans. The West Virginia Military Connection partners consist of WorkForce West Virginia, the U.S. Department of Labor Veterans Employment and Training, the West Virginia Department of Veterans Assistance, Veteran Affairs, West Virginia National Guard Adjutant General's Office, Employer Support of the Guard and Reserve, and the West Virginia Community and Technical College System.

The West Virginia Military Connection is designed to assist veterans with their navigation of veteran's benefits, local agencies, veteran service programs, state programs, and federal resources pertaining to facets of live such as employment, health care, education/training, and family resources.

The use of modern technology can be a daunting task to the uninitiated. The website, <u>www.wvcommerce.org</u>, is designed for veterans to easily obtain information on one trusted website. Veterans are easily guided towards information about their local employment resources such as career counseling, testing and job development assistance, tax credit programs, transition assistance, private sector/self-employment resources, trades, and apprenticeships.

Hilton HHonors Program/Operation Opportunity Initiative: WorkForce West Virginia has a Memorandum of Understanding (MOU) with Hilton Worldwide, Inc. to assist West Virginia service members, prior service members, and their spouses gain employment faster and easier. The program consists of a donation of 100,000 reward points to eligible persons who are screened and submitted by WorkForce West Virginia staff. Wagner-Peyser staff or Veteran Services staff must verify that the applicant has a verified job search, registered for an Off Base Transition Training (OTT) workshop, registered for job fair, housing search for employment, job interviews, or training for a new job. Once approved the points are entered into the HHonors accounts for purposes pertaining to seeking employment. The value of the points varies by location, but on average, it is equivalent to three (3) nights at any Hilton Worldwide, Inc. Hotel.

Eligible applicants include Veterans, active service members, National Guard and Reserve members, and military spouses. The initial term of the program is projected for five (5) years. It was launched in December of 2014, and veterans have utilized the program to gain employment as far west as California, as far north as New York, and several veterans have utilized the program to gain employment, interview, gain training or certification, and gain housing in a new area of employment within the State thus far.

# Veteran's Staff throughout the State of West Virginia

WorkForce West Virginia leadership has worked diligently with the U.S. Department of Labor Veterans Employment and Training Services to strategically place veterans' representatives throughout West Virginia. Disabled Veterans Outreach Program Specialist (DVOPS) provide intensive services to veterans with barriers to employment.

DVOPS are placed at population centers, near VA medical centers, and areas that may not be densely populated but have a high concentration of veterans in the region. Some of the benefits of placing DVOPS staff in densely populated areas and near VA Medical facilities include the high percentage of veterans that become aware of intensive services, resources provided by One-Stop facilities, referrals to and from partner agencies, and access to the network of services in consolidated areas including homeless veteran centers, homeless shelters, free computer skills courses and programs, charity agencies, and a wide range of resources designed to assist veterans.

An example of the placement strategy of veteran staff is found in the southern coal fields where there is a high concentration of veterans transitioning from the coal mining industry. The most recent economic turn of events in the region has increased the necessity of veteran's employment services due to the decrease in coal jobs. DVOPS staff, provide information and resources pertaining to retraining opportunities, education benefits, veteran's re-education grant information, and job search skills training to increase veteran's likelihood of gaining long term sustainable employment.

# Division of Corrections Initiative

WorkForce West Virginia has worked with the Governor's office and the West Virginia Division of Corrections (WVDOC) on employment issues for released inmates. As a result, WorkForce West Virginia has developed a process for released inmates to become registered with WorkForce West Virginia and receive job search assistance. This process was presented to all parole officers and has been implemented statewide.

West Virginia Division of Correction provided WorkForce West Virginia with a list of 1,687 parolees scheduled for release between July 1, 2014 and July 31, 2015 in order to check their status with WorkForce West Virginia. Of the 1,687 parolees there have been 794 enroll or update their status in the WorkForce West Virginia database (MACC). WorkForce West Virginia and Parole Services have been working diligently in the past year in order to increase the number of parolees accessing services to aid in their job search.

Of the 794 parolees that enrolled or updated their status there were 607 parolees that received direct service from a WorkForce West Virginia Office. Evaluation comparing the number that received services with the number that enrolled or updated shows that 76.4% of those enrolled/updated received a service from WorkForce.

The Division of Corrections continues to use WorkForce West Virginia to conduct correctional officer testing in all WorkForce West Virginia Career Centers. This initiative has allowed the One-Stop delivery system to recruit and test applicants interested in becoming a Correctional Offices in a State Prison.

# West Virginia's Apprenticeship Team

WorkForce West Virginia has recognized the increased high demand for Trade Apprenticeships that is currently happening and will only grow due to the large increase in Oil and Gas activity in the State and its bordering states of Ohio and Pennsylvania. We have been proactive in continuing our strong relationship with the Trade Apprenticeship programs by offering continued assistance and advice in their recruitment activities. Further, WorkForce West Virginia is refocusing emphasis on the non-trade apprenticeship programs.

WorkForce West Virginia continues to improve the link to its website to market the apprenticeship program to its job seekers statewide. This link will allow participants to review fact sheets on the different drafts, trades, and opportunities available. Information on the apprenticeship program is available at <u>www.workforcewv.org</u>.

# Simulated Workplace

Workforce West Virginia and the West Virginia Department of Education have partnered to deliver Simulated Workplace. West Virginia business and industry have been utilized to provide feedback, in addition to integrating effective strategies for facilitating the learning of career and technical education (CTE) students via the Simulated Workplace initiative. Simulated Workplace assists high school students, ranging from fifteen (15) to nineteen (19) years old, with developing career and college readiness skills. While enrolled in the Simulated Workplace program, students are required to maintain a portfolio documenting academic growth, job performance, projects completed, industry credentials, safety certificates, resume, and computer literacy skills.

