## Forward

This yearly publication is a compilation of the various types of revenues that are available to the state of West Virginia in any given fiscal year from July 1 to June 30.

It consists of four types of revenues:

- General revenues collected in the form of taxes; such as personal income tax, corporate net income taxes, business and occupation taxes and consumer sales and use taxes.
- State Road Fund revenues such as motor fuel excise taxes and license taxes.
- Lottery Fund revenues generated from lottery activities such as the racetrack video lottery and table games, and miscellaneous games, power ball and scratch off tickets sold by retail licensees.
- Special revenue funds generated from agency collections for goods and services provided to public and other agencies, fees, permits and licenses, and federal funds such as grants and federal fund appropriations. This special revenue section also contains trust account funds such as pension funds.

The front sections of the book provide detailed information on general revenue, state road fund, and lottery collections. The back section of the book is a listing of special revenue funds. The special revenue section lists the funds in organization order. The investment balances are also given for funds that are authorized by statute to carry investments with either the state treasury or investment management board.

# **BUSINESS AND OCCUPATION PRIVILEGE TAX**

First year enacted 1921

West Virginia Code Citation:

Chapter 11, Article 13, Sections 1 through 31 inclusive

Brief History of Business and Occupation Tax

Historically, the Business and Occupation Tax applied to all persons, corporations, partnerships and associations engaged in business in West Virginia. Since inception of the tax, the statutes imposing this gross receipts tax have been amended at various times. The first major change was in 1967, when the legislature amended the statute to include professional persons previously not subject to this tax. In 1971, banking and financial institutions were also made subject to the tax. In 1985, the legislature restructured the State tax system repealing the Business and Occupation Tax as it applied to all businesses except for public service or utility businesses (11-13-2d) and the business of generating and producing electric power (11-13-2m). The repeal was effective on July 1, 1987. The Business and Occupation Taxes were replaced with a system of Severance, Business Franchise and Corporate Net Income Taxes. The Business and Occupation Taxes at the local government levels were retained (8-13-5).

## **Current Summary**

The current Business and Occupation Tax does not affect the number of businesses that it affected before the major statutory changes effective July 1, 1987. The current tax is levied on public utilities, gas storage operators, and electric power producers. The rates vary according to the type of activity. Electric power companies fall into different categories based upon whether the company is a producer or non-producer. Producers pay a tax based upon taxable generating capacity, while non-producers or distributors pay a tax based on kilowatt-hours of sales to domestic consumers. Natural gas storage utilities pay a rate based upon net dekatherms, while natural gas utilities pay a rate based upon gross income, as do water utilities, street and interurban and electrical railways, and toll bridge companies.

## BUSINESS AND OCCUPATION TAX COLLECTIONS SINCE 1989

# CONSUMERS SALES TAX AND SERVICE TAX and USE TAX

First year enacted 1933

West Virginia Code Citation:

Chapter 11, Article 15, Sections 1 to 34 inclusive

Chapter 11, Article 15A, Sections 1 to 29 inclusive

Chapter 11, Article 15B, Sections 1 to 37 inclusive

Brief History of Consumers Sales and Service Tax and complementary Use Tax

The original Consumers Sales and Service Tax was enacted in 1933 and has been amended numerous times. Over the years the rates, exemptions, and credits have changed. The statute has very specifically narrowed the definitions applying to Consumers Sales and Service Tax law. The complementary Use Tax was enacted in 1951.

#### Current Summary

The current Consumers Sales and Service Tax and Use Tax applies to all sales or leases of tangible personal property and the furnishing of services in West Virginia unless a specific exemption applies to the sale, lease, or service. The Consumers Sales and Service Tax generally applies to sales, leases, and services whose origination and destination occur within the State, while the complementary Use Tax is imposed upon the use within West Virginia of tangible personal property and services bought or leased outside West Virginia for use or consumption within this State. The Use Tax complements the Consumers Sales and Service Tax, and Use Tax due is remitted on the same form as the Consumers Sales and Service Tax.

Goods and services taxable under either the Consumers Sales and Service Tax or the Use Tax are subject to a 6 percent tax rate. The tax is collected from the purchaser by the person offering the goods or service. The seller then submits the tax to the West Virginia State Tax Department. The law provides that the purchaser shall pay the tax to the seller. No compensation or profit is allowed for the collection of the tax.

The tax on food and food ingredients for home consumption was reduced over a number of years and was completely eliminated effective July 1, 2013. However, purchases and uses by consumers of prepared food, food sold through vending machines, and soft drinks are subject to the 6 percent tax.

During the 2003 legislative session, the Main Street Fairness Act of 2003 was passed. It is based upon a national effort by state governments to equalize the competition between sellers with retail stores within the state and out-of-state sellers that sell to West Virginia consumers via the Internet, telephone or mail order. This legislation enables the State Tax Commissioner to sign the national Streamlined Sales and Use Tax Agreement.

Legislation in 2013 expanded the definition of business presence in West Virginia to include any presence in the State such as a customer call center.

Persons Required to File Returns and Pay Tax

All individuals, corporations, partnerships, associations or other groups engaged in the business of selling tangible property at retail or dispensing certain selected services, excepting personal and professional services and services provided by a corporation subject to the control of the Public Service Commission. The tax is required by statute to be collected from the purchaser. The vendor is then responsible for remitting the tax collected to the State Tax Department. The vendor cannot absorb the tax. If the vendor does not collect the tax, the vendor shall be personally liable for the amount not collected. If the purchaser refuses to pay the tax or does not present the vendor with a valid certificate of exemption, or uses a false certificate, or utilizes the merchandise purchaser is personally liable for the amount of Consumers Sales and Service Tax computed on the purchase. No profit shall accrue to any vendor as a result of collection of the tax, nor can any fee be charged by the vendor for collection and remitting the tax.

# WEST VIRGINIA PERSONAL INCOME TAX

First year enacted 1961

West Virginia Code Citation:

Chapter 11, Article 21, Sections 1-96 inclusive

Chapter 11, Article 6D, Sections 1 through 9 inclusive (as pertains to the Alternative Fuel Tax Credit applicable to Personal Income Tax liability).

Chapter 11, Articles 13A through 13Z (as pertains to certain tax credits applicable to Personal Income Tax liability)

Chapter 11, Article 13AA, Section 5 (as pertains to Commercial Patent Incentives Tax Credit applicable to Personal Income Tax liability)

Brief History of West Virginia Personal Income Tax

The original Personal Income Tax was enacted in 1961, and has been amended numerous times. Over the years the rates, deductions, and exemptions have changed. The statute has been amended various times to include many tax credits, generally expiring within a defined period.