The objectives of the Simulated Workplace initiative integrates numerous components of the WorkForce Investment Act, as well as supports career and technical education students by emphasizing strong business and industry partnerships, which guide authentic workplace learning. The overall structure of the Simulated Workplace initiative is governed by a set of objectives and protocols to assure consistency and quality within the local implementation. The objectives and protocols are: 1) Academic Growth – With the annual completion of high school seniors, they will complete a pre/post Work Keys exam in the areas of mathematics, reading literacy, and locating information; 2) Business Processes – With the annual completion of the project, students will have a better understanding of business ethics, communication skills, professionalism, and customer service; 3) Career & College Readiness – With the annual completion of the project, students will have been exposed to a variety of employable skills, which include: a) resume/application writing; b) computer literacy; c) technical writing; d) OSHA/Safety training; e) leadership and team work experience; f) recognized industry certifications and credentials; 4) Collaborative Partnerships – With the annual completion of the project and each year thereafter, collaborative partnerships will be established and updated as needed to expand and enhance the services to students.

Through collaboration between the Simulated Workplace initiative and WorkForce West Virginia, students across twenty-six counties will be served and better prepared to meet the demands of West Virginia's business and industry employers. Expanding the relationship between the West Virginia Department of Education's Simulated Workplace initiative and the WorkForce West Virginia Office, students will experience: 1) a transformed career and technical education learning environment with business/industry and higher education partnerships that will ensure they are prepared for career and college demands; 2) an understanding and knowledge of ethics, work place processes and behavior integral to successful employment (*business and industry partnerships will assist students in locating potential job placement*); 3) enhanced basic skills through the use of computer modules (WIN/Key Train) as well as hands-on job skill training which integrates reading, writing,

mathematics, critical thinking, problem solving, responsibility and ethics into everyday workplace training.

An essential component of the Simulated Workplace initiative is the creation of technical business teams composed of industry experts from West Virginia companies that represent a wide-variety of technical areas and experience. These teams conduct onsite evaluations focusing on workplace procedures, expectations and protocols in place that reflect the realities of an actual working environment. Each business team's role is to review and rate each Simulated Workplace site in a manner similar to how the Health Department rates restaurants. These business teams also critique the curriculum, interview instructors and students; rate the classroom work environment, safety procedures, and general business procedures and processes. During this process, WIA students are exposed to actual West Virginia employers, as well as given the opportunity to demonstrate their skills first hand.

Simulated Workplace includes a strong dissemination component with documented implementation processes to serve as a consortium model for replication by other states. A dissemination of an operational manual and website covering the objectives and protocols of the project are being developed for sharing with other states interested in incorporating Simulated Workplace sites to assist students in developing true career and college ready skills.

WorkForce West Virginia allocated incentive grant funds to each of the seven Local WorkForce Investment Boards to create and expand summer employment and work experience opportunities for eligible WIA youth ages 16 to 21. The funds are allocated based on regular WIA funding formula allocations.

Work experience is an essential element in preparing WIA eligible youth for transition to adulthood and sustainable employment. It provides the WIA eligible youth with opportunities for career exploration and skill development. Potential benefits for youth participants and the communities they service include:

- Gaining career readiness skills including the "soft skills" that employers look for in entry level workers;
- Acquiring real-world work experience;
- Increasing knowledge of specific occupational skills and workplace settings;
- Developing an understanding of different occupations in order to make informed career choices;
- Improving interpersonal communication skills;
- Achieving a greater understanding of financial management;
- Receiving career choice advice and educational guidance;
- Establishing a work history and connections with employers that can aid in future job searches; and
- Gaining an excellent addition to resume for future jobs or college applications

In addition, research studies suggest that work-based learning may increase school attendance, decrease dropout rates, reduce school suspensions, and increase school engagement. One study found students who participated in work-based learning were more likely to attend college or go to work compared to their peers. Due to these afore mentioned benefits, WorkForce West Virginia

believes this program will strengthen the state's ability to improve literacy levels, increase employment, and increase transitions to further education and training, and/or improve technical and academic skills.

Simulated Workplace Accomplishments July 1, 2013 - June 30, 2015:

- Trained 91 Business & Industry Inspectors
- Completed over 80 onsite inspections
- Added 146 new sites for a total of 230 sites
- 321 Youth were placed in paid summer work experience
- Semi-annual reports were developed for each company to assist them in developing improvement plans
- Conducted small group trainings for more one-on-one instruction with teachers
- Students have been working through their skill sets & curriculum to successfully achieve industry recognized credentials as well as drug free credential

# Drug Testing

On July 11<sup>th</sup>, 2012, WorkForce West Virginia issued Guidance Notice 15-12, and subsequently issued Guidance Notice, Change 1 on July 20<sup>th</sup>, 2012. The purpose of this policy was to provide guidance to local workforce investment boards and their operators regarding mandatory drug screening for Workforce Investment Act training-level participants.

Section 181(f) of Title I of the Workforce Investment Act (WIA) specifically provides the states the authority to test and sanction WIA participants for the use of controlled substances. On April 24, 2012, the Governor of West Virginia signed Executive Order 8-12, charging WorkForce West Virginia (WFWV) to develop and implement a drug screening policy for Workforce Investment Act Title I training-level services.

Effective July 16, 2012, all participants that entered into training-level services funded by WIA Title I, individual training accounts and on-the-job training, were required to be screened utilizing urinalysis for the use of the following controlled substances prior to the beginning of training:

Amphetamines Benzodiazepines Cocaine Phencyclidine (PCP) Propoxyphene Barbiturates Cannabinoids/THC Opiates Methadone Synthetic Narcotics State-wide results are as follows:

Program Year	Date Range	Total Tests Collected	Negatives	Positives	Failure Rate
PY2013	07/16/2012 - 06/30/2013	1,268	1,252	16	1.3%
PY2014	07/01/2013 - 06/30/2014	1,205	1,197	8	.7%
PY2015	07/01/2014 - 06/30/2015	1,774	1,748	26	1.5%

# **Appendix B: Funding Stream Reporting Authority and Programs Table**

The following programs have indicated that during the West Virginia fiscal year FY15 (July 1, 2014 to June 30, 2015) or the Federal fiscal year FY15 (October 1, 2014 to September 30, 2015) funds were received and used in some capacity to advance the workforce development in the state. HB 4083 requires reporting specific information on the program (see appendix A for data request table).

## INTERAGENCY COLLABORATIVE TEAM

MEMORANDUM OF UNDERSTANDING

2015-2016

The Workforce Investment and Opportunity Act (WIOA) clearly identifies the WorkForce West Virginia One- Stop Career Centers as the service delivery system for programs funded under the WIOA and its partner programs. WorkForce West Virginia consists of local One-Stop Career Centers in which partners come together to administer workforce investment and other workforce development system activities.

This Memorandum of Understanding (MOU) sets forth the terms of agreement for cooperation and consultation with regard to the implementation of the WIOA for the Interagency Collaborative Team in West Virginia and provides a model for local MOU preparation.

Page 2

ICT MOU 2015-2016

#### **State Level Partners**

#### MEMORANDUM OF UNDERSTANDING

#### 1.1 DESIGNATED PARTNERS

The agencies in the State of West Virginia represented on the Interagency Collaborative Team (ICT) that provide employment and training activities or supportive services shall collaborate to support and advance the workforce investment system operated through the One-Stop Career Centers at the local level. To provide on-going attention to addressing issues that will build and continually improve the overall workforce investment system, the workforce investment Interagency Collaborative Team was established by the West V i r g i n i a legislature in 2002 and codified in 2004. The team is the single state-level interagency group for addressing issues or concerns regarding building and maintaining the most effective and efficient implementation of the overall workforce development system in West Virginia. The below listed West Virginia state agencies are included.

#### WorkForce West Virginia

- West Virginia Employment Service: Activities authorized under Chapter 41 of Title 38, U.S.C. (local veterans' employment representatives and disabled veterans outreach programs), Employment Service (Wagner-Peyser, Unemployment Compensation and Workforce Investment Act of 1998 as amended, Section 309).
- Other entities under this agency that provide employment and training activities or supportive services.

#### **Bureau of Senior Services**

• State Unit on Aging (Title V of the Older American

Act).

### Council for Community and Technical College Education

#### **Department of Education**

• West Virginia Department of Education (Adult Education and Literacy Activities and Postsecondary Vocational Education)

-Page 3 —

ICT MOU 2015-2016

Office of Institutional Educational Programs (OIEP)

## Department of Education and the Arts

• Division of Rehabilitation Services (Title I of the Rehabilitation Act)

# Department of Health and Human Resources

- Bureau of Children and Families
- Temporary Assistance for Needy Families (Personal Responsibilities and Work Opportunity Reconciliation Act of 1996)
- Food Stamp Employment & Training, United States Department of Agriculture (Farm Security & Rural Investment Act of 2002)

## Department of Military Affairs and Public Safety

• Division of Corrections

#### **Development Office**

Community Development Division (Community Services Block Grant Act)

(Note: The references in italics represent the entities required by the

WIOA)

• BID (Business Industry Development) Representatives

# 2.0 INTERAGENCY COLLABORATIVE TEAM BACKGROUND

In August 2002, the Interagency Collaborative Team (ICT) was established at a special Summit held in Charleston, West Virginia. As a result of this event, the ICT met on September 30, 2002 and agreed to a vision, mission, guiding principles and an initial work plan. This MOU is an outgrowth of this work.

#### ICTVISION

West Virginia state agencies effectively collaborating to define, build and sustain an integrated comprehensive workforce development system that

- Ensures universal access
- Has the right agency doing the right job
- Focuses on meeting the customer requirements
- Is uniform, consistent, and responsive
- Advances a seamless delivery system that maximizes resources
- Remains flexible, yet expandable to grow
- Fosters a continuous improvement culture for quality and innovation

The ICT continues to work together to address issues identified as critical to the success of the workforce development system in West Virginia. This MOU provides more formal commitment to the integration that has been evolving since the ICT began its work.

#### 3.0 PURPOSE

The purpose of this MOU is to establish cooperative and mutually beneficial relationships among the required WIOA state partners and other partners whose participation has been determined to be vital to accomplishing the Governor's workforce investment goals. This MOU also sets forth the relative responsibilities of the partners as they relate to the planning and implementation of the comprehensive workforce investment system in West Virginia at both the state and local levels.

To ensure the maximum flexibility for all partners under this agreement, it is agreed that the partners may enter supplemental, agency-specific state or local agreements that further or complement this agreement. At a minimum, the partners to this MOU agree to enforce the aspects of this agreement at the local level.

Page 5

# 4.1 THE WV WORKFORCE INVESTMENT SYSTEM VISION

The Governor's vision for a world-class workforce development system in West Virginia is to:

- · assist individuals in obtaining employment that leads to self-sufficiency;
- provide employers with access to qualified and appropriately skilled employees who have been assessed, trained and possess appropriate credentials and certifications;
- have effective programs and services that are delivered through a seamless and integrated delivery system;
- have a system that continually improves, eliminates duplication of services, reduces administrative costs, enhances participation, accommodates the job-demand needs of employers, and improves customer satisfaction;
- demonstrate appropriate accountability of organizations, individuals, and processes throughout the system;
- react to current demand of target industries; i.e. the system should be demand driven and directed to jobs with good wages and benefits;

# 5.1 SYSTEM-WIDE STATE LEVEL COMMITMENTS

Specific notes regarding individual agency commitments can be found in Section 25.0 of this MOU.

Each partner to this MOU agrees to make the following commitments through the WorkForce West Virginia One-Stop Career Centers:

- 1. Provide the appropriate core services that are applicable to the partner's program.
- Use the funds identified in the Funding Stream Report allocated to the partners program for Workforce Development to the extent not inconsistent with Federal law authorizing the program.
- 3. Participate in a common referral system.

- Participate in and commit resources, as appropriate and allowable, to a common case management information system, i.e. Mid-Atlantic Career Consortium (MACC), within WorkForce West Virginia.
- Commit to the effective flow and referral of customers through the WorkForce West Virginia One-Stop Career Centers from entry to case management.
- Commit to the achievement of established performance goals established by the U.S. Department of Labor, West Virginia Workforce Investment Council, and the One-Stop Career Center partners.
- Participate in and commit resources, as appropriate, to ensure all Business Services are reported in WorkForce West Virginia MACC system.

Additional core, intensive and training services will be provided as appropriate at the local level. Specific services to be provided in the local One-Stop Career Centers must be detailed and included in the local partner MOU.