#### **Current Summary**

The West Virginia Personal Income Tax applies to all individuals who earn or receive income in this State. Legislation is enacted annually to update the West Virginia Income Tax law to be in conformity with the federal individual income tax law. The starting point for the calculation of the West Virginia Personal Income Tax is federal adjusted gross income. The lowest marginal tax rate of is 3 percent on income of \$10,000 or less (\$5,000 or less for Taxpayers using a married-filing separate status) and the highest marginal rate is 6.5 percent on income of \$60,000 or more (\$30,000 or more for Taxpayers using a married-filing separate status), there are three intermediate marginal rates.

Two provisions lessen the tax burden on lower income Taxpayers. A low-income exclusion was enacted in 1996 for Taxpayers whose federal adjusted gross income was \$10,000 or less ((\$5,000 or less for married-filing separate) that provided that the Taxpayer could deduct the amount of earned income (i.e., wages, salaries, tips, etc.) included in their federal adjusted gross income. A Family Tax Credit (WV Code §11-21-22) was enacted in 2006 that essentially eliminated the Personal Income Tax for Taxpayers whose family income was below the federal poverty guideline for their family size. The Family Tax Credit also reduced the tax for families whose income was slightly above the federal poverty guidelines.

Persons Required to File Returns and Pay Tax

The tax, as its name implies, is a Personal Income Tax upon each resident individual, estate or trust, or each nonresident individual, estate or trust whose income, whole or in part, was derived from West Virginia sources, except nonresidents whose income is taxed in resident state and which state provides similar exemptions to residents of the state of West Virginia.

#### Exemptions Personal Income Tax

As of January 1, 1987, the Personal Income Tax exemption for an individual is \$2,000.00; it applies to the number of federal exemptions allowed on the federal income tax return for that same year. A surviving spouse who has not remarried at any time before the end of the taxable year for which the return is being filed may claim an additional exemption of \$2,000 for the two taxable years following the year of death of his/her spouse. Individuals who are claimed as a dependent on another person's return are entitled to a \$500 exemption.

Basis for Computation of Personal Income Tax

The adjusted gross income on the federal Personal Income Tax is the basis for State income tax. However, there are modifications increasing and decreasing this basis.

Modifications that increase federal adjusted gross income are as follows:

- (1) Interest income on obligations of any state other than this state or of a political subdivision in another state.
- (2) Interest or dividend income on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from State income taxes.
- (3) Deduction allowed when determining federal adjusted income that is not allowed as a deduction under WV Code (11-21-1 et seq.).
- (4) Interest on indebtedness incurred or continued to purchase or carry obligations or securities the income from which is exempt from tax by WV Code 11-21, to the extent of determining federal adjusted gross income.
- (5) Interest on a depository institution tax exempt savings certificate which is allowed as an exclusion from federal gross income under Section 128 of the Internal Revenue Code.
- (6) The amount of a lump sum distribution for which the taxpayer has elected under Section 402(e) of the Internal Revenue Code of 1986, as amended, to be separately taxed for federal income tax purposes.
- (7) Amounts withdrawn from a medical savings account established by or for an individual under WV Code (33-15-20) or WV Code (33-16-15) that are used for a purpose other than medical expenses.

Modifications that decrease federal adjusted gross income are as follows:

- (1) Interest income on obligations of the United States and its possessions to the extent includable in gross income for federal tax purposes.
- (2) Interest or dividend income on obligations or securities of any authority, commission or instrumentality of the United States or of the state of West Virginia to the extent includable in gross income for federal income tax purposes but exempt from state income taxes under the laws of the United States or of the State of West Virginia including federal interest or dividends paid to shareholders of a regulated investment company, under Section 852 of the Internal Revenue Code.
- (3) Any amount included in federal adjusted gross income for federal income tax purposes for the taxable year that is not included in federal adjusted gross income under WV Code (11-21-1 et seq.).
- (4) The amount of any refund or credit for overpayment of income taxes imposed by this state, or any other taxing jurisdiction, to the extent properly included in gross income for federal income tax purposes.
- (5) Annuities, retirement allowances, returns of contributions and any other benefit received under the WV Public Employees Retirement System, the WV Teachers Retirement System, Federal Civil Service, and all forms of military retirement, including regular armed forces, reserves and National Guard including any survivorship annuities derived to the extent includable in gross income for federal tax purposes. Modification cannot exceed \$2,000.00.
- (6) All benefits received under the West Virginia Department of Public Safety Death, Disability, and Retirement Fund or retirement income received as pensions or annuities from any qualified West Virginia or local police deputy sheriffs' or firefighters' retirement system.
- (7) For taxable years beginning January 1, 2003, an additional \$20,000.00 of military retirement pay from regular armed forces, reserves and National Guard, and survivor's annuities to the extent included for federal income tax purposes.
- (8) Federal adjusted income in the amount of \$ 8,000.00 received from any source by any person who has attained the age of 65, or by any person certified by the proper authority as permanently and totally disabled, regardless of age. Provided that: the total amount in the previous modifications does not exceed \$8,000.00. If the total amount of modifications is less than \$8,000.00 the amount allowed in this section is the difference between \$8,000.00 and the sum of the previous modifications. A surviving spouse is eligible for this modification, subject to the same limits.
- (9) The first \$2,000 of deposits made to medical savings accounts offset by any withdrawals made for purposes other than payment of medical expenses if the medical savings account qualifies under West Virginia law but not under federal law for such treatment.

Additional modifications reducing federal adjusted gross income are: deductions for long term care insurance under WV Code §11-21-12c; payments made under a prepaid tuition contract or other college savings plan under WV Code (18-30-1 et seq.); pension income less than guaranteed amount under a retirement plan that had a maximum benefit guarantee that was terminated under WV Code §11-21-12d; active duty military pay under Executive Order of the President of the United States in "Operation Enduring Freedom" or for domestic security duty under WV Code §11-21-12e(b); amounts for travel on WV toll roads paid electronically through the use of

Parkway Authority Commuter (PAC) cards under WV Code §11-21-12h, and contributions to a qualified trust for maintained for the benefit of a child with autism under WV Code §11-21-12i.

Additional modifications increasing federal adjusted gross income are: amounts deducted on federal returns under Section 199 of the Internal Revenue Code (WV Code §11-21-12g); and amounts previously deducted for prepaid tuition and college savings plans that are subsequently withdrawn and not used for qualified expenses under WV Code §18-30-1 et seq. and WV Code §11-21-12f.

Tax Credits That May be Applied to the Personal Income Tax

(1) Senior citizen's tax credit for property tax paid on first \$20,000.00 of taxable assessed value of a homestead.

(2) Homestead excess property tax credit for WV owner-occupied residential real property taxes paid in excess of 4 percent of an individual's income.

- (3) Low income family tax credit.
- (4) Credit for income tax paid to other states.
- (5) Credit for qualified historic rehabilitated buildings investment.
- (6) Credit for nonfamily adoption.
- (7) Credit for residential solar energy.

There are various other tax credits that may be applied to the Personal Income Tax. However, these credits can only be applied after the credit has first been applied to business taxes such as Corporation Net Income Tax liability. Examples are: Economic Opportunity Tax Credit, (11-13Q-7); Neighborhood Investment Program Tax Credit (11-13J-6); Apprenticeship Training Tax Credit (11-13W-1); Tax Credit for Agricultural Equipment (11-13K-2); WV Film Industry Investment Act Credit (11-13X-8); Commercial Patent Incentives Act Credit (11-13AA-5).

### Allocation and Use

Deposited in the general revenue fund and appropriated by the West Virginia legislature.

The 2016 Regular Session enacted many changes to prior appropriations of Personal Income Tax revenues. Effective February 1, 2016, the \$10.6 million monthly transfer (exclusive of the months of July, August, and September) to the Old Workers Compensation Fund created in WV Code §23-2C-1 et seq. and as required under WV Code §11-21-96 and WV Code §4-11A-18 ceased. Beginning July 1, 2016 and as described in WV Code §11-21-96, \$30 million annually will be appropriated to pay the unfunded liability of the West Virginia Retiree Health Benefit Trust Fund created in WV Code §5-16D-2. These funds will be transferred monthly for the months of October, November, December, January, February, and March in the amount of \$5 million per month. This transfer will continue each year until the Governor has certified to the Legislature that an independent actuary has determined that the unfunded liability has been provided for in its entirety.

A special fund entitled the "Special Income Tax Reserve Fund" is allowed to accumulate funds for the adequate cash flow coverage of post income tax refunds.

# LIQUOR PROFITS

First year enacted 1955

West Virginia Code Citation:

Chapter 60, Articles 1-8 inclusive

Brief History

Sales of alcoholic liquor at both the wholesale and retail level were at the control of the state until the early 1990s. The state of West Virginia owned and operated the retail outlets. The Alcohol Beverage Control Commissioner (originally known as the West Virginia Liquor Control Commission) controlled the wholesale and retail sales of alcohol. The commissioner established retail stores and agencies throughout West Virginia, subject to local option election in the county or municipality.

# **Current Summary**

The Alcohol Beverage Control Commissioner currently sells liquor on the wholesale market only. The legislature changed the statute during the 1990 session. Retail liquor is sold by retail licensees only. Potential licensees submit sealed competitive bids to the state retail liquor licensing board. Bids from West Virginia residents are given a five percent preference. The first licenses issued when the statute changed expired on July 1, 2000. In the fiscal year before July 1, 2000, the bidding process reopened and the new licenses were issued to the highest bidders. New licenses are issued on a ten year cycle.

In June 2009, the legislature changed some of the license classifications before the July 1, 2010 issuance of newly bid licenses. The new license categories are A and B. The A license is a freestanding liquor retail outlet and the B license is a mixed retail liquor outlet.

Before opening the retail license bidding procedure the Retail Liquor Licensing Board will have determined the minimum bids for each license based upon a review of the sales of that outlet or outlets. There are other factors to be considered in determining the minimum acceptable bids. The board also considers the revenues projected by the governor's official revenue estimates from liquor license renewal.

In addition to the initial bid amount paid to the Commissioner for the purchase of the retail license for ten years, there is an annual license fee required. Class A license fee is \$2,000.00 per annum and a Class B license fee is \$2,000.00 per annum.

# Wine Liter Tax WV Code (60-8-4)

## Allocation and Use

Monies received by the commissioner are deposited into an operating fund. All receipts accruing to and available for the general revenue fund in excess of the requirements of the operating fund and the license fee and additional sales taxes imposed by WV Code Chapter 60 shall be remitted to the State Treasurer within fifteen days next after the end of the calendar month (WV Code 60-3-17).

The five percent of purchase sales tax imposed in WV Code, 60-3A-21, on the retail sale of liquor is distributed to the county or municipality where it is collected. The tax commissioner remits the money to the State Treasurer and the State Treasurer remits it quarterly to the counties and municipalities.

Wine liter taxes are deposited to the general revenue fund (WV Code 60-8-24). Wine license fees in the amount of the first \$200,000 are deposited into a special revolving fund, the Tax Commissioner's Wine Tax Administration Fund; remaining monies collected are deposited to the Alcohol Beverage Control Commissioner Wine License Special Fund.

Liquor License Renewals

# BEER TAX AND LICENSES

First Year Enacted 1933

West Virginia Code Citation:

Chapter 11, Article 16, Sections 1-29 inclusive

# Brief History

The tax was originally levied in 1933. The rate was \$1.00 for each barrel (31 gallons), whether sold in barrels or other containers. In 1937, the tax was increased to one dollar and thirty seven and one half cents, \$1.375. In 1947, it was raised to \$2.75 per barrel.

In 1951, in order to aid in the payment of veterans' bonus bonds, the tax was raised to \$ 5.50 per barrel. License fees and bonding requirements were added to the statute. In 1966 the legislature repealed the dedication of the tax to the veterans' bonus bonds, but kept the rate at \$5.50 per barrel.

# **Current Summary**

This tax is currently authorized by Chapter 11, Article 16, of the West Virginia Code. It is referred to as the "Nonintoxicating Beer Act." The current statute was written in 1986. "Nonintoxicating beer" is defined by the code to mean all natural cereal malt beverages or products of the brewing industry commonly referred to as beer, lager beer, ale and all other mixtures and preparations produced by the brewing industry, including malt coolers and nonintoxicating craft beers with no caffeine infusion or any additives masking or altering the alcohol effect containing at least one half of one percent alcohol by volume, but not more than nine and six-tenths of alcohol by weight, or twelve percent by volume, whichever is greater, all of which are hereby declared to be nonintoxicating. A distinction is specifically made in the code between liquors as regulated by Chapter 60, Article 1 and "nonintoxicating beers" as regulated by Chapter 11, Article 16; there are no common characteristics for the two classifications of regulated beverages.

The source of revenue is from the sale of licenses for the sale, distribution, manufacturing, bottling, processing and serving of nonintoxicating beer. The other source is a barrel tax on each thirty one gallons of beer manufactured.

## Persons Required to File Returns and Pay Tax

License tax is payable by any persons selling, serving, delivering or otherwise dispensing nonintoxicating beer; and persons manufacturing, processing for sale or bottling nonintoxicating beer. There are two types of licenses. Class A licenses are for establishments selling nonintoxicating beers to be consumed on the premises and for social, fraternal and private clubs operating as nonprofit. Class B licenses are for establishments selling at retail for consumption away from the selling premises, such as grocery stores, party supply stores, caterers, and delicatessens; these sales are sealed containers only.