# 6.0 OVERALL PERFORMANCE GOALS

To continually improve the quality of each region's workforce through an integrated employment and workforce development system for the benefit of the individuals and employers it serves, the partners to this MOU will strive cooperatively to achieve the following:

*Goal 1:* Design and implement a comprehensive, fully integrated workforce development system that appropriately balances state and local roles, responsibilities and accountability and fosters true 'local partnering and ownership' for regional workforce development.

*Goal 2:* Assure every employee, job seeker and employer are aware of and have universal access and choice to the full continuum of available workforce development programs and services in West Virginia.

*Goal 3:* Increase the labor supply for high demand industries, both current and future in cooperation with state and local economic development strategies through workforce development.

Goal 4: Eliminate unwarranted duplication of services, and reduce administrative costs at both

Page 7

state and local levels. Enhance participation and performance of customers served through the system by using a consistent and uniform assessment method.

*Goal 5:* Serve as leaders increasing the knowledge of the entire workforce development system by encouraging collaboration among education, business, organized labor, and economic development.

*Goal 6:* Ensure each region's workforce has opportunities to improve skills and wages through a system of employment services and lifelong learning opportunities.

*Goal 7:* Work effectively with economic development organizations to assist in creating employment opportunities and enhance the image of each Workforce Investment Board region.

*Goal 8:* Ensure connectivity between West Virginia economic development initiative and goals and workforce development activities so as to match career opportunities and programs to well-defined and documented industry-based skill standards and workforce needs that result in a truly skilled workforce. Ensure that Business is recognized as a primary customer in the Workforce system and quality business services are provided in each Workforce Investment Board Region.

*Goal 9:* Through joint planning leverage collaboration, public and private, at all levels and among all stakeholders that build system capacity, optimizes resources and sustains measurable high performance throughout the system.

*Goal 10:* Build a workforce development system that will increase the workplace skills for West Virginians, economically benefiting the workforce, employers and the state.

*Goa 11:* Build a workforce development system that gives West Virginia a competitive advantage in the recruitment of new businesses.

Goal 12: Advance a system-wide customer focused, quality culture that is continuously improved.

Additional goals may be negotiated at the local level. Any performance criteria must be established cooperatively with all partners.

Page 8

# 7.0 CUSTOMER REFERRAL PROCESS

The primary goal of the referral system is the provision of seamless service delivery to both job seekers and employers. Customers will be referred by methods and through processes developed at the local level and described in the state agency/local Workforce Investment Board (WIB) MOU. Pilot programs and best practices should be developed for improvement and consistency statewide.

Additionally, information acquired in the One-Stop Career Centers should be mutually accessible. This information will be shared only to the extent permitted by regulations requiring confidentiality of participant records. All labor market information, job leads, programmatic and participant information, as reported on standard forms, will be accessible as allowable and appropriate. All partners agree to cooperate in developing customer identification, tracking, follow-up evaluation, performance, and satisfaction data.

# 8.0 CONTRIBUTION FOR SERVICES AND SYSTEM OPERATING COSTS

Each state mandated or other contributing partner (agency) agrees to contribute its fair share of resources for providing One-Stop Career Center core and intensive services and supporting the One-Stop Career Centers operations proportionate to the benefit derived and the total resources required. Partner resource contributions will be at both state level for the system-wide development and at the local level for One-Stop Career Center operations. Agency totals will be included as such in the annual Funding Stream Report to the Legislative Oversight Committee. At the state level, ICT members will commit resources that support activities such as the WorkForce West Virginia management information system (MIS) network, cooperative purchasing, training, and professional development. The state level partner contributions will be specified in the Individual Agency Specifics as referenced in Section 19 of this agreement and found in Section 25.

# 9.0 USE OF COMMON TECHNOLOGY & INTEGRATED INFORMATION SYSTEMS

The Mid-Atlantic Career Consortium (MACC) or, other replacement system approved by the Workforce Investment Council (WIC), Governor's Workforce Planning Council and the CTO.

The MACC, known in West Virginia as WorkForce West Virginia, is the computerized system of record keeping that will include a common data repository for WIOA, Wagner-Peyser, Trade Adjustment Assistance (TAA) and other Title I (B) activities. All partners agree to enter all client profiles (job and training seekers), job openings and employer information it receives into the WorkForce West Virginia (MACC) to the extent partner modules and access become available.

Page 9

The WorkForce West Virginia system (MACC) or replacement, will be the system of choice for finding employment or obtaining training through the agencies working together to develop common processes through the system.

A process for allocating both future development costs and ongoing operational costs to include regular maintenance and "help desk" type support for the system will be established.

State agencies accessing and using the WorkForce West Virginia system (MACC) are encouraged to contribute toward costs of the MACC based on an agreed upon fair and proportionate allocation determined by system use or overall funding. The local WIBs will also contribute proportionately toward the total cost.

All partners also agree to treat all data contained in the WorkForce West Virginia system (MACC) as confidential. No partner should permit access of State of West Virginia provided resources to, or disclose data to, any persons or entities other than its staff or data users, under any conditions. In order for client information to be shared, a release form stipulating what is being released and to whom must be agreed to and signed by the customer.

Other data related to demand and supply side information will use in-house MIS.

## 10.0 ASSESSMENT COMMON PRACTICES

Wherever and whenever possible assessment processes will be streamlined to reduce duplication to the customers.

# 11.0 ANNUAL REPORTING REQUIREMENTS

Based on annual reporting requirements in West Virginia state code Chapter §58-28, all parties to the MOU agree to provide information in a timely manner when requested by the Workforce System. Two annual reports require data from the agencies. One is the "State of the One-Stop Careers" and the other the "Annual Funding Streams and Outcomes" report. This report includes information on funding streams (federal and state), customers served, performance outcomes, and other items as outlined under separate cover.

## **12.0** APPROPRIATE BALANCE OF RESOURCE USE

Every effort will be made to ensure balance between state level funding and use of funds and the funding at the regional level and use of funds regionally. There should be fair sharing of efforts

\_\_\_\_ Page 10 \_\_\_\_

targeted to build an effective and efficient workforce development system that is balanced between state and local regional efforts.