Barrel tax is payable by brewers manufacturing or producing nonintoxicating beer within this state for sale within the state; and by distributors who are the original consignees of nonintoxicating beer manufactured or produced outside of this state or who bring nonintoxicating beer into this state.

# TOBACCO PRODUCTS EXCISE TAX

First year enacted 1947

Formerly known as the Cigarette Tax; renamed on April 13, 2001.

West Virginia Code Citation:

Chapter 11, Article 17, Sections 1-23

# **Brief History**

The Cigarette Tax Act was originally enacted by the 1947 legislature. It imposed a tax of one half cent upon the sale of ten cigarettes.

The code was amended many times with rates being raised in small increments and portions of the proceeds being dedicated to veterans' bonds and the general school fund. In 1966, the legislature repealed dedication to the veterans' bonds. In 1978, the legislature repealed dedication to the school fund.

From enactment until 1978, when the rate increased to seventeen cents per package of twenty, the tax rate per package of twenty cigarettes has been five cents, twelve cents. The rate did not increase again until the 2003 legislative session, when it was raised to fifty-five cents per package of twenty. The 2016 Special Session raised the rate again to one dollar and twenty cents per package of twenty effective July 1, 2016.

In 2001, the tax was amended to include all tobacco products, not just cigarettes. Other tobacco products include snuff, chewing tobacco, and tobacco products meant to be consumed by means other than smoking, and products such as pipe tobacco and cigars. These products were taxed at a rate of 7 percent of the wholesale price. The rate increased in the 2016 Special Session to 12 percent of the wholesale price effective July 1, 2016.

The 2016 Special Session also introduced a new Tobacco Products Tax on e-cigarette liquid. This amendment, as described in WV Code §11-17-4b, imposes a tax of 7.5 cents per milliliter of e-cigarette liquid effective July 1, 2016.

The levying of any tobacco products tax by municipalities or other governmental subdivisions is expressly prohibited by WV Code (§11-17-4a).

## Persons Required to Pay Tax and File Returns

The tax on cigarettes is paid by the purchase of stamps. The stamps or impressions are affixed to the cigarette package. The stamps or impressions are purchased from the State Tax Commissioner by the wholesaler.

The tax imposed upon other tobacco products is paid using an invoice method prescribed by the State Tax Commissioner.

On or before the fifteenth day of each month, manufacturers, importers, common carriers, wholesalers, sub-jobbers, retail dealers and agents or vending machine

operators shall when required by the State Tax Commissioner, file a report covering the business transacted in the previous month providing any information the Commissioner determines necessary for the assessment of taxes. The amount of tax due is submitted with the return. Returns must be filed even though no business may have been conducted or no tax is due.

#### Rates

Current rates are: (1) One dollar and twenty cents per package of twenty cigarettes. (2) Twelve percent of the wholesale price for other tobacco products. (3) Seven and one-half cents per milliliter of e-cigarette liquid.

#### Allocation and Use

To be deposited to the general revenue fund of the State of West Virginia and appropriated by the legislature.

# CORPORATE LICENSE TAX

REPEALED EFFECTIVE JULY 1, 2008

First year enacted 1939

This tax was also known as the Charter Tax

WV Code Chapter 11, Article 12C, Sections 1-12 (Repealed)

Current Summary

Effective July 1, 2008, the Corporate License Tax was repealed. It was a license tax upon the corporate charter for the fiscal year from July 1, to June 30. The tax was based upon the corporation's authorized capital stock. It was required to be paid annually even if no business was transacted.

The Secretary of State collected the first year's assessment upon application for a certificate of incorporation. Thereafter the annual tax was collected by the State Tax Commissioner.

Legislation in 2008 repealed the tax on the capital stock. It was replaced with an annual report fee of \$25.00 which is paid to and collected by the Secretary of State.

The repeal did not allow amnesty for taxable years ending prior to July 1, 2008, WV Code (11-12C-13). Minor annual collections in recent years reflect reinstatements of corporations who failed to pay renewal fees accruing prior to July 1, 2008.

The Corporate License Tax collected by the State Tax Commissioner is deposited into the General Revenue Fund. The first year Corporate License Tax previously collected by the Secretary of State and the current annual report fee are used by the Secretary of State for costs associated with maintaining up to date information on corporate registrations.

## **General Provisions**

Property taxes or ad valorem taxes are levied upon all real and personal property. It is one of the oldest forms of taxation. Through history, ad valorem taxes were the chief source of revenue for governments. The constitution of the State has limited and specified law on ad valorem taxes (WV Constitution, Article X). Amendments allow voter ratification in each county for increases above the maximum rate set in law. State government cannot increase the rate.

Revenues derived from property taxes accrue to the State, counties, municipalities, and county school boards. Rates vary among the counties as do the percentages of assessed appraised valuations.

Real estate is assessed at the place of location, and personal property is assessed at the domicile of the owner, but goods, wares and chattels may be assessed in the district where they are located on the assessment date. Chattel interests in real and personal property are now deemed to be tangible personal property and are taxed as such.

There are special assessment methods for valuation applied to certain manufacturing production property and capital additions to that property. Natural resources are also valued by a special assessment method. The State Tax Commissioner is responsible for these valuations.

There are also special assessment procedures for managed timberland that is used for commercial production (WV Code 11-1C-11a).

Public service utilities send their returns to the State Tax Commissioner. The property of such companies is apportioned throughout the several counties in which it operates and is then subdivided into the municipal districts within the county. The State Auditor computes the taxes, based upon the assessed valuation made by the Board of Public

Works and by using the tax levies as approved by the levying bodies in each county. Taxes are collected by the State Auditor and distributed to the counties.

## Basis and Rate of Tax

Each county assessor is responsible for assessing real and personal property in the county. The real properties are re-evaluated every three years. The assessed valuations are 60 percent of the actual market value of the property.

Maximum Rates: Class I (intangible personal property, exempted in 2003; agriculture products, and tangible property used in agricultural production, exempted in 2008) Fifty Cents per \$100.00 of valuation. Class II (all property owned, used and occupied by the owner for residential purposes, all farm lands) One Dollar per \$100.00 of valuation. Class III (All real and personal property outside of municipalities, exclusive of Classes I and II) One Dollar and Fifty Cents per \$100.00 of valuation. Class IV (All real and personal property inside of municipalities, exclusive of Classes I and Personal property inside of municipalities, exclusive of Class II) Two Dollars per \$100.00 of valuation.

# General Provisions

The state of West Virginia collects a tax from every insurance company transacting business in the state based upon gross premiums from insurance business in West Virginia, with certain exceptions. Those exceptions include health care corporations, health maintenance organizations, fraternal benefit services and farmer's mutual fire insurance companies.