# 13.0 PLANNING COMPACT FOR WORKFORCE DEVELOPMENT SYSTEM

Some of the state agencies included in this MOU are required to submit compliance or other plans to one or more Federal agencies. Most of the state partners signing this MOU also do planning as a matter of course in carrying out effective operations. Partners in each comprehensive One-Stop Career Center are encouraged to work together to produce a plan which will effectively deliver services to the client and reduce the total overhead/administration of the One-Stop Career Center.

#### 14.0 SUPPORT OF COMMON PERFORMANCE MEASURES

The ICT will support all Federal and state mandated common performance measures. These measures will be part of the planning compact process. All parties to this MOU agree to capture appropriate performance data as required to support the collection and reporting of the common performance measures.

## 15.0 SKILLS STANDARDS AND CROSS-AGENCY TRAINING

In order to ensure quality programs and services to all customers across all regions, parties to this MOU agree to develop the expected level of skills needed for operation of the One-Stop Career Centers. Further, each agency will support the development of cross-agency training for awareness regarding its programs and services within the One-Stop Career Centers.

#### 16.0 STAFF DEVELOPMENT/RESOURCES DEVELOPMENT

To ensure and sustain an effective, high quality workforce development system, especially at the state agency level, adequate and knowledgeable staff must be in place. The better the knowledge and skill levels across the system, the greater the experiences and results the system can deliver on a regular basis.

Partners to this MOU will invest in staff development within their agency and collaboratively across agencies to enhance the knowledge and skill levels of all staff engaged in the workforce development system.

Further, the agencies agree to work together toward recruitment and retention of qualified, skilled and dedicated employees to fill state positions needed to have an effective workforce development system. This is especially important as the demand for qualified employees

Page 11

increases as retirements occur in future years.

# 17.0 CONFIDENTIALITY OF INFORMATION/DATA

All partners recognize the critical nature of protecting and using information/data in the most appropriate manner at all times. Each partner entering into this MOU has the obligation and authority to control the use and access of information/data collected or generated as part of its specific work. ICT members agree to work on ways to ensure the confidentiality of records throughout the One-Stop Career Centers. All confidentiality issues will be presented to the ICT for discussion and resolution as to use and access of the identified data and information needing special protection. The confidentiality agreement applies to electronic systems as well as all paper processes.

# 18.0 INTERAGENCY COLLABORATIVE TEAM (ICT) WORKING RELATIONSHIP

The ICT agrees to adhere to its initial charter and guiding principles that foster an effective working relationship among both mandated and volunteer partners to this MOU. The ICT will be originators of this MOU and provide general oversight of its completion and implementation. The ICT will serve as the first level group to address issues arising out of the MOU as to expectations, potential non-compliance, and interpretation of intent. The ICT will also work to continually improve the overall MOU to advance integration, effectiveness and improvements. Other partners may be added to this agreement as contributors identified in the Funding Stream Report.

## **19.0** INDIVIDUAL AGENCY SPECIFICS

As part of the general MOU, individual agency specifics that outline additional information pertinent to that agency's agreement and participation in this State Level Partners Memorandum of Understanding have been submitted. Section 25 of this MOU contains what has been provided by each agency.

## 20.0 MOU MODIFICATION PROCESS

Partners may request, in writing, an amendment to this MOU. The changes must be documented, signed, dated under the conditions agreed upon by ALL of the partners, and attached to the original MOU. If any provision of the MOU is held invalid, the remainder of the MOU will not be affected.

## 21.0 BREACH OF MOU

The agencies agree that each shall fulfill its responsibilities under this MOU in accordance with the provisions of law and regulations that govern their activities. If at any time an agency is unable to perform its functions under this MOU, such agency shall immediately provide written notice to the Interagency Collaborative Team (ICT) describing its inability to fulfill the requirements of this MOU and establish a date at the earliest convenience, but no more than 30 days, to mutually resolve the issue.

The Executive Officer of the agency will direct appropriate staff to meet at agreed upon intervals to discuss and plan activities to satisfy requirements of this MOU and to ensure efficient and effective implementation of this MOU. However, failure to abide by this agreement is basis for termination by the other party.

### 22.0 IMPASSE RESOLUTIONS

The agencies agree to communicate openly and directly and that every effort will be made to resolve any problems or disputes in a cooperative manner. For disputes regarding the provisions of this MOU that cannot be resolved through communication among agency staff, the parties will document the negotiations and efforts that have taken place to resolve the issue. At the first level, the unresolved issue or dispute should be presented to the total ICT membership or an assigned sub-group to attempt to resolve differences to the satisfaction of all parties. If this fails or does not meet the expectations of all parties, then information regarding the impasse and efforts to resolve must be submitted to the West Virginia Workforce Investment Council Executive Committee within 30 days of the impasse. Once the information is received by the West Virginia Workforce Investment Council Executive Committee, they will meet to seek a resolution and provide that resolution to the partners within 30 days. If the entire process takes more than 60 days, or if the partner is not satisfied with the resolution, the partner may appeal to the Governor. The decision of the Governor shall be final.

## 23.0 MOU DURATION AGREEMENT

This agreement is effective July 1, 2015 and terminates on June 30, 2016. It may be extended through mutual agreement of the parties. The MOU may be terminated by any of the partners upon 30 days of written notice to the other partners with cause or upon 90 days of written notice to the other partners with cause.

#### Page 13

# 24.0 EQUAL OPPORTUNITY AND NONDISCRIMINATION OBLIGATIONS

The partners acknowledge familiarity with applicable federal and State of West Virginia laws, rules, regulations, policies, procedures, and reporting requirements and will abide by them. This includes, but is not limited to, discrimination policies, compliance with the Americans with Disabilities Act, and maintenance of drug free workplaces. Reference is made, but not limited to, Sec. 181-"Requirements and Restrictions," and Sec. 188-"Nondiscrimination," of the WIOA.

# 25.0 INDIVIDUAL AGENCY INFORMATION

As called for in the main portion of the MOU, each participating state level agency could provide background information, special notes and/or conditions regarding its participation in the MOU. The following section contains the information as submitted from the agency.

Page 14

	contributions may be different at each One-Stop
	Career Center. WFWV will contribute staff and other
	resources to the extent identified in the Funding
	Stream Report.
Doufournes	
Performance Measurement Levels	Employment Service - We will support common
	measures as defined by the Department of Labor.
	Unemployment Compensation - No special
	performance issues.
	1
Referral Process	If mandated Partners adhere to the agreement with Job
	Service, which was established in each One-Stop
	Career Center, no special referral procedures will be
	required.
Confidentiality Requirements	Information will be shared to the extent permitted by
	federal and state laws requiring confidentiality of
	employers' and job seekers' information. Information
	will be shared only with customer consent.
m + +	
Training Activity	All mandated partners will participate in cross training
	activities in each comprehensive One-Stop Career
	Center for programs awareness.
Case Management	Case management is the responsibility of the local
	Workforce Investment Board; however, a policy to
	ensure consistency statewide should be implemented.
Planning Compact Co.	
Planning Compact Cycle	Five-year planning cycle, with annual review and
	modifications to the plan as needed.
Job Placement	To ensure consistent screening, all partner job orders
	should be entered into the WorkForce West Virginia

18 ICT MOU 2015-2016

	MACC system.
Special Conditions/Exceptions	Employer related activities concerning labor exchange services should be coordinated with WFWV. This would not apply to internal business services provided by other entities.

Individual Agency Requirement	General Purpose/Meaning
Agency Name/Key Contact	Bureau of Senior Services (BoSS)
Primary Program(s)	Senior Community Service Employment Program (SCSEP).
Core Services	Information, recruitment, referral, on-site trainings and those services described in Section 134(d)(21) of
Contributions	WIOA. BoSS will make appropriate in-kind contributions toward the operation of One-Stop Career Centers located in similar geographical service areas.
Performance Measurement Levels	Community Service, Entered Employment, Work Retention, Average Earnings, Service Levels and Services to Most in Need.
Referral Process	Require all enrollees to register with their local One- Stop Career Center and refer non-eligible seniors (55+) directly to the One-Stop Career Centers.
Confidentiality Requirements	Information will be shared to the maximum extent permitted by applicable state and federal statutes.
Training Activity	The BoSS will participate in cross training with local One-Stop Career Centers.
Case Management	State and regional SCSEP contractors, under the auspices of the BoSS, will work with the One-Stop Career Centers, in coordinating case management services to SCSEP enrollees.
Planning Compact Cycle	A state plan is developed every four years with annual updates.
Job Placement	SCSEP and local One-Stop Career Centers will work in partnership to achieve unsubsidized job placement

	for eligible enrollees.
Special Conditions/Exceptions	SCSEP funding can only be used for eligible
	participants who are at least age fifty-five (55) and liv
	at or below 125% of the U.S. poverty level.

Possible Individual Agency Requirement	General Purpose/Meaning
Agency Name/Key Contact	Council for Community and Technical College Education Sarah Tucker
Primary Program(s)	<ul> <li>Customized Training</li> <li>Certificate Programs</li> <li>Associate Degrees</li> <li>Board of Governor Degrees</li> <li>Continuing Education Classes</li> </ul>
Core Services	The delivery of training and education programs to employees, part-time and full-time students enrolled in collegiate credit and non-credit programs and courses.
Contributions*	The participation in WIOA activities vary with each individual community & technical college. Council for Community and Technical College Education will contribute staff and other resources to the extent identified in the Funding Stream Report.
Performance Measurement Levels	Community and technical colleges are accountable for Carl D. Perkins Vocational and Technical Education Act Core indicators and all public community &technical colleges are accountable through a submission of an Institutional Compact and Master Plan to the Council for Community College Education.
Referral Process	Referrals are made through agencies, high schools, employers, Workforce Investment Boards and One- Stop Career Centers.

22 ICT MOU 2015-2016

Confidentiality Requirements	All community & technical colleges follow
	provisions of the Federal Educational Rights and
	Privacy Act and other student confidentiality
	requirements.
Training Activity	Customized training for employers, non-collegiate
	credit training for the general public and continuing
	education for a variety of professions.
Case Management	Counseling and advising activities are provided by all
	public community & technical colleges to students.
Planning Compact Cycle	The Carl D. Perkins Vocational and Technical
	Education Act State Plan is submitted to the United
	States Department of Education and updated annually
	during the duration of the Act, and each public
	community & technical college submitted a six-year
	compact and Master Plan that is revised annually.
Job Placement	Each public community & technical college has a
	career planning and placement office available to
	students.
Special Conditions/Exceptions	None provided.

	-
	Program Specialist staff to implement and monitor
	programs related to WorkForce and assist in our
	collaboration with the WorkForce system. WV
	DRS continues to contribute staff and other
	resources when a need is identified.
Performance Measurement Levels	DRS is accountable to standards and indicators
	required by the Rehabilitation Act of 1973, as
	Amended in 1998. These standards and indicators
	measure Employment Outcomes that include the
	number of individuals with the most significant
	disabilities placed into competitive employment,
	average hourly earnings and increase in earnings at
	completion of services, and level of self-support at
	closure. Another standard is Access to Services to
	minority individuals. As required by law, customer
	satisfaction is determined by satisfaction surveys
	conducted by DRS, the Statewide Rehabilitation
	Council and Independent Living Council.
Referral Process	Workforce core services provided under WIOA are to
	be universally accessible; consequently, an individual
	with a disability may choose to receive services
	directly from the One-Stop Career Centers rather than
	being automatically referred to DRS. If an individual
	applies for rehabilitation services and is found
	eligible, job ready individuals may choose to apply
	for other workforce services after receiving intensive
	services received from DRS. DRS will encourage
	clients to complete the Workforce application process
	to appear the full server for 1.0
	to access the full range of workforce services.
Confidentiality Requirements	to access the full range of workforce services. WV DRS is guided by numerous federal and state
Confidentiality Requirements	
Confidentiality Requirements	WV DRS is guided by numerous federal and state