The main premium tax paid is equal to three percent of the gross annual premiums collected less any allowable adjustments. Two percent of the premium tax is levied in WV Code Chapter 33, Article 3, Section 14; an additional one percent is levied in WV Code Chapter 33, Article 3, Section 14a.

An additional premium tax of one percent of taxable premiums is levied on fire insurance and casualty insurance policies (WV Code 33-3-14d). The purpose of this additional tax is to provide revenue for municipal policemen's and firemen's pension and relief funds and the Teachers Retirement System reserve fund and for volunteer and part volunteer fire companies and departments.

There is a surcharge not classified as an additional premium tax, imposed on the policyholder of any fire insurance policy or casualty insurance policy issued in the state. It is equal to 0.55 percent of the gross premium paid (WV Code 33-3-33(3)). The surcharge is collected by the insurer and is remitted to the insurance commissioner.

The insurance commissioner also collects annual license fees from persons acting as insurers and transacting insurance in West Virginia. This includes producer's and adjuster's licenses.

In addition to license fees, the commissioner is directed to impose fees for: receiving and filing reports; valuation of policies of companies organized in this state and other states; and for each licensed producer.

An annuity tax is imposed based upon the gross amount of annuity considerations collected and received by life insurers on business transacted in this state. The tax is calculated on the gross annuities received less the annuity considerations returned and less termination allowances on group contracts. The result is taxed at one percent. (WV Code 33-3-15)

There is also a minimum annual tax imposed upon insurers. Each licensed insurer must pay a minimum of \$200.00 yearly for taxes imposed in West Virginia Code Chapter 33, Article 3. All licenses and fees are subject to retaliation per W.Va. Code 33-33-16.

Various code sections specifically related to certain departments and agencies

**General Provisions** 

Certain officers and departments of the state are required to collect fees for services and goods provided to other state departments and the private sector. Some of the departmental collections are dedicated specifically in statute to certain special revenue funds. Some of these fees not retained by the specific department authorized to collect them are to be deposited with the state treasurer for deposit in the general revenue fund. The majority of these collections are derived from fees charged by the various constitutional officers: auditor's office, secretary of state's office, clerk of the Supreme Court and attorney general.

# **CORPORATION NET INCOME TAX**

First year enacted 1967

West Virginia Code Citation:

Chapter 11, Article 24, Sections 1 through 43 inclusive

# **General Provisions**

The West Virginia Corporation Net Income Tax adopted many provisions of the laws of the United States Internal Revenue Code relating to the determination of income for federal tax purposes. The purpose of the adoption of these provisions was to simplify preparation of State Corporation Net Income Tax returns for taxpayers, improve enforcement of the State Corporation Net Income Tax through better use of information obtained from federal income tax audits, and to aid interpretation of the State Corporation Net Income Tax law through increased use of federal judicial and administrative law determinations and precedents. Annually the State Corporation Net Income Tax is updated to reflect changes in the federal tax code.

In a special legislative session in November 2006, the rate was lowered to 8.75% effective for taxable years after January 1, 2007. In the 2008 session the rate was revised downward as follows: 1) Taxable periods beginning on or after January 1, 2009, the tax was decreased to 8.5%. 2) Taxable periods beginning on or after January 1, 2012 it was decreased to 7.75%. 3) Taxable periods beginning on or after January 1, 2013 it was decreased to 7.0%. 4) Taxable periods beginning on or after January 1, 2014 it was decreased to 6.5%.

Persons Required to File Returns and Pay Tax

All domestic or foreign corporations engaging in business in this state or deriving income from property, activity or other sources must file a return and pay the tax if applicable. Certain types of corporations are specifically exempt.

# Basis of Tax

Amendments to the apportionment laws in 2007, allowed corporations engaged in a unitary business to apportion West Virginia taxable income to an allocable share of the combined net income of the group. Corporations which are subject to taxation in West Virginia and one or more other states use an apportionment formula to determine

The tax is based upon the taxable income as defined by the laws of the United States for federal income tax purposes with certain adjustments to determine its West Virginia taxable income. Provisions are also made for corporations having income from business activity which is taxable outside of West Virginia, in order that its West Virginia taxable income shall be apportioned to its actual business activity within West Virginia.

taxable income. The formula weighs three factors: payroll, sales and property. Sales carry 50% of the formula, property 25% and payroll 25%. Income that does not relate to the taxpayers line of business is not apportioned (rents, royalties, patents, capital gains and losses from sales of property in West Virginia, interest and dividends).

Motor carriers and financial corporations have specific apportionment rules. These rules relate to mileage in the case of motor carriers, and gross receipts in the case of financial institutions.

# Exemptions

- Corporations which by reason of their purposes or activities are exempt from federal income tax
- Insurance companies which pay West Virginia premium taxes and pay surcharge premiums
- Production credit associations organized under the provisions of the federal Farm Credit Act of 1933
- Corporations electing to be taxed as subchapter S of the IRS code of 1986
- Trusts established pursuant to [29-USCS 186] of the United States

# Basis

The basis is the federal adjusted gross income plus or minus modifications.

Increasing modifications:

- Interest or dividends on obligations or securities of any state or its political subdivisions
- Interest or dividends to the extent not deducted in determining federal taxable income, on obligations or securities of any authority of the United States which are not used in determining federal adjusted gross income
- Income taxes and other taxes, including franchise and excise taxes, which are based upon or computed with reference to net income imposed by West Virginia or any other taxing jurisdiction to the extent deducted in determining federal taxable income
- The amount of unrelated business taxable income of a corporation which by its purpose is generally exempt from federal income taxes

Collections of Severance Tax

### **BUSINESS FRANCHISE TAX**

First Year Enacted 1987

WV Code Citation:

Chapter 11, Article 23, Sections 1 through 28 inclusive

**General Summary** 

The Business Franchise Tax was enacted during the restructuring of the State tax system in1985, when the legislature repealed the Business and Occupation tax as it applied to non-utility and non-power companies. The Business Franchise Tax is a tax upon the privilege of doing business in West Virginia. It is not an ad valorem tax imposed on the property of corporations and partnerships in West Virginia. The tax base is the capital of the corporation (which is calculated as the average value of the common and preferred stock, the amount of paid in or capital surplus, the amount of appropriated and non-appropriated retained earnings, less the cost of treasury stock). Partnerships are taxed upon the average of the beginning and ending partners' capital balances.

Legislation in 2006 allowed for the gradual reduction in Business Franchise Tax rates over a period of several years. Effective for taxable years beginning on or after January 1, 2015, the Business Franchise Tax rate will be zero percent.

Persons Required to File Returns and Pay Tax

Every domestic corporation, every corporation having its commercial domicile in West Virginia, every foreign or domestic corporation owning or leasing real or tangible personal property located in the state or doing business in the state is required to file and pay tax. Business Franchise Tax is also imposed on partnerships owning or leasing real or tangible property in West Virginia or doing business in the state.

Rate of Business Franchise Tax

Business Franchise Tax rates are being gradually reduced on an annual basis as follows:

| Taxable Year Beginning | Rate                                   |
|------------------------|--|
| January 1, 2007        | Greater of \$50.00 or .55% of tax base |
| January 1, 2009        | Greater of \$50.00 or .48% of tax base |
| January 1, 2010        | Greater of \$50.00 or .41% of tax base |
| January 1, 2011        | Greater of \$50.00 or .34% of tax base |
| January 1, 2012        | Greater of \$50.00 or .27% of tax base |
| January 1, 2013        | Greater of \$50.00 or .20% of tax base |
| January 1, 2014        | Greater of \$50.00 or .10% of tax base |

## MOTOR VEHICLES PRIVILEGE TAX

As of July 1, 2008, this tax is known as the 5% consumer sales tax on sale of motor vehicles. The tax has remained dedicated to the state road fund.

First year enacted 1935

West Virginia Code Citation:

Chapter 17A, Article 3, Sections 1-24 inclusive

Chapter 17A, Article 4, Sections 1-12 inclusive

Chapter 17A, Article 3, Section 4; transferred to West Virginia Code Chapter 11, Article 15, Section 3c as of July 1, 2008

Administration

Commissioner of Motor Vehicles

#### Current Summary

During the 2007 legislative session, the privilege tax on motor vehicles was changed to a 5% consumer sales tax on vehicles newly titled in West Virginia. Provided in the legislation was an exemption for new residents moving to West Virginia and transferring a vehicle they had previously titled in another state. The bill required that effective on July 1, 2008, in order for the new resident to take advantage of this exemption, they must establish residency and then title their vehicle within thirty days.

#### **General Provisions**

A sales tax is imposed upon certification of title of a vehicle in the amount of the 5% of the value of that motor vehicle at the time of certification. There are three methods to determine the basis for the sales tax depending upon the circumstances of the acquisition:

If the vehicle is new, the actual purchase price is the basis.

If the vehicle is second hand, the present market value at the time of transfer, or purchase, is the value of the vehicle for the purpose of the tax.

If the vehicle is a gift, the present market value of the vehicle at the time of the gift is the basis for the tax. If the gift is between husband and wife or parents and children, the present value is not taxed if the vehicle was previously titled in West Virginia.

#### Exemptions

The following transactions are exempt from the 5% sales tax on the titling of vehicles:

- If the vehicle is obtained through inheritance and the tax has been paid to the state of West Virginia by the previous owner
- A person is not required to pay the tax twice on the same vehicle unless that vehicle has been transferred to another person and then transferred back to the person; a five dollar fee is charged to re-title the vehicle
- The tax does not apply to the titling of vehicles rented on a daily or monthly basis by West Virginia businesses. The daily rental and monthly leasing of automobiles are given separate tax treatments. Businesses engaged in the daily rental of automobiles are to collect a minimum of one dollar or a maximum of one and a half dollars per day tax on the vehicles. Businesses leasing automobiles on a monthly basis collect a five percent tax on the monthly lease fee and remit the tax to the division of motor vehicles. Each business engaged in the daily rental of passenger cars must be licensed by the division of motor vehicles. The initial license fee is two hundred fifty dollars.
- This tax does not apply to an applicant if the applicant is a corporation, partnership or limited liability company transferring the vehicle to another corporation, partnership or limited liability company when the entities involved in the transfer are members of the same control group.
- This tax also not apply to vehicles registered in Class H or Class M, which are to be used in interstate commerce.
- This tax does not apply to vehicles registered in Class B at a weight of fifty five thousand pounds or more.
- This tax does not apply to vehicles registered as Class C semi trailers, full trailers, pole trailers and converted gear.
- This tax does not apply to titling of vehicles by a registered dealer of this state for resale only.
- This tax does not apply to titling of vehicles by West Virginia or any political subdivision of West Virginia.
- This tax does not apply to titling of vehicles by any volunteer fire department or duly chartered rescue or ambulance squad incorporated under state law as a nonprofit corporation.
- This tax does not apply to a vehicle used solely for the transportation of mentally retarded or physically handicapped children on a nonprofit basis.
- Any person in the military stationed outside of West Virginia or his/her dependents who possess a motor vehicle with valid registration, are exempt from this tax for a period of nine months from the date the person returns to West Virginia.
- This division of motor vehicles charges a fee of fifteen dollars for the issuance of a salvage certificate, but does not charge the five percent sales tax.
- A wrecker/dismantler/rebuilder is exempt from the five percent tax when titling a re-constructed vehicle however the division of motor vehicles collects a thirty five dollar fee for the inspection of reconstructed vehicles.
- Senior citizen service organizations which are exempt from the payment of income taxes under United States Internal Revenue Service Code, Title 26, U.S.C. 501 © (3) and which are recognized to be senior service organizations are exempt from the five percent sales tax when titling vehicles.

## MOTOR FUEL EXCISE TAX

#### Enacted in 2003; Effective January 2004

(This tax was originally known as the Gasoline Excise Tax and Special Fuel Tax. It was enacted in 1923. The West Virginia Code Chapter 11, Article 14, Sections 1 through 30 and Chapter 11, Articles 15 and 15A, Sections 18 and 13 were repealed in the 2003 legislative session.)

WV Code:

Chapter 11, Article 14C, Sections 1-47 Motor Fuel Excise Tax (flat rate portion)

Chapter 11, Article 15, Section 18b Tax on Motor Fuel (variable rate portion; consumers' sales tax portion)

Chapter 11, Article 15A, Section 13a Tax on Motor Fuel (variable rate portion: use tax portion)

#### Administration

West Virginia State Tax Commissioner

#### **General Provisions**

The Motor Fuel Tax is composed of an excise tax component and a variable tax component. The excise tax levied on all motor fuel at a flat rate equal to twenty and one half cents per gallon. The variable component consists of the Consumers Sales and Service Tax, or Use Tax levied at a per gallon tax rate equivalent to a 5% tax on the average wholesale price of a gallon of fuel provided that the average wholesale price cannot be below ninety seven cents a gallon. A special legislative session in November 2009 enacted senate bill 4004. This legislation changed the wholesale price to be no less than \$2.34 per invoiced gallon effective January 1, 2010. (11-14C-5-b (2))

The excise tax (flat rate) component is set at twenty and one half cents per gallon. The variable tax component is established by the State Tax Department upon review of average wholesale prices of motor fuel for the July through October period. The calculated tax rate is effective for the calendar beginning on January 1 of the year following the July through October period.