25 ICT MOU 2015-2016

	West Virginia Code 18-10A-10. DRS protects the
	confidentiality of all clients and will only release
	information if the client signs a release form that
	identifies what is being released, to whom and the
	intended purpose.
Training Activity	
Training Activity	Payment for training is one of the services that may
	be provided to eligible individuals to enable them to
	obtain a successful employment outcome. DRS has
	negotiated processes with the WIB to share costs of
	training and support services for individuals
	accessing training dollars.
Case Management	Core monocoment can increase it 10
or	Case management services are provided for
	applicants and eligible individuals by Vocational
	Rehabilitation Counselors. Coordination of case
	management activities is critical to ensure that
	vocational goals and services are congruent between
	the two case management systems and various
	funding sources.
Planning Compact Cycle	The State Plan for Vocational Rehabilitation Services
	is submitted annually to the state Department of
	Education and the Arts and to the federal
	Rehabilitation Services Administration.
	Renabilitation Services Administration.
Job Placement	Eligible individuals receive placement services as
	part of the Individualized Plan for Employment.
	DRS recognize the individual's right to privacy and
	maintains client confidentiality. It is the DRS client's
	choice whether to disclose to an employer if he/she
	has received services from the Division of
	Rehabilitation Services. All job ready individuals are
	required to register with the WorkForce West
	and the second state of th

26 ICT MOU 2015-2016

	Virginia One-Stop Career Centers to aid in their job seeking efforts. DRS Employment specialists participate in Business Services teams in all the workforce regions to enhance the services to employers, eliminate duplication, and better serve the
	state's employers.
Special Conditions/Exceptions	The Division of Rehabilitation Services provides services through an eligibility based program. Eligibility criteria are established by the Rehabilitation Act as Amended in 1998 and its federal regulations. To be eligible for rehabilitation services, an individual must have a physical or mental impairment which constitutes or results in a substantial impediment to employment AND the applicant must require rehabilitation services to prepare for, enter into, engage in, and retain employment consistent with the individual's strengths, resources, priorities, concerns, abilities, capabilities and informed choice.

Possible Individual Agency Requirement	General Purpose/Meaning
Agency Name/Key Contact	Department of Education
	Office of Adult Education and Workforce
	Development (ABE)
	Debi Conrad
Primary Program(s)	Adult Basic Education
Core Services	Basic Academic Skills, Job Readiness Skills,
	Literacy Services, ESL, Distance Learning,
	Academic Assessment for adults enrolled in ABE.
Contributions	Data matching with WIOA. Instructors, instructional
	materials, classroom supplies. Department of
	Education (ABE) will contribute staff and other
	resources to the extent identified in the Funding
	Stream Report.
Performance Measurement Levels	Core indicators of performance reported by ABE
	include:
	Demonstrated improvements in literacy skill
	Demonstrated improvements in literacy skill     levels
	Receipt of a secondary school diploma or its
	recognized equivalent
	Placement in, retention in, or completion of
	postsecondary education, training, unsubsidized
	employment, or career advancement.
Referral Process	Collaboration with various agencies and
	organizations.
Confidentiality Requirements	
	Strictly Confidential Information:
	• Disclosure of a diagnosed learning disability;

28 ICT MOU 2015-2016

Special Conditions/Exceptions	For students 16 years of age and older, not enrolled in secondary education.
Job Placement	The scope of ABE does not include job placement, but is limited to providing educational achievements data to the case management process.
Planning Compact Cycle	Five-year plan.
Case Management	Student intake counseling only.
Training Activity	<ul> <li>treatment;</li> <li>Status as HIV positive or having the AIDS virus;</li> <li>Official transcripts of high school equivalency scores.</li> <li>The scope of ABE does not include training, but does provide for academic and educational achievements that may lead to post-secondary or vocational training that could lead to employment.</li> </ul>
	<ul> <li>A diagnosed medical condition;</li> <li>Use of prescription drugs;</li> <li>History of drug/alcohol abuse and/or</li> </ul>
	<ul> <li>A physical or mental disability;</li> </ul>

	Office of Institutional Education Programs (OIEP)
	Kari Rice
Deimorry Decomposition	
Primary Program(s)	High School Equivalency, HS Diploma, Career and
	Technical Education/Certification, Transition Life
Core Services	Skills and Post Secondary. OIEP will not offer any services directly from the
	One-Stop Career Center, but will offer job training
	programs, basic education and transition life skills
	programs to adults and youth in state's custody via
Contributions	blacement or incarceration WVDE, OIEP provides educational programming at
	all regional jails, adult correctional facilities and
	juvenile facilities managed by DHHR, Division of
	Juvenile Services, WV Division of Corrections, and
	the Department of Military Affairs & Public Safety.
	WVDE, OIEP will contribute staff and other
Performance Measurement Levels	resources to the extent identified in the Funding
renormance measurement Levels	High School Equivalency, High School and Post-
	Secondary completions, grade level skills
	improvement and career and technical certifications.
Confidentiality Requirements	Students will sign release of information forms for
	any information that is shared between WVDE/OIEP
	and One-Stop Career Centers. This will be done
	prior to their release and will be a part of their
	portfolios.
Training Activity	Career and technical, academic, and transition life

	skills programs are offered to incarcerated adult and
	youth throughout facilities in West Virginia.
C M	
Case Management	Student intake counseling only.
Planning Compact Cycle	Internal Strategic Plan for OIEP 2008-2014 which
	will continually be updated.
Job Placement	Sharing of training and testing information and
	assistance from transitions specialists with OIEP are
	available.
Special Conditions/Exceptions	Placement of convicted felons in job market
	warrants special attention. Benefits available to
	employers such as federal bonding and tax
	advantages to employers of convicted felons need to
	be addressed with business and industry
	stakeholders.

Possible Individual Agency Requirement	General Purpose/Meaning
Agency Name/Key Contact	Department of Health & Human Resources (DHHR)
Primary Program(s)	Temporary Assistance for Needy Families (TANF); Food Stamp Employment and Training (FSET); Children's Youth Services
Core Services	SPOKES/EXCEL – Open Entry Job Preparations         Classes for TANF & WIB participants.         Assessment Testing using the TABE, WorkKeys and         CASAS along with Learning Disability Screening         and the Emotional Health Inventory.         FSET – providing employment and training         opportunities for unemployed and under employed         Food Stamp Recipients (not available in all         counties).
Contributions	Assist in funding instructors for the TANF and WIB job readiness classes (SPOKES/EXCEL). Currently providing funding for the One-Stop Career Center staff to operate the FSET program. DHHR will contribute staff and other resources to the extent identified in the Funding Stream Report.
Performance Measurement Levels	TANF participants should have the opportunity to participate in all workforce employment/training opportunities. TANF participation rate requirements are established at the Federal level.All FSET participants should be offered an employment/training opportunity that will allow them to maintain their eligibility for Food Stamps.
Referral Process	All TANF participants that complete SPOKES/EXCEL classes should be eligible to

	participate in workforce employment/training
	opportunities.
	All FSET participants need to be referred to
	appropriate activities by One-Stop Career Center
	staff.
Confidentiality Requirements	The confidentiality of all DHHR customers needs to
	be respected and protected with special consideration
	being given to victims of domestic violence and those
	receiving child protective services.
Training Activity	That wherever possible, the Workforce Investment
	Board provides a classroom where the
	SPOKES/EXCEL classes can be conducted.
Case Management	The DHHR case manager will be the primary case
	manager for all TANF customers.
	One-Stop Career Center case managers need to attend
	Case Staffing Reviews for TANF customers, as
	appropriate.
Planning Compact Cycle	The TANF State Plan is rewritten every two years
	and periodically revised as needed. The FSET State
	Plan is rewritten every two years and updated
	annually.
	annuary.
Job Placement	DHHR will assist and provide appropriate support
	services not otherwise available to DHHR customers
	who are placed into employment.
	DHHR is committed to providing every TANF and
	FSET participants with employment and training
	opportunities that will lead to employment. DHHR
	hopes that by participating with other agencies and
	utilizing the services of the One-Stop Career Centers,
	a greater range of opportunities will become available

	to DHHR customers.
Special Conditions/Exceptions	DHHR's understanding is that it is not obligated to
	pay rent or other expenses for the One-Stop Career
	Center operation unless arrangements are specially
	negotiated.

Possible Individual Agency Requirement	General Purpose/Meaning
Agency Name/Key Contact	Division of Corrections
Primary Program(s)	<ul> <li>Assessment and Diagnostic Services;</li> <li>Case Management Services;</li> <li>Supervision Services;</li> <li>Varied combinations of programs to include educational studies, substance abuse treatment services, effective skills, social skills, life skills, transition skills, and faith- based services.</li> </ul>
Core Services	WV DOC provides supervision, intensive casemanagement services, and treatment programoptions to felony-convicted adult and young adultmen and women incarcerated within WV DOCfacilities, and to probationers and parolees under thecustody of the WV DOC in local West Virginiacommunities. The WVDOC has no supervisoryauthority over those offenders who have dischargedtheir sentences.
Contributions	WV DOC provides case managers in each WV DOC facility to assist in entering offenders who are nearing parole and/or discharge into the MACC system. WV DOC provides a total of sixty-four (64) parole officers throughout the state to provide general and intensive supervision of offenders on probation/parole. Additionally, the WV DOC will provide records related to an offender's program plan and assessment results to One-Stop Career Centers with signed releases of information. WV DOC will contribute staff and other resources to the extent identified in the Funding Stream Report.

D. C. M	
Performance Measurement Levels	Each offender under parole/probation supervision
	will have certain performance standards as outlined in
	an individual program plan developed by their
	assigned parole officer. Deviations from the
	expected standards will be handled using a system of
	graduated sanctions.
Referral Process	Offenders under the supervision of the WV DOC will
	be entered into the MACC system as they near
	parole/discharge. Referrals to One-Stop Career
	Centers will be made on an as needed basis by parole
	officers for those offenders who have been placed on
	parole/probation.
Confidentiality Requirements	The release of confidential information regarding an
	offender's program plan and assessment results
	requires a release of information signed by the
	offender. Employees within the WV DOC will
	receive disciplinary sanctions for any unauthorized
	dissemination of official information or use of official
	information for private advantage.
Training Activity	Training is provided to offenders housed within WV
	DOC facilities by the WV Department of Education.
Case Management	Provided by institutional case managers for those
	incarcerated offenders, and parole officers for those
	offenders on parole/probation status.

Planning Compact Cycle	Submits plan to the Division of Corrections.
Job Placement	Offenders under the custody and/or supervision of the WV DOC are expected to be honest with employers regarding their criminal history. Parole officers will be in regular contact with employers to assess the offender's community functioning and level of success at his/her current job.
Special Conditions/Exceptions	Contributions related to entering information into the MACC are contingent on WV DOC staff being provided with the appropriate training, resources, and technology to perform these tasks.

Possible Individual Agency Requirement	General Purpose/Meaning
Agency Name/Key Contact	West Virginia Development Office
	Business and Industrial Development
	304-558-2234
Primary Program(s)	Governor's Guaranteed Work Force Program,
	Competitive Improvement Program, Small Business
	Work Force Development Training Program.
Core Services	Technical assistance for WorkForce Development and
	Training. Referrals to appropriate partner agencies.
	Reimbursement for pre-approved customized training
	(business specific).
	(cusiness specific).
Contributions	Will contribute staff and other in-kind contributions
	to WorkForce West Virginia with information and
	introductions to West Virginia's new and existing
	businesses when appropriate. Share information
	regarding significant layoffs or closures.
Performance Measurement Levels	The West Virginia Development Office, Business
	and Industrial Development Division is responsible
	for all state assistance training programs.
Referral Process	Will collaborate, when appropriate, with WorkForce
	West Virginia by sharing appropriate services.

Special Conditions/Exceptions	WorkForce West Virginia staff will refer Employer
	related training requests, as well as expansion or new
	prospects, to the West Virginia Development Office,
	Business and Industrial Development Division.
Training Activity	Customized Training and Development (Business
	Specific).
	20
Case Management	Case Management for Business and Industry
	customized Workforce Training will be controlled by
	the West Virginia Development Office, Business and
	Industrial Development Division.
Planning Compact Cycle	July 1 – June 30
Special Conditions/Exceptions	Labor Market Information, layoff, and plant closings.
Confidentiality Requirements	Information will be shared with WorkForce West
	Virginia to the extent permitted and not restricted by
	nondisclosure agreements.
Job Placement	To ensure consistent screening, all job order requests
	received will be shared with WorkForce West Virginia.
	Employees of the West Virginia Development Division
	will not be responsible for updating information on the
	MACC system.