The tax is imposed at the time the motor fuel is imported into this state, other than by a bulk transfer. It is measured by invoiced gallons received outside of West Virginia at a refinery, terminal or bulk plant for delivery to a destination in West Virginia.

The tax is also imposed on invoiced gallons of motor fuel removed other than by bulk transfer (bulk transfer is defined as any transfer of motor fuel from one location to another by pipeline tender or marine delivery within a bulk transfer/terminal system):

• From the bulk transfer/terminal in this state;

- From the bulk transfer/terminal system outside this state for delivery to a location in West Virginia represented on the shipping papers;
- Upon the sale or transfer in a terminal or refinery in West Virginia to any person not holding a supplier's license and payable by the person selling or transferring the motor fuel;
- This tax does not apply to motor fuel imported into the state in the motor fuel supply tank or tanks of a motor vehicle (Motor Carrier Road Tax may apply);
- This tax applies to motor fuels blended in West Virginia by a calculation that deducts the quantity used in blending that has been previously taxed prior to the blending.

Voters in the state of West Virginia approved a constitutional amendment on November 6, 1984, which allowed for the creation of a state operated lottery. In April of 1985, the legislature voted to pass the State Lottery Act, which was then signed by the governor in May of 1985. The first lottery tickets were sold on January 1, 1986.

The State Lottery Act created a special fund in the West Virginia Treasury for lottery monies. It was formed to assist the state in educational and cultural funding. The act also created a seven member lottery commission to be appointed by the governor. Provisions were made for a governor appointed director to administer the day to day operations of the lottery office. Only lottery commission approved licensees are permitted to sale lottery tickets. The licenses are issued for one year and are subject to numerous regulations and restrictions.

The first game issued was the preprinted ticket instant winner type lottery. The commission was granted the power to promulgate rules and regulations specifying the types of lottery games allowed. Some of the regulations were as follows: Lottery games utilizing the results of any amateur or professional sporting events, dog or horse race were expressly prohibited. Video lottery game systems must include a central site system of monitoring the terminals using an on line or dial up inquiry. No lottery games can use machines which dispense currency. If the lottery game uses a ticket, each ticket must bear a one of a kind number. Certain games which use an electronic computer and video screen to operate a lottery game and communicate the results, but do not use an interactive electronic terminal device allowing input by the player, may only be used in private clubs. Selection of the winner of the game must be based upon chance.

Beginning in September of 2000, the commission established an instant lottery scratchoff games designated as the veterans' benefit game. All of the profits received from this game are deposited into the veterans' lottery fund and are used to make the payments of interest and principal for revenue bonds issued for the construction of an initial veterans' skilled nursing facility. In 2007, table games were legalized by adding a new code section, Chapter 29, Article 22C, Sections 1-34. The games are to be conducted at licensed race tracks, subject to local option election in the county in which pari-mutuel wagers are received at a race track licensed under Chapter 19, Article 23.

In 2009, table games were legalized at historic resort hotels by adding a new code section, Chapter 29, Article 25, Sections 1-38, entitled, "Authorized Gaming Facility".

#### State Lottery Distribution of Monies

A special revenue fund was created in the state treasury and entitled the "State Lottery Fund". All revenues received from the sale of lottery tickets, materials and games shall be deposited in the fund. Any revenues derived from investment of these funds, any gifts, donations or grants are also deposited to this account along with the initial appropriation to create the lottery.

The distribution of the funds is as follows: A minimum annual average of forty five percent of the gross amount received from each lottery shall be allocated and disbursed as prizes. Not more than fifteen percent of the gross amount received from each lottery may be allocated and disbursed to provide for the fund operation and administration expenses, however for a limited time from January 2002 and until June 30, 2003, that percentage increased to seventeen percent.

Net profit shall be determined by subtracting the fifteen to seventeen percent administration costs and forty five percent prize costs from the aggregate gross amount received from all games. In the event that this creates a surplus, two hundred fifty thousand dollars can be kept as retained earnings by the lottery.

The \$ 250,000.00 limit on retained earnings by the lottery was amended on June 14, 2006, by House Bill 106 to allow the lottery to retain up to \$20 million yearly for the fiscal years ended June 2006, 2007, 2008, 2009, 2010 and 2011. These amounts were transferred to the Revenue Center Construction Fund. The excess of these construction amounts were returned to the lottery fund in June 2010.

#### The net profit is to be allocated as follows:

- Economic Development
- Other Debt Service Funds

- General Purpose Fund

The general revenue portion may have the following priorities:

In fiscal year 2004 and after, the lottery commission shall deposit into the general revenue fund amounts necessary to provide reimbursement for the refundable credit allowable under Chapter 11, Article 21, Section 21, of the West Virginia Code. (Senior citizens tax credit for property tax paid on the first twenty thousand dollars of taxable assessed value of a homestead in this state.)

### West Virginia Lottery Racetrack Table Games- Distribution of Monies

A special revenue fund was created in the state treasury known at the West Virginia Lottery Racetrack Table Games Fund and all taxes collected shall be deposited into this fund, including interest earned on those collections.

The initial license fee for table games is \$1.5 million. The yearly renewal license is \$2.5 million. These license fees are deposited in a Community-Based Service Fund in the state treasury. The monies in this fund are expended by the Bureau of Senior Services upon appropriation by the legislature for the purpose of enabling aged and disabled citizens of West Virginia to maintain their residency in the community with the provision of home and community-based services.

From the gross amounts deposited into the Racetrack Table Games Fund, the lottery commission shall distribute or expend as follows:

### For the initial year of table games licensing:

- Retain an amount for administrative expenses of the commission not more than 3 percent of the gross income for each licensed table games track.
- Transfer two and one half percent of adjusted gross receipts from all thoroughbred racetracks with table games to special funds established by each thoroughbred racetrack table games licensee for the payment of regular thoroughbred purses. The amount is to be divided equally between the special funds of each thoroughbred track table games licensee. Two and one half of adjusted gross receipts from all the greyhound racetracks with table games will be transferred to special funds established by each greyhound racetrack table games licensee for the payment of regular greyhound purses. The amount is to be divided equally among the funds of the greyhound track table licensees.
- Transfer two percent of the adjusted gross receipt from all licensed racetracks to the Thoroughbred Development Fund (Chapter 19, Article 23, Section 13-b) and the Greyhound Breeding Development Fund (Chapter 19, Article 23, Section 10). Monies shall be prorated among the development funds for each racetrack table games licensee based upon relative adjusted receipts from each racetrack.
- Transfer one percent of the adjusted gross receipts to the count commissions of the counties where racetracks are located. (Subject to Local Powers Act)

- Transfer two percent of the adjusted gross receipts from each licensed racetrack to the governing bodies of municipalities with each county having a racetrack table games licensee. This is subject to various conditions and provisions and to be prorated according to census and Local Powers Act.
- Transfer one and one half percent of the adjusted gross receipts from each licensed racetrack to the governing bodies of municipalities in which a racetrack table games licensee is located. These municipalities shall receive an equal distribution of the total amount allocated.

Distribute the remaining amounts (net amounts) as follows:

- A. Transfer seventy six percent to the State Debt Reduction Fund which shall be used to accelerate the reduction of existing unfunded liabilities and existing bond indebtedness.
- B. Transfer four percent, divided pro-rata based on the relative adjusted gross receipts from the individual racetrack for and on behalf of all the employees of each licensed racing association, into a special fund for pension plan.
- C. Transfer ten percent to be divided into equal shares to each county commission not eligible for other distributions; counties without licensee racetracks. These funds must be used for regional jails, infrastructure or other capital improvements.
- D. Transfer ten percent to be divided and paid in equal amounts to the governing bodies of municipalities not eligible for other distributions, i.e. municipalities, without licensee racetracks. These funds must be used to pay for debt reduction in municipal police and fire pension funds and the cost of infrastructure improvement and capital improvements.

# The West Virginia Code was amended in 2009 to change the distribution of monies in each successive year following the initial licensing of every racetrack licensed to offer table games:

- The commission shall retain an amount for administrative expenses not to exceed 4 percent of the gross income of each licensed table games track for the initial and second year of operation. Beginning the third year and forward, the allowance for administrative expenses decreases to 3 percent.
- Transfer two and one half percent of adjusted gross receipts from all thoroughbred racetracks with table funds to the special funds established by each thoroughbred racetrack for the payment of purses, the amount being divided equally among all thoroughbred racetracks and transfer two and one half percent of adjusted gross receipts from all greyhound racetracks with table games, the amount being distributed to each greyhound track.
- Transfer two percent of the adjusted gross receipts from all licensed racetracks to the Thoroughbred Development Fund (Chapter 19, Article 23, Section 13-b) and the Greyhound Breeding Development Fund (Chapter 19, Article 23, Section 10). Monies shall be prorated among the development funds for each racetrack table games licensee based upon relative adjusted receipts from each racetrack.
- Transfer two percent of the adjusted gross receipts from each licensed racetrack to the county commissions of the counties where racetracks with table games are located. To be distributed on a pro rata basis among the counties according to the relative adjusted receipts from each county's

racetrack. (Subject to the Local Powers Act in which county boards of education in growth counties will receive one half of the county's receipts for the purpose of capital improvements.)

- Transfer three percent of the adjusted gross receipts from each licensed racetrack to the governing bodies of municipalities within counties where racetracks are located. This is subject to various conditions and provisions and is to be prorated according to census and Local Powers Act.
- Transfer one half of one percent of the adjusted gross receipts to the governing bodies of municipalities in which a racetrack table games licensee is located. These municipalities shall receive an equal distribution of the total amount allocated.

- Transfer ten percent to be divided and paid in equal amounts to the governing bodies of municipalities not eligible for other distributions, i.e. municipalities without licensee racetracks. These funds must be used to pay for debt reduction in municipal police and fire pension funds and the cost of infrastructure improvement and capital improvements.
- All expenses of the commission incurred for the enforcement of Racetrack Table Games, Chapter 19, Article 22C, shall be paid from the Racetrack Table Games Fund. The commission shall transfer annually at least one hundred thousand dollars and no more than five hundred thousand dollars to the Compulsive Gambling Treatment Fund.

### **Historic Resort Hotel Table Games**

In 2009 the legislature enacted legislation to allow video and licensed table games at historic resort hotels. In order to meet the definition of an historic resort hotel, the hotel must be registered with the United States Department of Interior and have

a minimum of five hundred guest rooms under common ownership with additional recreational facilities for guests.

There is a special fund in the West Virginia Treasury entitled, "Historic Resort Hotel Fund". The lottery commission deposits thirty six percent of gross terminal income from video lottery games and thirty percent of adjusted gross receipts from table games into this fund. This fund is an interest bearing account with interest earned to be deposited in the fund. All expenses of the commission shall be paid from this fund including State Police expenditures for activities relating to the historic resort gaming facility such as background investigations and enforcement activities. The limit on the expenses is 15% or less of the receipts.

Two and one half percent of the receipts in the Historic Resort Hotel Fund are deposited to the "Historic Resort Hotel Modernization Fund". For each dollar expended by a historic resort hotel for video lottery or table gaming facility modernization improvements at the hotel and placed into service after April 1, 2011, the historic hotel shall receive \$ 1.00 in recoupment from the fund.

The balance in the Historic Resort Hotel Fund is considered net income and is distributed as follows:

- Sixty four percent to the West Virginia general revenue fund
- Nineteen percent shall be paid to the State Debt Reduction Fund established in West Virginia Code 29-22C-27.
- Three percent to the Tourism Promotion fund
- Four percent to the county in which the facility is located
- Two and one half percent to the municipality in which the facility is located
- The municipalities within the county in which the facility is located shall receive equal shares off two and one half percent
- All other county commissions in the state will receive two and one half percent divided equally (must be expended by county for regional jail expenses, infrastructure or other capital improvements)
- All other municipalities in the state will receive two and one half percent divided equally (must be expended by the municipalities for police and fire pension funds, infrastructure or other capital improvements)
- All license fees will be deposited into the Community Based Service Fund. This is a fund to be expended by the Bureau of Senior Services upon appropriation by the legislature for the purpose of enabling aged and disabled citizen to stay in their residences through community based services.

In addition to the "Historic Resort Hotel Fund" there is a "Human Resource Benefit Fund established to provide fringe benefits for employees of historic resort hotels. The hotel must deposit seventeen percents of the adjusted gross receipts from video lottery games and five percent of the adjusted gross receipts from table games into this fund. For each dollar expended by the historic hotel for employee fringe benefits, one dollar can be recouped from the fund. The commission has the authority to audit the fund. A minimum of two audits is required each fiscal year.

## The West Virginia Code was amended in 2014 to change the distribution of monies as follows:

Two and one half percent of the receipts in the Historic Resort Hotel Fund are deposited to the Excess Lottery Revenue Fund.

The balance in the Historic Resort Hotel Fund is considered net income and is distributed as follows:

- Eighty six percent to the Excess Lottery Revenue Fund
- Four percent to the county in which the facility is located
- Two and one half percent to the municipality in which the facility is located
- The municipalities within the county in which the facility is located shall receive equal shares off two and one half percent
- All other county commissions in the state will receive two and one half percent divided equally (must be expended by county for regional jail expenses, infrastructure or other capital improvements)
- All other municipalities in the state will receive two and one half percent divided equally (must be expended by the municipalities for police and fire pension funds, infrastructure or other capital improvements)
